

Agenda Report

2725 Judge Fran Jamieson
Way
Viera, FL 32940

Consent

F.3.

2/25/2025

Subject:

Sole Source Request with TSC Jacobs North, Inc. for Wastewater Treatment Plant Blower Repair Services and Replacement (countywide).

Fiscal Impact:

The annual cost of repair and replacement countywide is estimated at \$500,000. This is budgeted in the Operations and Maintenance budget.

Dept/Office:

Utility Services

Requested Action:

It is requested that the Board approve \$500,000 for the Sole Source Request for repair services and blower replacements from TSC Jacobs, the sole representative of Hoffman and Universal Blower Pac.

Summary Explanation and Background:

Brevard County Utility Services Department (BCUSD) owns and operates six (6) wastewater treatment plants countywide. Of the six treatment plants, 5 of them utilize either the Hoffman or Universal Blower Pac blower system. Those five treatment plants are as follows: Mims, Port St John, South Central, South Beaches, and Barefoot Bay. The blower system is the equipment that provides oxygen to the biological treatment process needed to meet Florida Department of Environmental Protection (FDEP) requirements related to wastewater treatment.

Board approval for using TSC Jacobs as described above allows this Department to make repairs or replacements to any of the above-mentioned treatment plants blower equipment in a timely fashion. There is sufficient budget within the Utility Services Operation and Maintenance (O&M) Fund.

Attachment 1 - TSC Jacobs North, Inc. Sole Source Letter for Hoffman Blowers

Attachment 2 - TSC Jacobs North, Inc. Sole Source Letter for Universal Blower Pac

Clerk to the Board Instructions:

E-mail the Clerk memo to karina.perez@brevardfl.gov and mail the original to the Utility Services Department.

RE: Universal Blower Pac, Inc. Blower Systems

Dear Valued Customer,

Universal Blower Pac ("UBP") engineers and manufactures blower systems for the water and wastewater treatment industries. This includes traditional lobe blowers, multi-stage centrifugal blowers, high efficiency screw blowers, and biogas systems. UBP has supplied over 13,000 blower systems in 5000 facilities worldwide over a 45-year history.

UBP is the owner of the Universal Blower Pac, ATTENU-PAC, ACOUSTI-PAC, 3C-PAC, 3C-HYBRID, EE-PAC, MAXcontrol, and EXPIL trademarks in connection with engineering services and manufacture/distribution of among other things, industrial blower systems, blower controls, and noise attenuating enclosures.

TSC Jacobs North / TSC Jacobs South is the exclusive provider, service agent, and aftermarket parts source for municipal products bearing these marks in the state of Florida.

Thank you for your continued business. Please contact me if you have any questions.

Cordially,

A handwritten signature in black ink, appearing to read "A. Placek".
