Subject:

Report and Discussion Regarding Tree Maintenance along the County portion of Rockledge Drive. - District 2.

Fiscal Impact:

None

Dept/Office:

Public Works Department

Requested Action:

It is requested that the Board of County Commissioners receive staff report and public comment regarding tree maintenance on portions of Rockledge Drive.

Summary Explanation and Background:

Over the past several years there have been a number of meetings between County staff and various residents living along Rockledge Drive to discuss and disclose concerns regarding tree-related obstructions on that transportation corridor. The staff concerns have been primarily focused on improving safety by bringing the road into compliance with Federal, State, and County standards relating to roadway clearance for vehicles traveling along the road. Citizen concerns have mainly been associated with preserving the character of the road corridor.

Most recently, staff has performed surveys, tree surveys, tree condition evaluations, and performed an engineering evaluation of the situation and has determined that in conformance with applicable standards, the tree maintenance needed can be reduced from 16 ft. to 14 ft. of vertical clearance. The result of this analysis is that of the over 1,000 trees in close proximity to the road, as much as 25 feet away, just 61 (less than 6%) require any trimming. No tree requires complete removal; however, 15 trees (less than 1.5%) require severe trimming (referred to as major ++ trimming). All 61 of the trees to be trimmed are in fair to poor condition and most have been struck by vehicles. All trimming is limited to portions of trees that are both lower than 14 feet and are overhanging the road pavement.

In addition to concerns addressed by the information above, there have been numerous other questions and concerns raised by residents, some of which are addressed below.

Rockledge Drive is a public road under the jurisdiction of the County by virtue of deed, plat, or maintenance. The County is responsible for meeting the minimum traffic and safety standards. Section 856-69, Brevard County Code, specifies that road and easement improvements shall comply with the applicable regulations of the County and State, including, but not limited to, Florida Department of Transportation (F.D.O.T.) standards and specifications and exhibits approved by the Board of County Commissioners.

The Florida Legislature authorized the F.D.O.T. to establish standards and criteria for the design, construction, maintenance, and operation of public roads and streets. Sections 334.044(10) and 336.045, Florida Statutes.

The F.D.O.T. Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways (2018) (also known as the "Florida Greenbook") Paragraph C.7.j.4.(b) specifies the vertical clearance height on certain roads shall be sixteen feet unless there is an engineering analysis which safely lowers it (14 feet minimum). Furthermore, the F.D.O.T. also has in place the F.D.O.T. Design Manual that establishes certain vertical clearance requirements. Specifically, Paragraph 122.5.9.1 of the F.D.O.T. Design Manual incorporates the national design standards from the American Association of State Highway and Transportation Officials (A.A.S.H.T.O.) and provides similar requirements to that of the Florida Greenbook.

Pursuant to Section 336.045, Florida Statutes, F.D.O.T. provides uniform minimum standards for design, construction, and maintenance that apply to the County-road system. Public Works staff has determined Rockledge Drive falls within that system.

Supporting the justification to reduce the impact and to preserve the road character to the greatest degree possible, two arborists independently evaluated the trees. Staff prepared a report titled the Traffic Operations Rockledge Drive Technical Memorandum. The limits identified in the Traffic Operations Rockledge Drive Technical Memorandum establish the lowest height clearance allowable under Federal and State Standards as 14 feet (rather than 16 feet). This is to ensure that the character and nature of Rockledge Drive are preserved to the greatest extent possible, while allowing for appropriate traffic safety.

Clerk to the Board Instructions:

RE: Item I.1., Report and Discussion Regarding Tree Maintenance Along the County Portion of Rockledge Drive

The Board of County Commissioners, in regular session on April 9, 2024, received the staff report and listened to public comment regarding tree maintenance on portions of Rockledge Drive.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

FROM: Corrina Gumm, P.E., Traffic Operations Manager *Corrina Gumm*

DATE: March 8, 2024

REF: Rockledge Drive Trees

SUBJECT: Traffic Operations Vertical Clearance Standards – Rockledge Drive

I. INTRODUCTION

This memorandum provides a comprehensive assessment of the vertical clearance standards on Rockledge Drive, a county-maintained road, primarily designed to facilitate vehicle access to adjacent properties and intersecting roads. Vertical clearance, the minimum height clearance for vehicles under obstructions such as tree limbs and utility lines, is a critical component of road design to ensure the safety of all road users. This evaluation seeks to determine whether the existing vertical clearance on Rockledge Drive complies with current standards and identifies any necessary modifications to enhance road safety and functionality.

II. REFERENCES

The **Brevard County Code of Ordinances Sections 86-69** (Attachment A) and the **Florida Statutes** (Attachment B), alongside the **Florida Department of Transportation (FDOT) Standards** (Attachment C) and the **Manual of Uniform Minimum Standards for Design, Construction, and Maintenance for Streets and Highways**, commonly known as **Florida Greenbook** (Attachment D), establish the regulatory framework for public roadways. These documents dictate that all transportation facilities, including Rockledge Drive, adhere to uniform minimum standards for design, construction, and maintenance to ensure safety and consistency across the county road system.

III. DISCUSSION

Rockledge Drive, spanning approximately 2.6 miles from US Highway 1 (US-1) to its northern endpoint of county-maintenance at 1855 Rockledge Drive, functions as a two-lane, two-way low-volume, local road facilitating access between residential areas and major arterial roadways. There are four (4) county-maintained road connections between US-1 and Rockledge Drive along this segment, including Coquina Road, Bonaventure Drive, McIver Lane, and US-1 directly.

As required by Florida Statutes, FDOT has established the Florida Greenbook as the uniform minimum standards and criteria for the county road system and Brevard County recognizes FDOT's guidance within the Florida Greenbook for county roads and reaffirms this acceptance within the Brevard County Code of Ordinances. All roads part of the county road system are required to conform with the Florida Greenbook standards unless the county road is part of the Florida State Highway System (map provided in Attachment E) or the National Highway System (map provided in Attachment F), in which case the road is required to conform with the FDOT Design Manual or AASHTO A Policy on Geometric Design Highways and Streets (AASHTO Green Book). FDOT Design Manual and the AASHTO Green Book are generally more stringent than Florida Greenbook criteria; although, on the subject of vertical clearance, the criteria are the same.

Further, FDOT has reaffirmed this road is not part of the State Highway System and that the local government entity has jurisdiction over the roadway. Staff has also confirmed that the road is not on the National Highway System. As such, the Florida Greenbook is the applicable engineering design standard for this road, as Rockledge Drive is a local road and not on a State or National Highway System.

The Florida Greenbook Chapter 3 Section C.7 (Geometric Design, Cross Section Elements) states that "streets, other than a freeway or arterial road, should have a clearance of 16 feet unless the provision of a reduced clearance is fully justified by a specific analysis of the situation (14 feet minimum)". The Greenbook also recommends that an allowance of 6 inches be added to the vertical clearance on local roads to accommodate future resurfacing, as opposed to freeways and arterial roadways where the added 6 inches is required. As there are no bridges crossing the road or other non-natural vertical obstructions, the reduced vertical clearance is determined by the height of the trucks that travel the roadway while keeping the trees trimmed, but not less than 14 feet minimum.

The Florida Greenbook encourages context-based transportation planning and design to meet the needs of pedestrians, bicyclists, motorists, and freight handlers. In considering context-sensitive criteria that works for all modes of travel, the responsible agency must consider the users of the roadway and their abilities. The Florida Greenbook allows for the horizontal and vertical clearances to be evaluated individually based on the type and volume of expected traffic, while also providing reasonable access for the largest vehicle that should be accommodated on the road.

