Subject:

Adopt Resolution and Release Performance Bond: Laurasia Subdivision, Phase 1 - District 4
Developer: The Viera Company

Fiscal Impact:

None

Dept/Office:

Public Works/Engineering

Requested Action:

In accordance with Section 62-2844(b), it is requested that the Board of County Commissioners adopt the attached Resolution and authorize the Chair to sign the Resolution releasing the Contract and Surety Performance Bond dated July 12, 2022, for Laurasia Subdivision, Phase 1.

Summary Explanation and Background:

The Laurasia Subdivision, Phase 1 is located within the Viera Development of Regional Impact (DRI), south of the intersection of Pineda Boulevard and Stadium Parkway. While the roads within the subdivision are private, the access road to the subdivision, Ginkgo Drive, is a public right-of-way. The proposed Subdivision contains 164 lots on 105.74 acres.

Laurasia Subdivision, Phase 1 received preliminary plat and final engineering plans on March 28, 2022, and final plat and contract approval on July 12, 2022. The developer posted a Surety Performance Bond for guarantee of the completion of the infrastructure improvements according to the approved plans.

Per Section 62-2809(b)(2), "Construction after final plat recordation: ...the applicant shall provide security required in Section 62-2844 for the performance of such construction..." Section 62-2844(a) states: "An applicant shall be required to secure its performance security of the construction required under this article by a surety bond, letter of credit, savings account, certificate of deposit or execution of a tri-party escrow agreement. Such security shall not be required if a certificate of completion has been issued for all the subdivision improvements prior to final plat recordation." Because the applicant chose to plat the subdivision prior to completion of construction, the applicant entered into a Contract with the Board and posted a Surety Performance Bond to guarantee the completion of the infrastructure improvements according to the approved plans.

As of October 24, 2023, the Laurasia Subdivision, Phase 1 infrastructure improvements have been completed and we are in receipt of a two-year maintenance bond.
