11/19/2019

Subject:

Appointment of North Brevard Hospital District Board Members.

Fiscal Impact:

None

Dept/Office:

County Manager's Office

Requested Action:

It is requested that the Board of County Commissioners review the applications and make appointments to the North Brevard Hospital District Board.

Summary Explanation and Background:

The Board of County Commissioners must make two appointments to the North Brevard Hospital District Board. One appointment is to be made by the Board (Seat 5) and one appointment is made by the Board and confirmed by the Titusville City Council (Seat 6)

Hospital Board Members must reside within the boundaries of the Hospital District Board and are appointed for four-year terms.

The application deadline was set for noon, November 1, 2019. As in the past, the Application Advertisement (attached) includes several questions, which each applicant is required to respond to. Staff advised the City of Titusville that the Board of County Commissioners will review applicants for the joint appointment at this meeting and advised them of the selection as the City will make their confirmation vote at their December 10, 2019 meeting.

Applications for the above seats are attached.

Seat 5: Elizabeth T. Galfo - *Reg. ReAppt*

Seat 6: Jerry L. Noffel (Joint Appointment) - *City ReAppt.*

Clerk to the Board Instructions:

Tammy Rowe, Clerk to the Board, 400 South Street • P.O. Box 999, Titusville, Florida 32781-0999

Telephone: (321) 637-2001

Re: Re-appointment to the North Brevard County Hospital District Board of Directors

Dear Mr. Abbate:

This letter is to serve as my application for re-appointment to the Board of Directors of the North Brevard County Hospital District d.b.a. Parrish Medical Center. Enclosed, please find my resume and answers to the application questions.

The role of a hospital Board is to oversee policy and leadership for the organization. Board members require appropriate experience, knowledge and ethical leadership qualities to be successful. I believe I meet these criteria for continued service as a Board member of Parrish Medical Center.

My education includes a bachelor's degree from the University of California at Davis, a doctorate from Oral Roberts School of Medicine, and internal medicine residency training at City of Faith Hospital in Tulsa, Oklahoma, with service as chief resident throughout the third year of residency. I maintained a 3.82 grade point average and graduated third in my medical school class.

For four years and during Desert Shield Storm, I served as an Internist and Major in the United States Air Force. In 1993, my husband and I moved to Titusville, Florida, joined a primary care practice and became members of the medical staff at Parrish Medical Center. Since 1997, I have been employed by Hospice of St. Francis as their Medical Director and Chief Medical Officer. In 2015, I also developed the palliative care program, St. Francis Pathways to Health Care, and continue to serve as its Medical Director.

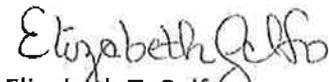

Since 1993, I have been an active member of the Parrish Medical Center Medical Staff, serving on or chairing several committees and review boards. Since 2016, it has been a tremendous honor and privilege to serve on the Parrish Medical Center Board of Directors, with membership on the Board's Executive Committee, Finance Committee, Quality Committee, Audit Committee and Education Committee. My experience has

also included participation in and membership on the Board of North Brevard Medical Support, Inc..

Through the years, I have been impressed with the culture of discipline and innovation cultivated by the leadership of Parrish Medical Center. Currently, the healthcare industry is extremely challenging to navigate. With the aging population, resources are diminishing, while regulations to enforce the value of care we provide are accelerating. In the midst of this precarious environment, the leadership of Parrish Medical Center is proactively developing a cutting-edge and sustainable model of service delivery. It includes an increasing emphasis on population health management, putting the interests of Brevard County residents first. As a physician leader, it has been my absolute honor and pleasure to serve alongside the leadership of Parrish Medical Center in this endeavor. I would count it a privilege to continue supporting our community in this way.

Thank you for your consideration of my application for re-appointment to the North Brevard County Hospital District Board of Directors.

Sincerely,

Elizabeth T. Galfo

Application questions and answers

Resume of Elizabeth T. Galfo, MD, FACP, FAAHPM, HMDC

Application Responses for Board Appointment
North Brevard County Hospital District
Elizabeth Galfo
October 21, 2019

1. What do you feel the public's rights are in observing, monitoring, and participating in the activities of the Hospital Board, and particularly the expenditure of funds?

