Viera, FL 32940

Consent

F2

9/17/2019

Subject:

Seeking approval from Board of County Commissioners (BOCC) to approve final language of documents connected to the termination of an incentive agreement existing between the North Brevard Economic Development Zone (NBEDZ) and Embraer Aircraft Holding, Inc., and Embraer Aero Seating Technologies, LLC (together hereinafter referred to as the COMPANY), following approval of Resolution No. 2091=118 on July 23, 2019

Fiscal Impact:

None, beyond those identified with action taken by BOCC on July 23, 2019 (return of incentive proceeds to the NBEDZ, and proceeds from land transaction).

Dept/Office:

North Brevard Economic Development Zone

Requested Action:

The NBEDZ requests that the BOCC approve the final language of two legal documents connected with action taken by the BOCC at its July 23, 2019 commission meeting to terminate an incentive agreement with the COMPANY and permit it to acquire a 15 acre parcel in the county-owned Spaceport Commerce Park.

Summary Explanation and Background:

Following action approved by the BOCC on July 23rd, the COMPANY requested language changes to the "order of operations" (the process wherein the incentive agreement will be terminated, and the NBEDZ incentive proceeds previously disburse to the COMPANY will be returned to the NBEDZ) and representation in the documents by the BOCC that the Spaceport Commerce Park lot occupied by the COMPANY is not a "superfund site," as designated by the U.S. Environmental Protection Agency. The attached revised termination agreement and real estate contract have been reviewed and approved by the County Attorney's Office.

Clerk to the Board Instructions:

Will need a copy of the adopted resolution of the BOCC, a signed copy of the final version of the termination agreement, and a signed copy of the final version of the real estate purchase contract, if approved.

Tammy Rowe, Clerk to the Board, 400 South Street • P.O. Box 999, Titusville, Florida 32781-0999

MEMORANDUM

TO: Troy Post, North Brevard Economic Development Zone Executive Director

RE: Item F.2., Approval of Final Language of Termination Agreement and Real Estate Purchase Contract on Project Eagle

The Board of County Commissioners, in regular session on September 17, 2019, approved the final language of two legal documents connected with action taken by the Board at its July 23, 2019, Board of County Commission Meeting to terminate an incentive agreement with the company, and permitted it to acquire a 15-acre parcel in the County-owned Spaceport Commerce Park. Enclosed is an executed Contract and Addendum to the Contract.

Upon execution by all parties, please return a fully-executed Contract and Addendum to this office for inclusion in the official minutes.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
SCOTT ELLIS, CLERK

Tammy Rowe

CONTRACT FOR SALE AND PURCHASE

RECEIVED
DM 107292
SEP 17 2019

Seller: Board of County Commissioners, Brevard County, Florida
2725 Judge Fran Jamieson Way, Viera, Florida, 32940

Brevard County Attorney

Buyer: Embraer Aero Seating Technologies, LLC, a Delaware limited liability company

Legal description of property being transferred: A parcel measuring 15 acres (m/l), and contained within the Spaceport Commerce Park in Titusville, to be more particularly described in the attached Exhibit "A" attached hereto and incorporated herein, based upon a survey of the exact parcel completed prior to closing. The transfer shall be made pursuant to the following terms and conditions and the Standards for Real Estate Transactions, on Page 3 of this contract.

Purchase price: \$375,000.00 (Three-Hundred and Seventy-Five Thousand Dollars and Zero Cents) for a parcel measuring 15 acres, plus a price adjustment for additional acreage based upon a per acre price of \$25,000.00 acre, based upon a survey of the exact parcel to be conveyed which includes an adjustment of the boundary lines in Exhibit "A" to accommodate a 15 foot easement for drainage and utilities along all side and rear property lines, as required by Enterprise Park Plat, Plat Book 32, Page 74.

Deposit: N/A

Time for acceptance of offer; effective date; facsimile: If this offer is not executed by and delivered to all parties OR FACT OF EXECUTION communicated in writing between the parties on or before N/A, the deposit(s) will, at Seller's option, be returned and this offer withdrawn. The date of Contract ("Effective Date") will be the date when the last one of the Buyer and Seller has signed this offer. A facsimile copy of this Contract and any signatures hereon shall be considered for all purposes as originals.

Title evidence: At least 15 (fifteen) days before closing date, Seller shall, at Seller's expense, deliver to Buyer or Buyer's attorney or X Buyer may at Buyer's option obtain a:) title search and/or b:) title insurance commitment (with legible copies of instruments listed as exceptions attached thereto) and, after closing, an owner's policy of title insurance.

Closing Date: This transaction shall be closed and the deed and other closing papers delivered within 90 days of the effective date of this contract, unless modified by other provisions of this Contract, or by mutual agreement of the Parties.

Warranties and Brokers: The following warranties are made and shall survive closing.

- a. SELLER warrants that there are no parties in occupancy, other than Buyer.
- b. BUYER hereby acknowledges that no real estate broker or agent has been involved as a representative of the BUYER, and that no real estate commission fee is due from SELLER.

Inspections and Environmental Representations: N/A. The BUYER shall purchase the property in AS-IS condition subject to the following:

a) SELLER represents that to the best of its knowledge after reasonable diligence no portion of SELLERS property has been listed, designated or identified in the National Priorities List or the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, aka CERCLA, Information System both as published by the United States Environmental Protection Agency, or any similar list of sites published by any federal, state or local authority proposed for requiring clean up or remedial or corrective action under any requirements of Environmental Laws (as hereinafter defined) or applicable law.

Special Clauses: X See attached addendum

STANDARDS FOR REAL ESTATE TRANSACTIONS

A. EVIDENCE OF TITLE: (Applicable in the event Buyer opts to obtain a title commitment). A title insurance commitment issued by a Florida licensed title insurer agreeing to issue to Buyer, upon recording of the deed to Buyer, an owner's policy of title insurance in the amount of the purchase price insuring Buyer's title to the Real Property, subject only to liens, encumbrances, exceptions or qualifications set forth in this Contract and those which shall be discharged by Seller at or before closing. Seller shall convey marketable title subject only to liens, encumbrances, exceptions or qualifications specified in this Contract. Marketable title shall be determined according to applicable Title Standards adopted by authority of The Florida Bar and in accordance with law. Buyer shall have 5 days from date of receiving evidence of title to examine it. If title is found defective, Buyer shall within 3 days thereafter, notify Seller in writing specifying defect(s). If the defect(s) render title unmarketable, Seller will have 30 days from receipt of notice to remove the defects, failing which Buyer shall, within five (5) days after expiration of the thirty (30) day period, deliver written notice to Seller either: (1) extending the time for a reasonable period not to exceed 120 days within which Seller shall use diligent effort to remove the defects; or (2) requesting a refund of deposit(s) paid which shall immediately be returned to Buyer. If Buyer fails to so notify Seller, Buyer shall be deemed to have accepted the title as it then is. Seller shall, if title is found unmarketable, use diligent effort to correct defect(s) in the title within the time provided therefor. If Seller is unable to remove the defects within the times allowed therefor, Buyer shall either waive the defects or receive a refund of deposit(s), thereby releasing Buyer and Seller from all further obligations under this Contract

B. SURVEY: Seller, at Seller's expense, shall have the Real Property surveyed and certified by a registered Florida surveyor. If survey shows encroachment on Real Property or that improvements located on Real Property encroach on setback lines, easements, lands of others or violate any restrictions, Contract covenants or applicable governmental regulation, the same shall constitute a title defect.

C. TIME PERIOD: Time is of the essence in this Contract.

D. DOCUMENTS FOR CLOSING: Seller shall furnish the deed, bill of sale, construction lien affidavit, owner's possession affidavit, assignments of leases, tenant and mortgagee estoppel letters and corrective instruments. Buyer shall furnish closing statement.

E. EXPENSES: Documentary stamps on the deed, if required, and recording of corrective instruments shall be paid by Seller. Buyer will pay for the cost of recording the deed.

F. PRORATIONS; CREDITS: Taxes, assessments, rent, interest, insurance and other expenses and revenue of Property shall be prorated through day before closing. Buyer shall have the option of taking over any existing policies of insurance, if assumable, in which event premiums shall be prorated. Cash at closing shall be increased or decreased as may be required by prorations. Prorations will be made through day prior to occupancy if occupancy occurs before closing. Advance rent and security deposits will be credited to Buyer and escrow deposits held by mortgagee will be credited to Seller. Taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount, homestead and other exemptions. If closing occurs at a date when the current year's millage is not fixed and current year's assessment is available, taxes will be prorated based upon such assessment and the prior year's millage. If current year's assessment is not available, then taxes will be prorated on the prior year's tax. If there are completed improvements on the Real Property by January 1st of year of closing, which improvements were not in existence on January 1st of the prior year, then taxes shall be prorated based upon the prior year's millage and at an equitable assessment to be agreed upon between the parties, failing which, request will be made to the County Property Appraiser for an informal assessment taking into consideration available exemptions. Any tax proration based on an estimate shall, at request of either Buyer or Seller, be subsequently readjusted upon receipt of tax bill on condition that a statement to that effect is in the closing statement.

G. SPECIAL ASSESSMENT LIENS: Certified, confirmed and ratified special assessment liens as of date of closing (not as of Effective Date) are to be paid by Seller. Pending liens as of date of closing shall be assumed by Buyer. If the improvement has been substantially completed as of Effective Date, any pending lien shall be considered certified, confirmed or ratified and Seller shall, at closing, be charged an amount equal to the last estimate of assessment for the improvement by the public body.

H. PROCEEDS OF SALE; CLOSING PROCEDURE: The deed shall be recorded upon clearance of funds. If abstract of title has been furnished, evidence of title shall be continued at Buyer's expense to show title in Buyer, without any encumbrances or change which would render Seller's title unmarketable from the date of the last evidence. Proceeds of the sale shall be held in escrow by Seller's attorney or by another mutually acceptable escrow agent for a period of not more than 5 days after closing date. If Seller's title is rendered unmarketable, through no fault of Buyer, Buyer shall, within the 5-day period, notify Seller in writing of the defect and Seller shall have 30 days from date of receipt of such notification to cure the defect. If Seller fails to timely cure the defect, all deposit(s) and closing funds shall, upon written demand by Buyer and within 5 days after demand, be returned to Buyer and, simultaneously with such repayment, Buyer shall return the Personal Property, vacate the Real Property and reconvey the Property to Seller by special warranty deed and bill of sale. If Buyer fails to make timely demand for refund, Buyer shall take title as is, waiving all rights against Seller as to any intervening defect except as may be available to Buyer by virtue of warranties contained in the deed or bill of sale. The escrow and closing procedure required by this Standard shall be waived if title agent insures adverse matters pursuant to Section 627.7841, F.S. (1993), as amended.

