Public Hearing

H.5.

9/1/2022

Subject:

Robert Clay and Ethyl May Kirk (Chad Genoni) request a Small Scale Comprehensive Plan Amendment (22S.10), to change the Future Land Use designation from REC to RES 4. (22SS00007) (Tax Account 3018268) (District 1)

Fiscal Impact:

None

Dept/Office:

Planning & Development

Requested Action:

It is requested the Board of County Commissioners conduct a public hearing to consider a Small Scale Comprehensive Plan Amendment (22S.10), to change the Future Land Use designation from REC (Recreation) to RES 4 (Residential 4).

Summary Explanation and Background:

The applicant is seeking to amend the Future Land Use designation on 2.12 acres of land from REC to RES 4 in order to provide a second access point to four adjacent properties to develop a single-family residential subdivision. At only 70 feet in width, the subject property is suitable for construction of an access road.

This application, in conjunction with the proposed development for (22SS00008) was submitted for the proposed development requesting a Future Land Use Map designation change from RES 2 (Residential) to RES 4 (Residential 4) on the adjacent 35.36 acres in order to provide a consistent Future Land Use designation on the entire proposed development. In addition, a companion rezoning application (22Z00029) was submitted accompanying this request for a zoning change from RU-1-11, SR, GML, and AU to RU-1-7, with a Binding Development Plan proposing to limit development to 4 units per acre. The proposed RU-1-7 zoning can be considered consistent with the proposed RES 4 FLU designation with a BDP limiting development to 4 units per acre. Based on the allowable density of 4 units to the acre, up to three hundred six (306) single family lots would be allowed.

To the north of the subject property is vacant County-owned land with Recreation Future Land Use. To the east and south and is vacant residential with Res 4 Future Land Use. Across Old Dixie Highway to the west is a single-family home with Res 4 Future Land Use

The Board may wish to consider if the request is consistent with the Comprehensive Plan and compatible with the surrounding area.

On August 15, 2022, the Local Planning Agency heard the request and unanimously recommended approval.

Clerk to the Board Instructions:

Once Ordinance is filed with the State, please return an executed copy to Planning and Development.

RE: Item H.5., Small Scale Comprehensive Plan Amendment (22S.10)

The Board of County Commissioners, in regular session on September 1, 2022, conducted the public hearing and adopted Ordinance No. 22-26, setting forth the fourteenth Small Scale Comprehensive Plan Amendment (22S.10) to change the Future Land Use designation from REC to RES 4. (22SS00007). Enclosed is the fully-executed Ordinance.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

Kimberly Powell, Clerk to the Board

ORDINANCE NO. 22-26

AN ORDINANCE AMENDING ARTICLE III, CHAPTER 62, OF THE CODE OF ORDINANCES OF BREVARD COUNTY, ENTITLED "THE 1988 COMPREHENSIVE PLAN", SETTING FORTH THE FOURTEENTH SMALL SCALE PLAN AMENDMENT OF 2022, 22S.10, TO THE FUTURE LAND USE MAP OF THE COMPREHENSIVE PLAN; AMENDING SECTION 62-501 ENTITLED CONTENTS OF THE PLAN; SPECIFICALLY AMENDING SECTION 62-501, PART XVI (E), ENTITLED THE FUTURE LAND USE MAP APPENDIX; AND PROVISIONS WHICH REQUIRE AMENDMENT TO MAINTAIN INTERNAL CONSISTENCY WITH THESE AMENDMENTS; PROVIDING LEGAL STATUS; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Section 163.3161 et. seq., Florida Statutes (1987) established the Local Government Comprehensive Planning and Land Development Regulation Act; and

WHEREAS, Section 163.3167, Florida Statutes, requires each County in the State of Florida to prepare and adopt a Comprehensive Plan as scheduled by the Department of Economic Opportunity; and

WHEREAS, on September 8, 1988, the Board of County Commissioners of Brevard County, Florida, approved Ordinance No. 88-27, adopting the 1988 Brevard County Comprehensive Plan, hereafter referred to as the 1988 Plan; and

WHEREAS, Sections 163.34 and 163.3187, and 163.3189, Florida Statutes, established the process for the amendment of comprehensive plans pursuant to which Brevard County has established procedures for amending the 1988 Plan; and

WHEREAS, Brevard County initiated amendments and accepted application for small scale amendments to the Comprehensive Plan for adoption in calendar year 2022 as Plan Amendment 22S.10; and

WHEREAS, Brevard County established Technical Advisory Groups consisting of County technical employees grouped according to their operational relationship to the subject of a plan element or sub-element being prepared or amended, and these Technical Advisory Groups have provided technical expertise for the Amendment 22S.10; and

WHEREAS, the Board of County Commissioners of Brevard County, Florida, have provided for the broad dissemination of proposals and alternatives, opportunity for written comments, public hearings after due public notice, provisions for open discussion, communication programs and consideration of and response to public comments concerning the provisions contained in the 1988 Plan and amendments thereto; and

WHEREAS, Section 62-181, Brevard County Code designated the Brevard County Planning and Zoning Board as the Local Planning Agency for the unincorporated areas of Brevard County, Florida, and set forth the duties and responsibilities of said local planning agency; and

WHEREAS, on August 15, 2022, the Brevard County Local Planning Agency held a duly noticed public hearing on Plan Amendment 22S.10, and considered the findings and advice of the Technical Advisory Groups, and all interested parties submitting comments; and

WHEREAS, on September 1, 2022, the Brevard County Board of County Commissioners held a duly noticed public hearing, and considered the findings and recommendations of the Technical Advisory Group, and all interested parties submitting written or oral comments, and the recommendations of the Local Planning Agency, and upon thorough and complete consideration and deliberation, approved for adoption Plan Amendment 22S.10; and

WHEREAS, Plan Amendment 22S.10 adopted by this Ordinance comply with the requirements of the Local Government Comprehensive Planning and Land Development Regulation Act; and

WHEREAS, Plan Amendment 22S.10 adopted by this Ordinance is based upon findings of fact as included in data and analysis.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF BREVARD COUNTY, FLORIDA, as follows:

Section 1. Authority. This ordinance is adopted in compliance with, and pursuant to the Local Government Comprehensive Planning and Land Development Regulations Act, Sections 163.3184 and 163.3187, Florida Statutes.

