

AGENDA REPORT
April 10, 2018

SUBJECT:

Permission to solicit and award competitive bids, RE: Replacement of Pumping Station at Spessard Holland Golf Course

FISCAL IMPACT:

It is staff's best estimate that project costs will be approximately \$100,000. Funds are available for this project in Fund 1019, Cost Center 250410, South Area Maintenance. The balance of the Fund is \$2,909,251.

DEPT/OFFICE:

Parks and Recreation

REQUESTED ACTION:

It is requested the Board of County Commissioners:

- 1) Approve Parks and Recreation to request bids and award to the lowest responsive bidder for replacement of the variable speed pumping system at Spessard Holland Golf Course.
- 2) Authorize any associated budgetary changes.

SUMMARY EXPLANATION and BACKGROUND:

Staff requests Board approval to solicit and award competitive bids for the replacement of the variable speed pump station at the Spessard Holland Golf Course.

On February 19, 2018 the pump system at the Spessard Holland Golf Course failed. A service request was submitted to Systematic Services to explore whether the pump system could be repaired or needed to be replaced. Systematic Services informed staff that the station manifold is completely eroded and needs to be replaced for an estimated cost of \$15,000; the pumps would need to be rebuilt and the motors rewound at an estimated cost of \$30,000; the electrical control panel is outdated and cannot be upgraded and is estimated to cost \$40,000. The total estimated cost to repair the pump station is \$85,000. Due to the estimated repair cost, it is recommended that the station be replaced as opposed to repaired. IGM has temporarily repaired the system while Purchasing Services solicits competitive bids for a new system. The project will include replacement of the existing 1,100 gallon pumping system, valves, pumps/motors, and controls with a lead time of 8-10 weeks for the equipment. Replacement of the pump was anticipated and needs to be replaced to assure proper and necessary irrigation and watering of the golf course continues.

MEMORANDUM

TO: Mary Ellen Donner, Parks and Recreation Director

RE: Item II.B.2., Permission to Solicit and Award Competitive Bids for Replacement of Pumping Station at Spessard Holland Golf Course

The Board of County Commissioners, in regular session on April 10, 2018, granted permission to solicit and award to the lowest responsive bidder for the replacement of the variable speed pumping systems at Spessard Holland Golf Course; and authorized any associated budgetary changes.

Your continued cooperation is greatly appreciated.

Sincerely yours,

BOARD OF COUNTY COMMISSIONERS
SCOTT ELLIS, CLERK

Tammy Rowe, Deputy Clerk