I. FAILURE OF PERFORMANCE: If Buyer fails to perform this Contract within the time specified, including payment of all deposit(s), the deposit(s) paid by Buyer and deposit(s) agreed to be paid, may be retained by or for the account of Seller as agreed upon liquidated damages, consideration for the execution of this Contract and in full settlement of any claims; whereupon, Buyer and Seller shall be relieved of all obligations under this Contract. If for any reason other than failure of Seller to make Seller's title marketable after diligent effort, Seller fails, neglects or refuses to perform this Contract, the Buyer may seek specific performance or elect to receive the return of Buyer's deposit(s) without thereby waiving any action for damages resulting from Seller's breach. In the event of any litigation arising out of this contract, each party shall bear its own attorney's fees and costs. The parties hereby agree to waive trial by jury.

J. CONVEYANCE: Seller shall convey title to the Real Property by County's deed.

K. OTHER AGREEMENTS: No prior or present agreements or representations shall be binding upon Buyer or Seller unless included in this Contract. No modification to or change in this Contract shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

L. TIME OF ESSENCE: TIME IS OF THE ESSENCE OF THIS AGREEMENT AND THIS TRANSACTION. THE EXPIRATION OF ANY PERIOD OF TIME PRESCRIBED IN THIS AGREEMENT SHALL OCCUR AT 5:00 P.M. OF THE LAST DAY OF THE PERIOD. SHOULD ANY PERIOD OF TIME SPECIFIED HEREIN END ON A SATURDAY, SUNDAY OR LEGAL HOLIDAY (RECOGNIZED IN FORT LAUDERDALE, FLORIDA), THE PERIOD OF TIME SHALL AUTOMATICALLY BE EXTENDED TO 5:00 P.M. OF THE NEXT FULL BUSINESS DAY.

ADDENDUM TO CONTRACT FOR SALE AND PURCHASE

1. BUYER agrees to abide by all covenants and restrictions existing on the Spaceport Commerce Park in the Official Records Book (ORB) of Brevard County, Florida, including but not limited to those at ORB 2460, page 2995-3008; ORB 2508, Page 2917; ORB 6395, Page 2380, and Plat Book 32, Page 74.
2. Radon. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.
3. Assignment: BUYER shall have no right to assign this Agreement without SELLER'S prior written consent thereto, which consent may be granted or withheld in SELLER'S sole discretion; provided, however, BUYER shall be permitted to assign this Agreement to any entity wholly owned or controlled by BUYER without SELLER'S prior written consent, provided, however, that (i) BUYER provides prompt written notice to SELLER of any such assignment and (ii) BUYER'S assignee agrees to make such representations and warranties as to entity status and authorization as may reasonably be requested by SELLER or required by Title Company. Any such permitted assignment by BUYER shall not relieve BUYER of any of its obligations under this Agreement whether such obligations are incurred before or after Closing. This Agreement and all the terms and conditions hereof shall be binding upon and shall inure to the benefit of the parties and their respective successors and permitted assigns.
4. Contingent: This real estate contract is contingent upon reimbursement of the economic incentive described in paragraph 3 of the termination agreement between Embraer and Brevard County.

Deborah,

Embraer is overnighting the signed originals. Once we get them, assuming the changes get approved on the consent agenda tomorrow, we will need the Chair/Clerk to sign them.

Depending on when the documents arrive, I might even have them before the end of the meeting ... 😊

Also, the resolution from the first board action is still good, so I don't need another one.

Sincerely,

Christi

7. ASSIGNMENT, BINDING EFFECTS, AND RELEASE

- 7.1** This Agreement may not be assigned by COMPANY to any other legal entity or person without the prior written consent of the DISTRICT and COUNTY and only upon satisfactory terms providing for the completion of the Project. Notwithstanding the foregoing, the COMPANY shall have no right to assign the Purchase Agreement without COUNTY's written consent, which consent may be granted or withheld in COUNTY's sole discretion; provided, however, Embraer Aero Seating Technologies, LLC (hereinafter "Embraer Seating") shall be permitted to assign this Agreement to any entity wholly owned or controlled by Embraer Seating without COUNTY's prior written consent, provided, however, that (i) Embraer Seating provides prompt written notice to DISTRICT and COUNTY of any such assignment and (ii) Embraer Seating's assignee agrees to make such representations and warranties as to entity status and authorization as may reasonably be requested by DISTRICT and COUNTY or required by Title Company. Any such permitted assignment by Embraer Seating shall not relieve of any of its obligations under the Purchase Agreement, whether such obligations are incurred before or after Closing.
- 7.2** This Agreement shall be binding upon the successors and assigns of the Parties to the extent such assignment has been consented to by COUNTY.
- 7.3** Except for the purpose of enforcing the terms of this Agreement and any ancillary agreement, each Party, its predecessors, successors, parents, subsidiaries, and affiliated and/or related companies, and each of their respective present, former, and future officers, directors, employees, representative, joint ventures, partners, agents, business entities, attorneys, administrators, and assignors or assignees shall refrain and forbear forever from, directly or indirectly, commencing, instituting, prosecuting, or filing any Claim or demand in connection with, or on its own, any lawsuit, action, or proceeding against the other Party in connection with this Agreement; the economic incentive agreement, dated December 14,

4. SALE OF PARCEL 1. Upon the reimbursement of the Incentive Funds to the DISTRICT, the Parties agree to execute a contract (the "Purchase Agreement") substantially in the form of Attachment C for sale and purchase of Parcel 1 in fee simple to Embraer Aero Seating Technologies, LLC for the sum of three-hundred and seventy-five thousand dollars and zero cents (\$375,000.00), subject to the restrictions and recorded covenants at Attachment "B". Additionally, the purchase price will be adjusted for additional acreage based upon a per acre price of \$25,000.00 acre, based upon a survey of the exact parcel to be conveyed which includes an adjustment of the boundary lines in Exhibit "A" to accommodate a 15 foot easement for drainage and utilities along all side and rear property lines, as required by Enterprise Park Plat, Plat Book 32, Page 74. The executed Purchase Agreement is attached and incorporated to this agreement as Attachment C. The real estate closing will occur within ninety (90) days of the execution of Exhibit C or such later time as the Parties agree in writing to address and accommodate inter alia title search, title commitments, land surveys or as may be deemed necessary for closing. Upon the transfer of fee simple ownership and receipt of funds, the Parties agree that the ground lease and Incentive Agreement is terminated.

5. ATTORNEY FEES AND EXPENSES

Should either Party prosecute any action in connection with this Agreement for collection of payments due under this Agreement or the enforcement of performance or observance of any obligation or agreement herein contained, each party shall bear its own attorney's fees and costs, including expert witness fees, if any. Both parties agree to waive any right to jury trial.

6. NOTICES AND ADMINISTRATORS

- 6.1** All notices required or permitted under this Agreement and any written consents or approvals required hereunder shall be in writing and are in effect upon receipt. Notices shall be transmitted either by personal hand delivery; United States Postal Service (USPS), certified mail return receipt requested; or, overnight express mail delivery. E-mail and facsimile transmission may be used if the notice is also transmitted by one of the preceding forms of delivery. The addresses set forth below for the respective Parties shall be the places where notices shall be sent, unless prior written notice of change of address is given.
- 6.2** The Parties' designated representatives and their respective addresses for purposes of this Agreement are as follows:

Embraer Aero Seating Technologies, LLC
c/o Corporate Creations Network Inc.

WHEREAS, the ground lease gives the COMPANY the right and option to purchase the leased 15 acre ground (hereinafter referred to as Parcel 1) at any time during the initial lease term for the sum of \$375,000.00, and

WHEREAS, the ground lease states that upon receipt of the payment, the COUNTY shall deliver to the COMPANY title to the property that is free and clear of any encumbrance, except those restrictive covenants described in the ground lease agreement at exhibit D; and

WHEREAS, the ground lease also gives the COMPANY the right of first refusal to purchase a contiguous tract of land in the Spaceport Commerce Park, described as Parcel 2 on the attached site plan, for the sum of \$125,000.00; and

WHEREAS, the COMPANY desires to reimburse the DISTRICT for 100% of the grant funds paid to the COMPANY and to purchase Parcel 1; and

WHEREAS, the sale of Parcel 1 promotes industrial development and the DISTRICT and the COUNTY are amenable to this resolution of the relationship; and

WHEREAS, the Company intends to maintain its current functions at its site located in the North Brevard Economic Development Zone which includes all of Embraer's United States seat manufacturing operations.

NOW, THEREFORE, in consideration of the mutual promises and agreements contained within this document, and other valuable and good consideration, the DISTRICT, COUNTY and the COMPANY agree as follows:

- 1. RECITALS.** The above recitals are true and correct and are incorporated to this Agreement.
- 2. EFFECTIVE DATE.** This Agreement is effective on the date all parties sign this Agreement (the "Effective Date").
- 3. REIMBURSEMENT OF ECONOMIC INCENTIVE.** Upon the Effective Date, the Parties agree that the COMPANY will no longer be entitled to an economic incentive under that certain economic incentive agreement dated December 14, 2015 (the "Incentive Agreement"). The COMPANY agrees to reimburse the DISTRICT all funds received from the DISTRICT for a total of one million six hundred and fifty thousand dollars and zero cents (\$1.65 million) (the "Incentive Funds") to an account specified by the DISTRICT. The Parties agree that upon receipt of the funds the Parties shall execute Attachment C, and thereafter ~~the Incentive Agreement will be terminated, and~~ (1) the COMPANY's right of first refusal as to Parcel 2 shall be waived and terminated, (2) and the portion of the incentive agreement providing COMPANY a right to receive a grant of any amount is terminated.

**NORTH BREVARD DEVELOPMENT DISTRICT
PROJECT EAGLE TERMINATION AGREEMENT**

THIS TERMINATION AGREEMENT (The "Agreement") as of the effective date, is made by and between the following Parties: the NORTH BREVARD DEVELOPMENT DISTRICT (hereinafter called the "DISTRICT"), a dependent special district created by the Brevard County Board of County Commissioners, pursuant to section 125.045, Florida Statutes and Brevard County Ordinance No. 2011-16 and Ordinance No. 2011-18; BREVARD COUNTY, a political subdivision of the State of Florida, in its own name (hereinafter called the "COUNTY"); and EMBRAER AIRCRAFT HOLDING, INC. and EMBRAER AERO SEATING TECHNOLOGIES, LLC, a Delaware limited liability company (together hereinafter referred to as the "COMPANY"). Hereinafter DISTRICT, COUNTY, and COMPANY may be referred to individually as Party or collectively as Parties.

