Subject:

Resolution to recognize the Brevard County Citizens Academy

Fiscal Impact:

N/A

Dept/Office:

District 1

Requested Action:

Resolution to recognize the Brevard County Citizens Academy

Summary Explanation and Background:

This item is a resolution recognizing the Brevard County Citizens Academy for its longstanding contribution to civic engagement and public understanding of county government.

Established in 2001, the Citizens Academy was created to foster open communication between residents and their local government while providing participants with a comprehensive overview of county operations, services, and opportunities for involvement. Over the past 25 years, the program has engaged hundreds of residents and has been recognized locally for its value to the community.

The program is offered annually as a seven-week session held in February and March, with enrollment announced through the UF/IFAS Extension office. The most recent class concluded on March 12, and the board is pleased to recognize and congratulate this year's Citizens Academy graduates who have been invited to attend and be recognized today.

Participant feedback demonstrates that the program increases knowledge of county functions, strengthens confidence in communicating with government officials, and encourages ongoing civic participation.

Since 2016, the program has been delivered in partnership with the UF/IFAS Extension Office, enhancing the curriculum through a combination of research-based education and practical, real-world insight into local government operations. The board also acknowledges the many dedicated county staff members who contribute their time and expertise to this program, helping educate participants on how their departments operate and the services they provide to our community.

This resolution recognizes the Citizens Academy as a valuable program that contributes to a more informed community and commends its role in providing education on county government operations and services throughout Brevard County.

Attached to this agenda item are the department presentations presented at this year's Citizens Academy.

Clerk to the Board Instructions:

Provide a framed copy of the resolution.

BOARD OF COUNTY COMMISSIONERS

Resolution

WHEREAS, the **BREVARD COUNTY CITIZENS ACADEMY**, established in 2001, was created to foster open communication between residents and County government and to provide participants with a clear understanding of County operations, services and opportunities for public participation; and

WHEREAS, over the past 25 years the program has engaged as many as 800 residents and has been recognized in multiple local publications for its value to the community; and

WHEREAS, participant evaluations consistently demonstrate increased knowledge of County functions and resources, along with strengthened confidence to communicate effectively and engage in local issues; and

WHEREAS, a significant majority of participants report an intent to apply what they have learned, attend public meetings and take an active role in their community; and

WHEREAS, since 2016 the UF/IFAS Extension Office has partnered with Brevard County to deliver the Citizens Academy, enhancing the program through the integration of research-based education with practical, real-world local government insight; and

WHEREAS, the **BREVARD COUNTY CITIZENS ACADEMY** contributes to a more informed and engaged community by supporting civic participation, collaborative problem-solving and empowering residents within their local community.

NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF COUNTY COMMISSIONERS OF BREVARD COUNTY, FLORIDA, does hereby recognize the

BREVARD COUNTY CITIZENS ACADEMY

as a valuable program and commends its continued role in strengthening informed civic engagement with the community.

DONE, ORDERED, AND ADOPTED, in regular session this 21st day of April, 2026.

ATTEST:

RACHEL M. SADOFF, CLERK

THAD ALTMAN, CHAIR
BOARD OF COUNTY COMMISSIONERS

**Citizens' Academy
Budget Office**

February 26, 2026

Overview

- ❑ The Budget Office
- ❑ Truth in Millage & Property Taxes
- ❑ Charter Section 2.9.3.1
- ❑ Government Accounting/Budgeting
- ❑ The Brevard County FY 2025-2026 Budget

The Budget Office

The Citizens of Brevard County

Board of County Commissioners

County Manager

Budget Director

Budget Analyst Intern (Vacant)

Budget Analyst I

Budget Analyst I

Senior Budget Analyst

Admin Assistant

Functions & Services

- Provide budget management and oversight
- Ensure budget compliance with state statutes, regulations, and local ordinances
- Business process improvements through performance measurement
- Capital planning and cash flow forecasting
- Formulate millage rates, project ad valorem and major revenues
- Liaison to Citizens' Budget Review Committee

Budget Process

The development, approval, and execution of the budget involves analyzing and understanding past expenditures, financial forecasts and legislative impacts, reviewing the impacts of property valuations and ultimately aligning all of these factors with the Board of County Commissioners' priorities and direction.

Balancing the Budget

Revenues

- Taxes
- Permits & Fees
- Intergovernmental
- Charges for Service
- Fines & Forfeits
- Miscellaneous
- Balance Forward
- Transfers
- Financing

Expenses

- Salaries & Benefits
- Operating Expenses
- Capital Equipment
- Capital Projects
- Debt Service
- Grants
- Reserves

Statutory Framework

Florida Statutes

- Chapter 129 – County Annual Budget
- Chapter 200 – Determination of Millage

Brevard County Charter Section 2.9.3.1

- Section 2.9.3.1 – Limitations on Growth in Ad Valorem Tax Revenues

Brevard County Budget and Financial Policy BCC#21

Truth in Millage (TRIM)

- The Truth in Millage (TRIM) process informs taxpayers and the public about the legislative process by which local taxing authorities determine ad valorem (property) taxes. Florida state laws provide for public input and for governing bodies of taxing authorities to state specific reasons for proposed changes in taxes and the budget
- According to Florida law, failure to meet TRIM requirements will result in the loss of revenue sharing for the taxing authority

Some Helpful Terms

Ad Valorem (According to Worth) Taxes – A tax based upon assessed value of property. The term ‘property tax’ may be used interchangeably with the term ‘ad valorem tax’

Non-Ad Valorem Assessment – Not typically based on value but rather a charge to cover the cost of providing a service or improvement, based on the relative amount of benefit received

Assessed Value/Taxable Value - The assessed value of each property is used in the computation of the property taxes. After allowances for personal exemptions, it becomes the taxable value to which the tax rate is applied

Some More Helpful Terms

Exemptions – Discounts applied to the assessed value of property in order to reduce the value upon which taxes are levied

Taxing Authority - A unit of government that determines tax rates and levies taxes

Millage Rate (Tax Rate) – The amount per \$1,000 of property value (a mill) that is used to calculate taxes on a property

Rolled-Back Rate - The millage rate which, exclusive of new construction, will provide the same property tax revenue for the taxing entity as was levied during the prior year.

Aggregate Millage Rate

- No individual taxpayer pays the aggregate rate
 - Only Countywide millages affect each taxpayer
 - General Revenue
 - Library Services
 - Mosquito Control
 - Environmentally Endangered Lands
 - All other taxes paid are geographically dependent
 - Brevard County has 25 Taxing Authorities and 52 Millage Codes– Taxes paid are affected by:
 - Municipality/Unincorporated
 - Parks Districts
 - Road and Bridge Districts

NOTE: We are not the taxing authority for the School Board, the St Johns River Water Management District, the Florida Inland Navigation District, the Sebastian Inlet District or any municipality.

Taxable Value

14

Property Tax Revenue is calculated by multiplying the taxable property value by the applicable millage levy and then dividing by 1,000.

For example: If your home as an assessed value of \$150,000 with homestead exemptions of \$50,000, your General Revenue tax is \$286.43

$$\$150,000 - \$50,000 = \$100,000;$$

$$\$100,000 \times 2.8643 = \$286,430;$$

$$\$286,430 \div 1,000 = \$286.43$$

BREVARD COUNTY CHARTER

SECTION 2.9.3.1

Charter Cap

☐ NO	BREVARD COUNTY Cap on Annual Increases in County Ad Valorem Tax Revenues Shall the County Charter be amended to limit increases from the previous year in ad valorem tax revenues from tax rates imposed by the Board of County Commissioners, to three per cent or the increase in cost of living index, whichever is less; providing exceptions for voter approved taxes, or when a supermajority of the Board finds that an emergency or critical need exists; excluding certain revenue changes from the computation of revenue increases? ☐ YES ☐ NO	Technical, Corrective and Conforming Changes A charter amendment is proposed that would make certain technical, corrective and conforming changes to the Charter and that would reorganize and renumber some sections, correct scrivener's errors, remove duplicative and unnecessary language, and add clarifications in order to make the Charter easier to read and understand. Should the above-described Charter amendment be adopted? ☐ YES, FOR AMENDMENT ☐ NO, AGAINST AMENDMENT
COCOA BEACH CITY CHARTER AMENDMENT #1		

Charter Section 2.9.3.1 – Limitations on Growth in Ad Valorem Tax Revenues

- ❑ Limits revenue collection through millage rate
- ❑ Considers prior year revenue
- ❑ Inflation (CPI) or 3%
- ❑ Considers current year taxable property values and excludes new construction
- ❑ Applied against individual levies, rather than the aggregate

The Budget on the Internet: brevardfl.gov/budgetoffice

Brevard County Budget Office

The Brevard County Budget Office is responsible for the development of the annual Operating and five year Capital Improvement Program budgets. Through coordination with departments and County Administration, we strive to present a budget that adheres to the vision and guidance of the Brevard County Board of County Commissioners while maximizing limited resources. Our goal on this website is to provide transparent and comprehensive budget information that is easily accessible by our stakeholders; residents, visitors, staff and County Management.

On our website, users can access proposed (July through September), current year (effective October 1st each year) and prior year budgets. Readers may also find information about the budget process, applicable state and local directives, a budget-in-brief, frequently asked questions and links to associated websites.

We are committed to making our website as informative and as user-friendly as possible, and welcome suggestions that will enhance its appearance and/or content.

Fiscal Year Adopted Budget 2025-2026

The [adopted budget](#) for fiscal year beginning October 1, 2025 and ending September 30, 2026 is \$ 2,509,876,505.

Public Hearings on County and School Budgets for Fiscal Year 2026-2027

In accordance with the requirements of Florida Statutes, Chapter 200.065, notice is given concerning the dates of the scheduled public hearings on the ad valorem tax rates and budgets of the Brevard County School Board and the Brevard County Board of County Commissioners for the fiscal year beginning October 1, 2026.

The Brevard County School Board will hold public hearings on its ad valorem tax rates and budget: for the fiscal year beginning July 1, 2026, on:

What Is a County?

