Brevard County Board of County Commissioners

and

Citizens of Brevard County, Florida

The Annual Comprehensive Financial Report of Brevard County, Florida, for the fiscal year ended September 30, 2021, is hereby submitted. This report was prepared by the staff of the County Finance Department, who report to the Clerk of the Circuit Court and Comptroller. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of the Circuit Court and Comptroller. The enclosed data is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and the results of operations of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities are included.

Governmental accounting and auditing principles require that management provide a narrative introduction, overview, and analysis of the basic financial statements, in the form of Management's Discussion and Analysis (MD&A). This transmittal letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A follows the report of independent auditor.

Brevard County operates under the constitution and laws of the State of Florida. The Board of County Commissioners is the legislative body for Brevard County and is made up of five residents elected by voters in their respective districts. In addition to the County Commissioners, the voters elect five constitutional officers: Clerk of the Circuit Court and Comptroller, Tax Collector, Sheriff, Property Appraiser and Supervisor of Elections.

The Brevard County Board of County Commissioners and the elected constitutional officers provide a comprehensive range of public services to the community. These public services include law enforcement and detention/correction, fire protection and rescue, social, health and welfare, recreation and parks, libraries, road maintenance and improvements, environmental protection, comprehensive planning, economic development, voter registration and elections, and court administration. The County provides additional services to the community similar to private enterprise. These include solid waste disposal, collection and recycling, water/wastewater utility, golf courses, and a transit system. Internal Service Funds have also been established to provide support services to County departments in the areas of information/communication systems and risk management.

The financial statements also include a housing authority, economic development zone and other entities for which Brevard County is financially accountable. These entities are described in the notes to the financial statements (Exhibit A-16, Note 1).

Formal budgetary integration is employed as a management control device during the year. The Clerk of the Circuit Court and Comptroller and the Supervisor of Elections submit their budgets to the Board by May 1 of each year. The Property Appraiser and the Sheriff submit the County funded portions of their budgets to the Board by June 1, and the Tax Collector submits their budget by August 1. After work sessions on departmental budgets and the constitutional officers' requests are conducted, a tentative budget is submitted to the public by Board resolution, and public hearings are held to obtain taxpayer comments. A final public hearing is then held and the final budget is adopted.

Budget to actual financial comparisons are presented in this report for each governmental fund. For the general fund and the major special revenue funds, these comparisons are included in the basic financial statements section. The nonmajor special revenue, debt service, and capital project funds' budget to actual comparisons are included in the combining and individual statements and schedules section of this report. Brevard County considers the legal level of budgetary control to be at the fund level.

ECONOMIC SUMMARY

Brevard County encompasses 1,557 square miles and is located in the heart of Florida's east coast. Brevard County prides itself as the home of NASA's Kennedy Space Center (KSC), the birthplace of U.S. manned spaceflight. KSC continues to have significant impact in the growth and diversity of the local aerospace industry. The development of Exploration Park, as well as launch and building facilities leased to aerospace firms, assisted in the successful launch and first stage return of government and commercial satellites. The local diversified economy includes manufacturing of electronics, aerospace, communications, agriculture and tourism. Major private employers include: Health First Inc., L3 Harris Technologies Inc., Northrop Grumman Corporation, Wal-Mart Associates, Inc., and Publix Super Markets, Inc. The County's unemployment rate as of December 2021 was 3.2%.

The County is the tenth largest county in population, among the 67 counties of the State of Florida. The County has experienced an average population growth rate of 1.3% per year during the last decade. The development of the Space Center, peripheral services, aerospace and high technology industries, tourism services, and an influx of retired persons have contributed to the population growth. The County's population is projected to be 648,000 in the year 2025 and 678,300 in the year 2030.

ACCOUNTING SYSTEM

In developing and evaluating the accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of the control should not exceed the benefits likely to be derived, and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework.

GOALS AND OBJECTIVES

Management's goals and objectives are to provide infrastructure for future growth, sound fiscal management, and to maintain the quality of life citizens enjoy in Brevard County.

During the COVID-19 public health emergency, funding received by the federal CARES Act enabled Brevard County to respond to issues affecting local communities and businesses. The \$105 million in Coronavirus Relief Funds received in fiscal year 2020 provided significant support through Board approved programs for public health and safety support, as well as economic stability and individual assistance. The County has also received allocations from the federal government totaling \$42.4 million for emergency rental assistance, creation of affordable housing and services for people experiencing homelessness. During fiscal year 2021, the County received the first tranche of funding from the Coronavirus State and Local Fiscal Recovery Fund under the American Rescue Plan Act (ARPA) in the amount of \$58 million. The second tranche of \$58 million is expected to be released in May 2022. ARPA funding is available to respond to the negative economic impacts of COVID-19, provide premium pay to eligible essential workers, to offset reduction in revenues due to the COVID-19 and make necessary infrastructure investments. ARPA funds must be encumbered by December 31, 2024 and expended by December 31, 2026.

Brevard County continues to work on improving the water quality of the Indian River Lagoon. The Save Our Indian River Lagoon initiative has received \$227 million from the voter approved half-cent sales tax, since collections started in January 2017. The County has completed and begun a number of projects to remove excess nutrients from the lagoon. The County has construction contracts and other contractual commitments totaling \$80 million. Upgrading and converting selected septic tank systems, installing baffle boxes to remove sediment,

debris and pollutants from storm water before it enters the lagoon, and removal of muck from the bottom of the lagoon, which continues to improve seagrass vegetation and marine life, and reduce nutrients that contribute to harmful algae blooms and fish kills.

The County's Road and Bridge department maintains, preserves and manages the County's road network, which is the primary infrastructure for all modes of travel within Brevard County. The County has completed comprehensive condition assessment of roads and bridges, and is continuing the road resurfacing and construction programs, along with a pilot preservation program that is anticipated to enhance preventive maintenance and pavement preservation. The County's multi-year plan includes complete rehabilitation of eight county maintained bridges.

Design, engineering and site work for the County's new Emergency Operations Center (EOC) are nearing completion. The \$27 million new facility is planned to accommodate all necessary emergency support functions and liaisons in a 43,000 square foot, state-of-the-art, storm-rated EOC. Funding has been allocated through general fund revenues and state grants, and is expected to be completed in 2023.

INDEPENDENT AUDITORS

In compliance with the laws of the State of Florida, the County's independent Certified Public Accountants, Cherry Bekaert LLP, have completed an audit of the accounts and financial statements, and their opinion is included herein.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Brevard County, Florida, for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2020. This was the 40th consecutive year that Brevard County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of this report, on a timely basis, could not have been accomplished without the efficient and dedicated services of the entire staff of the County Finance Department. Also appreciated are the efforts of elected officials and members of the County staff, for their interest and support in planning and conducting the financial operation of the County in a progressive and responsible manner.

Sincerely,

Rachel M. Sadoff

Clerk of the Circuit Court & Comptroller

Report of Independent Auditor

To the Honorable Board of County
Commissioners of Brevard County, Florida
Viera, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Brevard County, Florida (the "County"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Titusville-Cocoa Airport Authority and Brevard County Housing Finance Authority, whose statements reflect 86%, 85%, and 51%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by another auditor whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Titusville-Cocoa Airport Authority and Brevard County Housing Finance Authority, is based solely upon the reports of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of September 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Emergency Services Fund, Brevard County Transportation Trust Fund, Save Our Indian River Lagoon Fund, Grants Fund and Coronavirus Relief Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 27 to the financial statements, effective October 1, 2020, the County adopted the provisions of Governmental Accounting Standards Board Statement 84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual funds statements and schedules, the schedule of bonded debt and interest to maturity and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, Rules of the Auditor General, and are also not a required part of the basic financial statements.

The combining and individual funds statements and schedules and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and another auditor. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditor, the combining and individual funds statements, the schedule of bonded debt and interest to maturity and schedules and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 1, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Orlando, Florida
April 1, 2022

Management's Discussion and Analysis

As Clerk of the Circuit Court and Comptroller for Brevard County, I offer readers of the Brevard County Financial Statements this narrative overview and analysis of the financial activities of Brevard County for the fiscal year ended September 30, 2021. I encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal of the report. All amounts, unless otherwise indicated, are expressed in millions of dollars.

Financial Highlights

- Brevard County's assets and deferred outflows of resources exceeded its liabilities at September 30, 2021 by \$1,332.5 million (net position), of which \$68.0 million is negative unrestricted.
- The County's total net position increased \$156.4 million over the previous year, with \$140.8 million of the increase resulting from governmental activities and \$15.6 million resulting from business-type activities.
- As of September 30, 2021, the County's governmental fund statements reported a combined ending fund balance of \$540.2 million, an increase of \$94.6 million from the preceding fiscal year.
- The General Fund reported a fund balance of \$84.8 million, an increase of \$2.8 million from the preceding fiscal year.
- Total bonded debt decreased \$20.4 million (10.1%) in fiscal year 2021.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Brevard County's basic financial statements. Brevard County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of Brevard County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of Brevard County's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of Brevard County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Brevard County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Brevard County include general government, public safety, physical environment, transportation, economic environment, human services, and culture/recreation. The business-type activities of Brevard County include waste collection/disposal, water and wastewater utilities, transit services and golf courses.

The government-wide financial statements include not only Brevard County itself (known as the primary government), but also a legally separate airport authority and other entities for which Brevard County is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on Exhibits A-1 and A-2 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Brevard County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Brevard County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Brevard County maintains twenty-six individual governmental funds. The General Fund represents the chief operating fund. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Emergency Services, Brevard County Transportation Trust, Save Our Indian River Lagoon, Grants, and Coronavirus Relief, each of which are considered to be major funds. Data from the other governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements shown in Exhibits B-1 to E-1 of this report.

Brevard County adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance.

The basic governmental fund financial statements can be found on Exhibits A-3 to A-10 of this report.

Proprietary funds. Brevard County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Brevard County uses enterprise funds to account for its waste collection/disposal system, water and wastewater utilities, transit services and golf courses. Internal service funds are an accounting device used to accumulate and allocate costs internally among Brevard County's various functions. Brevard County uses internal service funds to account for its information systems and risk management. Because both of these internal services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements. The proprietary fund financial statements provide separate information for the Solid Waste Management Department, and Water and Wastewater Utility System, each of which are considered to be major funds of Brevard County. Individual fund data for the nonmajor enterprise and the internal service funds is provided in the form of combining statements shown in Exhibits F-1 to G-3 of this report.

The basic proprietary fund financial statements can be found on Exhibits A-11 to A-13 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support Brevard County's own programs. Individual fund data for each of these fiduciary funds is provided in the form of combining statements shown in Exhibits H-1 and H-2 of this report.

The basic fiduciary fund financial statements can be found on Exhibit A-14 and A-15 of this report.

Notes to Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on Exhibit A-16 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning Brevard County's progress in funding its obligation to provide other postemployment benefits to its employees and net pension liability. Required supplementary information can be found on Exhibits A-17 to A-19 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Brevard County, assets and deferred outflows of resources exceeded liabilities by \$1,332.5 million at the close of the most recent fiscal year. Brevard County's increase in net position for this fiscal year amounts to \$156.4 million.

Almost all of Brevard County's net position (73.4 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. Brevard County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Brevard County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since most of the capital assets themselves cannot be used to liquidate these liabilities.

The government-wide financial analysis does not consider any legislative or spending restrictions within the governmental and business-type activities. For example, gas taxes are usually restricted to road construction/maintenance. Property taxes levied for fire/rescue would be restricted to fire/rescue purposes. The composition of the County's net position can be used as an indication of overall financial condition.

Brevard County's Net Position (in millions)

	Governmental Activities		Business-type Activities		Total		% Change
	2021	2020	2021	2020	2021	2020	
Current and other assets	\$ 753.3	\$ 638.2	\$ 156.5	\$ 147.4	\$ 909.8	\$ 785.6	15.8

The restricted portion of Brevard County's net position (31.7 percent) represents resources that are subject to external restrictions on how they may be used. The restrictions include acquiring land for preservation, beach restoration, fire/rescue, lagoon restoration, capital improvements to parks, and road construction/resurfacing. The restrictions are imposed by actions such as local ordinances or bond covenants.

The Changes in Net Position summary, displayed below, shows the governmental and business-type activities during the fiscal year.