RECITALS

WHEREAS, Brevard County, Florida, a political subdivision of the State of Florida, 2725 Judge Fran Jamieson Way, Viera, Florida, 32940, hereafter known as the COUNTY, owns certain real property described as Parcel 1 and Parcel 2 preliminarily described and depicted at Exhibit A; and

WHEREAS, pursuant to chapter 82-264, Laws of Florida, for the purpose of industrial development, Brevard County is authorized to sell or otherwise dispose of county owned property within specific boundaries of the Gateway Center Industrial Park (now SpacePort Commerce Park) by private sale without compliance with section 125.38, Florida Statutes; and

WHEREAS, the property described above is located within specific boundaries of the Gateway Center Industrial Park (now SpacePort Commerce Park) and the sale promotes industrial development; and

WHEREAS, the DISTRICT and the COMPANY entered into an economic incentive agreement dated December 14, 2015 to provide grant funds for up to \$2,500,000 as reimbursement for constructing a 50,000 square foot manufacturing facility in the Brevard County-owned Spaceport Commerce Park in Titusville; and

WHEREAS, the DISTRICT and the COMPANY also entered into a ground lease agreement dated December 14, 2015 to lease 15 acres of land within the Spaceport Commerce Park in Titusville through December 31, 2025; and

WHEREAS, the COMPANY did construct and currently operates a 50,000 square foot manufacturing facility on the site, and

2015; and the ground lease agreement, dated December 14, 2015.

8. GOVERNING LAW, VENUE AND WAIVER OF REMOVAL TO FEDERAL COURT, SERVICE OF PROCESS, REMEDY FOR UNLAWFUL PAYMENTS

8.1 This Agreement shall be governed by, interpreted and construed in accordance with the laws of the State of Florida. Venue in any litigation arising out of this agreement shall be Brevard County, Florida in the state court with jurisdiction. COMPANY consents and waives any objection or defenses relating to Florida state court having jurisdiction over any dispute or claim arising out of this agreement and consents to process being served upon its Florida registered agent. COMPANY expressly waives removal of any claim or action arising under this agreement to federal court.

8.2 COMPANY agrees that any public expenditure found to be unlawful by a court of competent jurisdiction shall be reimbursed to the DISTRICT.

9. MODIFICATION

This Agreement may not be changed or modified except by written instrument signed by all of Parties.

10. FURTHER ASSURANCES

Each Party, without further consideration, shall take such action, execute and deliver such documents as the other may reasonably request to correct or effectuate the purpose of this Agreement.

11. RELATIONSHIP OF THE PARTIES

Nothing in this Agreement, nor any act of the Parties, shall be deemed or construed by the Parties hereto or by any third party to create a relationship of principal and agent, partnership, joint venture or of any similar association whatsoever between COMPANY and DISTRICT.

12. PROMOTION OF ECONOMIC INCENTIVES

As to those matters not covered by a lawful confidentiality agreement, with the consent of the COMPANY, the DISTRICT may issue news releases, public announcements, advertisements, or other forms of publicity concerning its efforts in connection with this Agreement.

13. PUBLIC RECORDS DISCLOSURES

13.1 The COMPANY agrees and understands that Florida has broad public disclosure laws, and that any written communications with the COMPANY, to

include emails, email addresses, a copy of this contract, and any supporting documentation are subject to public disclosure upon request, unless otherwise exempt or confidential under Florida Statute.

Public records are defined as all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency. In this case, the portion of the COMPANY's records relating to the acceptance and use of the DISTRICT's economic incentive grant are public records that may be subject to production upon request. The COMPANY agrees to keep and maintain these public records until completion of the contract.

Upon a request for public records related to this Agreement, the COMPANY will forward any such request to the DISTRICT. The DISTRICT will respond to any public records request. Upon request, the COMPANY will provide access or electronic copies of any pertinent public records to the DISTRICT within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes. Upon completion of the contract, COMPANY will transfer, at no cost, to the DISTRICT, any public records in its possession.

IF THE COMPANY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE COMPANY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE DISTRICT, MR. TROY POST, TROY.POST@BREVARDFL.GOV, 400 SOUTH STREET, TITUSVILLE, FLORIDA 32780.

13.2 The COMPANY agrees and acknowledges that the BREVARD COUNTY will consider all documentation the DISTRICT submits to support payment of this grant to the COMPANY to be subject to public records disclosure. If COMPANY has a specific concern that any portion of the documentation supporting payment should be redacted under a confidentiality agreement, under section 288.075, Florida Statutes, or under Chapter 119, Florida Statutes, the COMPANY should address that concern with the DISTRICT prior to submission for payment.

14. REPRESENTATIONS AND WARRANTIES.

COMPANY represents that it is possessed with all requisite lawful authority to enter into this Agreement, and the individual executing this Agreement is possessed with the authority to so sign and bind COMPANY; COUNTY stipulates that it is contractually and lawfully permitted to enter into this Agreement.

15. SEVERABILITY

If any provision of this Agreement shall be held to be invalid, illegal or unenforceable by a court or other tribunal of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. The Parties shall use their best efforts to rehabilitate and replace the unenforceable provision or provisions of this Agreement with lawful terms and conditions approximating the original intent of the Parties.

16. ENTIRE AGREEMENT, CONSTRUCTION, AND DUPLICATE AGREEMENTS

This Agreement contains the entire understanding of the Parties. This Agreement is executed in duplicate originals. The parties acknowledge that they fully reviewed this Agreement and had the opportunity to consult with legal counsel of their choice, and that this Agreement shall not be construed against any party as if they were the drafter of the Agreement.

17. COUNTERPARTS AND AUTHORITY. This Agreement may be executed in counterparts all of which, taken together, shall constitute one and the same Agreement. Each party represents that the person signing on its behalf has been fully authorized by all required action to sign on behalf of and to bind that party to the obligations stated herein.

(Signature Page Follows)

IN WITNESS WHEREOF, the DISTRICT, COUNTY and the COMPANY have caused this agreement to be executed and delivered by their duly authorized representatives.

Re: Phase I Environmental Site Assessment on the Spaceport Commerce Park Project Site
Tax Parcel 23-35-04-NN-0000D.0-0000.00
Armstrong Drive, Titusville, Florida
AES File No. 14152

Dear Mr. Post:

Atlantic Environmental Solutions, Inc. (AES) has completed a Phase I Environmental Site Assessment (ESA) in accordance with the American Society of Testing and Materials (ASTM) E1527-05 guidelines for the above-referenced property. The property is located on the northwest side of Armstrong Drive and includes tax parcel 23-35-04-NN-0000D.0-0000.00 in Titusville, Florida. **Our research leads us to the conclusion that the subject property does not contain Recognized Environmental Conditions. No additional testing or environmental evaluation is recommended.** This report is certified to the North Brevard Economic Development Zone, as well as their agents, successors, and assigns, all of whom are entitled to rely on the contents, findings, and conclusions therein.

Please note that three 5-gallon containers of what appeared to be a petroleum product were located on-site on the well-defined dirt pathway within the northeastern portion of the subject site, approximately 125 feet west of Armstrong Drive. These containers were tightly sealed and no evidence of a past or present release of hazardous substances was located, nor did AES interpret the presence of these containers as a material threat of a release of any hazardous substances or petroleum products into the ground, groundwater, or surface water of the subject site. AES recommends removing these containers and properly disposing of their contents at your earliest convenience.

Sincerely,

Jon H. Shepherd, MS
President/Ecologist

Dist: Mr. Rodney Honeycutt, PE - Honeycutt & Associates, Inc.

1.0. EXECUTIVE SUMMARY

Atlantic Environmental Solutions, Inc. (AES) has conducted a Phase I Environmental Site Assessment (ESA) of the property identified as the Spaceport Commerce Park Project Site and consists tax parcel 23-35-04-NN-0000D.0-0000.00 in Titusville, Florida. The subject site, hereinafter referred to as the "Property" or "Site", encompasses approximately 38.57 acres and is located on the northwest side of Armstrong Drive (Figure 1). The primary purpose of this assessment is to evaluate the Property and surrounding properties to identify Recognized Environmental Conditions (REC's) associated with past or present uses of the Property and adjacent properties. As defined by the American Society for Testing and Materials (ASTM) standard E1527-05, a Recognized Environmental Condition is "the presence or likely presence of any hazardous substances or petroleum products on a property under conditions that indicate an existing release, a past release, or a material threat of a release of any hazardous substances or petroleum products into structures on the Property or into the ground, groundwater, or surface water of the Property. The term is not intended to include *de minimis* conditions that generally do not present a threat to human health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. Conditions determined to be *de minimis* are not recognized environmental conditions."

As required by the ASTM Standard Practice for Environmental Site Assessments (E-1527-05), AES has assessed past and present uses of the Property through review of historical aerials, research of federal and state and local environmental record sources, interviews of site representatives, and site reconnaissance. Environmental Data Resources, Inc. (EDR) provided information for this report in the form of an ASTM radius assessment of all federally and state listed potentially contaminated facilities in the vicinity of the Property.

Analyzed data obtained from review of all available information indicates that, within the limitations of this assessment, the subject property does not contain Recognized Environmental Conditions. No additional evaluation or testing is considered necessary for the Property.

2.0. INTRODUCTION

2.1. Purpose

The primary purpose of this assessment is to evaluate the Property and surrounding properties to identify any potential REC's associated with past or present uses of the Property and neighboring properties. This assessment was conducted following the ASTM E1527-05 Standard Practice for Environmental Site Assessment Guidelines, which includes the identification of potential off-site contaminant sources within the minimum search radii set forth in ASTM method E1527-05.

2.2. Detailed Scope of Services

The contracted scope of services consisted of the completion of a Phase I ESA of the Property, conducted in accordance with the requirements set forth in ASTM E1527-05. The contracted scope of services did not include an evaluation of lead-based paints, lead in drinking water, asbestos containing building materials, cultural or ecological resources, high voltage power lines, vapor intrusion, mold, or radon potential.