Why Counties Matter

[Video - Florida: Why Counties Matter](#)

County Government Structure

Charter Status

- Charter
- Non-Charter

Form of Government

- County Commission
- Commission-Administrator
- Commission-Executive

Districting Plan

- Single Member
- At-Large
- Mixed

Traditional Commission Form (Franklin)

Commission-Administrator Form (St. Lucie)

Council-Executive Form (Jacksonville/Duval)

Brevard County

What Is a County Attorney?

Sec. 4.4. - County attorney/department of legal services.

There shall be a department of legal services directed by an attorney appointed by the Board of County Commissioners. The Board of County Commissioners shall have the power and authority to employ or contract for other necessary legal services when necessary to carry out the duties and responsibilities of County Government.

County Attorney's Office

The Brevard County Attorney's Office provides a variety of services, including:

- Legal advice at board meetings
- Legal research
- Advisory opinions
- Drafting or reviewing contracts, ordinances, and other legal documents
- Litigating civil actions in state and federal courts
- Coordinating outside legal services
- Approving all contracts, bonds, and written instruments for legal sufficiency
- Public records coordinator / records management

The Government-in-the-Sunshine Law

The policy behind Florida's Government in the Sunshine Law is to have all deliberations by a governmental board or commission conducted in public meetings, rather than behind closed doors.

The Sunshine Law: Basic Requirements

Florida Statute § 286.011 has three basic requirements:

meetings of public boards or commissions must be open to the public;

reasonable notice of meetings must be given;
and

minutes of the meetings must be promptly recorded.

To Whom Does the Sunshine Law Apply?

To Whom Does the Sunshine Law Apply?

- “Any board or commission of any state agency or authority of any county, municipal corporation, or political subdivision.”
- Elected and appointed
 - Board of County Commissioners
 - Planning and Zoning Board
 - Save Our Lagoon Citizen Oversight Committee
 - Tourist Development Council
- Members-elect (yes), candidates (no)
- Members of different boards (usually no)

What is a “Meeting” Under the Sunshine Law?

- Two or more members discuss issues before the board or committee or that could foreseeably come before them.
- This includes social gatherings, telephone calls, emails, text messages, social media, smoke signals, messenger ravens, etc.
- Cannot use non-members as liaisons to avoid law.
- Applies to formal and informal functions.

Procedural & Technical Requirements

- Reasonable notice of the meeting.
- Public attendance and participation.
- Written minutes must be taken and promptly recorded.
- Recordings or verbatim transcripts may be made, but are not required and may not substitute for written minutes.

Public Records

“It is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person.”
Florida Statute §119.01.

Public Records Act Requirements

“Every person who has custody of a public record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records.”

What is a Public Record?

1. Documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, software, or other material regardless of physical form, characteristics, or means of transmission;
2. Made or received pursuant to law or ordinance or in connection with the transaction of official business by any public agency.

Exemptions

CURRENT EXEMPTIONS

01159

Florida has 1,159 exemptions to our open government laws currently on the books.

Source: First Amendment Foundation

Examples of exemptions:

- Active criminal investigative information
- Crime victim information
- Patient records
- Social Security numbers
- Bank account and credit card numbers
- Home addresses, phone numbers, and photographs of law enforcement personnel

FY 2025-2026 Budget Highlights

- ▲ Top priority: Organizational leadership and a vision that focuses on cornerstone initiatives that:
 - ▲ Promote inclusiveness and responsiveness
 - ▲ Support critical public safety needs
 - ▲ Address employee compensation, recruitment, and retention with a continued focus on employee development, succession planning
 - ▲ Focus on preventative road and bridge maintenance, needed road construction, and enhanced drainage efforts
 - ▲ Continue to address countywide infrastructure maintenance and repair needs, including deferred facilities maintenance
 - ▲ Restore the Indian River Lagoon through community partnerships and leveraging local sales tax dollars with matching funds from local, State, and Federal agencies

Supporting Critical Public Safety Needs

- ▶ Since the inception Brevard County Fire Rescue Sponsorship Program in 2021:
 - ▶ 216 sponsorships have been offered to Brevard residents
 - ▶ 105 have successfully completed the program are employed with Brevard County
 - ▶ 44 candidates are in currently in school under the sponsorship program
 - ▶ 36 applications have been received for the current sponsorship application cycle
- ▶ Facility improvements have been prioritized and implemented at fire stations countywide.

Supporting Critical Public Safety Needs

- ▶ In 2025, Brevard County Board of County Commissioners approved a new 3-year contract for Brevard County Fire Rescue Rank & File employees. The table below shows the average increase to wages (including steps).

	Year 1	Year 2	Year 3
Paramedic	18.47%	8.62%	10.44%
Firefighter EMT	21.10%	16.00%	6.82%
Fire Medic 2	16.48%	17.00%	5.96%
Lt. Fire Medic	12.03%	14.12%	10.97%
Lt. EMT	16.62%	15.41%	11.96%
Fire Prevention Inspectors	26.17%	20.95%	11.93%
Assistant Fire Marshal	29.83%	18.33%	7.88%
District Chiefs	12.49%	9.73%	9.97%

Emergency Management

- ▶ 2025 Launches:
 - ▶ 136 activations
 - ▶ 107 launches
- ▶ 2025 Weather Events:
 - ▶ Woods Trail Wildfire
 - ▶ North/Central Brevard Flooding Event
- ▶ 2025 Community Outreach
 - ▶ New Community Partners Event
 - ▶ Attended 45 Events, connecting with 1,443 residents

IDENTIFYING NEW PARTNERS, BUILDING STRONGER CONNECTIONS

Disasters are times when our community comes together. We know many groups are out there doing great work, but we don't always know how to reach you.

We want to change that — and we're inviting you to connect with us.

If you are:

- Not currently one of our community partners
- Not a vendor
- A public service organization that supports disaster response and/or recovery
- Interested in becoming part of the Emergency Management community to better serve Brevard

Public Works-Road & Bridge

- ▶ Road Program
- ▶ Total Costs: \$145.2M
 - ▶ FY15-FY17 Actual \$6.5M
 - ▶ FY18-FY25 Actual \$124.6M
 - ▶ FY24 In-Progress \$14.1M
- ▶ Total Miles Treated (FY 25) - 858.8
 - ▶ 537 miles of resurfacing
 - ▶ 66 miles of reconstruction
 - ▶ 255 miles of preservation
- ▶ Annual Paving Goals
 - ▶ Exceeded Every Year & Within Budget
 - ▶ In 2022, the road program shifted to a preservation pilot program to prioritize:
 - ▶ Preventative maintenance to Extend Road Life Expectancy,
 - ▶ Save money
 - ▶ Maintain road surface condition throughout life cycle
- ▶ Infrastructure Backlog Miles
 - ▶ 2019: 218 total backlog miles with 101 miles at risk
 - ▶ 2025: 120 total backlog miles with 40.4 miles at risk

Public Works-Riverside Drive

- Replace current infrastructure with (2) 8'x3' Concrete Box Culverts
- Timeline:
 - Started: December 2025
 - Est. Closure: Dec. 2025 – April 2026
 - Est. Completion: April 2026
 - 2 Future Phases funded.
 - Intermittent road closures expected through June 2027.
 - 9 Total Phases

Public Works-Ellis Road

- ▲ Widen the Strategic Intermodal System (SIS) connector from the SJHP Interchange at I95 to the Melbourne Airport to address congestion while upgrading the road to safely accommodate pedestrians and address flooding concerns.
- ▲ Right of Way (ROW) acquisition completed.
 - ▲ FDOT administered on behalf of County (\$38.4 million)
 - ▲ Approximately 82 parcels/easements acquired
- ▲ Total Costs (Does not include PD&E, Design or ROW Costs)
 - ▲ Construction w/Construction Engineering Inspection, Plans Update, etc): \$43M
 - ▲ Funded by State Appropriations, FDOT, Space Coast Transportation Planning Organization, County, and City of Melbourne/West Melbourne
- ▲ Construction Start: Summer 2026
- ▲ Est. Completion: Late 2028

Stormwater & Flooding

- ▲ Brevard is exceptionally flat, leading to "too much of a good thing" during extreme events (e.g., Tropical Storm Fay's 27 inches of rain and recent flooding in North Brevard)
- ▲ 90% of county's residential structures were built before 2015 when current lot drainage codes were established
- ▲ Save Our Indian River Lagoon (SOIRL) can only provide funding for flood control projects if they also reduce nutrient pollution.
- ▲ Stormwater fees are restricted; meanwhile, the Public Works maintenance budget has decreased this year, but maintenance funding has been relatively flat for a decade, limiting the ability to address the backlog.

▲ Shared Responsibility:

▲ **Public Works:** Focuses on drainage within the right-of-way and road-related infrastructure.

▲ **Natural Resources:** The Stormwater Utility manages federal/state water quality mandates and large-scale flood relief beyond the right-of-way.

▲ **Planning & Development:** Reviews new construction for floor elevations and lot drainage to prevent future issues.

▲ **Emergency Operations:** Handles crisis data and long-term mitigation strategy.

Countywide Drainage/Flooding

- Countywide Vulnerability Study
- Documented drainage and flooding areas since 2012
- Historical Drainage Studies
- Current Drainage studies
- Natural Resource's 5-year CIP's
- Public Work's Funded Drainage CIP's
- PW Road and Bridge Structural Pipe Lining
- PW Road and Bridge Culvert Replacements
- PW Road and Bridge Unfunded Critical Drainage CIP's

▲ \$500M Backlog: Critical drainage projects that have been designed but lack construction funding.

Natural Resources

Save Our Indian River Lagoon

- ▶ 125 projects complete
- ▶ 91 projects in progress
- ▶ 986 homes converted from septic to sewer
- ▶ 660 septic system upgrades and 1,165 customer-owned sewage pipe repairs
- ▶ 801,286 cubic yards of muck removed from the Indian River Lagoon
- ▶ 4.1 million pounds of nitrogen removed by dredging

Tourism Development

- ▲ Tourism Development Tax revenues were at an all-time high of nearly \$26 million for FY 2024-25. It is projected that will grow to \$27 million in FY 2025-26.
- ▲ Hotel inventory is at an all time high with nearly 11,500 rooms in the County and projections to add over 3,000 more rooms in the coming 3-4 years.
- ▲ Future tourism projections show continued growth due to a record number of home ported cruise ships at Port Canaveral and a record number of launches continuing in the coming years.