Financial Analysis of Governmental Activities

Revenue in fiscal year 2021 included increases in property taxes of \$7.3 million, and increases in charges for services of \$26.7 million. The property tax increase resulted from improved property values. During fiscal year 2021, the County began levying a non-ad valorem assessment (\$11.9 million) against private hospitals' properties within the County to provide funding for intergovernmental transfers to the State of Florida to support the non-federal share of Medicaid payments that will directly benefit hospital properties. The remaining increases can be attributed to increases in building permits, impact fees on new construction, court-related charges and recording fees.

Expenses decreased by \$43.4 million, primarily as a result of a decrease in pension expenses. The Florida Retirement System's pension plan, in which all County employees participate, reported a significant decrease in pension liability at September 30, 2021, primarily attributable to a significant change in the projected and actual earnings on plan investments. The impact for governmental activities was a \$28.2 million negative expense, which was a \$72 million decrease from the previous year. Human services expenses and economic environment expenses increased in fiscal year 2021 as a result of increased spending to address the impacts of COVID-19.

Financial Analysis of Business-type Activities

Business-type activities increased the County's net position by \$15.6 million, compared to \$15.8 million in the previous year. The County's Water and Wastewater Utility System experienced the largest increase in net position at \$17.6 million. The County's Space Coast Area Transit operations reported a \$4.1 million increase and Solid Waste Management Department reported a \$5.9 million decrease in net position. The individual operations are explained on the next page under Proprietary Funds.

Financial Analysis of Brevard County's Funds

As noted earlier, Brevard County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of Brevard County governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Brevard County's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

	Net Change in Fund Balance					Coronavirus Relief
	General Fund	Emergency Services	Brevard County Transportation Trust	Save Our Indian River Lagoon	Grants	
Fiscal Year 2021						
Revenues and other sources	\$ 298,579,579	\$ 74,235,929	\$ 50,971,916	\$ 55,744,282	\$ 22,525,733	\$ 47,851,158

Revenues and other sources	\$ 283,583,510	\$ 72,094,272	\$ 74,288,934	\$ 51,029,308	\$ 24,697,724	\$ 59,080,166
Expenditures and other uses	254,088,273	62,553,803	72,360,688	11,147,517	23,114,619	59,080,166
Increase in fund balance	\$ 29,495,237	\$ 9,540,469	\$ 1,928,246	\$ 39,881,791	\$ 1,583,105	\$ 0

As of September 30, 2021, Brevard County governmental funds reported combined fund balance of \$540.2 million, an increase of \$94.6 million compared with the prior year. Approximately 7.4% of this amount (\$39.9 million) represents unassigned fund balance, which is available for spending at the County's discretion. The remainder of fund balance falls into the category of either not in spendable form, restricted, committed or assigned. These categories indicate that the funds are not available for new spending, because they have already been designated for a specific purpose, either by action of the County, statutory or debt based requirements.

At September 30, 2021, total fund balance in the General Fund was \$84.8 million, of which \$80.6 million was spendable. As a measure of liquidity, the spendable General Fund's fund balance compared to total fund expenditures and other financing uses was at 27.3% percent at fiscal year-end. The fund balance increased \$2.8 million during the current fiscal year, largely, because public safety costs to address the coronavirus disease public health emergency were reimbursed to the General Fund from federal public assistance. The County has assigned these additional General Funds toward future costs.

Emergency Services received \$74.2 million of dedicated property taxes, fire assessment, ambulance fees and General Fund financial support during fiscal year 2021. The department expended \$66.1 million for fire protection, ambulance, hazardous material mitigation, other emergency services and some capital renovations. The \$32.2 million fund balance represents an \$8.1 million increase for public safety payroll expenses, over the \$24.1 million in fiscal year 2020, and resulted primarily from the receipt of federal CARES Act funds.

The Brevard County Transportation Trust Fund receives gas taxes, development related impact fees, grants and a General Fund subsidy to maintain the County's road infrastructure. The fund balance in the Transportation Trust fund increased by \$3.0 million in fiscal year 2021. The \$60.3 million restricted fund balance in fiscal year 2021 represents impact fees and gas taxes that can only be applied to infrastructure maintenance and improvements. The \$9.9 million unrestricted fund balance represents the residual balance from the annual General Fund support used to resurface roads. The unrestricted balance in fiscal year 2020 was \$8.8 million.

The Save Our Indian River Lagoon program receives a half-cent sales tax to improve water quality and marine habitat by removing muck and reducing future pollution. The voters approved the tax to last a total of ten years through December 2026. The County collected \$53.8 million of the half-cent sales tax during fiscal year 2021 and the accumulated balance of funds available at year-end totaled \$202.4 million. The program has expended \$34.2 million since it began sales tax collections in January 2017. At fiscal year-end, there was \$80.7 million of uncompleted construction contracts and other contractual commitments.

The Grants Fund received \$22.4 million of federal and state financial assistance to lessen poverty, plan emergency public facilities, provide access to literature, resurface roads, improve intercoastal water quality, protect beach coastline and other public purposes. The Grants Fund reported a deficit fund balance of \$10.8 million at year-end. The deficit fund balance is primarily a result of grant reimbursements not received within the first 90 days of the subsequent fiscal year.

The United States Treasury appropriated \$105 million to Brevard County in fiscal year 2020 under the Coronavirus Aid, Relief and Economic Security (CARES) Act, and in fiscal year 2021, the County received \$58.5 million under the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program of the American Rescue Plan Act. The County used the funds to address the public emergency with respect to the Coronavirus disease (COVID-19). The County expended \$47.9 million of the COVID-19 funds in fiscal year 2021 for economic support to business, housing rental and food assistance to families, support for hospitals and municipalities, supplies and preparation for vaccination and other public safety costs.

The Tourism Development Tax fund balance increased \$9.8 million in fiscal year 2021 to a total of \$32.6 million. The fund balance included \$25.7 million dedicated to beach improvement, restoration, erosion control, and capital improvements.

The Building Code Compliance Department regulates and enforces the Florida Building Code in unincorporated Brevard County. The code reinforces the public safety, health, and general welfare, through structural safety of regulated permanent facilities constructed in the County. During fiscal year 2021, the department generated an excess of \$1.6 million over the costs of enforcement. The department's spendable fund balance at fiscal year-end of \$9.6 million represents 217% of annual expenditures.

Proprietary Funds

Brevard County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail, and on a fund basis, for the enterprise funds and internal service funds.

Enterprise Funds - At September 30, 2021, total net position amounted to \$351.1 million for enterprise funds, as compared to \$334.5 million at September 30, 2020. Net position primarily changed as a result of operations, grants and capital contributions in the Water and Wastewater Utility System fund.

The Solid Waste Management Department reported a decrease in net position of \$5.9 million. The total current assets of \$75.8 million include \$45.3 million restricted for landfill closure. Future landfill and facilities expansion will be accommodated with operating resources and capital financing.

The Water and Wastewater Utility System reported an increase in net position for fiscal year 2021 of \$17.6 million, compared to the \$15.7 million increase in net position in the preceding fiscal year. Current policy provides for rates to be adjusted by the consumer price index, not to exceed 5 percent annually for operations of the utility system. The coverage of net available revenue over debt service for the fiscal year was 1,136 percent. The system disbursed \$15.6 million to acquire, construct or improve capital assets during the fiscal year. The capital contributions, including impact fees and developer contributions, was \$11.9 million for the fiscal year.

Internal Service Funds - The Risk Management internal service fund is to finance the uninsured risks of loss for workers compensation, auto liability, general liability claims and employee health benefits, on a cost-reimbursement basis. In addition to the self-insurance, the County also purchases commercial insurance policies to manage risk for claims that exceed agreed upon amounts. Insurance costs and claims exceeded revenues of the self-insurance program by \$7.4 million. Noncurrent liabilities claims payable for Incurred But Not Reported (IBNR) totaled \$10.6 million. The unrestricted net position of the self-insurance fund at fiscal year-end was \$33.2 million. The net position reflects 43.4% of the annual expenses.

General Fund Budgetary Highlights

A budget to actual statement is provided for the General Fund. A column is presented for both the original adopted budget and the final amended budget.

A comparison of the original to the final operating revenue budget shows an increase of \$4.7 million, primarily as a result of increases in Federal grants, and charges for services. Actual expenditures were \$21.4 million less than final budgeted amounts, with the majority of unexpended budget within the general government, public safety, and culture/recreation functions.

Capital Asset and Debt Administration

Capital Assets. Brevard County's investment in capital assets for its governmental and business-type activities as of September 30, 2021, amounts to \$1.2 billion (net of accumulated depreciation). This investment in capital assets includes land, easements, buildings and structures, improvements, goodwill, and machinery and equipment. Infrastructure, such as roads, highways and bridges, are also included. Brevard County's investment in capital assets for the current fiscal year increased 1.9 percent.

Additional information on Brevard County's capital assets can be found in the notes to the financial statements (Exhibit A-16, Note 9).

Long-term debt. At the end of the current fiscal year, Brevard County had total bonded debt outstanding of \$182.1 million, which is an 10.1 percent decrease from fiscal year 2020. Of this amount, \$35.2 million comprises debt backed by voter approved property taxes, and \$146.9 million is secured solely by specified revenue sources such as gas taxes and utility revenues.

Additional information on Brevard County's long-term debt can be found in the notes to the financial statements (Exhibit A-16, Note 15).

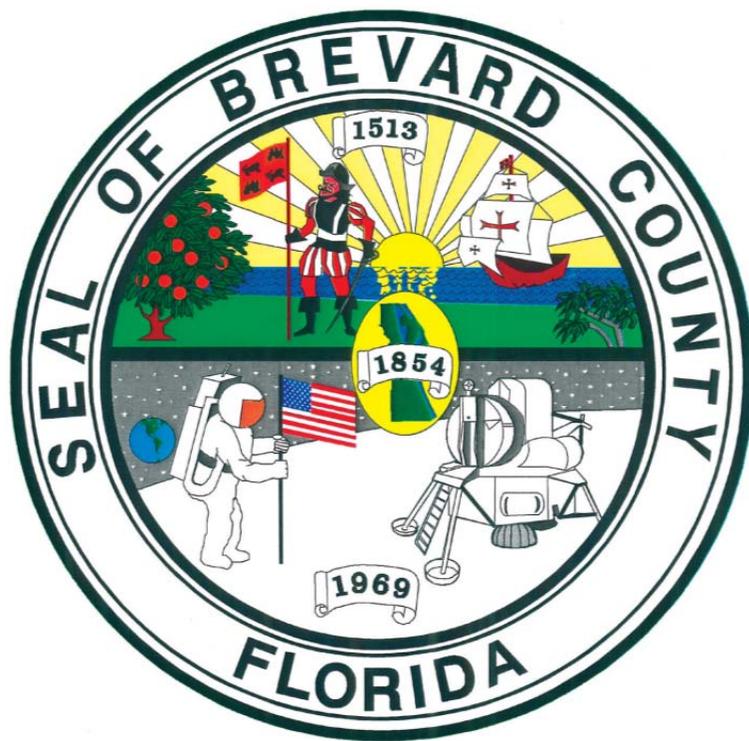

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Brevard County is currently 3.2 percent, which was a decrease from a rate of 4.8 percent a year ago. The State's average unemployment rate is 3.5 percent and the national average rate is 3.9 percent.
- Total property valuation increased from \$73.9 billion to \$78.1 billion. Taxable property valuation increased from \$40.8 billion to \$43.8 billion. The valuation of Save Our Homes exemptions is \$10.4 billion, down from \$10.6 billion in 2020.
- Brevard County experienced an increase in general revenues over the preceding year. Property taxes increased due to the additional construction values that were added. The number of building permits issued during 2021 and 2020 were 25,852 and 25,627, respectively.

All of these factors were considered in preparing Brevard County's budget for the 2022 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of Brevard County's finances for all those with an interest in the government's finances. Questions concerning the basic financial statements or other accounting information provided in this report should be addressed to the Finance Director, 400 South Street, Third Floor, Titusville, Florida 32780. Questions concerning budgets, long-term financial planning, or the management of County operations should be addressed to the County Manager, 2725 Judge Fran Jamieson Way, Viera, Florida 32940. Complete financial statements for each of the individual component units may be obtained at the entity's administrative office.

