Subject:

Amendment 1 - Public Transportation Grant Agreement, Hangar Development Construction Phase Funding at Valkaria Airport.

Fiscal Impact:

General Fund: None

\$ 718,000 (Design, and Construction) Airport Charges for Services/Loan Proceeds

Dept/Office:

Valkaria Airport

Requested Action:

It is requested the Board approve, adopt and authorize the Chair to execute the attached Amendment 1 to the existing FDOT Public Transportation Grant Agreement (PTGA) for hangar development at Valkaria Airport, and authorize all necessary budget change requests associated with this agreement.

Summary Explanation and Background:

Valkaria Airport has experienced a 100% hangar occupancy rate for more than ten years. The current hangar waiting list exceeds 200 people and continues to grow at a rate that vastly outpaces hangar turnover. The construction of new hangars would allow the airport to accommodate a portion of the additional aviation demand for hangar space and produce additional revenue for the airport.

In 2016 The Board of County Commissioners adopted the FAA approved Valkaria Airport Master Plan and Airport Layout Plan. The plans direct the implementation of numerous capital improvement, safety, demand, and capacity related projects at the airport.

On May 15th, 2021 the Board of County Commissioners authorized the Chair to execute a Public Transportation Grant Agreement (PTGA) with The Florida Department of Transportation that provided initial funding to design and permit new hangars at Valkaria Airport.

Amendment 1 to this existing PTGA provides additional funding as listed below for Phase 1 of Construction. This additional funding is needed as the project moves into phase 1 of construction.

Existing Grant

- FDOT (80%) - \$ 828,000
- Valkaria Airport (20%) - \$ 207,000
- Total - \$ 1,035,000

Amendment 1:

- FDOT (80%) - \$ 2,872,000
- Valkaria Airport (20%) - \$ 718,000
- Total - \$ 3,590,000

Total Project Funding (Existing Grant + Amendment 1):

- FDOT (80%) - \$ 3,700,000
- Valkaria Airport (20%) - \$ 925,000
- Total - \$ 4,625,000

Please see the attached amendment. (The Amendment is anticipated to be provided to the airport during the week of May 16th, 2022)

No General Funds are required for this project.

Clerk to the Board Instructions:

Please have the Chair execute three original copies of the PTGA, and attest to the signature. Please email a scanned copy, and mail the originals to Valkaria Airport.

EXHIBIT A

Project Description and Responsibilities

A. Project Description (description of Agency's project to provide context, description of project components funded via this Agreement (if not the entire project)): Hangar development at Valkaria Airport. The project consists of the design and phased construction of T-Hangar buildings and Box Hangars adjacent to Runway '14/32' on the north side of Valkaria Airport, X59. Including taxilanes, aprons and landside improvements.

B. Project Location (limits, city, county, map): Valkaria Airport/Valkaria, FL/Brevard

C. Project Scope (allowable costs: describe project components, improvement type/service type, approximate timeline, project schedule, project size): Design and construct three (3) twenty four (24) unit T-Hangars and three (3) 12,000-15,000 square foot Box Hangars. Along with taxilanes, and aprons to provide access from the airfield to each hangar. Landside improvements include vehicular parking and paving the access road. Electrical service to the facility is included for the power as well as site lighting.

As required by 215.971, F.S., this scope of work includes but is not limited to consultant and design fees, airspace analysis, bidding services, survey and geotechnical costs, permitting, construction inspection and material testing costs, mobilization and demobilization, maintenance of traffic, erosion control, demolition, pavement (access roadways, parking lots, and sidewalks), drainage, utilities, primary and back-up power supplies, building (foundation, structure, roof, MEP, drainage, and fire prevention and protection), pavement marking, lighting and signage, fencing and gates, landscaping (including outdoor lighting), and indoor/outdoor security systems, including all materials, equipment, labor, and incidentals required to complete the Box/T Hangar project. The Sponsor will comply with Aviation Program Assurances.

The specifics of the Project Scope for construction are described in and limited by the current 60% Project Construction Plans identified as "Valkaria North Lot Development" prepared by Infrastructure Consulting and Engineering, dated April 22, 2022, together with all plan updates, necessary design variation, exceptions, and change orders approved by the Agency.

D. Deliverable(s): Final closeout documents to be uploaded into Jacip.

The project scope identifies the ultimate project deliverables. Deliverables for requisition, payment and invoice purposes will be the incremental progress made toward completion of project scope elements. Supporting documentation will be quantifiable, measurable, and verifiable, to allow for a determination of the amount of incremental progress that has been made, and provide evidence that the payment requested is commensurate with the accomplished incremental progress and costs incurred by the Agency.

E. Unallowable Costs (including but not limited to): Stored material

F. Transit Operating Grant Requirements (Transit Only):

Transit Operating Grants billed as an operational subsidy will require an expenditure detail report from the Agency that matches the invoice period. The expenditure detail, along with the progress report, will be the required deliverables for Transit Operating Grants. Operating grants may be issued for a term not to exceed three years from execution. The original grant agreement will include funding for year one. Funding for years two and three will be added by amendment as long as the grantee has submitted all invoices on schedule and the project deliverables for the year have been met.