Parks & Recreation

We continue to invest in recreation infrastructure for our residents and visitors. For FY 2025-2026, \$30 million is budgeted for multiple park improvements. The following capital projects are included in the FY 2025-26 adopted budget:

- ▶ North Area Athletics Improvements
 - ▶ Cost: \$1.6 million
 - ▶ Exercise equipment replacement (Sand Point Park), tennis court improvements (Singleton), and athletic facility renovations (replacing sod and fencing at the Holder Little League fields, Gibson Football fields, Fay Boulevard Fields, and W. W. James fields)
- ▶ Kelly Park East Improvements
 - ▶ \$1.8 million
 - ▶ New pavilion, new restroom, and a septic to sewer conversion.
- ▶ South Area Athletic Field Improvements
 - ▶ Cost: \$1.65 million
 - ▶ Laser grade four fields at Flutie Sports Complex; strip, grade and sod the baseball fields at Max K. Rodes Park and begin replacing the artificial turf at Viera Regional Park

Solid Waste Management

- ▲ Solid Waste Management is currently working to expand the disposal system to meet the needs of a growing county with the following projects:
- ▲ Central Disposal Facility South Landfill
 - ▲ Cell 1 Gas Collection System – expands the landfill gas collection system to meet regulatory environmental requirements
 - ▲ Cell 3 – Construction of a 53-acre expansion to the South Landfill, construction anticipated to begin in March 2026
- ▲ US192 Solid Waste Management Facility
 - ▲ Phase 1 of construction (roads, stormwater, wetlands, utilities) is currently underway
 - ▲ Class III landfill will replace Sarno Road Landfill expected to reach capacity by end of 2026
- ▲ Titusville Transfer Station
 - ▲ Construction currently underway north of Mockingbird Way Mulching Facility
 - ▲ Increased capacity and lower O&M costs to better serve the North Service Area of Brevard County

Utility Services

Utility Services has selected an engineering firm in July 2024 for the South Brevard Water and Wastewater Treatment Plant and for the Mims Water Treatment Plant expansion.

- ▲ By 2040, Brevard County's population is projected to be 770,000 with anticipated growth in the north and south portions of the County.

- ▲ The South Brevard Wastewater Treatment Plant will be an advanced wastewater treatment plant, Per Florida Statute, this facility needs to be active by 2034. It will increase capacity for current and future customers.

- ▲ Funding sources for South Brevard Water & Wastewater Treatment facilities:

- ▲ \$1.6 million – American Rescue Plan Act (ARPA)

- ▲ \$1.5 million – FDEP grant

- ▲ Funding sources for Mims Water Treatment Plant:

- ▲ \$1.5M – FDEP grant

Water & Wastewater Facility Upgrades

- ▶ Reduction in inflow and infiltration
 - ▶ Inflow and infiltration is ground water entering the sewer collection system and lowers capacity of utility infrastructure. Can cause sewer backups and discharge to the Indian River Lagoon.
 - ▶ So far since 2026, we have assessed over 90% of our sewers and manholes as well as conducted smoke testing our entire service area for private leaks.
 - ▶ We are in the process of designing a second deep injection well at the South Beaches Water and Wastewater Treatment Plant to eliminate any discharges to the Indian River Lagoon
- ▶ South Patrick/Riverside Force Main Improvements
 - ▶ Utility Services received a \$14 million grant to strengthen the south beaches collection system. The project was awarded in March.

Emergency Management Citizens Academy

March 26, 2026

Mission

To safeguard and enhance the well-being of our community through collaborative emergency operations, cutting-edge public safety radio systems, and advanced 9-1-1 technologies

Vision

To meet challenges with innovative solutions, to be at our collective best when things seem their worst, and to ensure our community's preparedness for future generations

Core Values

- Equitable
- Collaborative
- Integrity
- Supportive
- Consistent

Guiding Concepts

- **Build relationships**
 - Most resources needed for a response, we do not own
 - We may not have all the answers, but we know people who do
- **Coordinate information and resources**
 - The core of what we do
 - Ensures standard operating picture – same sheet of music
- **Change outcomes**
 - We get to see the big picture
 - Positioned to see what is and what is not working
 - Utilize the right resource at the right time

BCEM Organizational Chart

800 MHz Radio System

- Used by all public safety agencies
- User agreements & accounts for 56 agencies
- Radio coverage expanded via new towers in Scottsmoor, Indian Harbour Beach, Cocoa Beach
- Obsolete equipment being replaced
- Digital system improving capacity and capability
- Regional interoperability increasing
- Responsible for County tower management/leasing/licensing

9-1-1 Systems Administration

- Administration of 9-1-1 systems, technology, and equipment operations countywide
 - Basic, 9-1-1 wireline, 9-1-1 wireless, i3 platform
- Provide Text-to-911 capability
- Appropriate technology for eleven Public Safety Answering Points (PSAPs)
- Ensure E-911 database accuracy
- Training for Public Safety Telecommunicators
- GIS & electronic mapping to PSAPs for accurate dispatching
- Assign addresses for new development or redevelopment: streets, subdivisions, etc.
- Ensure streets/addresses are not duplicated

An All-Hazards Approach

- While hazards and threats vary, the consequences remain largely the same
 - Difference is scale
- The same principle applies to response agencies
 - Difference is type of support
- “All-Hazards Approach” allows us to:
 - Simplify response operations
 - Maximize efficiency
 - Create operational stability

Brevard County EOC Structure

Emergency Coordination Group

Purpose

To ensure key jurisdictional or agency decisions are:

- ❖ Developed in complement with one another
- ❖ Implemented in coordination
- ❖ Unified messaging to the public

Protective Action Examples

- Evacuations
- Sheltering
- Government Closures
- School Closures
- Critical Infrastructure Issues

Members

- Chairperson of Brevard County BoCC
- Brevard County Manager
- Brevard County EM Director
- Brevard County Fire Chief
- Brevard County Attorney
- Brevard County Sheriff
- Superintendent of Schools
- Health Department Administrator
- Public Safety Director
- Designated Municipal Representative

Brevard's Hurricane Problem

MYTH

**"BREVARD COUNTY DOESN'T GET
HURRICANES; THAT'S WHY THEY PUT THE
KENNEDY SPACE CENTER HERE..."**

TRUTH

**40 TROPICAL STORMS AND
HURRICANES HAVE PASSED WITHIN
50 MILES OF CAPE CANAVERAL SINCE
1850. REMEMBER, HURRICANES ARE
NOT SINGLE POINTS!**

Run from the Water and Hide from the Wind.

Storm Surge Threat in Brevard

Atlantic vs Gulf

- Steep vs shallow continental shelf
- High vs low dune line
- Mostly along the coast vs miles inland
- High surge potential vs catastrophic surge potential

Primary areas of concern

- Barrier islands – both sides
- Indian and Banana Rivers
 - including their canals and tributaries
- Causeway approaches

MYTH

"IF I EVACUATE, I HAVE TO LEAVE
BREVARD COUNTY AND GO TO
ORLANDO OR GEORGIA..."

TRUTH

- "RUN FROM THE WATER & HIDE FROM THE WIND."
- GO WEST, OUT OF STORM SURGE ZONES
- FIND A STRONG STRUCTURE (BETTER BUILDING CODES SINCE 1992)
- PLACES TO CONSIDER INCLUDE FAMILY, FRIENDS, NEWER HOTELS, AND SHELTERS

COUNTY

Emergency
Management

Don't want to evacuate?

You can stay if:

- ❑ You don't live in a storm surge zone or flood prone area
- ❑ You don't live in a city that has beach or island in the name
- ❑ You don't live in a mobile or manufactured home
- ❑ You live in a home that has protection for the windows and doors
- ❑ Your health doesn't depend on having access to reliable power and water

If you did not check a box,
you are at risk and need to evacuate

MYTH

"SHELTERS WILL HAVE EVERYTHING,
SO I DON'T NEED TO BRING
ANYTHING..."

TRUTH

- SHELTERS ARE A LIFE BOAT, NOT A CRUISE SHIP!
- THEY ARE INTENDED TO BE A LAST RESORT, FOCUSED ON KEEPING YOU ALIVE, AND PROVIDE ONLY THE BASICS!
- BE PREPARED AND HAVE YOUR BEDDING, SPECIAL DIETARY ITEMS, ENTERTAINMENT, AND DISASTER SUPPLY KIT WITH YOU!

COUNTY

Emergency
Management

WHEN ARE SHELTERS ANNOUNCED?

#PathwaysToPreparedness

- As a result of lessons learned from Hurricane Matthew, we no longer list evacuation shelters on our website.
- Shelters openings are incident-specific, based on the threat expected.
- We announce shelter locations at least 24 hours in advance of tropical effects, on the day that they are being opened, or the day before, to:
 - 2-1-1, which the public can call at any time for information
 - The news media
 - The public via our website, Facebook and Twitter
- This will include information about which shelters are pet-friendly.

DELAYS IN SERVICE

- Be aware that emergency responses could be delayed due to storm conditions, damaged or blocked roadways, or available resources.

DON'T RUSH BACK

- After Irma, almost all of Brevard County's traffic signals were damaged, in some way and/or without power.
- Thousands of residents were also without power and experienced several days of a loss of water pressure.

140

#PathwaysToPreparedness

PREPARE FOR LOSS OF POWER

- Be prepared to lose power for several days.
- Don't stock up on perishable food items when a storm is approaching.
- We recommend flashlights and camping lanterns as light sources; avoid using open flames.
- For FPL's tips on how to prepare, and to report outages:
 - Visit FPL.com/Storm
 - The FPL Mobile App is available in the iOS App and Google Play stores.

