10/14/2025

Subject:

Approval, Re: Fiscal Year 2025-2026 Annual Agreement and Associated Health Department Fee Resolution between the Brevard County Board of County Commissioners and the Brevard County Health Department

Fiscal Impact:

Fiscal Year 25-26: The impact on the General Fund will be \$633,247 for the annual appropriation, an increase of \$16,828 over Fiscal Year 24-25.

Dept/Office:

Housing and Human Services

Requested Action:

It is requested that the Board of County Commissioners approve:

- The draft Annual Agreement with the State of Florida, Department of Health for the operation of the Brevard County Health Department for Fiscal Year 2025-2026;
- The Chair executing the Fiscal Year 2025-2026 Resolution establishing and revising certain fees and charges for the Brevard County Health Department and Environmental Services;
- The County Manager to execute the Fiscal Year 2025-2026 Annual Agreement upon approval from the County Attorney's Office and Risk Management;
- The County Manager to execute any future amendments or modifications to the Fiscal Year 2025-2026 Annual Agreement upon approval of the County Attorney's Office and Risk Management; and,
- Authorize the County Manager to execute any necessary budget amendments (BCRs).

Summary Explanation and Background:

The County Health Departments were created pursuant to Chapter 154F.S. to "...promote, protect, maintain, and improve the health and safety of all citizens and visitors of this state through a system of coordinated county health department services." To assure coordination between the State and the County in the operation of the Brevard County Health Department (CHD), the State and the County enter into an annual agreement.

The agreement with the Florida Department of Health stipulates Public Health services that will be provided by the Brevard County Health Department, and identifies the County's contribution as \$633,247 (2.73% increase) for the costs of Public Health Services for low-income residents (includes an annual adjustment

based on the Consumer Price Index for All Urban Customers: Medical Care (2.73%) or 3%, whichever is lower, as approved by the Board of County Commissioners on August 22, 2023). The agreement also sets out the County's responsibility as it relates to facilities, maintenance, and equipment, as well as environmental health fee revenues anticipated to be received by the County Health Department. The attached Fee Resolution outlines the proposed establishment.

SECTION A. ENVIRONMENTAL HEALTH SERVICES

There will be no changes to the current fee schedule.

SECTION B. PRIMARY CARE SERVICES

There will be no changes to the current fee schedule.

SECTION C. VITAL STATISTICS

There will be no changes to the current fee schedule.

Clerk to the Board Instructions:

Please have the Chair endorse four original Brevard County Health Department contracts and two Fee Resolutions and return to the Housing and Human Services Department.

RE: Item F.2., Approval of Fiscal Year 2025-2026 Annual Agreement and Associated Health Department Fee Resolution between the Brevard County Board of County Commissioners and the Brevard County Health Department

The Board of County Commissioners, in regular session on October 14, 2025, approved the drafted Annual Agreement with the State of Florida, Department of Health for the operation of the Brevard County Health Department for Fiscal Year 2025-2026; executed and adopted Resolution No. 25-127, establishing and revising the Fiscal Year 2025-2026 fees and charges for the Brevard County Health Department and Environmental Services; approved the County Manager to execute the Fiscal Year 2025-2026 Annual Agreement, upon approval from the County Attorney's Office and Risk Management; approved the County Manager to execute any future amendments or modifications to the Fiscal Year 2025-2026 Annual Agreement, upon approval of the County Attorney's Office and Risk Management; and authorized the County Manager to execute any necessary budget amendments. Enclosed is four executed Agreements and two fully-executed Resolutions.

Upon execution by the State, please return a fully-executed Agreement to this office for inclusion in the official minutes.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

Kimberly Powell, Clerk to the Board

DRAFT

**CONTRACT BETWEEN
BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS
AND
STATE OF FLORIDA DEPARTMENT OF HEALTH
FOR OPERATION OF THE
BREVARD COUNTY HEALTH DEPARTMENT
CONTRACT YEAR 2025-2026**

This contract is made and entered into between the State of Florida, Department of Health ("State"), and the Brevard County Board of County Commissioners ("County"), through their undersigned authorities, effective October 1, 2025. State and County are jointly referred to as the "parties".

RECITALS

A. Pursuant to Chapter 154, Florida Statutes, the intent of the legislature is to "promote, protect, maintain, and improve the health and safety of all citizens and visitors of this state through a system of coordinated county health department services."

B. County Health Departments were created throughout Florida to satisfy this legislative intent through the "promotion of the public's health, the control and eradication of preventable diseases, and the provision of primary health care for special populations."

C. Brevard County Health Department ("CHD") is one of the created County Health Departments.

D. It is necessary for the parties hereto to enter into this contract to ensure coordination between the State and the County in the operation of the CHD.

NOW, THEREFORE, in consideration of the mutual promises set forth herein, the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. RECITALS. The parties mutually agree that the foregoing recitals are true and correct and incorporated herein by reference.

2. TERM. The parties mutually agree that this contract shall be effective from October 1, 2025, through September 30, 2026, or until a written contract replacing this contract is entered into between the parties, whichever is later, unless this contract is otherwise terminated according to the termination provisions outlined in paragraph 8. below.

3. SERVICES MAINTAINED BY THE CHD. The parties mutually agree that the CHD shall provide those services as outlined in Part III of Attachment II hereof, to maintain the following three levels of service pursuant to section 154.01(2), Florida Statutes, as defined below:

a. "Environmental health services" are those services that are organized and operated to protect the health of the general public by monitoring and regulating activities in the environment that may contribute to the occurrence or transmission of disease. Environmental health services shall be supported by available federal, state, and local funds and shall include

those services mandated on a state or federal level. Examples of environmental health services include but are not limited to, food hygiene, safe drinking water supply, sewage, and solid waste disposal, swimming pools, group care facilities, migrant labor camps, toxic material control, radiological health, and occupational health.

b. "Communicable disease control services" are those services that protect the health of the general public through the detection, control, and eradication of diseases that are transmitted primarily by human beings. Communicable disease services shall be supported by available federal, state, and local funds and shall include those services mandated on a state or federal level. Such services include, but are not limited to, epidemiology, sexually transmissible disease detection and control, HIV/AIDS, immunization, tuberculosis control, and maintenance of vital statistics.

c. "Primary care services" are acute care and preventive services that are made available to well and sick persons who are unable to obtain such services due to lack of income or other barriers beyond their control. These services are provided to benefit individuals, improve the collective health of the public, and prevent and control the spread of disease. Primary health care services are provided at home, in group settings, or in clinics. These services shall be supported by available federal, state, and local funds and shall include services mandated on a state or federal level. Examples of primary health care services include but are not limited to first contact acute care services; chronic disease detection and treatment; maternal and child health services; family planning; nutrition; school health; supplemental food assistance for women, infants, and children; home health; and dental services.

4. FUNDING. The parties further agree that funding for the CHD will be handled as follows:

a. The funding to be provided by the parties and any other sources is outlined in Part II of Attachment II hereof. This funding will be used as shown in Part I of Attachment II.

- i. The State's appropriated responsibility (*direct contribution excluding any state fees, Medicaid contributions, or any other funds not listed on the Schedule C*) as provided in Attachment II, Part II is an amount not to exceed \$ 10,447,581 (*State General Revenue, State Funds, Other State Funds and Federal Funds listed on the Schedule C*). The State's obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.
- ii. The County's appropriated responsibility (*direct contribution excluding any fees, other cash, or local contributions*) as provided in Attachment II, Part II is an amount not to exceed \$ 633,247 (*amount listed under the "Board of County Commissioners Annual Appropriations section of the revenue attachment*).

b. Overall expenditures will not exceed available funding or budget authority, whichever is less, (either the current year or from surplus trust funds) in any service category. Unless requested otherwise, any surplus at the end of the term of this contract in the County Health Department Trust Fund that is attributed to the CHD shall be carried forward to the next contract period.

c. Either party may establish service fees as allowed by law to fund activities of the CHD. Where applicable, such fees shall be automatically adjusted to at least the Medicaid fee schedule.

d. Either party may increase or decrease funding of this contract during the term hereof by notifying the other party in writing of the amount and purpose for the change in funding. If the State initiates the increase or decrease, the CHD will revise Attachment II and send a copy of the revised pages to the County and the State's Office of Budget and Revenue Management. If the County initiates the increase or decrease, the County shall notify the CHD in writing. The CHD will then revise Attachment II and send a copy of the revised pages to the State's Office of Budget and Revenue Management.

e. The name and address of the official payee to whom payments shall be made is:

County Health Department Trust Fund
Brevard County Health Department
2565 Judge Fran Jamieson Way
Viera, FL 32940

5. CHD DIRECTOR or ADMINISTRATOR. Both parties agree the director or administrator of the CHD shall be a State employee or under contract with the State and will be under the day-to-day direction of the State's Deputy Secretary for County Health Systems. The director or administrator shall be selected by the State with the concurrence of the County. The director or administrator of the CHD shall ensure that non-categorical sources of funding are used to fulfill public health priorities in the community and the Long-Range Program Plan.

