Resolution

WHEREAS, hemophilia is a rare disorder in which your blood doesn't clot normally because it lacks sufficient blood-clotting proteins (clotting factors); and

WHEREAS, if you have hemophilia, you may bleed for a longer time after an injury than you would if your blood clotted normally, causing weakness of the voluntary muscles; and

WHEREAS, the Bleeding Disorders Coalition of Florida (BDCF) is an advocacy organization founded by the Hemophilia Foundation of Greater Florida and the Florida Hemophilia Association to be the voice of the Florida bleeding disorders community; and