BREVARD COUNTY, FLORIDA
RECONCILIATION OF THE BALANCE SHEET
TO THE STATEMENT OF NET POSITION
GOVERNMENTAL FUNDS
SEPTEMBER 30, 2021

Fund balances - total governmental funds	\$ 540,220,827
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources; therefore, are not reported in the governmental funds.	845,294,667
Other assets used in governmental activities are not financial resources; therefore, are not reported in the governmental funds.	145,189
Long-term liabilities, including bonds payable, are not due and payable in the current period; therefore, are not reported in the governmental funds.	(458,131,850)
Unavailable revenue in the governmental funds is susceptible to full accrual on the entity-wide statements.	20,178,446
Internal service funds are used by management to charge the costs of certain services to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities.	<u>33,708,153</u>
Net position of governmental activities	<u><u>\$ 981,415,432</u></u>

BREVARD COUNTY, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2021

Net change in fund balances - total governmental funds	\$ 94,315,938
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.	14,065,995
The net effect of various miscellaneous transactions involving capital assets (e.g., sales, trade-ins, and donations).	(2,199,727)
Some revenues reported in the Statement of Activities are to be collected on a long-term basis; therefore, are not reported as revenues in the funds.	(5,329,457)
Long-term bonds and lease proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the Statement of Net Position.	18,352,257
Some expenses reported in the Statement of Activities do not require the use of current financial resources; therefore, are not reported as expenditures in the governmental funds.	27,251,577
Some expenditures reported in governmental funds are to be paid on a long-term basis; therefore, are not reported in the Statement of Activities.	213,958
Internal service funds are used by management to charge the costs of certain services to individual funds. The net (loss) of the internal service funds is reported with governmental activities.	<u>(5,870,888)</u>
Change in net position of governmental activities	<u><u>\$ 140,799,653</u></u>

The accompanying notes to the financial statements are an integral part of this statement.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Brevard County is a political subdivision of the State of Florida. It consists of the following Constitutional Offices, which are governed by state statutes and regulations:

Board of County Commissioners
Sheriff
Clerk of the Circuit Court and Comptroller
Tax Collector
Property Appraiser
Supervisor of Elections

In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), these financial statements present Brevard County and its component units. The component units represent entities for which Brevard County is financially accountable. Blended component units, although legally separate entities are, in substance, part of the government's operations and, therefore, data from these units are combined with data of the primary government. The Board of County Commissioners (Board) serves as the governing body and has operational responsibility for the following component units: the Brevard County Free Public Library District (created by Chapter 72-480, Laws of Florida), the Brevard County Mosquito Control District (created by Chapter 18437, Laws of Florida), the County Special Recreation District IV (created by Chapters 61-1909 and 71-544, Laws of Florida), the North Brevard Recreation Special District (created by County Ordinance 2000-53), and the South Brevard Recreation Special District (created by County Ordinance 2000-53). These component units are reported as governmental funds. The Board serves as the governing body and has operational responsibility of the Barefoot Bay Water and Sewer District (created by County Ordinance 99-17), which is reported as an enterprise fund. Discretely presented component units are reported in a separate column, in the government-wide financial statements, to emphasize their legal separation from Brevard County. The reporting period for each component unit ends on September 30th.

Discretely Presented Component Units

North Brevard County Public Library District - The Library District was established pursuant to Chapter 69-869, Laws of Florida, to fund the operation of a public library system in North Brevard County. The City of Titusville appoints five members of the Library Board, and the Board of County Commissioners (Board) appoints two members. Although the Library District is not fiscally dependent upon the Board, it would be misleading to exclude the Library District from the reporting entity. The Library District is classified as a dependent special district to the Board by the Florida Department of Economic Opportunity and, as such, is required to be included in the annual report filed with the Florida Department of Banking and Finance. The Library District is presented as a governmental fund.

Merritt Island Redevelopment Agency - The Agency was established pursuant to Section 163.387, Florida Statutes, and Ordinance 89-28, as amended by 90-188, to fund redevelopment in the Merritt Island area. The Board of County Commissioners (Board) appoints all members of the Agency board. The Board provides financial support by establishing, through an ordinance, the incremental tax revenue for the Agency. The Agency is presented as a governmental fund.

North Brevard Economic Development Zone - The Economic Development Zone was created by the Board of County Commissioners pursuant to Chapters 125, 189 and 200 Florida Statutes. The purpose for the district is to work with the County Commission, the City of Titusville and the Brevard Economic Development District of Florida's Space Coast to prepare and implement the economic development plan for areas located north of State Road 528 in Brevard County District 1. The City of Titusville appoints three members of the Economic Development Zone's board. The Board of County Commissioners (Board) appoints six members and is able to impose its will through its ability to remove members without cause. The Board provides financial support by establishing, through an ordinance, the incremental tax for the Zone. The Economic Development Zone is presented as a governmental fund.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Titusville-Cocoa Airport Authority - The Airport Authority operates three general aviation airports within the Titusville-Cocoa Airport District. The Airport Authority was established pursuant to Chapter 63-1143, Special Acts of Florida. The Board of County Commissioners (Board) appoints all members of the Airport Authority board. The Board approves the Airport Authority's budget. The Airport Authority is presented as a proprietary fund.

Brevard County Housing Finance Authority - The Housing Finance Authority was created pursuant to Chapter 159, Part V, Florida Statutes, and County Ordinance 79-09, for the specific purpose of alleviating a shortage of housing and capital for investment in housing in Brevard County. The members of the Housing Finance Authority board are appointed by the Board of County Commissioners (Board) and can be removed, without cause, by a three-fifths vote of the Board. The Housing Finance Authority is presented as a proprietary fund. Revenue bonds issued by the Housing Finance Authority do not constitute indebtedness of the Board, the Housing Finance Authority, or the State, and are secured solely by mortgage loans and interest earnings therein. Accordingly, such obligations are not included within the accompanying financial statements.

The Merritt Island Redevelopment Agency, Titusville-Cocoa Airport Authority and Brevard County Housing Finance Authority issue separate complete financial statements, and those reports may be obtained at their respective administrative offices. No separately issued statements are prepared for the other component units.

Effective for fiscal year 2020, each Community Redevelopment Agency (CRA) that has revenues or a total of expenditures and expenses in excess of \$100,000 is required by Chapter 163, Florida Statutes, to have performed a separate audit. The CRA audit report must include basic financial statements, notes to the financial statements, management's discussion and analysis, and other required supplementary information. The Merritt Island Redevelopment Agency CRA meets the requirements for separate financial statements to be issued.

The A. Max Brewer Memorial Law Library, Brevard County Expressway Authority, and Brevard County Health Facilities Authority, are considered blended component units and reported no revenues or expenditures for the period ended September 30, 2021.

Related Organizations

The Board of County Commissioners (Board) is responsible for all of the board appointments for the Educational Facilities Authority. The Board also appoints a majority of the board members for the North Brevard County Hospital District. However, the Board has no further financial accountability for any of these organizations.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements report information on all of the nonfiduciary activities of the primary government and its component units as a whole. All fiduciary activities are reported only in the fund financial statements. As part of the consolidation process, all interfund activities are eliminated from these statements, except for the residual amounts between governmental and business-type activities reported as "internal balances." On both statements, governmental activities are reported separately from business-type activities and the primary government is reported separately from its discretely presented component units.

Net position, the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources, as presented in the Statement of Net Position is subdivided into three categories: net investment in capital assets, restricted net position, and unrestricted net position. Net position is reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws or regulations of other governments, or by law through constitutional provisions or enabling legislation.

The Statement of Activities presents a comparison between the direct and indirect expenses of a given function or segment and its program revenues, and displays the extent to which each function or segment contributes to the change in net position for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function or segment. Indirect expenses are indirect costs the County has allocated to functions through various automatic allocation methods. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues not classified as program revenues are reported as general revenues.

Separate fund financial statements report detailed information about the County's governmental, proprietary and fiduciary funds. The focus of governmental and proprietary fund financial statements is on major funds. Therefore, major funds are reported as separate columns in the fund financial statements and nonmajor funds are aggregated and presented as a single column on each statement. The internal service funds are presented in a single column on the face of the proprietary fund statements. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentation.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges for services, and various functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, as well as the proprietary and fiduciary fund financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred. Proprietary funds distinguish between operating and nonoperating revenues and expenses. Operating revenues generally result from producing and delivering goods or providing services, such as water, sewer, and garbage services to the general public. Proprietary fund operating expenses include the costs of sales and services, administrative expenses and depreciation. All revenues and expenses not meeting the definition of operating are reported as nonoperating revenues and expenses, except for capital contributions, which are presented separately.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, considered to be sixty days (ninety days for intergovernmental revenue). Revenues not available, within the sixty or ninety-day period, are reported on the Balance Sheet as Deferred Inflows of Resources.

The primary revenue sources for governmental funds are state revenue sharing funds, sales tax, franchise fees, grants and federal financial assistance, special assessments, impact fees, property taxes, and interest earnings on investments. Primary revenue sources associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenues, such as licenses and permits, charges for services, and miscellaneous revenues are considered to be measurable and available only when payment is received.

Expenditures are recorded when a liability is incurred, except debt service expenditures, compensated absences expenditures, and claims and judgments which are recorded only when payment is due.

In applying the modified accrual basis of accounting to intergovernmental revenues, the legal and contractual requirements of the individual programs are used as guidance. There are typically two types of intergovernmental revenues. One type requires monies to be expended for the specific purpose or project before any amounts will be reimbursed to the County and, therefore, the revenues recognized are based upon recorded expenditures. The other provides monies that are generally unrestricted as to the purpose of the expenditure and are substantially irrevocable (i.e. revocable only for failure to comply with prescribed compliance requirements). These revenues are recognized at the time of receipt or earlier if they meet the availability criterion.

Governmental funds report fund balances either as non-spendable or spendable. Spendable balances are further classified as restricted, committed, assigned or unassigned, based on the extent to which there are external or internal constraints on the spending of these fund balances.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Non-spendable Fund Balance – Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amounts of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Spendable Fund Balance:

- **Restricted Fund Balance** - Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- **Committed Fund Balance** - Amounts that can be used only for the specific purposes determined by a formal action (ordinance/resolution), which are equally binding of the Board of County Commissioners, the County’s highest level of decision making authority. Commitments may be changed or lifted only by the Board of County Commissioners taking the same formal action (ordinance/resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements are reported in this category only if they are specific and non-recurring.
- **Assigned Fund Balance** - Includes spendable fund balance amounts established by the Board of County Commissioners that are intended to be used for specific purposes and are neither considered restricted or committed.
- **Unassigned Fund Balance** - Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that is spendable and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balances may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The County spends restricted amounts first when restricted and unrestricted fund balance is available, unless prohibited by legal documents, grant agreements or contracts. Additionally, the County uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes of which amounts in any of the unrestricted fund balance classifications could be used.

The following are reported as major governmental funds:

General Fund - The General Fund is the general operating fund of the County. All general tax revenues and other receipts, not required legally or by generally accepted accounting principles, to be accounted for in other funds, are accounted for in the General Fund.

Emergency Services - The Emergency Services Special Revenue Fund is used to account for ad valorem tax, impact fees, ambulance charges, non-ad valorem revenue from the General Fund and a county-wide non-ad valorem assessment for the provision of fire protection, ambulance, and emergency management services in the unincorporated areas of Brevard County and participating municipalities.

Transportation Trust - The Transportation Trust Special Revenue Fund is used to account for the construction and maintenance of County roads. These activities include road maintenance, traffic control, right-of-way acquisition, and construction of new roadways. Funds are provided from state-shared revenues and gas taxes collected and distributed by the State of Florida, impact fees, and non-ad valorem revenue from the General Fund.

Save Our Indian River Lagoon - The Save Our Indian River Lagoon Special Revenue Fund is used to account for the voter approved half-cent discretionary infrastructure sales tax, levied for a period of ten years, in order to improve the water quality, fish, wildlife and marine habitat, remove muck, and reduce pollution in the Indian River Lagoon, in accordance with County Ordinance 2016-15.

Grants - The Grants Special Revenue Fund is used to account for certain Federal and State grants.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Coronavirus Relief - The Coronavirus Relief Special Revenue Funds is used to account for the proceeds of federal financial assistance awarded under the CARES Act and the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program of the American Rescue Plan to be used for necessary expenditures incurred due to the COVID-19 public health emergency.

The following are reported as major enterprise funds:

Solid Waste Management Department - The Solid Waste Management Department Enterprise Fund is used to account for disposal fees and expenses associated with the provision of solid waste disposal within Brevard County pursuant to Chapter 67-1146, Special Acts of Florida.