PREPARE FOR LOSS OF WATER

- All residents need to be prepared for potential loss of water service and for Precautionary Boil Water Notices once service is restored.
- Prepare by:
 - Fill gallon jugs and other containers with water for washing dishes or flushing, and purchase bottled water for drinking, before a storm. This will prepare you for the possibility of water loss due to water main breaks.
 - We do not recommend filling your bathtub with water, as you may need to take shelter in the tub in the case of a tornado. (During a tornado warning, go to an interior room of your home, without windows, cover yourself, and protect your head.)

LIVE IN A FLOOD ZONE?

- Every Florida property can flood, even those outside FEMA-classified "Special Flood Hazard Area."
- Purchase flood insurance. Regular homeowner's insurance does not cover flooding, and may not cover wind-driven rain.
- Flooding can occur from heavy rainfall, or from rising waters of the Indian River, Banana River, St. John's River, Mosquito Lagoon, Sykes Creek or Newfound Harbor.

IS MY INSURANCE ENOUGH?

- Review your property insurance and check whether it pays replacement costs, or actual cash value for a covered loss.
- Inventory your household items, and photograph or videotape them for further documentation. Keep this information and your insurance policies in a safe place.
- Remember that flood damage is not covered by a standard homeowners policy, and there is a 30-day waiting period before flood insurance goes into effect.
- Keep the name, address and claims-reporting telephone number of your insurance agent in a safe and easily accessible place.

Brevard County Fire Rescue

Our mission is to meet
and exceed the needs
of our community
through the highest
level of emergency
response and
prevention services.

BREVARD COUNTY FIRE RESCUE ORGANIZATIONAL CHART

7 Year Plan and Fire Assessment

- ◆ Applicable only to unincorporated Brevard residents who are serviced by BCFR for Fire Services
- ◆ The Board of County Commissioners approved at 37% increase to the Fire assessment
- ◆ Concurrently a 7 year plan was developed focusing on People (Recruitment /Retention), Capital, Infrastructure, and Budget Reserves
- ◆ Rank and Supervisory IAFF Contracts put in effect supporting pay enhancements to meet the industry standard, focusing on retention and recruitment.
- ◆ Capital Equipment- Through the 7 year plan we intend to replace a significant amount of our apparatus. We are seeing significant increases in delivery times and costs and we are trying to work ahead of inflation whenever possible.

Fire Stations to Be Remodeled or Built through 7 Year Plan

- ◆ Station 86 – Complete any day now!
- ◆ Station 40 – In Construction complete late 2026
- ◆ Station 64 – In que for 2027
- ◆ Station 82/83 - 2027
- ◆ Station 44 rebuild- Currently in Engineering
- ◆ Station 27 - 2027
- ◆ Station 42 – Remodel to begin 2026
- ◆ Station 49 – New Station Southwest Viera (Complete November 2024)
- ◆ Station 88 – Complete mid 2023
- ◆ Station 67 – Complete November 2022

Brevard County Fire Rescue Recruitment

- ◆ Hired a dedicated recruiter, with history and experience in the Fire / EMS Service, Education and Recruitment
- ◆ Focus on recruiting “locals” (they get hiring preference, we target them on sponsorships, etc)
- ◆ Flexible recruiting periods to onboard as talent becomes available
- ◆ Lean Six Sigma event reducing onboard from 6 months to 4 months – allowing additional classes per year
- ◆ New Orientation process that will allow for more new hire groups during the year as well as putting Firefighters on Shift sooner after getting hired
- ◆ Local sponsorships focusing on High School Seniors and Veterans

Rank Structure

- Firefighter/Paramedic
- Firefighter/EMT
- Paramedic
- EMT

- Chief
- Deputy Chief
- Assistant Chief
- District Chief
- Lieutenant

**BCFR currently employs over
500 field personnel**

Brevard County Fire Rescue

33 Station locations across Brevard County, spanning 72 miles

2025 STATS

- Total Responses- 121,622
- Every 5 minutes a call for service was initiated in Brevard County
- Medical Calls- 90,604
- Trauma Calls- 13,316
- Fire Calls- 17,428
- Hazardous Materials- 274
- EMS Transports- 56,552

2

Department Overview

\$50,584,703 budget

48 Full Time Equivalent
(FTE) positions

Three distinct Programs

- Community Resources
- Housing
- Veterans' Services

Department Overview (cont.)

Vision: A department recognized for providing citizens with human service opportunities to achieve success through collaboration with community partners.

Mission: To contribute to Brevard County's quality of life by assisting citizens to meet their health, social, and housing requirements.

Department Overview

Provides multiple community-based services throughout Brevard County

Primarily focused upon services to extremely low-, low-, and moderate-income individuals and families

Tied to revenue sources

Staff driven department

Department Overview (cont.)

- HHS budget development begins with an estimation of all revenue streams
 - Establishes grant constraints (e.g., maximum administration, project delivery, etc.)
- All lines items are reviewed annually as part of the budget process

Department Overview

Total Revenue \$50,584,703

Department Overview

Total Expenses \$50,584,703

Community Resources

Total Revenue \$27,687,443

Community Resources

- Community Development Block Grant
- Community Action Agency
- Grant Support Functions
 - Advisory Boards
 - Reporting / Monitoring
 - ADA / Mandates
- Eligibility / Security
- 18 Positions

Community Resources- Community Development Block Grant

- Community Driven
- Approximately 8,160 Brevard residents impacted
 - Neighborhood Strategy Areas
 - East Mims
 - Clearlake
 - Sharpes
 - West Cocoa
 - North Tropical Trail
 - West Canaveral Groves
 - Micco
- Demolition

Community Resources- West Cocoa CC

12

Community Resources- Sharpes Greenway Sidewalk/Exercise Trail

13

Community Resources- Community Action Agency

- Direct services to low- and moderate-income individuals/families within Brevard
- Approximately 4,951 Brevard residents impacted
- All assistance paid directly to landlords and vendors(FPL, Water, etc.)
- Mixture of Federal, State, and Local funding
- Specific eligibility criteria and limits upon assistance
- Responsible for oversight of several state mandates (Indigent Burials and Cremations, Health Care Reimbursement Account)

Department Overview- General Fund

General Fund Transfer

\$3,092,732

193

Veteran's Services

Total Revenue \$725,438

Charges for Services,
\$91,972

General Fund,
\$638,065

Veteran's Services

Governed by F.S. 292.11

Brevard County has the
7th largest Veteran
population in the state
(63,338)

Assists Veterans, their
survivors, and
dependents in
presenting claims and
obtaining benefits for
which they are eligible

Works closely with local,
State, and Federal
agencies to maximize
assistance for Veterans

FY 23-24 Brevard VSO's
had 14,609 contacts

Total VA pension and
compensation benefits
were 3rd largest in the
State at more than \$672
million

Palm Bay VSO funding is
dependent on the City
of Palm Bay City Council

Additional Functions

- Finance team
 - Responsible for oversight, review, and processing of hundreds of invoices per year in accordance with multiple financial systems (local, State, and Federal)
- Discretionary Grants/Programs to address community needs (Juvenile and Adult Drug Courts, Juvenile Assessment Center, Teen Court)

Trends and Issues

Trends

Departmental programs are seeing an increase in residents seeking assistance

Grants drive department and staffing

As more funding becomes available we are advancing our efforts to build more affordable housing

Issues

Construction costs impacting housing and infrastructure projects

Federal Funding

HIRING PROCESS

Hiring Process

Application Process:

- SuccessFactors is a Recruitment and Onboarding System that integrates with our SAP HRIS System
- Recently completed a major upgrade and implementation of Employee Central

Job Opportunities:

- Available by jobline 321-633-2032
- Available to view and apply online at:
<https://career8.successfactors.com/career?company=brevardcou>

Computers are available at Human Resources Office, Public Libraries, and Career Source Brevard

Screening:

- Applications are screened by departments. Departments contact candidates for interview.

Hiring Process

Background Checks – AO-05

- Establishes a consistent, county-wide procedure for conducting background investigation on 100% of employees
- At-risk population – Children, elderly, disabled and those who cannot defend themselves
 - High Level (Level I) Unsupervised access and/or contact with at-risk population
 - Moderate Level (Level II) - Supervised access and/or contact with individuals in at-risk population
 - Low Level (Level III) – all other employees or volunteers who do not fit into High or Moderate security levels

E-Verify

- Internet-based system that assists in determining the eligibility of employees to work in the United States.

Hiring Process - Compliance

- Ensure that the County follows all Federal and State laws that pertain to employment and the hiring process.
 - Veterans Preference
 - In accordance with Florida Administrative Code 55A-7 and Florida Statute 295.07 (preference in appointment and retention)
 - Applies when applicants are substantially equally qualified
- Ensure that the County follows its own policies and procedures.
- Most qualified candidate.

vs National Rx Trend

Health Care and Pharmacy Trends

Sustainability & Simplification

- Premiums
- Increased surcharges for overage dependents and working spouses in 2025
- Urgent Care
- Continue to explore direct contracting and narrow network options
- Evaluating changes to pharmacy program
- Communication and education to help employees better understand the benefits program and be able to make educated choices

Human Resources: Citizens Academy

RISK MANAGEMENT

Risk Management Overview

- What creates a need for Risk Management?
- The many varied & unique operations of County Government
 - assets
 - buildings
 - vehicles
 - equipment
 - miles of drainage systems
 - miles of roadways & sidewalks
 - personnel

Risk Management Overview

Strategy to protect the County and its assets includes:

- Risk avoidance/shifting
- Insurance
 - Public Entity Trust (Preferred Governmental Insurance Trust)
 - Commercial Carriers/Excess Policies
 - Self-Insurance
- Safety and Loss Control Program
- Drug Testing Program
- Workers' Compensation Program

Active Shooter Training

Personal Professional Leadership Program (PPL)

A dynamic next step for employees ready to elevate their leadership impact

Designed for those who have completed the Employee Development Program (EDP)

Offers another pathway to build strong leadership skills and increase your ability to visualize success, engage others, and develop high-performers

Completion of 6 focused courses

The Executive Leadership Institute (ELI)

Initially envisioned during 2006

Championed by: County Manager and Human Resources
Director

Developed into a 15-month recurring program

Each ELI program has 28-32 participants

The Twenty-First ELI class begins in Spring, 2026

Executive Leadership Institute (ELI)

ELI Goals & Objectives:

- Enhance leadership skills across Brevard County's public sector
- Identify and develop key leaders for succession planning
- Increase employee satisfaction and retention
- Build networking and support opportunities with local government agencies
- Assess and improve organizational culture

Retention Initiatives - Career Ladders

The career ladder provides employees the opportunity and clear path for advancement, without having to wait for a vacancy, when they reach established benchmarks:

Additional relevant experience/years of service

Greater skill sets

Additional training, certifications, and/or licenses

Excellent performance evaluation scores

We have completed career ladders on 50 classifications.