6. ADMINISTRATIVE POLICIES AND PROCEDURES. The parties hereto agree that the following standards should apply in the operation of the CHD:

a. The CHD and its personnel shall follow all State policies and procedures, except to the extent permitted for the use of County purchasing procedures as outlined in subparagraph b., below. All CHD employees shall be State or State-contract personnel subject to State personnel laws, rules, and procedures. Employees will report time in the Health Management System compatible format by program component as specified by the State.

b. The CHD shall comply with all applicable provisions of federal and state laws and regulations relating to its operation with the exception that the use of County purchasing procedures shall be allowed when it will result in a better price or service and no statewide purchasing contract has been implemented for those goods or services. In such cases, the CHD director or administrator must sign a justification, therefore, and all County purchasing procedures must be followed in their entirety, and such compliance shall be documented. Such justification and compliance documentation shall be maintained by the CHD following the terms of this contract. State procedures must be followed for all leases on facilities not enumerated in Attachment IV.

c. The CHD shall maintain books, records, and documents following the Generally Accepted Accounting Principles, as promulgated by the Governmental Accounting Standards Board, and the requirements of federal or state law. These records shall be maintained as

required by the State's Policies and Procedures for Records Management and shall be open for inspection at any time by the parties and the public, except for those records that are not otherwise subject to disclosure as provided by law which is subject to the confidentiality provisions of paragraphs 6.i. and 6.k., below. Books, records, and documents must be adequate to allow the CHD to comply with the following reporting requirements:

- i. The revenue and expenditure requirements in the Florida Accounting Information Resource System; and
- ii. The client registration and services reporting requirements of the minimum data set as specified in the most current version of the Client Information System/Health Management Component Pamphlet; and
- iii. Financial procedures specified in the State's Accounting Procedures Manuals, Accounting memoranda, and Comptroller's memoranda; and
- iv. The CHD is responsible for assuring that all contracts with service providers include provisions that all subcontracted services be reported to the CHD in a manner consistent with the client registration and service reporting requirements of the minimum data set as specified in the Client Information System/Health Management Component Pamphlet.

d. All funds for the CHD shall be deposited in the County Health Department Trust Fund maintained by the state treasurer. These funds shall be accounted for separately from funds deposited for other CHDs and shall be used only for public health purposes in Brevard County.

e. That any surplus or deficit funds, including fees or accrued interest, remaining in the County Health Department Trust Fund account at the end of the contract year shall be credited or debited to the State or County, as appropriate, based on the funds contributed by each and the expenditures incurred by each. Expenditures will be charged to the program accounts by State and County based on the ratio of planned expenditures in this contract and funding from all sources is credited to the program accounts by State and County. The equity share of any surplus or deficit funds accruing to the State and County is determined each month and at the contract year-end. Surplus funds may be applied toward the funding requirements of each party in the following year. However, in each such case, all surplus funds, including fees and accrued interest, shall remain in the trust fund until accounted for in a manner that clearly illustrates the amount which has been credited to each party. The planned use of surplus funds shall be reflected in Attachment II, Part I of this contract, with special capital projects explained in Attachment V.

f. There shall be no transfer of funds between the three levels of services without a contract amendment unless the CHD director or administrator determines that an emergency exists wherein a time delay would endanger the public's health and the State's Deputy Secretary for County Health Systems have approved the transfer. The State's Deputy Secretary for County Health Systems shall forward written evidence of this approval to the CHD within 30 days after an emergency transfer.

g. The CHD may execute subcontracts for services necessary to enable the CHD to carry out the programs specified in this contract. Any such subcontract shall include all aforementioned audit and record-keeping requirements.

h. At the request of either party, an audit may be conducted by an independent certified public accountant on the financial records of the CHD, and the results made available to the parties within 180 days after the close of the CHD fiscal year. This audit will follow requirements contained in OMB Circular A-133, as revised, and may be in conjunction with audits performed by the County government. If audit exceptions are found, then the director or administrator of the CHD will prepare a corrective action plan and a copy of that plan and monthly status reports will be furnished to the contract managers for the parties.

i. The CHD shall not use or disclose any information concerning a recipient of services except as allowed by federal or state law or policy.

j. The CHD shall retain all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this contract for five years after termination of this contract. If an audit has been initiated and audit findings have not been resolved at the end of five years, the records shall be retained until the resolution of the audit findings.

k. The CHD shall maintain the confidentiality of all data, files, and records that are confidential under the law or are otherwise exempted from disclosure as a public record under Florida law. The CHD shall implement procedures to ensure the protection and confidentiality of all such records and shall comply with sections 384.29, 381.004, 392.65, and 456.057, Florida Statutes, and all other state and federal laws regarding confidentiality. All confidentiality procedures implemented by the CHD shall be consistent with the State's Information Security Policies, Protocols, and Procedures. The CHD shall further adhere to any amendments to the State's security requirements and shall comply with any applicable professional standards of practice concerning client confidentiality.

l. The CHD shall abide by all State policies and procedures, which by this reference are incorporated herein as standards to be followed by the CHD.

m. The CHD shall establish a system through which applicants for services and current clients may present grievances over denial, modification, or termination of services. The CHD will advise applicants of the right to appeal a denial or exclusion from services, of failure to take account of a client's choice of service, and right to a fair hearing to the final governing authority of the CHD. Specific references to existing laws, rules, or program manuals are included in Attachment I of this contract.

n. The CHD shall comply with the provisions contained in the Civil Rights Compliance and Non-Discrimination Certificate, hereby incorporated into this contract as Attachment III.

o. The CHD shall submit quarterly reports to the County that shall include at least the following:

- i. The DE385L1 Contract Management Variance Report and the DE580L1 Analysis of Fund Equities Report; and
- ii. A written explanation to the County of service variances reflected in the year-end DE385L1 report if the variance exceeds or falls below 25 percent of the planned expenditure amount for the contract year. However, if the amount of the service-specific variance between actual and planned expenditures does not exceed three percent of the total planned expenditures for the level of service in which the type of service is included, a variance explanation is not required. A copy of the written explanation shall be sent to the State's Office of Budget and Revenue Management.

p. The dates for the submission of quarterly reports to the County shall be as follows unless the generation and distribution of reports are delayed due to circumstances beyond the CHD's control:

- i. March 1, 2026, for the reporting period of October 1, 2025, through December 31, 2025; and
- ii. June 1, 2026, for the reporting period of October 1, 2025, through March 31, 2026; and
- iii. September 1, 2026, for the reporting period of October 1, 2025 through June 30, 2026; and
- iv. December 1, 2026, for the reporting period of October 1, 2025 through September 30, 2026.

7. FACILITIES AND EQUIPMENT. The parties mutually agree that:

- a. CHD facilities shall be provided as specified in Attachment IV to this contract and the County shall own the facilities used by the CHD unless otherwise provided in Attachment IV.
- b. The County shall ensure adequate fire and casualty insurance coverage for County-owned CHD offices and buildings and all furnishings and equipment in CHD offices through either a self-insurance program or insurance purchased by the County.
- c. All vehicles will be transferred to the ownership of the County and registered as County vehicles. The County shall ensure insurance coverage for these vehicles is available through either a self-insurance program or insurance purchased by the County. All vehicles will be used solely for CHD operations. Vehicles purchased through the County Health Department Trust Fund shall be sold at fair market value when they are no longer needed by the CHD and the proceeds returned to the County Health Department Trust Fund.

8. TERMINATION.

a. Termination at Will. This contract may be terminated by either party without cause upon no less than 180 calendar days' notice in writing to the other party unless a lesser time is mutually agreed upon in writing by both parties.

b. Termination Because of Lack of Funds. In the event funds to finance this contract become unavailable, either party may terminate this contract upon no less than 24 hours' notice.

c. Termination for Breach. This contract may be terminated by either party for a material breach of an obligation hereunder, upon no less than 30 days' notice. Waiver of a breach of any provisions of this contract shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this contract.