Water and Wastewater Utility System - The Water and Wastewater Utility System Enterprise Fund is used to account for service charge revenues and expenses associated with the provision of water/wastewater services in certain areas of Brevard County pursuant to Chapter 67-1145, Special Acts of Florida.

The County also reports the following fund types:

Internal Service Funds - Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the County, or to other governmental units, on a cost reimbursement basis. The County has internal service funds for risk management and information/communications systems.

Custodial Funds - Custodial funds are clearing accounts for assets held by the County as an agent for individuals, private organizations, other governments or other funds. Custodial funds do not involve the measurement of results of operations. Custodial funds are presented on an economic resources measurement focus and the accrual basis of accounting. The County has custodial funds to account for tax collections, other fines and fees, and deposits held by the Clerk, Tax Collector, and Sheriff on behalf of other governments, individuals or private organizations.

D. Budget

The County's Budget is developed in accordance with Chapters 129 and 200 of the Florida Statutes. Chapter 129, Florida Statutes, provides directions for budget development; Chapter 200, Florida Statutes, provides specific direction for the annual levy of property taxes. Additionally, the County complies with requirements of the Brevard County Charter.

The Supervisor of Elections and Sheriff submit, for approval, tentative budgets for the ensuing fiscal year to the Board of County Commissioners by May 1 and June 1, respectively. The Brevard County Property Appraiser and Tax Collector submit budgets, for approval, to the State of Florida, Department of Revenue, and file a copy with the Board of County Commissioners by June 1 and August 1, respectively.

The Clerk of the Circuit Court and Comptroller's budget is prepared in two parts. The first part, which relates to the state court system functions, is submitted to the Florida Clerks of Court Operations Corporation by June 1 each year. The second part, which relates to the duties as Clerk to the Board of County Commissioners, County Auditor, Custodian, Treasurer of all County funds and the recording function, is submitted to the Board of County Commissioners by May 1 of each year.

Although the Board of County Commissioners sets the Sheriff's and Supervisor of Elections' budgets and the Florida Department of Revenue sets the Property Appraiser's and Tax Collector's budgets, budget appeals can be instituted with the State of Florida Administrative Commission by the affected parties.

On July 1, the Property Appraiser certifies the taxable value, which begins the Florida Truth in Millage (TRIM) timetable. During the month of July, the County Manager delivers a tentative budget to the Board of County Commissioners, and within 35 days of certification of value, the Property Appraiser is informed of the current year proposed millage rates, along with the date, time and meeting place of the tentative budget hearing. During the month of September, the Board of County Commissioners holds two public hearings to hear comments from taxpayers and adopt millage rates and the annual budget. The County's budget is legally enacted through passage of a resolution by the Board of County Commissioners.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Pursuant to Section 129.07, Florida Statutes, it is unlawful to expend or contract for the expenditure in any fiscal year for more than the amount budgeted in each fund. The Board, pursuant to Section 129.06, Florida Statutes, may amend the original budget during the fiscal year or within sixty (60) days after the end of the fiscal year. Brevard County considers the legal level of budgetary control to be at the fund level, as established by Florida Statutes.

Amendments to the Property Appraiser's and Tax Collector's budgets are controlled by the State of Florida, Department of Revenue. Amendments to the Clerk of the Circuit Court and Comptroller's budget that relate to state court system functions require approval by the State of Florida, Department of Financial Services.

Formal budgetary integration is employed as a management control device in all governmental funds. Budgets for all governmental funds are adopted on a basis consistent with generally accepted accounting principles. All General, Special Revenue, Debt Service, and Capital Projects funds have legally adopted budgets.

Budget amendments totaling \$93,921,066 were enacted during the fiscal year primarily due to authorizing the appropriation of proceeds from grant revenues, and unbudgeted balance forwards.

E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the financial statements, are offset by non-spendable fund balance in the General Fund only to indicate that they are not available for appropriation and are not expendable available financial resources.

F. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than the established thresholds and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

<u>Capital Asset Category</u>	<u>Capitalization Threshold</u>
Land	Capitalize all
Buildings and structures	\$35,000
Infrastructure	35,000
Improvements to land	5,000
Improvements other than buildings	5,000
Intangible assets, including easements and goodwill	5,000
Machinery and equipment	1,000
Computers	750
Weapons	Capitalize all

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not capitalized.

Depreciation of exhaustible capital assets is charged as an expense against the operations of the governmental and business-type activities in the government-wide financial statements. Depreciation of assets in the proprietary funds is also charged as an expense at the fund level. Since the purpose of the governmental fund level statements is to show the sources and uses of current assets, capital assets and depreciation are not shown.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	20-40
Infrastructure	10-75
Improvements to land	15-35
Improvements other than buildings	10-25
Machinery and equipment	3-10

G. Unbilled Service Revenues

Approximately 90% of the Water and Wastewater Utility System Department’s service fee revenue is billed and collected by cities as agents for the County. Cash collected by the cities is remitted monthly to the County. The County records all revenues billed by the cities through the end of the fiscal year. Unbilled revenue, which results from cycle billing practices of the cities, is recorded in the following fiscal year.

H. Restricted Assets

The use of certain assets in enterprise funds is restricted by State law, bond resolutions and agreements with various parties. Examples include – assets set aside for debt service, renewal and replacement reserves, and landfill closure and postclosure care. Assets so designated are identified as restricted assets on the Statement of Net Position.

I. Inventory and Prepaid Items

Inventory is valued at cost. Cost is determined for fleet inventory using the moving average method. All other inventories are valued using the first-in, first-out (FIFO) method.

Inventory in the General and Special Revenue Funds consists of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when purchased. Inventory remaining at year-end is presented as non-spendable fund balance.

Inventory in the entity-wide Statement of Activities, for both governmental and business-type activities are recorded as an expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide Statement of Net Position. In the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, prepaid items are included in expenditures for the current period when purchased.

J. Cash and Cash Equivalents

Cash and cash equivalents represents the cash from funds pooled together for investment purposes. All participating funds in the investment pool have the ability to deposit and withdraw cash as if they were demand deposit accounts and therefore represents their equity in the investment pool. Non-pooled investments with original maturities of three months or less are also considered to be cash equivalents for the statement of cash flows.

K. Investments

Investments include non-pooled investments and certificates of deposit with original maturities of three months or greater. Investments are valued at fair value or amortized cost in accordance with GASB Statements No. 31, No. 72 and No. 79. Investments, and income from investments owned by individual funds, are recorded in the respective funds. The County maintains a consolidated account to maximize investment yields. Investment income, resulting from investments within the consolidated account, is allocated based on the cash balances for the respective funds.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

L. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Balance Sheet and the Statement of Net Position include separate sections for deferred inflows of resources. This represents an acquisition of fund balance and net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

M. Accrued Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and a portion of sick pay is accrued when earned and a liability is reported in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if a liability results from employee resignations/retirements and they are to be paid with current operating funds. Estimates have been utilized to determine the amount to report as the current portion.

N. Property Taxes

Property taxes are levied on property values as of January 1. Property taxes are due and payable as of November 1 and become delinquent on April 1. A tax certificate sale is held at the end of May, on all delinquent real estate taxes, and a lien is placed on the property.

Ad valorem taxes levied by the Board of County Commissioners, for countywide public services, against real and tangible personal property, are limited by State Statutes to 10 mills on the dollar of assessed value unless any excess is approved by referendum of the voters. In addition, the County may levy up to 10 mills for municipal type services within the unincorporated districts.

O. Unamortized Bond Insurance

Unamortized debt expense related to bond insurance is amortized by using the outstanding principal method over the life of the related debt and is recorded as unamortized bond insurance. Other bond issuing costs are expensed when incurred. In the fund financial statements, governmental fund types recognize bond issuance costs during the current period as debt service expenditures.

P. Amortization of Discount and Premium on Bonds

Amortization of discount and premium on bonds is determined by using the outstanding principal method over the life of the related debt. The amortization of discount or premium is recorded as an adjustment to interest expense. Bonds payable are reported net of the applicable bond discount or premium. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the period the debt is issued. The face amount of debt issued and premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses.

Q. Restrictions of Net Position

Reserve accounts are used to disclose the portion of net position (proprietary funds) which are legally restricted for specific future uses. The County's policy is that generally restricted resources are used first to fund eligible appropriations.

R. Use of Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred outflows and inflows of resources, and disclosure of contingent assets and liabilities, as of the financial statement date, and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

S. Pension Expense

The County expenses required pension contributions as a component of personal services expense. The remaining portion of pension expense, consisting of the County’s proportionate share of the Florida Retirement System’s actuarially determined pension expense in excess of amounts contributed, is presented as an expense in the statement of activities by function.

T. Other Postemployment Benefit Expense

The County expenses OPEB contributions as a component of personal services expense. The remaining portion of OPEB expense, consisting of the actuarially determined proportion of the County’s OPEB expense in excess of the amounts contributed, is presented as an expense in the statement of activities by function.

U. Operating and Nonoperating Revenues and Expenses

The proprietary fund financial statements distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the respective fund. Primary examples of operating revenues are non-ad valorem assessments for the collection and disposal of solid waste and charges for water and wastewater treatment services. Operating expenses include wages and benefits, repair, maintenance and other services, materials and supplies, and depreciation. Nonoperating revenues and expenditures are all those that do not meet the criteria described above, and include interest income, grants and matching funds, miscellaneous revenue, gain (loss) on disposal of capital assets, and interest expense.

2. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the Governmental Funds Balance Sheet and the government-wide Statement of Net Position.

The Governmental Funds Balance Sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide Statement of Net Position. One element of that reconciliation explains that “Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds.” The details of this \$(458,131,850) difference are as follows:

Bonds and revenue notes payable	\$ (144,740,000)
Less: Discounts (to be amortized as interest expense)	25,253
Plus: Premiums (to be amortized as interest expense)	(1,046,703)
Deferred amount on refunding (to be amortized as interest expense)	755,324
Accrued interest payable	(921,814)
Leases payable	(1,983,700)
Accrued compensated absences	(32,255,255)
HUD Section 108 loan payable	(2,654,000)
Total OPEB liability	(25,449,921)
Net pension liability	(122,440,471)
Deferred outflows OPEB	11,527,514
Deferred inflows OPEB	(3,473,353)
Deferred outflows pensions	66,655,952
Deferred inflows pensions	(202,130,676)
Net adjustment to <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	\$ (458,131,850)

B. Explanation of certain differences between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities.

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide Statement of Activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$14,065,995 difference are as follows:

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Capital outlay	\$ 51,852,272
Depreciation expense	<u>(37,786,277)</u>
Net adjustment to <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ 14,065,995</u>

Another element of the reconciliation states “The net effect of various miscellaneous transactions involving capital assets (e.g. sales, trade-ins, and donations)”, which increased net position. The details of this \$(2,199,727) difference are as follows:

In the Statement of Activities, only the <i>gain</i> on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets sold.	\$ (2,491,193)
Donations of capital assets increase net position in the Statement of Activities, but do not appear in the governmental funds, because they are not financial resources.	<u>291,466</u>
Net adjustment to <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ (2,199,727)</u>

Another element of the reconciliation states that the issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. The details of this \$18,352,257 difference are as follows:

Issuance of capital lease	\$ (1,269,268)
Principal repayments:	
Bonds and revenue notes	18,290,000
Capital lease	1,166,525
HUD Section 108	<u>165,000</u>
Net adjustment to <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ 18,352,257</u>

Another element of the reconciliation states that “Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$27,251,577 difference are as follows:

Accrued compensated absences	\$ (1,425,064)
OPEB Expense	453,293
Pension Expense	28,179,309
Accrued interest	145,340
Amortization of deferred charge on refunding	(196,797)
Amortization of bond discounts/premium	<u>95,496</u>
Net adjustment to <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ 27,251,577</u>

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

4. Cash - Monies available within various funds were consolidated for investment purposes. The amount of public funds invested and types of securities managed are discussed in Note 5. Substantially, all operating cash at September 30, 2021 was invested utilizing the pooled investment concept. Interest earned was allocated to the various funds based on their average cash balance within the consolidated account. The average monthly interest rates on investments held by the County, in the pooled account, ranged from 0.36% to 0.83%.

Cash with escrow and paying agent of \$1,708,378 is accounted for in the internal service funds as an insurance reserve balance required by the County's insurance providers.