Retention Initiatives – Succession Planning

Critical to an organization's success

Creates an effective process for recognizing, developing and retaining talent

Necessary to ensure the selection of qualified leaders that are diverse and a good fit for the organization's mission and goals and have the necessary skills for the organization.

Provides a roadmap to ensure consistency across the organization, aid in the communication of the plan across all levels and strategically plan for each stage of the process.

Retention Initiatives – Succession Planning

Brevard's Succession Planning Tool Kit:

Succession Planning Matrix

- Identify which key and critical positions should be targeted each year based on urgency

Individual Development Plans

- Encourages growth and development by identifying career goals and actions identified employees can take to meet those goals.

Transitional Knowledge Plan

- Knowledge, experience, and competencies reflecting the actual needs of the position moving forward. Completed by incumbents in key and critical positions.

Retention Initiatives

Compensation: Cost of Living Increases

FISCAL YEAR	COLA %	FISCAL YEAR	COLA

BREVARD COUNTY CLERK AND COMPTROLLER OFFICE OF INSPECTOR GENERAL

Introduction to the OIG

Brevard County Citizens Academy

MARCH 19, 2026

Overview

- **Brevard County Clerk and Comptroller OIG Representatives**
- **OIG – Mission and Authority**
- **Matters Investigated**
- **Matters Audited**
- **Contacts**

Organizational Chart

Brevard County Clerk and Comptroller Office of Inspector General

REVISED: January 22, 2026

OIG Mission

The mission of the OIG is to:

- ▶ Promote accountability and integrity by proactively preventing and detecting fraud, waste, abuse, and mismanagement in county programs and operations, and preserving public trust in Brevard County Government;
- ▶ Conduct and supervise independent and objective audits and investigations relating to county programs and operations;
- ▶ Promote economy, effectiveness, and efficiency within the county;
- ▶ Review and make recommendations regarding identified deficiencies and violations relating to county programs and operations;
- ▶ Keep the Clerk and county leadership fully and currently informed of problems in county programs and operations.

Statutory Authority

Authority to conduct audits, civil, and administrative investigations relating to Clerk programs and operations is derived from:

▲ The Constitution of the State of Florida Article VIII, Section 1. (d),

- Provides for the election of certain County Officers including a Clerk of the Circuit Court. The latter part of this section specifies that, "...the clerk of the circuit court shall be ex officio clerk of the board of county commissioners, auditor, recorder and custodian of all county funds" (emphasis supplied).
- Section 16, Article V, State Constitution, also specifies that the Clerk shall have the duties quoted above.

▲ The Brevard County Inspector General Charter, updated May 19, 2025

- "Therefore, it is the duty of the Clerk of the Circuit Court and Comptroller through her Office of Inspector General to hold government officials and their respective employees accountable for efficient, cost-effective, transparent government operations and to facilitate the prevention, detection, identification, exposure and elimination of fraud, waste, abuse, financial mismanagement and ethical conduct.
- Therefore, the Inspector General has the authority and responsibility to conduct audits and investigations of all agencies funded by the clerk and the Board of County Commissioners and to issue reports thereon.

Matters Investigated

As the investigative arm of the OIG, the Office of Investigations reviews allegations of:

- Fraud, waste, abuse, and misconduct having impact on county programs, projects, operations, and resources.
- Allegations of wrongdoing involving use/misuse of county funds administered by the Comptroller.
- OIG refers its findings to the Clerk/county leadership for action or information, or will refer evidence of criminal violations to appropriate law enforcement and/or to state/federal prosecutors.
- Through its investigations, the OIG recommends effective measures for Clerk management designed to reduce the county's vulnerability to activities likely to negatively impact county operations and personnel.

Matters Audited

As the audit arm of the OIG, the Office of Audits performs reviews related to:

- Internal control effectiveness and efficiency
- Financial integrity and accuracy
- Asset protection and preservation
- Operational effectiveness and efficiency
- Investigation and litigation support
- Any items of concern to the Clerk

Productive Mosquito Habitats in Brevard

St. Johns River

The Mosquito

Approx. 45
known species
of mosquitoes
in Brevard!

Psorophora

Uranotaenia

Psorophora

(R.I.P.)

- West Nile virus (WNV)
- St. Louis encephalitis virus (SLEV)
- Eastern equine encephalitis virus (EEEV)
- Highlands J (HJ)
- Dengue virus (DENV)
- Yellow Fever
- Zika virus (ZIKV)
- Chikungunya virus (CHIKV)
- Oropouche virus (OROV)
- Malaria
- Dog heartworm

Local History of Mosquito-borne Illnesses

Integrated Mosquito and Environmental Management

Source Reduction

Aedes albopictus

Aedes aegypti

Managing the Habitat: Mosquito Impoundments

- Salt marshes known to produce up to 2 billion mosquitoes per acre (primarily *Aedes taeniorhynchus* and *Ae. sollicitans*)
- Salt marsh mosquitoes known to fly up to 25 miles
- Impoundments built in the 1950's and 1960's
- Approx 28,000 acres managed in Brevard
- Enhanced by culverts and pumps over the years...

Salt Marsh (Floodwater) Mosquitoes

Aedes sollicitans

Aedes taeniorhynchus

Ongoing Indian River Lagoon Restoration Project Opportunities at Mosquito Impoundments

Biological Control: Native Mosquitofish Stocking Program

- One adult consumes up to 100 mosquito larvae per day
- Large-scale stocking during water level rise events (tidal/ rain-driven)
- Mosquitofish giveaways for residents at community outreach events
- Over 160,000 mosquitofish distributed in 2025!

Biological Control: Male Mosquito Release Program

- **Male mosquitoes do not bite**; not equipped for blood feeding like females
- These males mate with local females; eggs do not hatch; population and disease risk reduced
- Technique developed in 1940s; used in the US since 1950s (e.g., Screwworm, Mediterranean fly and other fly species, and many moths)
- Successful mosquito trials (e.g., 79% reduction found in Lee County's program)
- Environmentally friendly: helps reduce pesticide usage and resistance

Daily Habitat Inspections and Larval Treatments

- EPA tested and approved materials used
- Derived from such natural materials such as soil bacteria
- Treatments are targeted to minimize impacts
- All applicators on staff are licensed in Public Health by FDACS

Various Retrofits & Innovations Developed to Enhance Efforts

Accessories are Interchangeable: Liquid / Granule / Fish Tank Attachments

Drone (UAS) Inspection and Treatment Program Off the Ground!

- Started with in-house inspections and contracted treatments
- In-house drone pilots fully licensed by FAA and FDACS
- Initially intended for a specific niche: small, inaccessible sites
- Now capable of conducting all daytime aerial treatments of larval mosquitoes, Countywide

Drone Program Equipment

Drone Treatment Mobilization

**50 traps collected
per week**

Mosquito-borne Virus

Monitoring: Sentinel Chickens

- Weekly monitoring of 72 chickens Countywide (12 coops with 6 birds each)
- Residential sites, WTP and Mosquito Ctrl offices
- Blood samples collected weekly and sent to FL Dept. of Health for testing
- Weekly review of regional/ statewide trends conducted, beyond local trapping, to set priorities

Nighttime Spray via Ground and Air

- EPA tested and approved pesticides used
- Applied after sunset to reduce potential impacts to pollinators and other wildlife
- Ultra Low Volume (ULV) systems deliver microscopic droplets (0.6 to 1.0 oz/acre)
- All applicators on staff are licensed in Public Health by FDACS

Responses to Presumptive and Confirmed Cases

- Local or travel case reported by DOH
- Review existing surveillance data
- Conduct additional surveillance
- Conduct larval treatment and/or adult spraying as needed
- Repeat!

Countywide Emergency Readiness

- Closely coordinate with EOC as hurricanes approach
- Measures taken to protect Department resources ahead of storm
- Immediate field and facility reconnaissance as storm passes
- Countywide floodwater assessments and mosquito surveillance
- Conduct larval treatments, fish stocking and nighttime spraying
- Coordinate with State (FDACS) on FEMA-funded spray missions
 - If declared emergency, requires trap data, support letters, spray maps, etc.
 - Yielded 98% reduction in mosquitoes following Hurricane Milton

Research, Testing, Partnerships and Grant Funding

2023 Pre-Season Pilot Study at Little C-2 Impoundment

Native mosquitofish
predation of
mosquito larvae
observed

Expanded and Applied Testing

- Tested larger-scale impoundment sites
- Enhanced pumping and fish stocking efforts to head off first mosquito brood
- Reduced need for pesticide applications
- No significant mosquito emergence occurred in test areas

Continuous Improvement of Mosquito Management and Environmental Methods Appear to Yield Reductions in Mosquito Populations Over Time

Long-Term Trends Indicate an Overall Reduction in Pesticides as New Technologies and Developments in Mosquito and Environmental Management are Implemented

New Lab Equipment Squeezed into Existing Facility

- Expanding in-house resistance, efficacy and disease testing program
- Awarded \$300,000 in ARPA funds for laboratory equipment
- New laboratory design underway; anticipate 2025-2026 construction

Current Biology Lab

Grant Funding: Mosquito Impoundment/

Indian River Lagoon Projects

- FDEP: \$15,017 awarded for current Melbourne Beach breakwater and living shoreline resilience project
- FDEP: \$23,100 awarded for upcoming wetland restoration project (culvert connections to IRL)
- US FWS: \$465,000 (+ NRM partnership) awarded for wetland acquisition
- FDEP: \$25,000 funding pending to host community waste tire amnesty events

CDC/ FDACS Grant Funding: Equipment

Budget Category	Equipment	Amount
BLI- 30794 Drone Support	- 2 portable lifts - 2 inverter generators - 2 truck toppers	\$117,800.00

DOH-Brevard Issues Mosquito-Borne Illness Alert

Contact:
DOH-Brevard Communications
DOH-Brevard.Communications@FLHealth.gov

Brevard, Fla.—The Florida Department of Health in Brevard County (DOH-Brevard) is informing residents of four confirmed cases of locally-acquired dengue. DOH-Brevard and Brevard County Mosquito Control are coordinating surveillance and prevention efforts by enhanced monitoring for mosquitoes and diseases as well as targeted mosquito treatment and overnight spraying to reduce the risk of disease transmission.

Keep mosquitoes outside

Keep screens on all windows.

Use air conditioning.

Repair holes in screens.

Keep doors and windows shut.

Stop mosquitoes from breeding

Mosquitoes breed by laying eggs in & near standing water.

As little as one teaspoon or bottle cap of water standing for more than one week is enough for mosquitoes to breed and multiply.

At your house or business: Put away items that are outside and not being used because they could hold standing water.

In your garden: Keep flower pots and saucers free of standing water. Some plants, such as bromeliads, hold water in their leaves—flush out water-holding plants with your hose once a week.

Around all buildings: At least once a week, empty, turn over or cover anything that could hold water:

- tires
- buckets
- toys
- pools & pool covers
- birdbaths
- trash, trash containers and recycling bins
- boat car covers
- roof gutters
- coolers
- pet dishes

Zoning Classifications

Brevard County has 40 different zoning classifications.

Each classification can be grouped into one of the following categories:

- Residential
- Commercial
- Industrial
- Institutional
- Agricultural

Land Development

Site Plans

- Plan for commercial building or infrastructure expansion detailing the site work
- Includes components such as parking, utilities, stormwater, and landscaping

Subdivisions

- Division of land into three or more lots
- Requires infrastructure such as paved streets and sidewalks, utilities, storm water management, and open space

Building Code Division

Building Code

Administers and enforces the Florida Building Code:

- Building plan reviews
- Inspections

Florida Building Code

Statewide Uniform Building Code
mandated by the Florida Legislature

- Administered by the Florida Building Commission
- Based on the International Building Codes, amended for Florida specific issues
- Establishes **minimum** construction standards

- ▲ Schedule inspections
- ▲ View, download, and print permit documents

Contractor & Code Compliance

Contractor & Code Compliance

Enforces Brevard County Code of Ordinances

- Public Nuisances
- Property, Building, and Structure Maintenance Standards
- Zoning Regulations
- Solid Waste
- Adult Entertainment
- Unlicensed Contractors
- Work Without Permit
- Contractor Complaints
- Abatement
- Unsafe Building

Why is Contractor Regulation Important?

To protect you, the consumer:

- Financial harm
- Potential fraud and theft
- Incomplete work
- Unlicensed & Unpermitted projects

Hold contractors accountable:

- Creates a level playing field
- Licensed & Insured should have similar rates

Common Types of Code Violations

- ▶ Trash/Junk/Debris
- ▶ Turtle Lighting
- ▶ Noise
- ▶ Improper Storage of Boat/Trailer/Camper
- ▶ Work Without Permit
- ▶ Unsafe buildings
- ▶ Tall Grass/Vegetative Overgrowth
- ▶ Junk/Inoperable Vehicles
- ▶ Unsecured Pools
- ▶ Building/Structure Maintenance
- ▶ Zoning Violations
- ▶ Farm animals
- ▶ Setback issues
- ▶ Short-term Rentals

Code Compliance Process

1. Complaint
2. Investigation
3. Notice of Violation
4. Notice of Hearing
5. Special Magistrate Hearing
6. Special Magistrate Order
7. Imposition of Lien

Code Compliance Process

Complaint Received:

Code Enforcement operates as a reactive complaint driven process

Code Compliance Process

Investigation:

Code Enforcement Officers perform site visit to determine if a violation of code exists.

Code Compliance Process

Special Magistrate Hearing:

- County presents case for code violation
- Special Magistrate takes testimony under oath, views documentary evidence, etc.
- Respondent has opportunity to be heard

Additional Support Service

Emergency Support Functions

- Planning & Development provides emergency support function in the event of a natural or manmade disaster
 - Rain Events
 - Hurricanes
 - Radiological
- During a disaster, staff gathers data and issues reports at the Emergency Operation Center
- After a disaster, staff assesses damage to the community

Permit Assist

Launching Soon: Feb. 2026

Introducing an online portal designed to provide customers with an intuitive, step-by-step guide when obtaining permits and considering development actions.

Road Maintenance

-  North Roadway Maintenance
-  Central Roadway Maintenance
-  South Roadway Maintenance

Brevard County is 72 miles long and 20 miles wide consisting of 1,575 square miles with a population of approx 682,000; therefore, the Maintenance Program is divided into 3 response areas, 5 locations.

Road & Bridge - Road Maintenance

Within your packet you will find a handout with contact information to Road & Bridge field offices and various Public Works programs.

Also included are several brochures outlining information regarding various other programs related to the department.

Road & Bridge Roadway Construction

- Roadway new construction
- Roadway reconstruction
- Road resurfacing
- Parking lots for County facilities
- Emergency Response

Public Works Roadway Construction
Saves Brevard County approximately
\$750k to \$1M per year.

Wickham Rd. Culvert Time-Lapse Video

Road & Bridge - Landscape Maintenance

- Installs Plants/Trees within the Road Right-of-Way
- Maintains Irrigation and Landscaping on Major Gateway Roads into Brevard County
- Oversees Landscaping Contractors on Major Roads (Highway 520 through Cocoa and Merritt Island, Pineda Causeway)

Road & Bridge - Bridge Operation and Maintenance

The Road & Bridge Division is responsible for one swing-bridge within the County. In addition, the Department performs maintenance on 44 fixed bridges and 4 pedestrian bridges.

Indian Harbour Beach, Mathers Bridge

Road & Bridge - Emergency Response

Road and Bridge employees are

"First Responders"

and are actively involved in providing a safe route for Police and Fire Rescue after hurricanes, tornadoes, fires, floods and other storm event emergencies.

- Natural Disaster Response Events
- Space Management
- Community Planning

Public Works Contacts

Brevard County Public Works

The Public Works Department is made up of the following programs:

Public Works Administration / Finance

Tammy Thomas-Wood, Public Works Support Service Manager

Administers the design and construction of transportation improvement projects funded through gas tax and locally collected impact fees. The Municipal Service Benefit Unit (MSBU) and Special Assessments area provides residents with a funding mechanism for specific infrastructure improvements including road resurfacing, water, and sanitary sewer line installation. The Customer Service area provides citizen support and referrals as well as, staff support for all programs within Public Works.

Street Lighting

Procedure for the request, justification, authorization and installation of street lighting.

A limited number of streetlights are installed by Brevard County each year.

Justification for Installation of Street Lighting, Criteria:

- ☐ Roadway Geometry
- ☐ Crash Experience
- ☐ Intersections, Dead-Ends
- ☐ Significant Traffic Safety Issue

Authorized by the Traffic Operations Manager

Solid Waste Management Department

To protect public health by providing an efficient and environmentally sound Solid Waste Management System.

Introduction & Background

In 1967, “The Brevard County Solid Waste Disposal Act” was approved by the Florida Legislature. (Chapter 67-1146, FS, 1967, as amended by Chapter 70-594, FS, 1970)

- Granted the Board of County Commissioners the power to establish a solid waste collection and disposal system.
- Required all entities in the County to use the system and prohibited disposal of waste generated outside the County, giving the County flow control over the waste stream.
- Granted the Board the authority to issue bonds to finance the system.
- Granted the Board the right to create exclusive franchises to help operate the system.

Introduction & Background

Solid waste facilities:

- 1977 - Central Disposal Facility (Class I)
- 1977 - Sarno Transfer Station (Class I)
- 1977 - Titusville Transfer Station (Class I)
- 1978 - Sarno Road Landfill (Class III)
- 1991 - US192 Site (under construction)
- 1995 - Mockingbird Way Mulching Facility

FIGURE 1.2 Brevard County Solid Waste Management Facilities & Service Area Boundaries

Waste Streams

- Class I Waste
 - Household Garbage
 - Construction & Demolition (C&D)
- Class III Waste
 - Construction & Demolition (C&D)
- Vegetative Waste
- White Goods
- Metals
- Tires
- Household Hazardous Waste

Birds!

The presence of birds indicates a Class I landfill

Other Activities

- Maintenance: We maintain our own fleet and facilities.

- Landfill Gas to Energy – In partnership with Brevard Energy LLC the plant burns the landfill gas for conversion to electricity sufficient to power 5,668 homes.

- A Renewable Natural Gas facility to make pipeline quality natural gas began operation in January 2026.

Central Disposal Facility 2024 Aerial Photo

Titusville Transfer Station 2024 Aerial Photo

Mockingbird Way Mulching Facility 2024 Aerial Photo

US192 Site Aerial Photo

US 192 Facility

- Site consists of 2,980 acres.
- Construction will occur in two phases:
 - Phase I (1,900 acres on south portion of property)
 - Class III Landfill (1st cell)
 - Leachate Collection / Storage / Transfer System
 - Yard Waste Facility with Metals and Waste Tires
 - Stormwater and Wetlands Improvements
 - Scale House
 - Temporary Personnel Office
 - Phase II (not to be considered prior to 2036)
 - Class I Landfill (1st cell)

Collection Rebate Program

- Contact Solid Waste (321-633-2042 or www.brevardfl.gov) to place a complaint.
- Garbage, recycling, or containerized yard waste: If WM misses your collection day, contact Solid Waste the next business day. If before noon, WM has until 8pm that day to collect. If after noon, WM has until 5pm the next business day to collect.
- Clam truck yard waste, bulk pickups, repair/replace damaged cart: WM has 5 business days to pick up after requests are called in, remember to request a ticket number.
- Legitimate Complaints: If you contacted Solid Waste by phone, \$14.53 rebate. If you contacted through the website, \$19.53. Rebate up to cost of collection assessment.