With any publicly owned entity, the Sunshine laws clearly state that the public has a right to observe and participate in the activities of the Board of Directors. However, what is relevant for the residents of North Brevard extends beyond adherence to a regulation. As the healthcare industry grapples with a rapidly changing paradigm for population health management, Parrish Medical Center's success in implementing this transition requires active community involvement.

2. What is your philosophy on how citizen boards for publicly owned facilities should conduct their business?

This is an exciting time to serve on the Board of Directors for a publicly-owned health system, especially of the caliber of Parrish Medical Center (PMC). As the Centers for Medicare and Medicaid (CMS) struggle to meet the healthcare needs of an aging population with increasingly limited resources, publicly owned facilities must also step up to help meet the challenge. Contrary to popular belief, the concepts of Population Health Management and value-based care were not borne of the Affordable Care Act. Rather, they have developed and matured through the years, mandating consistency in patient safety, quality of care and responsible use of healthcare resources. While these ideas may sound familiar, CMS has laid out revolutionary expectations in upcoming years, requiring traditional hospitals to become Integrated Health Systems (IHS), through the meaningful use of Electronic Health Records and development of services and care partnerships within the community. IHS's will share not only in cost savings, but also in financial risk, with quality and patient satisfaction included as factors in remuneration. CMS has targeted hospitals, because it recognizes the vested interest that local health systems have in the overall health and wellness of their communities.

In order to successfully navigate the transition from a fee-for-service/Diagnosis Related Group (DRG) model to membership in Accountable Care Organizations (ACOs), PMC must continue to cultivate outstanding local care partnerships and active participation by residents of our community. This involves open and collaborative dialogue between members of PMC's Board of Directors, its Administration, care partners and the public. PMC has been proactive in positioning itself as the premier IHS affiliate in Brevard County to be vetted by ACOs interested in serving this area.

Moving forward, it is essential that the members of PMC's Board of Directors clearly understand these new mandates, along with the specific health needs of our community and the resources available to us. While Board members do not need to know all the details of daily operations, it is important to know what questions to ask and conversations to engage, in order to align the key stakeholders. Health systems throughout the country are all grappling with this challenge right now. In my opinion, the way publicly-owned hospital boards inclusively conduct business places us at a distinct advantage, because we absolutely need our community to be informed and involved with us in the business of promoting health and wellness.

3. Have you ever served on a hospital board or any other board of directors?

I have been a member of the board of directors since 2016, and served on: Executive Committee, Finance Committee, Quality Committee, Audit Committee and Education Committee. I also served as a board member of North Brevard Medical Support, Inc. 1999 – 2000 and 2013 – present. In the past, I have also served on Parrish Medical Center's Health Net Board of Directors, and the Doctor's Goodwill Foundation Board of Directors, including as president.

4. Do you have any experience reviewing corporate or governmental budgets?

Financial reports and budgets are reviewed during Board meetings for Parrish Medical Center, North Brevard Medical Support, Florida Health Net and Hospice of St. Francis. As the Chief Medical Officer of Hospice of St. Francis and St. Francis Pathways to Healthcare, I regularly review the financial reports for the parent organization and individual services. Medical quality for our organization is my main responsibility, so my focus is on our efficient and effective use of resources, including pharmacy, durable medical equipment, supplies for field use and staffing.

5. Do you have any business affiliations with individuals or organizations in the medical field?

Yes, I am currently employed by Hospice of St. Francis and have served as Chief Medical Officer/Medical since 1997.

6. Are you now or have you ever been employed at Parrish Medical Center?

No.

7. Do you have any medical business or employment experience?

Yes. After completing my Internal Medicine residency, I served as a Major in the United States Air Force for four years during Desert Shield/Storm. I was one of only two Internal Medicine specialists with the 4th Medical Support Group at Seymour Johnson Air Force Base in North Carolina. My Curriculum Vitae outlines my various responsibilities, which included overseeing the Close Observation Unit of the hospital, the Emergency Response System for the Hospital and 6 months of Emergency Department oversight and staffing.