2.3 Significant Assumptions

In the preparation of this document, AES has relied on information provided by a variety of sources, including historical aerial photographs, title search data, federal and state regulatory databases, EDR Inc., and statements made by interviewees. This information has collectively been compiled and assimilated into this document under the operating assumption that it is reliable, true, and correct, and free of intentional alteration, distortion, or omission.

2.4. Limitations and Exceptions

This Phase I investigation was performed in sufficient detail and scope to determine the general observable environmental conditions of the Property which are needed for a Phase I ESA. The findings of this report represent AES' professional judgment; no warranty is expressed or implied. This evaluation has been performed to provide information regarding apparent indications of existing or potential REC's on the Property, and is limited to the conditions observed at the time of the site visit and research.

This Phase I ESA was performed in an effort to identify REC's based upon reasonably ascertainable documentation and information. However, environmental conditions may still exist on the Property that were not identifiable through this scope of investigation. The results of this Phase I ESA are not, and cannot, be interpreted as a representation or guarantee that no environmental conditions may exist on, beneath or around the Property. AES can accept no responsibility for interpretations of these data made by other parties.

2.5. Special Terms and Conditions

This assessment was conducted following the ASTM E1527-05 Standard Practice for Environmental Site Assessment Guidelines.

2.6. User Reliance

This assessment was completed as agreed between AES and Mr. Troy Post, the Executive Director of the North Brevard Economic Development Zone. The North Brevard Economic Development Zone, as well as their agents, successors, and assigns, are each entitled to use and rely upon this ESA as if it had originally been prepared and addressed to each of them.

3.0. SITE DESCRIPTION

3.1. Location and Legal Description

The Property includes tax parcel 23-35-04-NN-0000D.0-0000.00, an approximately 38.57 acre parcel of land located on the northwest side of Armstrong Drive in Titusville, Florida. The Property is located approximately 700 feet north of the Armstrong Drive - Shepard Drive intersection. At the time of our site inspection, the Property supported densely vegetated uplands and wetlands, as well as several dirt roads that can be accessed by pedestrians or all-terrain vehicles. Fencing was noted on the northeastern edge of the Property, as well as along portions of the northwestern property line. Piles of debris, including lumber, roofing materials, minor amounts of electronics, household items, carpeting, and general construction debris were noted along the dirt pathways within the

Property, primarily along the dirt trail that is located just west of Armstrong Drive in the northern reaches of the Property. Active beehives were also noted within this area of heavy dumping. The Property is bound on the north by undeveloped land and Challenger Memorial Parkway, north of which are single-family homes, on the west by Challenger Memorial Parkway, west of which are single-family homes, on the south by undeveloped land, and on the east by Armstrong Drive, east of which is undeveloped land and a light manufacturing plant. An abbreviated legal description of the Property, taken from the Brevard County Property Appraiser's website, are included as Appendix A. The tax map is included as Figure 2.

3.2. Site and Vicinity Characteristics

At the time of our site inspection, the Property supported densely vegetated uplands and wetlands, as well as several dirt roads that can be accessed by pedestrians or all-terrain vehicles. Fencing was noted on the northeastern edge of the Property, as well as along portions of the northwestern property line. Piles of debris, including lumber, roofing materials, minor amounts of electronics, household items, carpeting, and general construction debris were noted along the dirt pathways within the Property, primarily along the dirt trail that is located just west of Armstrong Drive in the northern reaches of the Property. Active beehives were also noted within this area of heavy dumping. Three separate, although placed near one another, five gallon plastic containers of what appeared to be a petroleum product were along this dirt trail, approximately 125 feet west of Armstrong Drive. These containers were securely closed. The labels had been taking off the containers. Photographs depicting the current condition of the Property are provided in Appendix B.

The Property is bound on the north by undeveloped land and Challenger Memorial Parkway, north of which are single-family homes, on the west by Challenger Memorial Parkway, west of which are single-family homes, on the south by undeveloped land, and on the east by Armstrong Drive, east of which is undeveloped land and a light manufacturing plant. Figure 3, the 2014 aerial photograph of the Property, depicts the Property and its surroundings and depicts conditions at the Property similar to the conditions present at the time of our site inspection (December 3, 2014).

3.3. Current Use of the Property

Currently, the Property appears to be used for passive recreation and to house a number of beehives.

3.4. Descriptions of Structures, Roads, Other Improvements on the Property

The Property supported several dirt roads that can be accessed by pedestrians or all-terrain vehicles. Areas of fencing were noted on the northern and western property lines.

3.5. Current Uses of the Adjoining Properties

The Property is bound on the north by undeveloped land and Challenger Memorial Parkway, north of which are single-family homes, on the west by Challenger Memorial Parkway, west of which are single-family homes, on the south by undeveloped land, and on the east by Armstrong Drive, east of which is undeveloped land and a light

manufacturing plant.

4.0 **USER PROVIDED INFORMATION**

4.1. Title Records

AES was able to identify all obvious uses of the Property through historical aerial research back to 1943. Therefore, obtaining title records was not needed nor was judged to be useful in our research.

4.2. Environmental Liens or Activity and Use Limitations

No environmental liens were found to exist on the Property, as evidenced by the interviews (see Section 7.0 of this report). No Activity and Use Limitations (AUL's), Engineering Controls (EC's; physical restrictions, such as capping, slurry walls, or point of use water treatment), or Institutional Controls (IC's; legal limitations, such as deed restrictions or restrictive covenants, easements, or zoning), as defined by the standard, were found to exist on the site. The User is not aware of any AUL's that are in place at the Site and/or have been filed or recorded in a registry under federal, tribal, state or local law (see Appendix C).

4.3. Specialized Knowledge

The User has no specialized knowledge or experience related to historic or current land uses and activities on the Property or nearby properties (see Appendix C).

4.4. Commonly Known or Reasonably Ascertainable Information

The User and AES are not aware of any commonly known information regarding past or current chemical use, presence, discharge, or cleanup at the Site, nor do any obvious indicators that point to the presence or likely presence of contamination exist at the Property (see Appendix C).

4.5. Valuation Reduction for Environmental Issues

The User states that the purchase price being paid for this Property reasonably reflects its fair market value (see Appendix C). There is thus no indication that the Property value has been reduced as a result of environmental issues.

4.6. Owner, Property Manager, and Occupant Information

According to the Brevard County Property Appraiser's website and the attached questionnaire, the current owner of the Property is Brevard County. There is no formal Site Manager for the Property. No Occupants currently occupy the Property.

4.7. Reason for Performing Phase I

This Phase I has been requested by Mr. Troy Post, the Executive Director of the North Brevard Economic Development Zone, for the benefit of future potential buyers and to ensure no hazardous waste issues are apparent on the Property (see Appendix C).

4.8. Other

The Property is located within Enterprise Park.

5.0 RECORDS REVIEW

5.1. Standard Environmental Record Sources

AES reviewed regulatory sources to locate information pertaining to the release of hazardous substances on or near the Property. To meet the ASTM requirements for a Government Records/Historic Sources Inquiry, AES contracted Environmental Data Resources, Inc. (EDR) to conduct a search of Federal and State regulatory database records using a coded geographic information system. For a listing of EDR's researched search distances, see the Map Findings Summary of the updated EDR report (Appendix D).

Figure 4 is an EDR computer-generated map that identifies the registered sites located within the required search radii. EDR's complete report is attached as Appendix D. Three addresses (see EDR's report) were identified by EDR within the search radii. No additional sites were found by AES during our field reconnaissance.

The identified sites (listed on Page 5 of EDR's Executive Summary and/or shown on EDR's Overview Map and Detail Map) are listed under one or more of the following databases: the Resource Conservation and Recovery Act Correction Action Activity (RCRA-CORRACTS) list, the Aboveground Storage Tank (AST) list, or the Brownfields list. Please note that the EDR report erroneously lists the Property as 1500 Armstrong Drive, a facility that is actually over 1,100 feet east of the Property. For a description of these databases, see the EDR report (Appendix D).

The EDR report outlines the basic compliance, discharge, assessment, cleanup, and regulatory assessment data for each of these facilities. AES conducted additional research of the facilities by reviewing files possessed on the Oculus website, which allows a user to download individual documents pertaining to the discovery, evaluation, regulation, and cleanup of petroleum product contamination at identified facilities. Based on our review of the EDR database report and review of the documents available on the Oculus website, we have determined that none of the listed facilities pose a recognizable risk of REC's to the Property, for one or more of the following reasons: remoteness from the Property; no recorded evidence of facility contamination; contamination recorded but successfully remediated; or contamination recorded but minor in scope and contained on-site or a sufficient distance away from the Property.

5.2. Additional Environmental Record Sources

No additional environmental record sources were researched for this report.

5.3. Physical Setting Sources

The United States Geological Survey (USGS) topographic quadrangle map (Titusville, Florida Quadrangle) provides information on topography and land uses for the Property and vicinity. A portion of this quadrangle map is depicted on Figure 5. This map suggests that no structures have existed on the Property. However, several on-site dirt trails are represented on this figure

As an additional physical setting source, the U.S. Department of Agriculture's Natural Resources Conservation Service (NRCS) maps for Brevard County were reviewed. This

document provides information on soil types and their characteristics. Figure 6 is a copy of the NRCS map depicting the soil types underlying the Property. The soil types underlying the Property, as mapped by NRCS, are Anclote sand, depressional, Myakka sand, Pomello sand, Pompano sand, St. Johns sand, depressional, and St. Lucie fine sand, 5 to 12 percent slopes. A description of these soil types are below.

Anclote sand, depressional (2)

The Anclote, depressional component makes up 85 percent of the map unit. This component is on depressions on marine terraces on coastal plains. The parent material consists of sandy marine deposits. The natural drainage class is very poorly drained. This soil is not flooded. It is frequently ponded. A seasonal zone of water saturation is at 0 inches during January, February, March, June, July, August, September, October, November, December. This soil meets hydric criteria.

Myakka sand (36)

The Myakka component makes up 85 percent of the map unit. This component is on flats on marine terraces on coastal plains. The parent material consists of sandy marine deposits. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is poorly drained. Water movement in the most restrictive layer is moderately high. This soil is not flooded or ponded. A seasonal zone of water saturation is at 12 inches during June, July, August, September. This soil does not meet hydric criteria.

Pomello sand (49)

The Pomello component makes up 90 percent of the map unit. This component is on rises on marine terraces on coastal plains. The parent material consists of sandy marine deposits. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is moderately well drained. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 33 inches during July, August, September, October, November.

