To all concerned:

Withdraw the current zoning applications for Crane View.

I currently have this property under contract with another buyer.

The previous group backed out. The good folks who were pushing this through for them contacted me and said they would like to see it through and that it was already paid for. So I told them if they want to go forward go ahead.

It has since caused some problems with the group that backed out and I do not want to be involved any of that.

Sorry for any trouble this may have caused.

Mr. Anderson,

Unless we hear otherwise, staff is interpreting your email received at 3:40 PM on April 20, 2023 as your official request to withdrawal the two Craneview applications. One for rezoning with a BDP and the other Small Scale Comprehensive Plan Amendment.

Paul,

Good afternoon when Summit Design Build has a contract pending on the property I was working that deal for them.

After they backed out of the deal, the owner allowed me to continue with the zoning as we had to potential customers was my understanding that he has a contract on the property now he will not be needing my services or will he be going for affordable housing on that piece of property so I am pulling it from the agenda as the authorized agent for the owner.

If you have any questions, give me a call.

Hopefully somebody will build something there.