The following is the type of expected larger vehicular traffic on Rockledge Drive:

1. **School Buses** are typically **10.5 feet in height**, which provide service to Rockledge Drive.
2. **Waste Management trucks** are **13.5 feet in height**. They have some somewhat smaller trucks that they currently use on Rockledge Drive, which are nearing end of life and will be replaced with the 13.5 ft trucks. Waste Management has advised that a **minimum clearance of 14 feet** would provide the level of safety necessary to avoid impact and damage to a collection vehicle from a tree branch while remaining within the appropriate travel lane.
3. A **Motor Home** or **Recreational Vehicle (RV)**, which are typically **10 to 12 ft in height**, operated by a resident needing access through Rockledge Drive.
4. A **moving/box truck** or **appliance delivery truck** with a specific need to access a property on Rockledge Drive. Single-unit box trucks vary from **11 to 13.5 feet in height**.

5. **Fire Rescue Department fire engines** that respond to this area along Rockledge Drive have **a travel height of 10'7"**. The Fire Marshal has advised as per the Florida Fire Prevention Code (FFPC), fire department access roads shall have an **unobstructed vertical clearance of not less than 13.5 feet**.

In considering context-sensitive criteria, we must contemplate the users of the roadway and their abilities. To provide reasonable access on Rockledge Drive, the 14-foot minimum vertical clearance standard must be provided to maintain safe and reasonable access for these users.

It has been suggested that Rockledge Drive should be recognized as a scenic route with lesser vertical clearance standards. Brevard County Code Section 246-1 has designated Rockledge Drive as a "scenic drive", which simply allows for county staff to install signs that the road is designated by Code as a scenic drive. The Code does not provide any opportunity that allows staff to reduce engineering standards, including the minimum vertical clearance standards, for that designation.

The term "scenic drive" is not typically associated with engineering design standards. Instead, it is a term used in the context of tourism and transportation to describe a road or route that offers picturesque views of natural landscapes, scenic vistas, or other visually appealing features. Scenic drives are designed and maintained to enhance the experience of travelers and tourists who wish to enjoy the beauty of the surroundings.

Engineering design standards, on the other hand, refer to specific guidelines, regulations, and criteria that engineers follow when designing and constructing various structures and infrastructure, such as buildings, bridges, roads, and highways. These standards are focused on safety, functionality, durability, and compliance with regulations, unrelated to aesthetics or scenic beauty.

Engineers can take exceptions to the minimum criteria recommended in the Florida Greenbook, to increase design flexibility where appropriate. To take an exception, they weigh a number of factors, including a road's accident history and the type of vehicles using the road (e.g., recreational vehicles, waste collection vehicles, fire engines, and moving/box trucks) and document their analysis to justify taking the exception.

Brevard County has taken design exception on Rockledge Drive for the horizontal clearance, which preserves certain mature trees and roadside obstructions such as stone walls along Rockledge Drive that are within the required minimum horizontal clearance (within 6 ft from edge of paved travel way). This decision is based on careful consideration of various factors, including traffic calming, environmental preservation, context-sensitive design, and roadway design speed. Despite the occurrence of single-vehicle off-road crashes involving trees on Rockledge Drive, the decision is supported by the fact that the close horizontal proximity of the trees promotes traffic calming which can naturally encourage slower traffic speeds, enhancing safety in this residential area. Further, the physical space required to meet the standard horizontal clearance is not available without substantial property acquisition and complete demolition of existing trees and structures. The costs of such actions would significantly outweigh the potential safety benefits of meeting the horizontal clearance requirement.

Brevard County has not taken design exception on Rockledge Drive for the 14-foot minimum vertical clearance standard. The vertical clearance criterion applies to any type of roadway including local roads. They are set to provide at least a 6-inch differential between the maximum legal vehicle height and the roadway. In Florida, no vehicle may exceed a height of 13.5 feet (except an automobile transporter, which may not exceed 14 feet). It is noted that the 14-foot clearance is without additional recommended allowance for future road resurfacing. The minimum clearance applies to the entire roadway width (traveled way).

The adverse effects of the insufficient vertical clearance on Rockledge Drive are apparent from reported crash experience. Impacts to low tree limbs create risk for the driver of the vehicle and others on the roadway. There have been a number of reported incidents on Rockledge Drive that have resulted in temporary closure of the road and serious safety concerns resulting from a larger vehicle impacting a tree limb.

Engineering staff conducted an analysis of crash experience on the county-maintained portion of Rockledge Drive, which revealed a total of 26 reported crashes from January 1, 2014 to December 31, 2023. A complete list is provided in Attachment G. Four (4) of these crashes involved a vehicle colliding with a tree limb overhanging the road and a description of each is summarized below. The frequency of crash experience involving tree limbs confirms that there is insufficient vertical clearance on Rockledge Drive which has resulted in damage to vehicles, power lines, utility poles, and trees.

1. On 11/1/2017, a Moving (box) truck struck tree limb that crossed the roadway at 2015 Rockledge Drive.
2. On 1/17/2018, a Semi-Trailer Truck working at a property in the area struck a large tree limb that was hanging low over the roadway at 2081/2085 Rockledge Drive, causing the limb to break and fall onto power lines and damaging the utility pole. The tree limb had to be cut up and removed with special heavy equipment.
3. On 1/29/2018, a Land Clearing Truck working in the area struck a large tree limb that was hanging low over the roadway, causing limb to break and fall to ground and block the road at 2029 Rockledge Drive.
4. On 2/23/2019, a Moving (box) truck struck tree limbs that crossed the roadway at 2245 Rockledge Drive and came to rest with the enclosed box unit of the truck embedded into the tree limbs.

There is existing "No Trucks" and "Clearances Restricted" traffic control signage that has been in place for many years. It is apparent that the signage does not deter all trucks and it does not prevent the vehicular impacts with tree limbs overhanging the roadway, as is demonstrated by the reported crash history for Rockledge Drive. The physical space required to meet the standard vertical clearance is available by trimming tree limbs and removing the trees which lean into the roadway and are causing the physical constraint. The cost of these modifications is disproportionately low relative to the safety benefits gained by meeting the vertical clearance requirement. As such, an exception to the vertical clearance requirement cannot be justified by engineering analysis.

IV. CONCLUSION

The purpose of this assessment was to evaluate the vertical clearance requirement on Rockledge Drive and determine whether the existing vertical clearance aligns with current standards and safety requirements, given the road's low-volume and scenic nature. The results of this evaluation reveal that the existing vertical clearance is not adequate based on crash experience with tree limbs, despite the presence of advance vertical clearance warning signs and large vehicle (truck) restrictions.

The evaluation confirms that a 14-foot minimum vertical clearance standard must be provided without design exception, to accommodate the largest design vehicle using Rockledge Drive with considerable frequency.

Brevard County, Florida, Code of Ordinances
CODE OF ORDINANCES OF BREVARD COUNTY, FLORIDA VOLUME I
PART II - CODE OF ORDINANCES
Chapter 86 - ROADS AND BRIDGES
ARTICLE III. DRIVEWAY, UTILITY AND OTHER IMPROVEMENTS

Sec. 86-69. Design and construction requirements.

- (a) All road and easement improvements shall comply to the applicable regulations of the county and state, including, but not limited to, articles VII and VIII of chapter 62, and article II, chapter 22 of this Code, FDOT standards and specifications and exhibits approved by the board of county commissioners.
- (b) The location, manner, installation and adjustment of utilities on county roads shall be performed in accordance with the FDOT utility accommodation guide.
- (c) The edge of the driveway shall be at right angle to the curbline or edge of pavement and shall cross the sidewalk area at the sidewalk grade. There shall be a minimum of five feet, between any driveway and any side property line measured at the property line or at the edge of the paved road surface or curb, not including the driveway flares. Two driveways for a parcel or lot may be permitted if the minimum distance between the two driveway approaches equal or exceeds 30 feet. Driveways shall not interfere with the drainage of the road or adjacent property.
- (d) Maintenance of traffic shall conform with FDOT standards.
- (e) Temporary culverts may be approved for use for access. The minimum size culvert shall be 12 inches in diameter and 20 feet in length. However, a larger diameter culvert may be required.