9. MISCELLANEOUS. The parties further agree:

a. Availability of Funds. If this contract, any renewal hereof, or any term, performance, or payment hereunder, extends beyond the CHD fiscal year beginning July 1, 2026, it is agreed that the performance and payment under this contract are contingent upon an annual appropriation by the Legislature, under section 287.0582, Florida Statutes.

b. Contract Managers. The name and addresses of the contract managers for the parties under this contract are as follows:

For the State:

Kristine Zonka DNP, APRN, FNP-C

ATTACHMENT I
BREVARD COUNTY HEALTH DEPARTMENT
PROGRAM SPECIFIC REPORTING REQUIREMENTS AND PROGRAMS REQUIRING
COMPLIANCE WITH THE PROVISIONS OF SPECIFIC MANUALS

Some health services must comply with specific program and reporting requirements in addition to the Personal Health Coding Pamphlet (DHP 50-20), Environmental Health Coding Pamphlet (DHP 50-21) and FLAIR requirements because of federal or state law, regulation or rule. If a county health department is funded to provide one of these services, it must comply with the special reporting requirements for that service. The services and the reporting requirements are listed below:

<u>Service</u>	<u>Requirement</u>
1. Sexually Transmitted Disease Program	Requirements as specified in F.A.C. 64D-3, F.S. 381 and F.S. 384.
2. Dental Health	Periodic financial and programmatic reports as specified by the program office.
3. Special Supplemental Nutrition Program for Women, Infants and Children (including the WIC Breastfeeding Peer Counseling Program)	Service documentation and monthly financial reports as specified in DHM 150-24* and all federal, state and county requirements detailed in program manuals and published procedures.
4. Healthy Start/ Improved Pregnancy Outcome	Requirements as specified in the 2007 Healthy Start Standards and Guidelines and as specified by the Healthy Start Coalitions in contract with each county health department.
5. Family Planning	Requirements as specified in Public Law 91-572, 42 U.S.C. 300, et seq., 42 CFR part 59, subpart A, 45 CFR parts 74 & 92, 2 CFR 215 (OMB Circular A-110) OMB Circular A-102, F.S. 381.0051, F.A.C. 64F-7, F.A.C. 64F-16, and F.A.C. 64F-19. Requirements and Guidance as specified in the Program Requirements for Title X Funded Family Planning Projects (Title X Requirements)(2014) and the Providing Quality Family Planning Services (QFP): Recommendations of CDC and the U.S. Office of Population Affairs published on the Office of Population Affairs website. Programmatic annual reports as specified by the program office as specified in the annual programmatic Scope of Work for Family Planning and Maternal Child Health Services, including the Family Planning Annual Report (FPAR), and other minimum guidelines as specified by the Policy Web Technical Assistance Guidelines.
6. Immunization	Periodic reports as specified by the department pertaining to immunization levels in kindergarten and/or seventh grade pursuant to instructions contained in the Immunization Guidelines-Florida Schools, Childcare Facilities and Family Daycare Homes (DH Form 150-615) and Rule 64D-3.046, F.A.C. In addition, periodic reports as specified by the department pertaining to the surveillance/investigation of reportable vaccine-preventable diseases, adverse events, vaccine accountability, and assessment of immunization

ATTACHMENT I (Continued)

		levels as documented in Florida SHOTS and supported by CHD Guidebook policies and technical assistance guidance.
7.	Environmental Health	Requirements as specified in Environmental Health Programs Manual 150-4* and DHP 50-21*
8.	HIV/AIDS Program	Requirements as specified in F.S. 384.25 and F.A.C. 64D-3.030 and 64D-3.031. Case reporting should be on Adult HIV/AIDS Confidential Case Report CDC Form DH2139 and Pediatric HIV/AIDS Confidential Case Report CDC Form DH2140.
9.	School Health Services	Requirements as specified in F.A.C. 64D-2 and 64D-3, F.S. 381 and F.S. 384. Socio-demographic and risk data on persons tested for HIV in CHD clinics should be reported on Lab Request DH Form 1628 in accordance with the Forms Instruction Guide. Requirements for the HIV/AIDS Patient Care programs are found in the Patient Care Contract Administrative Guidelines.
10.	Tuberculosis	Tuberculosis Program Requirements as specified in F.A.C. 64D-3 and F.S. 392.
11.	General Communicable Disease Control	Carry out surveillance for reportable communicable and other acute diseases, detect outbreaks, respond to individual cases of reportable diseases, investigate outbreaks, and carry out communication and quality assurance functions, as specified in F.A.C. 64D-3, F.S. 381, F.S. 384 and the CHD Epidemiology Guide to Surveillance and Investigations.
12.	Refugee Health Program	Programmatic and financial requirements as specified by the program office.

*or the subsequent replacement if adopted during the contract period.

ATTACHMENT II**BREVARD COUNTY HEALTH DEPARTMENT****PART I. PLANNED USE OF COUNTY HEALTH DEPARTMENT TRUST FUND BALANCES**

	Estimated State Share of CHD Trust Fund Balance	Estimated County Share of CHD Trust Fund Balance	Total
1. CHD Trust Fund Ending Balance 09/30/25	2287848	1180146	3467994
2. Drawdown for Contract Year October 1, 2025 to September 30, 2026	-682782	357134	-325648
3. Special Capital Project use for Contract Year October 1, 2025 to September 30, 2026	0	0	0
4. Balance Reserved for Contingency Fund October 1, 2025 to September 30, 2026	1605066	1537280	3142346

Special Capital Projects are new construction or renovation projects and new furniture or equipment associated with these projects, and mobile health vans.

ATTACHMENT III
BREVARD COUNTY HEALTH DEPARTMENT
CIVIL RIGHTS COMPLIANCE AND NON-DISCRIMINATION CERTIFICATE

1. The CHD agrees to complete the Civil Rights Compliance Questionnaire, DH Forms 946 A and B (or the subsequent replacement if adopted during the contract period), if so requested by the Department.
2. The CHD assures that it will comply with the Omnibus Budget Reconciliation Act of 1981, P.L. 97-35, which prohibits discrimination on the basis of sex and religion in programs and activities receiving or benefiting from federal financial assistance.
3. Assurance of Civil Rights Compliance: The CHD hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.); Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.); Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794); the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.); Title II and Title III of the Americans with Disabilities Act (ADA) of 1990, as amended by the ADA Amendment Act of 2008 (42 U.S.C. 12131-12189) and as implemented by Department of Justice regulations at 28 CFR Parts 35 and 36; Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency" (August 11, 2000); all provisions required by the implementing regulations of the U.S. Department of Agriculture (7 CFR Part 15 et seq.); and FNS directives and guidelines to the effect that no person shall, on the ground of race, color, national origin, age, sex, or disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity for which the agency receives Federal financial assistance from FNS; and hereby gives assurance that it will immediately take measures necessary to effectuate this agreement.

By providing this assurance, the CHD agrees to compile data, maintain records and submit records and reports as required to permit effective enforcement of the nondiscrimination laws, and to permit Department personnel during normal working hours to review and copy such records, books and accounts, access such facilities, and interview such personnel as needed to ascertain compliance with the non-discrimination laws. If there are any violations of this assurance, the Department of Agriculture shall have the right to seek judicial enforcement of this assurance.

This assurance is given in consideration of and for the purpose of obtaining any and all Federal financial assistance, grants, and loans of Federal funds, reimbursable expenditures, grant or donation of Federal property and interest in property, the detail of Federal personnel, the sale and lease of, and the permission to use Federal property or interest in such property or the furnishing of services without consideration or at a nominal consideration, or at a consideration that is reduced for the purpose of assisting the recipient, or in recognition of the public interest to be served by such sale, lease, or

4. Confidentiality of Data, Files, and Records: The CHD agrees to restrict the use and disclosure of confidential USDA, Women, Infant, and Children (WIC) applicant and participant information as specified in 7 CFR § 246.26(d)(1)(i) in accordance with 7 CFR § 246.26(d)(1)(ii), as applicable.

RESOLUTION No. 25-127

BREVARD COUNTY, FLORIDA

THE FOLLOWING RESOLUTION ESTABLISHING AND REVISING CERTAIN FEES AND CHARGES FOR HEALTH AND ENVIRONMENTAL SERVICES OF THE BREVARD COUNTY HEALTH DEPARTMENT AND REPEALING PAST RESOLUTIONS INCONSISTENT WITH THIS RESOLUTION WAS ADOPTED AT THE REGULAR MEETING OF THE BOARD OF COUNTY COMMISSIONERS OF BREVARD COUNTY, FLORIDA ON THE DAY OF , 2025.