Pompano Sand (51)

The Pompano component makes up 90 percent of the map unit. This component is on flats on marine terraces on coastal plains. The parent material consists of sandy marine deposits. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is poorly drained. Water movement in the most restrictive layer is very high. This soil is not flooded or ponded. A seasonal zone of water saturation is at 6 inches during June, July, August, September, and October. This soil meets hydric criteria.

St. Johns sand, depressional (55)

The St. Johns component makes up 90 percent of the map unit. This component is on depressions on marine terraces on coastal plains. The parent material consists of sandy marine deposits. The natural drainage class is very poorly drained. This soil is not flooded. It is frequently ponded. A seasonal zone of water saturation is at 0 inches during January, February, March, June, July, August, September, October, November, December. This soil meets hydric criteria.

St. Lucie fine sand, 5 to 12 percent slopes (57)

The St. Lucie component makes up 85 percent of the map unit. This component is on ridges on marine terraces on coastal plains. The parent material consists of eolian or sandy marine deposits. The natural drainage class is excessively drained. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. This soil does not meet hydric criteria.

5.4. Historical Use Information on the Property

AES' review of the historical uses of the Property is based upon an analysis of historical aerial photographs (discussed below), a review of state and federal environmental records, and a search for historical map information.

Aerial photographs of the Property were reviewed from 1943 (the earliest available) to 2014, and included an assessment of the 1943, 1951, 1969, 1979, 1984, 1995, 1999, 2004, 2005, 2006, 2009, 2012, and 2014 aerial photographs. Figures 3, 7, and 8 of this report are copies of the 2014, 1984, and 1951 (respectively) aerial photographs of the Property. Since the photographing of the 1943 aerial, the only notable alteration to the Property is the creation of several dirt trails that were noted between the 1943 and 1951 aerials. Current Property conditions are relatively the same as what can be seen on the 2014 aerial photograph. No land uses or activities are apparent from the photographic record that is indicative of historic negative environmental conditions.

5.5. Historical Use Information on Adjoining Properties

Current and past uses of adjoining properties were assessed via the site visit and the review of historical aerial photographs as described in section 5.4. Figures 3, 7, and 8 depict the land immediately surrounding the Property in 2014, 1984, and 1951, respectively. Aerials from 1943 through 1969 show the adjoining properties were in their natural state, with the exception of the presence of a large ditch system to the north of the Property and several dirt trails. The 1979 aerial shows the clearing of the roadway to the north of the Property, now known as Challenger Memorial Parkway. The 1984 aerial shows the clearing for the road to the south and east of the Property that is known as Armstrong Drive, as well as the presence of an industrial manufacturing operation north of the Property. Between 1984 and 2008, several small manufacturing businesses that included buildings and parking lots were constructed south and east of the Property. Current conditions are similar to those seen in the 2014 photograph (Figure 3).

According to the aerial photographic record, historic land uses adjacent to the Property within the last 71 years have consisted mainly of undeveloped land, roadways, light manufacturing operations, and one heavy manufacturing operation. The land uses and activities within the vicinity of the Property do not appear to pose a risk of REC's to the Property itself.

6.0 SITE RECONNAISSANCE

6.1. Methodology and Limiting Conditions

AES traversed the Property to inspect for the presence of any indicators of hazardous

substances, hazardous substance containers, storage tanks, solid waste, and any other potential sources of contamination. AES personnel traversed pedestrian transects across the length and width of the Site. We estimate that AES personnel have directly observed approximately 30 percent of the Site within one week prior to writing this report. The only limiting condition affecting our ability to access the Property was the extremely dense vegetation that is located on the Property.

6.2. General Site Setting

The Property includes tax parcel 23-35-04-NN-0000D.0-0000.00, an approximately 38.57 acre parcel of land located on the northwest side of Armstrong Drive in Titusville, Florida. The Property is located approximately 700 feet north of the Armstrong Drive - Shepard Drive intersection. At the time of our site inspection, the Property supported densely vegetated uplands and wetlands, as well as several dirt roads that can be accessed by pedestrians or all-terrain vehicles. Fencing was noted on the northeastern edge of the Property, as well as along portions of the northwestern property line. Piles of debris, including lumber, roofing materials, minor amounts of electronics, household items, carpeting, and general construction debris were noted along the dirt pathways within the Property, primarily along the dirt trail that is located just west of Armstrong Drive in the northern reaches of the Property. Active beehives were also noted within this area of heavy dumping. The Property is bound on the north by undeveloped land and Challenger Memorial Parkway, north of which are single-family homes, on the west by Challenger Memorial Parkway, west of which are single-family homes, on the south by undeveloped land, and on the east by Armstrong Drive, east of which is undeveloped land and a light manufacturing plant. The Property is located within an industrial subdivision.

6.3. Exterior Observations

The Property supported densely vegetated uplands and wetlands, as well as several dirt roads that can be accessed by pedestrians or all-terrain vehicles. Fencing was noted on the northeastern edge of the Property, as well as along portions of the northwestern property line. Piles of debris, including lumber, roofing materials, minor amounts of electronics, household items, carpeting, and general construction debris were noted along the dirt pathways within the Property, primarily along the dirt trail that is located just west of Armstrong Drive in the northern reaches of the Property. Active beehives were also noted within this area of heavy dumping. Three separate, although placed near one another, five gallon plastic containers of what appeared to be a petroleum product were along this dirt trail, approximately 125 feet west of Armstrong Drive. These containers were securely closed. The labels had been taken off the containers. AES examined the Site, paying particular attention to the areas around the heavy dumping and above-mentioned 5-gallon containers, for indicators of hazardous waste (chemical odors, stained soil, stressed vegetation, oily sheen on standing water, etc.), and found none.

No evidence of aboveground storage tanks or underground storage tanks was found on the Property, and no containers of hazardous materials were located. No other conditions of concern were noted on the Property. The field inspection thus encountered no conditions on the site that constitute a REC.

6.4. Interior Observations

The Property supported no structures at the time of our site inspection and therefore no interior observations were possible.

No evidence of aboveground storage tanks or underground storage tanks was found on the Property, and no containers of hazardous materials were located. No labeled or unlabeled drums were found, and no other conditions of concern were noted on the Property. The field inspection thus encountered no conditions on the site that constitute a REC.

7.0. INTERVIEWS

7.1. Interview with Owner

AES conducted an interview with Mr. Troy Post, the Executive Director of the North Brevard Economic Development Zone and a representative of the current Property Owner. Mr. Post stated that the Property has not been used to his knowledge and that he has no knowledge of any hazardous waste storage or contamination that has occurred on the Site.

7.2. Interview with Site Manager

As indicated on the attached questionnaire, no Site Manager currently exists on the Property.

7.3. Interviews with Occupants

No occupants are present on the Property.

7.4. Interviews with Government Officials

AES contacted Ms. Tina Swanson of the Brevard County Natural Resources Management Office. Ms. Swanson has no knowledge of any recorded conditions of hazardous waste concern on the Property, and no records of any buried tanks, landfills, etc. AES also attempted to contact the City of Titusville but our calls were not returned.

7.5. Interviews with Others

Mr. Troy Post, the Executive Director of the North Brevard Economic Development Zone and a representative of the current Property Owner, completed the Phase I ESA User Questionnaire contained in Appendix C.

8.0. FINDINGS

No known or suspect REC's or historical REC's were identified on the Property.

Three 5-gallon containers of what appeared to be a petroleum product were located on-site on the well-defined dirt pathway within the northeastern portion of the subject site, approximately 125 feet west of Armstrong Drive. These containers were tightly sealed and no evidence of a past or present release of hazardous substances was located, nor did AES interpret the presence of these containers as a material threat of a release of any hazardous substances or petroleum products into the ground, groundwater, or surface water of the subject site. AES recommends removing these containers and properly disposing of their contents at your earliest convenience.

75

9.0. OPINION

It is our professional opinion that the subject Property does not contain REC's. No historical information was reviewed to suggest that any land uses or activities have occurred on the Property that would expose the Site to REC's. Surrounding land uses are not associated with REC's or do not appear to be negatively impacting the Property. None of the resources accessed or persons interviewed provided any information to suggest the past or present existence of hazardous materials on the Property. Based on all this information, it remains our professional opinion that the Property does not contain REC's.

10.0. CONCLUSIONS

We have performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-05 of the Property known as tax parcel 23-35-04-NN-0000D.0-0000.00, an approximately 38.57 acre site located on the northwest side of Armstrong Drive in Titusville, Florida. Any exceptions to, or deletions from, this practice are described in Section 11.0 of this report. This assessment has revealed no evidence of Recognized Environmental Conditions in connection with the Property.

11.0 DEVIATIONS

There was one instance during the preparation of this report where a deviation from the ASTM Practice E1527-05 standard occurred. The minimum 5-year time interval between aerials required by the standard is exceeded in five instances, between 1943 and 1951, between 1951 and 1958, between 1958 and 1969, between 1969 and 1979, and between 1984 and 1995. These deviations constitute a data gap in the historical aerial research component of this report. Although a data gap is present, no significant changes are apparent in the photographic record during any of these gaps. As such, the data gap in the historical aerial record does not appear to be significant, and does not alter or cast doubt on the findings and conclusions of this report.

12.0 ADDITIONAL SERVICES

No additional services have been provided.