PUBLIC TRANSPORTATION TRANSPORTATION ADMINISTRATION

334.044 Powers and duties of the department.—The department shall have the following general powers and duties:

- (1) To assume the responsibility for coordinating the planning of a safe, viable, and balanced state transportation system serving all regions of the state, and to assure the compatibility of all components, including multimodal facilities.
- (2) To adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of law conferring duties upon it.
- (3) To adopt an official seal.
- (4) To maintain its headquarters in Tallahassee and its district offices and necessary field offices at such places within the state as it may designate, and to purchase, build, or lease suitable buildings for such uses.
- (5) To purchase, lease, or otherwise acquire property and materials, including the purchase of promotional items as part of public information and education campaigns for the promotion of scenic highways, traffic and train safety awareness, alternatives to single-occupant vehicle travel, commercial motor vehicle safety, electric vehicle use and charging stations, autonomous vehicles, and context design for electric vehicles and autonomous vehicles; to purchase, lease, or otherwise acquire equipment and supplies; and to sell, exchange, or otherwise dispose of any property that is no longer needed by the department.
- (6) To acquire, by the exercise of the power of eminent domain as provided by law, all property or property rights, whether public or private, which it may determine are necessary to the performance of its duties and the execution of its powers.
- (7) To enter into contracts and agreements.
- (8) To sue and be sued as provided by law.
- (9) To employ and train staff, and to contract with qualified consultants. For the purposes of chapters 471 and 472, the department shall be considered a firm.
- (10)(a) To develop and adopt uniform minimum standards and criteria for the design, construction, maintenance, and operation of public roads pursuant to the provisions of s. 336.045.

(b) The department shall periodically review its construction, design, and maintenance standards to ensure that such standards are cost-effective and consistent with applicable federal regulations and state law.

(c) The department shall work with the Statewide Office for Suicide Prevention in developing a plan to consider the implementation of evidence-based suicide deterrents on all new infrastructure projects.

(d) The department is authorized to adopt rules relating to approval of aggregate and other material sources.

(11) To establish a numbering system for public roads and to functionally classify such roads.

(12) To coordinate the planning of the development of public transportation facilities within the state and the provision of related transportation services as authorized by law.

(13) To plan proposed transportation facilities as part of the State Highway System, and to construct, maintain, and operate such facilities.

(14) To establish, control, and prohibit points of ingress to, and egress from, the State Highway System, the turnpike, and other transportation facilities under the department's jurisdiction as necessary to ensure the safe, efficient, and effective maintenance and operation of such facilities.

(15) To regulate and prescribe conditions for the transfer of stormwater to the state right-of-way as a result of manmade changes to adjacent properties.

(a) Such regulation shall be through a permitting process designed to ensure the safety and integrity of the Department of Transportation facilities and to prevent an unreasonable burden on lower properties.

(b) The department is specifically authorized to adopt rules which set forth the purpose; necessary definitions; permit exceptions; permit and assurance requirements; permit application procedures; permit forms; general conditions for a drainage permit; provisions for suspension or revocation of a permit; and provisions for department recovery of fines, penalties, and costs incurred due to permittee actions. In order to avoid duplication and overlap with other units of government, the department shall accept a surface water management permit issued by a water management district, the Department of Environmental Protection, a surface water management permit issued by a delegated local government, or a permit issued pursuant to an approved Stormwater Management Plan or Master Drainage Plan; provided issuance is based on requirements equal to or more stringent than those of the department. The department may enter into a permit-delegation agreement with a governmental entity if issuance of a permit is based on requirements

that the department finds will ensure the safety and integrity of facilities of the Department of Transportation.

(16)(a) To plan, acquire, lease, construct, maintain, and operate toll facilities; to authorize the issuance and refunding of bonds; and to fix and collect tolls or other charges for travel on any such facilities.

(b) Notwithstanding any other provision of law, the department may not enter into a lease-purchase agreement with an expressway authority, regional transportation authority, or other entity. This paragraph does not invalidate a lease-purchase agreement authorized under chapter 348 or chapter 2000-411, Laws of Florida, existing as of July 1, 2013, and does not limit the department's authority under s. 334.30.

(17) To designate limited access facilities on the State Highway System and turnpike projects; to plan, construct, maintain, and operate service roads in connection with such facilities; and to regulate, reconstruct, or realign any existing public road as a service road.

(18) To establish and maintain bicycle and pedestrian ways.

(19) To encourage and promote the development of multimodal transportation alternatives.

(20) To conduct research studies, and to collect data necessary for the improvement of the state transportation system.

(21) To conduct research and demonstration projects relative to innovative transportation technologies.

(22) To cooperate with and assist local governments in the development of a statewide transportation system and in the development of the individual components of the system.

(23) To cooperate with the transportation department or duly authorized commission or authority of any state in the development and construction of transportation facilities physically connecting facilities of this state with those facilities of any adjoining state.

(24) To identify, obtain, and administer all federal funds available to the department for all transportation purposes.

(25) To do all things necessary to obtain the full benefits of the national Highway Safety Act of 1966, and in so doing, to cooperate with federal and state agencies, public and private agencies, interested organizations, and individuals to effectuate the purposes of that act, and any and all amendments thereto. The Governor shall have the ultimate state responsibility for dealing with the

Federal Government in respect to programs and activities initiated pursuant to the national Highway Safety Act of 1966, and any amendments thereto.

(26) To provide for the enhancement of environmental benefits, including air and water quality; to prevent roadside erosion; to conserve the natural roadside growth and scenery; and to provide for the implementation and maintenance of roadside conservation, enhancement, and stabilization programs. At least 1.5 percent of the amount contracted for construction projects shall be allocated by the department on a statewide basis for the purchase of plant materials. Department districts may not expend funds for landscaping in connection with any project that is limited to resurfacing existing lanes unless the expenditure has been approved by the department's secretary or the secretary's designee. To the greatest extent practical, at least 50 percent of the funds allocated under this subsection shall be allocated for large plant materials and the remaining funds for other plant materials. Except as prohibited by applicable federal law or regulation, all plant materials shall be purchased from Florida commercial nursery stock in this state on a uniform competitive bid basis. The department shall develop grades and standards for landscaping materials purchased through this process. To accomplish these activities, the department may contract with nonprofit organizations having the primary purpose of developing youth employment opportunities.

(27) To conduct studies and provide coordination to assess the needs associated with landside ingress and egress to port facilities, and to coordinate with local governmental entities to ensure that port facility access routes are properly integrated with other transportation facilities.

(28) To require persons to affirm the truth of statements made in any application for a license, permit, or certification issued by the department or in any contract documents submitted to the department.

(29) To advance funds for projects in the department's adopted work program to governmental entities prior to commencement of the project or project phase when the advance has been authorized by the department's comptroller and is made pursuant to a written agreement between the department and a governmental entity.

(30) To take any other action necessary to carry out the powers and duties expressly granted in this code.

(31) To provide oversight of traveler information systems that may include the provision of interactive voice response telephone systems accessible via the 511 number as assigned by the Federal Communications Commission for traveler information services. The department shall

ensure that uniform standards and criteria for the collection and dissemination of traveler information are applied using interactive voice response systems.

(32) To enter into agreement with Space Florida to coordinate and cooperate in the development of spaceport infrastructure and related transportation facilities contained in the Strategic Intermodal System Plan and, where appropriate, encourage the cooperation and integration of airports and spaceports in order to meet transportation-related needs.

(33) To develop, in coordination with its partners and stakeholders, a Freight Mobility and Trade Plan to assist in making freight mobility investments that contribute to the economic growth of the state. Such plan should enhance the integration and connectivity of the transportation system across and between transportation modes throughout the state. The department shall deliver the Freight Mobility and Trade Plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives by July 1, 2013.

(a) The Freight Mobility and Trade Plan shall include, but need not be limited to, proposed policies and investments that promote the following:

1. Increasing the flow of domestic and international trade through the state's seaports and airports, including specific policies and investments that will recapture cargo currently shipped through seaports and airports located outside the state.
2. Increasing the development of intermodal logistic centers in the state, including specific strategies, policies, and investments that capitalize on the empty backhaul trucking and rail market in the state.
3. Increasing the development of manufacturing industries in the state, including specific policies and investments in transportation facilities that will promote the successful development and expansion of manufacturing facilities.
4. Increasing the implementation of compressed natural gas (CNG), liquefied natural gas (LNG), and propane energy policies that reduce transportation costs for businesses and residents located in the state.