In 1993, I joined a private medical group in Titusville, Florida, where I practiced Internal Medicine for 5 years. I was then employed as the Medical Director for the Brevard County Detention Center for 5 years. In 1997, I was also employed part-time by Hospice of St. Francis as their Medical Director. In 2002, I accepted the offer to serve as their full-time Medical Director. Hospice of St. Francis has grown from serving an average daily census of ~20 patients in 2002 to ~400 patients today, with over 1,400 admissions each year. We serve all of Brevard County as a not-for-profit organization, and in 2013, opened a 12-bed inpatient care center on our 13-acre campus in south Titusville.

In 2015, I became the Chief Medical Officer of Hospice of St. Francis, and developed St. Francis Pathways to Healthcare, a unique not-for-profit Palliative Care service in Brevard County. Pathways serves patients who are not ready for hospice services, but who can benefit from an added layer of support in their homes to help them successfully manage their self-care. The target population includes residents dealing with serious illness, who are at high-risk for emergency room and hospital admissions. There no other service like this in Central Florida, and it is supported by a combination of billable services and donations to our Foundation.

In Hospice and Palliative Care, the Interdisciplinary Team (Physicians, ARNPs, RNs, LPNs, CNAs, Social Workers, Chaplains, Volunteers, Patients, Caregivers, Loved Ones) approach has become a model of what CMS expects from Integrated Health Networks, in order to effectively support community health and wellness across the care continuum. This January, I will have served as the Medical Director for Hospice of St. Francis for 23 years. I am Board Certified in Internal Medicine, Geriatrics, and Hospice and Palliative Medicine. I am also a Certified Hospice Medical Director, a relatively new qualification within the specialty of hospice.

The ultimate directive for us today is to provide the right service, by the right people, at the right time for our residents who are most likely to benefit. It must be pro-active and sustainable. This is the gauntlet which has been thrown down before the healthcare community. I feel uniquely equipped to meet this challenge, and look forward to my continued service as a member of the Parrish Medical Center Board of Directors.

Jerry L. Noffel

Attn: Frank Abbate

Dear Mr. Abatte:

I am submitting this application for joint County/City reappointment to Seat 6 of the North Brevard County Hospital District board. I am currently completing my fifth term in office. I am very proud of the accomplishments of the board of directors during my time of service including receiving numerous distinctions from external organizations. I have been actively involved in leadership, strategy and direction-setting and would like to continue my service in this regard.

I maintain that the duties and responsibilities expected of board members compare favorably with my background, education, training, and, experience; as such, I believe I recognize the nuances that determine the differences between a good hospital and a great medical center.

Please note some of the many accomplishments Parrish Medical has made over the last two years:

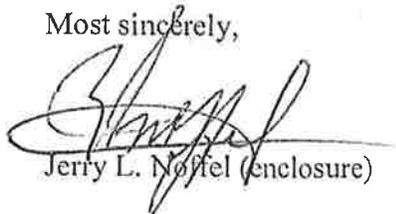

- Parrish Medical Center **Board Votes No Taxes for 25th year** in a Row. Brevard's most nationally recognized hospital for quality, safety and experience .
 - For the 25th straight year, no taxes will be assessed to support operations of the North Brevard County Hospital District d/b/a Parrish Medical Center (PMC).
- Parrish Wound Healing Centers Receive National Awards for Excellence in Wound Care.
 - Parrish Wound Healing Centers in Titusville and Port St. John have been recognized with national awards for continued clinical excellence in wound healing by Healogics, Inc., the nation's largest provider of advanced wound care services. Both centers were recognized as Centers of Distinction, and the Port St. John center was also named a Center of Excellence.
- Parrish Medical Center Receives the 2017 Women's Choice Award® as one of **America's Best Hospitals for Patient Safety** from the Women's Choice Award®
 - America's trusted referral source for the best in healthcare. The award signifies that PMC is in the top 15 percent of 3,005 U.S. hospitals for patient safety and recognizes safe surgery practices and lower rates for complications and infections.

