Tammy.Rowe@brevardclerk.us

August 3, 2018

MEMORANDUM

TO: Virginia Barker, Natural Resources Management Director

RE: Item L.1., Florida Department of Emergency Management, Hazard Mitigation Grant Program Funds

The Board of County Commissioners, in regular session on August 2, 2018, authorized the Chair to execute the hazard mitigation grant documents to be sent to the Florida Department of Emergency Management by August 6, 2018.

Your continued cooperation is greatly appreciated.

Sincerely yours,

BOARD OF COUNTY COMMISSIONERS
SCOTT ELLIS, CLERK

Tammy Rowe

Tammy Rowe, Deputy Clerk

THIS SECTION FOR STATE USE ONLY

FEMA-____-DR-FL ☐ **Standard HMGP** ☐ **5% Initiative Application** ☐ **Application Complete**
☐ **Initial Submission or** ☐ **Re- Submission**

Support Documents
☐ **Conforms w/ State 409 Plan**
☐ **In Declared Area**
☐ **Statewide**

Eligible Applicant
☐ **State or Local Government**
☐ **Private Non-Profit (Tax ID Received)**
☐ **Recognized Indian Tribe or Tribal Organization**

Project Type(s)
☐ **Wind**
☐ **Flood**
☐ **Other:**

Community NFIP Status: (Check all that apply)
☐ **Participating Community ID#:_____**
☐ **In Good Standing** ☐ **Non-Participating** ☐ **CRS**

LMS Ranking: _____
County: _____

State Application ID: _____

(TIME-DATE STAMP HERE)

This application is for all Federal Emergency Management Agency (FEMA Region IV) Hazard Mitigation Grant Program (HMGP) proposals. Please complete ALL sections and provide the documents requested. If you require technical assistance, please contact the Florida Division of Emergency Management at **DEM_HazardMitigationGrantProgram@em.myflorida.com.**

Section I – Applicant

A. Applicant Instruction: Complete all sections that correspond with the type of proposed project

Application Sections I-IV:	*All* Applicants must complete these sections
Environmental Review:	*All* Applicants must complete these sections
Maintenance Agreement:	*Any* Applications involving public property, public ownership, or management of property
Flood Control – Drainage Improvement Worksheet:	*Acquisition, Elevation, Dry Flood proofing, Drainage Improvements, Flood Control Measures, Floodplain and Stream Restoration, and Flood Diversion* ***– one worksheet per structure***
Generator Worksheet:	*Permanent, portable generators, and permanent emergency standby pumps*
Tornado Safe Room Worksheet:	*New Safe Room, Retrofit of existing structure, Community Safe Room, Residential Safe Room*
Hurricane Safe Room Worksheet:	*New Safe Room, Retrofit of existing structure*
Wind Retrofit Worksheet:	*Wind Retrofit projects only – one worksheet per structure*
Wildfire Worksheet:	*Defensible Space, Hazardous Fuels Reduction, Ignition Resistant Construction, other*
Drought Worksheet:	*Aquifers, other*
Request for Public Assistance Form:	FEMA Form 90-49 (Request for Public Assistance): *All* applicants must complete, if applicable.
Acquisition Forms:	If project type is Acquisition, these forms must be completed. (Only one of the two *Notice of Voluntary Interest* forms is necessary.) *Model Statement of Assurances for Property Acquisition Projects* *Declaration and Release* *Notice of Voluntary Interest (Town Hall Version)* *Notice of Voluntary Interest (Single Site Version)* *Statement of Voluntary Participation* *FEMA Model Deed Restriction Language*
Application Completeness Guidance / Checklist :	All applicants are recommended to complete this checklist and utilize the guidance for completing the application.

B. Applicant Information:

FEMA-4337-DR-FL **DISASTER NAME: Hurricane Irma**

Title/Brief Descriptive Project Summary: Mud Lake Acquisition for West Cocoa drainage improvements-Phase 1

1. Applicant (Organization): **Brevard County Board of Commissioners**
2. Applicant Type: ☒ State or Local Government ☐ Native American Tribe ☐ Private Non-Profit ☐ Special District
3. County: **Brevard**
4. State Legislative Senate District(s): **51**; State Legislative House District(s): **14** ; Congressional House District(s): **8** House
5. Federal Tax I.D. Number: **59-6000-523**
6. Data Universal Numbering System (DUNS): **106520666**
7. Federal Information Processing Standards (FIPS) Code*: **12009** *(*if your FIPS code is not known, see guidance)*
8. National Flood Insurance Program (NFIP) Community Identification Number: **125092**
   (this number can be obtained from the FIRM map for your area)
9. **Point of Contact:** (Person serving as the coordinator of project)

   ☐Ms. ☐Mr. First Name: **TBD** Last Name: _____
   Title: _____
   Address: _____
   City: _____ State: _____ Zip Code: _____

    Signature: _____

    Date: 8/2/2018
12. Local Mitigation Strategy (LMS) Compliance
    a. All proposed projects must be included in the county's Local Mitigation Strategy (LMS) Project List, and on file with FDEM's Mitigation Bureau Planning Unit. Does your jurisdiction have a current FEMA Approved Mitigation Plan and this project is listed? ☒ Yes ☐ No
    b. Attached is a letter of endorsement for this project from the county's LMS Coordinator. ☒ Yes ☐ No
    Ensure the LMS endorsement letter contains both the Total Estimated Projects Cost (Section IV. D.), along with the Estimated Federal Share (Section IV. E.1.) allocated to this project.
    c. The LMS project list and endorsement letter both have an estimated cost column and Federal Share amount that is within $500.00 between the two ☒ Yes ☐ No
13. Has this project been submitted under a previous disaster event? ☒ No
    ☐ Yes, please provide the disaster number and project number (as applicable): _____

Section II – Project Description

A. Hazards to be Mitigated / Level of Protection

1. Select the type of hazards the proposed project will mitigate:
   ☒ Flood ☐ Wind ☐ Storm surge ☐ Wildfire ☐ Other *(list):* _____

2. Identify the type of proposed project:
   ☐ Elevation and retrofitting of residential or non-residential structure
   ☒ Acquisition and Relocation ☒ Acquisition and Demolition
   ☐ Wind retrofit ☒ Drainage project that reduces localized flooding
   ☐ Generator ☐ Other (please explain) _____

3. List the total number of persons that will be protected by the proposed project (*include immediate population affected by the project only*):

   >168

4. List how many acres of "Total Impacted Area" is to be protected by the proposed project (*include immediate area affected by the project only*):

   >50.69

5. Fill in the level of protection and the magnitude of event the proposed project will mitigate. *(e.g. 23 structures protected against the 100-year storm event (1% chance)*

   89 structure(s) protected against the **10 to 100** -year storm event *(10, 25, 50, 100, or 500 year storm event)*

   _____ structure(s) protected against _____ mile per hour (mph) winds

6. Check **all** item(s) the project may impact:
   X Wetlands ☐ Water Quality ☐ Previously Undisturbed Soil
   X Floodplain ☐ Coastal Zone ☐ Toxic or Hazardous Substances
   ☐ Historic Resources ☐ Fisheries ☐ Threatened & Endangered Species
   ☐ Vegetation Removal ☐ Public Controversy ☐ Potential for Cumulative Impacts
   X Health & Safety ☐ Other _____

7. ***Engineered projects:*** *If* your project has been already designed and engineering information is available, please attach to your application **ALL** calculations, H&H study and design plans (e.g. Drainage Improvement, Erosion Control, or other special project types). ☒ No ☐ Yes If so, see Attachment #(s) _____.

B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

Describe, in detail, the existing problem, the proposed project, and the scope of work. Explain how the proposed project will ***solve*** the problem(s) and provide the level(s) of protection described in Part A. Also, if available, attach a vendor's estimate and/or a contractor's bid for the scope of work. ***Please ensure that each proposed project is mitigation and not maintenance***.

1. Describe the existing problems:

   Stormwater during Hurricane Irma and an Unnammed Storm in October 2017 again caused severe flooding (yard, street, and structure) throughout the West Cocoa watershed as shown in the Photogrpahs of Exhibit A.

   Hurricane Matthew caused flooding of roads and yards in many locations within the "West Cocoa" watershed (which is over twelve square miles in size). Some of the most severe flooding ocurred along Cox Road, which is an important collector road connecting SR520 on the south to SR524 on the north. Many businesses are located on the west side of Cox Road, and a few businesses and several homes are located on the east side of Cox Road. During Hurricane Matthew, stormwater built up on the west side of Cox Road, flooded yards and driveways of the businesses. Exhibit B provides photographs documenting the flooding associated with Hurricane Matthew.

   In addition to the businesses that flooded during Hurricane Matthew, stormwater during Tropical Storm Fay in 2008 caused severe inundation throughout the West Cocoa watershed. The inadequate capacity of the existing culverts along Pluckebaum Road, Range Road, and Cox Road contributed to the flooding of over 80 homes, 10 businesses, the County's Public Works/Public Safety facility on Lake Drive, and several pasture areas. Photographs in Exhibit B show the severity of the flooding.

   The entire West Cocoa area was also severely flooded by Hurricane Wilma in 2005, and it appears that the flood levels during Wilma were very similar to the flood levels during Fay. Exhibit B also includes photographs of flooding during Wilma. It is estimated that Tropical Storm Fay rained 13.5 inches over 4 days (approximately a 25-year 4-day storm) and Hurricane Wilma rained 7.6 inches in 18 hours (approximately a 20 to 25-year event).

   In addition to Fay and Wilma, it is estimated that Tropical Storm Gordon in November 1994 rained 8.5 inches over 29 hours, the majority of which (6 inches) fell in 12 hours (approximately a 10 year storm event). Photographs and detailed water level measurements of the flooding from Tropical Storm Gordon are not available, but based on comparing the Public Works Department's records of citizen phone calls at that time to the recently surveyed finished floor data, the number of buildings that were flooded by Gordon may have equaled or exceeded the number that were flooded by Fay.

   This record of four devastating area-wide floods in a 14 year period (November 1994 to August 2008) prior to Hurricane Irma make it clear that the major flood frequency of this area (less than 5 years) is much shorter than the calculated frequency of varous rainfall events.

   Table B-1 in Exhibit B summarizes the date, time and address of the citizen phone reports of flooding in the area, along with finished floor and garage elevations for those specific addresses. The phone calls that related specifically to the Cox Road project area and flooded streets are shown in blue font, and to provide context the phone calls received from homes in the benefit area of the County's other project area (Pluckebaum & Range Road) are shown in black font.

   Exhibit E is a survey drawing showing the finished floor and garage ("low floor") elevations for all buildings in and near the project area. Table E-1 summarizes the surveyed elevations and calculates the depth of flooding for each building.

2. Describe the type(s) of protection that the proposed project will provide:

   stucture flooding protection by Acquisition of vacant land to support a future engineered flood mitigation project

3. Scope of Work (describe in detail what you are planning to do):

   Acquisition of property

4. Describe any other on-going or proposed projects in the area that may impact, positively or negatively, the proposed HMGP Project:

   West Cocoa Floodprone Property Acquisition could address structure flooding for 27 of the 116 properties (13 of the 31) descibed in response to II.B.5 (below) that responded to our certified mailing requesting an indication of interest to participate in an acquisition and demolition project.

5. Describe the purpose and need for the proposed project:

The subdivisions located along Gray Road north of Lake Drive experience road, lot, and property flooding during significant storm events due to low elevation. After all recommended drainage improvements excluding acquisition have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. The project consists of reducing the 100y/24hr event stage ~0.7 ft by aquiring several floodplain easements on the first 5 undeveloped properties known as Mud Lake so that future weir modifications can be implemented to mitigate 100y/24hr event flooding for 85 of the 116 properties, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s). The remaining 31 of 116 are estimated to experience a flood stage reduction that is not sufficient to prevent structure flooding following the Mud Lake Acquisition for West Cocoa Drainage improvements. Also, see response to B.1 (above)

Section III – Project Location *(Fully describe the location of the proposed project.)*

A. Site

1. Describe the physical location of this project, including street numbers (or neighborhoods) and project site zip code(s). Provide precise longitude and latitude coordinates for the site utilizing a hand-held global positioning system (GPS) unit or the equivalent:

   Location: **Unincorporated areas west of the City of Cocoa. See Exhibit C**
   Address(s): **See Exhibit C**
   GPS coordinates (decimal degree format): **28.360763, -80.769996**
   Project Zip Code(s): **32926**

2. Title Holder: **See Exhibit C**

3. Is the project site seaward of the Coastal Construction Control Line (CCCL)? ☐ Yes ☒ No

4. Provide the number of each structure type (listed below) in the project area that will be affected by the project. Include ***all*** structures in project area.

   ☒ Residential property: 27 ☐ Public buildings: ____
   ☐ Businesses/commercial property: ____ ☐ Schools/hospitals/houses of worship: ____
   ☐ Other: ____

B. Flood Insurance Rate Map (FIRM) Showing Project Site

1. ☒	Attach one (1) copy of the FIRM map, a copy of the panel information from the FIRM, and, if available, the Floodway Map. ***FIRM maps are required for this application (if published for your area). Also, all attached maps must have the project site and structures clearly marked on the map.*** FIRMs are typically available from your local floodplain administrator who may be located in a planning, zoning, or engineering office. Maps can also be ordered from the Map Service Center at 1-800-358-9616. For more information about FIRMs, contact your local agencies or visit the FIRM site on the FEMA Web-page at https://msc.fema.gov/portal.	
2. Using the FIRM, determine the flood zone(s) of the project site (Check all zones in the project area) *(See FIRM legend for flood zone explanations) (A Zone must be identified)*		
☐	VE or V 1-30	☐ AE or A 1-30
☐	AO or AH	☐ A (no base flood elevation given)
☒	B or X (shaded)	☐ C or X (unshaded)
☐	Floodway	☐
☐	Coastal Barrier Resource Act (CBRA) Zone (Federal regulations strictly limit Federal funding for projects in this Zone; please coordinate with your state agency before submitting an application for a CBRA Zone project).	
3. ☐	**If the FIRM Map for your area is not published**, please attach a copy of the Flood Hazard Boundary Map (FHBM) for your area, with the project site and structures clearly marked on the map.	
4. ☐	Attach a copy of a Special Flood Hazard Area Flood Insurance Assurance(s).	

C. City or County Map with Project Site and Photographs

1. ☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the project site and structures marked on the map.
2. ☒ Attach a USGS 1:24,000 TOPO map with project site ***clearly*** marked on the map.
3. ☒ For **acquisition** or **elevation** projects, include copy of Parcel Map (Tax Map, Property Identification Map, etc.) showing each property to be acquired or elevated. Include the Tax ID numbers for each parcel, and Parcel information – including year built and foundation.
4. ☒ Attach photographs (at a minimum 4 photographs) for each project site per application. The photographs should be representative of the project area, including any relevant streams, creeks, rivers, etc. and drainage areas that affect the project site or will be affected by the project, and labeled. For each structure, please include the following angles: front, back and both sides.

Section IV – Budget/Costs

In this section, provide details of all the estimated costs of the project. As this information is used for the Benefit-Cost Analysis, reasonable cost estimates are essential. Contingency Cost should be included as a line item in the budget section and justified. Recommended range is 1 to 5%. ***Avoid the use of lump sum costs.***

A. Materials

Item	Unit	Quantity	Cost per Unit	Cost
			Sub-Total	**$0.00**

B. Labor *Include equipment costs. Please indicate all "soft" or in-kind matches (**).*

Description	Hours	Rate	Cost
		Sub-Total	**$0.00**

C. Fees Paid Include any other costs associated with the project.

Description of Task	Hours	Rate	Cost
Cost Estimate provided as Exhibit C	1	$817,464.00	$817,464.00
		Sub-Total	**$817,464.00**

D. Total Estimated Project Cost **$817,464.00**

Note: *To be eligible for HMGP funding, pre-award costs must be identified as separate line items in the cost estimate of the application. This must be done in addition to filling out the HMGP Pre-Award Cost Request Form, submitted with application. Mark each Pre-Award cost with an* ***asterisk (*)****; and In-kind services with* ***double asterisk (**)****; All In-kind match must be identified in the Section IV.B and D – Funding Sources).*

E. Funding Sources (round figures to the nearest dollar)

The maximum FEMA share for HMGP projects is 75%. The other 25% can be made up of State and Local funds as well as in-kind services. HMGP funds may be packaged with other Federal funds, but other Federal funds (except for Federal funds that lose their Federal identity at the State level, such as CDBG, and certain tribal funds) may not be used for the Non-Federal share of the costs.

1.	***Estimated Federal Share***	$613,098.00	75 % of Total	(Maximum 75%)
2.	***Non-Federal Share***			
3.	Estimated Local Share	$204,366.00	25 % of Total	(Cash)
4.			% of Total	(In-Kind**)
5.			% of Total	(Global Match***)
6.	***Other Agency Share*** *(Identify Non-Federal Agency and availability date)*		% of Total	
7.	***Total Funding sources from above***	**$817,464.00**	**100.00%** ***Total***	(Equals 100%)

**☐ Identify proposed eligible activities directly related to project to be considered for In-Kind services in Section IV.B. Labor.

***☐ Separate project applications must be submitted for each Global Match project.

Global Match Project Number and Title: _____

F. Project Milestones/Schedule of Work

List the major milestones in this project by providing an estimate time-line for the critical activities not to exceed a period of 3 years of performance. ***(e.g. Designing, Engineering, Permitting, etc.)***

Milestone(s)	***Number of Days to Complete***
Final Award Notice and Grant Application Packet Updates	180
State Contracting Process	180
Acquisition	365
Total	1,090 **Days**

Section V. Environmental Review and Historic Preservation Compliance

(NOTE: This application cannot be processed if this section is not completed.)

Because the HMGP is a federally funded program, all projects are required to undergo an environmental and historic preservation review as part of the grant application process. Moreover, all projects must comply with the National Environmental Policy Act (NEPA) and associated Federal, State, Tribal, and Local statutes to obtain funding. **NO WORK can be done prior to the NEPA review process. If work is done on your proposed project before the NEPA review is completed, it will NOT be eligible for Federal funding.**

A. The following information is required for the Environmental and Historic Preservation review:

All projects must have adequate documentation to determine if the proposed project complies with NEPA and associated statutes. The State Environmental Staff provide comprehensive NEPA technical assistance for Applicants, with their consent, to complete the NEPA review. The type and quantity of NEPA documents required to make this determination varies depending upon the project's size, location, and complexity. However, at a minimum, please provide the applicable documentation from this section to facilitate the NEPA compliance process.

1. ☒ Detailed project description, scope of work, and budget/costs (Section II and Section IV of this application).
2. ☒ Project area maps (Section III, part B & C of this application)
3. ☒ Project area/structure photographs (Section III, part C of this application).
4. ☒ Preliminary project plans.
5. ☒ Project alternatives description and impacts (Section V of the application).
6. ☒ Please complete the applicable project worksheets.
   Documentation showing dates of construction are required for all structures.
7. ☒ Environmental Justice – Attach documents regarding evaluation (required) and satisfactory resolution (if necessary) of Environmental Justice issues (Highly Disproportionate, Adverse Impact (effects) on Minority or Low Income Population). Documents can include public meeting records, media reports letters from interested persons and groups, studies on population, ethnic groups, quality of life, housing, economics, transportation, public services, schools, public health, recreation, voting, etc.
8. ☒ Provide any applicable information or documentation referenced on the *Information and Documentation Requirements by Project Type* below.

B. Executive Order 12898; Environmental Justice for Low Income and Minority Population:

1. Are there low income or minority populations in the project area or adjacent to the project area?
   ☐ No ☒ Yes; please describe any disproportionate and adverse effects to these populations:

   _____

2. To help evaluate the impact of the project, please indicate below any other information you are providing.
   ☒ Description of the population affected and the portion of the population that would be disproportionately and adversely affected. Please include specific efforts to address the adverse impacts in your proposal narrative and budget.

   _____

3. ☒ Attached materials or additional comments: Please include pdf documentation from the US Census Quick Facts and American Factfinder's website of the project area (http://www.census.gov/).

   _____

C. Tribal Consultation *(Information Required)*

Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies to take into account the effect of their undertakings on historic properties. The NHPA requires that agencies must complete this process prior to the expenditure of any Federal funds on the undertaking. A Tribal Consultation is required for any project disturbing ground or moving soil, including but not limited to: drainage projects; demolition; construction; elevation; communication towers; tree removal; utility improvements.

1. Describe the current and future use of the project location. A land use map may be provided in lieu of a written description.

   Current use is residential and future use vacant land restricted to flood plain.

2. Provide information on any known site work or historic uses for project location.

   Hsitorical use has been residential

   ☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the horizontal limits (feet) and vertical depths (square feet) of all anticipated ground disturbance of 3 inches or more.

D. Alternative Actions *(Information Required)*

The NEPA process requires that at least two alternative actions be considered that address the same problem/issue as the proposed project. In this section, list **two feasible** alternative projects to mitigate the hazards faced in the project area. One alternative is the "No Action Alternative".

1. No Action Alternative

Discuss the impacts on the project area if no action is taken.

If no action is taken, the project area will continue to be at risk of inundation during another flood event. Residents will continue to face the prospect of severe street, yard, and structure flooding, with the probability of failed sewer service and possibly failed electric and phone service as a result of the flooding every five years – or more often. continue . Streets which were overtopped or totally submerged during past storms, could again be flooded, requiring expensive police and traffic management during the flood, and major repairs afterwards. The streets will continue to deteriorate into potholes as a result of the damage caused by saturation of the road base from the prolonged standing water.

2. Other Feasible Alternative

Describe a feasible alternative project that would be the next best solution if the primary alternative is not accomplished. This could be an entirely different mitigation method or a significant modification to the design of the current proposed project. Please include a Scope of Work, engineering details (if applicable), estimated budget and the impacts of this alternative. Complete *all* of parts **a-e** (below).

a. Project Description for the Alternative

Describe, in detail, the alternative project, and explain how the alternative project will solve the problem(s) and/or provide protection from the hazard(s). Also, provide pros and cons for this alternative and a reason for why it was not selected.

This project (including future phases) addresses property flooding that is not already addressed through considered/planned engineering solutions and based on the estimated fair market value of these homes, the acquisition and demolition (alternative) of all 85 homes is more costly ($13.9M) without taking into account appraisal, survey, closing and demolition than this project ($3.2M) combined with acquisition and demolition or elevation of up to 31 properties ($4.9M). See Exhibit F.

b. Project Location of the Alternative (*describe briefly, if different from proposed project*)

See Exhibit F

☒ Attach a map or diagram showing the alternative site in relation to the proposed project site (*if different from proposed project*)

c. Scope of Work for Alternative Project

Acquisition and Demolition.

d. Impacts of Alternative Project

Discuss the impact of this alternative on the project area. Include comments on these issues as appropriate: Environmental Justice, Endangered Species, Wetlands, Hydrology (Upstream and Downstream Surface Water Impacts), Floodplain/Floodway, Historic Preservation and Hazardous Materials.

None

e. Estimated Budget/Costs for Alternative Project

In this section, provide details of all the estimated costs of the alternative project (round figures to the nearest dollar). A lump sum budget is acceptable.

Materials:	
Labor:	
Fees:	$13,912,466.00
Total Estimated Project Cost:	**$13,912,466.00**

HMGP ENVIRONMENTAL REVIEW

Information and Documentation Requirements by Project Type

Retrofits to Existing Facilities/Structures ***Elevations*** ***Acquisitions with Demolition***
✓ Dates of Construction ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance ✓ Structure photographs
Drainage Improvements
✓ Engineering plans/drawings ✓ Permit or Exemption letter to address any modifications to water bodies and wetlands o Department of Environmental Protection o Water Management District o U.S. Army Corps of Engineers ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance. ✓ Concurrence from U.S. Fish and Wildlife addressing any impacts to wildlife, particularly endangered and threatened species and their habitats. ✓ If the project is in a coastal area, attach a letter from the National Marine Fisheries Service addressing impacts to marine resources. ✓ Concurrence from Natural Resource Conservation Service if project is located outside city limits and may impact prime or unique farmland. ✓ Concurrence from your Local Floodplain Manager – if project is located in a floodplain.

Note: This is a general guideline for most projects. However, there will be exceptions. Consult with state environmental staff on project types not listed.

Section VI – Maintenance Agreement

All applicants whose proposed project involves the retrofit or modification of existing public property or whose proposed project would result in the public ownership or management of property, structures, or facilities, must first sign the following agreement prior to submitting the application to FEMA.

(NOTE: Those applicants whose project only involves the retrofitting, elevation, or other modification to private property where the ownership will remain private after project completion DO NOT have to complete this form.)

The Board of County Commissioners of Brevard County, State of Florida, hereby agrees that if it receives any Federal aid as a result of the attached project application, it will accept responsibility, at its own expense if necessary, for the ***routine*** maintenance of any real property, structures, or facilities acquired or constructed as a result of such Federal aid. Routine maintenance shall include, but not be limited to, such responsibilities as keeping vacant land clear of debris, garbage, and vermin; keeping stream channels, culverts, and storm drains clear of obstructions and debris; and keeping detention ponds free of debris, trees, and woody growth.

The purpose of this agreement is to make clear the Sub-recipient's maintenance responsibilities following project award and to show the Sub-recipients acceptance of these responsibilities. It does not replace, supersede, or add to any other maintenance responsibilities imposed by Federal law or regulation and which are in force on the date of project award.

Signed by Rita Pritchett the duly authorized representative

HMGP Application Completeness Guidance/Checklist

This guidance/checklist contains an explanation, example and/or reference for information requested in the application. Please use this list to assure your application is complete and includes the required information for HMGP projects. The appropriate documentation must also be attached. It is important to note that this list is similar to the form that will be used during the application sufficiency review by the HMGP staff.