Section 2. Purpose and Intent. It is hereby declared to be the purpose and intent of this Ordinance to clarify, expand, correct, update, modify and otherwise further the provisions of the 1988 Brevard County Comprehensive Plan.

Section 3. Adoption of Comprehensive Plan Amendments. Pursuant to Plan Amendment 22S.10 to the 1988 Comprehensive Plan, Article III, Chapter 62-504, Brevard County Code, the 1988 Brevard County Comprehensive Plan is hereby amended based on documentation shown in Exhibit A and as specifically shown in Exhibit B. Exhibits A and B are hereby incorporated into and made part of this Ordinance.

Section 4. Legal Status of the Plan Amendments. After and from the effective date of this Ordinance, the plan amendment, Plan Amendment 22S.10, shall amend the 1988 Comprehensive Plan and become part of that plan and the plan amendment shall retain the legal status of the 1988 Brevard County Comprehensive Plan established in Chapter 62-504 of the Code of Laws and Ordinances of Brevard County, Florida, as amended.

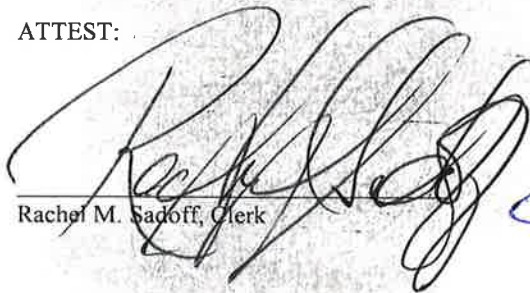

Section 5. Severability. If any section, paragraph, subdivision, clause, sentence or provision of this Ordinance shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair,

invalidate, or nullify the remainder of this Ordinance, but the effect thereof shall be confined to the section, paragraph, subdivision, clause, sentence or provision immediately involved in the controversy in which such judgment or decree shall be rendered.

Section 6. Effective Date. The effective date of this small scale plan amendment shall be 31 days after adoption, unless the amendment is challenged pursuant to Section 163.3187(3), Florida Statutes. If challenged, the effective date of this amendment shall be the date a final order is issued by the Department of Economic Opportunity, or the Administration Commission, finding the amendment in compliance with Section 163.3184, Florida Statutes. A certified copy of the ordinance shall be filed with the Office of the Secretary of State, State of Florida, within ten days of enactment.

DONE AND ADOPTED in regular session, this 1 day of September, 2022.

ATTEST:

Public Notice

Originally published at floridatoday.com on 07/28/2022

AD#5353656 7/28/2022 APUBLIC HEARING NOTICE NOTICE is hereby given pursuant to Chapters 125 & 163, FLORIDA STATUTES, and Chapter 62, Article VI of the Brevard County Code, that the Brevard County Planning and Zoning Board (Local Planning Agency) and the Board of County Commissioners will consider the following requests on MONDAY, AUGUST 15, 2022, and THURSDAY, SEPTEMBER 1, 2022. DISTRICT 1 1. (22Z00028) 2354 TALMADGE DRIVE, LLC (Aldon Bookhardt) requests a change of zoning classification from AU (Agricultural Residential) to RU-1-11 (Single-Family Residential), on property described as Tax Parcel 5, as recorded in ORB 9500, Pages 2859 - 2860, of the Public Records of Brevard County, Florida. Section 17, Township 21, Range 35. (7.68 acres) Located on the north side of E. Main St., approx. 0.32 mile east of Harry T. Moore Ave. (No assigned address. In the Mims area.) 2. (22Z00032) CARLA THEADORA REECE requests a change of zoning classification from RR-1 (Rural Residential) to AU (Agricultural Residential), on property described as Tax Parcel 757, as recorded in ORB 6028, Pages 1817 - 1819, of the Public Records of Brevard County, Florida. Section 11, Township 24, Range 35. (7.21 acres) Located on the north side of James Rd., approx. 0.4 mile west of Cox Road. (4050 James Rd., Cocoa) DISTRICT 2 3. (22Z00033) DAREN T. AND REGINA M. DEMPSEY request a change of zoning classification from AU (Agricultural Residential) to RU-1-13 (Single-Family Residential), on property described as Tax Parcel 8, as recorded in ORB 9453, Pages 917 - 919, of the Public Records of Brevard County, Florida. Section 34, Township 23, Range 36. (1.41 acres) Located on the east side of N. Tropical Trail, approx. 120 ft. north of Citrus Club Dr. (4850 N. Tropical Trail, Merritt Island) DISTRICT 1 4. (22SS00007) ROBERT CLAY AND ETHYL MAY KIRK (Chad Genoni) request a Small Scale Comprehensive Plan Amendment (22S.10), to change the Future Land Use designation from REC (Recreation) to RES 4 (Residential 4), on property described as Tax Parcel 270, as recorded in ORB 8232, Pages 2256 - 2261, of the Public Records of Brevard County, Florida. Section 08, Township 21, Range 35. (2.12 acres) Located approx. 0.18 mile west of U.S. Highway 1, and approx. 0.37 mile south of Brockett Rd. (No assigned address. In the Mims area.) The following ordinance will also be considered in conjunction with the Small Scale Plan Amendment, 22S.10: an ordinance amending Article III, Chapter 62, of the Code of Ordinances of Brevard County; entitled "The Comprehensive Plan", amending Section 62-501, entitled Contents of the Plan; specifically amending Section 62-501, Part XI, entitled Future Land Use Element and Future Land Use Map Series; and provisions which require amendment to maintain internal consistency with these amendments; providing legal status, providing a severability clause, and providing an effective date. 5. (22SS00008)