13.0 REFERENCES

14.0. SIGNATURE OF ENVIRONMENTAL PROFESSIONAL

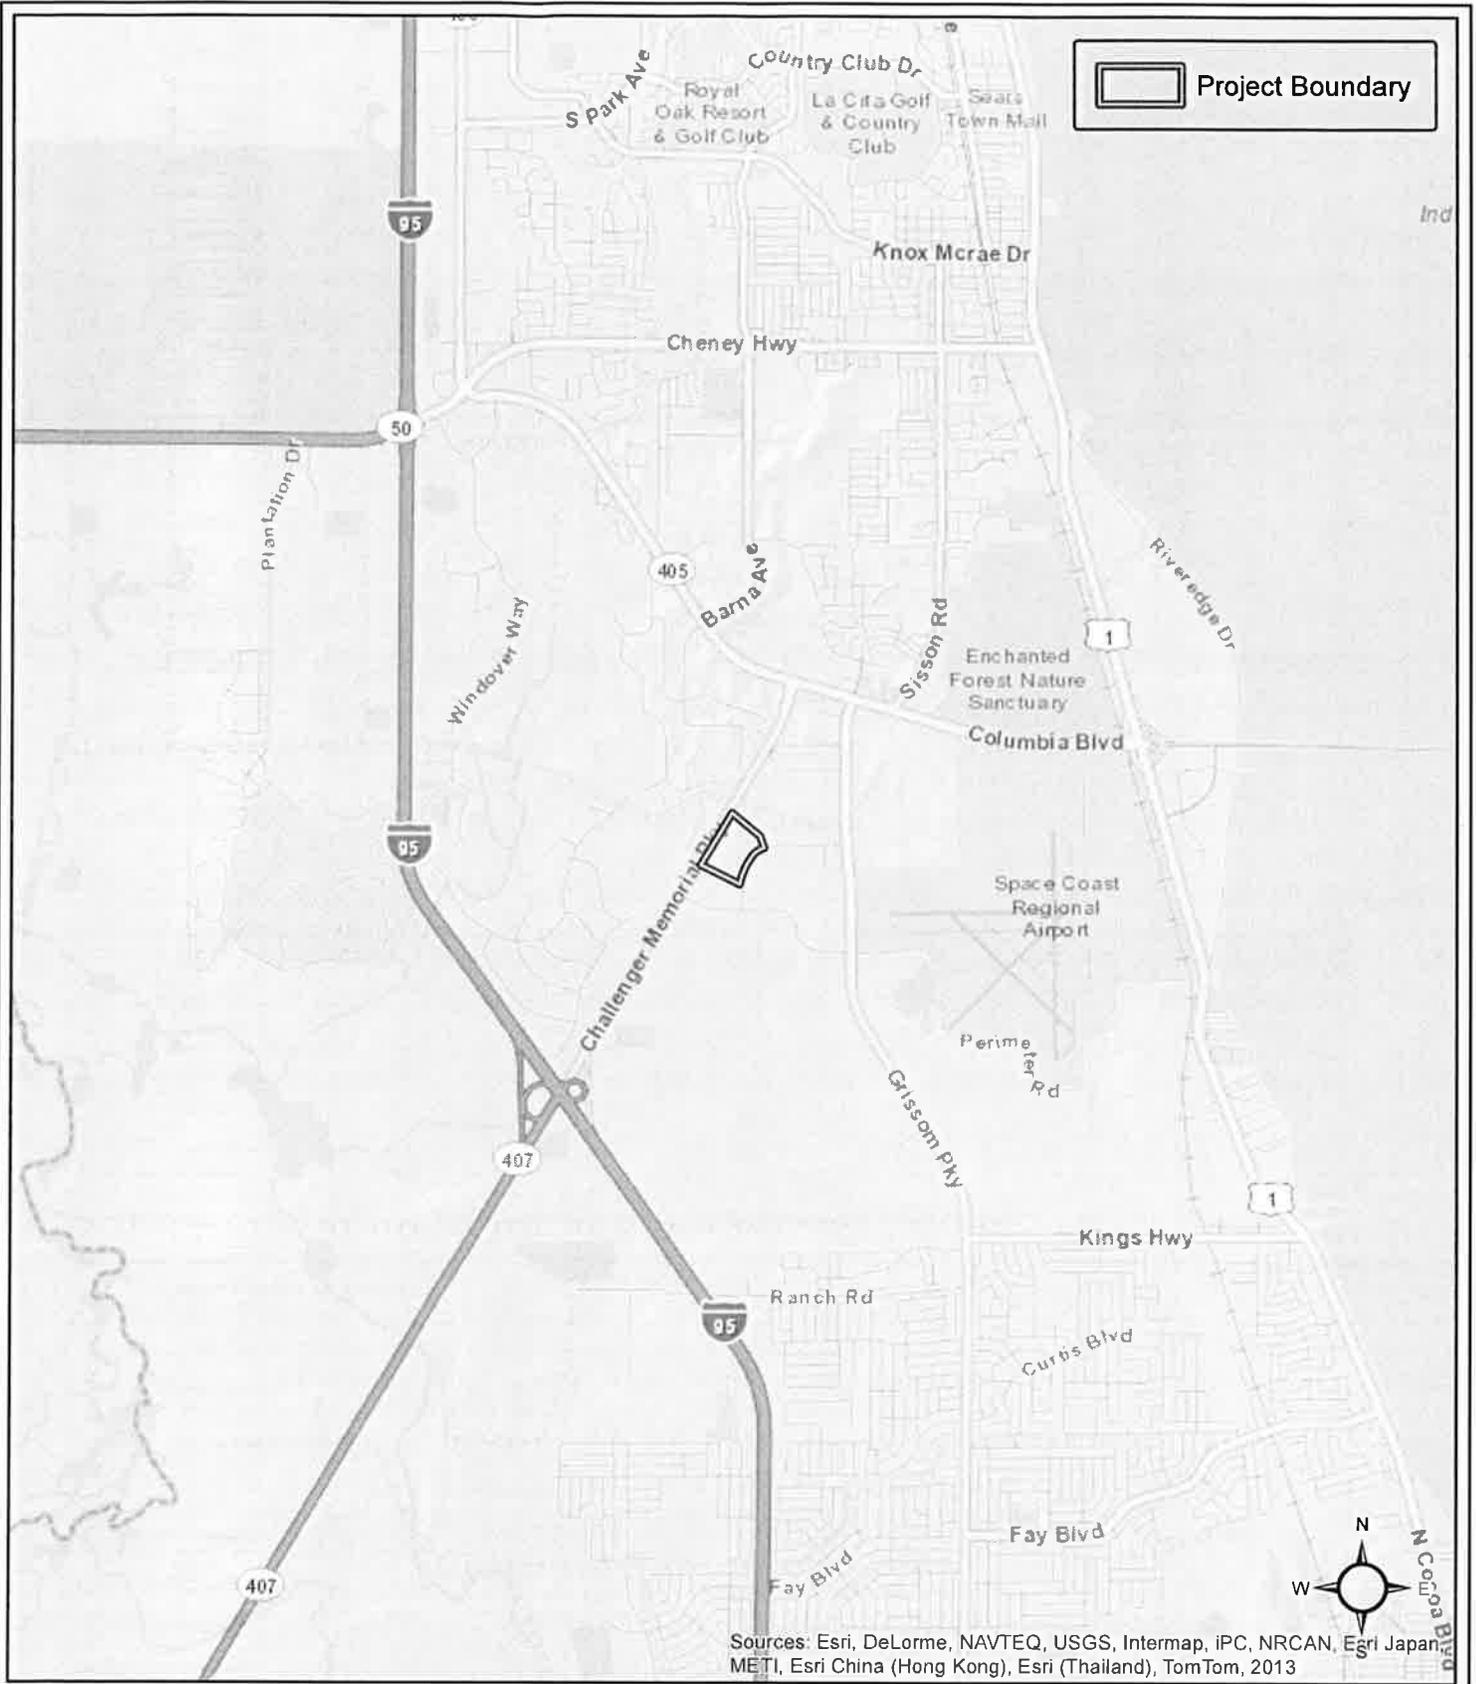

I declare that to the best of my professional knowledge and belief, I meet the definition of Environmental Professional as defined in §312.10 of 40 CFR 312. I have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject property. I have developed and performed all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

Jon H. Shepherd, MS
President/Ecologist

15.0. QUALIFICATION OF ENVIRONMENTAL PROFESSIONAL

Mr. Shepherd obtained his Bachelor of Science degree (Biological Sciences) at Florida State University in 1996 and his Master of Science degree (Ecology) at the Florida Institute of Technology in 2002. He has worked as an environmental professional in the environmental consulting field in central Florida since 1997, and has conducted in excess of 200 Phase I ESA's. He is a member of the National Association of Environmental Professionals and the Florida Association of Environmental Professionals, and has been granted the designation of a Professional Wetland Scientist (PWS 00001400) by the Society of Wetland Scientists. Mr. Shepherd has been trained in state and federal wetland delineation methodologies, prescription burning, hydric soils analysis, conservation lands management, ASTM E-1527 standards, and identification of native vegetation. Additional qualifications and resumes are available upon request.

PHASE I ESA USER QUESTIONNAIRE

In order to qualify for one of the Landowner Liability Protections (LLPs) offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001, the user (client/purchaser) must meet the federal All Appropriate Inquiry (AAI) standards, including the provision of the following information (if available). Failure to provide this information could result in a determination that AAI is not complete, and could therefore result in a failure to meet Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) liability protection requirements. Please provide the following requested information, and return the completed questionnaire to Atlantic Environmental Solutions, Inc. (AES). Please make your responses legible, accurate, and complete. Please note that this completed form will be attached as an appendix to our Phase I report.

1. Environmental cleanup liens that are filed or recorded against the site.

Are you aware of any environmental cleanup liens against the property that are filed or recorded under federal, tribal, state or local law?

There are no environmental cleanup liens.

2. Activity and land use limitations that are in place on the site or that have been filed or recorded in a registry.

Are you aware of any Activity and Use Limitations (AUL's) such as engineered controls (physical cleanup/containment devices, structures, or systems), land use restrictions, or institutional controls (such as deed restrictions, restrictive zoning, or any other legal limitations on the use of a property) that are in place at the site and/or have been filed or recorded in a registry under federal, tribal, state or local law?

This site is part of an industrial subdivision (Spaceport Commerce Park) with recorded covenants. Also, the site is zone Industrial under the city of Titusville code of ordinances.

3. Specialized knowledge or experience of the person seeking to qualify for the LLP.

As the user of this Phase I ESA, do you have any specialized knowledge or experience related to the property or nearby properties? For example, are you involved in the same line of business as the current or former occupants of the property or an adjoining property so that you would have specialized knowledge of the chemicals and processes used by this type of business?

No.

4. Relationship of the purchase price to the fair market value of the property if it were not contaminated.

Does the purchase price being paid for this property reasonably reflect the fair market value of the property? If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the property?

Yes.

5. Commonly known or reasonably ascertainable information about the property.

Are you aware of any commonly known or reasonably ascertainable information about the property that would help AES to identify conditions indicative of the release or threatened release of hazardous materials? For example, as user:

- a) Do you know the past uses of the property?
- b) Do you know of specific chemicals that are present or once were present at the property?
- c) Do you know of spills or other chemical releases that have taken place at the property?
- d) Do you know of any environmental cleanups that have taken place at the property?

No knowledge of any prior use.

6. The degree of obviousness of the presence or likely presence of contamination at the property, and the ability to detect the contamination by appropriate investigation.

