I think I've removed all the attacks and nonsense from Cynthia Washburn I can find. I've also blocked him/her/them and hope that it ends the no stop attacks from them on everyone.

It has come to my attention that 2 members of this group called a mew member's work, trying to get him fired.

On top of that, members of this group called his church about him.

This member is nothing but civil and polite and tries to promote meaningful dialogue.

Politically disagreeing with a private citizen, doesn't warrant destroying their lives.

Thank God his work and church blew them off.

They saw these people for who they are - hateful trolls.

What did these perpetrators think would happen? It's almost laughable.

So the new thing to trigger liberals is flags on trucks. Here are a few other things to make your day patriots and trigger your gay progressives.

## HEY, THAT TICKLES

**Justin Burdette** You do know all these liberals you are allowing in are basically spamming the report button right? I have multiple fake accounts in a bunch of the central Florida liberal and antifa pages and that's what they are talking about

**Colby Karen** Justin Burdette nice. Post some of the pics so I can know who to block or pm me please? I have had enough hate and dox acts going on

Like · 4d

**Justin Burdette** Why block them it's entertainment. Also you will know who to block by just looking at their posts, and pretty much anyone added in the last 72hours

I have nothing but respect for President Trump because he opens dialogue with those we fear/worry/hate.....

Yes I said hate.

I hate those MFRs that killed so many with 9/11! I admit it. I hate Isis.

I hate that we have to kiss ass to terrorist democrats who attack when you speak YOUR WORDS.

I have a lot of hate.

But I also have a President with a pair of man parts to do this! To contact those who have said Death to America and tell them to shut up little Rocket Man it's great it's morale building we will be great again we have enough Pence and Trump family to keep this going and by family I mean all of US. Say what your words are. Do it. Screw the Dems  
Trump did! I shall!

Going to make a few policy and admin changes here. Given the brevard politics 2020 page is now a dogpile shit show I'm going to do this.

1. Open the page up to both parties. So conservatives please add/invite your friends here and liberals your free to also.
2. No dogpile personal stuff. I'm going to be quick to delete posts that go off a "true topic" about local or national politics and get personal.
3. Candidates and elected leaders from both sides are fair to discuss ab...

This is the kind of ignorant logic that only a liberal could come up with. That "they", republicans are responsible for the Holocaust (Socialist Hitler did that), WWII internment camps (Democrat FDR did this) and so many other ridiculous faulty comparisons it made her switch parties as a result. This is her thesis here folks after she got "enlightened" at night school history classes. The kind of moral masking and smug contempt only a progressive has. This is how your Brevard Dems think people!
