AGENDA REPORT
BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT:	Agreement with the Brevard County School Board re: Summer Food Service Program - All Districts
DEPT/OFFICE:	Community Services Group / Parks and Recreation Department

Requested Action:

It is requested the Board approve an agreement with the Brevard County School Board to provide summer food service at 12 summer camp sites in accordance with the Sponsor agreement between the Board of County Commissioners and the Florida Department of Agriculture and Consumer Services Division of Food, Nutrition and Wellness, and authorize the Chairman to execute the agreement.

Summary Explanation & Background:

The Summer Food Services Program provides meals to children under the age of 18 during Parks and Recreation's summer programs based on the guidelines established by the Florida Department of Agriculture and Consumer Services Division of Food, Nutrition and Wellness (FDACS). Brevard County Parks and Recreation has participated in this program since 1992.

In 2016, the program supplied over 20,000 breakfasts and lunches to children at 12 sites throughout the County. In 2017, the program will continue to offer breakfast and lunch at the 12 Parks and Recreation facilities located from Mims to Micco.

FDACS highly encourages Sponsor agencies to contact their local School Boards to assess their interest in providing summer food services before soliciting the private sector via formal bid requests. The School Board has agreed to provide summer food service as part of the County's FDACS program, negating the need to go out for formal solicitations.

The Parks and Recreation Department will administer the grant funds from the FDACS for this program including reimbursement to the School Board. For the estimated 19,000+ meals to be served this summer, the School Board will charge a lunch rate of \$3.47 and a breakfast rate of \$1.99 per meal in accordance with the reimbursement cap established by the FDACS. The Parks and Recreation Department will receive revenue in the amount of approximately \$8,540. The total value of contract is expected to exceed \$100,000 and in accordance with AO-29, must be approved by the Board of County Commissioners.

FISCAL IMPACT: FY 16/17 – Approval of this action will result in additional revenue of \$8,540.

Clerk to the Board instruction: **Execute three (3) original agreements.**

Tobia - this is a contract concerning meals at Park facilities; the County sees a revenue of \$8,540 but there is no expense associated with staff time on this; he has no idea what that would potentially be; the response he received from staff was if staff was not providing this they would be doing something else; and so a follow-up would be what services will be left untended because this service will be provided; and he wanted a little more clarification based on that.

Mary Ellen Donner, Parks and Recreation Director, stated the Program actually provides approximately 20,000 breakfasts and lunches; the expected revenue is actually filtered back into paying for the partial staff time of permanent part-time and permanent full-time providing this service; it is not something that had been tracked in the past; and if it is the Board's desire that she track that for this Summer, is not a problem. But that delta is actually put back into staff and does pay for the minor staff time that this Program administers.

Tobia - I don't think it is mismanagement. I would hate to think that Brevard County would make any money off of providing food for children that cannot afford it. You did mention we don't know what that is but potentially what you are telling me, it could be less money than that \$8,500 and I'd like to see what that delta is because it could be both positive and negative; and also as moving forward, certainly will know what services will be left open because these services are provided.

Donner - We will certainly track that this summer.

SUMMER FOOD SERVICE PROGRAM (SFSP) REGULATIONS

7 CFR § 225.6 State agency responsibilities

(h) Monitoring of food service management company procurements.

(1) The State agency shall ensure that sponsors' food service management company procurements are carried out in accordance with §§ 225.15(h) and 225.17 of this part.

(2) Each State agency shall develop a standard form of contract for use by sponsors in contracting with food service management companies. Sponsors which are public entities, sponsors with exclusive year-round contracts with a food service management company, and sponsors whose food service management company contract(s) do not exceed \$10,000 in aggregate value may use their existing or usual form of contract, provided that such form of contract has been submitted to and approved by the State agency. The standard contract developed by the State agency shall expressly and without exception provide that:

(i) All meals prepared by a food service management company shall be unitized, with or without milk or juice, unless the State agency has approved, pursuant to paragraph (h)(3) of this section, a request for exceptions to the unitizing requirement for certain components of a meal;

