BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT:	Permission to Apply and Accept the 2017 Edward Byrne Memorial Justice Assistance – Local Solicitation
DEPT/OFFICE:	Sheriff's Office

Requested Action:

It is requested that the Board of County Commissioners grant permission to apply for and accept the 2017 Edward Byrne Memorial Justice Assistance Grant – Local Solicitation and authorize the Chairman to execute the necessary documents and Budget Adjustments.

Summary Explanation & Background:

The U.S. Department of Justice has notified the Sheriff's Office of the availability of the FY 2017 Edward Byrne Memorial JAG - Local Solicitation. Brevard County is eligible to receive a direct allocation of \$59,000. Units of local government applying for this grant must use the funding for law enforcement purposes.

The funding is used to enhance Criminal Investigations by funding a Deputy Agent position that focuses on Fraud and Identity Theft. The Sheriff's Office is proposing to continue using the funding for this position and associated operational expenses. The financial and investigative impact of fraud and identity theft is impacting state and local law enforcement and these crimes are rapidly becoming one of the most prevalent crimes in Brevard County. The Agency believes this position and the operational expenses continue to be the best use of the grant funds.

This grant provides funding in the amount of \$59,000 and does not require a local match.

Therefore, the Sheriff's Office is requesting permission to apply for and accept the funding from the 2017 Edward Byrne Memorial Assistance Grant Application – Local Solicitation.

  - (b) any prohibitions or restrictions potentially applicable to the "program or activity" sought to be funded under the FY 2017 OJP Program that deal with sending to, requesting or receiving from, maintaining, or exchanging information of the types described in 8 U.S.C. § 1373(a) or (b), whether imposed by a State or local government entity, -agency, or -official.

## Abstract

Brevard County

Investigative Fraud Agent

Consumer fraud and identity theft have become one of the most prevalent crimes in Brevard County. During calendar year 2016, the state of Florida was ranked No.1 in these crimes. Residents and visitors of Brevard County are prime targets of identity thieves due to the numerous tourist attractions, military installations and senior population. In addition, contractor fraud has remained prevalent on the Space Coast of Florida, particularly in reference to the many contractors that show up to victimize the citizens of Brevard County following natural disasters. This goes beyond the norm of the fraud perpetrated on the senior citizen community by fraudulent contractors.

Our strategy involves going beyond traditional management approaches by availing all of our resources to our criminal justice partners and the community with the enhancement of our Economic Crimes Task Force, a comprehensive multi-jurisdictional and multi-discipline approach to combating fraud and identity theft. As part of this effort, a dedicated computer forensic examiner will be available to assist in cases where suspects are utilizing technology, opportunity and jurisdictional boundaries to their advantage.

Specifically this position will:

- Provide a coordinated approach that allows for the sharing of resources and communication to effectively identify fraudulent schemes that target multiple victims reaching across many jurisdictional boundaries.
- Enhance the ability to investigate complex cases through the examination of computer and other electronic media by a trained forensic specialist who is able to examine, uncover and extract data that identifies victims and evidence of these intricate schemes.
- Enhance our investigative efforts by improving and enhancing the investigator's technological capability, improved Digital Forensics support with enhanced technology and specialized training of criminal justice staff and partners on the latest trends and techniques associated with the investigation and prosecution of consumer fraud and identity theft.

## Program Narrative

The Brevard County Sheriff's Office is proposing to continue a position created in 2010 to investigate Fraud and Identity Theft.

The Sheriff's Office will track all grant draw downs and grant expenditures separately from all other funding sources, including Federal, by creating a separate fund for the receipt of the funds and for the personnel costs and expenses. The creation of the separate fund will ensure that the grant funds are not co-mingled with any other funds or expenses received or incurred by the agency.

The financial and investigative impact of fraud and identity theft is being felt by state and local law enforcement. The reality of this concerning issue is that these crimes have become one of the most prevalent crimes in Brevard County. For the past 3 years (2014, 2015 and 2016) the Federal Trade Commission has ranked Florida as one of the top states in the nation in complaints with Identity Theft as well as other fraud.

Residents and visitors of Brevard County are prime targets of identity thieves due to the numerous tourist attractions, military installations and senior population. Today's economic crime suspects are utilizing technology, opportunity and jurisdictional boundaries to their advantage. Criminals have "no Boundaries" and to effectively combat their illegal activities, law enforcement must work from a coordinated and centralized approach that allows for the sharing of resources and communication to effectively identify fraudulent schemes that target multiple victims reaching across many jurisdictional boundaries.

There are two factors in Brevard County that breeds fraudulent activity. The first is the fact that millions of tourists in the State of Florida rely on credit card use to facilitate their visits, activities, and expenditures while patronizing the many attractions that our county offers. This fact alone makes Brevard County a target rich environment for the many aspects of fraud related crimes. The tourist arena makes the instruments needed for credit card and other forms of fraud related crimes easily assessable to the criminal element.

The second perspective that must be considered is that the tourist attractions not only make credit card information assessable to the criminal element, but also draws the criminal element to our county. Tourism also provides a fertile ground to the many types of counterfeiters. The passing and usage of counterfeit instruments such as checks, currency and credit cards has been on the increase both due to the economy and the ease of production with the technological advance in laser jet printers available to regular consumers. In addition, contractor fraud has remained prevalent on the Space Coast of Florida, particularly in reference to the many contractors that show up to victimize the citizens of Brevard County following natural disasters. This goes beyond the norm of the fraud perpetrated on the senior citizen community by fraudulent contractors.

The investigation of Consumer Fraud and Identity Theft cases in Brevard County include Credit Card Fraud, Forgery and Uttering of Monetary Instruments, Theft of Identity and other schemes to defraud.

In order to track and collect the data to report on the progress of the grant, all consumer fraud and identity theft cases will maintained and tracked independently from all other BCSO investigative casework.

The agent will work closely with local and state law enforcement jurisdictions, the State Attorney's Office and the Office of Statewide Prosecution to present evidence of impact of fraud and identity theft, investigating, assembling, and presenting evidence on consumer fraud, identity theft or credit card skimming styled cases for prosecution. In addition, the agent will work toward building stronger public/private partner relationships and establish a strong multi-jurisdictional partnership to effectively and efficiently address this problem by sharing information, resources and remove jurisdictional boundaries.

## BUDGET NARRATIVE

The budget for the project is as follows:

### Salaries and Benefits

	34.87%		\$ 12,459

The total funds for the grant are used for Personnel Costs for a Fraud Agent.