Project Title: Mud Lake Acquisition for West Cocoa drainage improvements- Phase 1

Applicant: Brevard County Board of Commissioners

Application Information	Explanation of Information Required	✓
Section I		
B. Applicant Information		
FEMA___-DR-FL	Type in the four digit number FEMA assigned to the disaster that this application is being submitted under. (Example: 4337, 4283)	☒
DISASTER NAME	Type in the Disaster name. (Example: Hurricane Irma, Tropical Storm Fay)	☒
Title/Brief Descriptive Project Summary	The project title should include: 1) Name of Applicant, 2) Name of Project, 3) Type of Project. (Example: City of Tallahassee, City Hall Building, Wind Retrofit)	☒
1. Applicant	Name of organization applying. Must be an eligible applicant.	☒
2. Applicant Type	State or local government, recognized Native American tribe, or private non-profit organization. If private non-profit, please attach documentation showing legal status as a 501(C). (Example: IRS letter, Tax Exempt Certificate)	☒
3. County	Indicate county in which the project is located.	☒
4. State Legislative and Congressional District(s)	Specify the appropriate State Senate, House and Congressional District code for the project site. For multiple sites, please list codes for each site. http://www.myfloridahouse.gov/sections/representatives/myrepresentative.aspx	☒
5. Federal Tax I.D. Number	List the Federal Employer's Identification Number (FEIN) number, also known as Federal Tax Identification number, 9-digit code. May be obtained from your finance/accounting department.	☒
6. DUNS Number	Include Data Universal Numbering Standard (DUNS) number in appropriate location on application. If none, please refer to HMGP FAQ's in Application Reference Material for instructions on obtaining a DUNS number. www.usaspending.gov	☒
7. FIPS Code	List the Federal Information Processing Standard (FIPS) Code. May be obtained from your finance/accounting/grants department. If none, please submit FEMA Form 90-49.	☒
8. NFIP ID Number	List the National Flood Insurance Program (NFIP) number. You must be a participating NFIP member to be eligible for HMGP funding. Please make sure that the number is the same as the panel number on the FIRM provided with the application.	☒
9. Point of Contact	Please provide all pertinent information for the point of contact. This person serves as the coordinator of the project. If this information changes once the application is submitted, please contact the HMGP staff immediately.	☐
10. Application Prepared By	Please provide the preparer information. May be different from the point of contact (line 9) and/or the applicant's agent (line 11).	☒
11. Authorized Applicant Agent	An authorized agent must sign the application. *"An authorized agent is the chief elected official of a local government who has signature authority, so for a county it would be the Chairman of the Board of County Commissioners and for a municipality it would be the Mayor (the exact title sometimes varies). Any local government may delegate this authority to a subordinate official (like a City or County Manager) by resolution of the governing body (the Board of County Commissioners or Board of City Commissioners). If a local government delegates signature authority, a copy of the resolution by the governing body authorizing the signature authority for the individual signing must be provided."*	☒
12. LMS Compliance	a) LMS Project List:	☒

	All proposed projects must be included in the county's Local Mitigation Strategy (LMS) Project List and must be on file with FDEM's Mitigation Bureau Planning Unit. b) LMS Endorsement Letter All proposed projects must include an endorsement letter from the county's Local Mitigation Strategy Coordinator. You may use 1 letter as long as it includes every proposed project. c) Estimated Costs & Application Costs: The LMS Project List must include an Estimated Cost column and each HMGP project application must be within $500.00 of that Project List's estimated cost. Also ensure that the Federal Cost Share indicated on the LMS Coordinator's Endorsement Letter exactly matches the Federal Cost Share indicated within the application. Ensure the LMS endorsement letter contains both the Total Estimated Projects Cost (Section IV. D.), along with the Estimated Federal Share (Section IV. E.1.) allocated to this project. A letter of endorsement for the project and its priority number from the Local Mitigation Strategy must be included. Refer to **Sample LMS Letter**. Applications without a letter of endorsement will not be processed. *(44 CFR 201.6 Local Mitigation Plans)*	
13. Previous Submittal	If the project has been previously submitted under another disaster, provide the disaster number, the project number, and the title of the project.	☐

Section II - Project Description

A. Hazards to be Mitigated/Level of Protection

1. Type of Hazards	**Type of Hazards the Proposed Project will Mitigate**: Identify the hazard(s) that the proposed project will mitigate. More than one hazard may be selected.	☒
2. Identify the Type of Project	**Identify the Type of Proposed Project**: Describe the mitigation project being proposed. (Example: drainage, wind retrofit, generator etc.)	☒
3. Number of Persons Protected	Explain how many people will be protected by or benefit from the proposed project. (Example: A drainage project improving a residential area of 23 homes, with an average household of 2 people = 46 people)	☒
4. Total Impacted Area	Explain how many acres will be impacted from the proposed project: Drainage/Berm/Pond/Culverts/Flood hazard projects: combination of the area to be protected and ground disturbance must not exceed 25 acres.	
5. Level of Protection	Specify the level of protection and magnitude of the event the proposed project will mitigate. Attach support documentation that verifies the stated level of protection. (Example: In a wind retrofit project, it will be the design wind speed to comply with the Florida Building Code requirements. In a drainage project, it will be the implemented design level, e.g. a 25-year FDOT design standard for culvert.)	☒
6. Project Impact	Identify **all** the items the project may impact or are within the project area.	☒
7. Engineered Projects (e.g. Drainage)	Include available engineering calculations, studies, and designs for the proposed project showing results from applied Recurrence Interval scenarios before and after mitigation. (Number of structures, building replacement value, depth of the water, structural damages, content damages, displacement, road closures, etc.)	☒

B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

1. Existing Problem	Describe the existing problem, location, source of the hazard, and the history and extent of the damage. Include newspaper articles, insurance documentation, photographs, etc. If this project is eligible for PA (406) mitigation activities, please describe the 406 activities.	☒
2. Type of Protection	Determine how the funding will solve the existing problem and provide protection.	☒
3. Scope of Work:	**What the Project Proposes to Do**: Determine the work to be done. The scope of work must meet eligibility based on HMGP regulations and guidance. Explain how the proposed problem will be solved. (NOTE: The proposed project must be a mitigation action, not maintenance.) *Does the proposed project solve a problem independently or constitute a functional part of a solution where there is assurance that the project as a whole will be completed (44 CFR 206.434[c][4])? Does the proposed project address a problem that has been repetitive or that poses a*	☒

	significant risk to public health and safety if left unresolved (44 CFR 206.434[c][5][i])? Projects that merely identify or analyze hazards or problems are not eligible. **See Sample Scope of Work Language** in HMGP Application Reference Material. Generators should not be included in the scope of work unless said generator only powers the mitigation element or is for a critical facility.	
4. On-Going or Proposed Projects in the Area	Determine if other projects, zoning changes, etc. are planned (particularly in the same watershed if flooding is being addressed) that may negatively or positively impact the proposed project. If there is a drainage project or downstream issue elsewhere, it may eliminate the current flooding issue, erasing the need for the proposed project. Response applies to drainage and acquisition projects. N/A is appropriate in wind retrofit shutter projects only. If this project is also being considered under the Public Assistance Program (406), please describe in detail the 406 mitigation activities and/or services. Do not include project costs associated with the above referenced HMGP application.	☒
5. Purpose / Need	Describe the purpose and need for the proposed project.	☒

Section III - Project Location

A. Site

1. Physical Location	List the physical location of the project site(s) including the street number(s), zip code(s) and GPS coordinates (latitude/longitude, in decimal degrees). The physical address must correspond with the address locations specified on maps submitted with the application.	☒
2. Title Holder	Provide the titleholder's name.	☒
3. Project Seaward of the CCCL?	Determine if the project site is located seaward of the Coastal Construction Control Line. https://floridadep.gov/water/coastal-construction-control-line	☒
4. Number and Types of Structures Affected	Specify the number and type of properties affected by the project. (Example: Drainage project that affects 100 homes, 15 businesses and 2 schools.) What does the project protect? Should have a number next to the box that is checked. (See Section II, Item A.4 – detail of these totals)	☒

B. Flood Insurance Rate Map (FIRM) Showing Project Site

1. Copies of FIRM	Attach a copy (or copies) of the FIRM and clearly identify the project site. The FIRM Panel number must be included. To obtain a FIRM map, go to https://msc.fema.gov/portal. **See instructions on How to make a FIRMette.**	☒
2. Flood Zone Determination	Specify the flood zone(s) of the project site(s). **If project is located in a Special Flood Hazard Area, proof of flood insurance will need to be provided. Amount of coverage must be equal to or greater than the amount of Federal mitigation funding obligated to the project.**	☒
3. Flood Hazard Boundary Map (FHBM)	Not required if a copy of the FIRM is attached.	☒

C. City or County Map with Project Site and Photographs

1. City/County Map with Project Site	The project site and staging location (if applicable) should be clearly marked on a legible City/County map. The map should be large enough to show the project site. More than one map may be required.	☒
2. USGS TOPO with Project Site	The project site should be clearly marked on a legible USGS 1:24,000 TOPO map. To obtain a TOPO map, go to http://www.Digital-Topo-Maps.com	☒
3. Parcel/Tax Map	A Parcel, Tax or Property Identification map is required only for acquisition and elevation projects. The location of the structure must be clearly identified.	☒
4. Site Photographs	At least four photographs are required that clearly identify the project site. The photos must be representative of the project area, including any relevant streams, creeks, rivers, etc., and drainage areas that affect the project site or will be affected by the project. The front, back and both side angles are required for each structure. For acquisition and elevation projects, a photo taken away from the structure (in front toward the street, and in back toward backyard) to show the area along with photographs of specific elements of the structure affected by the project (windows for shutters or window replacements) should also be provided. Please label photographs appropriately. In addition, CDs may be submitted.	☒

Section IV - Budget/Costs

Please make sure all calculations are correct. Provide a breakdown of materials, labor and fees paid for the proposed project. Support documentation must be attached, i.e. vendor's quote, professional estimate (from engineer, architect, local building official, etc.). The proposed budget line items should represent allowable costs associated with the scope of work. Contingency Cost should be included as a line item in the budget section, and justified. Recommended range is 1 to 5%. It is required to complete this section; it will be used for the Benefit-Cost Analysis (BCA). Costs should be accurate, complete and reasonable compared to industry standards. Make sure the total cost is correct on the entire application.

A. Materials	Describe the cost of materials. Provide breakdown.	☒
B. Labor	Provide a breakdown of description, hours, rate, and cost or lump sum labor cost. Can use in-kind contribution as part of the 25% match. (Attach support documentation for in-kind match to detail wages and salaries charged for any in-kind contribution. No overtime wages can be used to satisfy in-kind match contributions).	☒
C. Fees Paid	Provide a breakdown of associated fees i.e., consultants, studies, engineering, permits, and project management. Maintenance is not an allowable cost under HMGP. *Pre-award costs may be requested* **(See Pre-award Costs guidance).**	☒
D. Total Estimated Project Cost	Please make sure all calculations are correct. This figure should be the same as the figure for total funding.	☒

E. Funding Sources (round figures to the nearest dollar)

The proposed sources of non-federal matching funds must meet eligibility requirements. (Except as provided by Federal statute, a cost-sharing or matching requirement may not be met by costs borne by another Federal grant.) 44 CFR 13.24 (b)(1).

1. Estimated Federal Share	The estimated Federal share is generally 75%. If the Federal share is not 75%, assure actual amount is entered. It could be 50.1234% or 35.1234%, etc. of the total dollar amount of project depending on county LMS allocation and priority. This figure cannot exceed 75%.	☒
2. Non-Federal Share	May include all 3 sources, i.e. cash, in-kind and global match, as long as the total is a minimum of 25%. Match cannot be derived from a federal agency except Federal funds that lose their federal identity (e.g., CDBG funding and certain tribal funding).	☒
3. Cash	Cash- Local funding will be utilized for the non-federal share. Enter amount of cash and percentage of total that amount represents.	☒
4. Total In-Kind	May use materials, personnel, equipment, and supplies owned, controlled and operated from within governing jurisdiction as an in-kind match. *Third party in-kind contributions would be volunteer services, employee services from other organizations furnished free of charge, donated supplies, and loaned equipment or space. The value placed on these resources must be at a fair market value and must be documented. If in-kind is claimed from outside the applicant jurisdiction, it must be cash only. ** Identify proposed eligible activities in Section IV B. and C. as a separate line with In-kind written as a part of the description.*	☒
5. Total Project (Global) Match	Project (global) match must 1) meet all the eligibility requirements of HMGP; and 2) begin after FEMA's approval of the match project. A separate HMGP application must be submitted for global match projects. Indicate which project(s) will be matched. *The global match is not required to be an identical project. Projects submitted as global match for another project must meet the same period of performance time constraints as the HMGP.*	☒
6. Other Agency Share	Identify Non-Federal Agency and availability date; provide the documentation from the agency. (e.g., CDBG funding, and certain tribal funding)	☒
7. Total Funding	Total must represent (100%) of the total estimated project cost. Ensure that percentages match corresponding cost-shares and the total matches the Budget (in Section IV. D. - Total Estimated Project Costs).	☒

F. Project Milestones/Schedule of Work

1. Milestones (Schedule)	Identify the major milestones in the proposed project and provide an estimated time-line *(e.g. Designing, Engineering – 3 months, Permitting – 6 months, Procurement – 30 days, Installation – 6 months, Contracting – 1 month, Delays, Project Implementation, Inspections, Closeout, etc. See* **Typical Project Milestones** *for estimated time-frames)* for the critical activities not to exceed a period of 3 years for performance. Milestones should not be grouped together but listed individually. Please allot for the appropriate amount of time.	☒

Section V - Environmental Review & Historic Preservation Compliance

A. **No work can begin prior to the completion of the environmental (NEPA) review. In order for the Environmental staff to conduct the NEPA review, all sections listed below must be completed.**

1. Description, SOW & Budget	Detailed Project Description, Scope of Work & Budget/Costs Complete Sections II & IV of the application.	☒
2. Area Maps	Project area Maps - Attach a copy of the maps and clearly mark the project site, and place the specific project structure(s) on map(s). Complete Section III, part B & C of the application.	☒
3. Project Area/Structure Photographs	Complete Section III part C of the application.	☒
4. Preliminary Project Plans	For shutters see the scope of work and for drainage & elevation see engineering drawings.	☒
5. Project Alternatives	Complete Section V part D. of this application.	☒
6. Project Worksheets	Dates of construction are required for all structures. See worksheets.	☒
7. Documentation Requirements by Project Type	Provide any of the required documentation as listed on page 10 in the Information and Documentation Requirements by Project Type that may have already been obtained.	☒
8. Information/ Documentation Requirements by Project Type	Provide any applicable information or documentation.	☒

B. Executive Order 12898, Environmental Justice for Low Income and Minority Population

1. Documentation of Environmental Justice	Determine the proportion of the population, in either the project zip code or city, characterized as having a minority background, and proportion of the population living below poverty level. Go to http://www.census.gov/. If yes, complete Section V, part B.	☒
2. Population Affected	List / describe the population affected by this project and the portion of the population adversely impacted. List the attached documentation.	☒
3. Attached Materials	Attach all backup documentation to this application – Include a table of contents that outlines the information you are providing DEM	☒

C. Information required for Tribal Consultation

1. Documentation for Tribal Consultation	For all projects with any ground disturbing activities of 3 inches or more, complete Section V part C.	☒

D. Alternative Actions

1. No Action Alternative	Please discuss the impacts on the project area if no action is taken.	☒
2. Other Feasible Alternative Action	It is a FEMA and FDEM requirement for any Application Review. A narrative discussion of at least three project alternatives (from No Action to the most effective, practical solution) and their impacts, both beneficial and detrimental is required. It is expected that the jurisdiction has completed sufficient analysis to determine the proposed project can be constructed as submitted and it supports the goals and objectives of the FEMA approved hazard mitigation plan. Has the proposed project been determined to be the most practical, effective and environmentally sound alternative after consideration of a range of options? (44 CFR 206.434[c][5][iii])	☒
a. Project Description	It is very important and a requirement that an Alternative project is submitted. NEPA requires that at least three alternatives must be presented to mitigate the problem. In addition to the proposed action and no action, one other **feasible** alternative must be provided.	☒
b. Project Location of the Alternative	Describe the surrounding environment. Include information regarding both natural (i.e., fish, wildlife, streams, soils, plant life) and built (i.e., public services, utilities, land/shoreline use, population density) environments.	
c. Scope of Work – Alternative Project	Describe how the alternative project will solve the problem and provide protection from the hazard. Provide enough detail to describe the project for the evaluation	

	panel to decide the best course of action for the state. Include any appropriate diagrams, sketch maps, amount of materials and equipment, dimensions of project, amount of time required to complete, etc.	
d. Impacts of the Alternative Project		
e. Estimated Budget/Costs for the Alternative Project	Total cost is required.	☒
Materials, Labor, and Fees Paid	The details line items are not required. Just enter a total amount.	☒
Total Estimated Project Costs	Total cost is required. Vendor quote is not required. A lump sum budget may be submitted as justification to why this alternative was not chosen.	☒

Section VI – Maintenance Agreement

1. Maintenance Agreement	Please complete, sign and date the maintenance agreement. The maintenance agreement must be signed by an individual with signature authority, preferably the authorized agent.	☒

Other Required Documentation

1. MAPS	All maps must be included with the application.	
2. FFATA Form	During contracting with the state, please complete, sign and date the FFATA Project File Form. Instructions are provided for your convenience in the document provided. **This is not required at the time of application submittal.**	☐
3. SFHA Acknowledgement of Conditions	Required for all projects in the Special Flood Hazard Area. Read and sign the SFHA Acknowledgement of Conditions document. This form must be notarized, signed by the local jurisdiction and the property owner.	☒
4. Pre-award Cost Form	If pre-award costs are being requested with your project, please be sure to identify all pre-award costs in the application budget per instructions. The pre-award cost form must be completed and submitted with your application.	☐
5. Request for Public Assistance Form	Applicable if no FIPS number is assigned to applicant/recipient.	☐
6. Model Statement of Assurances for Property Acquisition Projects	For Acquisition projects only.	☒
7. Declaration and Release	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	☒
8. Notice of Voluntary Interest	For Acquisition projects only. Two forms are included for your convenience. Please use the form that is most appropriate to your situation. Must be signed by all persons whose names are on the property deed.	☒
9. Statement of Voluntary Participation for Acquisition of Property for Purpose of Open Space	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	☒
10. Worksheets	The appropriate worksheet(s) must be completed and submitted with the application. a. Flood Control – Drainage Improvement b. Generator c. Tornado Safe Room d. Hurricane Safe Room e. Wind Retrofit f. Wildfire g. Drought	☒

*Submit **1 original (signed) and 2 full copies** of the entire application and backup

documentation. Include a full copy of the submittal and all documentation on CD.

Model Statement of Assurances for
Property Acquisition Projects

SEND THIS STATEMENT OF ASSURANCES ATTACHED WITH THE PROJECT APPLICATION, OR SEND TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY AT THE TIME OF APPLICATION.

NOTE: If you have questions regarding any of these assurances, please consult the program guidance and contact the sponsoring agency.

Name of Applicant: Brevard County Board of Commissioners

As the duly authorized representative of the sub-applicant, I certify that the sub-applicant:

1. Will ensure that participation by property owners is voluntary. The prospective participants have been informed in writing that participation in the program is voluntary, that the Sub-applicant will not use its eminent domain authority to acquire their property for the project purposes should negotiations fail;
2. Will ensure each property owner will be informed, in writing, of what the Sub- applicant considers to be the fair market value of the property. The Sub-applicant will use the Model Statement of Voluntary Transaction to document this and will provide a copy for each property after award;
3. Will accept all of the requirements of the FEMA grant and the deed restriction governing the use of the land, as restricted in perpetuity to open-space uses. The Sub-applicant will apply and record a deed restriction on each property in accordance with the language in the FEMA Model Deed Restriction. The community will seek FEMA approval for any changes in language differing from the Model Deed Restriction.
4. Will ensure that the land will be unavailable for the construction of flood damage reduction levees and other incompatible purposes, and is not part of an intended, planned, or designated project area for which the land is to be acquired by a certain date;
5. Will demonstrate that it has consulted with the US Army Corps of Engineers regarding the subject land's potential future use for the construction of a levee system, and will reject future consideration of such use if it accepts FEMA assistance to convert the property to permanent open-space;
6. Will demonstrate that it has coordinated with its State Department of Transportation to ensure that no future, planned improvements or enhancements to the Federal aid systems are under consideration that will affect the subject property;
7. Will remove existing structures within 90 days of settlement;

8. Post grant award, will ensure that a property interested is conveyed only with the prior approval of the FEMA Regional Director and only to another public entity or to a qualified conservation organization pursuant to 26 CFR 1.170A-14;
9. Will submit every three years to the Grantee, who will then submit to the FEMA Regional Director, a report certifying that it has inspected the subject property within the month preceding the report, and that the property continues to be maintained consistent with the provisions of the grant. If the subject property is not maintained according to the terms of the grant, the Grantee and FEMA, its representatives, designated authorities, and assigns are responsible for taking measures to bring the property back into compliance; and
10. Will not seek or accept the provision of, after settlement, disaster assistance for any purpose from any Federal entity with respect to the property, and FEMA will not distribute flood insurance benefits for that property for claims related to damage occurring after the date of the property settlement.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the identified assurances and certifications.

July 25, 2018

Mr. Miles Anderson,
State Hazard Mitigation Officer
Florida Division of Emergency Management
2555 Shumard Oak Boulevard
Tallahassee, Florida 32399-2100

Re: Hazard Mitigation Grant Program (HMGP) applications for FEMA 4337-DR-FL, Hurricane Irma

Dear Mr. Anderson,

The Brevard Prepares Local Mitigation Strategy (LMS) Steering Committee has approved by vote and prioritized the attached projects for HMGP funding from this disaster. These projects align with our LMS goals and objectives as noted, and with the State's mitigation goals and objectives in accordance with the Code of Federal Regulations 44§201.6.

The Brevard Prepares LMS Steering Committee therefore presents the attached projects in the order in which they are to be considered for funding.

For further information or inquiry, please contact me by phone, (321) 604-3017, or email abernard@cityofrockledge.org.

Sincerely,

Alix Bernard, Chair
Brevard Prepares LMS Steering Committee

Attachment: Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0831	Brevard County (Unincorporated)	Fire Rescue	W	Wind Mitigation of the T. J. Mills Fire Rescue Headquarters Building	$1,200,000	$900,000	Brevard County Fire Rescue would like to reduce the immediate impact of the costs of this project. This approach consists of three segments: 1. Protection of the employees 2. Protection of the structure itself not accomplished in the first segment 3. All remaining recommended changes in the engineering plan Each segment would cost approximately $400,000.00. The first segment of the project will consist of protecting the life and safety of the personnel that will be working in the Fire Operations Center during emergency situations. This will be accomplished in a three part plan, as follows: 1. Protect all open and exposed doors & windows by installing shutters for those on the first floor, and by replacing the windows on the second floor with hurricane resistant windows. 2. Move one of the electrical transformers, that provides power to the building, from the telephone pole it is on and bring it to ground level with adequate protection. 3. Build a security wall around the current generator, for protection against any impact from severe weather and/or flying debris.	64	1
BRV-0864	Melbourne Beach	Town Manger	UL	Public Safety/Town Hall Complex Emergency Generator/Communications	$156,000	$117,000	The Complex houses the Police, Fire, Town Hall, and EOC. All personnel are housed 24/7 in a hurricane or other disaster. Previous attempts to supply emergency power to the complex failed because of storm damage and over exertion of the power generator system, which was undersized. The Complex now has no back-up emergency power supply or communications back-up.	52	2
BRV-0862	Melbourne	Melbourne Fire Department	W	Hardening of Melbourne Fire Department Fire Stations	$176,000	$132,000	The City of Melbourne has eight fire stations, including one station under the Melbourne Airport Authority, serving approximately 80,419 residents. The City proposes to harden five fire stations (Stations 72, 75, 76, 77 and 78) and bring them up to current code requirements. This proposal includes upgrading the existing bay doors, installing impact windows, shuttering the personnel doors with lites and side lites, as well as upgrading the intake/exhaust louvers.	48	3
BRV-0848	Brevard County (Unincorporated)	Fire Rescue	W, L, FR	Weather Bug Stations	$547,400	$410,550	Brevard County Fire Rescue (BCFR) has determined, as a disaster mitigation project to request weather monitoring stations and Lightning Sensor Systems to be installed and monitored at County fire Stations. The weather stations will provide much needed tactical information during hurricanes and wildfire events. Real time weather information will enhance both firefighter safety and emergency service delivery.	48	4
BRV-0867	Palm Bay	Police Department	W	New Roof	$650,000	$487,500	The City of Palm Bay's Police Headquarters is in desperate need of a new roof. The roof is in failing condition and needs immediate repair. We have patched areas of the roof over ten times but there are still many leaky areas and weak spots. The headquarters is a vital location during a storm. At this location many of our police officers report and stay safe during the storm. It is also the location of our dispatch team that handles the calls during a storm. If something catastrophic happened to the roof during a storm we would have to relocate our dispatch center and many of our officers. This could result in down time and slower response to our citizens. The damage the building would sustain could result in months of relocating offices and the cost to fix the roof and damages. If we fix the problem now we will avoid these additional costly expenditures and possible problems during a storm.	48	5

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma

Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards

Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0856	Cocoa Beach	Water Reclamation	UL	Lift Station Generators	$470,000	$352,500	Generators to provide electrical power to sewer lift station power loss from tropical cyclones or other occurrences.	48	6
BRV-0858	Palm Bay	Fire Department	UL	Hardening of Palm Bay Fire Rescue Stations 2, 3, & 4	$417,915	$313,436	The City of Palm Bay proposes to harden three fire stations (Stations 2, 3, and 4). This proposal includes installing two permanent generators with hardened enclosures at Stations 2 and 3 and replacing one Convault fuel tank at Station 4. In addition, the City will replace the bay doors and doors at all three stations, install hurricane impact windows at all three stations, and replace the roof at Fire Station 2 and bring them up to current code requirements.	44	7
BRV-0865	Cape Canaveral	Canaveral Port Authority	UL	Generator for Bulk Fuel Shipments	$203,660	$152,745	The Port is the second busiest cruise port in the world with over 4.5 million passengers and approximately 1,395 ship calls in 2017; 21 cruise ships are either homeported or port-of-call vessels in Port Canaveral, sailing to/from the Caribbean. With over 80 percent of the Port's revenue derived from its cruise business, CPA must provide, protect, and maintain state-of-the art infrastructure required to support some of the world's largest and most sophisticated cruise ships berthed at the Port. After both Hurricane Matthew and Irma, Port Canaveral lost power, and it was intermittent and unreliable for several days. This widespread and total loss of power impacted our core operations. There are backup generators at our cruise terminals, but fuel delivery required additional generating capacity, which we obtained from Disney and the USAF 45th Space Wing. Port Canaveral supplies over 8% of Florida's total energy supply including a majority of the aviation fuel at Orlando International Airport the nation's 11th busiest airport and the major transportation hub for central Florida. There are no refineries in Florida or pipelines connecting the state to supply centers along the Gulf Coast or any other state. Therefore, unlike most other parts of the country, Florida is almost entirely supplied by marine movements of petroleum products from domestic and international sources. During Hurricane Irma 6.8 million Floridians and tourists evacuated the State increasing fuel demand by 150%. Following the passing of the hurricane, these 6.8 million citizens wanted to go home, and it is vital we can quickly provide the fuel to support the trip. The purchase of a portable backup generator will give Port Canaveral the ability to immediately begin fuel shipments after the passage of a storm even with a loss of power.	44	8
BRV-0853	Melbourne	Florida Institute of Technology	W/UL	Panther Dining Hall Hardening & Backup Power	$275,000	$206,250	Provide back-up power and hardening measures to the Panther Dining Hall (PDH), which is the campus dining facility of the University for approximately 5,000 students.	40	9
BRV-0854	Melbourne	Florida Institute of Technology	W/UL	Harris Village Hardening & Backup Power	$850,000	$637,500	Provide back-up power and hardening measures to the Harris Village Residence Halls & Chiller.	36	10
BRV-0863	Brevard County (Unincorporated)	Natural Resources	FL	West Cocoa Floodprone Property Acquisition	$4,783,000	$3,587,250	After all recommended drainage improvements have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. The project consists of acquiring 27 of these properties, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s).	36	11

BRV-0868	Brevard County (Unincorporated)	Natural Resources		Mud Lake Acquisition for West Cocoa drainage improvements - Phase 1	$817,464	$613,098	The subdivisions located along Gray Road north of Lake Drive experience road, lot, and property flooding during significant storm events due to low elevation. After all recommended drainage improvements excluding acquisition have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. The project consists of reducing the 100y/24hr event stage ~0.7 ft by aquiring several floodplain easements on the first 5 undeveloped properties known as Mud Lake & implementing weir modifications to mitigate 100y/24hr event flooding for 85 of the 116 properties, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s).	36	12
BRV-0866	Brevard County (Unincorporated)	Brevard Public Schools	W	Hardening of Brevard Public Schools with Impact Resistant Glass	$3,000,000	$2,250,000	Brevard Public Schools (BPS) has 83 schools and 17 special centers. The district educates just under 70,000 students in 17 different municipalities across the Space Coast. BPS proposes to harden eighteen schools that have second story buildings with Impact Resistant Glass. The goal is mitigate potential damage to schools enabling BPS to open schools as quickly as possible after a hurricane. When schools are closed, some children aren't getting the nutrition they need. In 2017-2018 Brevard Public Schools 52% of students receive free or subsidized meals. The district also provides free breakfast regardless of income to all students. The closures also threaten to exacerbate "summer slide"—kids' tendency to lose some of the academic gains they have made the previous school year and reduce the amount of time children can dedicate to learning during the school year. The economic impact to families and communities during school closures can be enormous. Major wage earners working outside the home in households are more likely to suffer lost income while schools are closed. Families having difficulty arranging childcare can be offset by schools opening as quickly as possible.	35	13
BRV-0859	Palm Bay	Public Works	FL	Ferguson Culvert Replacement	$1,500,000	$1,125,000	Replace culvert at Ferguson Rd. where it crosses the C-9R Melbourne-Tillman canal with a large box culvert or bridge to alleviate flooding caused by the failing and improperly sized culvert and still allow for an emergency ingress/egress route to the west for local homesites.	33	14
BRV-0828	West Melbourne	Public Works	UL	Lift Station Portable Generators	$172,820	$129,615	Two (2) portable generators for use during hazard events at those sewer lift stations which do not have permanent generators.	32	15
BRV-0855	Melbourne	Florida Institute of Technology	W/UL	Shaw Hall Hardening & Backup Power	$200,000	$150,000	Provide back-up power and hardening measures to Shaw Hall which houses the emergency and security operations of the University.	32	16
BRV-0861	Titusville	Titusville Water Resources	UL	Titusville Lift Station Generators	$758,109	$568,582	The City of Titusville would like to reduce the amount of days our neighborhoods were left without several key lift stations after hurricanes and other major events. In most recent history, Hurricane Matthew and Hurricane Irma, left several key lift stations without power for days and some for weeks. As FPL and other utilities did their best to minimize wait time, Hurricane Irma showed we need to take advanced measures when such a wide area is affected. Initially, three lift stations are of priority, but more may be needed to further mitigate the utility loss.	32	17
BRV-0860	Palm Bay	Growth Management	FL	Cimmeron Circle Repetitive Loss Acquisitions	$1,680,000	$1,260,000	City of Palm Bay desires to acquire 12 residential properties from owner occupant homeowners who have requested acquisition due to repetitive losses suffered on their properties resulting from major flooding.	30	18

