

AGENDA REPORT
November 13, 2018

**Approval Re: Correctional Impact Fee Advisory Committee
Recommendations (Districts 1 - 5)**

SUBJECT:

Approval RE: Correctional Impact Fee Advisory Committee Project Funding
Recommendations (Districts 1 - 5)

FISCAL IMPACT:

The funding for these appropriations has already been collected and is budgeted in the Correctional Impact Fee Trust Fund as Reserves for Capital Outlay. The Trust Fund balance as of October 10, 2018 was \$973, 310.55. If approved, \$414,402.11 will be re-budgeted for expenditure in Fiscal Year 2018/19 as a Capital Contribution to Government (Brevard County Sheriff's Office).

DEPT/OFFICE:

Planning and Development

REQUESTED ACTION:

It is requested that the Board of County Commissioners consider approval of the Correctional Impact Fee Advisory Committee project funding recommendations and authorize the Budget Office to execute all budget change requests necessary to implement these recommendations.

SUMMARY EXPLANATION and BACKGROUND:

The Correctional Impact Fee Advisory Committee met on October 11, 2018 and adopted the following project funding recommendations submitted by the Brevard County Sheriff's Office:

- 1) Appropriate an additional \$375,323.93 for the purchase of 164 additional video cameras and related equipment in order to complete the Video Monitoring System at the jail complex;
- 2) Appropriate \$32,310.18 to purchase 63 double bunks to accommodate additional inmates at the jail complex; and
- 3) Appropriate \$6,768.00 to upgrade the existing access control system to the "eMerge" access control system to provide consistency throughout the jail complex.

The Correctional Impact Fee Advisory Committee is composed of one representative from Brevard County and one from each of the municipalities in Brevard County.

RE: Item F.3., Approval of Correctional Impact Fee Advisory Committee Project Funding Recommendations

The Board of County Commissioners, in regular session on November 13, 2018, approved the Correctional Impact Fee Advisory Committee project funding recommendations; and authorized the Budget Office to execute all budget change requests necessary to implement the recommendations.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
SCOTT ELLIS, CLERK

Tammy Rowe

Stephen Swanke
Planning & Development Department
2725 Judge Fran Jamieson Way
Building A, Suite 114
Viera, Florida 32940

Stephen,

As the inmate population has continued to increase, it is imperative to find innovative ways to maintain security measures while also monitoring inmates in the most efficient and effective manner possible. Over the past two years, a systematic process has been in place to install the video security/monitoring system for the Jail Complex. This new system has enabled us to provide security/video coverage in all inmate housing areas, booking room, secured walkways and vestibules within the interior of the jail complex. The video monitoring system has not only been a very successful component in our continued effort to maintain a safe and secure environment, but is also a "force multiplier," allowing jail staff to more effectively monitor the ongoing operations and fluid movement within the jail. In order to complete this project, the purchase of 164 additional cameras and associated equipment is necessary. The additional cameras will monitor inmate movement and jail operations on the perimeter of the jail complex as well as those interior corridors not monitored with the existing system. The required quotes are attached with an estimated cost of \$375,323.93.

In addition, the purchase of sixty-three double bunks will allow us to maximize housing capacity. During the design and build of the tent concept structure, one tent was not outfitted with bunks. The remaining three tents were not outfitted for full capacity. Fifty-six of the sixty-three double bunks will be placed in tent four with the remaining seven bunks allocated for the remaining three tents. This purchase will increase jail space to maximum capacity. The required quotes are attached with an estimated cost of \$32,310.18.

Additionally, required to ensure the safety and security of both the inmates and staff is the access control system. Updating the current security door access control to the updated "Emerge" door access control system promotes consistency throughout the jail complex as well as the agency. The current security access system on the four tent structures is outdated and obsolete technology. Repairs and maintenance can no longer be maintained efficiently at a reasonable cost and presents considerable security concerns. The required quotes are attached with an estimated cost of \$6,768.00.

This critical matter is respectfully submitted to your attention, requesting consideration to facilitate a committee meeting relating to the use of jail impact fees. Once a decision by the committee has been made, we can move forward through our normal purchasing practices.