As my resume indicates, I was last employed as executive vice president of St. Joseph Hospital (SJH), Lexington, Kentucky for many years. SJH was a 436-bed non-profit, full-service, general acute care facility with approximately 600 physicians on staff and a

complement of close to 3000 employees. I retired from SJH following an automobile accident that left me partially paralyzed (paraplegic) but not incapacitated in the least. Following my employment at SJH, I became a general partner in five outpatient surgical centers; I concurrently owned a home health agency and consulted for several physician groups. I have pioneered and have been on the cutting edge of several controversial health care-related programs that have become commonplace within the industry today. During my career in health care I have attained a deep knowledge in the field and as a result I have enjoyed great trust and responsibility in all positions that I have held. Additionally, I have had board and/or committee service for various types of public facilities.

Based upon my cumulative experience in healthcare and the last twenty years of board service for North Brevard County Hospital District, I believe I can remain a constructive and beneficial member of the board while contributing positively to the community.

Most sincerely,

Jerry L. Noffel (enclosure)

ANSWERS TO
NORTH BREVARD COUNTY HOSPITAL
DISTRICT BOARD APPLICATIONS

By Jerry Noffel

1. What do you feel the public's rights are in observing, monitoring, and participating in the activities of the Hospital Board, and particularly the expenditure of funds?

Answer:

First, the public's right to observe and monitor the activities of the hospital board is undeniable and should be encouraged. There may, however, be discussions of the medical staff credential's committee and/or potential legal actions involving the hospital that the board, at its discretion, may legally and temporarily withhold from the public. Medical staff credentialing, legal issues, and strategic planning are discussed in executive session and outcomes released to the public in a proper manner at the proper time. As a matter of principle, I am uncomfortable with the notion of withholding information, even temporarily, from the public domain. Nevertheless, premature release of sensitive data could be unnecessarily damaging or impede the proper exchange of information. Accordingly, temporarily withholding sensitive subject matter from the public does not intrude on my primary philosophy of board transparency. I believe that a well-informed public is essential for the efficient operation of and support for institutions of government.

Second, for practical reasons, actual participation in board meetings must be limited to those legally appointed to act in the public's stead. Free and open participation in board activities clearly impairs the orderly flow of board proceedings. Alternatively, I, as part of the board, have adopted mechanisms, which encourage real public participation in board activities in a format that can be reasonably accommodated and managed, such as an open forum during which the public may speak at board meetings. The board also holds public workshops as the need arises.

Third, and perhaps the easiest part of the question to answer concerns the public's rights regarding the expenditure of public funds. The public has an inherent right to information regarding the expenditure of funds. In addition, I would go further to assert that it is incumbent on the board to disseminate audited financial statements to the public on at least an annual basis. Financial statements are presented at board meetings and made available to those in attendance in a format determined by the board. Additionally, financial statements are made available to the public on request. This is accomplished by posting updated copies on the hospital's Internet site and including them in the board books on a monthly basis

2. What is your philosophy on how citizen boards for publicly owned facilities should conduct their business?

Answer: As a former hospital administrator, my long-standing personal philosophy as to how boards for publicly owned facilities should conduct business is in an open forum and in the best interest of the public. There are few occasions in which meetings should be conducted in executive sessions (see discussion in paragraph 1, above). I believe transparency in all matters public is an imperative of public service. The public should expect and the board should deliver openness in board transactions, fairness consistent with good business practices, and coherent policies operating in the best interest of the public. During my twenty year tenure on the board, these are the practices we consistently follow.

Parrish Medical Center is a public not-for-profit general acute care hospital. Although it is public and non-profit does not mean that it should operate in the red or at break even. All hospitals must make a reasonable profit to be able to sustain themselves under inflationary conditions, pay salaries, hire personnel as needed, purchase supplies and equipment, etc. Parrish Medical Center, as a public hospital, is one of a few public hospitals in the state that has not taxed for over twenty-four years.