5. Investments - The investment program is established in accordance with the County's investment policy, pertinent bond resolutions and Sections 125.01 and 218.415, Florida Statutes. County Ordinance 18-11 permits investing in the State Board of Administration, State of Florida, direct obligations of the United States Government, obligations of the different agencies of the Federal Government, Corporate Notes, Commercial Paper, Municipal Bonds, Intergovernmental Investment Pools, Supranationals, Asset-Backed Securities, Multi-Asset Class Portfolio Investments (including both Domestic and International Equities, Emerging Market Debt, Real Estate Investment Trusts-REITS, and Treasury Inflation Protected Securities-TIPS), Registered Investment Companies (Mutual Funds) and time deposits or savings accounts of financial institutions under Federal and State regulation. Obligations of the different agencies of the Federal Government include fixed rate mortgage-backed securities.

The investing of public funds with the State Board of Administration (SBA) - Local Government Surplus Funds Trust Fund (Florida Prime) - is governed by Section 218.407, Florida Statutes. The SBA is under the regulatory oversight of the State of Florida. This investment pool consists largely of Bank Instruments, Asset-Backed Securities and Commercial Paper. The SBA's Florida Prime balances are measured at amortized cost. The weighted average days to maturity of Florida Prime was 49 days, as of September 30, 2021. On September 30, 2021, the County had \$122,005,335 invested in Florida Prime.

The County has invested funds in four other Local Government Investment Pools (LGIP); the Florida Cooperative Liquid Assets Securities System (FLCLASS), the Florida Fixed Income Trust (FLFIT), the Florida Surplus Asset Fund Trust (FLSAFE) and the Florida Public Assets for Liquidity Management (FLPALM). These LGIPs were created as public entity investment trusts organized under the laws of the State of Florida, Section 163.01, Florida Statutes. FLCLASS, FLFIT, and FLSAFE balances are measured at fair value. FLPALM balances are measured at amortized cost. At September 30, 2021, the County had invested \$131,664,976 in FLFIT with a weighted average maturity of 79 days; \$125,802,678 in FLPALM with a weighted average maturity of 53 days; \$5,792,034 in FLCLASS with a weighted average maturity of 47 days; and \$2,012,374 in FLSAFE with a weighted average maturity of 54 days.

The LGIP's have all established policies and guidelines regarding participant transactions and the authority for the Trustees to limit or restrict withdrawals from, or to impose penalties for early withdrawal, within their respective LGIP's. As of September 30, 2021, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Custodial Risk

The bank amount of the County's demand deposits were \$76,545,166 at September 30, 2021. The demand deposits are insured by the FDIC up to \$250,000 per entity. Monies invested in amounts greater than the insurance coverage are secured by the qualified public depositories pledging securities with the State Treasurer in such amounts required by the Florida Security for Public Deposits Act. In the event of a default or insolvency of a qualified public depositor, the State Treasurer will implement procedures for payment of losses according to the validated claims of the County, pursuant to Section 280.08, Florida Statutes. Corporate Notes, Municipal Bonds, U.S. Treasury Notes, Supranationals, Asset-Backed Securities and all federal agency obligations are held by the County's agent in the County's name.

Credit Risk

Concentration of credit risk is the risk of loss attributable to a government's investment in a single issuer. To limit concentration of credit risk, the County's policy restricts the amount that is allowed to be invested in any one issuer. Federal instrumentalities are limited to no more than 40% per issuer. Supranationals, Asset-Backed Securities, Municipal Bonds and Corporate Notes are limited to 5% per issuer.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Credit quality risk results from the potential default of investments that are not financially sound. The County's overall credit rating of the assets held by the County by Standard & Poor's is AA. The County's policy requires that Corporate Notes must have a minimum rating in category "A" by either Moody's or Standard & Poor's. The Corporate Notes currently held in the portfolio have a Standard & Poor's rating of A. The credit quality of the federal agency securities is AA+, municipal bonds is A, Supranationals is AAA, and Asset-Backed Securities is AAA, as rated by Standard & Poor's. The Local Government Investment Pool's Florida Prime, FLPALM, FLCLASS and FLSAFE were rated AAAM, and FLFIT was rated AA Af by Standard & Poor's, at September 30, 2021.

Interest Rate Risk

As a means of limiting exposure to fair value losses arising from rising interest rates, the County investment policy prohibits purchases of securities with final maturities of 10 years or greater. The policy also limits the overall weighted average duration of principal return for the entire portfolio to less than 3 years. The County's current weighted average duration is 1.03 years.

As of September 30, 2021, the County had the following investments and maturities:

	Fair Value	Less Than			
		1 Year	1-2 Years	2-3 Years	Over 3 Years
Corporate Notes	\$ 84,593,971	\$ 1,009,778	\$ 24,086,921	\$ 51,209,272	\$ 8,288,000
Municipal Bonds	12,119,828	5,181,591	2,335,085	3,660,142	943,010
Federal Home Loan Mortgage Corp.	47,675,586	3,556,737	29,365,772	10,861,379	3,891,698
Federal National Mortgage Association	27,173,670	572,184	11,822,328	5,992,860	8,786,298
Asset-Backed Securities	37,012,190	47,633	1,864,043	10,177,286	24,923,228
Supranationals	17,771,867	0	10,177,852	7,594,015	0
U.S. Treasury Bonds/Notes	86,480,777	0	52,020,268	27,769,839	6,690,670
Money Market Accounts	22,997,876	22,997,876	0	0	0
Certificates of Deposit	30,009,524	30,009,524	0	0	0
Total	\$ 365,835,289	\$ 63,375,323	\$ 131,672,269	\$ 117,264,793	\$ 53,522,904

The County categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices based on quoted identical assets in an active market.
- Level 2: Investments reflect prices that are based on identical or similar assets in inactive markets or similar assets in active markets. Inputs other than quotes are observable.
- Level 3: Investments reflect prices based on significant unobservable inputs.

The County's investments utilize Level 2 inputs. Fair value measurement is based on pricing received from the County's third party vendor. Money Market Accounts, Intergovernmental Investment Pools, and Certificates of Deposits are not subject to the fair value hierarchy and use amortized cost. The County uses the market approach method as a valuation technique in the application of GASB Statement No. 72. This method uses prices and other relevant information generated by market transactions involving identical or similar assets or groups of assets.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The following table presents a summary of the County's investments according to the assigned fair value hierarchy level as of September 30, 2021:

Investments by fair value	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Corporate Notes	\$ 84,593,971	\$ 0	\$ 84,593,971	\$ 0
Municipal Bonds	12,119,828	0	12,119,828	0
Federal Home Loan Mortgage Corp.	47,675,586	0	47,675,586	0
Federal National Mortgage Association	27,173,670	0	27,173,670	0
Asset-Backed Securities	37,012,190	0	37,012,190	0
Supranationals	17,771,867	0	17,771,867	0
U.S. Treasury Bonds/Notes	86,480,777	0	86,480,777	0
Total investments by fair value level	<u>\$ 312,827,889</u>	<u>\$ 0</u>	<u>\$ 312,827,889</u>	<u>\$ 0</u>
Investments measured at the net asset value (NAV)				
Domestic Equity Fund	\$ 15,197,774			
International Equity Fund	8,227,557			
Fixed Income Fund	8,846,426			
Other Growth Fund	2,209,533			
Other Income Fund (ETF)	972,579			
Real Return Fund	684,585			
Total investments measured at the NAV	<u>\$ 36,138,454</u>			
Total investments measured	<u>\$ 348,966,343</u>			

The strategy in investing in investments measured at the net asset value (NAV) is based on the County's annual cash flow analysis, which indicates that surplus funds can be made in Multi-Asset Class Portfolio Investments on a longer time horizon in order to improve the overall portfolio return on investments. These investments have no unfunded commitments, no liquidity issues and do not have any redemption restrictions.

The carrying amount of the discretely presented component units' deposits with financial institutions was \$20,594,453 and the bank balance was \$20,613,886, which is insured by FDIC or collateralized with securities held by the State Treasurer, in accordance with Chapter 280, Florida Statutes. On September 30, 2021, the component units had \$75,686 invested in Florida Prime. The Housing Finance Authority (a component unit) also had investments in mortgage-backed securities with AAA rating and a weighted average maturity of 14 years. The fair value of the Government National Mortgage Association and Federal National Mortgage Association securities on September 30, 2021 was \$130,103.

6. **Receivables** - The accounts receivable for the governmental activities of \$11,077,883 are net of allowances for doubtful accounts of \$12,438,704. Emergency Services charges are net of mandatory contractual adjustments in the amount of \$13,457,731 for Medicare/Medicaid and Champus. Having billed these organizations, the County is federally mandated to accept their allowable charges for services rendered.

The accounts receivable for the business-type activities of \$1,916,289 are net of allowances for doubtful accounts of \$104,184.

7. **Tax Abatement** - Pursuant to Florida Statute subsection 196.1995, Brevard County is empowered to grant economic development ad valorem tax exemptions. Under this statute and by ordinance, the County has entered into property tax abatement agreements with local businesses, through ad valorem tax exemptions under an economic development program.

In general, any exemption granted may apply up to 100 percent of the assessed value of improvements to real property and tangible personal property of such new business or added improvements. The purpose of the tax abatement is to provide an incentive to new or expanded businesses to create new jobs and generate improvements to real and personal property.

The ability to receive an exemption for the period granted is conditional upon the applicant's ability to maintain the new business or the expansion of an existing business. The applicant is required to submit an annual report evidencing satisfaction of this condition.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

For the fiscal year ended September 30, 2021, the County abated property taxes totaling \$1,159,988 under this program.

Purpose	Amount
Manufacturing	\$ 726,564
Telecommunications	15,616
Warehousing, distribution and trucking terminals	324,400
Miscellaneous	93,408
	\$ 1,159,988

8. Prepaid Items - The prepaid items include \$1,688,853 of premiums on insurance policies, \$526,750 of prepayments for purchase of equipment, and \$3,105,579 of maintenance/service agreements.

9. Capital Assets

Capital assets activity for the year ended September 30, 2021 was as follows:

Primary Government				
Governmental Activities:	<u>Oct. 1, 2020</u>	<u>Increases</u>	<u>Decreases</u>	<u>Sept. 30, 2021</u>
Capital assets not depreciated:

10. Construction and Other Significant Commitments - At September 30, 2021, the County had several uncompleted construction contracts and other contractual commitments as follows:

<u>Project Title</u>	<u>Remaining Committed</u>
Lagoon and beach restoration	\$ 80,670,071
Road projects	3,694,869
Solid waste landfill projects	2,849,049
Parks maintenance and improvements	790,571
Equipment purchases	1,780,764
Utilities services	6,942,651
Affordable housing projects	687,177
Total	<u>\$ 97,415,152</u>

The County executed agreements to accept the donation of road expansions and public safety facilities in return for reimbursing the developer from future impact fees generated by building activity. The total costs for finalized public safety facilities and roadway construction projects are \$23,232,809.

The anticipated future payments are as follows:

<u>Year Ended September 30</u>	<u>Amount</u>
2022	\$ 4,384,445
2023	2,635,000
2024	2,635,000
2025	2,635,000
2026	835,000
2027-2031	675,000
2032-2036	8,347
Total anticipated future payments	<u>\$ 13,807,792</u>

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Pursuant to State statute, ten local jurisdictions have created Community Redevelopment Agencies (CRAs) within the County, including the Merritt Island Redevelopment Agency formed by the County and reported as a discretely presented component unit. The CRAs established by the cities of Cape Canaveral, Cocoa, Cocoa Beach, Melbourne, Palm Bay, Rockledge, Satellite Beach, Titusville and West Melbourne and the County has created community redevelopment areas funded from incremental ad valorem tax proceeds generated by improvements made within each area. The County is obligated to pay to each CRA from its current year's ad valorem tax proceeds the increment related to taxable property improvements made since the designated "base year." The total amount paid to CRAs by the County amounted to \$7,512,337 for fiscal year 2021.

The County created the North Brevard Economic Development Zone, which is reported as a discretely presented component unit, to facilitate economic activities through targeted investments. The Zone has entered into \$15.4 million of incentive commitments that involve retail, manufacturing and aerospace facilities. The incentive payments will be issued in financial installments when construction, job creation or other performance measures are attained. The total amount paid to the Zone by the County amounted to \$2,993,975 for fiscal year 2021.