LYNN RIPPER; AND ROBERT CLAY KIRK AND ETHYLMAY KIRK (Chad Genoni) requests a Small Scale Comprehensive Plan Amendment (22S.11), to change the Future Land Use designation from RES 2 (Residential 2) to RES 4 (Residential 4), on property described as follows: Being a part of the NE 1/4 of Section 8, Township 21S Range 35E, Brevard County, Florida, being more particularly described as follows: beginning at the center of said Section 8, thence north 89deg21'19"E along the south line of the NE 1/4 of said Section 8, a distance of 1,345.23 ft.; thence departing said south line N01deg25'55"W along the east line of the SW 1/4 of the NE 1/4 of said Section 8, a distance of 647.91 ft. to an intersection with the north line of the south 1/2 of the SW 1/4 of the NE 1/4 of said Section 8; thence S89deg21'19"W along said north line, a distance of 674.19 ft. to an intersection with the east line of the NW 1/4 of the SW 1/4 of the NW 1/4 of said Section 8; thence N01deg03'27"W along said east line, a distance of 647.90 ft. to an intersection with the SE corner of the south 1/2 of the SW 1/4 of the NW 1/4 of the NE 1/4 of said Section 8; thence N01deg25'55"W along the east line of the south 1/2 of the SW 1/4 of the NW 1/4 of the NE 1/4 of said Section 8, a distance of 349.91 ft. to an intersection with the north line of the south 1/2 of the SW 1/4 of the NW 1/4 of the NE 1/4 of said Section 8; thence south 89deg06'25"W along said north line, a distance of 672.11 ft. to an intersection with the west line of the NE 1/4 of said Section 8; thence S01deg19'21"E along said west line, a distance of 1,642.81 ft. to an intersection with the south line of the NE 1/4 of said Section 8 and the point of beginning. (35.36 acres +/-) Located approx. 385 ft. south of Brockett Rd., and approx. .72 mile east of U.S. Highway 1. (No assigned address. In the Mims area.) The following ordinance will also be considered in conjunction with the Small Scale Plan Amendment, 22S.11: an ordinance amending Article III, Chapter 62, of the Code of Ordinances of Brevard County; entitled "The Comprehensive Plan", amending Section 62-501, entitled Contents of the Plan; specifically amending Section 62-501, Part XI, entitled Future Land Use Element and Future Land Use Map Series; and provisions which require amendment to maintain internal consistency with these amendments; providing legal status; providing a severability clause; and providing an effective date. 6. (22Z00029) PAUL J. MARION, KIMBERLY ANN LAMATTINA, KAYLA MARIE LOSAT, AND JESSICA LYNN RIPPER; AND ROBERT CLAY KIRK AND ETHYLMAY KIRK (Chad Genoni) request a change of zoning classification from AU (Agricultural Residential), SR (Suburban Residential), RU-1-11 (Single-Family Residential), and GML (Government Managed Lands), with an existing BDP (Binding Development Plan) on SR and RU-1-11 portions, to RU-1-7 with removal of existing BDP and adding a new BDP, on property described as Tax Parcels 12 & 265, as recorded in ORB 8804, Pages 1941 - 1943, of the Public Records of Brevard County, Florida; Tax Parcel 266, as recorded in ORB 5356, Page 1441, of the Public Records of Brevard County, Florida; Tax Parcel 17, as recorded in ORB 5379, Pages 3457 - 3459, of the Public Records of Brevard County, Florida; Tax Parcel 270, as recorded in ORB 8232, Pages 2256 - 2261, of the Public Records of Brevard County, Florida; Tax Parcel 109, as recorded in ORB 7325, Pages 1959 - 1960, of the Public Records of Brevard County, Florida. Section 08, Township 21, Range 35. (76.52 acres) Located on the south side of

an existing BDP (Binding Development Plan), in an AU (Agricultural Residential) zoning classification, on property described as follows: From the intersection of the centerline of Fleming Grant Rd. and the westerly boundary line of Sebastian River Estates, as recorded in Plat Book 11, Page 23, of the Public Records of Brevard County, Florida, and located in Section 20, Township 30S, Range 38E, run N.02deg15'54"W, along said westerly line, a distance of 1,388.70 ft.; thence run S89deg58'43"W, a distance of 2,678.00 ft. to a 5" x 5" concrete monument No. "Cramer 4094", said point being the point of beginning of the herein described parcel of land; thence run N.89deg58'43"E, a distance of 977.70 ft.; thence run S.02deg15'34"E, parallel with said westerly line, a distance of 398.47 ft.; thence run S.89deg58'42"W, parallel with the north line of said described parcel, a distance of 2,178.81 ft. to the easterly right-of-way line of Fleming Grant Rd.; thence N.12deg39'38"W, along said easterly right-of-way line, a distance of 408.05 ft. to a 1/2 " Rebar No. 3863 "Mott" at the SW corner of Lot 1, Kinney's Unrecorded Subdivision of Fleming Grant; run thence, departing said right-of-way line, S.89deg58'42"E, a distance of 1,274.88 ft., more or less, to the point of beginning of the herein described parcel of real property. Recorded in ORB 5855, Pages 1341 - 1342, of the Public Records of Brevard County, Florida. Section 20, Township 30G, Range 38. (20.25 acres) Located on the northeast corner of Fleming Grant Rd. and Hitchin Post Lane (9385 Fleming Grant Rd., Micco) Public Hearing before the Planning and Zoning Board (Local Planning Agency) will be held at the Brevard County Government Center, 2725 Judge Fran Jamieson Way, Bldg. C, Viera, Florida on MONDAY, AUGUST 15, 2022, at 3:00 p.m. A Public Hearing will be held by the Board of County Commissioners at the Brevard County Government Center, 2725 Judge Fran Jamieson Way, Commission Room, Bldg. C, Viera, Florida, on THURSDAY, SEPTEMBER 1, 2022, at 5:00 p.m. All interested parties can be heard at said time and place. If a person decides to appeal any decision of this Board, agency or commission (as appropriate) with respect to any matter considered at this meeting or hearing, such a person will need a record of this proceeding and that, for such purposes, such person may need to ensure that a verbatim record of the proceedings is made, at his own expense, which record includes testimony and evidence upon which any such appeal is to be based. The Board may grant such other less intense zoning or land use classification as may be deemed appropriate. Final report of the above referenced agenda will be heard at this meeting. In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons needing special accommodations or an interpreter to participate in this proceeding should contact the Planning & Development Department no later than 48 hours prior to the meeting at 321-633-2069 for assistance. Brevard County Planning & Development Department, per: Tad Calkins, Planning and Development Director. By: Jennifer Jones, Special Projects Coordinator.

