HISTORIC CITIZEN OVERLAY
L I F E P E A C E Z O N E

The joy of the Spirit of God
is love for His creation.

In the Holy Name of Jesus
bless our efforts as we
embrace the codification,
realization, promulgation,
and implementation of:
Historic Citizen Overlay
Personhood LPZ Cities.

Help our 18,000 USA cities to
awaken to this new citizen
zoning with charter preamble
resolutions and ordinances.

Dear State, County and City Government Leaders
With Media, Pro-Life Leaders & Citizens For Life And Peace (CFLAP)

Thank you for amplifying the Diplomacy of Life. You do so when you:

Speak Life, Speak Peace, Speak Personhood, Speak Birth, Speak Truth

JESUS loves us all.

ACTION: As we know the US Supreme Court is expected to rule favorable on the Mississippi Dobbs vs Jackson Women's Health case before by June 2022. It is crucial however, that the first cities and counties in the USA initiate Personhood Charter Amendment, Resolutions and even Ordinances prior to the final Supreme Court ruling. We need to plant the Personhood LPZ seeds in all 50 USA states.

TIME IS OF THE ESSENCE: If you have spare time and would like to galvanize Personhood in your cities and counties please do text and email me. I have the following pro-life efforts and language available:

- 1) Creation, Personhood, Birth language for City Charters;
- 2) Personhood Sanctuary language for City Resolutions;
- 3) Sanctuary language for City Ordinance successfully launched in Texas and Ohio cities;

Recent 2022 Personhood News: I am presently traveling from Florida through the southern USA states to California. I hope to travel to Florida, Louisiana, Texas, and New Mexico cities and counties that have established pro-life sanctuary efforts. During this time, I will also be randomly visiting city and county offices to present Personhood Life Peace Zone language that includes:

Covenant, Equality, Creation, Personhood, Birth and Disability.

Old 2021 News: Please also known that I was in the right place at the right time. That moment was Lebanon Ohio on Thursday May 27th, 2021. I witnessed Lebanon Mayor, City Council and citizens discuss the pros and cons of becoming the first Ohio Sanctuary City for the Unborn. The Mayor and Council unanimously voted in the ordinance confirming a **Lebanon Sanctuary City For The Unborn**. Lebanon is now the 1st city in Ohio and the 29th city in the USA to offer the greatest protection for the child peacefully developing in the Mother's Womb. I am told that you have to cater the Ordinance for your specific city. Lorain could possibly mimic the Lebanon Ohio Ordinance with some adjustments. Lorain city and county legalities have to be considered with an Emergency Ordinance. Resolutions tool:

Please know that earlier this past 2021 year myself and Kristin traveled to The Washington DC March For Life in honor of its founder Nellie Gray. Nellie was born in Texas. Nellie was a solid conservative Democrat and Catholic who moved from Texas likely around 1973 and founded the DC March For Life. Nellie was excited to learn about the Life Peace Zone banner concept and my USA efforts when I met her. She passed in 2012 ... God rest her precious soul.

It would be wonderful if numerous mayors throughout the USA could help plant the Personhood Life Peace Zone seeds with the establishment of a new **Life and Peace Interfaith Coalition of Church Committees** in their respective cities. Lubbock Texas proved that a coalition of churches are victory with new pro-life legislation.

When time permits please google and review the pro-life articles:
