

LAWYER REFERRAL

The Community Services Counsel offers a service for people who may need an attorney but do not know who to contact. This service is Lawyer Referral. Lawyer Referral can be reached at 800-342-8060. Call and they will set up a time to see you and get the basic information regarding your legal needs. At this time they will collect a minimal fee for a 30 minute consultation with an attorney as well as set up the appointment with the attorney. It will probably be a couple days from that day before you will be able to actually see the attorney.

When you do see the attorney for your consultation you will not pay anything more for the initial 30 minute consultation. However, if you decide to retain the attorney you will pay according to his regular fee schedule.