Disposal (County-Wide)

- Paid through Non-Ad Valorem Solid Waste Disposal Assessment on annual tax bill. Additional funding from impact fees, gate charges, landfill gas sales, property lease, surplus sales.
- Funds Solid Waste Disposal Operations:
 - Central Disposal Facility (Class I & Class III waste, vegetative waste, household hazardous waste)
 - Sarno Road Landfill and Transfer Station (Class III waste, vegetative waste, household hazardous waste).
 - Titusville Transfer Station (Class I waste)
 - Mockingbird Mulching Facility (C&D, vegetative waste, household hazardous waste)
 - US192 Facility (under construction)
- Funds Solid Waste employee salaries
- Funds Capital Equipment Replacement
- Funds Capital Improvement Program for expansion of disposal system

Disposal Budget

Expenditures - \$138,926,708

Prioritized Critical Infrastructure Needs

- **US192 Solid Waste Facility** is under construction
 - Phase 1 Earthwork, Phase 2 Scale-House, Class III Landfill Cell, Leachate Collection and Storage.
 - Sarno Class III landfill reaching capacity
 - Full buildout of 2,900-acre property
 - 201 acres of Class III capacity
 - 375 acres of Class I capacity (after CDF reaches capacity)
 - 125 acres for alternate waste processing (future consideration)

Prioritized Critical Infrastructure Needs

- **Titusville Transfer Station** replacement is under construction
 - Current transfer station is 48 years old
 - Obsolete and inefficient technology
 - Relies on mechanical compaction
 - Steel transfer trailers weigh more, hold less waste tonnage
 - Constant maintenance and repair, fabricating parts
 - No scale-house or flow control
 - Will combine Mockingbird Way and Transfer Station property
 - Will be able to accommodate commercial operations
 - More space for vegetative and other waste

Prioritized Critical Infrastructure Needs

- **CDF South Landfill Cells 3-5 construction permit issued by FDEP, Cell 3 construction bid documents underway**
 - CDF is the only Class I landfill in Brevard County
 - Cells 1 and 2 reach capacity in 2028
 - Closure of Sarno Landfill will increase waste coming to CDF by 20+% until US192 Facility is operating
 - Shipping of Class I waste out of County will significantly increase costs

Prioritized Critical Infrastructure Needs

- **Class I landfill gas collection system expansion in the CDF South Landfill (escrow)**
- **Final Closure of Sarno Landfill (escrow)**
- **Final Closure of CDF Slurry Wall Landfill (escrow)**

CALL IT IN

YARD WASTE GUIDELINES

Communication with WM

- Following recycling market trends
- Acceptable items for recycling
- Monitoring issues and concerns at the WM MRF
- Conducting quarterly visits to MRF to maintain flow of communication

Curbside Recycling

The Single Stream Revolution?: Advantages

- Reduced sorting efforts should increase the total volume collected
- Cost of collection reduced because they could use single compartment trucks
- Collection could be automated so less workers on the truck
- Route times ran quicker due to automation
- Worker injuries were reduced greatly
- This also increased the types of recyclables that could be collected

Acceptable Items

So, what does the local MRF accept?

- Plastic bottles, jugs and tubs (Shape not #)
- Metal cans
- Glass bottles and jars
- Cooking spray cans (empty)
- Cardboard boxes, tubes and drink cartons
- Paper (sheets)
- Folders (paper)
- Junk mail
- Magazines
- Paper wrapping
- Paper and cardboard packing materials (no plastic)
- *Pizza Boxes*

What is Contamination?

What is
contamination?

- Simply put, anything that is put in your curbside bin that doesn't belong there
- Bagged recyclables
- Plastic bags
- Liquid or food-soaked items
- Anything that would tangle around machinery
- Items that are too small to sort and bale (fist size)
- Food waste
- Glass other than bottles and jars
- Metal items other than steel or aluminum cans
- Yard waste
- Hazardous chemicals
- Clamshell containers
- Toys
- Planting pots
- Large items (storage bins, lawn furniture, lawn decorations)
- Mirrors and plate glass
- For more items refer to your local municipality's website
- Mixed Material Containers

SPACE COAST AREA TRANSIT SERVICES

GENERAL OVERVIEW

Space Coast Area Transit is a department of Brevard County Government. Fixed Route Bus Service, Vanpool Programs, Park & Ride lots, and other specialized services are provided in order to meet the community's needs. Specialized services include Paratransit and ADA Paratransit, Volunteers in Motion, and Contracted Routes. Space Coast Area Transit also oversees transportation for Brevard County Emergency Management.

FIXED ROUTE BUS AND TROLLEY SERVICE

Fixed Route Service is provided throughout Brevard County at over 1,100 designated stops. All transit buses are wheelchair accessible. Major shopping centers, government centers, social service agencies, area colleges, universities and hospitals are just some of the locations served. Monday – Saturday service is available on 23 Routes throughout Brevard with Sunday service on 4 routes. For maps by mail or for personalized service, call the RideLine at 321-633-1878. Download the 321Transit App to view any bus traveling in real time.

VANPOOL PROGRAMS

Space Coast Area Transit's vanpool provider, Commute with Enterprise, works closely with employers by renting vans for groups of 4 -15 passengers. The vehicles are then utilized by employees for their daily commute to and from work. A fixed monthly cost covers the rent payment, maintenance, roadside assistance, and insurance. Vanpooling adds up to more savings, less pollution and saves valuable time. For convenience, many passengers meet at centralized Park & Ride lots in Viera, Melbourne and Palm Bay.

PARATRANSIT AND ADA PARATRANSIT SERVICE

Space Coast Area Transit operates Paratransit Service to assist those with transportation needs who are unable to utilize fixed routes. New wheelchair accessible paratransit vehicles provide increased fuel efficiency, safety, and comfort, helping facilitate life-sustaining service for transportation disadvantaged passengers. ADA Paratransit Service is a very important part of Space Coast Area Transit's commitment to provide transportation and mobility for our transportation disadvantaged citizens. For further information, call the RideLine at 321-633-1878

VOLUNTEERS IN MOTION

This innovative volunteer-based program provides transportation for individuals unable to use other Space Coast Area Transit services. By offering transportation to locations such as medical facilities, pharmacies and grocery stores, Volunteers in Motion assists individuals who would otherwise be unable to live at home independently. To join this amazing group of volunteers or for services, call 321-635-7999.

CONTRACTED ROUTES

Space Coast Area Transit's Contracted Routes serve several not-for-profit agencies with contracted, demand/response service. Some agencies served include Brevard Achievement Center; BTC, INC.; Easter Seals; East Coast Contract Industries; ICAN, Inc.; River's Edge Adult Day Care; Seniors at Lunch; and The Arc of Space Coast. The agencies work with Space Coast Area Transit to transport customers to designated centers in the morning, and return them home in the afternoon. For more information, call 321-633-1878.

EMERGENCY SUPPORT TRANSPORTATION

When an emergency situation is declared, an automated system contacts pre-registered individuals with special needs, providing them with information on how to prepare. Space Coast Area Transit follows up with over 10,000 phone calls, confirming medical requirements, shelter assignments and transportation details. After the emergency has ended, over 1,800 trips are facilitated to ensure that each special needs citizen is returned to their home.

Budget Overview

Space Coast Area Transit works diligently to secure outside funding. During a typical fiscal year, \$2.1 million dollars in general funds leverage over \$40 million dollars in state and federal grants. That means that every dollar received locally is matched with \$19.05 from outside of Brevard County. These dollars help drive our economy with investments in payroll, operating expenses, capital equipment and improvements, and technological advancements.

Fun Facts About Space Coast Area Transit

- 🚌 Started Trolley Service in Cocoa Beach and Cape Canaveral in 2020.
- 🚌 Transports over 3,000 residents to and from shelters during hurricane evacuations.
- 🚌 Partnered with Eastern Florida State College to offer students free rides with an EFSC ID.
- 🚌 Connects people and jobs; the #1 reason people ride Space Coast Area Transit is to get to work.
- 🚌 Offers a Reduced Fare ID Card to seniors, disabled, students and veterans; children under 5 ride free.
- 🚌 Does not charge bus fare on Routes 21, 24 & 29 to Melbourne residents who ride within the City limits.
- 🚌 Recognized as #1 in Safety and Community Outreach by the Florida Public Transportation Association.
- 🚌 Allows riders to watch their bus in real time. From hybrid-electric buses to a state-of-the-art website at 321Transit.com, innovation is our driving force.
- 🚌 Sends text notifications 5, 10, or 15 minutes prior to the bus arriving with the 321Transit Bus Tracker app.
- 🚌 Personalizes your ride by using the Trip Planner to navigate multiple stops and routes.
- 🚌 Offers contactless mobile ticketing to facilitate easy purchase of a bus pass on a smart phone or mobile device.
- 🚌 Requires no cash or contact when boarding with an electronic pass. You can even purchase and send a bus pass to a friend, family member or coworker.
- 🚌 Provides free Wi-Fi to riders onboard any fixed-route bus.
- 🚌 Helps reduce traffic on A1A. Beach Trolleys are loved by tourists, residents and hospitality workers alike.
- 🚌 Changes the way you ride Space Coast Area Transit through new technology. The future is here, and *we saved you a seat!*

LEGAL NOTICE
TAX CERTIFICATE SALE

Prospective bidders are encouraged to begin registration on May 16, 2013, placing deposits, and selecting parcels upon which they wish to place bids. Bidders must first obtain a buyer number from the Web site address: <https://www.bidsbyward.com>. Bidders must fill out and chain a W-9 form before a buyer number will be started.

Notice is hereby given that on the 31st day of May, 2013, at 5:00 P.M., 2013 Tax Certificates will be sold on the following described land to pay the amount due for the 2012 and prior years taxes (Ad Valorem/Non-Ad Valorem) herein set forth, together with interest, costs and advertising charges.

