Subject:

Non- Mandatory Advisory Board Discussion

Fiscal Impact:

Unknown savings

Dept/Office:

District 3 Commission Office

Requested Action:

Board discussion regarding non-mandatory advisory boards. To avoid any issues with Sunshine Law, it is asked that **Board Members bring seven copies of their completed handouts** they received at the April 5, 2022 board meeting (also attached) to share with their fellow Board Members during discussion.

Summary Explanation and Background:

On April 5, 2022, the Board was presented with a worksheet which listed non-mandatory advisory boards. Board Members were asked to consider which, if any, they would be open to making reforms to or dissolving. If 2 or more Board Members choose to discuss a particular board, the District 3 office will begin the process of determining options for said board at a future date.

Usually when conducting business, several bids are sent out for a contract. Also, noted in the social media post was that Brevard County unilaterally changed vendors in 2021/2022 without a vote and without RFP process. Please let me know whether or not the information in this post is accurate. As a resident, taxpayer, and licensed Health Insurance broker in Florida, I would find it disturbing that this process may have occurred.