11. Interfund Receivable and Payable Balances - The composition of interfund balances as of September 30, 2021, is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Emergency Services	General Fund	\$ 68,680
Other Governmental Funds	General Fund	577,746
Solid Waste Management Department	General Fund	34,554
Water and Wastewater Utility System	General Fund	69,111
	Other Business-type Activities	60,000
Internal Service	General Fund	1,719,394
	Other Governmental Funds	805,000
Total Interfund Receivables and Payables		<u>\$ 3,334,485</u>

These balances resulted from the time lag between the dates that interfund goods and services were provided and the payments between funds were made, along with temporary loans that were paid back at the beginning of fiscal year 2022.

12. Advances To and From Other Funds - The Barefoot Bay Water and Sewer District Advances from Other Funds is a loan from the Water and Wastewater Utility System Department (\$180,000) for the acquisition and interconnection cost of the Snug Harbor Utility System. The loan will be repaid from future revenues of the system. The Recreation Special Districts Advances from other funds is a loan from Risk Management (\$2,662,401) to repair hurricane damage to parks. The loan will be repaid from future FEMA reimbursements.
13. Solid Waste Landfill Closure and Postclosure Care Costs - The County owns and operates the Sarno Road Class III landfill, the Central Disposal Facility (CDF) landfill, and CDF South Cell-1 (which began accepting waste in January 2018). Federal and State laws require the County to close the landfills once their capacity is reached, and to monitor and maintain the sites for thirty subsequent years. The County recognizes a portion of the closure and postclosure care costs in each operating period even though actual disbursements will not occur until the landfills are closed. The amount recognized each year to date is based on the landfill's capacity used as of the Statement of Net Position date. The estimated costs of closure and postclosure care are subject to changes, such as the effects of inflation, revision of laws, and other variables. For the year ending September 30, 2021, the expense for closure and postclosure care for the landfills was \$11,656,590.

The following information is for the year ending September 30, 2021:

	<u>Landfill capacity</u>	<u>Landfill capacity used</u>	<u>Reported liability</u>	<u>Estimated remaining liability</u>	<u>Remaining life (years)</u>
Sarno Road	7,141,205 cu/yds	95.91%	\$25,457,237	\$ 1,097,412	1
Central Disposal	23,714,460 cu/yds	98.74%	\$27,735,769	\$ 477,836	1
CDF South Cell-1	3,719,499 cu/yds	52.55%	\$11,389,086	\$10,282,371	3

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

By state law, the County is required to accumulate assets needed for the actual payout of the closure and postclosure care costs prior to the closing of a landfill. Assets of \$45,291,597 have been restricted for this purpose within the Solid Waste Management Department Fund.

14. Leases

- A. The County has entered into numerous capital lease arrangements for the purpose of acquiring operating and office equipment. The future minimum lease payments at September 30, 2021, are as follows:

Year Ended <u>September 30</u>	<u>Governmental Activities</u>
2022	\$ 685,978
2023	586,722
2024	478,049
2025	<u>253,854</u>
Total minimum lease payments	\$ 2,004,603
Less amount representing interest	<u>20,903</u>
Present value of minimum lease payments	<u>\$ 1,983,700</u>

The assets currently being acquired through capital leases are as follows:

	<u>Governmental Activities</u>
Machinery and equipment	\$ 3,193,352
Accumulated depreciation	<u>\$ 931,319</u>

- B. The County leases office facilities, equipment, service and maintenance, office equipment, and vehicles, under noncancelable operating leases and cancelable operating leases. Total cost for noncancelable operating leases and cancelable operating leases were \$1,251,094 and \$892,312 respectively, for the year ended September 30, 2021. The future minimum lease payments for noncancelable operating leases are as follows:

Year Ended <u>September 30</u>	<u>Amount</u>
2022	\$ 1,169,740
2023	1,021,716
2024	710,794
2025	243,024
2026	99,737
2027-2031	<u>77,387</u>
Total minimum lease payable	<u>\$ 3,322,398</u>

15. Bonded and Other Indebtedness

The publicly issued bonds and loans sold to financial institutions contain varying language addressing potential events of default. The provisions may allow a curative period to prevent a formal default. Standard language includes legal action to compel the County to comply should a default occur. The language in the loans sold directly to financial institutions prevent a formal default. Standard language includes legal action to compel the County to comply should a default occur and may also provide for the loan to be declared immediately due in the event of a default. Brevard County timely discloses key information to participants on EMMA (Electronic Municipal Market Access, a service of the Municipal Securities Rulemaking Board) and has not experienced any default on the bonds and loans outstanding.

The County has an unused borrowing capacity with the Florida Local Government Finance Commission Pooled Commercial Paper Program of \$35,000,000.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. Claims and judgments liability is liquidated by the Risk Management internal service fund. The accrued compensated absences, pension and OPEB liabilities are typically liquidated with resources of the same fund that has paid the applicable employees regular salaries and fringe benefits, which include the General, Special Revenue, Internal Service and Enterprise funds.

BREVARD COUNTY, FLORIDA

16. HUD Section 108 Loan Payable – The County entered into a loan guarantee program with the United States Department of Housing and Urban Development (HUD), for the construction of a health department building and a waterline in West Canaveral Groves. The maximum amount of the loan is \$3,248,000. The loan bears interest rates ranging from 2.547% to 3.585%. Interest payments are made semi-annually; principal payments are made August 1 with final maturity of August 1, 2037. The amount of the loan payable at September 30, 2021 is \$2,654,000. Grant revenues will be utilized to repay HUD.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Funds provided under this agreement for expenditures incurred during fiscal year ended September 30, 2021 have been identified as federal financial assistance, and are reported in the Schedule of Expenditures of Federal Awards and State Financial Assistance.

17. State Revolving Loan Payable – In December 2015, the County began participation in the Clean Water State Revolving Fund Construction Loan Program with the State of Florida Department of Environmental Protection. Loan proceeds are being utilized by the Water and Wastewater Utility System Department to finance various projects of the water and wastewater system. Pledged revenues are those pledged as security by the County in its loan agreement, after payment of operation and maintenance expenses and satisfaction of the yearly payment obligation for outstanding system revenue bonds. The County has covenanted to maintain rates and charges for system services which will be sufficient each fiscal year after payment of senior parity obligations, to provide pledged revenues of at least 1.15 times the sum of all Loan Program payments due in the fiscal year. For the fiscal year, principal and interest paid was \$2,003,870 and total available pledged revenue was \$19,316,835.

In December 2015, a loan (WW051100) was approved to finance regional wastewater treatment facilities expansion and improvement projects in the initial amount of \$40,972,625 and reduced in August 2020 to \$39,134,615 to reflect the final project cost. The loan bears an interest rate of 1.04%, with forty semi-annual payments due in January and July of each fiscal year beginning July 15, 2020. The amount of the loan payable at September 30, 2021 is \$36,379,178.

In February 2019, a loan (WW051130) was approved to finance a force main replacement in the initial amount of \$10,997,913. The loan bears an interest rate of 1.01%, with forty semi-annual payments due in March and September of each fiscal year beginning September 15, 2021. The amount of the loan payable at September 30, 2021 is \$10,560,506.

Funds provided under these agreements for expenditures incurred during fiscal year ended September 30, 2021 have been identified as state financial assistance, and are reported in the Schedule of Expenditures of Federal Awards and State Financial Assistance.

18. Bond Coverage - The County is required by bond resolutions to fix, establish and maintain such user rates that will always provide sufficient revenue for debt service, operations and maintenance, and all other reserve requirements pertinent to the bond issues within the affected enterprise funds. Where the bond resolution provides for more than one financial coverage test, the covenant shown is the most restrictive.

The following tabulation indicates the degree of compliance with the bond resolution covenant in the Barefoot Bay Water and Sewer District and the Water and Wastewater Utility System at September 30, 2021. This coverage test compares the required debt coverage against the revenue available after operating and maintenance expenses, as defined by the bond covenants.

	Barefoot Bay Water and Sewer District	Water and Wastewater Utility System
Gross revenues available for compliance	\$ 4,467,166	\$ 41,005,264
Operating and maintenance expense	<u>2,170,329</u>	<u>22,635,974</u> (1)
Amount of revenue over operating and maintenance expense	<u>\$ 2,296,837</u>	<u>\$ 18,369,290</u>
Debt coverage required	<u>\$ 954,692</u>	<u>\$ 1,617,039</u>

21. Risk Management - The County is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has established a Risk Management fund (an Internal Service Fund) to account for and finance its insurable risks of loss. Under the Risk Management fund program, the County retains exposure up to a maximum of \$500,000 for each worker's compensation claim, \$100,000 for each auto liability claim, and \$100,000 for each general liability claim. For all risk property, the County retains exposure up to a maximum of \$100,000 per occurrence, all perils. For weather catastrophes, as a result of named storms, the County retains exposure of 3% of Total Insurable Values (TIV) with a minimum of \$500,000 per occurrence. For flood losses, the County retains exposure of 3% of TIV with a minimum of \$1,000,000 for any one occurrence in a special flood hazard area. For floods due to named storms, the exposure is 3% of TIV with a minimum of \$500,000; any other flood outside of a special flood hazard area is \$500,000.

The County purchases commercial insurance for its aviation assets and exposures, with various deductible scenarios for aircraft and airport operations, pollution insurance with a \$50,000 deductible per occurrence, and all risk property coverage including boiler and machine coverage, inland marine coverage, and flood and weather related claims in excess of coverage provided by the self-insured fund. For auto, general and professional liability, cyber risk, crime and workers compensation insurance, the County participates in a public entity risk pool, the Preferred Governmental Insurance Trust (PGIT), for claims in excess of its self-insured retentions. PGIT and the County have the same rights and responsibilities as exist between a commercial insurer and insured entity. Settled claims have not exceeded this public entity risk pool coverage in any of the past three years.

The County has established a self-insured Employee Group Health Insurance Program to account for medical insurance claims of County employees, retirees under the age of 65 and their covered dependents. Under this program, the fund provides the employee with coverage that meets or exceeds Minimum Essential Coverage (MEC) standards in accordance with federal mandates under the Patient Protection and Affordable Care Act (PPACA) for a large employer group health plan. Stop Loss coverage has a specific deductible of \$1,000,000 per claim and an aggregating deductible of \$125,800 for the 2021 plan year. The County has contracted with various agencies (third party administrators) to perform certain administrative functions, such as monitoring, reviewing and paying claims.

All County departments participate in the self-insurance programs and make payments to the Risk Management fund based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$22,678,283 in the Risk Management fund, reported at September 30, 2021, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Changes in the claims liability amounts in fiscal years 2020 and 2021 were:

	<u>2020</u>	<u>2021</u>
Beginning of fiscal year liability	\$ 17,350,762	\$ 21,950,732
Current year claims	68,895,037	65,398,781
Claims payments	<u>(64,295,067)</u>	<u>(64,671,230)</u>
Balance at fiscal year end	<u>\$ 21,950,732</u>	<u>\$ 22,678,283</u>

The claims liability at September 30, 2021, has been calculated as follows:

Present value of estimated outstanding losses (estimated losses of \$23,171,232, discounted to reflect future investment earnings at 2.0%)	\$ 21,342,433	
Unallocated loss adjustment expenses (calculated at 7.5% of outstanding losses excluding medical insurance)		<u>1,335,850</u>
Claims liability at September 30, 2021		<u>\$ 22,678,283</u>

22. Deferred Compensation - The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or for an unforeseeable emergency. All assets and income of the plan are held in trust for the exclusive benefit of the participants.
23. Contingencies - There are a number of pending lawsuits in which the County is involved. Although the outcome is not readily determinable, resolution of these matters is not expected to have an adverse effect on the financial condition of the County.
24. Pollution Remediation – The County has not identified any such instances of pollution remediation liabilities that can be reasonably estimated.
25. Retirement Plan

Florida Retirement System:

General Information - All of the County’s employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (“Pension Plan”) and the Retiree Health Insurance Subsidy (“HIS Plan”). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (“Investment Plan”) alternative to the FRS Pension Plan, which is administered by the State Board of Administration (“SBA”). FRS participation is required by all state, county, district school board, state college and state university employers, with optional participation offered to cities, charter schools, metropolitan planning districts and special districts. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained from the website: www.dms.myflorida.com/workforce_operations/retirement/publications or by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000.