WHEREAS, Chapter 154, Florida Statutes, authorizes the Board of County Commissioners to establish public health service fees; and

WHEREAS, the Board of County Commissioners has entered into a contract with the State of Florida Department of Health, and

WHEREAS, the Board of County Commissioners of Brevard County, Florida, in order to support and expand existing public health services to the community at large, finds it appropriate to establish such fees and revise them as needed from time to time; and

WHEREAS, the current fee and service schedule is in need of revision in order to accurately reflect services and charges offered as directed under the revised Florida Administrative Code; and

WHEREAS, except as provided by law, fees remain in Brevard County to help offset the cost of public health services, and

WHEREAS, the Board of County Commissioners of Brevard County, Florida has determined that the fees and charges hereinafter specified are reasonable.

NOW, THEREFORE, BE IT RESOLVED that the Board of County Commissioners of Brevard County, Florida, hereby establishes the following fees for the Brevard County Health Department.

SECTION 1. FLORIDA DEPARTMENT OF HEALTH IN BREVARD COUNTY

FEE SCHEDULE

The schedule of fees and charges for review of the Brevard County Health Department shall henceforth be as follows:

 - BCC resolution fee..... \$40.00

SECTION B. PRIMARY CARE SERVICES

A. Primary Care Services:

1. Acute/Episodic Illness - Primary care services will be charged on a fee-for-service basis using the current Medicare fee schedule for each service unless otherwise indicated. The fee will be derived by considering the type of visit, the client sliding fee group based on Federal OMB Guidelines, and the current Medicare rate. Medicaid insurance will be accepted as full payment.
2. Family Planning - The fee will be derived by considering the type of visit, the client sliding fee group based on Federal OMB Guidelines, and the current Medicare rate unless otherwise indicated. Medicaid insurance will be accepted as full payment.
3. Well Child Services - The fee will be derived by considering the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB Guidelines. The fee group will be applied to the rate established by the Medicare program unless otherwise indicated. Medicaid insurance will be accepted as full payment.
4. Maternity Services - The fee will be derived by considering the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB Guidelines. Clients who are presumed eligible will receive continued prenatal care through delivery and postpartum care. Eligible uninsured Prenatal care clients will be placed on a self-pay global maternity payment package. Medicaid insurance will be accepted as full payment.
5. Dental Services - The fee is based on the Medicare rate unless otherwise indicated. Brevard County residents between the ages of 4 -18 who do not have insurance will qualify for the Uninsured Pediatric Dental Care program. The Adult Indigent Dental Program is available for eligible adult visits.
6. Pharmacy – The Brevard County Health Department does not operate an in-house retail Pharmacy.
7. P.A.T.H. (Primary Access to Health) services, in collaboration with Space Coast Volunteers in Medicine, are available to indigent adults who are uninsured and whose income meets the eligibility guidelines. These services are available at specific locations during specific days and times on an appointment basis.

B. Flat Fee Services

Services that do not appear on the Medicaid fee schedule are assigned a flat fee. These services are itemized below:

1. Initial/Annual Family Planning Package (Includes visit, contraception method and basic lab)\$175.00
2. Initial/Annual Family Planning Package (Includes visit, Condoms and basic lab).....\$40.00
3. Supply Visit for Family Planning (Includes visit and contraception method).....\$60.00
4. Pregnancy test and Counseling..... \$25.00
5. STD (Sexually Transmitted Diseases) screening w/ Urine Test..... \$40.00
6. TB Screening Test and Assessment for pre-employment, continued employment or school/college/university entry requirement. This includes the screening assessment form (if indicated) or the Tuberculin (TB) skin test, with reading, Nurse counseling, education and follow up (if needed)...\$30.00
7. Laboratory specimen collection draw fee (Lab Only Visits), per patient.....\$12.00
8. Tuberculosis (TB) Sputum Culture for suspected, confirmed or symptomatic contact or case.....No Charge
9. Vaccines/Immunizations: International Travel, Adult and Non VFC Vaccinations
The charge is based upon the sum of a and b below:
 - a. Vaccine administration, counseling and education fees per vaccine, per person, per visit\$27.00
 - b. Actual Cost of vaccine (vaccine cost(s) can vary throughout the year)
10. Required Immunizations for eligible children up to age 18 -
From VFC (Vaccine For Children) stock.....No Charge
11. Administrative fees for Vaccine Certification Form 680 (with vaccines)....No Charge
Administrative fees for Vaccine Certification Form 680 (without vaccines)...\$ 10.00
Administrative fees for Vaccine Exemption Form 681.....\$ 10.00
12. Global Maternity Package for eligible self-pay patients
Prenatal visits, labs, ultrasound.....\$1,000.00
Delivery..... \$ 848.00
Post partum visit..... \$ 52.00
Total.....\$1,900.00

SECTION C - VITAL STATISTICS

1.	Birth Certificates:	
	- State fee.....	\$ 9.00
	- Fee pursuant to BCC Resolution.....	<u>\$ 3.00</u>
	Total Fee for Birth Certificates.....	\$12.00

HERE TO SERVE OUR COMMUNITY

The Florida Department of Health's mission is to protect, promote, and improve the health of all people in Florida through integrated state, county, and community efforts.

In 2024, we continued to offer services to support our community, participated in long-term recovery efforts, and aligned our programs to further enhance our capabilities while building and strengthening partnerships to improve integrated services.

As we focus on our community's well-being, we look to the future and how to best serve our community. In 2025, alongside our partners, we will begin the process of creating our Community Health Improvement Plan. This plan is based on our Community Health Needs Assessment conducted in late 2023 and early 2024 and will highlight actions we take to address challenges our community faces. Currently, our research supports the need for greater access to behavioral health, health care, and oral health care services, and to address the social conditions impacting health. We continue to adapt to meet our community's needs.

It is our aim for Brevard County to continue to be a vibrant, growing community.

A MESSAGE FROM THE **HEALTH OFFICER**

GRATITUDE TO OUR TEAM

As we close out 2024, I want to take a moment to express my heartfelt gratitude to our dedicated team at the Florida Department of Health in Brevard County (DOH-Brevard). Each day, your commitment and hard work help us advance our mission to improve the health and well-being of our residents.

I am also deeply grateful for our strong community partnerships. By working together, we are able to broaden our reach and make a greater impact in the lives of those we serve.

Caring for our neighbors is both an honor and a responsibility we do not take lightly. That's why we remain focused on expanding our services, enhancing the quality of care we provide, and investing in continuous training and development.

I am incredibly proud of our team in Brevard and all we have accomplished in 2024. It is that passion, dedication, and unwavering service to our community that make Brevard County a leader in public health!

Dr. Kristine Zonka, DNP, APRN,
FNP-C

A handwritten signature in black ink, appearing to read "K. Zonka".

COMMUNITY PREPAREDNESS AND RESILIENCE

Over the past few years, Brevard County has responded to a multitude of emergencies affecting public health. The onset of any disaster requires community unification to ensure the health, safety, and mental/behavioral health needs of the public are supported. We continue to enhance preparedness capabilities for emerging threats and shelter response through partnerships, trainings, and exercises.

Community Recovery

Each of these public health emergencies brought new insight, challenges, and process improvement. We collaborated with many partners across the county, region, state, and nation to ensure community needs were being met, while protecting the health and safety of responders during these emergencies.

Recent Public Health Emergencies

Hurricane Ian	September 2022
Hurricane Nicole	November 2022
Mpox	2024
Hurricane Milton	October 2024

As a member of Brevard County's Emergency Coordination Group, our health officer's public health expertise and knowledge are invaluable in key decision-making and to assist in the formulation of whole-population community response, recovery, and resiliency.

As a Cities Readiness Initiative (CRI) county, we have more than 50 closed point of dispensing (POD) partners.

We will continue to develop and strengthen partnerships, integrate with and expand upon day-to-day public health practices to build scalable response capabilities including monitoring for potential public health hazards, medical countermeasures and mitigation strategies, mass care for at-risk populations, and public health information and communication.

Community collaboration is important to us, and we rely on community based organizations (CBO), non-governmental organizations (NGO), and faith-based organizations to reach all populations ensuring a more resilient community through prevention, mitigation, and recovery efforts in the face of public health emergencies.

2024 Hurricane Milton Response

Emergency Support Function 8 (ESF-8) staff were mobilized to Brevard County's Emergency Operations Center (EOC) for Hurricane Milton on October 8. Milton made landfall on the next day as a category 3 hurricane in Siesta Key, Florida.