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma

Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards

Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0872	Cocoa	Public Works	FL	Fiske Blvd. Drainage Improvements	$600,000	$450,000	During recent hurricanes and unusual rainfall events, flooding occurs on Cocoa's older streets and in its older established subdivisions. This project will include installing a new stormwater outfall and drainage system along Fiske Blvd. north of Peachtree St to reduce flooding occurrences in the surrounding area. The Fiske Blvd. project includes an improved outfall connection to the city's stormwater pond system with a new 36" pipe.	28	19
BRV-0873	Cocoa	Utilities	UL	Lift Station 1 Improvements & Generator	$844,000	$633,000	The City of Cocoa has identified that the reconstruction of Lift Station 1 would eliminate or reduce the probability of loss of life and property from future disasters. Lift Station 1 is located just a few feet from the Indian River Lagoon with finished elevations well below the lagoon and flood surface elevations. Lift Station 1 serves approximately 700 customers. During Hurricanes Irma, influent flooded the dry well which housed electronics, pumps and associated equipment required for normal operations. Lift Station 1 does not have a generator and during relief efforts a portable generator must be parked in the street in order to provide power. Lift Station 1 will be demolished and replaced with a submersible pumping system incorporated in the wet well which will eliminate the need for confined space entry, improve worker safety and mitigate the exposure of electrical components when flooding occurs. The site will be improved and the elevation of the station will be raised to mitigate future storm surge entering the lift station. The scope also includes the addition of a permanent emergency generator.	28	20
BRV-0875	Cocoa Beach	Public Works	UL	Emergency Generators to Power Key Traffic Signals	$12,000	$9,000	This initiative is a request for six (6) generators for powering signalized traffic intersections along State Road A1A and State Road 520 in Cocoa Beach. These are main traffic and evacuation corridors. In the event of a power outage due to a hurricane, these generators would be deployed at the following key intersections or other key intersections where power has been lost: 1. State Road 520 & State Road A1A 2. State Road 520 & North Banana River Boulevard 3. State Road A1A & St. Lucie Lane 4. State Road A1A & Cocoa Isles Boulevard 5. State Road A1A & Minutemen Causeway Northbound 6. State Road A1A & Minutemen Causeway Southbound	28	21
BRV-0874	Cocoa	Public Works	FL	Broadmoor Drainage Improvements	$400,000	$300,000	During recent hurricanes and unusual rainfall events, flooding occurs on Cocoa's older streets and in its older established subdivisions. The Broadmoor Acres subdivision includes 172 lots and dates from the early 1950's. This subdivision was designed with rear-lot drainage swales and minimally-sized drainage pipes. Extensive flooding has been reported in this subdivision, impacting access to properties and increasing sewage overflows associated with an overwhelming flow of stormwater into the sanitary sewage system. The project includes an improved drainage system consisting of street-side swales and expanded piped drainage systems in the Broadmoor Acres Subdivision to reduce flooding events.	24	22
BRV-0869	Brevard County (Unincorporated)	Natural Resources	FL	NMI (Church, Horseshoe, Crissafulli) - SFHA Acquisitions	$2,582,000	$1,936,500	This project is a buyout of five flood prone properties which have experienced repeated flooding on North Merritt Island, specifically, at 295 and 415 East Crisafulli Road, 4560 Horseshoe Bend, and 5520 Rons Road. Stormwater studies and flood mitigation efforts have demonstrated that reduction of flood stage for these proposed buyout properties is not feasible.	24	23

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0870	Brevard County (Unincorporated)	Natural Resources	FL	Legay - SFHA Acquisitions	$600,000	$450,000	This project is a buyout of flood prone properties at the intersection of Legay and Mantes in Cocoa, specifically, 1707 Mantes Drive. These properties have experienced repeated flooding. Roadway flooding will be mitigated by elevation of the local roadway intersection. The properties perchased will be used to create stormwater storage to offset the proposed roadway fill.	24	24
BRV-0871	Brevard County (Unincorporated)	Natural Resources	FL	Silver Pines - SFHA Acquisitions	$1,100,000	$825,000	The project calls for the installation of a 100 KW Emergency Back-up Generator with a 550 gallon diesel fuel dual walled tank contained wihin an impact resistant building. In addition, wireless high speed connections will be installed on a transmission pole to provide communications via IP with the mainland. This will provide emergency responders with use of their computers and telephones within the complex.	24	25

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT	X	DRYFLOOD PROOFING/ FLOOD BARRIER		ACQUISITION	X	ELEVATION	
OTHER		If other, please describe:					

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)	

43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN ☐	
		SUBURBAN ☐	
		RURAL ☐	
		WILDERNESS ☐	
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT	X	**DRYFLOOD PROOFING/ FLOOD BARRIER**		**ACQUISITION**	X	**ELEVATION**	
OTHER		If other, please describe:					

THIS WORKSHEET ONLY APPLIES IF:

Stratford Drive flooded during Tropical Storm Fay
Over 41 homes on Stratford Drive were flooded.

Lake Drive overtopped during Tropical Storm Fay

Photos #1 & #2 – Flooded Business on Cox Road during Hurricane Matthew

Two photos of 700 Cox Road during Tropical Storm Fay.
Top photo: looking NW at the flooded Space Coast Industries.
Bottom photo: looking WSW. This business was formerly called Pro-Line.

Photos #3 & #4 – Flooded Businesses on Cox Road after Hurricane Matthew
Top photo: looking SSW at 660 Cox Road .
Bottom photo: looking at 440 Cox Road

Photos #5 & #6 – Cox Road Flooding during Fay

These photos illustrate the power of the overtopping and the length of flooding on Cox Road during Fay.
Top photo: 3:20PM 8/21/2009 looking east at overtopping flow flooding 635 Cox Road.
Bottom photo: about 11:30AM 8/21/2008 looking at a portion of the over half mile of flooded road.

Photos #7 & #8 – Flooding of County Facility during Fay (top) and Wilma (bottom)
The County Public Works/Public Safety Facility is at 343 Wenner Road, east of Cox Road and north of Lake Drive. The overtopping flow shown in Photo #1 flooded the access road and parking for the facility.
Top photo: 2:51PM 8/22/2009, taken just inside the security fence, after end of 15.9" Fay rainfall.
Bottom photo: 6:39PM 10/25/2005, taken outside the security fence, 28 hours after end of 7.6" Wilma.

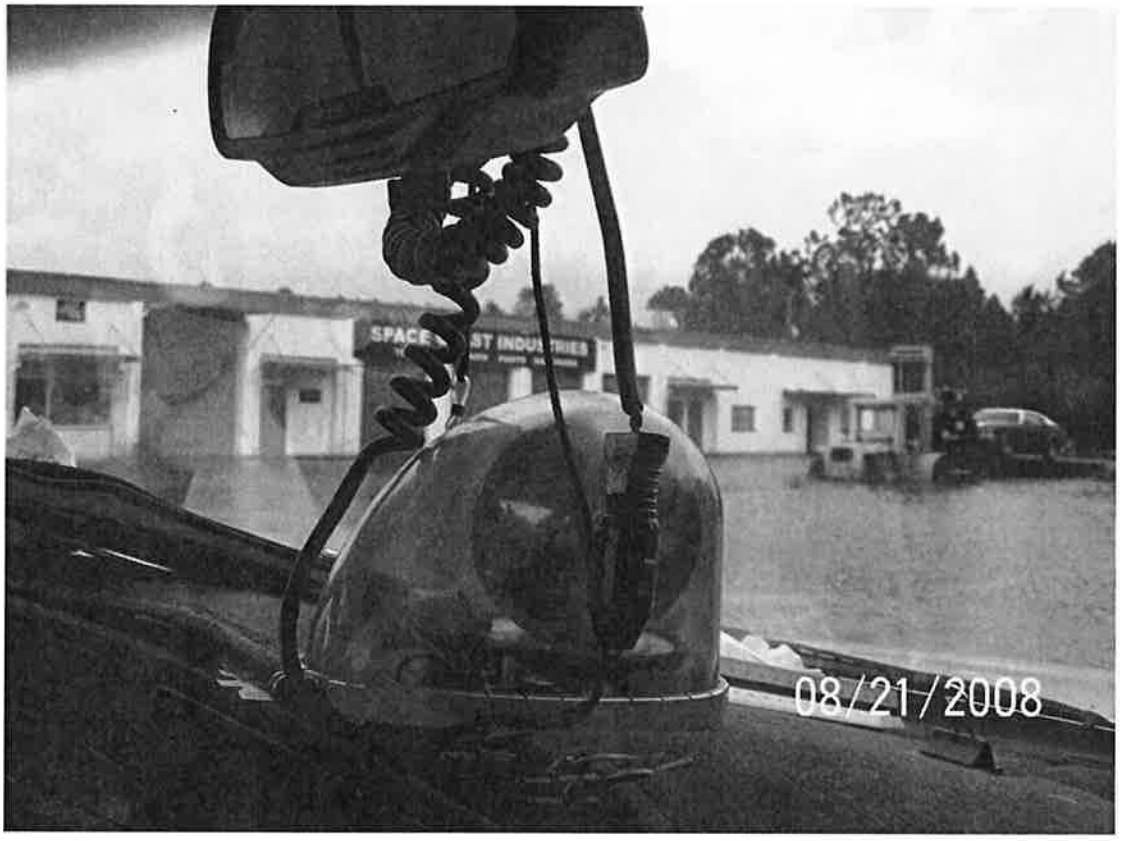

Photos #9 & #10 – Flooded Business on Cox Road during Tropical Storm Fay

Two photos of 700 Cox Road during Tropical Storm Fay.
Top photo: about 11:30AM 8/21/2008 looking WSW at the flooded Space Coast Industries.
Bottom photo: 3:20PM 8/21/2008 looking NW. This business was formerly called Pro-Line.

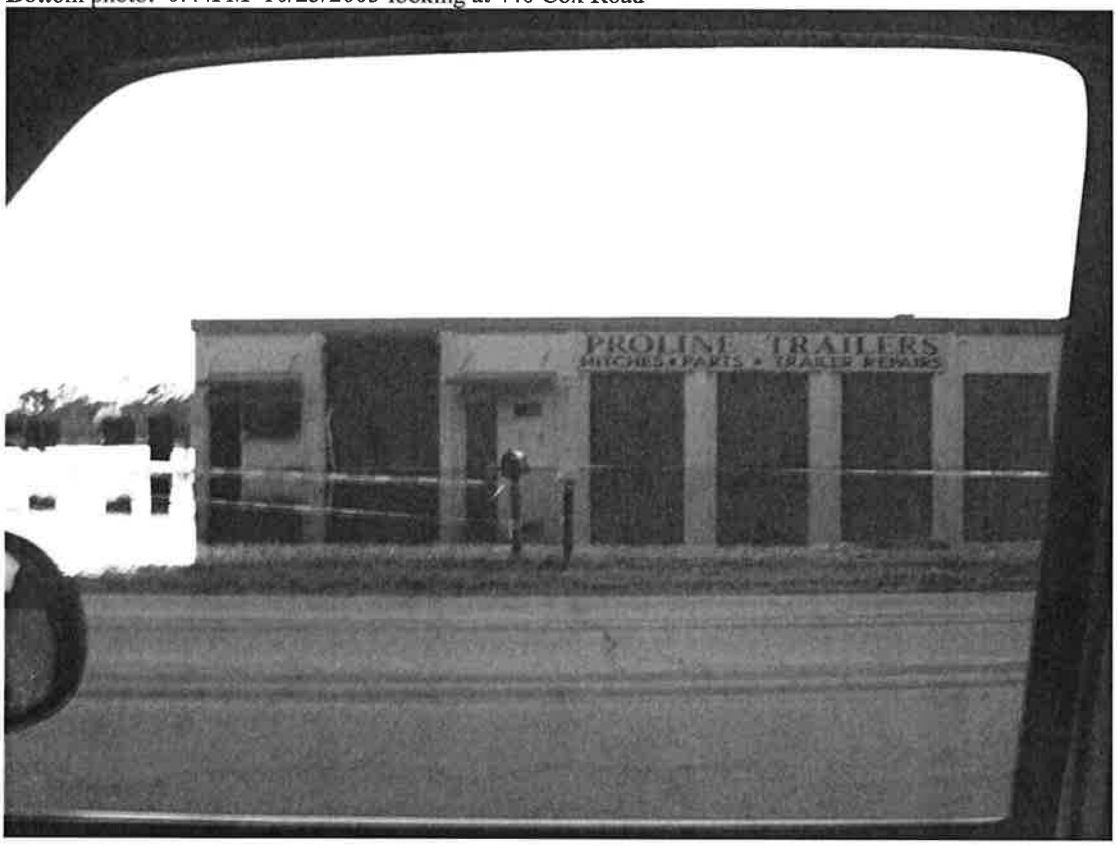

Photos #11 & #12 – Flooded Businesses on Cox Road after Hurricane Wilma

These photos were taken about 28 hours after the end of the 7.6" Wilma rainfall.

Top photo: 6:56PM 10/25/2005 looking at 700 Cox Road (now called Space Coast Industries).

Bottom photo: 6:44PM 10/25/2005 looking at 440 Cox Road

Photos #13 & #14 – Cox Road storm surcharge during Fay (top) and Wilma (bottom)

The storm inlet is in front of 400 Cox Road, on the west side of Cox Road.
Top photo: 3:18PM 8/21/2009 after 15.5" and before another 0.4" of Fay rainfall at the nearest raingage.
Bottom photo: 6:39PM 10/25/2005, over 28 hours after the end of the 7.6" Wilma rainfall at nearest gage.

Photos #15 & #16 – Flooding of other roads

Top photo: 5:59PM 8/23/2009, looking north at Sundial Court, about 36 hours after end of all Fay rainfall. Sundial Court is east of the County Facility. Zoom-in document to 500% to get better perspective.

Bottom photo: 10:14AM 10/26/2005, looking west along Fenner Road, about 44 hours after end of Wilma.

Value Notes

▲ Estimates are not comparable to other geographic levels due to methodology differences that may exist between different data sources.

Some estimates presented here come from sample data, and thus have sampling errors that may render some apparent differences between geographies statistically indistinguishable. Click the Q left of each row in TABLE view to learn about sampling error.

The vintage year (e.g., V2017) refers to the final year of the series (2010 thru 2017). *Different vintage years of estimates are not comparable.*

Fact Notes

- **(a)** Includes persons reporting only one race
- **(b)** Hispanics may be of any race, so also are included in applicable race categories
- **(c)** Economic Census - Puerto Rico data are not comparable to U.S. Economic Census data

Value Flags

- **D** Suppressed to avoid disclosure of confidential information
- **F** Fewer than 25 firms
- **FN** Footnote on this item in place of data
- **NA** Not available
- **S** Suppressed; does not meet publication standards
- **X** Not applicable
- **Z** Value greater than zero but less than half unit of measure shown
- **-** Either no or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in th interval of an open ended distribution.

QuickFacts data are derived from: Population Estimates, American Community Survey, Census of Population and Housing, Current Population Survey, Small Area Health Insurance Estimates, Sm Poverty Estimates, State and County Housing Unit Estimates, County Business Patterns, Nonemployer Statistics, Economic Census, Survey of Business Owners, Building Permits.

Summary

Unique Area Identifier	445687
Name	Census Tract 625
County	Brevard County
State	Florida
Area (square miles)	10.39
Land Area (square miles)	8.19
Water Area (square miles)	2.20
% of Land Area	78.80
% of Water Area	21.20
Latitude of the Internal Point	28.35004200
Longtitude of the Internal Point	-80.80053410
Total Population	4,167
Total Housing Units	2,136
Total Households	1,776
Median Age	47.6

NOTE ON SHEET LAYOUTS:
THIS DRAWING HAS BEEN PARTITIONED IN MULTIPLE PHASES AND ALL DATA COMPILED IS SHOWN IN THESE 3 SHEETS. THE FIRST PHASE CONSISTS OF DATA SHOWN ON SHEET 1. THE SECOND PHASE PERTAINS TO SHEETS 2 & 3. THE THIRD PHASE CONTAINS TIE SHEETS 4-6. ALIGNMENTS TO FROM MCF 32-2-03 LYRAS AS WELL AS THE BENCHMARK TABLE, VICINITY MAPS AND OTHER DETAILS WILL REFLECT THIS

INFORMATIONAL MAP

WEST COCOA DRAINAGE STUDY
POST HURRICANE FAY
VICINITY OF STRATFORD DRIVE
AND VICTOR ROAD

SECTION 25 TOWNSHIP 24 SOUTH RANGE 35 EAST
SECTION 30 TOWNSHIP 24 SOUTH RANGE 36 EAST

SCALE: 1"=100'

SHEET ELEVATIONS:

⚠ PAINT MARK @ NORTHEAST CORNER OF RANGE ROAD AND VICTOR ROAD, 3' +/- NORTH OF A WATER VALVE, MEASUREMENT TAKEN ON 08/21/2008 AT 11:05. ELEVATION = 16.87

⚠ TOP OF PLANTING ON 14TH HOME SOUTHWEST CORNER OF RANGE ROAD AND STRATFORD DRIVE, 100' +/- SOUTH OF STRATFORD DRIVE, MEASUREMENT TAKEN ON 08/21/2008 AT 14:14. ELEVATION = 16.87

⚠ TOP OF TAPE ON FRONT CORNER OF RESIDENTS' CHAIN LINK FENCE AT #3445 UPANDA DRIVE, PER FIELD CREW'S CONVERSATION WITH RESIDENTS, TAPE WAS PLACED ON FENCE BASED ON PICTURE TAKEN BY RESIDENTS DURING PERIOD OF FLOODING, NO DATA WAS OBTAINED REGARDING EXACT DATE OR TIME SAID PICTURE WAS TAKEN. ELEVATIONS = 18.464' & 18.62'
AVERAGE ELEVATION = 18.49'

2006 AERIAL

SURVEYORS NOTES

1.) THE INFORMATION SHOWN HEREON IS FOR DRAINAGE ANALYSIS PURPOSES ONLY. THE AREAS OF SPECIAL INTEREST AND THE VERTICAL ACCURACY TOLERANCES WERE ESTABLISHED BY MIKE MCBEE, SENIOR ENGINEER FOR THE BREVARD COUNTY NATURAL RESOURCES MANAGEMENT OFFICE.

2.) ALL ELEVATIONS ARE BASED ON NAVD 88 AND REFERENCED TO THE FOLLOWING PRIMARY BENCHMARKS:

A) **EBA09**
DESCRIPTION: BRASS DISK IN CONCRETE PAD
ELEVATION: 18.883
LOCATION: LAT= 28°23'35.9"
LONG= 080°46'21.0"

B) **FBA03**
DESCRIPTION: ALUM DISK IN CONCRETE PAD
ELEVATION: 16.161
LOCATION: LAT= 28°23'43.5"
LONG= 080°46'48.1"

3.) MOST RECENT SURVEY DATA WAS ACQUIRED ON FEBRUARY 2 & 3, 2009

NOTES:

1. Finish Floor Elevations were surveyed by the Brevard County Public Works, Surveying & Mapping Division
2. The Existing Conditions Peak Stages for the 10-year, 24-hour; 25-year, 24-hour and the 100-year, 24-hour storm events were extracted from the ICPR modeling results included within Volume II of this study.

27 Parcel Acquisition Project
(Parcel Details Begin on next page)

Project Name: West Eau Gallie Watershed Investigation

Project Number: BRE-003

Date: April 2016

Structural Flooding under Recommended Conditions (Excluding Mud Lake Improvements) following Depth of Flooding under Proposed Conditions (ft)
the 100-yr, 24-hr storm event.

NOTES:
1. Finish Floor Elevations were surveyed by the Brevard County Public Works, Surveying & Mapping Division.
2. The Existing Conditions Peak Stages for the 10-year, 25-year, 24-hour and the 100-year, 24-hour storm events were extracted from the ICPR modeling results included within Volume II of the study.

VOLUNTARY FLOODPLAIN EASEMENT AQUISITION PARTICIPATION

Please carefully review, fill out, and return the attached forms by July 6, 2018.

Dear Property Owner:

During extreme storm events, the West Cocoa watershed experienced significant and widespread structural flooding due to minimal topography, tailwater conditions, poorly drained soils, and inadequate drainage conveyance systems. Thus far, all of the previously recommended drainage improvements have focused on conveyance related upgrades such as enlarging drainage ditches and replacing pipes with box culverts. Even though the combination of all these improvements has reduced the number of surveyed homes that flood by roughly 50% (from 205 to 103), there are still over 100 homes at risk of repetitive flooding. Therefore, we have investigated the alternative of storing additional stormwater runoff in Mud Lake in order to significantly reduce the discharge rate into the downstream conveyance systems (Gray Road and Range Road).

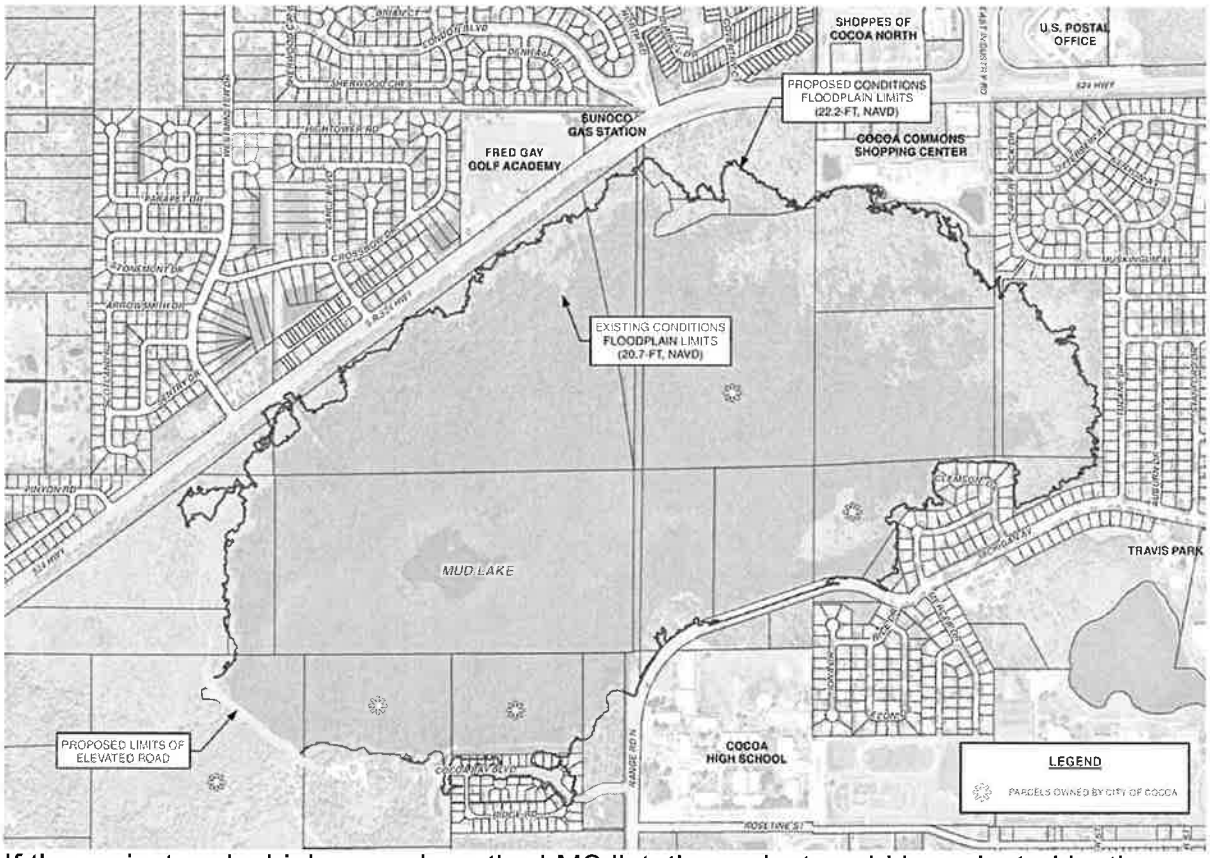

The implementation of the Mud Lake improvements has a tremendous benefit on the downstream systems. ***In fact, the number of additional surveyed homes that have been removed from the predicted 100- year flood stages is approximately 85 (from 116 homes to 31 homes). This project demonstrates a significant benefit to the residents of West Cocoa.***

In order to implement the Mud Lake improvements, floodplain easements will be required from parcel owners due to the proposed increased flood stage above existing conditions. Based on the County's LiDAR mapping, approximately 82 acres of additional land on 21 parcels would be inundated during the 100-year storm event (refer to **Figure 3-13E**). The City of Cocoa is the owner of five (6) parcels and the Brevard County School Board is the owner of one (1) parcel accounting for over 15 acres of the additional inundated land. Therefore, less than 67 acres of additional land on the 14 remaining parcels would be inundated.

Brevard County does not have sufficient funds to implement this project without grant funding and would like to begin the process of submitting a grant proposal to fund this project. To do so, the county needs to demonstrate voluntary participation interest from all property owners involved in the project proposal. Participation in this project by the property owner is entirely voluntary and the property owner can back out at any time. The funding proposal will be submitted to the Brevard Prepares Local Mitigation Strategy (LMS) committee who decide what local projects are submitted for possible FEMA grant funds.

Natural Resources Management Department
2725 Judge Fran Jamieson Way
Building A, Room 219
Viera, Florida 32940

BOARD OF COUNTY COMMISSIONERS

If the project ranks high enough on the LMS list, the project could be selected by the LMS committee for submittal through the Florida Division of Emergency Management (FDEM). FDEM would then review the application and might submit it to FEMA for consideration. Ranking and selection at any stage does not guarantee that federal funding will be made available for this project.

Participation in this project is voluntary. Only property owners responding and indicating a desire to participate will be included in the project proposal and be eligible for future aquisition if project rank and funding allow it to progress (described above).

This is not a notice to vacate and does not establish your eligibility for relocation assistance. We will not use eminent domain authority (condemnation) to acquire property should negotiations fail. Any acquired buildings will be removed within 90-days of closing. The title to the acquired property will be restricted to allow only compatible open space use without future construction.

Enclosures:

Information for Interested Property Owners Package

Viera, Florida 32940

BOARD OF COUNTY COMMISSIONERS

Information for Interested Property Owners Floodplain Easement Acquisition Project

This package is provided to all property owners possibly interest in being part of the Floodplain Easement aquisition project. This is a voluntary program funded primarily through FEMA's Hazard Mitigation Grant Program (HMGP) and/or Flood Mitigation Assistance Program.

If you are still uncertain, please call **[321-633-2016]** to ask questions and to understand what happens if you decide not to sell at this time. Please complete the forms marked **RETURN NOW** to allow us to start the process of determining a aquisition offer. Keep copies for your records and return the originals to the address below.

NOTE: *Filling out these forms does not commit you to selling. You will not have to make that decision until an appraisal is done, your disaster assistance and insurance payments are considered, and a Determination of Compensation is made. All of these things will be explained.*

NOTE: *if you have changed your mind please check Questionnaire #2 and sign and return it as soon as possible.*

THIS PACKAGE INCLUDES:

- FREQUENTLY ASKED QUESTIONS
- PROPERTY OWNER PAPERWORK CHECKLIST (G-2)
- STATEMENT OF VOLUNTARY PARTICIPATION (G-3) – **RETURN NOW**
- PROPERTY OWNER QUESTIONNAIRE #2 (G-4) – **RETURN NOW**
- PRIVACY ACT RELEASE (G5) **– RETURN NOW**
- PROPERTY DESCRIPTION AND DAMAGE REPORT (G6)
- PERMISSION TO ENTER, APPRAISE, SURVEY, SAMPLE, AND INSPECT (G7)
- PROPERTY OWNER CHANGE OF ADDRESS FORM (G9)
- ACKNOWLEDGEMENT OF CONDITIONS **– RETURN NOW**

Please fill out the forms as best you can. Upon funding approval, we will meet with you to review the paperwork, answer your questions, and complete the information that is not filled in.