ADMINISTRATIVE POLICIES OF THE FUTURE LAND USE ELEMENT

Administrative Policies in the Future Land Use Element establish the expertise of staff with regard to zoning land use issues and set forth criteria when considering a rezoning action or request for Conditional Use Permit, as follows:

Administrative Policy 1

The Brevard County zoning official, planners and the Director of the Planning and Development, however designated, are recognized as expert witnesses for the purposes of Comprehensive Plan amendments as well as zoning, conditional use, special exception, and variance applications.

Administrative Policy 2

Upon Board request, members of the Brevard County planning and zoning staff shall be required to present written analysis and a recommendation, which shall constitute an expert opinion, on all applications for zoning, conditional uses, comprehensive plan amendments, vested rights, or other applications for development approval that come before the Board of County Commissioners for quasi-judicial review and action. The Board may table an item if additional time is required to obtain the analysis requested or to hire an expert witness if the Board deems such action appropriate. Staff input may include the following:

Criteria:

- A. Staff shall analyze an application for consistency or compliance with comprehensive plan policies, zoning approval criteria and other applicable written standards.
- B. Staff shall conduct site visits of property which are the subject of analysis and recommendation. As part of the site visit, the staff shall take a videotape or photographs where helpful to the analysis and conduct an inventory of surrounding existing uses. Aerial photographs shall also be used where they would aid in an understanding of the issues of the case.
- C. In cases where staff analysis is required, both the applicant and the staff shall present proposed findings of fact for consideration by the Board.
- D. For development applications where a specific use has not been proposed, the worst case adverse impacts of potential uses available under the applicable land use classification shall be evaluated by the staff.

Administrative Policy 3

Compatibility with existing or proposed land uses shall be a factor in determining where a rezoning or any application involving a specific proposed use is being considered. Compatibility shall be evaluated by considering the following factors, at a minimum:

Criteria:

- A. Whether the proposed use(s) would have hours of operation, lighting, odor, noise levels, traffic, or site activity that would significantly diminish the enjoyment of, safety or quality of life in existing neighborhoods within the area which could foreseeably be affected by the proposed use.

- B. Whether the proposed use(s) would cause a material reduction (five percent or more) in the value of existing abutting lands or approved development.
- C. Whether the proposed use(s) is/are consistent with an emerging or existing pattern of surrounding development as determined through analysis of:
 - 1. historical land use patterns;
 - 2. actual development over the immediately preceding three years; and
 - 3. development approved within the past three years but not yet constructed.
- D. Whether the proposed use(s) would result in a material violation of relevant policies in any elements of the Comprehensive Plan.

Administrative Policy 4

Character of a neighborhood or area shall be a factor for consideration whenever a rezoning or any application involving a specific proposed use is reviewed. The character of the area must not be materially or adversely affected by the proposed rezoning or land use application. In evaluating the character of an area, the following factors shall be considered:

Criteria:

- A. The proposed use must not materially and adversely impact an established residential neighborhood by introducing types of intensity of traffic (including but not limited to volume, time of day of traffic activity, type of vehicles, et cetera), parking, trip generation, commercial activity or industrial activity that is not already present within the identified boundaries of the neighborhood.
- B. In determining whether an established residential neighborhood exists, the following factors must be present:
 - 1. The area must have clearly established boundaries, such as roads, open spaces, rivers, lakes, lagoons, or similar features.
 - 2. Sporadic or occasional neighborhood commercial uses shall not preclude the existence of an existing residential neighborhood, particularly if the commercial use is non-conforming or pre-dates the surrounding residential use.
 - 3. An area shall be presumed not to be primarily residential but shall be deemed transitional where multiple commercial, industrial or other non-residential uses have been applied for and approved during the previous five (5) years.

Administrative Policy 5

In addition to the factors specified in Administrative Policies 2, 3, and 4, in reviewing a rezoning, conditional use permit or other application for development approval, the impact of the proposed use or uses on transportation facilities either serving the site or impacted by the

use(s) shall be considered. In evaluating whether substantial and adverse transportation impacts are likely to result if an application is approved, the staff shall consider the following:

Criteria:

- A. Whether adopted levels of services will be compromised;
- B. Whether the physical quality of the existing road system that will serve the proposed use(s) is sufficient to support the use(s) without significant deterioration;
- C. Whether the surrounding existing road system is of sufficient width and construction quality to serve the proposed use(s) without the need for substantial public improvements;
- D. Whether the surrounding existing road system is of such width and construction quality that the proposed use(s) would realistically pose a potential for material danger to public safety in the surrounding area;
- E. Whether the proposed use(s) would be likely to result in such a material and adverse change in traffic capacity of a road or roads in the surrounding area such that either design capacities would be significantly exceeded or a de facto change in functional classification would result;
- F. Whether the proposed use(s) would cause such material and adverse changes in the types of traffic that would be generated on the surrounding road system, that physical deterioration of the surrounding road system would be likely;
- G. Whether projected traffic impacts of the proposed use(s) would materially and adversely impact the safety or welfare of residents in existing residential neighborhoods.

Administrative Policy 6

The use(s) proposed under the rezoning, conditional use or other application for development approval must be consistent with, (a), all written land development policies set forth in these administrative policies; and (b), the future land use element, coastal management element, conservation element, potable water element, sanitary sewer element, solid waste management element, capital improvements element, recreation and open space element, surface water element, and transportation elements of the comprehensive plan.