(b) Freight issues and needs shall also be given emphasis in all appropriate transportation plans, including the Florida Transportation Plan and the Strategic Intermodal System Plan.

(34) To assume the responsibilities of the United States Department of Transportation with respect to highway projects within the state under the National Environmental Policy Act of 1969, 42 U.S.C. ss. 4321 et seq., and with respect to related responsibilities for environmental review, consultation, or other action required under any federal environmental law pertaining to review or

approval of a highway project within the state. The department may assume responsibilities under 23 U.S.C. s. 327 and enter into one or more agreements, including memoranda of understanding, with the United States Secretary of Transportation related to the federal surface transportation project delivery program for the delivery of highway projects, as provided by 23 U.S.C. s. 327. The department may adopt rules to implement this subsection and may adopt relevant federal environmental standards as the standards for this state for a program described in this subsection. Sovereign immunity from civil suit in federal court is waived consistent with 23 U.S.C. s. 327 and limited to the compliance, discharge, or enforcement of a responsibility assumed by the department under this subsection.

(35) To provide a construction workforce development program, in consultation with affected stakeholders, for delivery of projects designated in the department's work program.

(36) To expend funds, within its discretion, for training, testing, and licensing for full-time employees of the department who are required to have a valid Class A or Class B commercial driver license as a condition of employment with the department.

336.045 Uniform minimum standards for design, construction, and maintenance; advisory committees.—

(1) The department shall develop and adopt uniform minimum standards and criteria for the design, construction, and maintenance of all public streets, roads, highways, bridges, sidewalks, curbs and curb ramps, crosswalks, where feasible, bicycle ways, underpasses, and overpasses used by the public for vehicular and pedestrian traffic. In developing such standards and criteria, the department shall consider design approaches which provide for the compatibility of such facilities with the surrounding natural or manmade environment; the safety and security of public spaces; and the appropriate aesthetics based upon scale, color, architectural style, materials used to construct the facilities, and the landscape design and landscape materials around the facilities. The department shall annually provide funds in its tentative work program to implement the provisions of this subsection relating to aesthetic design standards. The minimum standards adopted must include a requirement that permanent curb ramps be provided at crosswalks at all intersections where curbs and sidewalks are constructed in order to give handicapped persons and persons in wheelchairs safe access to crosswalks.

(2) An advisory committee of professional engineers employed by any city or any county in each transportation district to aid in the development of such standards shall be appointed by the head of the department. Such committee shall be composed of: one member representing an urban center within each district; one member representing a rural area within each district; one member within each district who is a professional engineer and who is not employed by any governmental agency; and one member employed by the department for each district.

(3) Notwithstanding the provisions of any general or special law to the contrary, all plans and specifications for the construction of public streets and roads by any municipality or county shall provide for permanent curb ramps at crosswalks at all intersections where curbs and sidewalks are constructed in order to give handicapped persons and persons in wheelchairs safe access to crosswalks.

(4) All design and construction plans for projects that are to become part of the county road system and are required to conform with the design and construction standards established pursuant to subsection (1) must be certified to be in substantial conformance with the standards

established pursuant to subsection (1) that are then in effect by a professional engineer who is registered in this state.

(5) Curb ramps which are required by subsections (1) and (3) to be provided at all intersections of curbs and sidewalks on public streets and roads shall be constructed to be in substantial conformance with the Uniform Federal Accessibility Standards published by the General Services Administration, Department of Housing and Urban Development, Department of Defense, and United States Postal Service. The provisions of this subsection apply to curb ramps let to contract on or after July 1, 1986.

(6) If the governing body of a county or municipality has adopted a design element as part of its comprehensive plan pursuant to part II of chapter 163, the department shall consider such element during project development of transportation facilities. The design of transportation facilities constructed by the department within the boundaries of that county or municipality must be consistent with that element to the maximum extent feasible.

History.—s. 1, ch. 72-328; ss. 2, 3, ch. 73-58; ss. 1, 2, ch. 74-242; s. 8, ch. 77-165; s. 1, ch. 78-398; ss. 5, 6, ch. 83-52; ss. 1, 2, 3, ch. 84-151; s. 69, ch. 84-309; s. 16, ch. 85-180; s. 31, ch. 86-243; s. 5, ch. 91-429; s. 5, ch. 92-152.

AASHTO Vertical Clearance Criteria

- (b) Open-graded friction courses (HMA pavement)
- (c) Pavement edge drains
- (d) Modified shoulder cross slope to mitigate cross-slope break on the high side of superelevated curves.

122.5.9 Vertical Clearance

122.5.9.1 AASHTO Criteria

Table 122.5.12 AASHTO Vertical Clearance (Minimum)

Type Facility		Vertical Clearance (feet) ⁽²⁾	AASHTO
Freeways		16 ^{(1),(4)}	pg. 8-5, 10-24
Arterials (New Structures):	Rural	16 ⁽¹⁾	pg. 7-9, 10-24
	Urban	16 ⁽¹⁾	pg. 7-51, 10-24
Arterials (Existing Structures):	Rural	14	pg. 7-9, 10-24
	Urban	14	pg. 7-51, 10-24
Other Highways		14	pg. 5-9, 8-5
Sign Trusses		17	pg. 7-9,51, 8-5
Pedestrian Overpass		17	pg. 7-9,51, 8-5
Tunnels:	Freeways	16	pg. 4-62
	Other Highways	14	pg. 4-62
Railroads		23 ⁽³⁾	pg. 10-25
Notes: (1) 14 feet allowed in highly developed urban areas if alternate route has 16 feet. (2) An allowance of 6 inches should be added to vertical clearance to accommodate future resurfacing. (3) See FDM 220.3.4 and the latest version of American Railway Engineering and Maintenance-of-Way Association (AREMA) guidelines, or the design office of the high-speed rail line of interest for specific high-speed guidelines and specifications. Over Electrified Railroad, the minimum vertical clearance is 24 feet 3 inches. (See Topic No. 000-725-003: South Florida Rail Corridor Clearance.) (4) Design Exceptions to the 16-ft vertical clearance standard on rural Interstate routes or on a single Interstate route through urban areas must be coordinated with Surface Deployment and Distribution Command Transportation Engineering Agency (SDDCTEA) as described in FDM 122.5.9.2.

**Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and
Highways (commonly known as the Florida Greenbook)
Chapter 3 Section C.7 (Geometric Design, Cross Section Elements)**

**Manual of Uniform Minimum
Standards for Design,
Construction and Maintenance for
Streets and Highways**

(Commonly known as the Florida Greenbook)

<https://www.fdot.gov/roadway>

FDOT Office
Office of Design
Topic # 625-000-015

Date of Publication
2018 Edition

PURPOSE

The purpose of this Manual is to provide uniform minimum standards and criteria for the design, construction, and maintenance of all transportation facilities off the State Highway System (SHS), roads, highways, bridges, sidewalks, curbs and curb ramps, crosswalks, bicycle facilities, underpasses, and overpasses used by the public for vehicular and pedestrian traffic as directed by **Sections 20.23(3)(a), 316.0745, 334.044(10)(a), and 336.045, F.S.**

The Florida Greenbook encourages context-based transportation planning and design. Context-based planning and design offers a diverse approach using existing tools in creative ways to improve the transportation system and meet the needs of users of all ages and abilities. This includes pedestrians, bicyclists, transit riders, motorists, and freight handlers. Planning and design of streets and highways must be based on the surrounding development patterns for existing and planned land development patterns. The approach also considers community needs, trade-offs between those needs, and alternatives to achieve multiple objectives. Context-based design principles help to promote safety, quality of life, and economic development.

In the following statutory excerpts, the term "Department" refers to the Florida Department of Transportation.

Section 20.23, F.S. Department of Transportation. There is created a Department of Transportation which shall be a decentralized agency.