PROPERTY OWNER CHECKLIST

G-2

If you're going to be part of a floodplain buyout project, this checklist will help you keep track of all the paperwork!

- **Use this checklist to help you locate important information.**
- **This checklist will help you keep track of what you have sent back to us.**
- **Make sure you keep copies for your personal records.**

Document or Type of Information	
You may be asked for the following:	
Pictures or insurance inventories of personal property	
Insurance claims filed and payments received	
Emergency grant or assistance payments	
SBA loan documents	
Receipts for post-disaster temporary lodging you paid	
Receipts for post-disaster home repairs you paid	
Recent property appraisal (if you already have)	
Return these when you get them:	
Privacy Act Release	
Statement of Voluntary Participation	
Property Description and Damage Report	
Questionnaire #2	
Permission to Enter, Appraise, Survey, Sample and Inspect	
Statement of Duplication of Benefits	
Determination of Compensation	
Agreement to Sell/Offer to Buy

I/We, the undersigned, as owners of the property known as

_____

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as The Patel Corp L.P.
Parcel Id 24-36-19-00-251.

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	The Patel Group L.P		
Street Address	3312 Lithia Pinecrest Road		
City	Valrico	State FLORIDA	Zip Code 33596
Subject Property Address	Parcel ID 24-30-00-251		
Deed Dated		Recorded	
Tax Map		Block	Parcel
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	TEAM JAMIE LLC		
Street Address	7008 SEVILLA CT #405		
City	CAPE CORAL	State FL	Zip Code 33904
Subject Property Address	MICHIGAN AV		
Deed Dated	5/10/12	Recorded 5/10/12	
Tax Map		Block	Parcel 24/45700
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding for the life of the property. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	John M. Stinson & Ramona S. Stinson		
Street Address	1380 Walton Heath Ct		
City	Rockledge	State FL	Zip Code 32955
Subject Property Address			
Deed Dated	4/29/2004 3/2006	Recorded	Page 5612 / 7738
Tax Map		Block	Parcel
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

EXHIBIT 'A'
LEGAL DESCRIPTION

Tract 1:

A parcel of land being a portion of the Northwest 1/4 of the Northwest 1/4 of Section 19, Township 24 South, Range 36 East, Brevard County, Florida, being more particularly described as follows:

Commence at the Northwest corner of said Section 19, and run N. 88 degrees 03'43"E., along the North line of said section, a distance of 583.64 feet to the POINT OF BEGINNING; thence continue N. 88 degrees 03'43"E., along said North line, a distance of 732.63 feet to the Northeast corner of said Northwest 1/4 of the Northwest 1/4; thence S. 00 degrees 18'54"W., along the East line of said Northwest 1/4 of the Northwest 1/4, a distance of 847.84 feet to a point on the North right of way line of Michigan Avenue (a 100 foot wide right of way); thence S. 71 degrees 13'03"W., along said right of way line, a distance of 777.16 feet; thence N. 00 degrees 26'20"E., parallel to the West line of said Section 19, a distance of 1073.31 feet to the POINT OF BEGINNING, containing 16.165 acres.
Subject to a 30 foot wide Gas Transmission Easement recorded in O.R. Book 599, Page 326, and subject to all easements and rights of way of record.

The intent of this description is to described the East 1/2, by acreage, of that portion of the Northwest 1/4 of the Northwest 1/4 of Section 19, Township 24 South, Range 36 East, lying North of the North right of way line of Michigan Avenue.

Tract 2:

A parcel of land being a portion of the Northwest 1/4 of the Northwest 1/4 of Section 19, Township 24 South, Range 36 East, Brevard County, Florida, being more particularly described as follows:

Commence at the Northwest corner of said Section 19 and run S. 00 degrees 26'20"W., along the West line of said section, a distance of 1303.91 feet to the Southwest corner of said Northwest 1/4 of the Northwest 1/4, thence N. 88 degrees 51'36"E., along the South line of said Northwest 1/4 of the Northwest 1/4, a distance of 996.52 feet to the POINT OF BEGINNING; thence continue N. 88 degrees 51'36"E., along said South line, a distance of 321.98 feet to the Southeast corner of said Northwest 1/4 of the Northwest 1/4; thence N. 00 degrees 18'54"E., along the East line of said Northwest 1/4 of the Northwest 1/4 a distance of 368.51 feet to a point on said Southerly right of way line of Michigan Avenue; thence S. 71 degrees 13'03"W., along said right of way line, a distance of 340.01 feet; thence S. 00 degrees 26'20"W., parallel to the West line of said Section 19, a distance of 265.44 feet to the POINT OF BEGINNING, containing 2.340 acres.
Subject to all other easements and rights of way of record.

The intent of this description is to describe the East 1/2, by acreage, of that portion of the Northwest 1/4 of the Northwest 1/4 of Section 19, Township 24 South, Range 36 East, lying South of the South right of way line of Michigan Avenue.

STATEMENT OF VOLUNTARY PARTICIPATION

G-3

RETURN NOW

Brevard County
Floodplain Easement Acquisition Project
Homeowner Interest and Sign-Up sheet and Voluntary Interest Notice

Please complete this form if you are interested in exploring further your options for reducing your flood losses. Signing this form does not commit you to any action.

I/we the undersigned, as owners of the property described below, am/are voluntary participant(s) in Brevard County project to acquire floodplain easements.

I/we understand that this Statement of Voluntary Participation does not bind me/us to sell my/our property, and that I/we may withdraw from participation at any time by notifying Brevard County or its Agent. Brevard County will not use its power of eminent domain to purchase my/our property.

I/we understand that there is no guarantee that funds will be available in the future to buy my/our property.

I/We, the undersigned, as owners of the property known as
Cocoa 524 LLC

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

not applicable to this property since it is Vacant.

Application Sections I-IV:	*All* Applicants must complete these sections
Environmental Review:	*All* Applicants must complete these sections
Maintenance Agreement:	*Any* Applications involving public property, public ownership, or management of property
Flood Control – Drainage Improvement Worksheet:	*Acquisition, Elevation, Dry Flood proofing, Drainage Improvements, Flood Control Measures, Floodplain and Stream Restoration, and Flood Diversion* ***– one worksheet per structure***
Generator Worksheet:	*Permanent, portable generators, and permanent emergency standby pumps*
Tornado Safe Room Worksheet:	*New Safe Room, Retrofit of existing structure, Community Safe Room, Residential Safe Room*
Hurricane Safe Room Worksheet:	*New Safe Room, Retrofit of existing structure*
Wind Retrofit Worksheet:	*Wind Retrofit projects only – one worksheet per structure*
Wildfire Worksheet:	*Defensible Space, Hazardous Fuels Reduction, Ignition Resistant Construction, other*
Drought Worksheet:	*Aquifers, other*
Request for Public Assistance Form:	FEMA Form 90-49 (Request for Public Assistance): *All* applicants must complete, if applicable.
Acquisition Forms:	If project type is Acquisition, these forms must be completed. (Only one of the two *Notice of Voluntary Interest* forms is necessary.) *Model Statement of Assurances for Property Acquisition Projects* *Declaration and Release* *Notice of Voluntary Interest (Town Hall Version)* *Notice of Voluntary Interest (Single Site Version)* *Statement of Voluntary Participation* *FEMA Model Deed Restriction Language*
Application Completeness Guidance / Checklist :	All applicants are recommended to complete this checklist and utilize the guidance for completing the application.

B. Applicant Information:

FEMA-4337-DR-FL **DISASTER NAME: Hurricane Irma**

Title/Brief Descriptive Project Summary: West Cocoa Floodprone Property Aquisition

1. Applicant (Organization): **Brevard County Board of Commissioners**
2. Applicant Type: ☒ State or Local Government ☐ Native American Tribe ☐ Private Non-Profit ☐ Special District
3. County: **Brevard**
4. State Legislative Senate District(s): **51**; State Legislative House District(s): **14** ; Congressional House District(s): **8** House
5. Federal Tax I.D. Number: **59-6000-523**
6. Data Universal Numbering System (DUNS): **106520666**
7. Federal Information Processing Standards (FIPS) Code*: **12009** *(*if your FIPS code is not known, see guidance)*
8. National Flood Insurance Program (NFIP) Community Identification Number: **125092** *(this number can be obtained from the FIRM map for your area)*
9. **Point of Contact:** (Person serving as the coordinator of project)

   ☐Ms. ☐Mr. First Name: **TBD** Last Name: _____
   Title: _____
   Address: _____
   City: _____ State: _____ Zip Code: _____
   Telephone: _____ Email: _____
10. **Application Prepared by:**

    ☐Ms. ☒Mr. First Name: **Jeff** Last Name: **Rapolti**
    Title: **Engineer**
    Telephone: **3216332014 x56120** Email: **jeff.rapolti@brevardfl.gov**
11. **Authorized Applicant Agent** ***(proof of authorization authority required)***

    ☒Ms. ☐Mr. First Name: **Rita** Last Name: **Pritchett**
    Title: **Brevard County Board of Commissioners Chair**
    Address: **2725 Judge Fran Jamieson Way**
    City: **Viera** State: **FL** Zip Code: **32940**
    Telephone: **3216332000** Email: **D1.Commissioner@BrevardFL.gov**

    Signature: _____
    Date: 8/2/2018
12. Local Mitigation Strategy (LMS) Compliance
    a. All proposed projects must be included in the county's Local Mitigation Strategy (LMS) Project List, and on file with FDEM's Mitigation Bureau Planning Unit. Does your jurisdiction have a current FEMA Approved Mitigation Plan and this project is listed? ☒ Yes ☐ No
    b. Attached is a letter of endorsement for this project from the county's LMS Coordinator. ☒ Yes ☐ No Ensure the LMS endorsement letter contains both the Total Estimated Projects Cost (Section IV. D.), along with the Estimated Federal Share (Section IV. E.1.) allocated to this project.
    c. The LMS project list and endorsement letter both have an estimated cost column and Federal Share amount that is within $500.00 between the two ☒ Yes ☐ No
13. Has this project been submitted under a previous disaster event? ☒ No
    ☐ Yes, please provide the disaster number and project number (as applicable): _____

Section II – Project Description

A. Hazards to be Mitigated / Level of Protection

1. Select the type of hazards the proposed project will mitigate:
   ☒ Flood ☐ Wind ☐ Storm surge ☐ Wildfire ☐ Other *(list)*: _____

2. Identify the type of proposed project:
   ☐ Elevation and retrofitting of residential or non-residential structure
   ☒ Acquisition and Relocation ☒ Acquisition and Demolition
   ☐ Wind retrofit ☐ Drainage project that reduces localized flooding
   ☐ Generator ☐ Other (please explain) _____

3. List the total number of persons that will be protected by the proposed project (*include immediate population affected by the project only*):

   >51

4. List how many acres of "Total Impacted Area" is to be protected by the proposed project (*include immediate area affected by the project only*):

   5.27

5. Fill in the level of protection and the magnitude of event the proposed project will mitigate. *(e.g. 23 structures protected against the 100-year storm event (1% chance)*

   27 structure(s) protected against the **10 to 100** -year storm event *(10, 25, 50, 100, or 500 year storm event)*

   _____ structure(s) protected against _____ mile per hour (mph) winds

6. Check **all** item(s) the project may impact:
   ☐ Wetlands ☐ Water Quality ☐ Previously Undisturbed Soil
   ☐ Floodplain ☐ Coastal Zone ☐ Toxic or Hazardous Substances
   ☐ Historic Resources ☐ Fisheries ☐ Threatened & Endangered Species
   ☐ Vegetation Removal ☐ Public Controversy ☐ Potential for Cumulative Impacts
   X] Health & Safety ☐ Other _____

7. ***Engineered projects:*** *If* your project has been already designed and engineering information is available, please attach to your application **ALL** calculations, H&H study and design plans (e.g. Drainage Improvement, Erosion Control, or other special project types). ☐ No ☐ Yes If so, see Attachment #(s) _____.

B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

Describe, in detail, the existing problem, the proposed project, and the scope of work. Explain how the proposed project will ***solve*** the problem(s) and provide the level(s) of protection described in Part A. Also, if available, attach a vendor's estimate and/or a contractor's bid for the scope of work. ***Please ensure that each proposed project is mitigation and not maintenance.***

1. Describe the existing problems:

   Stormwater during Hurricane Irma and an Unnammed Storm in October 2017 again caused severe flooding (yard, street, and structure) throughout the West Cocoa watershed as shown in the Photogrpahs of Exhibit A.

   Hurricane Matthew caused flooding of roads and yards in many locations within the "West Cocoa" watershed (which is over twelve square miles in size). Some of the most severe flooding ocurred along Cox Road, which is an important collector road connecting SR520 on the south to SR524 on the north. Many businesses are located on the west side of Cox Road, and a few businesses and several homes are located on the east side of Cox Road. During Hurricane Matthew, stormwater built up on the west side of Cox Road, flooded yards and driveways of the businesses. Exhibit B provides photographs documenting the flooding associated with Hurricane Matthew.

   In addition to the businesses that flooded during Hurricane Matthew, stormwater during Tropical Storm Fay in 2008 caused severe inundation throughout the West Cocoa watershed. The inadequate capacity of the existing culverts along Pluckebaum Road, Range Road, and Cox Road contributed to the flooding of over 80 homes, 10 businesses, the County's Public Works/Public Safety facility on Lake Drive, and several pasture areas. Photographs in Exhibit B show the severity of the flooding.

   The entire West Cocoa area was also severely flooded by Hurricane Wilma in 2005, and it appears that the flood levels during Wilma were very similar to the flood levels during Fay. Exhibit B also includes photographs of flooding during Wilma. It is estimated that Tropical Storm Fay rained 13.5 inches over 4 days (approximately a 25-year 4-day storm) and Hurricane Wilma rained 7.6 inches in 18 hours (approximately a 20 to 25-year event).

   In addition to Fay and Wilma, it is estimated that Tropical Storm Gordon in November 1994 rained 8.5 inches over 29 hours, the majority of which (6 inches) fell in 12 hours (approximately a 10 year storm event). Photographs and detailed water level measurements of the flooding from Tropical Storm Gordon are not available, but based on comparing the Public Works Department's records of citizen phone calls at that time to the recently surveyed finished floor data, the number of buildings that were flooded by Gordon may have equaled or exceeded the number that were flooded by Fay.

   This record of four devastating area-wide floods in a 14 year period (November 1994 to August 2008) prior to Hurricane Irma make it clear that the major flood frequency of this area (less than 5 years) is much shorter than the calculated frequency of varous rainfall events.

   Table B-1 in Exhibit B summarizes the date, time and address of the citizen phone reports of flooding in the area, along with finished floor and garage elevations for those specific addresses. The phone calls that related specifically to the Cox Road project area and flooded streets are shown in blue font, and to provide context the phone calls received from homes in the benefit area of the County's other project area (Pluckebaum & Range Road) are shown in black font.

   Exhibit E is a survey drawing showing the finished floor and garage ("low floor") elevations for all buildings in and near the project area. Table E-1 summarizes the surveyed elevations and calculates the depth of flooding for each building.

2. Describe the type(s) of protection that the proposed project will provide:

   stucture flooding protection by Acquisition and Demolition

3. Scope of Work (describe in detail what you are planning to do):

   Acquisition of property and Demolition of sturctures

4. Describe any other on-going or proposed projects in the area that may impact, positively or negatively, the proposed HMGP Project:

   Mud Lake Acquisition for West Cocoa Drainage improvements could address structure flooding for 71 of the 116 properties descibed in response to II.B.5 (below) that did not respond to our certified mailing requesting an indication of interest to participate in an acquisition and demolition project. 18 of the 31 properties discussed in II.B.5 (below) that did not respond to our certified mailing requesting an indication of interest to participate in an acquisition and demolition project are estimated to experience a flood stage reduction that is not sufficient to prevent structure flooding following the Mud Lake Acquisition for West Cocoa Drainage improvements.

5. Describe the purpose and need for the proposed project:

After all recommended drainage improvements excluding Mud Lake land acquisition for weir modification have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. 31 of these 116 propoerties are estimated to experience a flood stage reduction that is not sufficient to prevent structure flooding. The project consists of aquiring 27 of the 116 (13 of the 31) properties that responded to our certified mailing requesting an indication of interest to participate in this project, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s). Also, see response to B.1 (above)

Section III – Project Location *(Fully describe the location of the proposed project.)*

A. Site

1. Describe the physical location of this project, including street numbers (or neighborhoods) and project site zip code(s). Provide precise longitude and latitude coordinates for the site utilizing a hand-held global positioning system (GPS) unit or the equivalent:

   Location: **Unincorporated areas west of the City of Cocoa. See Exhibit C**
   Address(s): **See Exhibit C**
   GPS coordinates (decimal degree format): **28.360763, -80.769996**
   Project Zip Code(s): **32926**

2. Title Holder: **See Exhibit C**

3. Is the project site seaward of the Coastal Construction Control Line (CCCL)? ☐ Yes ☒ No

4. Provide the number of each structure type (listed below) in the project area that will be affected by the project. Include ***all*** structures in project area.

   ☒ Residential property: 27 ☐ Public buildings: _____
   ☐ Businesses/commercial property: _____ ☐ Schools/hospitals/houses of worship: _____
   ☐ Other: _____

B. Flood Insurance Rate Map (FIRM) Showing Project Site

1. ☒	Attach one (1) copy of the FIRM map, a copy of the panel information from the FIRM, and, if available, the Floodway Map. ***FIRM maps are required for this application (if published for your area). Also, all attached maps must have the project site and structures clearly marked on the map***. FIRMs are typically available from your local floodplain administrator who may be located in a planning, zoning, or engineering office. Maps can also be ordered from the Map Service Center at 1-800-358-9616. For more information about FIRMs, contact your local agencies or visit the FIRM site on the FEMA Web-page at https://msc.fema.gov/portal.	
2. Using the FIRM, determine the flood zone(s) of the project site (Check all zones in the project area) *(See FIRM legend for flood zone explanations) (A Zone must be identified)*		
☐	VE or V 1-30	☐ AE or A 1-30
☐	AO or AH	☐ A (no base flood elevation given)
☒	B or X (shaded)	☐ C or X (unshaded)
☐	Floodway	☐
☐	Coastal Barrier Resource Act (CBRA) Zone (Federal regulations strictly limit Federal funding for projects in this Zone; please coordinate with your state agency before submitting an application for a CBRA Zone project).	
3. ☐	**If the FIRM Map for your area is not published**, please attach a copy of the Flood Hazard Boundary Map (FHBM) for your area, with the project site and structures clearly marked on the map.	
4. ☐	Attach a copy of a Special Flood Hazard Area Flood Insurance Assurance(s).	

C. City or County Map with Project Site and Photographs

1. ☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the project site and structures marked on the map.
2. ☒ Attach a USGS 1:24,000 TOPO map with project site ***clearly*** marked on the map.
3. ☒ For **acquisition** or **elevation** projects, include copy of Parcel Map (Tax Map, Property Identification Map, etc.) showing each property to be acquired or elevated. Include the Tax ID numbers for each parcel, and Parcel information – including year built and foundation.
4. ☒ Attach photographs (at a minimum 4 photographs) for each project site per application. The photographs should be representative of the project area, including any relevant streams, creeks, rivers, etc. and drainage areas that affect the project site or will be affected by the project, and labeled. For each structure, please include the following angles: front, back and both sides.

Section IV – Budget/Costs

In this section, provide details of all the estimated costs of the project. As this information is used for the Benefit-Cost Analysis, reasonable cost estimates are essential. Contingency Cost should be included as a line item in the budget section and justified. Recommended range is 1 to 5%. ***Avoid the use of lump sum costs.***

A. Materials

Item	*Unit*	*Quantity*	*Cost per Unit*	*Cost*
			Sub-Total	**$0.00**

B. Labor *Include equipment costs. Please indicate all "soft" or in-kind matches (**).*

Description	*Hours*	*Rate*	*Cost*
		Sub-Total	**$0.00**

C. Fees Paid Include any other costs associated with the project.

Description of Task	*Hours*	*Rate*	*Cost*
Cost Estimate provided as Exhibit C	1	$4,783,000.00	$4,783,000.00
		Sub-Total	**$4,783,000.00**

D. **Total Estimated Project Cost** **$4,783,000.00**

Note: *To be eligible for HMGP funding, pre-award costs must be identified as separate line items in the cost estimate of the application. This must be done in addition to filling out the HMGP Pre-Award Cost Request Form, submitted with application. Mark each Pre-Award cost with an* ***asterisk (*)****; and In-kind services with* ***double asterisk (**)****; All In-kind match must be identified in the Section IV.B and D – Funding Sources).*

E. Funding Sources (round figures to the nearest dollar)

The maximum FEMA share for HMGP projects is 75%. The other 25% can be made up of State and Local funds as well as in-kind services. HMGP funds may be packaged with other Federal funds, but other Federal funds (except for Federal funds that lose their Federal identity at the State level, such as CDBG, and certain tribal funds) may not be used for the Non-Federal share of the costs.

1.	***Estimated Federal Share***	$3,587,250.00	75 % of Total	(Maximum 75%)
2.	***Non-Federal Share***			
3.	Estimated Local Share	$1,195,750.00	25 % of Total	(Cash)
4.			% of Total	(In-Kind**)
5.			% of Total	(Global Match***)
6.	***Other Agency Share*** *(Identify Non-Federal Agency and availability date)*		% of Total	
7.	***Total Funding sources from above***	**$4,783,000.00**	**100.00%** ***Total***	(Equals 100%)

**☐ Identify proposed eligible activities directly related to project to be considered for In-Kind services in Section IV.B. Labor.

***☐ Separate project applications must be submitted for each Global Match project.

Global Match Project Number and Title: _____

F. Project Milestones/Schedule of Work

List the major milestones in this project by providing an estimate time-line for the critical activities not to exceed a period of 3 years of performance. ***(e.g. Designing, Engineering, Permitting, etc.)***

Milestone(s)	***Number of Days to Complete***
Final Award Notice and Grant Application Packet Updates	180
State Contracting Process	180
Acquisition	365
Demolition	365
Total	1,090 **Days**

Section V. Environmental Review and Historic Preservation Compliance

(NOTE: This application cannot be processed if this section is not completed.)

Because the HMGP is a federally funded program, all projects are required to undergo an environmental and historic preservation review as part of the grant application process. Moreover, all projects must comply with the National Environmental Policy Act (NEPA) and associated Federal, State, Tribal, and Local statutes to obtain funding. **NO WORK can be done prior to the NEPA review process. If work is done on your proposed project before the NEPA review is completed, it will NOT be eligible for Federal funding.**

A. The following information is required for the Environmental and Historic Preservation review:

All projects must have adequate documentation to determine if the proposed project complies with NEPA and associated statutes. The State Environmental Staff provide comprehensive NEPA technical assistance for Applicants, with their consent, to complete the NEPA review. The type and quantity of NEPA documents required to make this determination varies depending upon the project's size, location, and complexity. However, at a minimum, please provide the applicable documentation from this section to facilitate the NEPA compliance process.

1. ☒ Detailed project description, scope of work, and budget/costs (Section II and Section IV of this application).
2. ☒ Project area maps (Section III, part B & C of this application)
3. ☒ Project area/structure photographs (Section III, part C of this application).
4. ☒ Preliminary project plans.
5. ☒ Project alternatives description and impacts (Section V of the application).
6. ☐ Please complete the applicable project worksheets.
   Documentation showing dates of construction are required for all structures.
7. ☒ Environmental Justice – Attach documents regarding evaluation (required) and satisfactory resolution (if necessary) of Environmental Justice issues (Highly Disproportionate, Adverse Impact (effects) on Minority or Low Income Population). Documents can include public meeting records, media reports letters from interested persons and groups, studies on population, ethnic groups, quality of life, housing, economics, transportation, public services, schools, public health, recreation, voting, etc.
8. ☒ Provide any applicable information or documentation referenced on the *Information and Documentation Requirements by Project Type* below.

B. Executive Order 12898; Environmental Justice for Low Income and Minority Population:

1. Are there low income or minority populations in the project area or adjacent to the project area?
   ☐ No ☒ Yes; please describe any disproportionate and adverse effects to these populations:

   _____

2. To help evaluate the impact of the project, please indicate below any other information you are providing.
   ☒ Description of the population affected and the portion of the population that would be disproportionately and adversely affected. Please include specific efforts to address the adverse impacts in your proposal narrative and budget.

   _____

3. ☒ Attached materials or additional comments: Please include pdf documentation from the US Census Quick Facts and American Factfinder's website of the project area (http://www.census.gov/).

   _____

C. Tribal Consultation *(Information Required)*

Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies to take into account the effect of their undertakings on historic properties. The NHPA requires that agencies must complete this process prior to the expenditure of any Federal funds on the undertaking. A Tribal Consultation is required for any project disturbing ground or moving soil, including but not limited to: drainage projects; demolition; construction; elevation; communication towers; tree removal; utility improvements.

1. Describe the current and future use of the project location. A land use map may be provided in lieu of a written description.

   Current use is residential and future use vacant land restricted to flood plain.

2. Provide information on any known site work or historic uses for project location.

   Hsitorical use has been residential

   ☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the horizontal limits (feet) and vertical depths (square feet) of all anticipated ground disturbance of 3 inches or more.

D. Alternative Actions *(Information Required)*

The NEPA process requires that at least two alternative actions be considered that address the same problem/issue as the proposed project. In this section, list **two feasible** alternative projects to mitigate the hazards faced in the project area. One alternative is the "No Action Alternative".

1. No Action Alternative

Discuss the impacts on the project area if no action is taken.

If no action is taken, the project area will continue to be at risk of inundation during another flood event. Residents will continue to face the prospect of severe street, yard, and structure flooding, with the probability of failed sewer service and possibly failed electric and phone service as a result of the flooding every five years – or more often. continue . Streets which were overtopped or totally submerged during past storms, could again be flooded, requiring expensive police and traffic management during the flood, and major repairs afterwards. The streets will continue to deteriorate into potholes as a result of the damage caused by saturation of the road base from the prolonged standing water.

2. Other Feasible Alternative

Describe a feasible alternative project that would be the next best solution if the primary alternative is not accomplished. This could be an entirely different mitigation method or a significant modification to the design of the current proposed project. Please include a Scope of Work, engineering details (if applicable), estimated budget and the impacts of this alternative. Complete *all* of parts **a-e** (below).

a. Project Description for the Alternative

Describe, in detail, the alternative project, and explain how the alternative project will solve the problem(s) and/or provide protection from the hazard(s). Also, provide pros and cons for this alternative and a reason for why it was not selected.

This project addresses property flooding that is not already addressed through considered/planned engineering solutions and based on the estimated fair market value of these homes, elevation is nearly as costly ($4.9M) as acquisition before factoring in temporary relocation assistance. See Exhibit C.

b. Project Location of the Alternative (*describe briefly, if different from proposed project*)

_____

☐ Attach a map or diagram showing the alternative site in relation to the proposed project site (*if different from proposed project*)

c. Scope of Work for Alternative Project

Elevation of foundation.

d. Impacts of Alternative Project

Discuss the impact of this alternative on the project area. Include comments on these issues as appropriate: Environmental Justice, Endangered Species, Wetlands, Hydrology (Upstream and Downstream Surface Water Impacts), Floodplain/Floodway, Historic Preservation and Hazardous Materials.

None

e. Estimated Budget/Costs for Alternative Project

In this section, provide details of all the estimated costs of the alternative project (round figures to the nearest dollar). A lump sum budget is acceptable.

Materials:	
Labor:	
Fees:	$4,854,462.00
Total Estimated Project Cost:	**$4,854,462.00**

HMGP ENVIRONMENTAL REVIEW

Information and Documentation Requirements by Project Type

Retrofits to Existing Facilities/Structures ***Elevations*** ***Acquisitions with Demolition***
✓ Dates of Construction ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance ✓ Structure photographs
Drainage Improvements
✓ Engineering plans/drawings ✓ Permit or Exemption letter to address any modifications to water bodies and wetlands o Department of Environmental Protection o Water Management District o U.S. Army Corps of Engineers ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance. ✓ Concurrence from U.S. Fish and Wildlife addressing any impacts to wildlife, particularly endangered and threatened species and their habitats. ✓ If the project is in a coastal area, attach a letter from the National Marine Fisheries Service addressing impacts to marine resources. ✓ Concurrence from Natural Resource Conservation Service if project is located outside city limits and may impact prime or unique farmland. ✓ Concurrence from your Local Floodplain Manager – if project is located in a floodplain.