Administrative Policy 7

Proposed use(s) shall not cause or substantially aggravate any, (a), substantial drainage problem on surrounding properties; or (b), significant, adverse and unmitigatable impact on significant natural wetlands, water bodies or habitat for listed species.

Administrative Policy 8

These policies, the staff analysis based upon these policies, and the applicant's written analysis, if any, shall be incorporated into the record of every quasi-judicial review application for development approval presented to the Board including rezoning, conditional use permits, and vested rights determinations.

Section 62-1151(c) of the Code of Ordinances of Brevard County directs, "The planning and zoning board shall recommend to the board of county commissioners the denial or approval of each application for amendment to the official zoning maps based upon a consideration of the following factors:

- (1) The character of the land use of the property surrounding the property being considered.
- (2) The change in conditions of the land use of the property being considered and the surrounding property since the establishment of the current applicable zoning classification, special use or conditional use.
- (3) The impact of the proposed zoning classification or conditional use on available and projected traffic patterns, water and sewer systems, other public facilities and utilities and the established character of the surrounding property.
- (4) The compatibility of the proposed zoning classification or conditional use with existing land use plans for the affected area.
- (5) The appropriateness of the proposed zoning classification or conditional use based upon a consideration of the applicable provisions and conditions contained in this article and other applicable laws, ordinances and regulations relating to zoning and land use regulations and based upon a consideration of the public health, safety and welfare.

The minutes of the planning and zoning board shall specify the reasons for the recommendation of approval or denial of each application."

CONDITIONAL USE PERMITS (CUPs)

In addition to the specific requirements for each Conditional Use Permit (CUP), Section 62-1901 provides that the following approval procedure and general standards of review are to be applied to all CUP requests, as applicable.

- (b) Approval procedure. An application for a specific conditional use within the applicable zoning classification shall be submitted and considered in the same manner and according to the same procedure as an amendment to the official zoning map as specified in Section 62-1151. The approval of a conditional use shall authorize an additional use for the affected parcel of real property in addition to those permitted in the applicable zoning classification. The initial burden is on the applicant to demonstrate that all applicable standards and criteria are met. Applications which do not satisfy this burden cannot be approved. If the applicant meets its initial burden, then the Board has the burden to show, by substantial and competent evidence, that the applicant has failed to meet such standards and the request is adverse to the public interest. As part of the approval of the conditional use permit, the Board may prescribe appropriate and reasonable conditions and safeguards to reduce the impact of the proposed use on adjacent and nearby properties or the neighborhood. A nearby property, for the purpose of this section, is defined as any property which, because of the character of the proposed use, lies within the area which may be substantially and adversely impacted by such use. In stating grounds in

support of an application for a conditional use permit, it is necessary to show how the request fulfills both the general and specific standards for review. The applicant must show the effect the granting of the conditional use permit will have on adjacent and nearby properties, including, but not limited to traffic and pedestrian flow and safety, curb-cuts, off-street loading and parking, off-street pickup of passengers, odors, glare and noise, particulates, smoke, fumes, and other emissions, refuse and service areas, drainage, screening and buffering for protection of adjacent and nearby properties, and open space and economic impact on nearby properties. The applicant, at his discretion, may choose to present expert testimony where necessary to show the effect of granting the conditional use permit.

(c) General Standards of Review.

- (1) The planning and zoning board and the board of county commissioners shall base the denial or approval of each application for a conditional use based upon a consideration of the factors specified in Section 62-1151(c) plus a determination whether an application meets the intent of this section.
 - a. The proposed conditional use will not result in a substantial and adverse impact on adjacent and nearby properties due to: (1), the number of persons anticipated to be using, residing or working under the conditional use; (2), noise, odor, particulates, smoke, fumes and other emissions, or other nuisance activities generated by the conditional use; or (3), the increase of traffic within the vicinity caused by the proposed conditional use.
 - b. The proposed use will be compatible with the character of adjacent and nearby properties with regard to use, function, operation, hours of operation, type and amount of traffic generated, building size and setback, and parking availability.
 - c. The proposed use will not cause a substantial diminution in value of abutting residential property. A substantial diminution shall be irrebuttably presumed to have occurred if abutting property suffers a 15% reduction in value as a result of the proposed conditional use. A reduction of 10% of the value of abutting property shall create a rebuttable presumption that a substantial diminution has occurred. The Board of County Commissioners carries the burden to show, as evidenced by either testimony from or an appraisal conducted by an M A I certified appraiser, that a substantial diminution in value would occur. The applicant may rebut the findings with his own expert witnesses.
- (2) The following specific standards shall be considered, when applicable, in making a determination that the general standards specified in subsection (1) of this section are satisfied:

- a. Ingress and egress to the property and proposed structures thereon, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire and catastrophe, shall be: (1), adequate to serve the proposed use without burdening adjacent and nearby uses, and (2), built to applicable county standards, if any. Burdening adjacent and nearby uses means increasing existing traffic on the closest collector or arterial road by more than 20%, or 10% if the new traffic is primarily comprised of heavy vehicles, except where the affected road is at Level of Service A or B. New traffic generated by the proposed use shall not cause the adopted level of service for transportation on applicable roadways, as determined by applicable Brevard County standards, to be exceeded. Where the design of a public road to be used by the proposed use is physically inadequate to handle the numbers, types or weights of vehicles expected to be generated by the proposed use without damage to the road, the conditional use permit cannot be approved without a commitment to improve the road to a standard adequate to handle the proposed traffic, or to maintain the road through a maintenance bond or other means as required by the Board of County Commissioners.
- b. The noise, glare, odor, particulates, smoke, fumes or other emissions from the conditional use shall not substantially interfere with the use or enjoyment of the adjacent and nearby property.
- c. Noise levels for a conditional use are governed by Section 62-2271.
- d. The proposed conditional use shall not cause the adopted level of service for solid waste disposal applicable to the property or area covered by such level of service, to be exceeded.
- e. The proposed conditional use shall not cause the adopted level of service for potable water or wastewater applicable to the property or the area covered by such level of service, to be exceeded by the proposed use.
- f. The proposed conditional use must have existing or proposed screening or buffering, with reference to type, dimensions and character to eliminate or reduce substantial, adverse nuisance, sight, or noise impacts on adjacent and nearby properties containing less intensive uses.
- g. Proposed signs and exterior lighting shall not cause unreasonable glare or hazard to traffic safety, or interference with the use or enjoyment of adjacent and nearby properties.
- h. Hours of operation of the proposed use shall be consistent with the use and enjoyment of the properties in the surrounding residential community, if any. For commercial and industrial uses adjacent to or near residential uses, the hours of operation shall not adversely affect the use and enjoyment of the residential character of the area.
- i. The height of the proposed use shall be compatible with the character of the area, and the maximum height of any habitable structure shall be not more than 35 feet higher than the highest residence within 1,000 feet of the property line.