(3)(a) The central office shall establish departmental policies, rules, procedures, and standards and shall monitor the implementation of such policies, rules, procedures, and standards in order to ensure uniform compliance and quality performance by the districts and central office units that implement transportation programs. Major transportation policy initiatives or revisions shall be submitted to the commission for review.

Section 316.0745, F.S. Uniform signals and devices. –

(1) The Department of Transportation shall adopt a uniform system of traffic control devices for use on the streets and highways of the state. The uniform system shall, insofar as is practicable, conform to the system adopted by the American Association of State Highway Transportation Officials and shall be revised from time to time to include changes necessary to conform to a uniform national system or to meet local and state needs. The Department of Transportation may call upon

representatives of local authorities to assist in the preparation or revision of the uniform system of traffic control devices.

Section 334.044, F.S. Department; powers and duties. The department shall have the following general powers and duties:

(10)(a) To develop and adopt uniform minimum standards and criteria for the design, construction, maintenance, and operation of public roads pursuant to the provisions of **Section, 336.045, F.S.**

Section 336.045, F.S. Uniform minimum standards for design, construction, and maintenance; advisory committees.

(1) The department shall develop and adopt uniform minimum standards and criteria for the design, construction, and maintenance of all public streets, roads, highways, bridges, sidewalks, curbs and curb ramps, crosswalks, where feasible, bicycle ways, underpasses, and overpasses used by the public for vehicular and pedestrian traffic. In developing such standards and criteria, the department shall consider design approaches which provide for the compatibility of such facilities with the surrounding natural or manmade environment; the safety and security of public spaces; and the appropriate aesthetics based upon scale, color, architectural style, materials used to construct the facilities, and the landscape design and landscape materials around the facilities.

(2) An advisory committee of professional engineers employed by any city or any county in each transportation district to aid in the development of such standards shall be appointed by the head of the department. Such committee shall be composed of: one member representing an urban center within each district; one member representing a rural area within each district; one member within each district who is a professional engineer and who is not employed by any governmental agency; and one member employed by the department for each district.

(4) All design and construction plans for projects that are to become part of the county road system and are required to conform with the design and construction standards established pursuant to subsection (1) must be certified to be in substantial conformance with the standards established pursuant to subsection (1) that are then in effect by a professional engineer who is registered in this state.

These standards are intended to provide basic guidance for developing and maintaining a highway system with reasonable operating characteristics and a minimum number of hazards.

Standards established by this Manual are intended for use on all transportation facilities off the State Highway System (SHS). Certain projects off the SHS but on the National Highway System (NHS) utilizing federal funds may be required to follow additional design criteria. Please see **Chapter 19** of the Department's **Local Agency Program Manual** for further information. Information on roadways included in the NHS is found at the Department's website: **National Highway System Maps**.

Standards are provided for the design of new construction and reconstruction projects as well as maintenance and resurfacing projects. It is understood that existing streets and highways may not conform to all minimum standards applicable to the design of new and reconstruction projects. For existing roads not being replaced or reconstructed, it is intended the requirements provided in **Chapter 10 – Maintenance and Resurfacing** are applied. For all projects, there may be practical reasons a certain standard is not met. A process is provided in **Chapter 14 – Design Exceptions and Variations** to address those situations.

The Federal Highway Administration's **Manual on Uniform Traffic Control Devices, 2009 Edition (MUTCD)**, has been adopted by **Rule 14 – 15.010, F.A.C.**, and establishes a uniform system of traffic control devices. The **Manual on Uniform Traffic Control Devices (2009 Edition with Revision Numbers 1 and 2, May 2012, MUTCD)** includes additional requirements.

When this Manual refers to guidelines and design standards given by current American Association of State Highway and Transportation Officials (AASHTO) publications, these guidelines and standards shall generally be considered as minimum criteria. The Department may have standards and criteria that differ from the minimum presented in this Manual or by AASHTO for streets and highways under its jurisdiction. A county or municipality may substitute standards and criteria adopted by the Department for some or all portions of design, construction, and maintenance of their facilities. Department standards, criteria, and manuals must be used when preparing projects on the state highway system or the national highway system.

Criteria and standards set forth in other manuals, which have been incorporated by reference, shall be considered as requirements within the authority of this Manual.

This Manual is intended for use by qualified engineering practitioners for the communication of standards and criteria (including various numerical design values and use conditions). The design, construction, and maintenance references for the infrastructure features contained in this Manual recognize many variable and often complex process considerations. The engineering design process, and associated use of this Manual, incorporates aspects of engineering judgment, design principles, science, and recognized standards towards matters involving roadway infrastructure.

Users of this Manual are cautioned that the strict application of exact numerical values, conditions or use information taken from portions of the text may not be appropriate for all circumstances. Individual references to design values or concepts should not be used out of context or without supporting engineering judgment.

The contents of this Manual are reviewed annually by the Florida "Greenbook" Advisory Committee. Membership of this committee is established by the above referenced **Section 336.045(2), F.S.** Comments, suggestions, or questions may be directed to any committee member.

The minimum roadway width for bridges on urban streets with curb and gutter shall be the same as the curb-to-curb width of the approach roadway. Sidewalks on the approaches should be carried across all structures. Curbed sidewalks should not be used adjacent to traffic lanes when design speeds exceed 45 mph. When the bridge rail (barrier wall) is placed between the traffic and sidewalk, it should be offset a minimum distance of 2½ feet from the edge of the travel lane, wide curb lane or bicycle lane. For long (500 feet or greater), and/or high level bridges, it is desirable to provide an offset distance that will accommodate a disabled vehicle. The transition from the bridge to the adjacent roadway section may be made by dropping the curb at the first intersection or well in advance of the traffic barrier, or reducing the curb in front of the barrier to a low sloping curb with a gently sloped traffic face. See **Chapter 17 – Bridges and Other Structures** for additional requirements.

C.7.j.4.(a) Lateral Offset

Supports for bridges, barriers, or other structures should be placed at or beyond the required shoulder. Where possible, these structures should be located outside of the required clear zone. See **Chapter 4 – Roadside Design** for additional information on lateral offsets for structures.

C.7.j.4.(b) Vertical Clearance

Vertical clearance should be adequate for the type of expected traffic. Freeways and arterials shall have a vertical clearance of at least 16 feet-6 inches (includes 6 inch allowance for future resurfacing). Other streets and highways should have a clearance of 16 feet unless the provision of a reduced clearance is fully justified by a specific analysis of the situation (14 feet minimum). The minimum vertical clearance for a pedestrian or shared use bridge over a roadway is 17 feet. The minimum vertical clearance for a bridge over a railroad is 23 feet; however additional clearance may be required by the rail owner.