Sincerely,

Chief Michael DeMorat, Judicial Services
Brevard County Sheriff's Office

Re: BCSO Jail- Exterior Cameras Rev 1

Dear Mr. Urie,

Bazon-Cox & Associates Inc. (BACO) is pleased to submit our Firm Fixed Price Quote in support of the communication requirements for the BCSO Jail- Exterior Cameras REV 1.

SCOPE OF WORK:

Women's Facility

- BACO will install, terminate, and test (11) CAT6 cables from the Women's Facility IDF to the exterior camera locations specified in the drawings.
- BACO will install, terminate, and test (5) OSP Rated CAT6 cables from the Sewing IDF to the exterior pole camera locations specified in the drawings.
- BACO will install, terminate, and test (4) OSP rated POE cabling from the Women's Facility IDF to the pole cameras specified in the drawings.
- BACO will install ¾" SCH 80 PVC from the nearest IDF to each camera pole located outside of the Women's Facility.
- BACO will purchase and install 12x12x8 PVC NEMA enclosures to mount on each camera pole.
- BACO will install a POE surge protector for each camera located outside.

Pod 100

- BACO will install, terminate, and test (11) CAT6 cables from the Pod 100 IDF to the exterior camera locations specified in the drawings.
- BACO will install 1" Rigid conduit from the nearest cell block to the roof and to each camera location.
- Each camera location will have a weatherproof double gang box with weatherproof cover on the interior of the parapet wall and a penetration through the wall to the camera mount.
- In each cell block BACO will mount an enclosure which will house a POE injector for each exterior camera. At this point each camera will transition from inside plant cable to OSP cable.

Pod 200

- BACO will install, terminate, and test (11) CAT6 cables from the Pod 200 IDF to the exterior camera locations specified in the drawings.

-
- BACO will install 1" Rigid conduit from the nearest cell block to the roof and to each camera location.
 - Each camera location will have a weatherproof double gang box with weatherproof cover on the interior of the parapet wall and a penetration through the wall to the camera mount.
 - In each cell block BACO will mount an enclosure which will house a POE injector for each exterior camera. At this point each camera will transition from inside plant cable to OSP cable.
 - BACO will install, terminate, and test (2) OSP CAT6 cables from the Pod 200 IDF to the exterior intercom locations specified in the drawings.

Pod 300

- BACO will install, terminate, and test (13) CAT6 cables from the Pod 300 IDF to the exterior camera locations specified in the drawings.
- BACO will install 1" Rigid conduit from the nearest cell block to the roof and to each camera location.
- Each camera location will have a weatherproof double gang box with weatherproof cover on the interior of the parapet wall and a penetration through the wall to the camera mount.
- In each cell block BACO will mount an enclosure which will house a POE injector for each exterior camera. At this point each camera will transition from inside plant cable to OSP cable.
- BACO will install, terminate, and test (3) OSP CAT6 cables from the Pod 300 IDF to the exterior intercom locations specified in the drawings.

Pod 400

- BACO will install, terminate, and test (13) CAT6 cables from the Pod 400 IDF to the exterior camera locations specified in the drawings.
- BACO will install 1" Rigid conduit from the nearest cell block to the roof and to each camera location.
- Each camera location will have a weatherproof double gang box with weatherproof cover on the interior of the parapet wall and a penetration through the wall to the camera mount.
- In each cell block BACO will mount an enclosure which will house a POE injector for each exterior camera. At this point each camera will transition from inside plant cable to OSP cable.

Pod 500

- BACO will install, terminate, and test (9) CAT6 cables from the Pod 400 IDF to the exterior camera locations specified in the drawings.
- BACO will install 1" Rigid conduit from the nearest cell block to the roof and to each camera location.

-
- Each camera location will have a weatherproof double gang box with weatherproof cover on the interior of the parapet wall and a penetration through the wall to the camera mount.
 - In each cell block BACO will mount an enclosure which will house a POE injector for each exterior camera. At this point each camera will transition from inside plant cable to OSP cable.

