No

Please explain your interests and experiences.

I have always been an advocate for the importance of public parks and recreational programs in fostering vibrant, connected communities. Whether it's through organizing local sports events, volunteering for environmental clean-ups, or simply enjoying the natural beauty of the parks in our area, I believe that parks play a central role in improving the quality of life for all residents. I am eager to be a part of the efforts that shape the future of parks and recreation in North Brevard County, ensuring they remain accessible, sustainable, and enjoyable for generations to come. Additionally, I have a strong passion for enhancing community spaces and creating environments that promote health, recreation, and connection among residents. My background in Environmental, Safety and Health has equipped me with the skills and knowledge necessary to contribute meaningfully to the mission of the Commission.

Please explain your background, including education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and how this applies to the function of the Board, Council or Committee that you are interested in serving on.

I retired from the Air Force after 20 years of service, during which I developed strong leadership skills and the ability to manage diverse teams effectively. Currently, I work for Lockheed Martin as an Environmental Safety and Health professional, where I contribute to ensuring a safe and sustainable work environment. Earlier in my career, I was selected to be part of the Student Conservation Association (SCA), where I worked in Acadia National Park in Maine. The SCA's mission to inspire lifelong environmental stewardship and develop the next generation of conservation leaders deeply resonates with my values. Additionally, I was a member of the Bream Fishermen's Association in Pensacola, Florida, a not-for-profit organization dedicated to promoting environmental conservation and outdoor recreation. The organization focuses on improving environmental quality, preserving natural habitats, advancing wildlife and marine conservation, and providing environmental outreach and education. These experiences have cultivated my expertise in environmental stewardship, leadership, and community engagement, making me well-suited to contribute effectively to the Board, Council, or Committee I am interested in serving on. I am currently a member of the Scottsmeer Community Association.

Brevard County Board of County Commissioners strives to promote diversity and provide reasonable accommodations for individuals with disabilities. If you are requesting an accommodation, please indicate below.
