Justification:

The purpose of this Budget Change Request is to shift funding \$2.5 million between Capital Improvement Projects within the Solid Waste Management Department's Fiscal Year 2021-2022 budget. The Titusville Transfer Station Capital Improvement Project will not begin incurring expenses until the second half of Fiscal Year 2022. Due to the delay in commencement of this project, available funds can be shifted to the Central Disposal Facility Cell II project which is anticipated to cost more than originally projected due to increases in material costs.

Alternative:

If not approved, there will be insufficient budget available in the Central Disposal Facility Cell II CIP project allocation to fund the increases in project estimates.