3. Have you ever served on a hospital board or any other board of directors?

Answer: Yes: North Brevard County Hospital District Board (Parrish Medical Center), Board of the Lexington/Fayette County Health Department; Chairman, Certificate of Need and Licensure Committee; Legislative Committee, President & V.P. Lexington Hospital Council Board; and member of various local and state boards and committees.

I have served as Chairman of the Credentials Committee, Vice Chairman of the Finance Committee, and also serve on the Quality Committee, Joint Conference Committee, Audit Committee and the Patient Care Improvement Committee.

4. Do you have any experience reviewing corporate or governmental budgets?

Answer: Yes, both. I have been in both the for-profit and non-profit sides of the medical business. I have owned for-profit ambulatory surgery centers and a home health agency. I have been employed in not-for-profit hospitals (See attached resume). I no longer hold an interest in any medical business nor am I employed in the medical field. Neither of my businesses nor my employment were located in Florida.

5. Do you have any business affiliations with individuals or organizations in the medical community?

Answer: No.

6. Are you now, or have you ever been employed at Parrish Medical Center?

Answer: No.

7. Do you have any medical business or employment experience?

Answer: Yes. See number 4 above.

NORTH BREVARD COUNTY HOSPITAL DISTRICT BOARD APPLICATIONS

The Brevard County Board of County Commissioners is soliciting applications for two appointments to the North Brevard County Hospital District Board. The City of Titusville must confirm one of the appointments. Hospital Board members must reside within the boundaries of the Hospital District and are appointed for four-year terms.

Some of the major duties and responsibilities of the Hospital Board are to 1) Determine the roles, mission, and major objectives of the hospital, 2) Determine major institutional policies, 3) Approve hospital organization and major authority delegation patterns, 4) Select, appoint and evaluate the Chief Executive Officer, and 5) Maintain a qualified medical staff.

Applications in the form of resumes and/or letters of interest with qualifications should be submitted no later than noon, on **Friday, November 1, 2019**. Applicants should indicate whether they are applying for the joint appointment that requires City of Titusville confirmation, the Board of County Commissioners appointment, or have no preference with regard to appointment. The Brevard County Board of County Commissioners will make their selection at the regular meeting on **November 19, 2019** and the City of Titusville will take action on the jointly appointed position at their **December 10, 2019** meeting.

Additionally, as part of the application process the Board of County Commissioners requires each applicant to answer, in writing each of the following questions:

1. What do you feel the public's rights are in observing, monitoring and participating in the activities of the Hospital Board, and particularly the expenditure of funds?
2. What is your philosophy on how citizen boards for publicly owned facilities should conduct their business?
3. Have you ever served on a hospital board or any other board of directors?
4. Do you have any experience reviewing corporate or governmental budgets?
5. Do you have any business affiliation with individuals or organizations in the medical community?
6. Are you now, or have you ever been employed at Parrish Medical Center?
7. Do you have any medical business or employment experience?

Please submit all application materials to the following address:

CITY OF ROCKLEDGE

NOTICE OF PROPOSED ENACTMENT OF ROCKLEDGE CITY ORDINANCE AND PUBLIC HEARINGS WITH RESPECT THERETO AND PUBLIC HEARINGS FOR THE EVALUATION AND APPRAISAL REPORT-BASED AMENDMENTS TO THE CITY'S COMPREHENSIVE PLAN

Please take notice that on Tuesday, November 5, 2018, at a meeting commencing at 6:00 p.m. in the Rockledge Planning Commission, acting as the Local Planning Agency (LPA), will hold a public hearing to hear interested persons with regard to the City of Rockledge's adoption of the Evaluation and Appraisal Report and Comprehensive Plan Amendments. In accordance with Florida Statutes.