(ii) A food service management company entering into a contract with a sponsor under the Program shall not subcontract for the total meal, with or without milk, or for the assembly of the meal;

(iii) The sponsor shall provide to the food service management company a list of State agency approved food service sites, along with the approved level for the number of meals which may be claimed for reimbursement for each site, established under § 225.6(d)(2), and shall notify the food service management company of all sites which have been approved, cancelled, or terminated subsequent to the submission of the initial approved site list and of any changes in the approved level of meal service for a site. Such notification shall be provided within the time limits mutually agreed upon in the contract;

(iv) The food service management company shall maintain such records (supported by invoices, receipts, or other evidence) as the sponsor will need to meet its responsibilities under this part, and shall submit all required reports to the sponsor promptly at the end of each month, unless more frequent reports are required by the sponsor;

(v) The food service management company must have State or local health certification for the facility in which it proposes to prepare meals for use in the Program. It must ensure that health and sanitation requirements are met at all times. In addition, the food service management company must ensure that meals are inspected periodically to determine bacteria levels present in the meals and that the bacteria levels found to be present in the meals conform with the standards set by local health authorities. The results of the inspections must be submitted promptly to the sponsor and to the State agency.

(vi) The meals served under the contract shall conform to the cycle menus and meal quality standards and food specifications approved by the State agency and upon which the bid was based;

(vii) The books and records of the food service management company pertaining to the sponsor's food service operation shall be available for inspection and audit by representatives of the State agency, the Department and the U.S. Government Accountability Office at any reasonable time and place for a period of 3 years from the date of receipt of final payment under the contract, except that, if audit or investigation findings have not been resolved, such records shall be retained until all issues raised by the audit or investigation have been resolved;

(viii) The sponsor and the food service management company shall operate in accordance with current Program regulations;

(ix) The food service management company shall be paid by the sponsor for all meals delivered in accordance with the contract and this part. However, neither the Department nor the State agency assumes any liability for payment of differences between the number of meals delivered by the food service management company and the number of meals served by the sponsor that are eligible for reimbursement;

(x) Meals shall be delivered in accordance with a delivery schedule prescribed in the contract;

(xi) Increases and decreases in the number of meals ordered shall be made by the sponsor, as needed, within a prior notice period mutually agreed upon;(xii) All meals served under the Program shall meet the requirements of § 225.16;

(xiii) In cases of nonperformance or noncompliance on the part of the food service management company, the company shall pay the sponsor for any excess costs which the sponsor may incur by obtaining meals from another source;

(xiv) If the State agency requires the sponsor to establish a special account for the deposit of operating costs payments in accordance with the conditions set forth in § 225.6(f), the contract shall so specify;

(xv) The food service management company shall submit records of all costs incurred in the sponsor's food service operation in sufficient time to allow the sponsor to prepare and submit the claim for reimbursement to meet the 60-day submission deadline; and

(xvi) The food service management company shall comply with the appropriate bonding requirements, as set forth in § 225.15(h)(6) through (h)(8).

(3) All meals prepared by a food service management company shall be unitized, with or without milk or juice, unless the sponsor submits to the State agency a request for exceptions to the unitizing requirement for certain components of a meal. These requests shall be submitted to the State agency in writing in sufficient time for the State agency to respond prior to the sponsor's advertising for bids. The State agency shall notify the sponsor in writing of its determination in a timely manner.

(4) Each State agency shall have a representative present at all food service management company procurement bid openings when sponsors are expected to receive more than \$100,000 in Program payments.

(5) Copies of all contracts between sponsors and food service management companies, along with a certification of independent price determination, shall be submitted to the State agency prior to the beginning of Program operations. Sponsors shall also submit to the State agency copies of all bids received and their reason for selecting the food service management company chosen.

(6) All bids in an amount which exceeds the lowest bid shall be submitted to the State agency for approval before acceptance. All bids totaling \$100,000 or more shall be submitted to the State agency for approval before acceptance. State agencies shall respond to a request for approval of such bids within 5 working days of receipt.

(7) Failure by a sponsor to comply with the provisions of this paragraph or § 225.15(h)(1) shall be sufficient grounds for the State agency to terminate participation by the sponsor in accordance with § 225.18(b).