Note: This is a general guideline for most projects. However, there will be exceptions. Consult with state environmental staff on project types not listed.

Section VI – Maintenance Agreement

All applicants whose proposed project involves the retrofit or modification of existing public property or whose proposed project would result in the public ownership or management of property, structures, or facilities, must first sign the following agreement prior to submitting the application to FEMA.

(NOTE: Those applicants whose project only involves the retrofitting, elevation, or other modification to private property where the ownership will remain private after project completion DO NOT have to complete this form.)

The Board of County Commissioners of Brevard County, State of Florida, hereby agrees that if it receives any Federal aid as a result of the attached project application, it will accept responsibility, at its own expense if necessary, for the ***routine*** maintenance of any real property, structures, or facilities acquired or constructed as a result of such Federal aid. Routine maintenance shall include, but not be limited to, such responsibilities as keeping vacant land clear of debris, garbage, and vermin; keeping stream channels, culverts, and storm drains clear of obstructions and debris; and keeping detention ponds free of debris, trees, and woody growth.

The purpose of this agreement is to make clear the Sub-recipient's maintenance responsibilities following project award and to show the Sub-recipients acceptance of these responsibilities. It does not replace, supersede, or add to any other maintenance responsibilities imposed by Federal law or regulation and which are in force on the date of project award.

Signed by Rita Pritchett the duly authorized representative
(printed or typed name of signing official)

Board Chair,
(title)

This 2 *(day)* of August *(month)*, 2018 *(year)*.

Signature* _____

Please Note: The above signature must be by an individual with legal signing authority for the respective local government or county (e.g., the Chairperson, Board of County Commissioners or the County Manager, etc.)

HMGP Application Completeness Guidance/Checklist

This guidance/checklist contains an explanation, example and/or reference for information requested in the application. Please use this list to assure your application is complete and includes the required information for HMGP projects. The appropriate documentation must also be attached. It is important to note that this list is similar to the form that will be used during the application sufficiency review by the HMGP staff.

Project Title: West Cocoa Floodprone Property Aquisition

Applicant: Brevard County Board of Commissioners

Application Information	Explanation of Information Required	✓
Section I		
B. Applicant Information		
FEMA___-DR-FL	Type in the four digit number FEMA assigned to the disaster that this application is being submitted under. (Example: 4337, 4283)	☒
DISASTER NAME	Type in the Disaster name. (Example: Hurricane Irma, Tropical Storm Fay)	☒
Title/Brief Descriptive Project Summary	The project title should include: 1) Name of Applicant, 2) Name of Project, 3) Type of Project. (Example: City of Tallahassee, City Hall Building, Wind Retrofit)	☒
1. Applicant	Name of organization applying. Must be an eligible applicant.	☒
2. Applicant Type	State or local government, recognized Native American tribe, or private non-profit organization. If private non-profit, please attach documentation showing legal status as a 501(C). (Example: IRS letter, Tax Exempt Certificate)	☒
3. County	Indicate county in which the project is located.	☒
4. State Legislative and Congressional District(s)	Specify the appropriate State Senate, House and Congressional District code for the project site. For multiple sites, please list codes for each site. http://www.myfloridahouse.gov/sections/representatives/myrepresentative.aspx	☒
5. Federal Tax I.D. Number	List the Federal Employer's Identification Number (FEIN) number, also known as Federal Tax Identification number, 9-digit code. May be obtained from your finance/accounting department.	☒
6. DUNS Number	Include Data Universal Numbering Standard (DUNS) number in appropriate location on application. If none, please refer to HMGP FAQ's in Application Reference Material for instructions on obtaining a DUNS number. www.usaspending.gov	☒
7. FIPS Code	List the Federal Information Processing Standard (FIPS) Code. May be obtained from your finance/accounting/grants department. If none, please submit FEMA Form 90-49.	☒
8. NFIP ID Number	List the National Flood Insurance Program (NFIP) number. You must be a participating NFIP member to be eligible for HMGP funding. Please make sure that the number is the same as the panel number on the FIRM provided with the application.	☒
9. Point of Contact	Please provide all pertinent information for the point of contact. This person serves as the coordinator of the project. If this information changes once the application is submitted, please contact the HMGP staff immediately.	☐
10. Application Prepared By	Please provide the preparer information. May be different from the point of contact (line 9) and/or the applicant's agent (line 11).	☒
11. Authorized Applicant Agent	An authorized agent must sign the application. *"An authorized agent is the chief elected official of a local government who has signature authority, so for a county it would be the Chairman of the Board of County Commissioners and for a municipality it would be the Mayor (the exact title sometimes varies). Any local government may delegate this authority to a subordinate official (like a City or County Manager) by resolution of the governing body (the Board of County Commissioners or Board of City Commissioners). If a local government delegates signature authority, a copy of the resolution by the governing body authorizing the signature authority for the individual signing must be provided."*	☒
12. LMS Compliance	a) LMS Project List:	☒

	All proposed projects must be included in the county's Local Mitigation Strategy (LMS) Project List and must be on file with FDEM's Mitigation Bureau Planning Unit. b) LMS Endorsement Letter All proposed projects must include an endorsement letter from the county's Local Mitigation Strategy Coordinator. You may use 1 letter as long as it includes every proposed project. c) Estimated Costs & Application Costs: The LMS Project List must include an Estimated Cost column and each HMGP project application must be within $500.00 of that Project List's estimated cost. Also ensure that the Federal Cost Share indicated on the LMS Coordinator's Endorsement Letter exactly matches the Federal Cost Share indicated within the application. Ensure the LMS endorsement letter contains both the Total Estimated Projects Cost (Section IV. D.), along with the Estimated Federal Share (Section IV. E.1.) allocated to this project. A letter of endorsement for the project and its priority number from the Local Mitigation Strategy must be included. Refer to **Sample LMS Letter**. Applications without a letter of endorsement will not be processed. *(44 CFR 201.6 Local Mitigation Plans)*	
13. Previous Submittal	If the project has been previously submitted under another disaster, provide the disaster number, the project number, and the title of the project.	☐

Section II - Project Description

A. Hazards to be Mitigated/Level of Protection

1. Type of Hazards	**Type of Hazards the Proposed Project will Mitigate**: Identify the hazard(s) that the proposed project will mitigate. More than one hazard may be selected.	☒
2. Identify the Type of Project	**Identify the Type of Proposed Project**: Describe the mitigation project being proposed. (Example: drainage, wind retrofit, generator etc.)	☒
3. Number of Persons Protected	Explain how many people will be protected by or benefit from the proposed project. (Example: A drainage project improving a residential area of 23 homes, with an average household of 2 people = 46 people)	☒
4. Total Impacted Area	Explain how many acres will be impacted from the proposed project: Drainage/Berm/Pond/Culverts/Flood hazard projects: combination of the area to be protected and ground disturbance must not exceed 25 acres.	
5. Level of Protection	Specify the level of protection and magnitude of the event the proposed project will mitigate. Attach support documentation that verifies the stated level of protection. (Example: In a wind retrofit project, it will be the design wind speed to comply with the Florida Building Code requirements. In a drainage project, it will be the implemented design level, e.g. a 25-year FDOT design standard for culvert.)	☒
6. Project Impact	Identify **all** the items the project may impact or are within the project area.	☒
7. Engineered Projects (e.g. Drainage)	Include available engineering calculations, studies, and designs for the proposed project showing results from applied Recurrence Interval scenarios before and after mitigation. (Number of structures, building replacement value, depth of the water, structural damages, content damages, displacement, road closures, etc.)	☒

B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

1. Existing Problem	Describe the existing problem, location, source of the hazard, and the history and extent of the damage. Include newspaper articles, insurance documentation, photographs, etc. If this project is eligible for PA (406) mitigation activities, please describe the 406 activities.	☒
2. Type of Protection	Determine how the funding will solve the existing problem and provide protection.	☒
3. Scope of Work:	**What the Project Proposes to Do**: Determine the work to be done. The scope of work must meet eligibility based on HMGP regulations and guidance. Explain how the proposed problem will be solved. (NOTE: The proposed project must be a mitigation action, not maintenance.) *Does the proposed project solve a problem independently or constitute a functional part of a solution where there is assurance that the project as a whole will be completed (44 CFR 206.434[c][4])? Does the proposed project address a problem that has been repetitive or that poses a*	☒

	significant risk to public health and safety if left unresolved (44 CFR 206.434[c][5][i])? Projects that merely identify or analyze hazards or problems are not eligible. **See Sample Scope of Work Language** in HMGP Application Reference Material. Generators should not be included in the scope of work unless said generator only powers the mitigation element or is for a critical facility.	
4. On-Going or Proposed Projects in the Area	Determine if other projects, zoning changes, etc. are planned (particularly in the same watershed if flooding is being addressed) that may negatively or positively impact the proposed project. If there is a drainage project or downstream issue elsewhere, it may eliminate the current flooding issue, erasing the need for the proposed project. Response applies to drainage and acquisition projects. N/A is appropriate in wind retrofit shutter projects only. If this project is also being considered under the Public Assistance Program (406), please describe in detail the 406 mitigation activities and/or services. Do not include project costs associated with the above referenced HMGP application.	☒
5. Purpose / Need	Describe the purpose and need for the proposed project.	☒

Section III - Project Location

A. Site

1. Physical Location	List the physical location of the project site(s) including the street number(s), zip code(s) and GPS coordinates (latitude/longitude, in decimal degrees). The physical address must correspond with the address locations specified on maps submitted with the application.	☒
2. Title Holder	Provide the titleholder's name.	☒
3. Project Seaward of the CCCL?	Determine if the project site is located seaward of the Coastal Construction Control Line. https://floridadep.gov/water/coastal-construction-control-line	☒
4. Number and Types of Structures Affected	Specify the number and type of properties affected by the project. (Example: Drainage project that affects 100 homes, 15 businesses and 2 schools.) What does the project protect? Should have a number next to the box that is checked. (See Section II, Item A.4 – detail of these totals)	☒

B. Flood Insurance Rate Map (FIRM) Showing Project Site

1. Copies of FIRM	Attach a copy (or copies) of the FIRM and clearly identify the project site. The FIRM Panel number must be included. To obtain a FIRM map, go to https://msc.fema.gov/portal. **See instructions on How to make a FIRMette.**	☒
2. Flood Zone Determination	Specify the flood zone(s) of the project site(s). **If project is located in a Special Flood Hazard Area, proof of flood insurance will need to be provided. Amount of coverage must be equal to or greater than the amount of Federal mitigation funding obligated to the project.**	☒
3. Flood Hazard Boundary Map (FHBM)	Not required if a copy of the FIRM is attached.	☒

C. City or County Map with Project Site and Photographs

1. City/County Map with Project Site	The project site and staging location (if applicable) should be clearly marked on a legible City/County map. The map should be large enough to show the project site. More than one map may be required.	☒
2. USGS TOPO with Project Site	The project site should be clearly marked on a legible USGS 1:24,000 TOPO map. To obtain a TOPO map, go to http://www.Digital-Topo-Maps.com	☒
3. Parcel/Tax Map	A Parcel, Tax or Property Identification map is required only for acquisition and elevation projects. The location of the structure must be clearly identified.	☒
4. Site Photographs	At least four photographs are required that clearly identify the project site. The photos must be representative of the project area, including any relevant streams, creeks, rivers, etc., and drainage areas that affect the project site or will be affected by the project. The front, back and both side angles are required for each structure. For acquisition and elevation projects, a photo taken away from the structure (in front toward the street, and in back toward backyard) to show the area along with photographs of specific elements of the structure affected by the project (windows for shutters or window replacements) should also be provided. Please label photographs appropriately. In addition, CDs may be submitted.	☒

Section IV - Budget/Costs

Please make sure all calculations are correct. Provide a breakdown of materials, labor and fees paid for the proposed project. Support documentation must be attached, i.e. vendor's quote, professional estimate (from engineer, architect, local building official, etc.). The proposed budget line items should represent allowable costs associated with the scope of work. Contingency Cost should be included as a line item in the budget section, and justified. Recommended range is 1 to 5%. It is required to complete this section; it will be used for the Benefit-Cost Analysis (BCA). Costs should be accurate, complete and reasonable compared to industry standards. Make sure the total cost is correct on the entire application.

A. Materials	Describe the cost of materials. Provide breakdown.	☒
B. Labor	Provide a breakdown of description, hours, rate, and cost or lump sum labor cost. Can use in-kind contribution as part of the 25% match. (Attach support documentation for in-kind match to detail wages and salaries charged for any in-kind contribution. No overtime wages can be used to satisfy in-kind match contributions).	☒
C. Fees Paid	Provide a breakdown of associated fees i.e., consultants, studies, engineering, permits, and project management. Maintenance is not an allowable cost under HMGP. *Pre-award costs may be requested* **(See Pre-award Costs guidance).**	☒
D. Total Estimated Project Cost	Please make sure all calculations are correct. This figure should be the same as the figure for total funding.	☒

E. Funding Sources (round figures to the nearest dollar)

The proposed sources of non-federal matching funds must meet eligibility requirements. (Except as provided by Federal statute, a cost-sharing or matching requirement may not be met by costs borne by another Federal grant.) 44 CFR 13.24 (b)(1).

1. Estimated Federal Share	The estimated Federal share is generally 75%. If the Federal share is not 75%, assure actual amount is entered. It could be 50.1234% or 35.1234%, etc. of the total dollar amount of project depending on county LMS allocation and priority. This figure cannot exceed 75%.	☒
2. Non-Federal Share	May include all 3 sources, i.e. cash, in-kind and global match, as long as the total is a minimum of 25%. Match cannot be derived from a federal agency except Federal funds that lose their federal identity (e.g., CDBG funding and certain tribal funding).	☒
3. Cash	Cash- Local funding will be utilized for the non-federal share. Enter amount of cash and percentage of total that amount represents.	☒
4. Total In-Kind	May use materials, personnel, equipment, and supplies owned, controlled and operated from within governing jurisdiction as an in-kind match. *Third party in-kind contributions would be volunteer services, employee services from other organizations furnished free of charge, donated supplies, and loaned equipment or space. The value placed on these resources must be at a fair market value and must be documented. If in-kind is claimed from outside the applicant jurisdiction, it must be cash only. ** Identify proposed eligible activities in Section IV B. and C. as a separate line with In-kind written as a part of the description.*	☒
5. Total Project (Global) Match	Project (global) match must 1) meet all the eligibility requirements of HMGP; and 2) begin after FEMA's approval of the match project. A separate HMGP application must be submitted for global match projects. Indicate which project(s) will be matched. *The global match is not required to be an identical project. Projects submitted as global match for another project must meet the same period of performance time constraints as the HMGP.*	☒
6. Other Agency Share	Identify Non-Federal Agency and availability date; provide the documentation from the agency. (e.g., CDBG funding, and certain tribal funding)	☒
7. Total Funding	Total must represent (100%) of the total estimated project cost. Ensure that percentages match corresponding cost-shares and the total matches the Budget (in Section IV. D. - Total Estimated Project Costs).	☒

F. Project Milestones/Schedule of Work

1. Milestones (Schedule)	Identify the major milestones in the proposed project and provide an estimated time-line *(e.g. Designing, Engineering – 3 months, Permitting – 6 months, Procurement – 30 days, Installation – 6 months, Contracting – 1 month, Delays, Project Implementation, Inspections, Closeout, etc. See* **Typical Project Milestones** *for estimated time-frames)* for the critical activities not to exceed a period of 3 years for performance. Milestones should not be grouped together but listed individually. Please allot for the appropriate amount of time.	☒

Section V - Environmental Review & Historic Preservation Compliance

A. **No work can begin prior to the completion of the environmental (NEPA) review. In order for the Environmental staff to conduct the NEPA review, all sections listed below must be completed.**

1. Description, SOW & Budget	Detailed Project Description, Scope of Work & Budget/Costs Complete Sections II & IV of the application.	☒
2. Area Maps	Project area Maps - Attach a copy of the maps and clearly mark the project site, and place the specific project structure(s) on map(s). Complete Section III, part B & C of the application.	☒
3. Project Area/Structure Photographs	Complete Section III part C of the application.	☒
4. Preliminary Project Plans	For shutters see the scope of work and for drainage & elevation see engineering drawings.	☒
5. Project Alternatives	Complete Section V part D. of this application.	☒
6. Project Worksheets	Dates of construction are required for all structures. See worksheets.	☒
7. Documentation Requirements by Project Type	Provide any of the required documentation as listed on page 10 in the Information and Documentation Requirements by Project Type that may have already been obtained.	☒
8. Information/ Documentation Requirements by Project Type	Provide any applicable information or documentation.	☒

B. Executive Order 12898, Environmental Justice for Low Income and Minority Population

1. Documentation of Environmental Justice	Determine the proportion of the population, in either the project zip code or city, characterized as having a minority background, and proportion of the population living below poverty level. Go to http://www.census.gov/. If yes, complete Section V, part B.	☒
2. Population Affected	List / describe the population affected by this project and the portion of the population adversely impacted. List the attached documentation.	☒
3. Attached Materials	Attach all backup documentation to this application – Include a table of contents that outlines the information you are providing DEM	☒

C. Information required for Tribal Consultation

1. Documentation for Tribal Consultation	For all projects with any ground disturbing activities of 3 inches or more, complete Section V part C.	☒

D. Alternative Actions

1. No Action Alternative	Please discuss the impacts on the project area if no action is taken.	☒
2. Other Feasible Alternative Action	It is a FEMA and FDEM requirement for any Application Review. A narrative discussion of at least three project alternatives (from No Action to the most effective, practical solution) and their impacts, both beneficial and detrimental is required. It is expected that the jurisdiction has completed sufficient analysis to determine the proposed project can be constructed as submitted and it supports the goals and objectives of the FEMA approved hazard mitigation plan. Has the proposed project been determined to be the most practical, effective and environmentally sound alternative after consideration of a range of options? (44 CFR 206.434[c][5][iii])	☒
a. Project Description	It is very important and a requirement that an Alternative project is submitted. NEPA requires that at least three alternatives must be presented to mitigate the problem. In addition to the proposed action and no action, one other **feasible** alternative must be provided.	☒
b. Project Location of the Alternative	Describe the surrounding environment. Include information regarding both natural (i.e., fish, wildlife, streams, soils, plant life) and built (i.e., public services, utilities, land/shoreline use, population density) environments.	
c. Scope of Work – Alternative Project	Describe how the alternative project will solve the problem and provide protection from the hazard. Provide enough detail to describe the project for the evaluation	

	panel to decide the best course of action for the state. Include any appropriate diagrams, sketch maps, amount of materials and equipment, dimensions of project, amount of time required to complete, etc.	
d. Impacts of the Alternative Project		
e. Estimated Budget/Costs for the Alternative Project	Total cost is required.	☒
Materials, Labor, and Fees Paid	The details line items are not required. Just enter a total amount.	☒
Total Estimated Project Costs	Total cost is required. Vendor quote is not required. A lump sum budget may be submitted as justification to why this alternative was not chosen.	☒

Section VI – Maintenance Agreement

1. Maintenance Agreement	Please complete, sign and date the maintenance agreement. The maintenance agreement must be signed by an individual with signature authority, preferably the authorized agent.	☒

Other Required Documentation

1. MAPS	All maps must be included with the application.	
2. FFATA Form	During contracting with the state, please complete, sign and date the FFATA Project File Form. Instructions are provided for your convenience in the document provided. **This is not required at the time of application submittal.**	☐
3. SFHA Acknowledgement of Conditions	Required for all projects in the Special Flood Hazard Area. Read and sign the SFHA Acknowledgement of Conditions document. This form must be notarized, signed by the local jurisdiction and the property owner.	☒
4. Pre-award Cost Form	If pre-award costs are being requested with your project, please be sure to identify all pre-award costs in the application budget per instructions. The pre-award cost form must be completed and submitted with your application.	☐
5. Request for Public Assistance Form	Applicable if no FIPS number is assigned to applicant/recipient.	☐
6. Model Statement of Assurances for Property Acquisition Projects	For Acquisition projects only.	☒
7. Declaration and Release	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	☒
8. Notice of Voluntary Interest	For Acquisition projects only. Two forms are included for your convenience. Please use the form that is most appropriate to your situation. Must be signed by all persons whose names are on the property deed.	☒
9. Statement of Voluntary Participation for Acquisition of Property for Purpose of Open Space	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	☒
10. Worksheets	The appropriate worksheet(s) must be completed and submitted with the application. a. Flood Control – Drainage Improvement b. Generator c. Tornado Safe Room d. Hurricane Safe Room e. Wind Retrofit f. Wildfire g. Drought	☒

*Submit **1 original (signed) and 2 full copies** of the entire application and backup

documentation. Include a full copy of the submittal and all documentation on CD.

Model Statement of Assurances for
Property Acquisition Projects

SEND THIS STATEMENT OF ASSURANCES ATTACHED WITH THE PROJECT APPLICATION, OR SEND TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY AT THE TIME OF APPLICATION.

NOTE: If you have questions regarding any of these assurances, please consult the program guidance and contact the sponsoring agency.

Name of Applicant: Brevard County Board of Commissioners

As the duly authorized representative of the sub-applicant, I certify that the sub-applicant:

1. Will ensure that participation by property owners is voluntary. The prospective participants have been informed in writing that participation in the program is voluntary, that the Sub-applicant will not use its eminent domain authority to acquire their property for the project purposes should negotiations fail;
2. Will ensure each property owner will be informed, in writing, of what the Sub- applicant considers to be the fair market value of the property. The Sub-applicant will use the Model Statement of Voluntary Transaction to document this and will provide a copy for each property after award;
3. Will accept all of the requirements of the FEMA grant and the deed restriction governing the use of the land, as restricted in perpetuity to open-space uses. The Sub-applicant will apply and record a deed restriction on each property in accordance with the language in the FEMA Model Deed Restriction. The community will seek FEMA approval for any changes in language differing from the Model Deed Restriction.
4. Will ensure that the land will be unavailable for the construction of flood damage reduction levees and other incompatible purposes, and is not part of an intended, planned, or designated project area for which the land is to be acquired by a certain date;
5. Will demonstrate that it has consulted with the US Army Corps of Engineers regarding the subject land's potential future use for the construction of a levee system, and will reject future consideration of such use if it accepts FEMA assistance to convert the property to permanent open-space;
6. Will demonstrate that it has coordinated with its State Department of Transportation to ensure that no future, planned improvements or enhancements to the Federal aid systems are under consideration that will affect the subject property;
7. Will remove existing structures within 90 days of settlement;

8. Post grant award, will ensure that a property interested is conveyed only with the prior approval of the FEMA Regional Director and only to another public entity or to a qualified conservation organization pursuant to 26 CFR 1.170A-14;
9. Will submit every three years to the Grantee, who will then submit to the FEMA Regional Director, a report certifying that it has inspected the subject property within the month preceding the report, and that the property continues to be maintained consistent with the provisions of the grant. If the subject property is not maintained according to the terms of the grant, the Grantee and FEMA, its representatives, designated authorities, and assigns are responsible for taking measures to bring the property back into compliance; and
10. Will not seek or accept the provision of, after settlement, disaster assistance for any purpose from any Federal entity with respect to the property, and FEMA will not distribute flood insurance benefits for that property for claims related to damage occurring after the date of the property settlement.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the identified assurances and certifications.

Alix Bernard, Chair — Ryan Duckworth, Vice Chair

July 25, 2018

Mr. Miles Anderson,
State Hazard Mitigation Officer
Florida Division of Emergency Management
2555 Shumard Oak Boulevard
Tallahassee, Florida 32399-2100

Re: Hazard Mitigation Grant Program (HMGP) applications for FEMA 4337-DR-FL, Hurricane Irma

Dear Mr. Anderson,

The Brevard Prepares Local Mitigation Strategy (LMS) Steering Committee has approved by vote and prioritized the attached projects for HMGP funding from this disaster. These projects align with our LMS goals and objectives as noted, and with the State's mitigation goals and objectives in accordance with the Code of Federal Regulations 44§201.6.

The Brevard Prepares LMS Steering Committee therefore presents the attached projects in the order in which they are to be considered for funding.

For further information or inquiry, please contact me by phone, (321) 604-3017, or email abernard@cityofrockledge.org.