No.	Date	Day	Time	Severity		Property Damage	Crash Type	Day / Night	Wet / Dry	Contributing Cause
				Fatalities	Injuries					
1	5/19/14	Monday	3:14 PM	-	-	\$4,000	Rear End	DAY	Dry	Vehicles 1 and 2 were traveling southbound on Rockledge Dr. Vehicle 2 slowed to turn into a driveway. Vehicle 1 failed to slow and rear ended Vehicle 2.
2	5/30/14	Friday	9:50 AM	-	-	\$1,500	Other	DAY	Dry	Vehicle 1 was traveling in reverse in the northbound lane of Rockledge Dr and backed into Vehicle 2, which was pulling out of a driveway.
3	6/20/14	Friday	8:15 AM	-	-	\$600	Other	DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and sideswiped a parked vehicle as it was trying to yield to a vehicle traveling northbound.
4	9/17/14	Wednesday	11:05 PM	-	1	\$2,500	Off Road	NIGHT	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and ran off the road onto the east shoulder, striking a coquina rock fence.
5	12/29/14	Monday	1:44 PM	-	1	\$18,400	Off Road	DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and struck a tree.
6	3/3/15	Tuesday	8:48 PM	-	1	\$10,200	Off Road	NIGHT	Dry	Vehicle 1 was traveling northbound on Rockledge Dr exceeding the posted speed limit and ran off the road onto the east shoulder, striking a tree.
7	3/10/15	Tuesday	7:00 PM	-	1	\$2,600	Off Road	NIGHT	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and ran off the road onto the west shoulder, striking some coquina rocks.
8	3/11/15	Wednesday	5:12 PM	-	-	\$3,100	Rear End	DAY	Dry	Vehicles 1 and 2 were traveling southbound on Rockledge Dr. Vehicle 2 slowed to travel over a speed hump. Vehicle 1 failed to slow and rear ended Vehicle 2.
9	1/29/16	Friday	6:45 AM	-	1	\$1,500	Pedestrian	NIGHT	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and struck a pedestrian running northbound.
10	4/9/16	Saturday	10:25 PM	-	-	\$3,500	Off Road	NIGHT	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and ran off the road onto the east shoulder to avoid an animal on the road, striking a tree.
11	12/10/16	Saturday	5:00 PM	-	1	\$5,000	Angle	DAY	Dry	Vehicle 1 was traveling eastbound on Coquina Rd at the intersection with Rockledge Dr. Vehicle 2 was traveling southbound on Rockledge Dr. Vehicle 1 attempted to turn right onto Rockledge Dr and failed to yield the right of way to Vehicle 2, striking Vehicle 2.
12	9/6/17	Wednesday	2:00 PM	-	1	\$9,000	Off Road	DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and ran off the road onto the west shoulder, striking a mailbox, coquina rock, and landscaping (D.U.I.).
13	9/14/17	Thursday	2:45 PM	-	1	\$0	Pedestrian	DAY	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and struck a non-motorist while trying to drive around a parked vehicle.
14	11/1/17	Wednesday	6:10 PM	-	-	\$3,500	Off Road	DAY	Dry	Vehicle 1, a moving (box) truck, was traveling northbound on Rockledge Dr and struck a tree limb that crossed the roadway.
15	11/23/17	Thursday	4:40 AM	-	2	\$8,500	Off Road	NIGHT	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and failed to negotiate a bend in the roadway. Vehicle 1 rolled and struck a tree on the west shoulder.

16	12/7/17	Thursday	6:45 PM	-	-	\$5,000	Sideswipe		DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and drifted into the northbound lane, sideswiping Vehicle 2, which was traveling northbound.	
17	1/17/18	Wednesday	3:50 PM	-	-	\$11,000	Off Road		DAY	Dry	Vehicle 1, a semi-trailer truck, was traveling northbound on Rockledge Dr and struck a tree limb that was hanging low over the roadway. The tree limb fell onto power lines, causing damage to a utility pole.	
18	1/29/18	Monday	2:30 PM	-	-	\$10	Off Road		DAY	Wet	Vehicle 1, a land clearing truck, was traveling northbound on Rockledge Dr and struck a tree limb that was hanging low over the roadway. The tree limb fell to the ground and blocked northbound and southbound lanes of traffic.	
19	2/10/18	Saturday	7:55 PM	-	1	\$8,000	Left Turn		NIGHT	Dry	Vehicle 1 was traveling eastbound on Coquina Rd at the intersection with Rockledge Dr. Vehicle 2 was traveling southbound on Rockledge Dr. Vehicle 1 attempted to turn left onto Rockledge Dr and failed to yield the right of way to Vehicle 2, striking Vehicle 2.	
20	4/22/18	Sunday	9:35 AM	-	1	\$10,500	Off Road		DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and failed to negotiate a bend in the roadway. Vehicle 1 ran off the road onto the east shoulder, striking a tree.	
21	2/23/19	Saturday	12:00 PM	-	-	\$10,000	Off Road		DAY	Dry	Vehicle 1, a moving (box) truck, was traveling northbound on Rockledge Dr and struck a tree limb that crossed the roadway. The enclosed box unit of the truck was imbedded into the tree limbs.	
22	7/13/19	Saturday	10:00 PM	-	-	\$1,000	Other		NIGHT	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and ran off the road onto the west shoulder, striking some coquina rocks (D U I).	
23	11/21/19	Thursday	8:00 AM	-	-	\$2,500	Off Road		DAY	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and backed into a concrete light post while trying to allow another vehicle to leave a driveway and enter the roadway.	
24	3/6/21	Saturday	6:43 PM	-	-	\$6,500	Off Road		DAY	Dry	Vehicle 1 was traveling northbound on Rockledge Dr and ran off the road onto the east shoulder, striking a wooden post.	
25	8/25/21	Wednesday	10:00 PM	-	-	\$2,000	Off Road		NIGHT	Dry	Vehicle 1 was traveling southbound on Rockledge Dr and ran off the road onto the east shoulder, striking a tree.	
26	1/4/22	Tuesday	3:00 PM	-	-	\$550	Sideswipe		DAY	Dry	Vehicles 1 and 2 were traveling southbound on Rockledge Dr. Vehicle 1 attempted to pass Vehicle 2 while Vehicle 2 was stopped, but Vehicle 1 failed to properly change lanes, striking Vehicle 2.

id	first_name	last_name	postcode	comment
100558670	Michelle	Maricic	32955-5303	It would be unconscionable to remove those majestic trees from our scenic highway!
100559895	Sarah	Hodge	32953	
100559896	Lise	Alives	32955	
100559897	Deena	Stuart	32935	I grew up in that neighborhood and still travel that road often. Why is everyone trying to change history? Leave the trees alone for Gods sake. Isn't it considered a "scenic route"?
100559898	Fran	Teders	32952	
100559899	Peggy	Nolan	32955-3715	Storms are terrible but there needs to be a provision to save the trees on Rockledge drive. Trees give us shade, beauty as well as oxygen.
100559900	Candace	Rogers	32922	
100559901	Lily	Fredrickson	32955	Keep the trees. Trim as necessary, but in a sustainable way.
100559902	Twarnier	Johnson	32955	
100559903	George	Jenkins	32955	Those trees have been there for decades and just now they are a problem? I don't see the logic behind this decision.
100559904	Gary	Ouzts	32931	
100559905	Heather	Clark	11050	My parents live on Rockledge Drive and those beautiful unique trees are integral to the character of this historic street. It would be a crime to cut any of them down or hack them up unnecessarily.
100559906	Helene	DeAngelo	32903	
100559907	Chelsea	Brown	14701	
100559908	Elizabeth	Olson	32804	Having grown up in Rockledge with lots of family and friends still living their I can say that we regularly drive the "River Road" just to revel in the beauty of the old live oaks! How can a county think to take away such a beautiful compliment to a wonderful drive! The trees provide aesthetic and monetary value to the property whether privately or publicly owned. And if publicly owned shouldn't that mean that THE PUBLIC gets to weigh in on the issue?!?! These trees can help to keep speeds do...
100559909	Hugh	Miller	32746	
100559910	Patricia	Livingston	32955	Both my parents taught at Rockledge High school. River Road is iconic and historic. The trees are amazing. Please save the trees

				This is a scenic drive not a super highway. The trees are the beauty of the roadway. They are also a natural method to control vehicle speed and keep the semi's of the roadway. If trucks get damaged by the trees....it is their fault. They do not belong on Rockledge Drive. Can they legally come on our property to cut down trees??? Will the St. John's River Water Management permit taking down trees on the river side of the road? They have a lot of regulations on what you are allowed

100560137	Diane	Braswell	32955	
				Trimming might be ok, but we donâ€™t want them removed
100560138	Ginny	Whitley	32955	please!
100560139	Morgan	Amick	32955	
				The trees need to stay. Garbage trucks and school busses get by just fine with some trimming. It's the other trucks, who can't read signs, that are causing problems getting stuck in trees. The St. John's River Water Mgmt.. has many regulations on what can be done to the property to help protect the environment and shoreline. I don't think removing the trees is on that list.
100560140	Ron	Eason	32955	DO NOT CUT DOWN OUR TREES. You have no right.
100560141	Terri	Myers	32935	
100560142	Joe	jeffreys	32955	
100560143	Samantha	Selig-Silberzahn	32955	
100560144	Richard	Jaramillo	32935	
				You don't have to live on that street to appreciate the beauty that those trees have to offer. 1st thing any of my out of town guests ask is to take a ride along what i call the most beautiful
100560145	Nancy-Ann	Dean	32955	riad in the whole wide world!
100560146	Martin	Adams	32955	
100560147	Jan	Earnhardt	32217	
100560148	Robin	Broomfield	32956	
				Don't let these beautiful trees go. They are what makes the river drive so unique....I walk along this street every day. It
100560149	Constance	Schroeder	32955	would be a disaster!
100560150	Sharon	self	32955