For the fiscal year ended September 30, 2021, the County’s aggregate pension expense totaled \$2,450,151 for the FRS Pension Plan and HIS Plan.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Pension Plan

Plan Description – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increases normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2020 through June 30, 2021, and from July 1, 2021 through September 30, 2021, respectively, were as follows:

Regular	10.00%	and	10.82%
Special Risk Administrative Support	35.84%	and	37.76%
Special Risk	24.45%	and	25.89%
Senior Management Service	27.29%	and	29.01%
Elected Officers	49.18%	and	51.42%
DROP participants	16.98%	and	18.34%

These employer contribution rates include 1.66% HIS Plan subsidy for the periods October 1, 2020 through June 30, 2021, and July 1, 2021 through September 30, 2021.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The County's contributions to the Pension Plan, including employee contributions, totaled \$28,602,273 for the fiscal year ended September 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021, the County reported a liability of \$56,714,480 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The County's proportion of the net pension liability was based on the County's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2020 through June 30, 2021, relative to the total employer contributions received from all participating employers. The County's proportionate share of the net pension liability was based on the County's 2020-2021 fiscal year contributions relative to the 2019-2020 fiscal year contributions of all participating members. At June 30, 2021 the County's proportionate share was .75 percent, which was a 0.04 percent decrease from the proportionate share measured as of June 30, 2020.

For the fiscal year ended September 30, 2021, the County recognized pension expense of \$(2,353,399). In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 9,720,952	\$ 0
Change of assumptions	38,806,859	0
Net difference between projected and actual earnings on Pension Plan investments	0	197,862,564
Changes in proportion and differences between County Pension Plan contributions and proportionate share of contributions	3,178,392	15,124,271
County Pension Plan contributions subsequent to the measurement date	8,479,899	0
Total	\$ 60,186,102	\$ 212,986,835

The deferred outflows of resources related to the Pension Plan, totaling \$8,479,899 and resulting from County contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Amount
2022	\$ (28,958,241)
2023	(33,549,160)
2024	(43,170,816)
2025	(54,237,153)
2026	(1,365,262)

Actuarial Assumptions – The actuarial assumptions that determined the total pension liability as of June 30, 2021 were based on the results of an actuarial experience study for the period July 1, 2013 - June 30, 2018.

Valuation date	July 1, 2021
Measurement date	June 30, 2021
Inflation	2.40%
Salary increases including inflation	3.25%
Mortality	PUB2010 base table with Scale MP-2018; details in valuation report
Actuarial cost method	Individual entry age
Investment rate of return, net of investment expense	6.80%

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The change in assumptions was decreasing the maximum amortization period to 20 years for all current and future amortization bases.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead was based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption was based on a consistent set of underlying assumptions and included an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed income	20.0%	3.8%	3.7%	3.3%
Global equity	54.2%	8.2%	6.7%	17.8%
Real estate (property)	10.3%	7.1%	6.2%	13.8%
Private equity	10.8%	11.7%	8.5%	26.4%
Strategic investments	3.7%	5.7%	5.4%	8.4%
Assumed inflation - mean			2.4%	1.2%

Discount Rate - The discount rate used to measure the total pension liability was 6.80%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate- The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.80%) or one percentage point higher (7.80%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
County's proportionate share of the net pension liability (asset)	\$ 253,630,953	\$ 56,714,480	\$ (107,885,613)

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan - At September 30, 2021, the County reported a payable of \$1,460,432 for the outstanding amount of contributions to the Pension Plan required for the fiscal year ended September 30, 2021.

Retiree Health Insurance Subsidy Program

Plan Description - The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided - For the fiscal year ended September 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions - The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2021 the HIS contribution was 1.66%. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The County's contributions to the HIS Plan totaled \$3,388,579 for the fiscal year ended September 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021, the County reported a liability of \$70,714,448 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The County's proportionate share of the net pension liability was based on the County's 2020-2021 fiscal year contributions relative to the 2019-2020 fiscal year contributions of all participating members. At June 30, 2021, the County's proportionate share was .58 percent, which was the same as its proportionate share measured as of June 30, 2020.

For the fiscal year ended September 30, 2021, the County recognized pension expense of \$4,803,550. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 2,366,284	\$ 29,618
Change of assumptions	5,556,573	2,913,615
Net difference between projected and actual earnings on HIS Plan investments	73,718	0
Changes in proportion and differences between County HIS Plan contributions and proportionate share of contributions	1,203,935	1,411,953
County HIS Plan contributions subsequent to the measurement date	927,208	0
Total	\$ 10,127,718	\$ 4,355,186

The deferred outflows of resources related to the HIS Plan totaling \$927,208, resulting from County contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Amount
2022	\$ 1,252,847
2023	411,524
2024	899,908
2025	1,156,616
2026	935,164
Thereafter	189,265

Actuarial valuations for the HIS program are conducted biennially. The July 1, 2020 HIS valuation is the most recent actuarial valuation and was used to develop the liabilities as of June 30, 2021. Liabilities originally calculated as of the actuarial valuation date have been recalculated as of a later GASB measurement date using standard actuarial roll forward procedures.

Actuarial Assumptions – The actuarial assumptions that determined the total pension liability as of June 30, 2021 were based on certain results of an actuarial experience study for the period July 1, 2013 - June 30, 2018.

Valuation date	July 1, 2020
Measurement date	June 30, 2021
Inflation	2.40%
Salary increases including inflation	3.25%
Mortality	Generational PUB-2010 with Projection MP-2018
Actuarial cost method	Individual entry age
Investment rate of return, net of investment expense	2.16%

The change in actuarial assumptions reflect that the municipal bond rate used to determine total pension liability was decreased from 2.21% to 2.16 %.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Discount Rate - The discount rate used to measure the total pension liability was 2.16%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 2.16%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.16%) or one percentage point higher (3.16%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
County's proportionate share of the net pension liability	\$ 81,752,751	\$ 70,714,448	\$ 61,671,026

Pension Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the HIS Plan - At September 30, 2021, the County reported a payable of \$162,438 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended September 30, 2021.

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements for the Investment Plan, are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates as the Pension Plan, which are based on salary and membership class (Regular Class, Elected County Officers, etc.). Contributions are directed to individual member's accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during fiscal year 2021, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows:

Regular	6.30%
Special Risk Administrative Support	7.95%
Special Risk	14.00%
Senior Management Service	7.67%
Elected Officers	11.34%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2021, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan, when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$5,449,981 for the fiscal year ended September 30, 2021.

26. Other Postemployment Benefits

Plan Description - The Brevard County Board of County Commissioners (Board) administers a single employer defined benefit healthcare plan (the "Plan"). The Plan provides health care benefits including medical coverage and prescription drug benefits to both active and eligible retired employees and their dependents. Florida Statutes require local governments to offer the same health and hospitalization insurance coverage to retirees and their eligible dependents as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. For the retired employees and their eligible dependents, the cost of any such continued participation may be paid by the employer or by the retired employees. Full time employees of the Board and Constitutional Officers are eligible to participate in the Plan. Employees who are active participants in the plan at the time of retirement and are either age 62 with completion of six years of service or have 30 years of service are also eligible to participate. The Plan does not issue a publicly available financial report.

The Board may amend the plan design, with changes to the benefits, premiums and/or levels of participant contribution at any time. On at least an annual basis and prior to the enrollment process, the Board approves the rates for the coming year for the retiree, employee and County contributions.

As of September 30, 2021, the membership of the County's medical plan consisted of:

	<u>County</u>
Active Employees	3,845
Inactive employees or beneficiaries currently receiving benefit payments	<u>1,120</u>
Total	<u><u>4,965</u></u>

Funding Policy - The maximum employer contribution target is 56% of the annual premium cost of the plan. The annual premium costs for the plan's self-insured plans are between \$7,140 and \$11,964 for retirees and spouses under age 65. Employees hired prior to January 1, 2006 are eligible to receive 100% of the earned percentage of benefits for their lifetime upon attainment of age 62 and completion of 6 years of service or upon completing 30 years of service, if earlier. Employees hired on or after January 1, 2006 are eligible to receive a graduated earned percentage of benefits upon retirement based on years of service.

No trust fund has been established for the plan.

Actuarial assumptions and other inputs - The total OPEB liability was measured as of September 30, 2021 and was determined by an actuarial valuation as of October 1, 2021, using the following actuarial assumptions and other inputs:

Payroll growth	2.00% (including inflation)
Discount rate	2.43% S & P Municipal Bond 20-Year High Grade Index as of September 30, 2021
Healthcare cost trend rates	7.33% for participants under 65 and 6.00% for participants 65 and older for fiscal year 2022, decreasing by .33% for under 65 and .5% for over 65 in fiscal year 2023 and later
Retirees' share of benefit-related costs	56% of projected health insurance premiums for retirees

The mortality table used was PUB-2010 General Headcount-Weighted Mortality, projected using MP-2021. No formal experience studies were conducted.

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Changes in the Total OPEB Liability

Balance at September 30, 2020	\$ 27,264,556
Changes for the year:	
Service cost	\$ 540,393
Interest	554,537
Differences between expected and actual experience	3,138,998
Changes in assumptions or other inputs	(1,223,758)
Benefit payments	(2,703,170)
Net changes	<u>\$ 307,000</u>
Balance at September 30, 2021	<u>\$ 27,571,556</u>

Changes in assumptions or other inputs reflect a change in the discount rate from 2.14%, at the beginning of the fiscal year, to 2.43% at September 30, 2021, and a change in the mortality tables used.

Sensitivity of the Total OPEB Liability to changes in the discount rate - The following presents the Total OPEB Liability calculated using the discount rate of 2.43%, as well as what the Total OPEB Liability would be if it were calculated using a discount rate that is one percentage lower (1.43%) or one percentage point higher (3.43%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Changes in discount rate	\$ 29,418,821	\$ 27,571,556	\$ 25,891,395

Sensitivity of the Total OPEB Liability to changes in the healthcare trend rate - The following presents the Total OPEB Liability calculated using the current healthcare trend rates (6.0% and 7.33%), as well as what the Total OPEB Liability would be if it were calculated using healthcare trend rates that are one percentage lower (5.0% and 6.33%) or one percentage point higher (7% and 8.33%) than the current rate:

	<u>1% Decrease</u>	<u>Current Healthcare Trend</u>	<u>1% Increase</u>
Changes in healthcare trend rate	\$ 25,713,513	\$ 27,571,556	\$ 29,650,139

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB - For the year ended September 30, 2021 the County recognized (\$615,342) OPEB expense. At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB, from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 4,540,240	\$ 2,535,298
Changes of assumptions or other inputs	7,812,391	1,547,140
Total	<u>\$ 12,352,631</u>	<u>\$ 4,082,438</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending September 30</u>	<u>Amount</u>
2022	\$ 992,898
2023	992,898
2024	992,898
2025	992,898
2026	992,898
Thereafter	3,305,703

BREVARD COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

27. New Accounting Pronouncement - Effective October 1, 2020, the County adopted the provisions of GASB Statement No. 84, *Fiduciary Activities*. This statement establishes specific criteria for identifying fiduciary activities and how those activities should be reported. Implementation of this statement resulted in reclassification of certain activities between general and fiduciary funds and required a restatement of beginning net position.

The financial statements of custodial funds held by the Sheriff, Clerk of the Circuit Court and Comptroller, and Tax Collector have been restated to comply with the liability recognition criteria of the Statement as follows:

	Sheriff Custodial Funds	Clerk Custodial Funds	Tax Collector Custodial Funds	Total
Net position - beginning	\$ 0	\$ 0	\$ 0	\$ 0
Restatement	90,055	12,436,379	0	12,526,434
Net position-beginning as restated	\$ 90,055	\$ 12,436,379	\$ 0	\$ 12,526,434

28. Subsequent Events -The County has evaluated subsequent events through April 1, 2022, the date which the financial statements were available to be issued.