Sincerely,

Alix Bernard, Chair
Brevard Prepares LMS Steering Committee

Attachment: Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0831	Brevard County (Unincorporated)	Fire Rescue	W	Wind Mitigation of the T. J. Mills Fire Rescue Headquarters Building	$1,200,000	$900,000	Brevard County Fire Rescue would like to reduce the immediate impact of the costs of this project. This approach consists of three segments: 1. Protection of the employees 2. Protection of the structure itself not accomplished in the first segment 3. All remaining recommended changes in the engineering plan Each segment would cost approximately $400,000.00. The first segment of the project will consist of protecting the life and safety of the personnel that will be working in the Fire Operations Center during emergency situations. This will be accomplished in a three part plan, as follows: 1. Protect all open and exposed doors & windows by installing shutters for those on the first floor, and by replacing the windows on the second floor with hurricane resistant windows. 2. Move one of the electrical transformers, that provides power to the building, from the telephone pole it is on and bring it to ground level with adequate protection. 3. Build a security wall around the current generator, for protection against any impact from severe weather and/or flying debris.	64	1
BRV-0864	Melbourne Beach	Town Manger	UL	Public Safety/Town Hall Complex Emergency Generator/Communications	$156,000	$117,000	The Complex houses the Police, Fire, Town Hall, and EOC. All personnel are housed 24/7 in a hurricane or other disaster. Previous attempts to supply emergency power to the complex failed because of storm damage and over exertion of the power generator system, which was undersized. The Complex now has no back-up emergency power supply or communications back-up.	52	2
BRV-0862	Melbourne	Melbourne Fire Department	W	Hardening of Melbourne Fire Department Fire Stations	$176,000	$132,000	The City of Melbourne has eight fire stations, including one station under the Melbourne Airport Authority, serving approximately 80,419 residents. The City proposes to harden five fire stations (Stations 72, 75, 76, 77 and 78) and bring them up to current code requirements. This proposal includes upgrading the existing bay doors, installing impact windows, shuttering the personnel doors with tiles and side tiles, as well as upgrading the intake/exhaust louvers.	48	3
BRV-0848	Brevard County (Unincorporated)	Fire Rescue	W, L, FR	Weather Bug Stations	$547,400	$410,550	Brevard County Fire Rescue (BCFR) has determined, as a disaster mitigation project to request weather monitoring stations and Lightning Sensor Systems to be installed and monitored at County fire Stations. The weather stations will provide much needed tactical information during hurricanes and wildfire events. Real time weather information will enhance both firefighter safety and emergency service delivery.	48	4
BRV-0867	Palm Bay	Police Department	W	New Roof	$650,000	$487,500	The City of Palm Bay's Police Headquarters is in desperate need of a new roof. The roof is in failing condition and needs immediate repair. We have patched areas of the roof over ten times but there are still many leaky areas and weak spots. The headquarters is a vital location during a storm. At this location many of our police officers report and stay safe during the storm. It is also the location of our dispatch team that handles the calls during a storm. If something catastrophic happened to the roof during a storm we would have to relocate our dispatch center and many of our officers. This could result in down time and slower response to our citizens. The damage the building would sustain could result in months of relocating offices and the cost to fix the roof and damages. If we fix the problem now we will avoid these additional costly expenditures and possible problems during a storm.	48	5

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0856	Cocoa Beach	Water Reclamation	UL	Lift Station Generators	$470,000	$352,500	Generators to provide electrical power to sewer lift station power loss from tropical cyclones or other occurrences.	48	6
BRV-0858	Palm Bay	Fire Department	UL	Hardening of Palm Bay Fire Rescue Stations 2, 3, & 4	$417,915	$313,436	The City of Palm Bay proposes to harden three fire stations (Stations 2, 3, and 4). This proposal includes installing two permanent generators with hardened enclosures at Stations 2 and 3 and replacing one Convault fuel tank at Station 4. In addition, the City will replace the bay doors and doors at all three stations, install hurricane impact windows at all three stations, and replace the roof at Fire Station 2 and bring them up to current code requirements.	44	7
BRV-0865	Cape Canaveral	Canaveral Port Authority	UL	Generator for Bulk Fuel Shipments	$203,660	$152,745	The Port is the second busiest cruise port in the world with over 4.5 million passengers and approximately 1,395 ship calls in 2017; 21 cruise ships are either homeported or port-of-call vessels in Port Canaveral, sailing to/from the Caribbean. With over 80 percent of the Port's revenue derived from its cruise business, CPA must provide, protect, and maintain state-of-the art infrastructure required to support some of the world's largest and most sophisticated cruise ships berthed at the Port. After both Hurricane Matthew and Irma, Port Canaveral lost power, and it was intermittent and unreliable for several days. This widespread and total loss of power impacted our core operations. There are backup generators at our cruise terminals, but fuel delivery required additional generating capacity, which we obtained from Disney and the USAF 45th Space Wing. Port Canaveral supplies over 8% of Florida's total energy supply including a majority of the aviation fuel at Orlando International Airport the nation's 11th busiest airport and the major transportation hub for central Florida. There are no refineries in Florida or pipelines connecting the state to supply centers along the Gulf Coast or any other state. Therefore, unlike most other parts of the country, Florida is almost entirely supplied by marine movements of petroleum products from domestic and international sources. During Hurricane Irma 6.8 million Floridians and tourists evacuated the State increasing fuel demand by 150%. Following the passing of the hurricane, these 6.8 million citizens wanted to go home, and it is vital we can quickly provide the fuel to support the trip. The purchase of a portable backup generator will give Port Canaveral the ability to immediately begin fuel shipments after the passage of a storm even with a loss of power.	44	8
BRV-0853	Melbourne	Florida Institute of Technology	W/UL	Panther Dining Hall Hardening & Backup Power	$275,000	$206,250	Provide back-up power and hardening measures to the Panther Dining Hall (PDH), which is the campus dining facility of the University for approximately 5,000 students.	40	9
BRV-0854	Melbourne	Florida Institute of Technology	W/UL	Harris Village Hardening & Backup Power	$850,000	$637,500	Provide back-up power and hardening measures to the Harris Village Residence Halls & Chiller.	36	10
BRV-0863	Brevard County (Unincorporated)	Natural Resources	FL	West Cocoa Floodprone Property Acquisition	$4,783,000	$3,587,250	After all recommended drainage improvements have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. The project consists of acquiring 27 of these properties, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s).	36	11

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0868	Brevard County (Unincorporated)	Natural Resources		Mud Lake Acquisition for West Cocoa drainage Improvements - Phase 1	$817,464	$613,098	The subdivisions located along Gray Road north of Lake Drive experience road, lot, and property flooding during significant storm events due to low elevation. After all recommended drainage improvements excluding acquisition have been implemented, watershed evaluation models indicate that there are 116 properties in the West Cocoa drainage improvement study area that will continue to experience structure flooding during the 100y/24hr storm event due to low finished floor elevations. The project consists of reducing the 100y/24hr event stage ~0.7 ft by aquiring several floodplain easements on the first 5 undeveloped properties known as Mud Lake & implementing weir modifications to mitigate 100y/24hr event flooding for 85 of the 116 properties, some of which also experience structure flooding during the 10y/24hr and/or 25y/24hr storm event(s).	36	12
BRV-0866	Brevard County (Unincorpiirated)	Brevard Public Schools	W	Hardening of Brevard Public Schools with Impact Resistant Glass	$3,000,000	$2,250,000	Brevard Public Schools (BPS) has 83 schools and 17 special centers. The district educates just under 70,000 students in 17 different municipalities across the Space Coast. BPS proposes to harden eighteen schools that have second story buildings with Impact Resistant Glass. The goal is mitigate potential damage to schools enabling BPS to open schools as quickly as possible after a hurricane. When schools are closed, some children aren't getting the nutrition they need. In 2017-2018 Brevard Public Schools 52% of students receive free or subsidized meals. The district also provides free breakfast regardless of income to all students. The closures also threaten to exacerbate "summer slide"—kids' tendency to lose some of the academic gains they have made the previous school year and reduce the amount of time children can dedicate to learning during the school year. The economic impact to families and communities during school closures can be enormous. Major wage earners working outside the home in households are more likely to suffer lost income while schools are closed. Families having difficulty arranging childcare can be offset by schools opening as quickly as possible.	36	13
BRV-0859	Palm Bay	Public Works	FL	Ferguson Culvert Replacement	$1,500,000	$1,125,000	Replace culvert at Ferguson Rd. where it crosses the C-9R Melbourne-Tillman canal with a large box culvert or bridge to alleviate flooding caused by the failing and improperly sized culvert and still allow for an emergency ingress/egress route to the west for local homesites.	33	14
BRV-0828	West Melbourne	Public Works	UL	Lift Station Portable Generators	$172,820	$129,615	Two (2) portable generators for use during hazard events at those sewer lift stations which do not have permanent generators.	32	15
BRV-0855	Melbourne	Florida Institute of Technology	W/UL	Shaw Hall Hardening & Backup Power	$200,000	$150,000	Provide back-up power and hardening measures to Shaw Hall which houses the emergency and security operations of the University.	32	16
BRV-0861	Titusville	Titusville Water Resources	UL	Titusville Lift Station Generators	$759,109	$568,582	The City of Titusville would like to reduce the amount of days our neighborhoods were left without several key lift stations after hurricanes and other major events. In most recent history, Hurricane Matthew and Hurricane Irma, left several key lift stations without power for days and some for weeks. As FPL and other utilities did their best to minimize wait time, Hurricane Irma showed we need to take advanced measures when such a wide area is affected. Initially, three lift stations are of priority, but more may be needed to further mitigate the utility loss.	32	17
BRV-0860	Palm Bay	Growth Management	FL	Cimmeron Circle Repetitive Loss Acquisitions	$1,680,000	$1,260,000	City of Palm Bay desires to acquire 12 residential properties from owner occupant homeowners who have requested acquisition due to repetitive losses suffered on their properties resulting from major flooding.	30	18

BRV-0872	Cocoa	Public Works	FL	Fiske Blvd, Drainage Improvements	$600,000	$450,000	During recent hurricanes and unusual rainfall events, flooding occurs on Cocoa's older streets and in its older established subdivisions. This project will include installing a new stormwater outfall and drainage system along Fiske Blvd, north of Peachtree St,to reduce flooding occurrences in the surrounding area. The Fiske Blvd, project includes an improved outfall connection to the city's stormwater pond system with a new 36" pipe.	28	19
BRV-0873	Cocoa	Utilities	UL	Lift Station 1 Improvements & Generator	$844,000	$633,000	The City of Cocoa has identified that the reconstruction of Lift Station 1 would eliminate or reduce the probability of loss of life and property from future disasters. Lift Station 1 is located just a few feet from the Indian River Lagoon with finished elevations well below the lagoon and flood surface elevations. Lift Station 1 serves approximately 700 customers. During Hurricanes Irma, influent flooded the dry well which housed electronics, pumps and associated equipment required for normal operations. Lift Station 1 does not have a generator and during relief efforts a portable generator must be parked in the street in order to provide power. Lift Station 1 will be demolished and replaced with a submersible pumping system incorporated in the wet well which will eliminate the need for confined space entry, improve worker safety and mitigate the exposure of electrical components when flooding occurs. The site will be improved and the elevation of the station will be raised to mitigate future storm surge entering the lift station. The scope also includes the addition of a permanent emergency generator.	28	20
BRV-0875	Cocoa Beach	Public Works	UL	Emergency Generators to Power Key Traffic Signals	$12,000	$9,000	This initiative is a request for six (6) generators for powering signalized traffic intersections along State Road A1A and State Road 520 in Cocoa Beach. These are main traffic and evacuation corridors. In the event of a power outage due to a hurricane, these generators would be deployed at the following key intersections or other key intersections where power has been lost: 1. State Road 520 & State Road A1A 2. State Road 520 & North Banana River Boulevard 3. State Road A1A & St. Lucie Lane 4. State Road A1A & Cocoa Isles Boulevard 5. State Road A1A & Minutemen Causeway Northbound 6. State Road A1A & Minutemen Causeway Southbound	28	21
BRV-0874	Cocoa	Public Works	FL	Broadmoor Drainage Improvements	$400,000	$300,000	During recent hurricanes and unusual rainfall events, flooding occurs on Cocoa's older streets and in its older established subdivisions. The Broadmoor Acres subdivision includes 172 lots and dates from the early 1950's. This subdivision was designed with rear-lot drainage swales and minimally-sized drainage pipes. Extensive flooding has been reported in this subdivision, impacting access to properties and increasing sewage overflows associated with an overwhelming flow of stormwater into the sanitary sewage system. The project includes an improved drainage system consisting of street-side swales and expanded piped drainage systems in the Broadmoor Acres Subdivision to reduce flooding events.	24	22
BRV-0869	Brevard County (Unincorporated)	Natural Resources	FL	NMI (Church, Horseshoe, Crissafulli) - SFHA Acquisitions	$2,582,000	$1,936,500	This project is a buyout of five flood prone properties which have experienced repeated flooding on North Merritt Island, specifically, at 295 and 415 East Crisafulli Road, 4560 Horseshoe Bend, and 5520 Rons Road. Stormwater studies and flood mitigation efforts have demonstrated that reduction of flood stage for these proposed buyout properties is not feasible.	24	23

Brevard County Prioritized HMGP Projects for FEMA 4337-DR-FL, Hurricane Irma									
Hazard: W = Winds FR = Fire UL= Utility Loss L = Lightning SS = Storm Surge C = Civil Disorder FL = Flooding E = Erosion HZ= Hazmat WS = Winter Storm D = Drought I = Infestation/Disease All = All Hazards									
Number	Jurisdiction	Responsible Organization	Hazard	Project Description	Total Project Cost Est. at Submittal	Federal Cost Share	Comments	Priority Score	Ranking
BRV-0870	Brevard County (Unincorporated)	Natural Resources	FL	Legay - SFHA Acquisitions	$600,000	$450,000	This project is a buyout of flood prone properties at the intersection of Legay and Manles in Cocoa, specifically, 1707 Manles Drive. These properties have experienced repeated flooding. Roadway flooding will be mitigated by elevation of the local roadway intersection. The properties perchased will be used to create stormwater storage to offset the proposed roadway fill.	24	24
BRV-0871	Brevard County (Unincorporated)	Natural Resources	FL	Silver Pines - SFHA Acquisitions	$1,100,000	$825,000	The project calls for the installation of a 100 KW Emergency Back-up Generator with a 550 gallon diesel fuel dual walled tank contained within an impact resistant building. In addition, wireless high speed connections will be installed on a transmission pole to provide communications via IP with the mainland. This will provide emergency responders with use of their computers and telephones within the complex.	24	25

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT ☐	DRYFLOOD PROOFING/ FLOOD BARRIER ☐	ACQUISITION ☒	ELEVATION ☐
OTHER ☐	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

33	WHAT IS THE TOTAL SIZE OF THE BUILDING? (SF)	1080

Note: For non-residential buildings, please provide the square footage for first floor only. For residential buildings, the total size consists of the enclosed area within the building, including finished and unfinished basements, and the entire living space; however, it does not include porches, attached garages, or other outside areas.

34	WHAT IS THE BUILDING REPLACEMENT VALUE? ($/SF)	38790

If the building is a residential building, please answer the following questions:

SECTION II-F RESIDENTIAL STRUCTURE DETAILS (Riverine/Coastal A)

35	BUILDING TYPE (Please select one below)		
	1 - STORY ☐	Comments:	
	2 - OR MORE STORIES ☐	Comments:	
	SPLIT - LEVEL ☐	Comments:	
	MOBILE HOME ☐	Comments:	
	OTHER ☐	Comments:	
36	DOES THE BUILDING HAVE A BASEMENT?	YES ☐	NO ☐
37	FOUNDATION TYPE (Please select one below)		
	SLAB ☐	Comments:	
	PIER ☐	Comments:	
	PILE ☐	Comments:	
	NONE OF THE ABOVE ☐	Comments:	

If the building is a non-residential building, please answer the following questions:

SECTION II-G NON - RESIDENTIAL STRUCTURE DETAILS

38	TYPE OF STRUCTURE	ENGINEERED	☐
		PRE-ENGINEERED	☐

39	SELECT PRIMARY USE OF BUILDING:			
RETAIL FURNITURE ☐	RETAIL ELECTRONICS ☐	RETAIL CLOTHING ☐	HOTEL ☐
FAST FOOD ☐	NON - FAST FOOD ☐	HOSPITAL ☐	MEDICAL OFFICE ☐
PROTECTIVE SERVICES ☐	CORRECTIONAL FACILITY ☐	RECREATION ☐	RELIGIOUS FACILITIES ☐
SCHOOLS ☐	POLICE STATION ☐	OFFICE - ONE STORY ☐	CONVENIENCE STORE ☐
GROCERY ☐	APARTMENT ☐	INDUSTRIAL LIGHT ☐	WAREHOUSE, REFRIG. ☐
WAREHOUSE, NON-REFRIG. ☐			

40	BUILDING CONTENTS	$
41	DISPLACEMENT COST ($/month)	$
42	ONE TIME DISPLACEMENT COSTS	$

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)	

43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

23	OTHER ELEVATION SOURCE:	
24	WHAT IS THE STREAMBED ELEVATION? (ft)	
25	WHAT IS THE SOURCE NAME?	
26	WHAT IS THE FLOOD PROFILE NUMBER?	

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)	PEAK DISCHARGES (CFS)
10 YEAR		
50 YEAR		
100 YEAR		
500 YEAR		

SECTION II-D COASTAL FLOODING DATA

27	WHAT IS THE FLOODING ZONE?	A ZONE ☐
		V ZONE ☐
		UNKNOWN ☐
28	WHAT IS THE BASE FLOOD ELEVATION? (BFE)	
29	FOR COASTAL ZONE A OR UNKNOWN, WHAT IS THE FIRST FLOOR ELEVATION? (FT)	
30	FOR COASTAL ZONE V, WHAT IS THE ELEVATION OF THE LOWEST FLOOR MEMBER? (FT)	

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)
10 YEAR	
50 YEAR	
100 YEAR	
500 YEAR	

If your project is an ELEVATION, please answer the following question:

31	HOW MANY FEET WILL THE FIRST FLOOR BE RAISED?	

If your project is a DRYFLOOD / FLOOD BARRIER, please answer the following question:

32	AT WHAT ELEVATION WILL THE BARRIER BE OVERTOPPED?	

SECTION II-E STRUCTURE INFORMATION

33	WHAT IS THE TOTAL SIZE OF THE BUILDING? (SF)	1025

Note: For non-residential buildings, please provide the square footage for first floor only. For residential buildings, the total size consists of the enclosed area within the building, including finished and unfinished basements, and the entire living space; however, it does not include porches, attached garages, or other outside areas.

34	WHAT IS THE BUILDING REPLACEMENT VALUE? ($/SF)	46760

If the building is a residential building, please answer the following questions:

SECTION II-F RESIDENTIAL STRUCTURE DETAILS (Riverine/Coastal A)

35	BUILDING TYPE (Please select one below)		
	1 - STORY ☐	Comments:	
	2 - OR MORE STORIES ☐	Comments:

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)	

43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

If the building is a non-residential building, please answer the following questions:

SECTION II-G NON - RESIDENTIAL STRUCTURE DETAILS

38	TYPE OF STRUCTURE	ENGINEERED	☐
		PRE-ENGINEERED	☐

39	SELECT PRIMARY USE OF BUILDING:			
RETAIL FURNITURE ☐	RETAIL ELECTRONICS ☐	RETAIL CLOTHING ☐	HOTEL ☐
FAST FOOD ☐	NON - FAST FOOD ☐	HOSPITAL ☐	MEDICAL OFFICE ☐
PROTECTIVE SERVICES ☐	CORRECTIONAL FACILITY ☐	RECREATION ☐	RELIGIOUS FACILITIES ☐
SCHOOLS ☐	POLICE STATION ☐	OFFICE - ONE STORY ☐	CONVENIENCE STORE ☐
GROCERY ☐	APARTMENT ☐	INDUSTRIAL LIGHT ☐	WAREHOUSE, REFRIG. ☐
WAREHOUSE, NON-REFRIG. ☐			

40	BUILDING CONTENTS	$
41	DISPLACEMENT COST ($/month)	$
42	ONE TIME DISPLACEMENT COSTS	$

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)		
43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)		
43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN ☐	
		SUBURBAN ☐	
		RURAL ☐	
		WILDERNESS ☐	
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT ☐	DRYFLOOD PROOFING/ FLOOD BARRIER ☐	ACQUISITION [X]	ELEVATION ☐
OTHER ☐	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION ☐	HOSPITAL ☐	POLICE STATION ☐

IF OTHER (please describe)	

43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

H&H DATA

18	WHAT IS THE H&H STUDY TITLE?	West Cocoa Watershed Evaluation
19	WHAT IS THE EFFECTIVE DATE OF THE H&H STUDY? (MM/DD/YYYY)	April 2014

20	IS THE PROJECT LOCATED IN A SPECIAL FLOOD HAZARD AREA (SFHA)/FEMA DELINEATED FLOOD PLAIN?		
	YES	[ ]	
	NO	[X]	
	UNKNOWN	[ ]	

SECTION II-C RIVERINE ELEVATION AND DISCHARGE DATA

NOTE: Please answer this section ONLY if the flood was caused by a river overflowing

21	WHAT IS THE FIRST FLOOR ELEVATION?						
22	WHAT IS THE FEMA ELEVATION CERTIFICATE DIAGRAM DESCRIPTION? (Please select below)						
	DIAGRAM 1A	[ ]	DIAGRAM 1B	[ ]	DIAGRAM 2	[ ]	DIAGRAM 3 [ ]
	DIAGRAM 4	[ ]	DIAGRAM 5	[ ]	DIAGRAM 6	[ ]	DIAGRAM 7 [ ]
	DIAGRAM 8	[ ]	DIAGRAM 9	[ ]	OTHER:		

23	OTHER ELEVATION SOURCE:	
24	WHAT IS THE STREAMBED ELEVATION? (ft)	
25	WHAT IS THE SOURCE NAME?	
26	WHAT IS THE FLOOD PROFILE NUMBER?	

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)	PEAK DISCHARGES (CFS)
10 YEAR		
50 YEAR		
100 YEAR		
500 YEAR		

SECTION II-D COASTAL FLOODING DATA

27	WHAT IS THE FLOODING ZONE?	A ZONE ☐
		V ZONE ☐
		UNKNOWN ☐
28	WHAT IS THE BASE FLOOD ELEVATION? (BFE)	
29	FOR COASTAL ZONE A OR UNKNOWN, WHAT IS THE FIRST FLOOR ELEVATION? (FT)	
30	FOR COASTAL ZONE V, WHAT IS THE ELEVATION OF THE LOWEST FLOOR MEMBER? (FT)	

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)
10 YEAR	
50 YEAR	
100 YEAR	
500 YEAR	

If your project is an ELEVATION, please answer the following question:

31	HOW MANY FEET WILL THE FIRST FLOOR BE RAISED?	

If your project is a DRYFLOOD / FLOOD BARRIER, please answer the following question:

32	AT WHAT ELEVATION WILL THE BARRIER BE OVERTOPPED?	

SECTION II-E STRUCTURE INFORMATION

33	WHAT IS THE TOTAL SIZE OF THE BUILDING? (SF)	1008

Note: For non-residential buildings, please provide the square footage for first floor only. For residential buildings, the total size consists of the enclosed area within the building, including finished and unfinished basements, and the entire living space; however, it does not include porches, attached garages, or other outside areas.

34	WHAT IS THE BUILDING REPLACEMENT VALUE? ($/SF)	33940

If the building is a residential building, please answer the following questions:

SECTION II-F RESIDENTIAL STRUCTURE DETAILS (Riverine/Coastal A)

35	BUILDING TYPE (Please select one below)		
	1 - STORY ☐	Comments:	
	2 - OR MORE STORIES ☐	Comments:	
	SPLIT - LEVEL ☐	Comments:	
	MOBILE HOME ☐	Comments:	
	OTHER ☐	Comments:	
36	DOES THE BUILDING HAVE A BASEMENT?	YES ☐	NO ☐
37	FOUNDATION TYPE (Please select one below)		
	SLAB ☐	Comments:	
	PIER ☐	Comments:	
	PILE ☐	Comments:	
	NONE OF THE ABOVE ☐	Comments:	

If the building is a non-residential building, please answer the following questions:

SECTION II-G NON - RESIDENTIAL STRUCTURE DETAILS

38	TYPE OF STRUCTURE	ENGINEERED	☐
		PRE-ENGINEERED	☐

39	SELECT PRIMARY USE OF BUILDING:						
RETAIL FURNITURE	☐	RETAIL ELECTRONICS	☐	RETAIL CLOTHING	☐	HOTEL	☐
FAST FOOD	☐	NON - FAST FOOD	☐	HOSPITAL	☐	MEDICAL OFFICE	☐
PROTECTIVE SERVICES	☐	CORRECTIONAL FACILITY	☐	RECREATION	☐	RELIGIOUS FACILITIES	☐
SCHOOLS	☐	POLICE STATION	☐	OFFICE - ONE STORY	☐	CONVENIENCE STORE	☐
GROCERY	☐	APARTMENT	☐	INDUSTRIAL LIGHT	☐	WAREHOUSE, REFRIG.	☐
WAREHOUSE, NON-REFRIG.	☐

41	DISPLACEMENT COST ($/month)	$
42	ONE TIME DISPLACEMENT COSTS	$

SECTION II-H LOSS OF SERVICE

Please Select Facility Type

FIRE STATION	☐	HOSPITAL	☐	POLICE STATION	☐

IF OTHER (please describe)		
43	ANNUAL OPERATING BUDGET OF ORGANIZATION	$

If building is a Fire Station, the following information is required:

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

44	HOW MANY PEOPLE ARE SERVED BY THIS FIRE STATION?		
45	INDICATE THE TYPE OF AREA SERVED BY THIS FIRE STATION	URBAN	☐
		SUBURBAN	☐
		RURAL	☐
		WILDERNESS	☐
46	WHAT IS THE DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE FIRE PROTECTION FOR GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		
47	DOES THE FIRE STATION PROVIDE EMERGENCY MEDICAL SERVICE (EMS)?	YES ☐	NO ☐
48	IF YES, WHAT IS DISTANCE IN MILES BETWEEN THIS FIRE STATION AND THE FIRE STATION THAT WOULD PROVIDE EMS FOR THE GEOGRAPHIC AREA NORMALLY SERVED BY THIS FIRE STATION?		

If building is a Hospital, the following information is required:

49	HOW MANY PEOPLE ARE SERVED BY THIS HOSPITAL?	
50	WHAT IS THE DISTANCE IN MILES BETWEEN THIS HOSPITAL AND THE HOSPITAL THAT WOULD TREAT THESE PEOPLE IN THE EVENT THIS HOSPITAL WAS INOPERATIVE?	
51	HOW MANY PEOPLE ARE REGULARLY SERVED BY THE ALTERNATIVE HOSPITAL?	

If building is a Police Station, the following information is required:

52	INDICATE THE TYPE OF AREA SERVED BY THIS POLICE STATION	METROPOLITAN ☐
		CITY ☐
		RURAL ☐
53	HOW MANY PEOPLE ARE REGULARLY SERVED BY THIS POLICE STATION?	
54	HOW MANY POLICE OFFICERS WORK AT THIS POLICE STATION?	
55	HOW MANY POLICE OFFICERS WOULD SERVE THE SAME AREA IF THE POLICE STATION WERE SHUT DOWN DUE TO DISASTER?	

FLOOD - DRAINAGE IMPROVEMENTS WORKSHEET

THIS WORKSHEET APPLIES FOR THE FOLLOWING MITIGATION ACTIVITIES:

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Flooding of Historic Residential Structures
- Dry Flooding of Non-Residential Structures
- Minor Localized Flood Reduction Projects
- Infrastructure Retrofit
- Soil Stabilization

Note: Please make sure you review the eligible activities, depending on the program you are applying for.

IMPORTANT: PLEASE FILL OUT THIS WORKSHEET COMPLETELY.
A SEPARATE WORKSHEET IS REQUIRED FOR EACH STRUCTURE TO BE MITIGATED.

Please select the type of project:

DRAINAGE IMPROVEMENT [ ]	DRYFLOOD PROOFING/ FLOOD BARRIER [ ]	ACQUISITION [X]	ELEVATION [ ]
OTHER [ ]	If other, please describe:		

THIS WORKSHEET ONLY APPLIES IF:

FLOOD INSURANCE STUDY **IS AVAILABLE** (FIS)
and / or
HYDROLOGY & HYDRAULIC STUDIES **ARE AVAILABLE** (H&H)

SECTION I

SECTION I-A PROJECT GENERAL INFORMATION

1	PROJECT NAME	West Cocoa Floodprone Property Aquisition
2	OWNER / APPLICANT	Brevard County
3	CONTACT PERSON	Name: TBD
		Address (Please include City, State, and Zip Code): 2725 Judge Fran Jameison Way, Bldg A, Rm 219 Viera, FL 32940
		Phone number: 321-633-2014
		Email: @brevardfl.gov
4	PROGRAM APPLICATION (FMA, SRL, RFC, HMGP, PA, PDM)	HMGP

SECTION I-B STRUCTURE GENERAL INFORMATION

5	STRUCTURE TYPE (Please select)	BUILDING	[X]
		OTHER	[ ]
		UTILITY	[ ]
6	ADDRESS	2399 Victor Road	
7	CITY, STATE AND ZIP	Cocoa, FL 32926	
8	COUNTY	Brevard	
9	IS THIS A HISTORIC BUILDING?	YES [ ]	NO [ ]

SECTION I-C COST ESTIMATION INFO

10	PROJECT USEFUL LIFE	100 Years
11	MITIGATION PROJECT COST	$ 206,400.00
12	ANNUAL MAINTENANCE COST	$ 500

SECTION II

SECTION II-A FULL FLOOD QUESTIONNAIRE

13	WHAT IS THE SOURCE OF YOUR FLOOD DATA?		
	FLOOD INSURANCE STUDY (FIS)	[ ]	Comments:
	HYDROLOGY & HYDRAULIC STUDY (H&H)	[X]	Comments:
	BOTH	[ ]	Comments:

SECTION II-B FLOOD DATA SOURCE

FIS DATA

14	WHAT IS THE EFFECTIVE DATE OF FIS? (MM/DD/YYYY)	
15	WHAT IS THE FIRM PANEL NUMBER?	
16	WHAT IS THE FIRM EFFECTIVE DATE? (MM/DD/YYYY)	
17	WHAT IS THE COMMUNITY ID NUMBER (CID)?	

H&H DATA

18	WHAT IS THE H&H STUDY TITLE?	West Cocoa Watershed Evaluation
19	WHAT IS THE EFFECTIVE DATE OF THE H&H STUDY? (MM/DD/YYYY)	April 2014

20	IS THE PROJECT LOCATED IN A SPECIAL FLOOD HAZARD AREA (SFHA)/FEMA DELINEATED FLOOD PLAIN?		
		YES	[ ]
		NO	[X]
		UNKNOWN	[ ]

SECTION II-C RIVERINE ELEVATION AND DISCHARGE DATA

NOTE: Please answer this section ONLY if the flood was caused by a river overflowing

21	WHAT IS THE FIRST FLOOR ELEVATION?						
22	WHAT IS THE FEMA ELEVATION CERTIFICATE DIAGRAM DESCRIPTION? (Please select below)						
	DIAGRAM 1A	[ ]	DIAGRAM 1B	[ ]	DIAGRAM 2	[ ]	DIAGRAM 3 [ ]
	DIAGRAM 4	[ ]	DIAGRAM 5	[ ]	DIAGRAM 6	[ ]	DIAGRAM 7 [ ]

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)	PEAK DISCHARGES (CFS)
10 YEAR		
50 YEAR		
100 YEAR		
500 YEAR		

SECTION II-D COASTAL FLOODING DATA

27	WHAT IS THE FLOODING ZONE?	A ZONE ☐
		V ZONE ☐
		UNKNOWN ☐
28	WHAT IS THE BASE FLOOD ELEVATION? (BFE)	
29	FOR COASTAL ZONE A OR UNKNOWN, WHAT IS THE FIRST FLOOR ELEVATION? (FT)	
30	FOR COASTAL ZONE V, WHAT IS THE ELEVATION OF THE LOWEST FLOOR MEMBER? (FT)	

RECURRENCE INTERVAL	ELEVATION (FEET NAVD)
10 YEAR	
50 YEAR	
100 YEAR	
500 YEAR	

If your project is an ELEVATION, please answer the following question:

31	HOW MANY FEET WILL THE FIRST FLOOR BE RAISED?	

If your project is a DRYFLOOD / FLOOD BARRIER, please answer the following question:

32	AT WHAT ELEVATION WILL THE BARRIER BE OVERTOPPED?	

SECTION II-E STRUCTURE INFORMATION

33	WHAT IS THE TOTAL SIZE OF THE BUILDING? (SF)	1686

Note: For non-residential buildings, please provide the square footage for first floor only. For residential buildings, the total size consists of the enclosed area within the building, including finished and unfinished basements, and the entire living space; however, it does not include porches, attached garages, or other outside areas.