				After spending almost 20 years growing up on Rockledge Dr, these majestic Oaks lived for years before we came along. All the sudden, they are an issue? All because your garbage contractor cannot run their newer trucks down the road? This is the very definition of "cutting your nose off to spite your
100560190	Tom	Marsh	32754	face.â€
100560191	Raymond	Baez	32955	
100560192	Vicky	Carter	32937	
				Save our Rockledge Drive trees. It is a magical area due to our
100560193	Susan	Merritt	32955	environment!
100560194	Dori	Bisbey	32955	
				I am definitely signing it because my address was 2059
100560195	Lisa	Myers	32808	Rockledge Drive that's where I was born and raised
100560196	Gary	Martin	32923	
100560197	Janice	MacIntyre	14701	
100560198	Rebecca	White	14701	
100560199	Richard	Rogers	32955	
				Rockledge Drive is listed is a section within the "Indian River Lagoon NATIONAL Scenic Byway". There is no other road like this in the county. You would think the county would be doing all it could to preserve that special bit of paradise rather than allowing Waste Management dump trucks to dictate or even cause the road to lose that national title. This road deserves
100560200	Sandra	Garceau	32955	special consideration and protection.
100560201	Robert	Woodberry	32935	Keep this beautiful road as it is. Most scenic drive in Brevard
100560202	Jan	Chesnutt	32967

100560229	Douglas	Simon	32955	Horrible of Brevard to even consider cutting down or trimming the canopies of our priceless oak trees.
100560230	Jeanette	Alexander	33483	I own property at Coqui Bay, lot 12. Bought on that beautiful TREE LINED Rockledge Dr. to build and retire there. Removing trees would ruin the beauty of area and reduce the value of properties along this road. Please do not do this!!!
100560231	James	Poulsen	32955	It is a beautiful drive without the trees it is route, #1.Stop ruining the route, please.
100560232	Terry	Spencer	32926	
100560233	Cheryl	Linnemann	60140	My parents live here and it's beautiful. A private company should never have the power to destroy a public and declared scenic highway. Once this begins, our beautiful country will begin to be ruin street by street. Trees are important for cleaning the air, reducing energy costs, providing homes for wildlife and beauty for all to enjoy.
100560234	Terry	Spencer	32926	
100560235	Ed	Johnson	32955	
100560236	Ruby	Hoppesch	32955	Historic Rockledge Drive is scenic and special because of the trees. It is enjoyed daily by walkers, joggers, bike riders, sightseers, and dog walkers. It is a road of beauty to be taken slow and easy. It is not an alternate to US1. The trees and curves help curtail the use of this scenic drive as alternate US1.
100560237	Tika	Johnson	32955	
100560238	Claudia	Johnson	32955	Please help us keep our beautiful live oak trees on Rockledge Dr.
100560239	Amarinthia	Bartek	32955	
100560240	Deborah	Forcier	32937	
100560241	Cheryl	Villalon	33064	It's a beautiful drive for me. I make sure I visit every time I am in the area. It would just be devastating to cut the trees. I do not want this to happen.
100560242	Louise	Snyder	19390	Historic Rockledge Drive is what I consider "old Florida" where eco systems are supported and beauty is paramount. To cut down the trees is an affront to the history of the area, residents and tourists alike.
100560243	Mark	Pittman	32955	
100560244	Linda	holmgren	32796	
100560245	Daniel	Hurtubise	32955	This is a 20 mile per hour scenic drive. We don't need our historic trees cut down. The garbage collection company agrees they will continue to use the smaller trucks on Rockledge Drive making cutting trees unnecessary.
100560246	Suzanne	Leifer	32955	Please DO NOT cut the live oak trees on Rockledge Dr. They are the reasons the drive is so scenic and charming.
100560247	John	Dooley	32926	Please save the trees
100560248	Lisa	.	32955	
100560249	Laura	Clouse	32927	Leave the trees alone!! I grew up in Rockledge and those trees mean a lot to everyone, they're apart of my childhood and now my children's.
100560250	Mike	Boyll	32934	
100560251	Suzy	Carroll	32955	
100560252	Elizabeth	Hallgren	81507	I grew up in Rockledge and would hate to see the trees removed. It's part of the old Florida charm.
100560253	Kelly	Tully	46037	
100560254	Laura	mohesky	32955	
100560255	Kelly	M8ncey	32955

100560264	Angela	Berthiaume	32955	
100560265	Richard	Ames	32922	The County Commissioners need to put a stop to this!
100560266	Dan	Winegardner	32955	
100560267	Rebecca	Gordy	32955	
				I grew up in Rockledge and still visit family there often. We ride bikes down Rockledge Drive. The damage from the hurricane was heartbreaking enough - why remove the heart of the area? Please be smart about the history of the area to maintain a healthy future for Rockledge residents.
100560268	Julie	Schroeder	63141	
100560269	Becky	Barnett	32836	
				I grew up in Rockledge! River Road is filled with beauty & history. The wildlife depend on these trees! Taking the trees is like stripping the beaches of their dunes!! Please reconsider!
100560270	Monica	Hyder	30268	
100560271	Debbie	Pelham	32796	Dont cut down the trees.
100560272	Zachary	Czajka	32922	
				Ridiculous to cut down these beautiful trees!! Trim them or find a smaller garbage truck!! I'm sure there is a better way!!
100560273	Resa	Cancro	32937	
100560274	Alison	Willson	32909	
100560275	Cathy	Watkins	32935	
100560276	Marian	Kuhn	32904	
				Our family has been on this road for almost 60 years. Cutting down the trees is ludicrous. Prune them back or find a different truck solution. This road is a rare treasure in a county that has mowed down much of our beautiful FL landscape and covered it with concrete.
100560277	Patricia	Sponsler	32955	
100560278	Elizabeth	Schindler	32940	Please leave the trees! Such beauty should be left as it is.
100560279	Jerry	Ehleiter	32955	
100560280	Sara	Burgan	32955	
100560281	Terri	Brown	32955	
100560282	Vicki	Osborne	32927	
100560283	Bill	Oakley	32955	Love the drive. Slow down
100560284	Mary	Repass	32955	Please don't cut down the old and historic trees.
100560285	Dawn	Oldon	32955	
100560286	Tammy	Karr	32955	
100560287	Linda	Munroe	32940-7974	Please save the trees
				I am requested that the trees be saved.
				The road is need of resurfacing after the last hurricane and there need to be drains placed at the southern portion to deal with the flooding.
100560288	David	Whitley	32955	
				We have friends that live in Rickledge and our favorite thing to do when we visit is walk among the beautiful oak trees.
100560289	Heather	Conroe	14701	
100560290	Tom	Olson	32955	Leave them as is
100560291	Bobbi	Whitmore	32922	
100560292	Amy	Wold	55906	
				I am against the destroying/cutting down of oak trees on River Road. Please stop this destruction. Please stop altering our community's scenery. Rockledge residents must have a say in what happens in our community. If not, we will be sure to vote you out of your positions.
100560293	Penni	Aiken-Pierce	32955	
100560294	Donna	Kittrell	32922

				In addition to reducing heat and adding to our quality of life,
				trees remove a tremendous amount of stormwater before it
				reaches the Indian River Lagoon. Those trees along Rockledge
				Drive have the ability to pull thousands of gallons of water out
				of the groundwater before it reaches the lagoon. The trees
				also act as traffic calmers. Please consider alternatives to
100560366	Laurilee	Thompson	32754	removing them.
100560367	Martha	Parker	32940	
100560368	Gabriela	Caron	32955	
				We need trees to help the Indian River Lagoon. They reduce
				heat and take up thousands of gallons of stormwater before it
				reaches the lagoon. They have been an important part of the
				quality of life for Rockledge residents and visitors for more than
100560369	Mary	Thompson	32796	100 years. Please find an alternative to cutting them down.

