Nightmare in Palm Shores

My Great Great Grandparents helped start Brevard!" Charles A. Tovey Jr. told us proudly. "I grew up around here on the beachside." Charles, ~~who~~ owns a homesteaded property on Roberts Road in Palm Shores. The Mayor of Palm Shores is Carol McCormack. Charles came to his Code Enforcement Special ~~Magistrate~~ Magistrate Hearing in Building C at the Palace in Viera last Thursday wearing a thick rope noose around his neck. Another Florida F.A.C.E.OFF. Member informed me that it was what is known as a Nautical Tie.

Charles has been having some problems with people he believes are involved in trying to take his land, which just happens to be a very nice piece of real estate, located ~~at the end of~~ ^{on} a dead-end road, ~~right on~~ ^{just} the banks of the beautiful Indian River! ~~My wife and I will hold property back for the time.~~ They're wanting to tear my house down! They can't get me out any other way! It's the local Government that's a conspiracy to take my land! This is all just an instigation to get me off my property. I've paid for my property! Now I have \$35,000 in fines and fees on it! I feel unsafe! All's I'm trying to do is work for a living and have a house and a safe environment!"
