FYI: As a number of constituents have reached out to express concern regarding trash pickup (of, more accurately, lack thereof), I asked County Manager Frank Abbate to call a special meeting of the BoCC on Thursday or Friday to discuss and receive an update regarding WM service deficiencies. I do not know which of the two days it will be, as it depends on the other commissioners' schedules. While all prior special meetings I have requested have dealt with coronavirus, I believe the issues to be widespread and significant enough to warrant an out-of-cycle meeting so that all may be apprised as to what's going on and what is being done to rectify it.

We only have the Agenda, Steve, and no other backup, but attached is a Board Action Memorandum and a letter Euri Rodrigues received from Waste Management about recycle collections at the July 7 meeting. The Board's action was for them to continue with the current Contract and Frank brought it up in his reports and there was a representative present who addressed the Board.

Thanks, Donna

Donna – I looked at the Board's site and didn't see the agenda package with the detail. Do you have it?