- 2 special needs shelters
- 79 clients sheltered
- 4 medically complex clients sheltered in local hospitals
- 2 durable medical equipment agencies provided supplies
- Oxygen supplier provided tanks
- Conducted daily ESF-8/hospital partner meetings

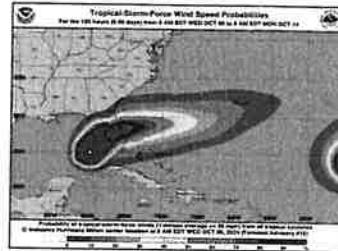

Post-Hurricane Response

Comprehensive after-action meetings were held internally and with local partners to identify strengths and recommended improvement actions. These meetings resulted in the development of an after-action report for the response that included:

- Coordination of medically complex clients among hospitals for smaller scale activations
- Improved communication to ensure all significant notifications are received for a unified response
- Collaboration with Brevard County Parks and Recreation and Environmental Public Health for cleaning shelters prior to opening

To increase the ability to respond to hazards that may affect the community, we conducted many initiatives to ensure responders have the tools needed in times of emergencies, including:

- All staff and nursing supervisor SpNS training
- Active assailant trainings, notification and tornado drills
- Logistics/inventory training
- Open POD training and closed POD partner meetings
- Coordination with Region 5, health care coalition and hospitals
- Federal Emergency Management Agency graded radiological tabletop exercise in coordination with Brevard County Emergency Management and ESF-8
- Local distribution site position workshops

Project Public Health Ready

We opted to undergo the complex, detail-oriented application process to be nationally recognized as "Project Public Health Ready." This process encourages the continuous cycle of evaluation and improvement through assessing capacity and capability to plan for, respond to, and recover from public health emergencies in collaboration with local, regional, state, and federal partners.

We were recognized as Project Public Health Ready in 2013 and 2018. An application has been submitted for the 2024 cycle.

We coordinate vulnerable client services with emergency management, law enforcement, emergency medical services, hospitals, Brevard County Housing and Human Services, transportation, durable medical equipment agencies, dialysis centers, and other CBOs to ensure at-risk clients' health, medical, and behavioral health needs are met during response and recovery.

A GROWING COMMUNITY

WHO ARE WE

A Healthy Community is a Balanced Community

Every resident should have the opportunity to make healthy choices. However, our choices are often limited or expanded based on where we live, where we work, and what resources we have access to. Understanding how factors impact our residents' opportunity for health is critical for making decisions that expand opportunity for every resident.

- Florida's Brevard County totals 1,557 square miles and is situated on the eastern coast of the central part of the state
- Total population is 634,979
- Known as the Space Coast, a record 93 orbital rockets were launched in 2024
- Median age is 46.6 years and 25% of county residents are 65 years of age or older
- Life expectancy is 80 years
- Median household income is \$78,575 and the median home value is \$304,400
- 77% of occupied housing units are owner-occupied with an average household size of 2.5 persons
- Fair market rent for two-bedroom housing is \$1,635 compared to the Florida average of \$1,446
- 28.7% of families consist of grandparents who are responsible for grandchildren
- Those 25 years of age and older, 27.6% of the population earned a high school diploma or equivalent and 20.3% has a bachelor's degree or higher
- Veteran population is 12.6%
- 15.3% of residents live with a disability of those in the civilian non-institutionalized population
- 9.5% of the population is without health care coverage and 9.4% are enrolled in the Supplemental Nutrition Assistance Program (SNAP)

AS POPULATION GROWS, NEEDS GROW OUTPACING GROWTH

The state of Florida, as well as Brevard County, has seen a dramatic increase in population over the past 10 years. It is expected to continue to rise over the coming years. While there are many benefits to a growing population, like boosting the economy and job creation, it also comes with some obstacles. A higher demand for services can put a strain on the existing systems and impact service delivery.

POPULATION GROWTH ESTIMATES

An increase in the local population has called for a higher demand in services.

Some of the ways our services have grown with the population includes:

- Environmental Public Health recorded a 16% increase in operating permits (facilities, pools, and septic) from 2023 to 2024.
- Maternity patients increased 11% from 2022 to 2024.
- 30,827 clients checked out in 2024

Sources: US Census Bureau ACS 5-year 2019-2023 and UF Bureau of Economic and Business Research

HERE TO SERVE YOU

The Florida Department of Health in Brevard County offers a variety of services and programs to address the health needs of residents.

- Migrant Labor Housing

We offer a variety of services including dental, WIC, immunizations, refugee health, tuberculosis control services, family planning, maternity, and sexually transmitted infection (STI) prevention. Most services are provided on a sliding fee scale and are based on income and family size. WIC is a special supplemental nutrition program that serves low-income pregnant, breastfeeding, or postpartum women, infants, and children under 5 years of age.

INFECTIOUS DISEASE SERVICES

Infectious Disease Services conduct investigations, surveillance, prevention, and control of communicable diseases of public health importance. Staff investigates over 80 reportable conditions including HIV/AIDS and sexually transmitted infections.

ENVIRONMENTAL PUBLIC HEALTH

Environmental Public Health works to prevent disease of environmental origin and to promote and improve the health of all people in Brevard County. Environmental Public Health services are delivered to the residents and visitors in Brevard County through integration with the local county facilities and our county and community partners.

The Emergency Preparedness Program is actively involved in planning and responding to the public health needs of the community in times of emergency or disaster. We work closely with community partners to ensure coordination of health and medical response within Brevard County. The priorities of the program are to ensure that delivery of essential medical and public health services are maintained or restored following a disaster and that assistance is provided to meet emergency needs of the affected population.

Public health takes individuals, families, communities, and partnerships with local and state-level policymakers and stakeholders to create a culture of health in Florida. We are all stewards of health in Florida. Florida health belongs to all of us.

MEETING PEOPLE WHERE THEY ARE

OUR GOAL

To provide the biggest impact on those who are most in need, we believe in meeting people where they are. Multiple outreach events were conducted in 2024 to achieve this goal.

The epidemiology, preparedness, clinic, and health education teams reached out to people from all walks of life who have limited access to health care and education.

Working collaboratively, many of the outreach programs offered integrated services, such as STI screenings and health education, in order to have a greater impact.

INCREASING ACCESS TO CARE

We offered outreach in a variety of approaches to increase access to needed areas.

Provided support and education for:

- Schools
- Medical providers
- Long-term care facilities
- Homeless shelters
- Faith-based organizations
- Rehabilitation centers
- Libraries
- Senior communities
- Low-income communities
- Family services center

2024 Outreach and Education

- Palm Bay Multicultural Festival
- Homeless encampments
- Street outreach
- Faith-based organizations
- Pediatrics of Brevard
- Central Brevard Community Church of God in Christ Community Fair
- Brevard Recovery Festival
- Brevard Prevention Coalition
- Brevard Homeless Coalition Continuum of Care
- Heart of Florida United Way
- Point in Time Count snapshot of homelessness
- Brevard Renaissance Festival
- Frenchies and Bikers event
- Daily Bread
- Salvation Army Domestic Women's Center
- Multicultural Festival
- Easter event
- Flying J's Truck Stop
- Latin Music Festival
- Operation New Hope
- Titusville Health Fair
- Brevard County Government Health Fair
- Cocoa Library Community Fair
- Pa'Lante Para Todos Multicultural Festival
- Brevard Walk for Epilepsy
- Spring into Fitness

When residents are educated and informed, they know the signs, the risks, and the measures of prevention available. Residents are then empowered to take the steps needed for their own health.

In providing the information and creating awareness, we empower residents to be their own health advocates.

We provide education to the community and partners using a wide range of tools, such as:

- Providing education before, during, and after appointments.
- Providing assistance to residents.
- Partnering with schools, partners, and the community to distribute educational information.
- Providing education and prevention strategies for a wide range of communicable diseases like rabies, Legionnaires', hepatitis, and salmonella.
- Distributing press releases, creating infographics, and adding up-to-date information to the website.
- Distributing signs and flyers for community events, alerts, health campaigns, and special clinics.

WE RISE LIFTING OTHERS

The community's needs are our top priority, and we are committed to serving families of Brevard County.

Florida's Women, Infants, and Children (WIC) is a federally-funded nutrition program for women, infants, and children. WIC provides healthy foods, nutrition education and counseling, breastfeeding support, and health care referrals.

Monthly participation for DOH-Brevard WIC was 10,805 clients in September 2024.