- j. Off-street parking and loading areas, where required, shall not be created or maintained in a manner which adversely impacts or impairs the use and enjoyment of adjacent and nearby properties. For existing structures, the applicant shall provide competent, substantial evidence to demonstrate that actual or anticipated parking shall not be greater than that which is approved as part of the site plan under applicable county standards.

FACTORS TO CONSIDER FOR A REZONING REQUEST

Section 62-1151(c) sets forth factors to consider in connection with a rezoning request, as follows:

"The planning and zoning board shall recommend to the board of county commissioners the denial or approval of each application for amendment to the official zoning maps based upon a consideration of the following factors:

- (1) The character of the land use of the property surrounding the property being considered.
- (2) The change in conditions of the land use of the property being considered and the surrounding property since the establishment of the current applicable zoning classification, special use or conditional use.
- (3) The impact of the proposed zoning classification or conditional use on available and projected traffic patterns, water and sewer systems, other public facilities and utilities and the established character of the surrounding property.
- (4) The compatibility of the proposed zoning classification or conditional use with existing land use plans for the affected area.
- (5) The appropriateness of the proposed zoning classification or conditional use based upon a consideration of the applicable provisions and conditions contained in this article and other applicable laws, ordinances and regulations relating to zoning and land use regulations and based upon a consideration of the public health, safety and welfare."

These staff comments contain references to zoning classifications found in the Brevard County Zoning Regulations, Chapter 62, Article VI, Code of Ordinances of Brevard County. These references include brief summaries of some of the characteristics of that zoning classification. Reference to each zoning classification shall be deemed to incorporate the full text of the section or sections defining and regulating that classification into the Zoning file and Public Record for that item.

These staff comments contain references to sections of the Code of Ordinances of Brevard County. Reference to each code section shall be deemed to incorporate this section into the Zoning file and Public Record for that item.

These staff comments contain references to Policies of the Brevard County Comprehensive Plan. Reference to each Policy shall be deemed to incorporate the entire Policy into the Zoning file and Public Record for that item.

These staff comments refer to previous zoning actions which are part of the Public Records of Brevard County, Florida. These records will be referred to by reference to the file number. Reference to zoning files are intended to make the entire contents of the cited file a part of the Zoning file and Public Record for that item.

DEFINITIONS OF CONCURRENCY TERMS

Maximum Acceptable Volume (MAV): Maximum acceptable daily volume that a roadway can carry at the adopted Level of Service (LOS).

Current Volume: Building permit related trips added to the latest TPO (Transportation Planning Organization) traffic counts.

Volume with Development (VOL W/DEV): Equals Current Volume plus trip generation projected for the proposed development.

Volume/Maximum Acceptable Volume (VOL/MAV): Equals the ratio of current traffic volume to the maximum acceptable roadway volume.

Volume/Maximum Acceptable Volume with Development (VOL/MAV W/DEV): Ratio of volume with development to the Maximum Acceptable Volume.

Acceptable Level of Service (CURRENT LOS): The Level of Service at which a roadway is currently operating.

Level of Service with Development (LOS W/DEV): The Level of Service that a proposed development may generate on a roadway.

**FUTURE LAND USE MAP SERIES
PLAN AMENDMENT**

STAFF COMMENTS

*Small Scale Plan Amendment 22S.10 (22SS00007)
Township 21, Range 35, Section 08*

Property Information

Owner / Applicant: Ethylmay Kirk and Robert Kirk

Adopted Future Land Use Map Designation: Recreation (REC)

Requested Future Land Use Map Designation: Residential 4 (RES 4)

Acreage: 2.12 acres

Tax Account #: 3018268

Site Location: South side of Brockett Road approximately 975 feet east of U.S. Highway 1.

Commission District: 1

Current Zoning: Government Managed Lands (GML) and Agricultural Residential (AU)

Requested Zoning: Single-family Residential (RU-1-7)

Background & Purpose

The applicant is seeking to amend the Future Land Use designation on 2.12 acres of land from Recreation (REC) to Residential 4 (RES 4) to provide a second access point to four adjacent properties to develop a single-family residential subdivision with up to three hundred six (306) single family lots, although available school capacity may limit the development to one hundred ninety-seven (197) single-family lots. The proposed development will be limited to a density of four (4) units per acre. At only 70 feet in width, the subject property is only suitable for construction of an access road.

A separate small scale amendment application was submitted for the proposed development requesting a Future Land Use Map designation change from Residential 2 (RES 2) to Residential 4 (RES 4) (22SS00008) on 35.36 acres in order to provide a consistent Future Land Use Map designation that will encompass the entire proposed development. A companion rezoning application (22Z00029) was submitted accompanying this request for a zoning change from RU-1-11, SR, GML, and AU to RU-1-7, with a Binding Development Plan proposing to limit development to 4 units per acre. The proposed RU-1-7 zoning can be considered consistent with the proposed RES 4 FLU designation with a BDP limiting development to 4 units per acre.