The Tax Collector's office accepts Visa, MasterCard, Discover and American Express for most payment transactions in all offices. In addition, credit card payments are accepted on line. A 2.5% (or \$1.00 minimum) convenience fee will be added for credit card use.

You may pay on line at: www.brevardtaxcollector.com

The "panel number" shown for each property may be used to identify the property within the example legend. NOTE: Non-scaled Exemption (IX) equals: *** (asterisk); Prior Year Taxes Due (PDT) equals: \$** (dollar sign).

EMERGENCY CONTACT INFORMATION

QUESTIONS & COMMENTS

Brevard County

Utility Services Department

2026

Introduction

Brevard County Utility Services Department (BCUSD)

- Providing quality potable water, reclaimed water, and wastewater services throughout various areas of Brevard County
- Operates 24/7 to meet Federal/State requirements
- Support County infrastructure and field staff
- Funded by customer fees

Misconceptions about Utility Services' responsibilities

- Not responsible for Utilities outside service area (i.e. City of Titusville, City of Melbourne, etc.) or septic systems.

Overview

- 9 Treatment Plants
 - 6 Wastewater (28 MGD Capacity), 3 Water (3.5 MGD Capacity)
 - 1,143 miles of force main, gravity sewer, potable water mains, & reclaimed water mains
- 328 Public Wastewater Pump (Lift) Stations
- Approximately 67,200 Sewer Customers
- Approximately 9,330 Water Customers

Figure 1 – Brevard County Water and Wastewater Service Areas

Infrastructure: Gravity Sewer

Conveyance system for wastewater from homes and businesses which flows by gravity.

Figure 2 – Typical Lift Station Service Area

Figure 3 – Typical Sewer Connection

Source: City of Fort Walton Beach, Florida

(https://www.beachapedia.org/Sewer_Laterials)

Infrastructure: Wastewater Lift Stations

Gravity mains drain to a lift station where the sewage is pumped into a force main.

Figure 4 – Typical BCUCSD Lift Station

Figure 5 – Typical Lift Station Wet Well Section

Infrastructure: Force Mains

Convey sewage by pressure differential (i.e. force) to a treatment plant or another gravity system.

Figure 6 – Typical Force Main to Gravity Main Transition

Figure 7 – Typical Force Main Discharge to Treatment Plant

Infrastructure: Reclaimed Water

- Reclaimed Water: Treated wastewater distributed for non potable use, typically irrigation.
- All 6 of Brevard County's wastewater facilities produce reclaimed water.
 - Injection wells and a man made wetland system used for disposal when the WWTP effluent discharge rate exceeds reclaimed water demand.

Figure 8 – Typical Reclaimed Water Service Area

Infrastructure: Wastewater Treatment Plant Processes

The series of physical, chemical and biological processes to treat wastewater

Figure 9 – Typical Wastewater Treatment Plant Flow Process Schematic

Infrastructure: Wastewater Treatment Plant Processes

Figure 10 – Typical Wastewater Treatment Plant

Infrastructure: Water Treatment Plant Processes

A series of physical, chemical and biological processes to treat water.

Figure 11 – Water Treatment Plant Flow Process Schematic

- All water quality meets the standards established by the Florida Department of Environmental Protection Agency.

Infrastructure: Water Treatment Plant Processes

Figure 12 – Typical Water Treatment Plant

Financial Structure / Fees

The water and sewer utility is operated as an Enterprise Fund. All cost and expenses are funded through fees for service.

No tax dollars are used to support the utilities operation. We collect two types of fees:

- **Connection Fees**
 - For new construction
 - To construct the major facilities such as treatment plants and regional transmissions facilities.
- **Service Fees**
 - For water and wastewater service areas
 - Used for day-to-day operation & maintenance

Operations & Maintenance

- Continuous Operation
- Routine Utility Maintenance
 - Valves
 - Lift Stations
 - Treatment Plants
- Emergency Operations
 - Sewer Line Breaks
 - Sewer Overflows
 - Hurricanes & Heavy Storm Occurrences

Figure 13 - Utility Services staff working

Goals of the Department

- Safety
- Environmental Compliance
- Level of Services
- Customer Service

Figure 14 - Team working together to meet goal

Safety

- Public safety
 - Provide continuous necessary service to public
 - Keep the public informed on projects
- County Staff safety
 - Provide safe work environment meeting current safety standards and requirements
 - Train staff
 - Require staff to wear necessary personal protective equipment

Figure 15 - Personal Protective Equipment

Environmental Compliance: Reduction of Sanitary Sewer Overflows

1. Assess all assets
2. Improve resiliency of existing infrastructure
 - Sewer lining
 - Smoke testing
 - Manhole lining
 - Valve exercising
 - Lift station rehabilitation
3. Capital Improvement Projects
 - South Patrick Drive Force Main – Phase 3
 - South Beaches 2nd Deep Injection Well

Environmental Compliance: Reduction of Sanitary Sewer Overflows

Inflow vs. Infiltration due in part to Aging Infrastructure

Figure 16 - Groundwater infiltration in sewer pipe

Figure 17 - Inflow vs. Infiltration

Environmental Compliance: Reduction of Sanitary Sewer Overflows

Figure 17 - Groundwater infiltration in sewer pipe

Environmental Compliance:

Sewer Lining

- Provides extra protection for sewer pipes to prevent stormwater intrusion
 - Example: Cured-In-Place Pipe (CIPP) allows for trenchless sewer lining
- 419,964 LF (75 miles) of sewer main has been lined since 2017
 - North Brevard – 37,533 ft (7.1 miles)
 - Port St. John- 12,111 ft (2.3 miles)
 - Sykes Creek – 75,391 ft (14.3 miles)
 - South Central– 28,496 ft (5.4 miles)
 - South Beaches – 241,080 ft (40.5 miles)
 - Barefoot Bay – 25,353 ft (4.9 miles)

Figure 19 - Sewer Lining

Environmental Compliance: Sewer Lining

- South Beach Service Area Progress:

South Beaches Sewer Lining 2017

South Beaches Sewer Lining 2026

Environmental Compliance: Sewer Lining

- Sykes Creek Service Area Progress:

Sykes Creek Sewer Lining 2017

Sykes Creek Sewer Lining 2026

Environmental Compliance: Smoke Testing

- Smoke testing is done to check where there are leaks or breaks in the system

Figure 20 - Smoke Testing Diagram

Environmental Compliance: Smoke Testing

- Linear Feet of Smoke Testing Since 2017 per service area
 - Sykes Creek: County – 579,642 ft, Private – 50,497 ft
 - South Beaches: County – 904,039 ft, Private – 89,859 ft
 - Barefoot Bay: County – 199,240 ft, Private – 836 ft
 - North Brevard: County – 94,556 ft, Private – 7,518 ft
 - Port St. John: County – 57,013 ft, Private – 1,357 ft

Figure 21 - Smoke Testing

Environmental Compliance:

Manhole Lining

- Over time, concrete manholes corrode leading to stormwater intrusion
- Manhole lining adds a layer of protection to keep stormwater out of the sanitary sewer system
- 796 Manholes have been rehabbed since 2017
 - North Brevard : 79
 - Port St. John : 68
 - Sykes Creek : 114
 - South Central : 88
 - South Beaches : 287
 - Barefoot Bay : 48

Figure 22 - Manhole Intrusion

Environmental Compliance:

Valve Exercising

- Valves are exercised regularly to prevent any buildup and confirm valves are working properly.

Figure 23 - Valve Exercising Example

Environmental Compliance: Lift Station Rehabilitations

Pre-Rehab

Post-Rehab

Figure 24 - Lift Station S-08 Rehab in South Beaches Service Area

Environmental Compliance:

Septic to Sewer Projects

- Septic systems can be a major contributor of nutrients, bacteria, and viruses to the environment.
 - In poor soils close to open water
 - Leaky tanks and failing drain fields
- The Save Our Indian River Lagoon (SOIRL) Program funds septic to sewer conversion projects in Brevard County.
- SOIRL projects by the Brevard County Utility Services Department:
 - 12 in design
 - 5 in construction
 - 3 completed

Environmental Compliance: Septic to Sewer Projects

Figure 25

Micco Sewer Line Extension (Phase I & II)

- 18 Total Connections
- Est. total nitrogen (TN) Reduction: 1,493 lbs./year
- 100% of Construction Completed

South Central Zone C

- 147 Total Connections
- Est. total nitrogen (TN) Reduction: 5,146 lbs./year
- 100% of Construction Completed

Figure 26

Environmental Compliance:

New Laws

- 2021 – Florida passed F.S. 403.064 & 403.086

- F.S. 403.064 – Reuse of Reclaim Water

“...wastewater treatment plants permitted and operated under an approved reuse program by the Florida Department of Environmental Protection, the reclaim water shall be considered environmentally acceptable and not a threat to public health and safety.”

- F.S. 403.086 – Sewage Disposal Facilities

“...sewage disposal facilities may not dispose of any wastes into the ... Indian River Lagoon, or into any river, stream, channel, canal ... or other water tributary thereto, without providing advanced wastewater treatment...”

Environmental Compliance: What We Need to Do to Comply With Florida Law?

- F.S. 403.064 requires us to:
 - Replace the Barefoot Bay WWTP with an AWT WWTP
 - Install a 2nd deep injection well at South Beaches WWTP
- F.S. 403.086 requires us to:
 - Eliminate discharge
 - Assess and repair wastewater collection system
 - Convert 2 MGD & 6 MGD at South Beaches WWTP to AWT
 - Biological improvements at Ritch Grissom Memorial Wetlands
 - South Central AWT improvements

Level of Service: Provide Capacity for Future Growth

- 2045 Brevard County Population Projection
 - Identified the following areas, within Utility Services service area, as population growth:
 - North Brevard
 - South Brevard
- Service areas increase in the
Water Supply Plan:
 - North Brevard
 - South Brevard

Figure 27 - Population Projection Reference

Example of Growth