WIC in Brevard County continues to maintain almost every nutrition and breastfeeding indicator above the statewide average, including:

- Infants currently being breastfed
- High-risk nutrition education contacts
- Prenatal women enrolled in their first trimester

WIC services are offered at all three clinic

Notable achievements for DOH-Brevard's WIC Program:

- 85% of infants have been breastfed
- 23% of infants were exclusively breastfed for at least 26 weeks compared to the state average of 19%
- 80% of the eligible population is served with an average monthly redemption of \$844,235
- 71% of prenatal women enrolled in their first trimester
- 95% of high-risk clients received nutrition counseling

Outreach efforts and partnerships include:

- World Breastfeeding Week: 321 Latch
- Library Story Time with Help Me Grow
- Space Coast Breastfeeding Coalition
- Keiser Dietetic Internship Program

In August, National Breastfeeding Month, DOH-Brevard's WIC partnered with Healthy Start to host a community event celebrating local breastfeeding families.

The program continues to improve and achieve many successes that help provide exceptional services to the community.

Working towards a healthier Florida with the goal of reaching every community in Brevard County.

- **Chronic Disease Prevention:** In tandem with community partners, we are improving mental health in the community by providing Youth Mental Health First Aid and Mental Health First Aid training. We also promote information sharing, participate in community activities and initiatives that address injury prevention and chronic disease, and access to food, education, and housing.
- **Nutrition and Physical Activity:** We partnered with the Sunflower House to provide weekly exercise classes for older adults. We also collaborated with community partners to develop the Spring into Fitness Challenge. This challenge encouraged participants throughout the county to increase their physical activity. Participants also received education on nutrition, stress, mental health, and lifestyle changes.
- **Schools:** We maintain a positive relationship with Brevard Public Schools and actively participate in the School Health Advisory Committee and collaborate with the school health and physical education teams.
- **CDC Scorecard:** The Worksite Health Scorecard is a tool developed by the Centers for Disease Control and Prevention to improve the health and well-being of their employees. We completed the scorecard and identified a plan of action to prioritize employee wellness.

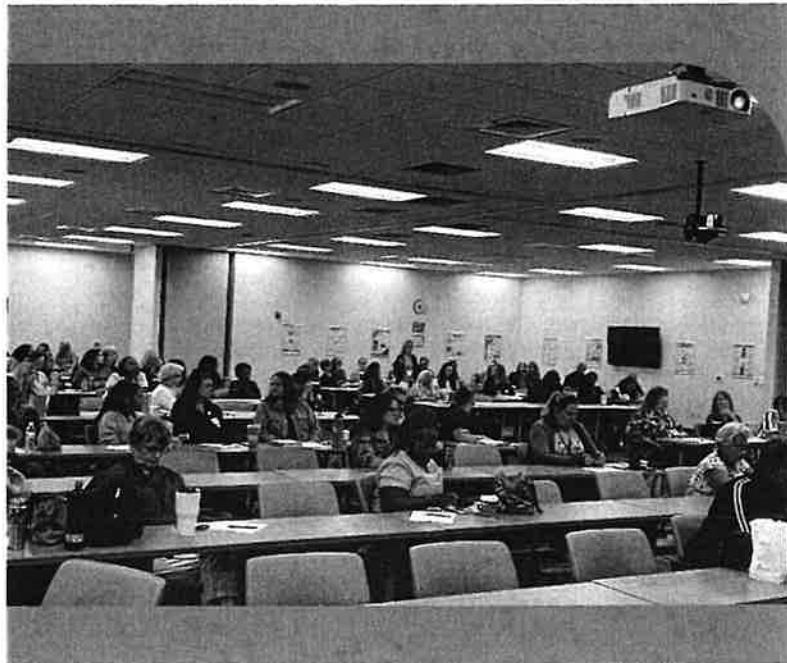

• **Access to Mental Health Services:** As part of the Coordinated Opioid Recovery (CORE) program, we partnered with Circles of Care, Brevard Fire Rescue, and local hospitals to provide a one-stop-shop model to those affected by substance use disorder. This treatment approach recognizes that addiction is both a medical condition and a psychiatric illness and should be treated as such. Patients receive Medication-Assisted Treatment (MAT), if appropriate, along with addiction-focused counseling services provided by licensed social workers in both individual and group settings, primary and dental care, along with infectious disease treatment.

- **Dental Health:** Educated new and expectant mothers on the importance of dental health. Provided dental referrals to new mothers. Reinforced the importance of dental health by providing educational information throughout the community.
- **Child Literacy:** Educated new and expectant mothers on the importance of reading to their baby during pregnancy and continuing during infancy and toddlerhood. Our clinics also distributed children's books to moms and families visiting our clinics.
- **Child Safety:** Participated in the Coordinated Child Safety Initiative. Along with partners, we are focused on ensuring the overall safety of all children by educating families about water safety and drowning prevention, safe sleep, and vehicle and home safety. We provided new families with Infant safe sleep kits.

ACHIEVING MORE TOGETHER

PARTNERSHIPS IN BREVARD COUNTY

The number of organizations and sectors we have partnered with this year is far too many to list. Our impact would have been much less if not for collaboration with our partners.

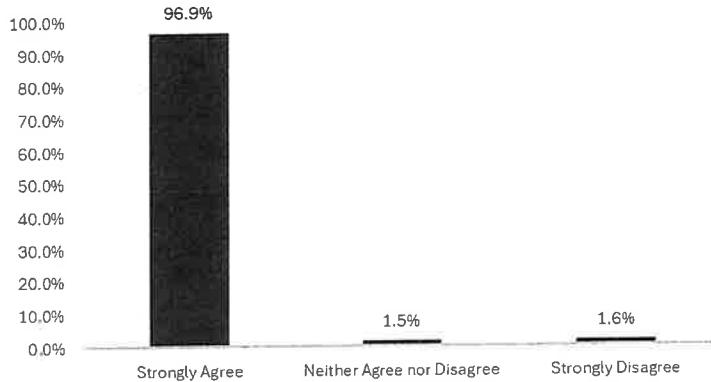

We were able to collaborate on a variety of projects together, as a community. Emergency preparedness and response, illness preventive education, mental wellness, healthy lifestyle and safety education, and substance abuse education are just a few examples.

We not only rely on each other for outreach and services, but we also frequently train together. During times of crisis, knowing each other's roles and strengths enables a more effective community response and flow of services. These trainings are beneficial as they help to strengthen relationships and partnerships.

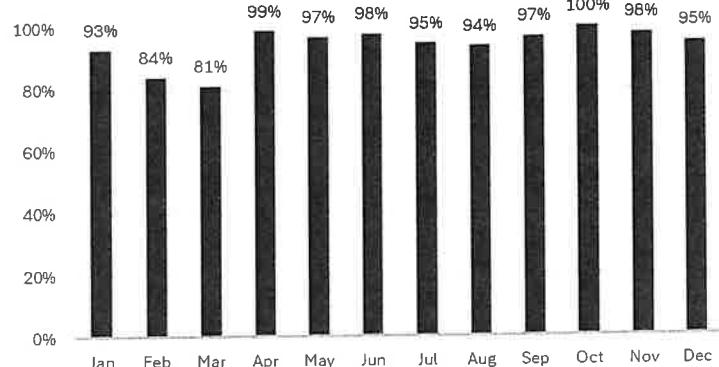

Together, we achieve so much more.

In 2024, we collaborated with medical professionals, mental health providers, emergency preparedness officials, emergency medical services, law enforcement, city officials, schools, refugee services, hospitals, religious organizations, homeless shelters, substance abuse prevention and rehabilitation organizations, and many more.

2024 Satisfaction Level

2024 Customer Satisfaction

CUSTOMER SERVICE

We take pride in listening to the voice of the customer and we go above and beyond to offer assistance to our clients with empathy and compassion.

In order to maintain our culture of quality improvement, we implemented multiple processes that allow our clients the opportunity to provide us feedback on their experience before, during, and after their visit.

FEEDBACK

We collect customer feedback which is presented to the Performance Management Council for their review and action each month. Clients can submit feedback verbally or in writing and have access to electronic surveys and paper surveys in English, Spanish, and Haitian Creole. If complaints are received, clients are contacted within 24 hours to address their concerns.

Employees are also encouraged to submit feedback with suggestions and complaints.

ENVIRONMENTAL HEALTH

—public health concerned with all aspects of the natural & built environment that may affect human health.

PLANS FOR THE FUTURE

We are continuously promoting healthy living choices and disease prevention strategies to impact the future of Brevard County. We strive to plan for the future needs of our personnel, partners, and residents in addition to our current activities.

Each program area within DOH-Brevard prepares, plans, and sets goals to address future demands in a variety of ways, such as sustaining services for a growing community, preparing personnel for unanticipated events, expanding services, programs, and outreach, and partnering for new and current initiatives.