Surrounding Land Use Analysis

	Existing Use	Zoning	Future Land Use
North	Vacant & Existing Manufactured Housing	GML & TR-1	REC & RES 4
South	Vacant	RU-1-7	RES 4
East	Vacant	RU-1-11	RES 4
West	Unplatted Single-Family Residential	AU	RES 4

Immediately adjacent to the subject property on the northside is vacant County owned land. To the north of the County property are the Oakwood and Oakwood Village subdivisions, zoned TR-1 with established manufactured housing. To the east is vacant residential land which will be developed residentially with the subject parcel providing secondary access to Old Dixie Highway. Immediately adjacent to the subject property on the south is vacant residential land and to the west is existing large lot, single-family residential development which is unplatted.

Comprehensive Plan Policies/Comprehensive Plan Analysis

Comprehensive Plan Policies are shown in plain text; Staff Findings of Fact are shown in **bold**.

Notice: The Comprehensive Plan establishes the broadest framework for reviewing development applications and provides the initial level of review in a three layer screening process. The second level of review entails assessment of the development application's consistency with Brevard County's zoning regulations. The third layer of review assesses whether the development application conforms to site planning/land development standards of the Brevard County Land Development Code. While each of these layers individually affords its own evaluative value, all three layers must be cumulatively considered when assessing the appropriateness of a specific development proposal.

FLUE Policy 1.2 - Public Facilities and Services Requirements

Minimum public facilities and services requirements should increase as residential density allowances become higher. The following criteria shall serve as guidelines for approving new residential land use designations:

Criteria:

- C. In the Residential 30, Residential 15, Residential 10, Residential 6 and Residential 4 land use designations, centralized potable water and wastewater treatment shall be available concurrent with the impact of the development.
- D. Where public water service is available, residential development proposals with densities greater than four units per acre shall be required to connect to a centralized sewer system.

As the project's density is 4 units per acre, connection to centralized sewer and potable water could be required under Criterion C, above. Site is currently unimproved and not connected to utilities.

FLUE Policy 1.7 - Residential 4 (maximum of 4 units per acre)

The Residential 4 land use designation affords an additional step down in density from more highly urbanized areas. This land use designation permits a maximum density of up to four (4) units per acre, except as otherwise may be provided for within this element. The Residential 4 land use designation may be considered for lands within the following generalized locations, unless otherwise limited by this Comprehensive Plan:

Criteria:

- A. Areas adjacent to existing Residential 4 land use designation; or

The subject site is immediately adjacent to existing RES 4 Future Land Use Map designations on the east, west and south. To the north of the vacant County owned land, there is existing residential development with a RES 4 Future Land Use Map designation.

- B. Areas which serve as a transition between existing land uses or land use designations with density greater than four (4) units per acre and areas with density of less than four (4) units per acre; or

The subject site is not located within a transitional area between land use densities greater than 4 dwelling units per acre and areas of land use densities that are less than 4 dwelling units per acre.

- C. Unincorporated areas which are adjacent to incorporated areas and may be considered a logical transition for Residential 4.

The subject site is not adjacent to incorporated areas.

- D. Up to a 25% density bonus to permit up to five (5) units per acre may be considered with a Planned Unit Development where deemed compatible by the County with adjacent development, provided that minimum infrastructure requirements set forth in Policy 1.2 are available. Such higher densities should be relegated to interior portions of the PUD tract, away from perimeters, to enhance blending with adjacent areas and to maximize the integration of open space within the development and promote inter-connectivity with surrounding uses. This density bonus shall not be utilized for properties within the CHHA.

The applicant is not proposing a Planned Unit Development.

FLUE Administrative Policy #3 - Compatibility between this site and the existing or proposed land uses in the area.

Compatibility shall be evaluated by considering the following factors, at a minimum:

Criteria:

- A. Whether the proposed use(s) would have hours of operation, lighting, odor, noise levels, traffic, or site activity that would significantly diminish the enjoyment of, safety or quality of life in existing neighborhoods within the area which could foreseeably be affected by the proposed use;

The applicant proposes to develop the subject property as a single-family residential subdivision. The proposal is not anticipated to diminish the enjoyment of, safety or quality of life in existing neighborhoods within the area.

- B. Whether the proposed use(s) would cause a material reduction (five per cent or more) in the value of existing abutting lands or approved development.

Only a certified MAI appraisal can determine if material reduction has or will occur due to the proposed use.

- C. Whether the proposed use(s) is/are consistent with an emerging or existing pattern of surrounding development as determined through an analysis of:

1. historical land use patterns;

The character of the area is residential and transitions from 4 units per acre to 2 units per acre along Brockett Road heading east from US Highway 1. This request could be considered an encroachment into the RES 2 area which is primarily still vacant land but does contain established manufactured homes on large lots along Brockett Road. These lots range in size from 0.71 acres to 11.25 acres.

2. actual development over the immediately preceding three years; and

There has not been any actual development within this area in the preceding three (3) years.

3. development approved within the past three years but not yet constructed.

There have not been any development approvals immediately adjacent to the subject parcel within the past three (3) years that have not been constructed.

FLUE Administrative Policy #4 - Character of a neighborhood or area.

Character of a neighborhood or area shall be a factor for consideration whenever a rezoning or any application involving a specific proposed use is reviewed. The character of the area must not be materially or adversely affected by the proposed rezoning or land use application. In evaluating the character of an area, the following factors shall be considered:

Criteria:

- A. The proposed use must not materially and adversely impact an established residential neighborhood by introducing types or intensity of traffic (including but not limited to volume, time of day of traffic activity, type of vehicles, etc.), parking, trip generation, commercial activity or industrial activity that is not already present within the identified boundaries of the neighborhood.

In general, the character of the area is residential and transitions from 4 units per acre to 2 units per acre along Brockett Road heading east from US Highway 1. Three (3) FLU designations are located within 500 feet of the subject property: RES 2, RES 4, and REC.

The applicants are proposing a 306-unit single-family residential subdivision. The closest established residential neighborhood is located immediately west of the subject property with a range of lot sizes from 0.2-acre to 1-acre lots. To the north of the subject property is vacant land and single-family residences. To the south is vacant residential zoning (approximately 40 acres zoned RU-1-7). To the east are single-family residences, manufactured/mobile homes and vacant land.