Kitchen

- BACO will install, terminate, and test (7) CAT6 cables from the Kitchen IDF to the exterior camera locations specified in the drawings.
- BACO will install, terminate, and test (14) CAT6 cables from the Kitchen IDF to the interior camera locations specified in the drawings.
- BACO will replace (12) existing IP cameras with new customer provided IP cameras as specified in the drawings.
- BACO will install, terminate, and test (13) CAT6 cables from the Kitchen IDF to the interior intercom locations as specified in the drawings.
- BACO will install, terminate, and test (6) OSP CAT6 cables from the Kitchen IDF to the interior intercom locations as specified in the drawings.
- BACO will install 1/2" EMT conduit from the interior intercom location to the attic space.

Laundry

- BACO will install, terminate, and test (8) CAT6 cables from the Laundry IDF to the exterior camera locations specified in the drawings.
- BACO will install, terminate, and test (4) OSP CAT6 cables from the Laundry IDF to the exterior intercom locations specified in the drawings.
- BACO will install 3/4" EMT conduit from the local IDF to each camera location.

Tent City

- BACO will install, terminate, and test (6) OSP rated CAT6 cables from the Tent City IDF to the exterior camera locations specified in the drawings.
- BACO will install, terminate, and test (1) OSP CAT6 cables from the Tent City IDF to the exterior intercom locations specified in the drawings.
- BACO will purchase and install 12x12x8 PVC NEMA enclosures to mount on each camera pole.
- BACO will install a POE surge protector for each camera located outside.

Visitation

- BACO will install, terminate, and test (2) CAT6 cables from the Visitation IDF to the exterior camera locations specified in the drawings.
- BACO will install 3/4" EMT conduit from the local IDF to each camera location.

Important Notes

Terms of Sale

Unless you have a separate written agreement that specifically applies to this order, your order will be subject to and governed by the following agreements, each of which are incorporated herein by reference and available in hardcopy from Dell at your request: Dell's Terms of Sale (www.dell.com/learn/us/en/uscorp1/terms-of-sale), which include a binding consumer arbitration provision and incorporate Dell's U.S. Return Policy (www.dell.com/returnpolicy) and Warranty (for Consumer warranties ; for Commercial warranties).

If this purchase includes services: in addition to the foregoing applicable terms, the terms of your service contract will apply (Consumer;Commercial). If this purchase includes software: in addition to the foregoing applicable terms, your use of the software is subject to the license terms accompanying the software, and in the absence of such terms, then use of the Dell-branded application software is subject to the Dell End User License Agreement - Type A (www.dell.com/AEULA) and use of the Dell-branded system software is subject to the Dell End User License Agreement - Type S (www.dell.com/SEULA).

If your purchase is for Mozy, in addition to the foregoing applicable terms, your use of the Mozy service is subject to the terms and conditions located at <https://mozy.com/about/legal/terms>.

If this purchase is for (a) a storage product identified in the DELL EMC Satisfaction Guarantee Terms and Conditions located at

http://www.emc.com/collateral/sales/dellemc-satisfaction-guarantee-terms-and-conditions_ex-gc.pdf ("Satisfaction Guarantee") and (ii) three (3) years of a ProSupport Service for such storage product, in addition to the foregoing applicable terms, such storage product is subject to the Satisfaction Guarantee.

You acknowledge having read and agree to be bound by the foregoing applicable terms in their entirety. Any terms and conditions set forth in your purchase order or any other correspondence that are in addition to, inconsistent or in conflict with, the foregoing applicable online terms will be of no force or effect unless specifically agreed to in a writing signed by Dell that expressly references such terms.

Pricing, Taxes, and Additional Information

All product, pricing, and other information is valid for U.S. customers and U.S. addresses only, and is based on the latest information available and may be subject to change. Dell reserves the right to cancel quotes and orders arising from pricing or other errors. Please indicate any tax-exempt status on your PO, and fax your exemption certificate, including your Customer Number, to the Dell Tax Department at 800-433-9023. Please ensure that your tax-exemption certificate reflects the correct Dell entity name: **Dell Marketing L.P.**

Note: All tax quoted above is an estimate; final taxes will be listed on the invoice.

If you have any questions regarding tax please send an e-mail to Tax_Department@dell.com.

For certain products shipped to end-users in California, a State Environmental Fee will be applied to your invoice. Dell encourages customers to dispose of electronic equipment properly.
