Subject: September 14, 2021 Final Agenda Package

The final agenda package for the September 14, 2021 meeting is on the S drive under AGENDA. The agenda is so large that many are not able to open it. It can be opened from the S drive. I will be dividing the agenda into sections on Monday and post it as multiple documents. Thank you,
Sally

I thought that was weird because none were listed on the Agenda, but we do have September 14 and November 4, so we'll just make them be approved on today and not on December 2, right? IDK LOL

Commissioner Pritchett had two sets of minutes approved today at the meeting. I don't know why because I didn't put any minutes on the meeting agenda.

Do you know what the dates were that were approved?

Subject: September 14, 2021 agenda package on the web page.

Please see the attached message I get after trying to open the 091421 agenda package on the Board meetings web page. Donna Scott and Deanna said they got Corrupt file error messages.

Teresa said she could open it.

I was able to open it but now I can't.

I have it on the S Drive under AGENDA.

So, is this an internal problem or should I get in touch with Granicus Support?

Thanks

The draft agenda package is now available on the beach. I am having difficulties with Legistar again and have been in contact with Granicus to resolve the problem. There will be changes but for now the agenda items are correct.