As the user of this Phase I ESA, based on your knowledge and experience related to the property, are there any obvious indicators that point to the presence or likely presence of contamination at the property?

No.

In addition, certain information should be collected, if available, and provided to AES to assist in the completion of the Phase I ESA. This information is helpful, but is not necessarily required to qualify for one of the LLPs. The information includes:

- a) The reason why the Phase I is required.

For future potential buyers & for results of phase I study.

- b) The type of property and type of property transaction (e.g., sale, purchase, exchange, etc.)

Sale/lease.

- c) The complete and correct address for the property (a map or other documentation showing property location and boundaries is helpful).

See map previously provided.

- d) The scope of services desired for the Phase I ESA (including whether any parties to the property transaction may have a required standard scope of services or whether any considerations beyond the requirements of Practice E1527-05 are to be considered).

No special scope requested; use you standard scope of services.

- e) Identification of all parties who will rely on the Phase I ESA report.

North Brevard Economic Development Zone & potential buyer.

- f) Contact information for **all** parties who are qualified to comment on existing and past conditions, practices, and land uses on the property. These include (but are not limited to):

Current Owner: *Brevard County
c/o N. Brevard Economic Development Zone
Troy Post, Executive Director
(321)264-6750*

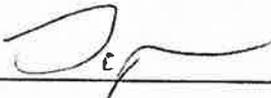

Past Owner(s): ?

Site Manager: None

Occupant(s): None

Others: *None.*

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA CORRACTS facilities list

CORRACTS: CORRACTS is a list of handlers with RCRA Corrective Action Activity. This report shows which nationally-defined corrective action core events have occurred for every handler that has had corrective action activity.

A review of the CORRACTS list, as provided by EDR, and dated 06/10/2014 has revealed that there is 1 CORRACTS site within approximately 1 mile of the target property.

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>
<i>KNIGHT ENTERPRISE LLC</i>	<i>701 COLUMBIA BLVD</i>	<i>ENE 1/2 - 1 (0.822 mi.)</i>	<i>4</i>	<i>19</i>

State and tribal Brownfields sites

BROWNFIELDS: Brownfields are defined by the Florida Department of Environmental Protection (FDEP) as abandoned, idled, or underused industrial and commercial facilities where expansion or redevelopment is complicated by real or perceived environmental contamination.

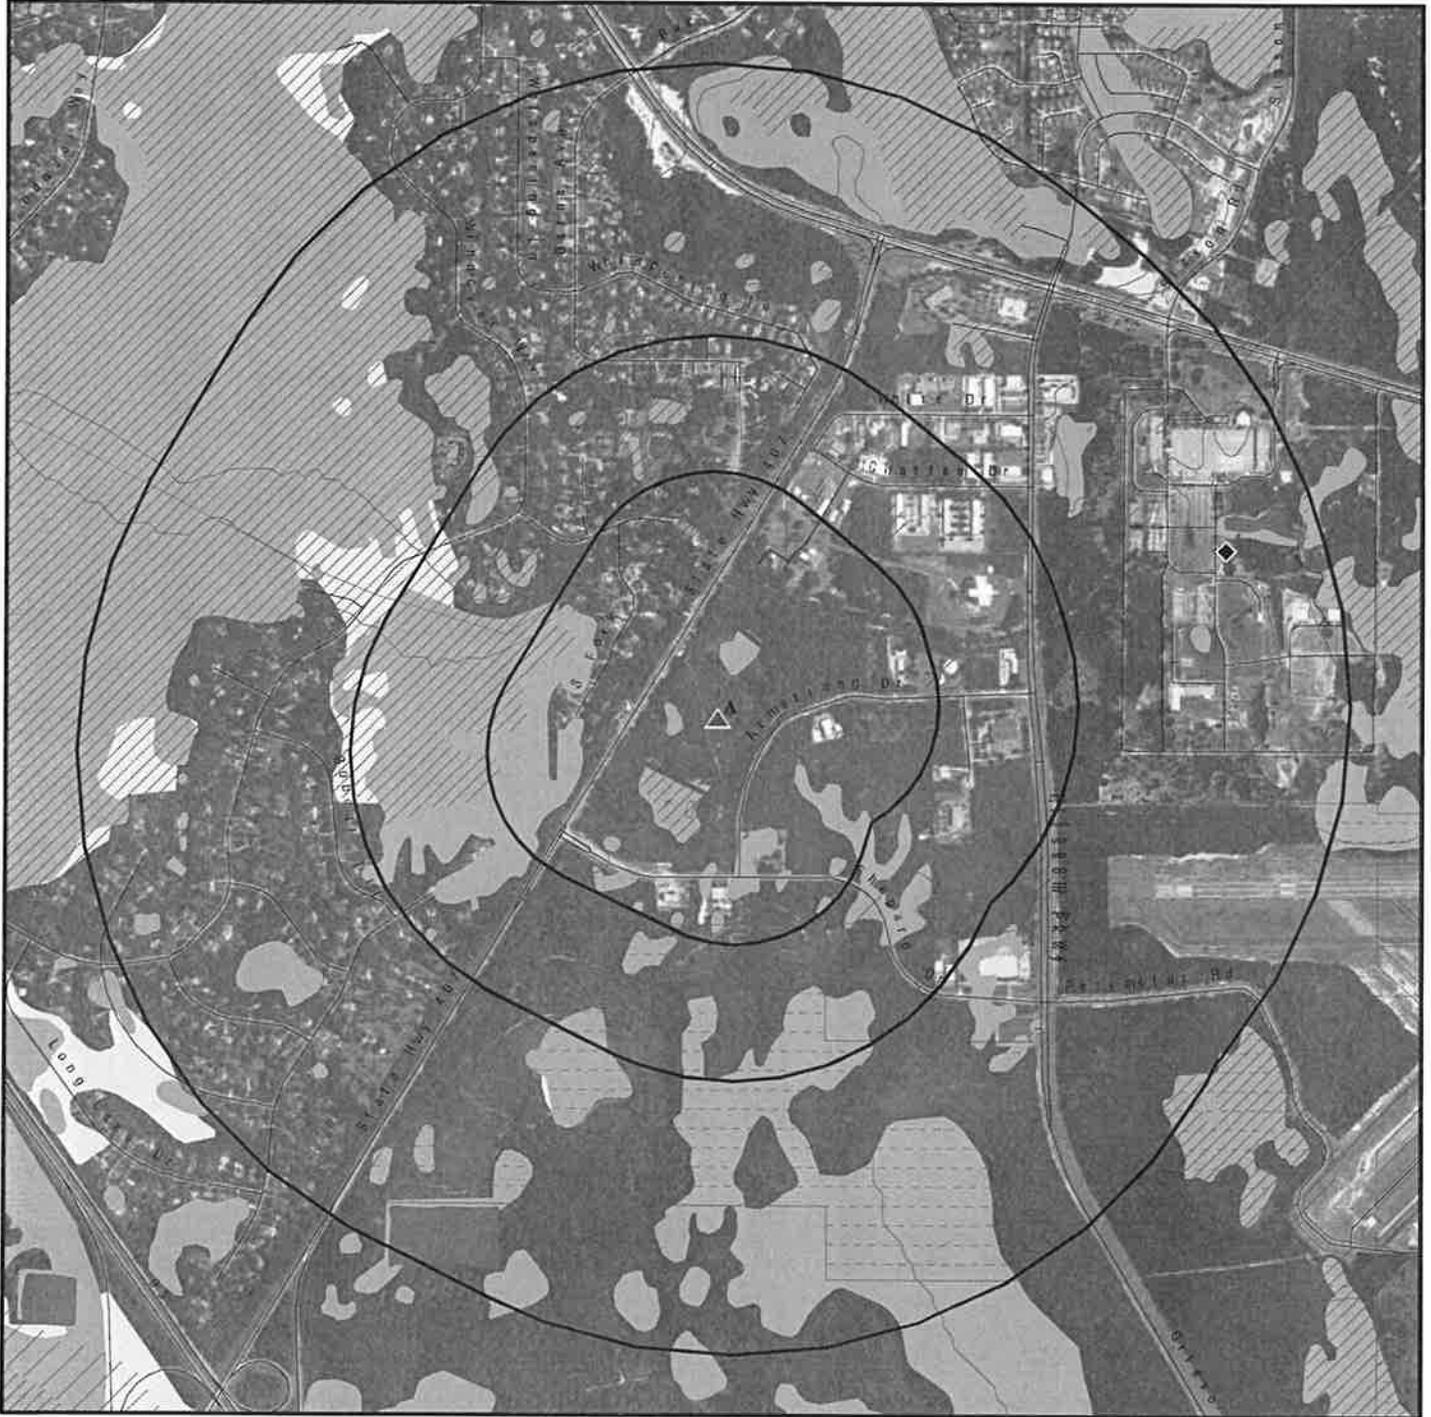

A review of the BROWNFIELDS list, as provided by EDR, and dated 10/06/2014 has revealed that there is 1 BROWNFIELDS site within approximately 0.5 miles of the target property.

EXECUTIVE SUMMARY

There were no unmapped sites in this report.

OVERVIEW MAP - 4146918.6S

Target Property

Sites at elevations higher than or equal to the target property

Sites at elevations lower than the target property

Manufactured Gas Plants

National Priority List Sites

Dept. Defense Sites

Indian Reservations BIA

Oil & Gas pipelines from USGS

100-year flood zone

500-year flood zone

National Wetland Inventory

State Wetlands

FL Brownfield

- Event date: 06/03/1996
Event: RFI Workplan Approved

- Event date: 09/18/1996
Event: CA184

- Event date: 09/07/1997
Event: RFI Approved

- Event date: 09/30/1997
Event: Current Human Exposures under Control, Yes, Current Human Exposures Under Control has been verified. Based on a review of information contained in the EI determination, current human exposures are expected to be under control at the facility under current and reasonably expected conditions. This determination will be re-evaluated when the Agency/State becomes aware of significant changes at the facility.