2015	0.59%	\$ 59,703,642	\$ 178,783,201	33.39%	0.50%
2016	0.58%	67,259,783	180,413,270	37.28%	0.97%
2017	0.58%	61,753,815	186,933,337	33.04%	1.64%
2018	0.58%	61,519,235	190,161,825	32.35%	2.15%
2019	0.57%	64,111,985	191,802,530	33.43%	2.63%
2020	0.58%	70,439,922	200,454,628	35.14%	3.00%
2021	0.58%	70,714,448	204,337,928	34.61%	3.56%

SCHEDULE OF THE COUNTY'S CONTRIBUTIONS

Fiscal Year	Contractually Required Contribution	Contributions in Relation to the Contractually Required Contribution	Contribution Deficiency (Excess)	Covered Payroll	Contributions as a Percentage of Covered Payroll
2015	\$ 2,237,840	\$ (2,237,840)	\$ 0	\$ 177,481,236	1.26%
2016	2,958,057	(2,958,057)	0	183,693,714	1.61%
2017	3,056,537	(3,056,537)	0	188,523,974	1.62%
2018	3,152,086	(3,152,086)	0	188,845,250	1.67%
2019	3,181,765	(3,181,765)	0	194,591,085	1.64%
2020	3,324,469	(3,324,469)	0	201,341,136	1.65%
2021	3,388,579	(3,388,579)	0	205,119,641	1.65%

Information is required to be presented for 10 years. However, until a full 10 year trend is compiled, the County will present information for only those years for which information is available.

*The amounts presented for each fiscal year were determined as of June 30.

Nonmajor Governmental Funds

Special Revenue Funds

Recreation Special Districts - to account for ad valorem tax levies, service charges and other funding sources for the provision of recreation facilities and programs.

Brevard County Free Public Library District - to account for a county-wide ad valorem tax levy of up to 1.0 mill pursuant to Chapter 72-480, Laws of Florida, to operate and maintain the County library system.

Brevard County Building Code Compliance - to account for revenues pursuant to Chapter 553, Florida Statutes, to process development applications and comply with building codes.

Brevard County Mosquito Control District - to account for a county-wide ad valorem taxing district pursuant to Chapter 18437, Laws of Florida, and Chapter 388, Florida Statutes, for the purpose of controlling arthropods.

Surface Water Improvement Division - to account for the collection of stormwater assessments in Districts I, II, III, IV, and V. The revenue is to be expended in accordance with Ordinance 95-34.

Special Road and Bridge Districts - to account for ad valorem tax levies in Districts I, II, III, IV, and V of up to 1.0 mill per district for the maintenance of roads, bridges, and canals of the community as provided by County ordinances.

Education Impact Fees - to account for impact fees assessed on new construction for public elementary and secondary educational facilities.

Fines and Court Costs - to account for fines and court costs imposed upon those found guilty of criminal offenses. These revenues are to be used for various judicial costs.

Special Law Enforcement District - to account for an ad valorem tax levy of up to 2.0 mills for the provision of law enforcement services in the community, pursuant to Ordinance 01-55. This fund provides County-wide law enforcement services, operations, and facilities within the unincorporated area of Brevard County. It also provides law enforcement services to the Town of Grant-Valkaria and Palm Shores. Revenue for these services, and all costs incurred in providing these services, are accounted for in this fund.

Tourist Development Tax - to account for the collection of sales tax levied against revenues associated with tourism in Brevard County. These taxes are to be expended to promote tourism, acquire and improve tourist facilities, finance beach improvement and renourishment, and construct a zoo and sports complex. This levy was established pursuant to Section 125.0104, Florida Statutes, and Ordinance 86-25, as amended by 2005-21.

State Housing Initiative Partnership - to account for a local housing program which expands the supply of affordable housing for low income families pursuant to Section 420.9075, Florida Statutes.

Environmentally Endangered Land Program - to account for acquisition and improvements to endangered lands in Brevard County.

Hospital Direct Pay - to account for the collection of non-ad valorem assessments levied against private for-profit and not-for-profit hospitals' properties within the County, pursuant to Ordinance 2021-14. The assessments will provide funding for intergovernmental transfers to the State of Florida to support the non-federal share of Medicaid payments that will directly benefit hospital properties.

Records Modernization Trust - to account for service charges collected on recording fees to be used for modernization of the official records system, and court-related technology needs of the Clerk, as set forth in Section 28.24, Florida Statutes.

Debt Service Funds

Limited Ad Valorem Tax Bonds - to finance the acquisition, preservation and improvement of environmentally endangered land in Brevard County; to finance the acquisition, development and improvement of certain parks in North Brevard, South Brevard, and Merritt Island.

Sales Tax Revenue Bonds - to finance the acquisition and construction of capital improvements within Brevard County.

Loans - to fund the construction of T-hangars and special assessment projects, finance the dredging of channels and canals, acquisition of land and buildings, and purchase of various capital equipment.

Capital Projects Funds

General Government Facilities - to account for the construction and improvements made to county government facilities in Brevard County.

Parks and Recreation Facilities - to account for the construction and improvements made to recreational facilities in Brevard County.

Environmentally Endangered Land Purchases - to account for the acquisition of and improvements to, environmentally endangered lands in Brevard County.

STATISTICAL SECTION

These schedules of the Brevard County's Annual Comprehensive Financial Report present detailed information about the government's overall financial health as a context for understanding the financial statements, note disclosures and required supplementary information.

Financial Trends

- ❖ Contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

- ❖ Contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

- ❖ Present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue future debt.

Demographic and Economic Information

- ❖ Offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities occur.

Operating Information

- ❖ Contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) The ad valorem property taxes, sales and use taxes, and communications services tax are combined for financial statement presentation and disclosed by fund type as taxes. Franchise fees are reported as permits, fees and special assessments.

(2) The motor fuel tax is disclosed in the County Transportation Trust Fund, as intergovernmental revenues.

(3) Effective January 1, 2017, the County began collecting a half-cent discretionary infrastructure sales tax for the purpose of restoring the Indian River Lagoon.

- (1) The Brevard County Property Appraiser shall assess all property at market or just value. In arriving at just valuation as required under s.4 Article VII of the State Constitution, the Property Appraiser takes into consideration the factors enumerated in Section 193.011, Florida Statutes.
- (2) Governmental, Institutional and Economic Development Exemptions.
- (3) "Save our Homes" (F.S. 193.155), limits annual increases in property value assessments on real property qualifying and receiving the homestead exemption.
- (4) Other exemptions (i.e. \$50,000 homestead exemption, Disability/Blind, Widows/Widowers, and age 65 & older).
- (5) Includes only the Countywide Tax Rate from Table 8.

BREVARD COUNTY, FLORIDA
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
SEPTEMBER 30, 2021

Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance

1) General:

The Schedule of Expenditures of Federal Awards and State Financial Assistance presents the activity of all federal programs and state projects of the Brevard County, Florida, primary government, as defined in Note 1. A. to the financial statements. The County did not elect to utilize the 10% de minimis indirect cost rate.

2) Basis of Accounting:

The Schedule of Expenditures of Federal Awards and State Financial Assistance is maintained on a modified accrual basis of accounting for Governmental Fund types, and the full accrual basis of accounting for the Proprietary Fund types, as described in the notes to the financial statements; however, subrecipient expenditures are included when paid.

3) Non-cash Awards:

	<u>ALN</u>		<u>Amount Worth</u>
During the year ended September 30, 2021, the County received the following non-cash donations from the General Services Administration (passed through the Florida Bureau of Federal Property Assistance) for the Federal Surplus Property Donation Program.	39.003	\$	14,675

4) Provider Relief Fund (PRF):

	<u>ALN</u>		<u>Presented Amount</u>
The County's presented amount on the Schedule of Expenditures of Federal Awards and State Financial Assistance are based on the PRF Report for Period 1, January 1, 2020 to June 30, 2021.	93.498	\$	462,474

5) Stafford Act Claimed Costs:

The recording of expenditures on the Schedule of Expenditures of Federal Awards and State Financial Assistance relating to Stafford Act funds are based on when the funds are obligated by FEMA. Expenditures incurred in previous fiscal years, but obligated and reported in the current fiscal year, were as follows:

		<u>ALN</u>		<u>Prior Years</u>
Hurricane Irma (4337)	PA-00-06-15-02-003	97.036	\$	1,170,837
Hurricane Dorian (4468)	PA-00-06-15-02-085	97.036	\$	798,036

SEPTEMBER 30, 2021

The following component units, which are of various degrees of significance to the reporting entity of the Brevard County Board of County Commissioners, have been audited by other auditors:

Titusville - Cocoa Airport Authority
Housing Finance Authority

The separate auditors' report for these component units may be obtained directly from the appropriate entity.

**Report of Independent Auditor on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Board of County
Commissioners of Brevard County, Florida
Viera, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Brevard County, Florida (the “County”), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated April 1, 2022. Our report includes a reference to another auditor who audited the financial statements of the Titusville-Cocoa Airport Authority and Brevard County Housing Finance Authority, whose statements reflect 86%, 85%, and 51%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, as described in our report on the County’s financial statements. This report does not include the results of the other auditor’s testing of internal control over financial reporting or compliance and other matters that are reported on separately by the other auditor.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

April 1, 2022

Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control Over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

To the Honorable Board of County
Commissioners of Brevard County, Florida
Viera, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited Brevard County, Florida (the “County”) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the requirements described in the State of Florida Department of Financial Services’ State Projects Compliance Supplement, that could have a direct and material effect on each of the County’s major federal programs and state financial assistance projects for the year ended September 30, 2021. The County’s major federal programs and state financial assistance projects are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal and state statutes, regulations, contracts, and the terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the County’s major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state financial assistance project. However, our audit does not provide a legal determination of the County’s compliance.

Opinion on Each Major Federal Program and State Financial Assistance Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2021.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as tem 2021-001. Our opinion on each major federal program and state financial assistance project is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

COVID-19: Airport Improvement Program and COVID-19 Airports Program	20.106
Department of Treasury	
COVID-19: Coronavirus Relief Fund	21.019
COVID-19: Emergency Rental Assistance Program	21.023
COVID-19: Coronavirus State and Local Fiscal Recovery Funds	21.027

State Projects:

Name of Project	CSFA Numbers
Florida Department of Environmental Protection	
Statewide Water Quality Restoration Projects	37.039
Florida Department of Transportation	
County Incentive Grant Program	55.008
Pineda Causeway Overpass	55.021

Dollar threshold used to determine Type A programs:

Federal	\$ 2,520,300
State	\$ 750,000

Auditee qualified as low-risk auditee for federal purposes?

yes no

BREVARD COUNTY, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS –
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2021

Part II - Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards*.

Part III - Federal Award Findings and Questioned Costs

U.S. Department of Transportation

ALN 20.106 - Airport Improvement Program and COVID-19 Airports Programs

Statement of Condition 2021-001: Our tests of reporting found that the annual Standard Form 425, Federal Financial Report ("SF-425") was not submitted as required.

Criteria: In accordance with the grant agreement, 2 CFR 200.328 and the Airport Improvement Program Handbook, grantees must submit SF-425 annually within 90 days of year-end for each grant that continues to be open as of the Federal fiscal year-end.

Effect of Condition: The reporting requirements for the grant were not fully satisfied as a result of the condition. There are no associated questioned costs, as the report was informational in nature.

Cause of Condition: The County understood the requirement to submit the SF-425 at completion of the grant, however was not aware of the requirement to submit the SF-425 annually for each grant that continues to be open as of the Federal fiscal year-end.

Recommendation: The County should consider adding more robust review and understanding of grant agreements and related reporting requirements, including maintaining and monitoring a listing of open grant agreements and related reporting due dates.

Management response: The County will update procedures to include a central depository where grant requirements are maintained and monitored throughout the year to ensure proper submission of grant requirements. The required SF-425 report for the Airport Improvement grant was filed with the federal grantor agency on April 1, 2022.

BREVARD COUNTY, FLORIDA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS –

FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2021

Part IV - State Project Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major state projects, as required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

There were no findings required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

Note: A summary of prior audit findings is not provided since there were no prior year audit findings. Similarly, a corrective action plan is not provided since there are no current year audit findings.

BOARD OF COUNTY COMMISSIONERS

County Manager's Office

2725 Judge Fran Jamieson Way
Building C, Room 301
Viera, Florida 32940

April 1, 2022

Brevard County respectfully submits the following corrective action plan for the fiscal year ended September 30, 2021.

Finding: 2021-001

Comment: Grant reporting requirements should be fully satisfied.

Planned Corrective Action: The County will update procedures to include a central depository where grant requirements are maintained and monitored throughout the year to ensure proper submission of grant requirements. The required SF-425 report for the Airport Improvement grant was filed with the federal grantor agency on April 1, 2022.

Anticipated Completion Date: September 30, 2022