In addition, please take notice that at a regular meeting of the Rockledge City Council to be held on Wednesday, December 12, commencing at 6:00 p.m. in the Council Chamber of Rockledge City Hall, the City Council will hold a public hearing to hear interested persons with regard to the City of Rockledge's adoption of the Evaluation and Appraisal Report and Comprehensive Plan Amendments. In accordance with Florida Statutes and, at the same meeting, the City Council will propose to enact the following ordinance: to-wit:

AN ORDINANCE OF THE CITY OF ROCKLEDGE, BREVARD COUNTY, FLORIDA, AMENDING THE ROCKLEDGE CODE OF ORDINANCES "COMPREHENSIVE PLAN" ENACTED BY ORDINANCE NO. 890-1980 BY DELETING THE PRESENT CONSERVATION AND COASTAL MANAGEMENT ELEMENT AND REPLACING IT WITH A NEW "CONSERVATION AND COASTAL MANAGEMENT ELEMENT," DECLARING THAT INVALIDITY OF ANY PORTION HEREOF SHALL NOT AFFECT THE REMAINING PORTIONS OF THIS ORDINANCE; PROVIDING FOR THE EFFECTIVE DATE HEREOF AND FOR OTHER PURPOSES

All interested parties may appear at said meetings and public hearings and be heard with respect to the proposed Evaluation and Appraisal Report and amendments to the City of Rockledge's Comprehensive Plan and related ordinance.

The public may inspect the Evaluation and Appraisal Report and related proposed ordinance by the City of Rockledge Comprehensive Plan at the City of Rockledge City Clerk's office during normal business hours, Monday through Friday, 9:00 a.m. to 5:00 p.m. (excluding holidays and weekends). 1200 Huntington Lane, Rockledge, Florida, 32955. For additional information, contact the Rockledge Planning Commission at 321-221-2940.

ALL PERSONS AND PARTIES ARE HEREBY ADVISED THAT IF THEY SHOULD DECIDE TO APPEAL ANY DECISIONS MADE BY THE CITY COUNCIL OF THE CITY OF ROCKLEDGE WITH RESPECT TO ANY MATTER CONSIDERED AT THE PUBLIC MEETINGS OR HEARINGS IN THIS NOTICE, THEY WILL NEED A RECORD OF THE PROCEEDINGS AND FOR SUCH PURPOSES, EACH PERSON OR PARTY MAY BE REQUIRED TO ENSURE THAT A VERBATIM RECORD OF THE PROCEEDINGS IS MADE. VERBATIM RECORD MEANS THE TESTIMONY AND EVIDENCE UPON WHICH THE DECISIONS ARE BASED.

Lisa D. McFarlane
 City Clerk
 City of Rockledge, Florida

NORTH BREVARD COUNTY HOSPITAL DISTRICT BOARD APPLICATIONS

The Brevard County Board of County Commissioners is soliciting applications for two appointments to the North Brevard County Hospital District Board. The City of Titusville must confirm one of the appointments. Hospital Board members must reside within the boundaries of the Hospital District and are appointed for four-year terms.

Some of the major duties and responsibilities of the Hospital Board are to 1) Determine the roles, mission, and major objectives of the hospital, 2) Determine major institutional policies, 3) Approve hospital organization and major authority delegation patterns, 4) Select, appoint and evaluate the Chief Executive Officer, and 5) Maintain a qualified medical staff.

Applications in the form of resumes and/or letters of interest with qualifications should be submitted no later than noon, on **Friday, November 1, 2019**. Applicants should indicate whether they are applying for the joint appointment that requires City of Titusville confirmation, the Board of County Commissioners appointment, or have no preference with regard to appointment. The Brevard County Board of County Commissioners will make their selection at the regular meeting on November 19, 2019 and the City of Titusville will take action on the jointly appointed position at their December 10, 2019 meeting.

Additionally, as part of the application process the Board of County Commissioners requires each applicant to answer, in writing each of the following questions:

1. What do you feel the public's rights are in observing, monitoring and participating in the activities of the Hospital Board, and particularly the expenditure of funds?
2. What is your philosophy on how citizen boards for publicly owned facilities should conduct their business?
3. Have you ever served on a hospital board or any other board of directors?
4. Do you have any experience reviewing corporate or governmental budgets?
5. Do you have any business affiliation with individuals or organizations in the medical community?
6. Are you now, or have you ever been employed at Parish Medical Center?
7. Do you have any medical business or employment experience?

Please submit all application materials to the following address:

Office of the County Manager
 2725 Judge Fran Jamieson Way, Bldg. C, Room G301
