Dear County Commissioners:

The following residents of the Town of Palm Shores are OPPOSED to the rezoning to heavy commercial property adjacent to our homes.

We have a quiet subdivision with a variety of residents from retired and active duty military to families with children of all of ages. It is a "neighborhood" that we feel pride in and that we feel safe in.

Commercial property will reduce our quiet neighborhood with traffic, noise and a disruption of a quality of our lives, not to mention the loss of our property values.

Please think about this. Would you want this in your neighborhood? Would you buy a house with heavy commercial business going on? We doubt any of you would welcome mechanical work, painting of cars, and all the other uses available if you grant this rezoning.

There are many other areas available for this type of business!! It is NOT suitable in this location.

| Name                | Address  |
|---------------------|--|
| Ruthanne McLaughlin | 165 PALM CIRCLE, PALM SHORES                       |
| Jay Ayer            | 164 Palm Circle                                    |