34	WHAT IS THE BUILDING REPLACEMENT VALUE? ($/SF)	80000

If the building is a residential building, please answer the following questions:

SECTION II-F RESIDENTIAL STRUCTURE DETAILS (Riverine/Coastal A)

35	BUILDING TYPE (Please select one below)		
	1 - STORY	☐	Comments:
	2 - OR MORE STORIES	☐	Comments:

EXHIBIT B

Stratford Drive flooded during Tropical Storm Fay
Over 41 homes on Stratford Drive were flooded.

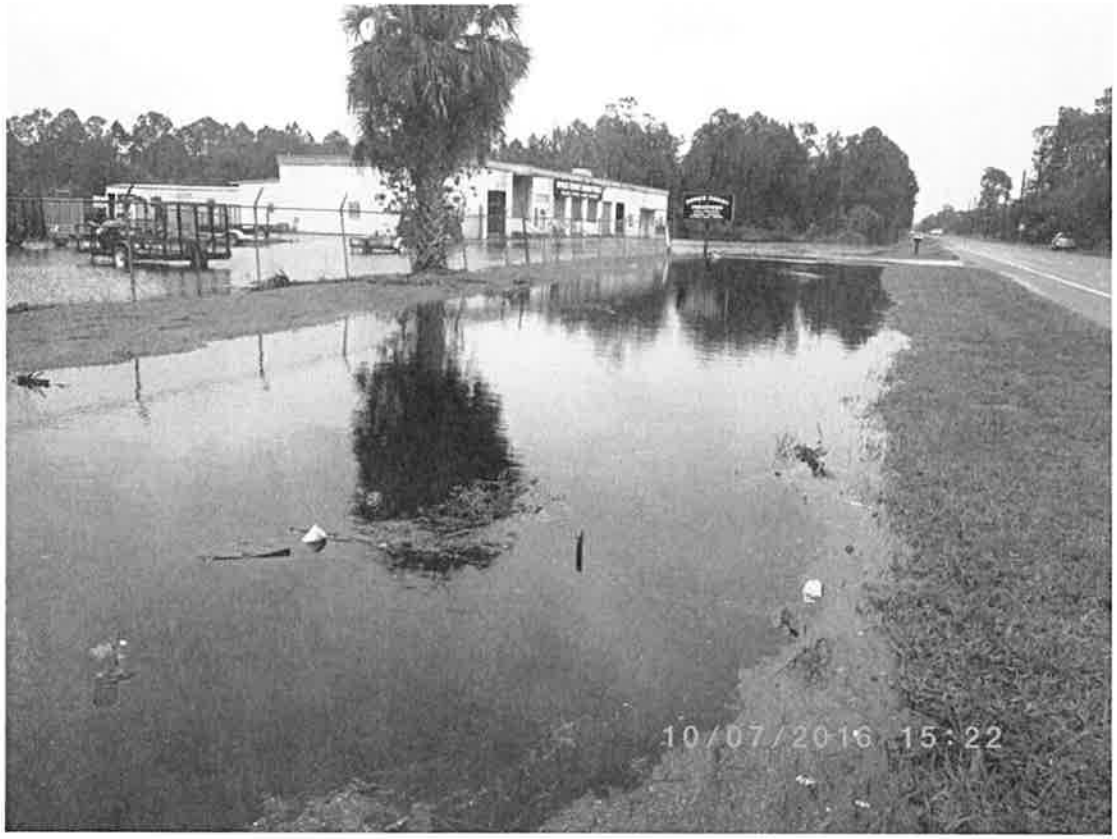

Lake Drive overtopped during Tropical Storm Fay

Photos #1 & #2 – Flooded Business on Cox Road during Hurricane Matthew

Two photos of 700 Cox Road during Tropical Storm Fay.
Top photo: looking NW at the flooded Space Coast Industries.
Bottom photo: looking WSW. This business was formerly called Pro-Line.

Photos #3 & #4 – Flooded Businesses on Cox Road after Hurricane Matthew
Top photo: looking SSW at 660 Cox Road .
Bottom photo: looking at 440 Cox Road

Photos #5 & #6 – Cox Road Flooding during Fay

These photos illustrate the power of the overtopping and the length of flooding on Cox Road during Fay.
Top photo: 3:20PM 8/21/2009 looking east at overtopping flow flooding 635 Cox Road.
Bottom photo: about 11:30AM 8/21/2008 looking at a portion of the over half mile of flooded road.

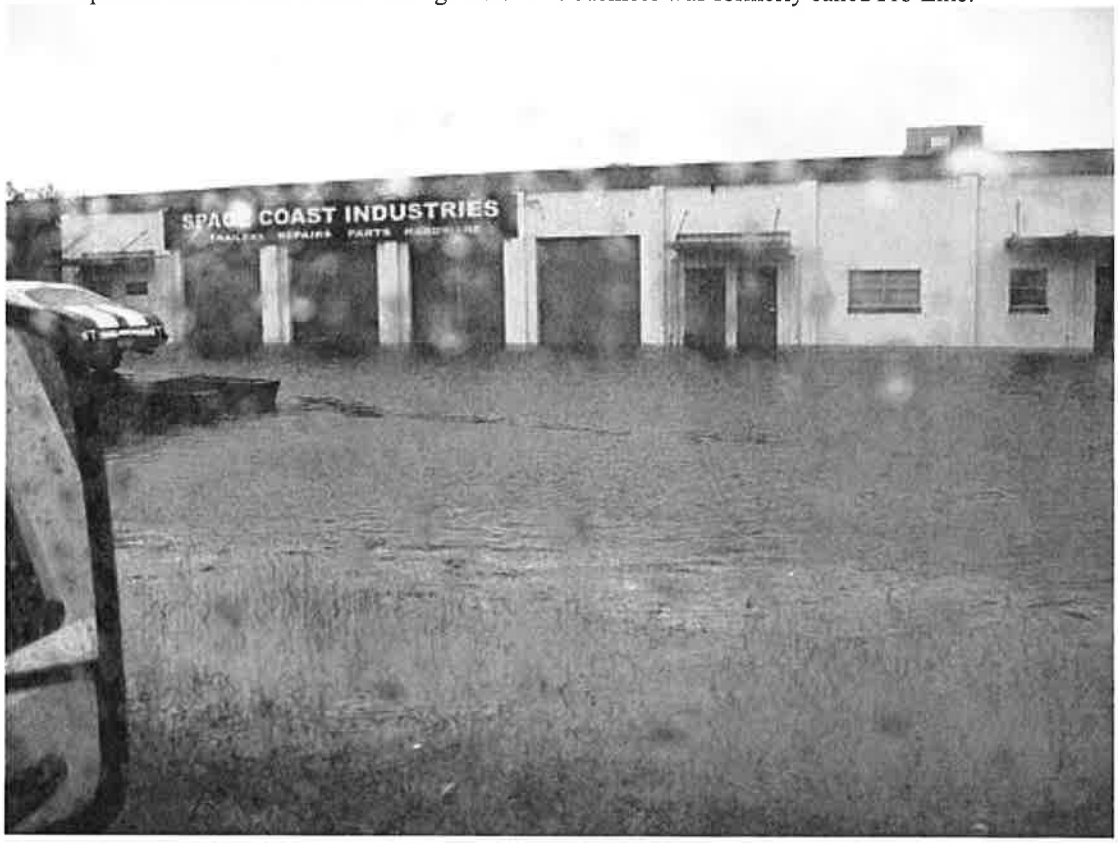

Photos #7 & #8 – Flooding of County Facility during Fay (top) and Wilma (bottom)
The County Public Works/Public Safety Facility is at 343 Wenner Road, east of Cox Road and north of Lake Drive. The overtopping flow shown in Photo #1 flooded the access road and parking for the facility.
Top photo: 2:51PM 8/22/2009, taken just inside the security fence, after end of 15.9" Fay rainfall.
Bottom photo: 6:39PM 10/25/2005, taken outside the security fence, 28 hours after end of 7.6" Wilma.

Photos #9 & #10 – Flooded Business on Cox Road during Tropical Storm Fay

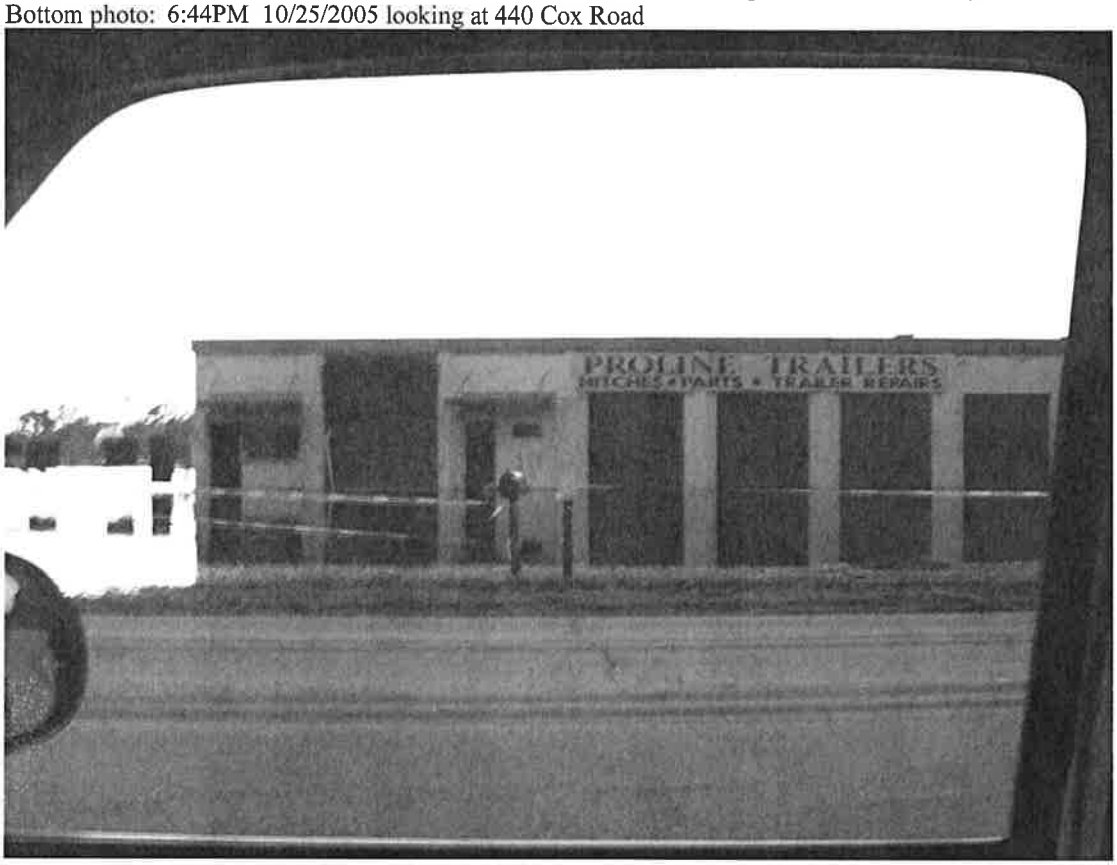

Two photos of 700 Cox Road during Tropical Storm Fay.
Top photo: about 11:30AM 8/21/2008 looking WSW at the flooded Space Coast Industries.
Bottom photo: 3:20PM 8/21/2008 looking NW. This business was formerly called Pro-Line.

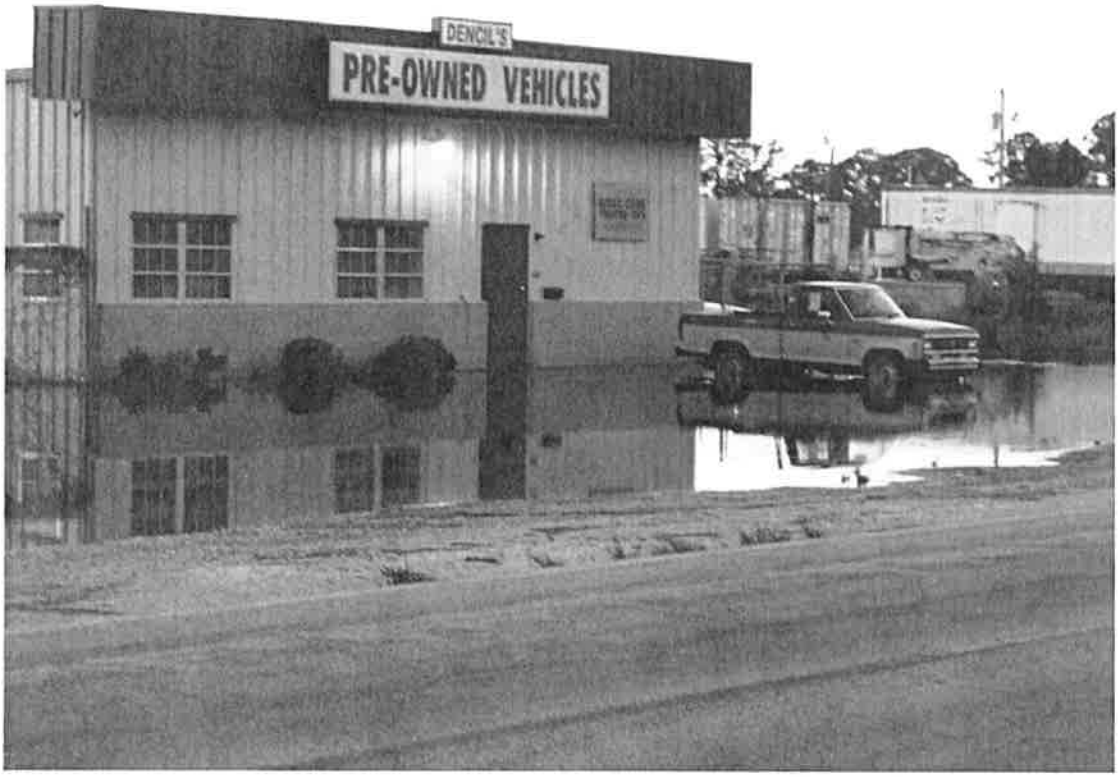

Photos #11 & #12 – Flooded Businesses on Cox Road after Hurricane Wilma

These photos were taken about 28 hours after the end of the 7.6" Wilma rainfall.
Top photo: 6:56PM 10/25/2005 looking at 700 Cox Road (now called Space Coast Industries).
Bottom photo: 6:44PM 10/25/2005 looking at 440 Cox Road

Photos #13 & #14 – Cox Road storm surcharge during Fay (top) and Wilma (bottom)

The storm inlet is in front of 400 Cox Road, on the west side of Cox Road.
Top photo: 3:18PM 8/21/2009 after 15.5" and before another 0.4" of Fay rainfall at the nearest raingage.
Bottom photo: 6:39PM 10/25/2005, over 28 hours after the end of the 7.6" Wilma rainfall at nearest gage.

Photos #15 & #16 – Flooding of other roads

Top photo: 5:59PM 8/23/2009, looking north at Sundial Court, about 36 hours after end of all Fay rainfall. Sundial Court is east of the County Facility. Zoom-in document to 500% to get better perspective.

Bottom photo: 10:14AM 10/26/2005, looking west along Fenner Road, about 44 hours after end of Wilma.

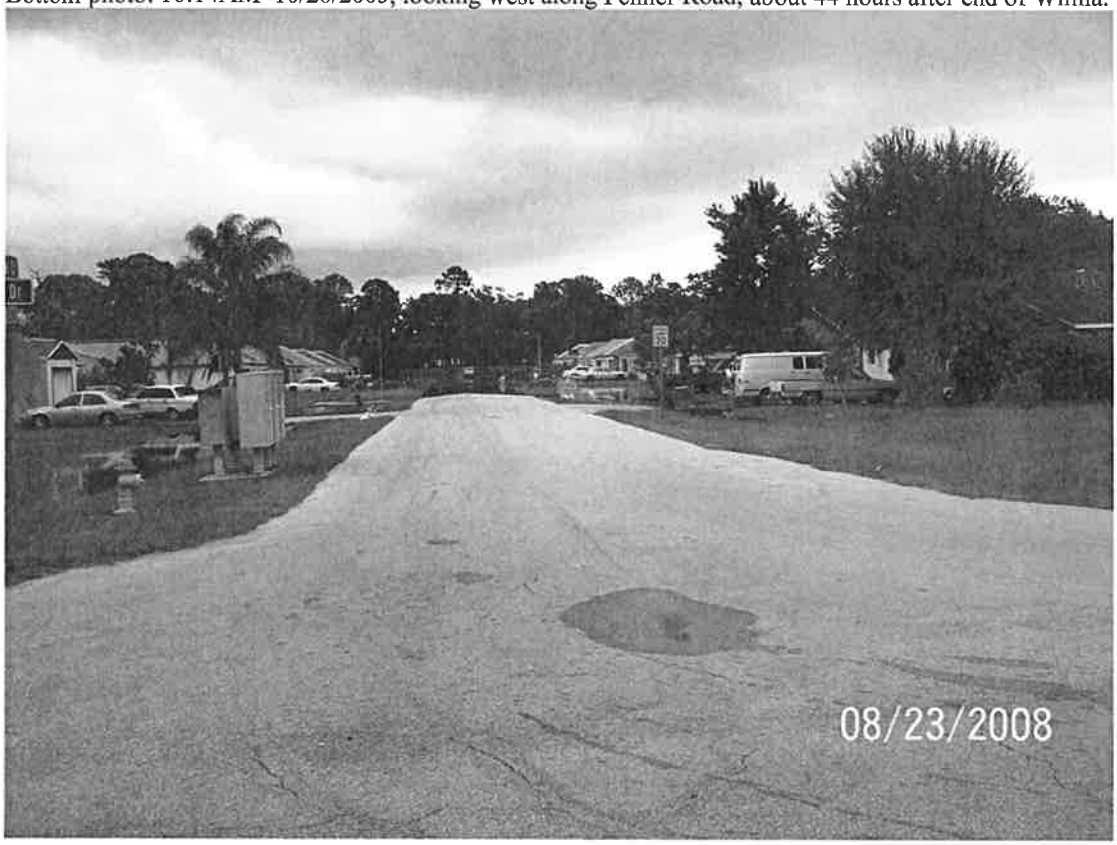

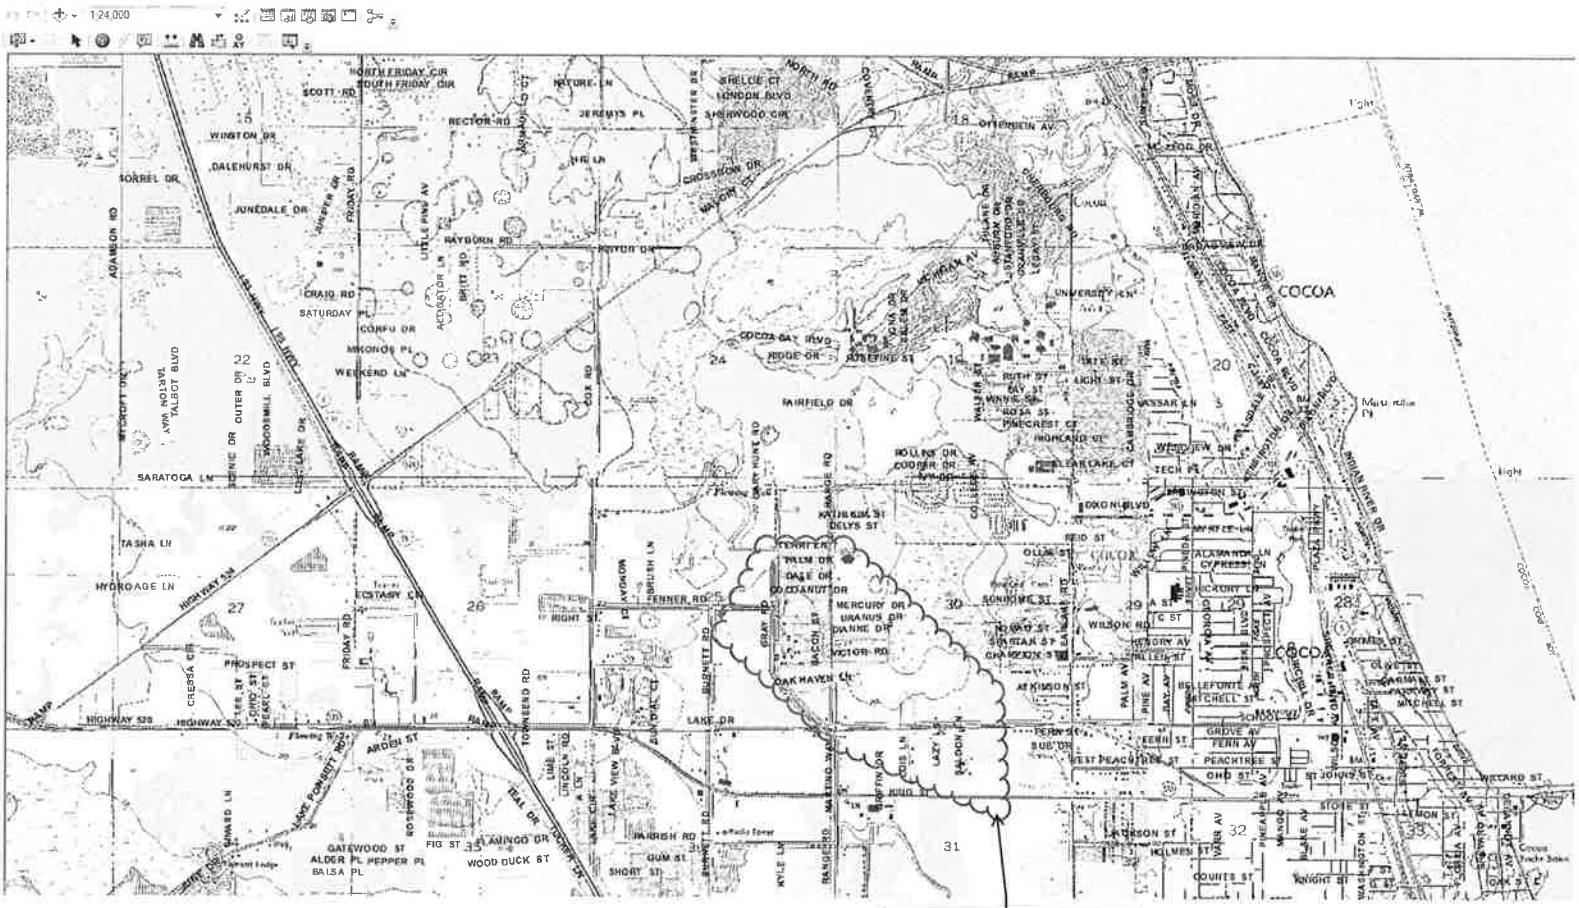

TABLE B-1 **SUMMARY OF FLOOD REPORTS CALLED IN TO BREVARD COUNTY ROAD & E**

1994 TO 2006 (excludes Tropical Storm Fay)

Documented calls for properties in the Cox Road benefit area are shown in blue font. It is possit

NOTES:

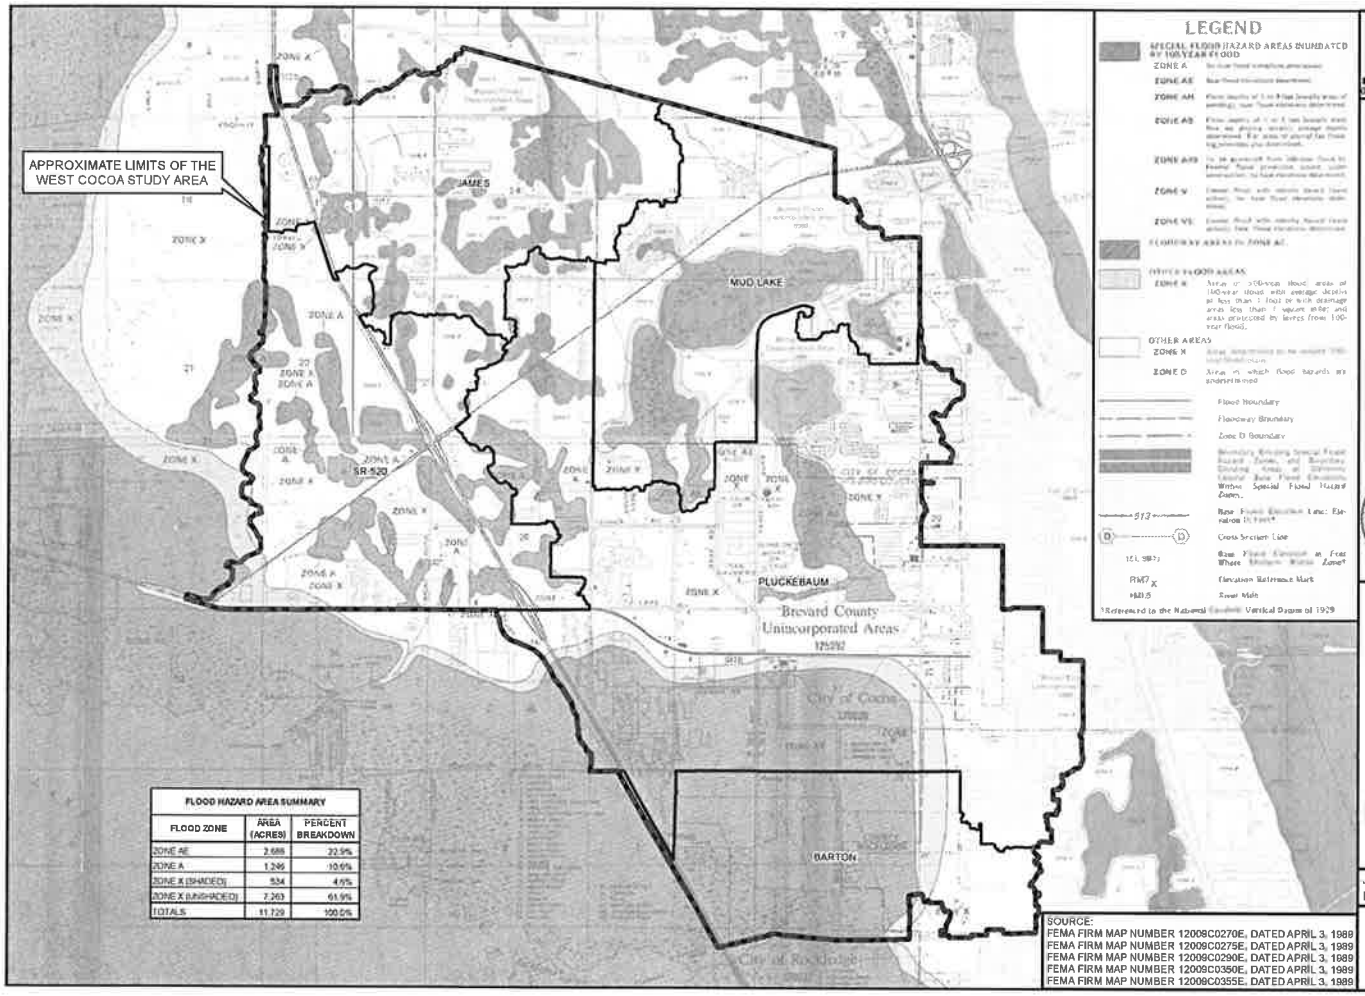

1 Finish Floor Elevations were surveyed by the Brevard County Public Works, Surveying & Mapping Division.

2 The Existing Conditions Peak Stages for the 10-year, 24-hour; 25-year, 24-hour and the 100-year, 24-hour storm events were extracted from the ICPR modeling results included within Volume III of this study

Value Notes

▲ Estimates are not comparable to other geographic levels due to methodology differences that may exist between different data sources.