(i) *Meal pattern exceptions.* The State agency shall review and act upon requests for exceptions to the meal pattern in accordance with the guidelines and limitations set forth in § 225.16.

7 CFR § 225.15 Management responsibilities

(m) *Food service management companies.*

(1) Failure by a sponsor to comply with the provisions of this section shall be sufficient grounds for the State agency to terminate that sponsor's participation in accordance with § 225.18.

(2) Any sponsor may contract with a food service management company to manage the sponsor's food service operations and/or for the preparation of unitized meals with or without milk or juice. Exceptions to the unitizing requirement may only be made in accordance with the provisions set forth at § 225.6(h)(3).

(3) Any vended sponsor shall be responsible for ensuring that its food service operation is in conformity with its agreement with the State agency and with all the applicable provisions of this part.

(4) In addition to any applicable State or local laws governing bid procedures, and with the exceptions identified in this paragraph, each sponsor which contracts with a food service management company shall comply with the competitive bid procedures described in this paragraph. Sponsors which are schools or school food authorities and which have an exclusive contract with a food service management company for year-round service, and sponsors whose total contracts with food service management companies will not exceed \$10,000, shall not be required to comply with these procedures. These exceptions do not relieve the sponsor of the responsibility to ensure that competitive procurement procedures are followed in contracting with any food service management company. Each sponsor whose proposed contract is subject to the specific bid procedures set forth in this paragraph shall ensure, at a minimum, that:

(i) All proposed contracts are publicly announced at least once, not less than 14 calendar days prior to the opening of bids, and the announcement includes the time and place of the bid opening;

(ii) The bids are publicly opened;

(iii) The State agency is notified, at least 14 calendar days prior to the opening of the bids, of the time and place of the bid opening;

(iv) The invitation to bid does not specify a minimum price;

(v) The invitation to bid contains a cycle menu approved by the State agency upon which the bid is based;

(vi) The invitation to bid contains food specifications and meal quality standards approved by the State agency upon which the bid is based;

(vii) The invitation to bid does not specify special meal requirements to meet ethnic or religious needs unless such special requirements are necessary to meet the needs of the children to be served;

(viii) Neither the invitation to bid nor the contract provides for loans or any other monetary benefit or term or condition to be made to sponsors by food service management companies;

(ix) Nonfood items are excluded from the invitation to bid, except where such items are essential to the conduct of the food service;

(x) Copies of all contracts between sponsors and food service management companies, along with a certification of independent price determination, are submitted to the State agency prior to the beginning of Program operations;

(xi) Copies of all bids received are submitted to the State agency, along with the sponsor's reason for choosing the successful bidder; and

(xii) All bids in an amount which exceeds the lowest bid and all bids totaling \$100,000 or more are submitted to the State agency for approval before acceptance. State agencies shall respond to a request for approval of such bids within 5 working days of receipt.

(5) Each food service management company which submits a bid over \$100,000 shall obtain a bid bond in an amount not less than five (5) percent nor more than ten (10) percent, as determined by the sponsor, of the value of the contract for which the bid is made. A copy of the bid bond shall accompany each bid.

(6) Each food service management company which enters into a food service contract for over \$100,000 with a sponsor shall obtain a performance bond in an amount not less than ten (10) percent nor more than twenty-five (25) percent of the value of the contract, as determined by the State agency, of the value of the contract for which the bid is made. Any food service management company which enters into more than one contract with any one sponsor shall obtain a performance bond covering all contracts if the aggregate amount of the contracts exceeds \$100,000. Sponsors shall require the food service management company to furnish a copy of the performance bond within ten days of the awarding of the contract.

(7) Food service management companies shall obtain bid bonds and performance bonds only from surety companies listed in the current Department of the Treasury Circular 570. No sponsor or State agency shall allow food service management companies to post any "alternative" forms of bid or performance bonds, including but not limited to cash, certified checks, letters of credit, or escrow accounts.

(n) *Other responsibilities.* Sponsors shall comply with all of the meal service requirements set forth in § 225.16.