With three clinic locations, administrative office, and environmental public health office, we are dedicated to serving the community where our residents live, play, and work. We work diligently to enhance the health and well-being of our community, and we work hard to be a reliable source that people can trust.

We are committed to serving our community and striving to offer the highest quality of services. Through strategic planning and quality improvement, we continue to make public health a priority.

STRATEGIC PLANNING

As of December 2024, several objectives have been completed, and remaining objectives are on track to be completed by December 2025.

Completed accomplishments include:

- Increasing the percentage of breastfed infants
- Increasing the treatment completion rate for active tuberculosis cases
- Ensuring pre-identified staff can respond to an alert to duty within 60 minutes or less

PERFORMANCE MANAGEMENT AND QUALITY IMPROVEMENT

Quality Improvement Training

We believe in quality improvement in all aspects of the organization. There is always a way to do things better. We know the better our processes are, the better we can serve our community.

For Fiscal Year 2023-24, there were four quality improvement (QI) projects underway that were presented at the all-staff meeting in April.

Additionally, the employee QI training series was adapted to maximize training time and allow staff to practice their QI skills before joining a project.

Three QI projects were completed in 2024:

1. Increase pregnant mothers in accessing prenatal care
2. Increase customer satisfaction survey responses
3. Decrease percentage of underreported school health services

COMMUNITY HEALTH NEEDS ASSESSMENT COMMUNITY HEALTH IMPROVEMENT PLAN

In partnership with the community group Foundation Advisory Council, we facilitate the creation, monitoring, and implementation of two Brevard County plans:

1. Community Health Needs Assessment (CHNA)
2. Community Health Improvement Plan (CHIP).

The 2022 CHNA is a data-driven approach to determine the health status, behaviors, and needs of Brevard County residents. Members of the Foundation Advisory Council used this data to inform decisions and guide efforts in the creation of the CHIP.

A new cycle of the CHNA began in late 2024 and this new assessment will fuel the next CHIP and collaborative initiatives Brevard County partners will implement to address needs of the community.

The 2023-25 CHIP addresses four priority areas in Brevard County: behavioral health services, access to health care services, access to oral health care and preventive services, and social and economic conditions impacting health.

In 2025, a new CHIP will be developed based on the data in the 2025 CHNA.

UPGRADING OUR WORLD

DOH-Brevard's Office of Information Technology improves our productivity by making information easy to access and use. This positively impacts all aspects of our operations. We utilize technology for communication with the community, information tracking and sharing, data driven priorities, and more.

In 2024, the office migrated or rehosted local servers to the cloud in order to enhance core department functions, improve business processes, and provide a more secure technology environment.

PROJECTS

Communication Enhancements

- Upgraded wireless network equipment
- Installed a guest wireless network for client usage across all clinical and administration sites

Disaster Response Communications

- Purchased AT&T FirstNet MegaGO kits to add additional connectivity and improve service mobility
- Upgraded 800 MHz radios for disaster response communications
- Installed ESF-8 workstations that allow for DOH network access at the Brevard County EOC

System Enhancements

- Upgraded and deployed over 50 computer terminals for clinical staff to easily move between exam rooms with quick access to electronic health records
- Collaborated with WIC and State Health Office to develop statewide appointment scheduling, slated for deployment in early 2025

Security Enhancements

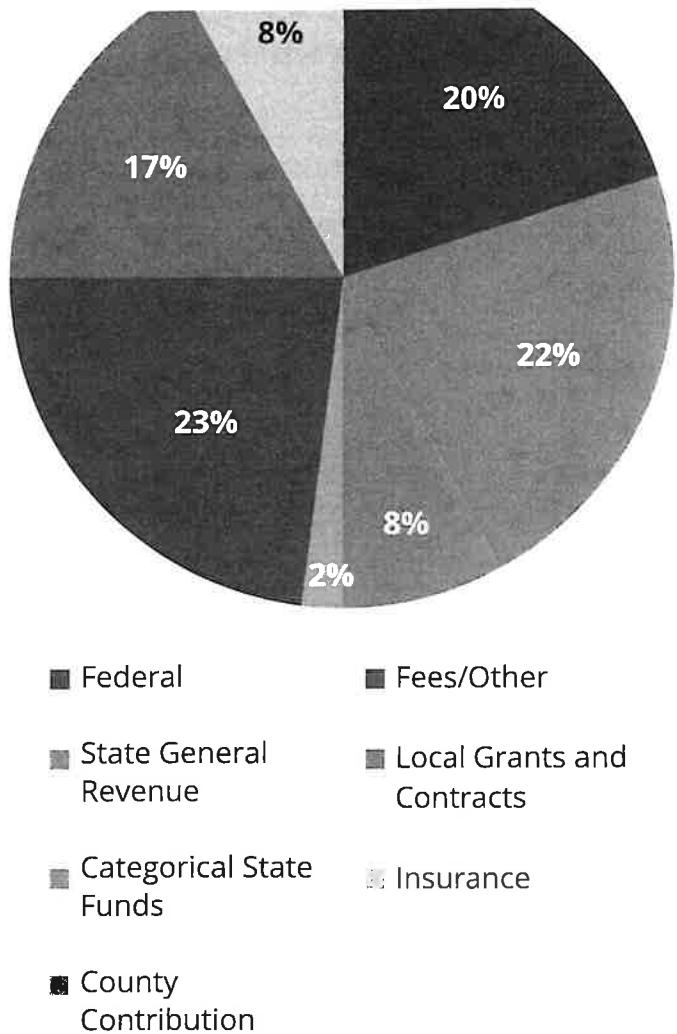

- Improved security on infrastructure through implementation of multi-factor authentication and single sign-on

THE FINANCIAL FACTS

REVENUES - 2023-2024 FISCAL YEAR

Our annual budget in FY 2023-24 was \$22,367,429. Our funding used to cover expenses comes from different sources that include federal funds, state funds, fees, insurance payments, and our local county contribution.

Federal	\$4,428,792	20%
State General Revenue	\$4,937,706	22%
Categorical State Funds	\$1,850,332	8%
County Contribution	\$532,940	2%
Fees/Other	\$5,047,864	23%
Local Grants and Contracts	\$3,865,642	17%
Insurance*	\$1,673,933	8%
TOTAL	\$22,337,209	100%

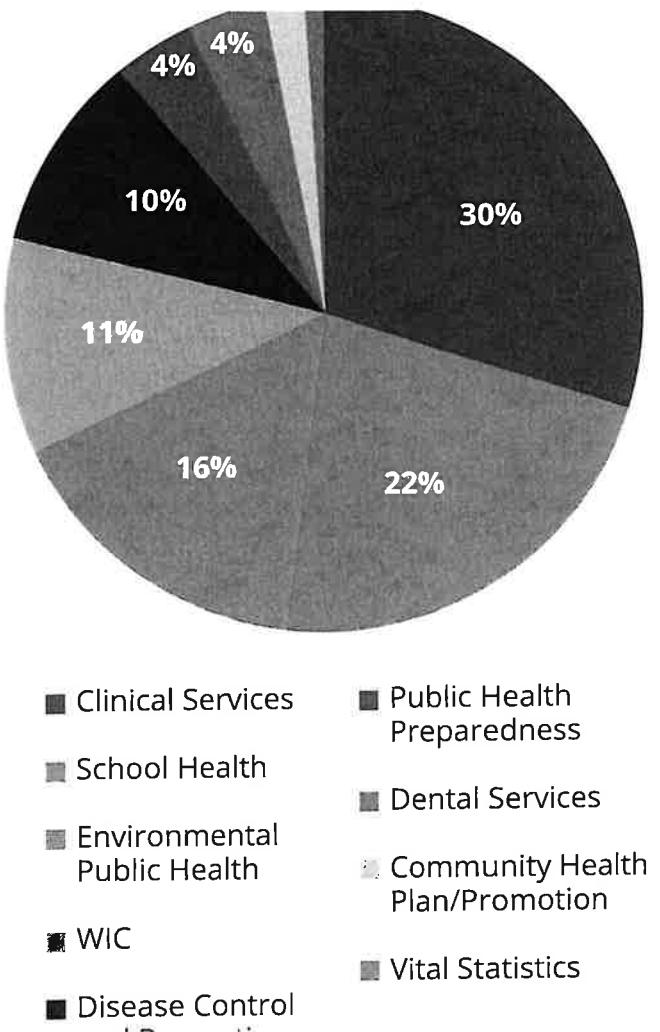

*Medicaid, Medicare, and third party

EXPENDITURES - 2023-24 FISCAL YEAR

Expenditures are summarized by program.