Some estimates presented here come from sample data, and thus have sampling errors that may render some apparent differences between geographies statistically indistinguishable. Click the Qu left of each row in TABLE view to learn about sampling error.

The vintage year (e.g., V2017) refers to the final year of the series (2010 thru 2017). *Different vintage years of estimates are not comparable.*

Fact Notes

- **(a)** Includes persons reporting only one race
- **(b)** Hispanics may be of any race, so also are included in applicable race categories
- **(c)** Economic Census - Puerto Rico data are not comparable to U.S. Economic Census data

Value Flags

- **D** Suppressed to avoid disclosure of confidential information
- **F** Fewer than 25 firms
- **FN** Footnote on this item in place of data
- **NA** Not available
- **S** Suppressed; does not meet publication standards
- **X** Not applicable
- **Z** Value greater than zero but less than half unit of measure shown
- **-** Either no or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in th interval of an open ended distribution.

QuickFacts data are derived from: Population Estimates, American Community Survey, Census of Population and Housing, Current Population Survey, Small Area Health Insurance Estimates, Sm Poverty Estimates, State and County Housing Unit Estimates, County Business Patterns, Nonemployer Statistics, Economic Census, Survey of Business Owners, Building Permits.

Summary

Unique Area Identifier	445687
Name	Census Tract 625
County	Brevard County
State	Florida
Area (square miles)	10.39
Land Area (square miles)	8.19
Water Area (square miles)	2.20
% of Land Area	78.80
% of Water Area	21.20
Latitude of the Internal Point	28.35004200
Longtitude of the Internal Point	-80.80053410
Total Population	4,167
Total Housing Units	2,136
Total Households	1,776
Median Age	47.6

NOTE ON SHEET LAYOUTS:
THIS INFORMATIONAL MAP IS PRESENTED IN MULTIPLE PHASES AND ALL DATA COMPILED IS SHOWN ON THESE 6 SHEETS. THE FIRST PHASE CONSISTS OF DATA SHOWN ON SHEET 1. THE SECOND PHASE PERTAINS TO SHEETS 1 & 2 AS THIS PHASE PLUS SHEETS 3 TO SHEET 6. ALL PARCELS TO PREVIOUS SUBMITTALS, AS WELL AS THE SURVEYORS TABLE, VICINITY MAPS, AND OTHER NOTES WILL BE LEFT ON SHEET 1 ONLY.

INFORMATIONAL MAP

WEST COCOA DRAINAGE STUDY
POST HURRICANE FAY
VICINITY OF STRATFORD DRIVE
AND VICTOR ROAD

SECTION 25 TOWNSHIP 24 SOUTH RANGE 35 EAST
SECTION 30 TOWNSHIP 24 SOUTH RANGE 36 EAST

SCALE: 1"=100'

SPOT ELEVATIONS:

1. PAINT MARK IN SOUTHEAST CORNER OF RANGE ROAD AND VICTOR ROAD, 5' +/- NORTH OF A WATER VALVE. MEASUREMENT TAKEN ON 08/31/2008 AT 1400. ELEVATION = 16.26'
2. TOP OF FLASHING ON 14TH HOUR SOUTHWEST CORNER OF RANGE ROAD AND STRATFORD DRIVE, 100' +/- SOUTH OF STRATFORD DRIVE. MEASUREMENT TAKEN ON 08/31/2008 AT 14:14. ELEVATION = 16.67'
3. TOP OF TAPE ON FRONT CORNERS OF RESIDENTS' CHAIN LINK FENCE AT 2144D URANUS DRIVE, PER FIELD CREW'S CONVERSATION WITH RESIDENTS, TAPE WAS PLACED ON FENCE BACK ON PICTURE TAKEN BY RESIDENTS DURING PERIOD OF FLOODING. NO DATA WAS OBTAINED REGARDING EXACT DATE OR TIME SAID PICTURE WAS TAKEN. ELEVATIONS = 19.45' & 19.47'
AVERAGE ELEVATION = 19.46'

2006 AERIAL

SURVEYORS NOTES

1.) THE INFORMATION SHOWN HEREON IS FOR DRAINAGE ANALYSIS PURPOSES ONLY. THE AREAS OF SPECIAL INTEREST AND THE VERTICAL ACCURACY TOLERANCES WERE ESTABLISHED BY MIKE MCBEE, SENIOR ENGINEER FOR THE BREVARD COUNTY NATURAL RESOURCES MANAGEMENT OFFICE.

2.) ALL ELEVATIONS ARE BASED ON NAVD 88 AND REFERENCED TO THE FOLLOWING PRIMARY BENCHMARKS:

A) **FS408**
DESCRIPTION: BRASS DISK IN CONCRETE PAD
ELEVATION: 18.983
LOCATION: LAT= 28°23'35.9"
LONG= 080°46'21.0"

B) **FS403**
DESCRIPTION: ALUM DISK IN CONCRETE PAD
ELEVATION: 18.161
LOCATION: LAT= 28°20'43.5"
LONG= 080°46'48.1"

3.) MOST RECENT SURVEY DATA WAS ACQUIRED ON FEBRUARY 2 & 3, 2009

Notice of Voluntary Interest

Brevard COUNTY

BOARD OF COUNTY COMMISSIONERS

Natural Resources Management Department
2725 Judge Fran Jamieson Way
Building A, Room 219
Viera, Florida 32940

VOLUNTARY BUYOUT OPPORTUNITY

Please carefully review, fill out, and return the attached forms by May 18, 2018.

Dear Property Owner:

In response to interest expressed during the community meetings following Hurricane Irma, Brevard County is in the process of submitting a grant proposal to buyout specific floodprone property. Participation in this project by the property owner is entirely voluntary and the property owner can back out at any time. The funding proposal will be submitted to the Brevard Prepares Local Mitigation Strategy (LMS) committee who decide what local projects are submitted for possible FEMA grant funds.

This proposal is only offered to properties that have the greatest risk of flooding during high rainfall storms and remain at risk despite recent drainage improvement project proposals. The county does not have sufficient funds to purchase all affected properties unless the grant proposal is fully funded. However, if partially funded, we may purchase the properties with the greatest risk if the owners would like to sell.

If the project ranks high enough on the LMS list, the project could be selected by the LMS committee for submittal through the Florida Division of Emergency Management (FDEM). FDEM would then review the application and might submit it to FEMA for consideration. Ranking and selection at any stage does not guarantee that federal funding will be made available for this project. The same selection process applies to West Cocoa drainage improvement proposals that the Stormwater Utility is proposing to the LMS.

Participation in this project is voluntary. Only property owners responding and indicating a desire to participate will be included in the project proposal and be elgible for future buy-out if project rank and funding allow it to progress (described above).

This is not a notice to vacate and does not establish your eligibility for relocation assistance. We will not use eminent domain authority (condemnation) to acquire property should negotiations fail. Any acquired buildings will be removed within 90-days of closing. The title to the acquired property will be restricted to allow only compatible open space use without future construction.

Enclosures:

Information for Interested Property Owners Package

Natural Resources Management Department

Building A, Room 219
Viera, Florida 32940

BOARD OF COUNTY COMMISSIONERS

Information for Interested Property Owners
Floodprone Property Acquisition Project

This package is provided to all property owners possibly interest in being part of the floodprone property buyout project. This is a voluntary program funded primarily through FEMA's Hazard Mitigation Grant Program (HMGP) and/or Flood Mitigation Assistance Program.

If you are still uncertain, please call **[321-633-2016]** to ask questions and to understand what happens if you decide not to sell at this time. Please complete the forms marked **RETURN NOW** to allow us to start the process of determining a buyout offer. Keep copies for your records and return the originals to the address below.

NOTE: *Filling out these forms does not commit you to selling. You will not have to make that decision until an appraisal is done, your disaster assistance and insurance payments are considered, and a Determination of Compensation is made. All of these things will be explained.*

NOTE: *if you have changed your mind please check Questionnaire #2 and sign and return it as soon as possible.*

THIS PACKAGE INCLUDES:

- FREQUENTLY ASKED QUESTIONS
- PROPERTY OWNER PAPERWORK CHECKLIST (G-2)
- STATEMENT OF VOLUNTARY PARTICIPATION (G-3) – **RETURN NOW**
- PROPERTY OWNER QUESTIONNAIRE #2 (G-4) – **RETURN NOW**
- PRIVACY ACT RELEASE (G5) **– RETURN NOW**
- PROPERTY DESCRIPTION AND DAMAGE REPORT (G6)
- PERMISSION TO ENTER, APPRAISE, SURVEY, SAMPLE, AND INSPECT (G7)
- CERTIFICATION TO USE PROCEEDS FOR REPLACEMENT HOUSING AND RELOCATION OUTSIDE OF THE FLOODPLAIN (G8)
- PROPERTY OWNER CHANGE OF ADDRESS FORM (G9)
- ACKNOWLEDGEMENT OF CONDITIONS **– RETURN NOW**

Please fill out the forms as best you can. Upon funding approval, we will meet with you to review the paperwork, answer your questions, and complete the information that is not filled in.

FREQUENTLY ASKED QUESTIONS

Right after the flood I was told to keep all of my paperwork, including receipts for materials and repairs. Why?

If your community has decided to apply for a grant for a Floodplain Buyout Project, then there are several rules that must be followed. One of those rules, a federal law, says that people can't get paid twice for the same thing (Duplication of Benefits). So, if you received a loan or grant to make repairs to your home but used the money for something else, then that has to be taken into consideration when determining what you will get if your home is purchased. The best rule of thumb is to keep copies of everything!

Why was my house selected for buyout?

Communities use different factors when they decide to buyout floodplain homes. You can check with your local project contact person (see below) to find out the details. Usually, factors that are considered include whether homes have been flooded more than once, how bad the damage was, how deep water is predicted to be inside homes, whether the acquired land may be used for recreational or other purposes, and other factors. Most floodplain buyout projects don't have enough money to buy all properties in the floodplain. So, keep in mind that if you decide not to sell, the money will be used for other homes.

How do I apply to be bought out?

After your community decides on the homes it would like to buy the owners will be contacted. You might be asked to come to a public meeting, or you may be able to meet one-on-one with someone to help answer your questions. There really isn't an application" form, but you will be given several forms that must be completed, including a statement that you are participating voluntarily. If you are interested, fill them out and return them quickly. You will *never* be forced to sell, and you can decline at any time. But remember, you flooded before and more than likely you will flood again.

I'm not sure I want to sell. How will this help my family? How will it help my community?

If you've had to repair and clean up after one flood, then you know it is hard work and expensive. And even if you have flood insurance, it didn't cover all of your costs. Plus, money can't replace damaged personal property, especially things that have special meaning. Selling your home and moving out of the floodplain will help your family because you won't be exposed to flood risks. It will help your community because there will be fewer people to evacuate, fewer people to put in temporary shelters, fewer people who need emergency services. Plus, if the land is going to be used for open space, a greenway, or compatible recreational uses, then everyone benefits!

Who will pay the closing costs?

Check with your community's project manager, but more than likely most of the closing costs will be paid by the community out of the grant. There are some costs that, by law, you must pay, but they are fairly small compared to the overall cost of closing.

FREQUENTLY ASKED QUESTIONS (continued)

Does the buyout offer depend on how much I make?

No. The government programs that provide grant funds for the Floodplain Buyout Project require that you be offered Fair Market Value (see below for an explanation of how the purchase price will be determined). It doesn't matter how much you make. What matters is that the project be 'cost effective,' which means the cost of buying floodplain homes is less than anticipated future damage if the homes are not bought.

How will the purchase price be determined?

The Floodplain Buyout Project is intended to give property owners fair prices. To determine what is fair, a certified Real Estate Appraiser will be hired (at no cost to you) to prepare a Fair Market Value appraisal. The value will be based on the size and condition of the property and home. Most communities decide to value property "pre-flood," which means the value that the property had the day before the last flood, assuming it didn't flood.

What do I do if I disagree with the purchase price?

First, keep in mind that the rules for the Floodplain Buyout Project are very clear – you will be offered a fair purchase price based on a certified Real Estate appraisal. You will get a copy of the appraisal and you should look at it very carefully to make sure that it accurately shows you home and land. Obvious errors – such as the wrong number of rooms or wrong size lot – will be corrected. If you simply disagree with the appraised Fair Market Value, then you may pay to have another appraisal prepared. Check with your community first, because the Real Estate Appraiser you hire must use the same guidelines. If there is a difference between the two appraisals, you community may adjust the purchase price.

How long will it take before my house is bought?

Unfortunately, most Floodplain Buyout Projects take longer than most of us would like. Every project will be different and several factors influence how long each project will take. The typical project takes 10 to 12 months to get approved by the State and the Federal Emergency Management Agency. And after that, it can take anywhere from 12 to 18 months to get land surveys done, appraisals prepared, paperwork completed, and buyout offers made. Check with your community contact to find out how you can keep track of the status of the project.

After FEMA approves the project, can the money be taken back?

No, once a project is approved the money is 'obligated,' which means it is committed to the project, it will not be taken back. The only ways that money could be taken back would be if homeowners decide not to sell, if the community decides to abandon the project, or if the project is not handled according to the rules.

FREQUENTLY ASKED QUESTIONS (continued)

Why should I buy flood insurance if I'm going to sell?

If more than a year could pass before you actually get a buyout offer – much less accept it and move – then there is a reasonable chance that another flood could happen. Plus, if another flood causes damage then the claim payment will reduce the overall cost of the Floodplain Buyout Project. You will still get the same pre-flood purchase price, but less of your community's money will be needed.

What is "compatible open space use without future construction"?

FEMA's list of allowable uses with prior approval includes, but is not limited to:

- Passive recreation, including greenways, hiker/biker trails, nature observation areas, hunting and fishing;
- Public water access and boat ramps;
- Limited other recreational uses, such as playgrounds, exercise areas, and others (but keep in mind that future disaster assistance will not be available);
- Structures that are open on all sides and functionally related to open space uses, such as picnic shelters, kiosks, and refreshment stands;
- Limited camp facilities, provided the area is not subject to flash floods and a mechanism is in place to issue warning and evacuation orders;
- Permeable parking areas, such as graveled or dirt lots;
- Wet flood-proofed restrooms to serve public use of the open space;
- Wetland mitigation, creation or restoration;
- Wildlife refuge or bird sanctuary;
- Reforestation;
- Livestock grazing;
- Limited agricultural use;
- Community gardens; or
- Storm water management.

The following is a list of uses that have not been approved:

- Re-sell to private owner to build new home, even if compliant with the NFIP;
- Build any structure that is not explicitly allowed, or that is not approved by FEMA before construction is started;
- Flow-impeding fences (stockade, chain link);
- Paved areas that reduce flood storage and infiltration;
- Commercial storage of vehicles or materials; and
- Cemeteries, even if owned by the community.

Who do I call if I have other questions?

Contact your local Emergency Management Office or the Florida Division of Emergency Management at 850-413-9969.

PROPERTY OWNER CHECKLIST

G-2

If you're going to be part of a floodplain buyout project, this checklist will help you keep track of all the paperwork!

- **Use this checklist to help you locate important information.**
- **This checklist will help you keep track of what you have sent back to us.**
- **Make sure you keep copies for your personal records.**

Document or Type of Information	
You may be asked for the following:	
Pictures or insurance inventories of personal property	
Insurance claims filed and payments received	
Emergency grant or assistance payments	
SBA loan documents	
Receipts for post-disaster temporary lodging you paid	
Receipts for post-disaster home repairs you paid	
Recent property appraisal (if you already have)	
Return these when you get them:	
Privacy Act Release	
Statement of Voluntary Participation	
Property Description and Damage Report	
Questionnaire #2	
Permission to Enter, Appraise, Survey, Sample and Inspect	
Statement of Duplication of Benefits	
Determination of Compensation	
Agreement to Sell/Offer to Buy

I/We, the undersigned, as owners of the property known as

_____

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner		
Street Address		
City	State	Zip Code
Subject Property Address		
Deed Dated	Recorded	
Tax Map	Block	Parcel
Base Flood Elevation at the site is	feet (NGVD)	
Map Panel Number	Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

I/We, the undersigned, as owners of the property known as
Victoria McKune

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	Michele Rowe Clayton Lewis, Johnnie B. Lewis Jr		
Street Address	2517 Stratford Dr.		
City	Cocoa	State FL	Zip Code 32926
Subject Property Address	same		
Deed Dated	5/31/2001	Recorded 6/12/2001	
Tax Map	24 35 25 75	Block A	Parcel 37
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding <u>for the life of the property</u>. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

I/We, the undersigned, hereby grant my/our permission for Brevard County to publish, through public notice, the location of my real property which is being considered for a mitigation project (acquisition or elevation) by Brevard County

This information will be used to notify the public that FEMA, HUD, and the State are considering a mitigation action that may include my property under Section 404 of the Stafford Act, as amended, the Flood Mitigation Assistance Program, and/or HUD programs.

Further, I/we hereby grant FEMA and the State of Florida permission to disclose flood insurance coverage and claim information, and information about disaster assistance payments received by me/us, to officials of Brevard County for the purpose of aiding in their planning and decision-making regarding mitigation or assistance actions affecting my property. This information will be used for this purpose only and will not be made public.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as 2522 Stratford Drive Cocoa, FL 32926
Ricky Darrell Dobbs

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	Ricky Darrell Dobbs		
Street Address	2820 Grandview Avenue		
City	Bluefield	State WV	Zip Code 24701
Subject Property Address	2522 Stratford Drive, Cocoa, FL 32926		
Deed Dated	11-17-2017	Recorded	
Tax Map	Lot 13, Block "B"	Block ~~B~~ B	Parcel 24-35-25-75-B-13
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding for the life of the property. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Floodprone Property Acquisition Project

Homeowner Interest and Sign-Up sheet and Voluntary Interest Notice

Please complete this form if you are interested in exploring further your options for reducing your flood losses. Signing this form does not commit you to any action.

I/we the undersigned, as owners of the property described below, am/are voluntary participant(s) in Brevard County project to acquire floodprone homes.

I/we understand that this Statement of Voluntary Participation does not bind me/us to sell my/our property, and that I/we may withdraw from participation at any time by notifying Brevard County or its Agent. Brevard County will not use its power of eminent domain to purchase my/our property.

I/we understand that there is no guarantee that funds will be available in the future to buy my/our property.

For Mitigation of Property In a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	Christine Boothe		
Street Address	2543 Hathaway Dr. C		
City	Cocoa	State FL	Zip Code 32926
Subject Property Address	2543 Hathaway Dr Cocoa FL 32926		
Deed Dated	1/13/2012	Recorded 1/20/2012	
Tax Map	24-35-25-76	Block B	Parcel 34
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding <u>for the life of the property</u>. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Property Owner John M. Olive

Property Address 2545 Hathaway Drive Cocoa FL 32926

Dear Sir/Madame:

The above property has been through three major events in the time frame that I have owned it. First one was Hurricane Wilma in 2005, the house had 4 to 5 inches of water inside and sat for a period of a week before I could do any kind of damage control due to the whole neighborhood being unpassable. Once I was able to return and do damage control I had found that the dry wall had soaked up to 4 feet of water and mold was highly present. Therefore, I applied for assistance from FEMA and filled all necessary paper work. The inspector from FEMA said I only had 917 dollars' worth of damage which was not correct because I had to gut the entire house, which caused me to pull a secondary mortgage of 25 thousand dollars to make it livable and safe again.

The secondary event happened three years later with Tropical Storm Fay and yet again the house had 4 to 5 inches of water intrusion and this time the water only stayed for less than a week but the damage was the same. Water was 4 feet up the drywall and mold was present already, I applied for FEMA assistance this time serval weeks after the event due to the fact that the storm had to be named epically so I could apply for assistance this time. I received a little less than 10 thousand dollars which still was not enough and I did what I could with the money I received, I can say it was not nearly enough.

The third flood event was in Sept. 2017 and it was a major event. The water rose just as fast as it ever has around the area and stopped just at the threshold of the named above property. The only way I was spared was because the storm event was faster and did not drop as much rain as before. A lot of my neighbors were not as lucky.

Sincerely,

John M. Olive

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	JBO Hanlon, trustee Hathaway Land Trust		
Street Address	~~2540 Hathaway~~ Box 621704		
City	~~Cocoa~~ Oviedo	State FL	Zip Code 32762-1704
Subject Property Address	2540 Hathaway Cocoa		
Deed Dated	2/23/08	Recorded 6/13/18	
Tax Map	PB19 Pg5	Block C	Parcel Lot 21
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as
2395 VICTOR Rd. COCOA FL 32926

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	FRANCES A CRAWFORD, RANDALL L CRAWFORD		
Street Address	213 SALDON LN		
City	COCOA	State FL	Zip Code 32926
Subject Property Address	213 SALDON LN, COCOA, FL 32926		
Deed Dated	5/11/2017	Recorded 5/16/2017	
Tax Map		Block	Parcel 2436310I-5.01
Base Flood Elevation at the site is	feet (NGVD)		
Map Panel Number		Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

I/We, the undersigned, as owners of the property known as
Kenneth P. Hummel Patricia Hummel

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

NFM Landing Loss Mitigations Department

Loan Number: 1441521653

Dear NFM Landing Loss Mitigations Department:

On September. First, 2017, I purchased the property shown above. On September. 11th, 2017, Hurricane Irma hit Brevard County, leaving my property with more than 55 % in damage include **walls, doors, base boards, floors, appliances, and personal belongings. Clay pipes collapsed due to the excessive amount of water. Immediately I contacted FEMA after I evacuated my house, which was submerged over 5 ft. of water all away around in 8inches in the inside of that house. After been denied by FEMA & SBA Services, I took the next step in contacting Tower Hill, my current Home Owners Insurance they preside with my claims over my 55 % water damage & liking clay pipes but unfortunately, I did not have flood insurance Tower Hill didn't cover absolutely nothing.**

When I decide to buy the property I researched in the property was a non-flood zone; which I believe was one off the Rison why we did not have any disaster help assistants. Due to this problem, the county decide to buyout all the properties they have the most damages on hurricane seasons. This county buyout project is going to take place in about two to three years.

Due to my economic circumstances at this moment, it is impossible for me to do any repairs in the property at the time.

Sincerely:

Kenneth P Hummel & Patricia Hummel

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	Tanzy L. Jones	
Street Address	255 Saldon Ln	
City Cocoa	State FL	Zip Code 32926
Subject Property Address		
Deed Dated	Recorded	
Tax Map	Block	Parcel
Base Flood Elevation at the site is	feet (NGVD)	
Map Panel Number 24-36-31-01	Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as
Tanzy L. Jones

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner Ashley J Fischer, William H Sellers III		
Street Address 2391 Victor Rd		
City Cocoa	State FL	Zip Code 32926
Subject Property Address		
Deed Dated	Recorded	
Tax Map	Block	Parcel
Base Flood Elevation at the site is	feet (NGVD)	
Map Panel Number	Effective Date	

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.

RETURN NOW

I/We, the undersigned, hereby grant my/our permission for Brevard County to publish, through public notice, the location of my real property which is being considered for a mitigation project (acquisition or elevation) by Brevard County

This information will be used to notify the public that FEMA, HUD, and the State are considering a mitigation action that may include my property under Section 404 of the Stafford Act, as amended, the Flood Mitigation Assistance Program, and/or HUD programs.

Further, I/we hereby grant FEMA and the State of Florida permission to disclose flood insurance coverage and claim information, and information about disaster assistance payments received by me/us, to officials of Brevard County for the purpose of aiding in their planning and decision-making regarding mitigation or assistance actions affecting my property. This information will be used for this purpose only and will not be made public.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as

_____

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

Acknowledgement of Conditions
For Mitigation of Property in a Special Flood Hazard Area
With FEMA Grant Funds

Property Owner	Ashley Jang		
Street Address	2534 Stratford D.		
City	Cocoa	State FL	Zip Code 32926
Subject Property Address	2534 Stratford Dr. Cocoa FL 32926		
Deed Dated	3/12/18	Recorded 3/19/18	
Tax Map		Block B	Parcel 11
Base Flood Elevation at the site is		feet (NGVD)	
Map Panel Number	425	Effective Date	3/17/14

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U S C §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U S C §5133 / Flood Mitigation Assistance Program, as authorized by 42 U S C §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U S C §4030, as authorized by 42 U S C §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U S C §4001 *et seq* , as long as the Property Owner holds title to the property as required by 42 U S.C. §4012a

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60 3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards

RETURN NOW

3 The above conditions are binding **for the life of the property** To provide notice to subsequent purchasers of these conditions the Property Owner agrees to legally record with the county or appropriate jurisdiction s land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements

"This property has received Federal hazard mitigation assistance Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property Pursuant to 42 U S C §5154a failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60 3, the Florida Building Code, and any pertinent local ordinance "

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees

Please complete this form if you are interested in exploring further your options for reducing your flood losses. Signing this form does not commit you to any action.

I/we the undersigned, as owners of the property described below, am/are voluntary participant(s) in Brevard County project to acquire floodprone homes.

I/we understand that this Statement of Voluntary Participation does not bind me/us to sell my/our property, and that I/we may withdraw from participation at any time by notifying Brevard County or its Agent. Brevard County will not use its power of eminent domain to purchase my/our property.

I/we understand that there is no guarantee that funds will be available in the future to buy my/our property.

I/We, the undersigned, hereby grant my/our permission for Brevard County to publish, through public notice, the location of my real property which is being considered for a mitigation project (acquisition or elevation) by Brevard County

This information will be used to notify the public that FEMA, HUD, and the State are considering a mitigation action that may include my property under Section 404 of the Stafford Act, as amended, the Flood Mitigation Assistance Program, and/or HUD programs.

Further, I/we hereby grant FEMA and the State of Florida permission to disclose flood insurance coverage and claim information, and information about disaster assistance payments received by me/us, to officials of Brevard County for the purpose of aiding in their planning and decision-making regarding mitigation or assistance actions affecting my property. This information will be used for this purpose only and will not be made public.

Permission to Enter, Appraise, Survey, and Inspect

G-7

I/We, the undersigned, as owners of the property known as

_____

Hereby grant my/our permission for Brevard County to enter upon and conduct such appraisals, investigations, inspections and inventories of the property as Brevard County deems reasonable or necessary prior to closing. This permission does not bind me/us to sell the property.

Brevard County or its agents, contractors, and employees shall make reasonable attempts to contact me/us in advance at the telephone number(s) provided below if entry into building(s) on the property is required. This permission shall include:

1. Authorization to conduct an appraisal of the real property described below to determine the pre-disaster Fair Market Value.

2. Authorization to enter onto the property to prepare a boundary survey, and to install marks and location stakes, if deemed appropriate.

3. Authorization to enter onto the property and into the building(s) to conduct a property inventory for the purpose of specifying the real property which Brevard County will acquire and the personal property which must be removed by me/us prior to the closing date. I/We agree to be present during this inspection and inventory, at a time to be scheduled by contacting me/us at the telephone number(s) below.

Certification to Use Proceeds for Replacement Housing and Relocation Outside of the Floodplain

G-8

I/We, the undersigned, as owners of the property known as Roger Chhabra, am/are voluntary participant(s) in Brevard County project to acquire floodplain homes. I/We understand and agree that the proceeds from the sale of the property must be used expressly for the purpose of Replacement Housing and further that I/we are required to relocate to housing that is outside of the floodplain boundaries shown on the Flood Insurance Rate Map prepared by the Federal Emergency Management Agency for Brevard County. I/We hereby represent and warrant that all purchase price proceeds will be used expressly for the purpose of Replacement Housing and that I/we will relocate outside of the mapped floodplain boundaries.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss / or the Repetitive Flood Claims Program, as authorized by 42 U.S.C. §4030, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.

2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3, the Florida Building code and any local ordinance standards as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:

    i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
    ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
    iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
    iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

    For a complete, detailed list of these criteria, see the Florida Building code and any local ordinance standards.

RETURN NOW

3. The above conditions are binding **for the life of the property**. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees to legally record with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

   "This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3, the Florida Building Code, and any pertinent local ordinance."

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties' heirs, successors, personal representatives, and assignees.