- Event date: 09/30/1997
Event: Migration of Contaminated Groundwater under Control, Yes, Migration of Contaminated Groundwater Under Control has been verified. Based on a review of information contained in the EI determination, it has been determined that migration of contaminated groundwater is under control at the facility. Specifically, this determination indicates that the migration of contaminated groundwater is under control, and that monitoring will be conducted to confirm that contaminated groundwater remains within the existing area of contaminated groundwater. This determination will be re-evaluated when the Agency becomes aware of significant changes at the facility.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 09/29/2014	Source: EPA
Date Data Arrived at EDR: 10/08/2014	Telephone: N/A
Date Made Active in Reports: 11/17/2014	Last EDR Contact: 10/08/2014
Number of Days to Update: 40	Next Scheduled EDR Contact: 01/19/2015
	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Date of Government Version: 10/15/1991	Source: EPA
Date Data Arrived at EDR: 02/02/1994	Telephone: 202-564-4267
Date Made Active in Reports: 03/30/1994	Last EDR Contact: 08/15/2011
Number of Days to Update: 56	Next Scheduled EDR Contact: 11/28/2011
	Data Release Frequency: No Update Planned

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal Delisted NPL site list

DELISTED NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 09/29/2014	Source: EPA
Date Data Arrived at EDR: 10/08/2014	Telephone: N/A
Date Made Active in Reports: 11/17/2014	Last EDR Contact: 10/08/2014
Number of Days to Update: 40	Next Scheduled EDR Contact: 01/19/2015
	Data Release Frequency: Quarterly

Federal CERCLIS list

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 10/25/2013	Source: EPA
Date Data Arrived at EDR: 11/11/2013	Telephone: 703-412-9810
Date Made Active in Reports: 02/13/2014	Last EDR Contact: 11/24/2014
Number of Days to Update: 94	Next Scheduled EDR Contact: 03/09/2015
	Data Release Frequency: Quarterly

FEDERAL FACILITY: Federal Facility Site Information listing

A listing of National Priority List (NPL) and Base Realignment and Closure (BRAC) sites found in the Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS) Database where EPA Federal Facilities Restoration and Reuse Office is involved in cleanup activities.

Date of Government Version: 07/21/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 10/07/2014	Telephone: 703-603-8704
Date Made Active in Reports: 10/20/2014	Last EDR Contact: 10/07/2014
Number of Days to Update: 13	Next Scheduled EDR Contact: 01/19/2015
	Data Release Frequency: Varies

Federal CERCLIS NFRAP site List

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Date of Government Version: 10/25/2013	Source: EPA
Date Data Arrived at EDR: 11/11/2013	Telephone: 703-412-9810
Date Made Active in Reports: 02/13/2014	Last EDR Contact: 11/24/2014
Number of Days to Update: 94	Next Scheduled EDR Contact: 03/09/2015
	Data Release Frequency: Quarterly

Federal RCRA CORRACTS facilities list

CORRACTS: Corrective Action Report

CORRACTS identifies hazardous waste handlers with RCRA corrective action activity.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 06/10/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 07/02/2014	Telephone: (404) 562-8651
Date Made Active in Reports: 09/18/2014	Last EDR Contact: 11/07/2014

Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 06/10/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 07/02/2014	Telephone: (404) 562-8651
Date Made Active in Reports: 09/18/2014	Last EDR Contact: 11/07/2014
Number of Days to Update: 78	Next Scheduled EDR Contact: 01/12/2015

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 06/10/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 07/02/2014	Telephone: (404) 562-8651
Date Made Active in Reports: 09/18/2014	Last EDR Contact: 11/07/2014
Number of Days to Update: 78	Next Scheduled EDR Contact: 01/12/2015
	Data Release Frequency: Quarterly

RCRA-CESQG: RCRA - Conditionally Exempt Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal institutional controls / engineering controls registries

US ENG CONTROLS: Engineering Controls Sites List

A listing of sites with engineering controls in place. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health.

Date of Government Version: 09/18/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 09/19/2014	Telephone: 703-603-0695
Date Made Active in Reports: 10/20/2014	Last EDR Contact: 09/08/2014
Number of Days to Update: 31	Next Scheduled EDR Contact: 12/22/2014
	Data Release Frequency: Varies

US INST CONTROL: Sites with Institutional Controls

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 09/18/2014	Source: Environmental Protection Agency

State- and tribal - equivalent CERCLIS

SHWS: Florida's State-Funded Action Sites

State Hazardous Waste Sites. State hazardous waste site records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. Available information varies by state.

State and tribal institutional control / engineering control registries

ENG CONTROLS: Institutional Controls Registry

The registry is a database of all contaminated sites in the state of Florida which are subject to engineering controls. Engineering Controls encompass a variety of engineered remedies to contain and/or reduce contamination, and/or physical barriers intended to limit access to property. ECs include fences, signs, guards, landfill caps, provision of potable water, slurry walls, sheet pile (vertical caps), pumping and treatment of groundwater, monitoring wells, and vapor extraction systems.

State and tribal Brownfields sites

BSRA: Brownfield Site Rehabilitation Agreements Listing

The BSRA provides DEP and the public assurance that site rehabilitation will be conducted in accordance with Florida Statutes and DEP's Contaminated Site Cleanup Criteria rule. In addition, the BSRA provides limited liability protection for the voluntary responsible party. The BSRA contains various commitments by the voluntary responsible party, including milestones for completion of site rehabilitation tasks and submittal of technical reports and plans. It also contains a commitment by DEP to review technical reports according to an agreed upon schedule. Only those brownfield sites with an executed BSRA are eligible to apply for a voluntary cleanup tax credit incentive pursuant to Section 376.30781, Florida Statutes.

BROWNFIELDS AREAS: Brownfields Areas Database

A "brownfield area" means a contiguous area of one or more brownfield sites, some of which may not be contaminated, that has been designated as such by a local government resolution. Such areas may include all or portions of community redevelopment areas, enterprise zones, empowerment zones, other such designated economically deprived communities and areas, and Environmental Protection Agency (EPA) designated brownfield pilot projects. This layer provides a polygon representation of the boundaries of these designated Brownfield Areas in Florida.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

Local Land Records

LIENS 2: CERCLA Lien Information

A Federal CERCLA ("Superfund") lien can exist by operation of law at any site or property at which EPA has spent Superfund monies. These monies are spent to investigate and address releases and threatened releases of contamination. CERCLIS provides information as to the identity of these sites and properties.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Other Ascertainable Records

RCRA NonGen / NLR: RCRA - Non Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

Date of Government Version: 09/14/2010	Source: Department of Energy
Date Data Arrived at EDR: 10/07/2011	Telephone: 505-845-0011

Number of Days to Update: 146	Next Scheduled EDR Contact: 03/09/2015
	Data Release Frequency: Varies

US MINES: Mines Master Index File

Contains all mine identification numbers issued for mines active or opened since 1971. The data also includes violation information.

Date of Government Version: 08/05/2014	Source: Department of Labor, Mine Safety and Health Administration
Date Data Arrived at EDR: 09/04/2014	Telephone: 303-231-5959
Date Made Active in Reports: 11/17/2014	Last EDR Contact: 09/04/2014
Number of Days to Update: 74	Next Scheduled EDR Contact: 12/15/2014
	Data Release Frequency: Semi-Annually

TRIS: Toxic Chemical Release Inventory System

Toxic Release Inventory System. TRIS identifies facilities which release toxic chemicals to the air, water and land in reportable quantities under SARA Title III Section 313.

Date of Government Version: 12/31/2011	Source: EPA
Date Data Arrived at EDR: 07/31/2013	Telephone: 202-566-0250
Date Made Active in Reports: 09/13/2013	Last EDR Contact: 08/29/2014
Number of Days to Update: 44	Next Scheduled EDR Contact: 12/08/2014
	Data Release Frequency: Annually

TSCA: Toxic Substances Control Act

Toxic Substances Control Act. TSCA identifies manufacturers and importers of chemical substances included on the TSCA Chemical Substance Inventory list. It includes data on the production volume of these substances by plant site.

Date of Government Version: 12/31/2006	Source: EPA
Date Data Arrived at EDR: 09/29/2010	Telephone: 202-260-5521
Date Made Active in Reports: 12/02/2010	Last EDR Contact: 09/26/2014
Number of Days to Update: 64	Next Scheduled EDR Contact: 01/05/2015
	Data Release Frequency: Every 4 Years

FTTS: FIFRA/ TSCA Tracking System - FIFRA (Federal Insecticide, Fungicide, & Rodenticide Act)/TSCA (Toxic Substances Control Act)
FTTS tracks administrative cases and pesticide enforcement actions and compliance activities related to FIFRA, TSCA and EPCRA (Emergency Planning and Community Right-to-Know Act). To maintain currency, EDR contacts the Agency on a quarterly basis.

Date of Government Version: 04/09/2009	Source: EPA/Office of Prevention, Pesticides and Toxic Substances
Date Data Arrived at EDR: 04/16/2009	Telephone: 202-566-1667

Number of Days to Update: 25	Next Scheduled EDR Contact: 03/09/2015
	Data Release Frequency: Quarterly

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/01/2007	Telephone: 202-564-2501
Date Made Active in Reports: 04/10/2007	Last EDR Contact: 12/17/2007
Number of Days to Update: 40	Next Scheduled EDR Contact: 03/17/2008

	Data Release Frequency: Quarterly

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995	Source: EPA
Date Data Arrived at EDR: 07/03/1995	Telephone: 202-564-4104

RMP: Risk Management Plans

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

Date of Government Version: 08/01/2014	Source: Environmental Protection Agency
Date Data Arrived at EDR: 08/12/2014	Telephone: 202-564-8600

FL Cattle Dip. Vats: Cattle Dipping Vats From the 1910's through the 1950's, these vats were filled with an arsenic solution for the control and eradication of the cattle fever tick. Other pesticides, such as DDT, were also widely used. By State law, all cattle, horses, mules, goats, and other susceptible animals were required to be dipped every 14 days. Under certain circumstances, the arsenic and other pesticides remaining at the site may present an environmental or public health hazard.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR US Hist Auto Stat: EDR Exclusive Historic Gas Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Next Scheduled EDR Contact: 12/29/2014
Data Release Frequency: Annually

Oil/Gas Pipelines: This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:

Source: American Hospital Association, Inc.
Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes

Source: National Institutes of Health
Telephone: 301-594-6248

Information on Medicare and Medicaid certified nursing homes in the United States.

Public Schools

Source: National Center for Education Statistics
Telephone: 202-502-7300

The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

Private Schools

Source: National Center for Education Statistics
Telephone: 202-502-7300

The National Center for Education Statistics' primary database on private school locations in the United States.

Daycare Centers: Department of Children & Families

Source: Provider Information
Telephone: 850-488-4900

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 2003 & 2011 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetlands Inventory

Source: Department of Environmental Protection
Telephone: 850-245-8238

Scanned Digital USGS 7.5' Topographic Map (DRG)

Source: United States Geologic Survey

A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.