Our clinical, school health, and environmental public health programs make up more than half of our total expenditures.

Clinical Services	\$5,511,845	30%
School Health	\$4,107,831	22%
Environmental Public Health	\$3,061,993	16%
WIC	\$1,998,208	11%
Disease Control and Prevention	\$1,856,258	10%
Public Health Preparedness	\$748,266	4%
Dental Services	\$652,109	4%
Community Health Plan/Promotion	\$424,669	2%
Vital Statistics	\$236,918	1%
TOTAL	\$18,598,097	100%

THE BIG PICTURE

We strive to attract, recruit, and retain a competent workforce.

The 2024-28 Workforce Development Plan was implemented in January 2024. Training and development of the workforce is part of a comprehensive strategy toward our quality improvement. Health care resiliency and a healthy workforce have played a vital role in 2024. A mental health first aid course is available to staff, along with a monthly newsletter focusing on healthy habits.

In January 2024, we improved our rewards and recognition program, establishing the "Employee of the Quarter" and "Employee of the Year." Employees participate by nominating others based on our ICARE values.

The dedication and hard work of our staff are frequently acknowledged. In 2024, staff received the Tommy Chandler Excellence Award (honorable mention) and the Edward Zigler Innovation Award.

OUR STAFF

In 2024, our workforce remained consistent throughout the year, averaging 350 employees.

The state of Florida classification of employees consists of career service, selected exempt service, senior management service, and other personal services employees.

53%
CAREER SERVICE

42%
OTHER PERSONAL
SERVICES (OPS)

5%
SELECTED EXEMPT
SERVICE (SES)

<1%
SENIOR
MANAGEMENT
SERVICE (SMS)

TRAINING

Our employees attend and provide numerous trainings at the federal, state, and local levels throughout the year. Participation in a variety of trainings fosters knowledge and strong relationships.

Staff Training Opportunities

- Stop the Bleed
- Lean Six Sigma Yellow and Green Belt
- Blue Plaid Society Fentanyl 101
- Grant Writing
- Conflict Management
- Plan, Do, Check, Act
- Brevard County Executive Leadership Institute
- Great Tornado Drill
- Brevard County Emergency Management Exercises
- Special Needs Shelter Exercise(s):
 - Train the Trainer
 - Operations and Management
- Active Assailant Training
- Mental Health First Aid
- Human Trafficking Prevention Workshop
- Cyber Security
- Annual Statewide Nursing Leadership Training
- Region 5 Mass Casualty Exercise

DISEASE SURVEILLANCE

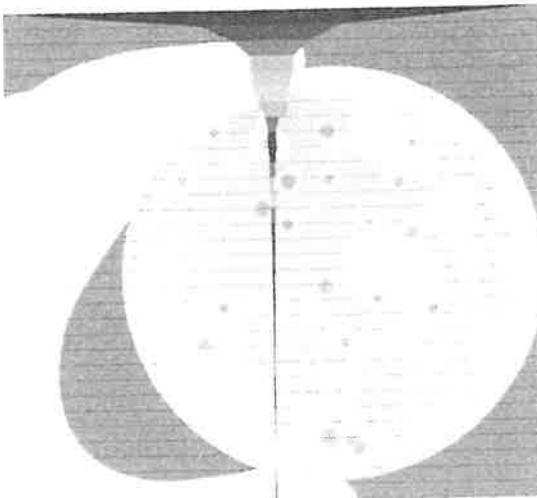

PLANS FOR THE FUTURE

Epidemiology is the foundation of public health. Epidemiologists analyze viruses and contribute to the understanding of diseases, their origin, and transmission.

Epidemiology also encompasses other aspects of health, such as environment-related exposure, foodborne illness, injuries, non-infectious disease, and natural disasters.

Hepatitis C, chronic (including perinatal)	274	Vibriosis (Vibrio vulnificus)	5
Rabies, possible exposure	178	Cyclosporiasis	4
Salmonellosis	164	Haemophilus influenzae invasive disease	4
Lead poisoning	68	Carbon monoxide poisoning	3
Hepatitis B, chronic	49	Hepatitis A	3
Hepatitis C, acute	35	Shiga toxin-producing Escherichia coli (STEC) infection	3
Legionellosis	27	Varicella (chickenpox)	3
Pertussis	27	Hansens Disease (Leprosy)	2
Campylobacteriosis	25	Malaria	2
Giardiasis, acute	14	Amebic infections	1
Hepatitis B, pregnant women	14	Anaplasmosis	1
Hepatitis B, acute	8	Babesiosis	1
Mpox	8	Creutzfeldt-Jakob disease (CJD)	1
Rabies, animal	8	Cryptosporidiosis	1
Shigellosis	8	Meningitis, bacterial or mycotic	1
Streptococcus pneumoniae invasive disease	7	Meningococcal disease	1
Vibriosis (excluding cholera and Vibrio vulnificus)	7	Mercury poisoning	1
Listeriosis	5	Salmonella Typhi infection	1
		West Nile virus disease	1

Source: Confirmed cases from FLHealthCharts

EDUCATION

- Observation tool - environmental services
- Initiate requests for Infection Control Assessment and Response (ICAR)
- Transmission-based infection control
- Disease surveillance - tracking reportable diseases

FIELD INVESTIGATION

- Infection control consultations
- Disease outbreak investigations
- Epidemiologic investigation site visits
- Post-disaster population disease risk-assessment

JOINT AGENCY INSPECTIONS

- Legionella
- *Vibrio vulnificus* infections connected to consumption of raw oysters
- Complaints of individuals becoming ill after consuming food from a restaurant

OFFERING RESOURCES

- STI and HIV counseling
- Hygiene packs
- Community referrals

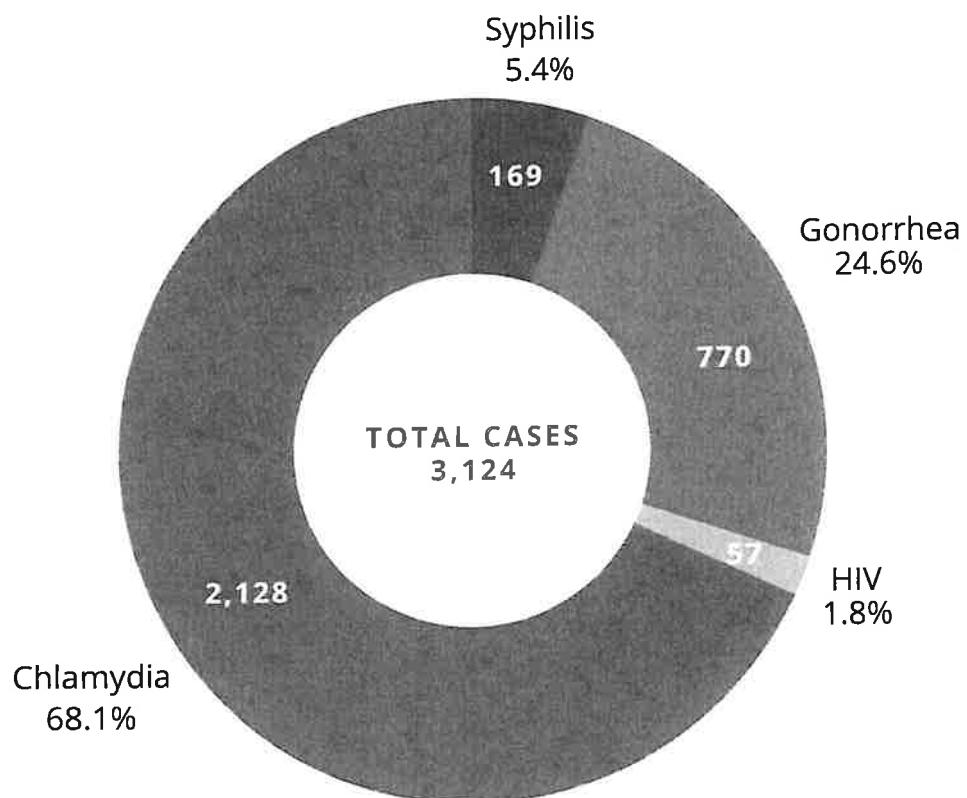

TESTING

- HIV
- Hepatitis
- Influenza
- STIs such as chlamydia, gonorrhea, and syphilis

OUTBREAK INVESTIGATIONS

- Scabies
- Hand, foot, and mouth
- Legionella