100560483	Joanna	kemp	32931	Leave the trees
100560484	Beth	Beth		
100560485	Lauren	Ashbaugh		
100560486	Shirley	smith	32931	The neighborhood trees are one reason this area is so sought after, along with the historic homes. If you eliminate the trees,
100560487	Carol	Gornto	32955	what are you replacing them with?
100560488	Mary	Thrasher	32926	Leave the Trees ALONE!!!!
				We should never destroy the nature that not only provides beauty, shade, soil retention, but they also take in carbon dioxide from our emissions our cars emit and produce oxygen. Also the more trees you take down the less rain you will receive, it changes the atmosphere and biosphere . Do you what to continue run the risk of changing your environment, where are you going to in the future get fresh rain water.
100560489	Charles	Adams	28650	Destroy at your own risk and let it be on your conscious.
100560490	Andrea	Duff	32952	
100560491	Melissa	Capps	32570	
100560492	Dena	King	94947	I lived with my best friend and her family for two summers there, It is so beautiful. There is a point in "progress," which isn't progress anymore. Don't lose the scenic part of this area!
100560493	Danielle	Hennessy-Wack	32955	
100560494	Deborah	Carstens	32953	Do not cut trees on rockledge Dr. This is the reason we bought our houses is because the road along the river is so
100560495	MaryAnn	Yocum	32955	picturesque.
100560496	Jennifer	Ramsey	32940	
100560497	Michelle	Dukeman	32901	Leave the trees alone. Find another way.
100560498	Monique	Lloydlee	30512	I grew up in Rockledge and it would be sad if all those beautiful trees were cut down. Please don't do it.
100560499	Matthew	Whalen	32955-2559	
100560500	Bob	Matthias	32955	Prune the trees, do not remove them.
100560501	Joanna	dipeppe	32940	People have come to realize that certain things can't be purchased and can't appear at Will. Trees take hundreds of years to mature. They bring beauty, birds, and protection from the sun. Do NOT cut them down.
100560502	Mary	Johnson	32816	These trees should not be cut down. They are important to the ecosystem, climate, neighborhood, and community!
100560503	Briana	LeTourneau	32708	
100560504	Marlene	Corbett	32953	Save our old trees.

100560574	Kelly	Semenko	32935	Keep the trees!
100560575	Melissa	Adams	32724	We need to save every bit of old Florida that we can!
100560576	Christine	Kennedy	32754	
				I am saddened by this, our county is beautiful and thats a lovely area...lovely drive and those oaks are old and historic. Every where in brevard county they are cutting down fields, selling cow pasture and putting up stupid strip malls and gas stations and dollar generals on every street corner...i loved brevard county for that...now its just gonna be like fort Lauderdale, orlando, or miami...all these cities are crime ridden and i chose
100560577	Susan	Shumate	32908	not to live because of it...brevard the beautiful...ho...
100560578	Lauren	carlough	32940	
100560579	Maggie	Pierce	32955	
100560580	Charis	Gaines	32934	
100560581	Bill	buonanni	32953	
				Safety first but to cut down healthy, mature trees instead of trimming is unethical at best. The trees on River Road are the
100560582	Barbara	Holst	32935	soul of that historic route and deeply enjoyed by so many. Find another way to make from for RVs, or just block oversize vehicles from using that road. It's not that difficult. Leave the
				trees alone!!!
100560583	Rosa	Bennett	32904	
100560584	Meghan	Leonard	32909	
100560585	Michelle	Curtis	32922	SAVE THE TREES
100560586	Jenni	Bixby	32940-7003	
				Please save our community's beautiful trees along River
100560587	Nancy	Buonanni	32953	Road!
100560588	Lynn	Saunders	32940	Please save these beautiful trees
				Please save those beautiful trees, they are helping to save us
100560589	Diane	Bolton	37774	also in so many ways.
100560590	Kristi	Mason	32953	Please save those majestic trees!
100560591	Patricia	Dixon	32937	
100560592	Emily	Dickson	32955	
100560593	Mj	Cerqua	32955	
				It will take 100 years to undo the removal of these trees. How
100560594	Diane	Sheffield	32935	can anyone live with themselves that does this?
100560595	Cheryl	Bold	32955	Please don't destroy these beautiful old trees.
100560596	Ann	Key	32952	
				Such a beautiful road. Let the homeowners prune or have input. Dead trees mainly. You let a contractor do it and
100560597	Pamela	Lessor	32976	they're going to go crazy for a hearty tax dollar fee. Please do NOT remove these GORGEOUS historical trees. Not only do the provide beauty but they provide history, shade and
				comfort.

				What is being done to enforce vehicle restrictions instead of cutting the trees. I see large trucks driving on Rockledge Drive and these trucks are prohibited.
100560649	Justin	Hickenbottom	32955

100560651	Connie	Hardy	32935	
100560652	William	Kosiba		
100560653	Elizabeth	Langenderfer	32940	Save the trees!
100560654	Jeffery	King	32926	
100560655	Donna	Thorstad	32796	
				The trees are beautiful and help slow the traffic down on Rockledge Dr making it safer for our neighbors.
100560656	Theresa	Mitchell	32955	
100560657	David	Osburn		
100560658	Carol	Ball	32952

100560660	Sarah	White	32922	
				We do NOT want our trees cuts! Why is the county so insistent on doing this year after year? The trees are the beauty of this street. They create a wind break during hurricanes that protects our homes. They shelter wildlife. They do slow down traffic but only for those going way over the posted 25mph. They keep our yards from being swamp lands by drinking the rain. Trees are good. Please leave them alone.
100560661	Sandra	Garceau		
100560662	Hope	Mann	32953	
				Why are we revisiting this? Light trimming only, and even then, is that really necessary?
				The trees serve many purposes on the road, one of which is keeping cars and school buses and delivery trucks and garbage trucks from going any faster than they already do. Emergency vehicles have accessed houses nearby without issue. We need more trees, not less. I have lived on this road my entire life which means these trees are a part of home. The birds feel the same.
				Sincerely,
100560663	Christine	Crawford	32955	Christine Crawford

254743773	Lydia	Moore	32926	This is one of the most beautiful roads in brevard to drive, walk, or ride a bike on. Loved by many, many locals. So beautiful; I told people about it when I was living in a different state. Itâ€™s now my scenic route home. Oak trees are sacred; for they have been here much longer than we have. Keep them safe!!!

Yet again an example of unnecessary government overreach. The remaining live oak areas in this county need to be protected as an enduring legacy and not destroyed for the assumed benefit of drivers.....?? The county has bigger roadway issues starting with the growing problem of garbage and litter along the highways, beaches and the ICW.....the county is turning into an extensive landfill.

254980391	Xavier	Ezzell	32927	

One of the main draws for visitors and residents alike is the natural beauty of this oak lined road. Signage would be a sensible and economic solution for the county's concerns.

				These are not county officials' trees, these are not residents' trees; these are trees into themselves who have shaded and sheltered many generations of humans over hundreds of years. We in this small slice of time owe these trees our thanks and protection.

Trees like this are a rare jewel. I've been studying the history of Brevard County and we've already destroyed SO MANY of our natural resources and history. This needs to be preserved!

I was BORN and RAISED in ROCKLEDGE. My Family has been here for 6 Generations , as well as being some of the FIRST business owners. I DEFINITELY have roots here and CANT IMAGINE River Road WITHOUT these HISTORIC TREES. You would simply be doing UNIMAGINABLE DEVASTATION . You would RIP the HEART of this community out. LISTEN to YOUR PEOPLE, YOUR TAXPAYERS!!!!