The proposed RU-1-7 zoning classification permits single family residences on minimum 5,000 square foot lots with minimum widths of 50 feet and depth of 100 feet. The minimum house size is 700 square feet.

The proposed residential subdivision will have two access points, on the north via Brockett Road to US Highway 1 and on the west via Old Dixie Highway to US Highway 1. The relatively low density of existing development and the extent of vacant property in the surrounding area suggest that existing neighborhoods will not be materially and adversely impacted by the proposed development.

- B. In determining whether an established residential neighborhood exists, the following factors must be present:
1. The area must have clearly established boundaries, such as roads, open spaces, rivers, lakes, lagoons, or similar features.

2. Sporadic or occasional neighborhood commercial uses shall not preclude the existence of an existing residential neighborhood, particularly if the commercial use is non-conforming or pre-dates the surrounding residential use.

The Oakwood and Oakwood Village Subdivisions, platted at 4 units per acre, are an established residential neighborhood. These subdivisions are located west and northwest of the proposed development.

An area shall be presumed not to be primarily residential but shall be deemed transitional where multiple commercial, industrial or other non-residential uses have been applied for and approved during the previous five (5) years.

There are no non-residential uses in the immediate vicinity of the proposed development.

Preliminary Concurrency

The closest concurrency management segment to the subject property is US Highway 1, from SR 46 to Lionel, which has a Maximum Acceptable Volume (MAV) of 41,790 trips per day, a Level of Service (LOS) of D, and currently operates at 24.88% of capacity daily. The maximum development potential from the proposed rezoning at 306 single family units increases the percentage of MAV utilization by 2.67%. The corridor is anticipated to operate at 27.54% of capacity daily. The proposal is not anticipated to create a deficiency in LOS. Specific concurrency issues will be address at the time of site plan review.

The school concurrency analysis is based on development of 197 single family lots and indicates that Pinewood Elementary is not projected to have sufficient capacity for the total of projected and potential students from the proposed development; however, the adjacent elementary school service area (Mims Elementary) could accommodate the impacts of the proposed development. Madison Middle and Astronaut High are both projected to have enough capacity for the total of projected and potential students from the proposed development.

The nearest potable water connection is approximately 400 feet north of the subject site and serves the Oakwood Village subdivision. There is also another County potable water line approximately one-half mile south of the subject site. Presently, the nearest sanitary sewer force main connections are approximately one mile south of the subject site.

Environmental Resources

Mapped resources include Aquifer Recharge Soils, Indian River Lagoon Nitrogen Reduction Overlay and Protected Species (Scrub Jay and Gopher Tortoise).

This entire parcel is mapped within the Indian River Lagoon Nitrogen Reduction Overlay per Chapter 46, Article II, Division IV - Nitrogen Reduction Overlay. If adequate sewer for the development is not available, then the use of an alternative septic system, designed to provide at least 65% total nitrogen reduction through multi-stage treatment processes, shall be required.

Please refer to all comments provided by the Natural Resource Management Department at the end of this report.

Historic Resources

The Florida Master Site File does not contain any record of historical or cultural resources on this site.

For Board Consideration

The Board may wish to consider if the request is consistent with the Comprehensive Plan and compatible with the surrounding area.

**NATURAL RESOURCES MANAGEMENT DEPARTMENT
Future Land Use (FLU) Review & Summary
Item #22SS00007**

Applicant: Genoni

FLU Request: REC to RES-4

Note: Applicant wants to develop 197 lots connected to this parcel

P&Z Hearing Date: 08/15/22; **BCC Hearing Date:** 09/01/22

Tax ID No: 3018268

- This is a preliminary review based on best available data maps reviewed by the Natural Resources Management Department (NRM) and does not include a site inspection to verify the accuracy of the mapped information.
- In that the rezoning process is not the appropriate venue for site plan review, specific site designs submitted with the rezoning request will be deemed conceptual. Board comments relative to specific site design do not provide vested rights or waivers from Federal, State or County regulations.
- This review does not guarantee whether or not the proposed use, specific site design, or development of the property can be permitted under current Federal, State, or County Regulations.
- A rezoning zoning or Future Land Use approval by the Board of County Commissioners does not vest the property from meeting the current wetland ordinance. A formal review of current proposed wetland impacts at time of building permit or site plan review is required, regardless of any previously approved wetland impacts from any Federal, State or local agency. The applicant is encouraged to contact NRM at (321) 633-2016 prior to any site plan design.

Summary of Mapped Resources and Noteworthy Land Use Issues:

- Aquifer Recharge Soils
- Indian River Lagoon Nitrogen Reduction Overlay
- Protected Species

There is a large area of mapped Florida Scrub Jay occupancy on the project site, and there is potential for existence of Gopher Tortoises on site. Prior to any plan, permit submittal, or development activity, including land clearing, the applicant should obtain any necessary permits or clearance letters from the Florida Fish and Wildlife Conservation Commission (FWC), and/or U.S. Fish and Wildlife Service, as applicable. If applicable, the applicant is advised to call the FWC at 561-882-5714 (O) or 561-365-5696 (C) with to obtain any necessary permits or clearance letters for Gopher Tortoises.

The subject parcel contains mapped aquifer recharge soils as shown on the USDA Soil Conservation Service Soils Survey map. Mapped topographic elevations indicate the soils may consist of Type 2 Aquifer Recharge soils that have impervious area restrictions. The applicant is hereby notified of the development and impervious

restrictions within Conservation Element Policy 10.2 and the Aquifer Protection Ordinance.

Land Use Comments:

Aquifer Recharge Soils

The subject parcel contains mapped aquifer recharge soils (Pomello and Paola fine sand) as shown on the USDA Soil Conservation Service Soils Survey map. Mapped topographic elevations indicate the soils may consist of Type 2 Aquifer Recharge soils that have impervious area restrictions. The applicant is hereby notified of the development and impervious restrictions within Conservation Element Policy 10.2 and the Aquifer Protection Ordinance.

Indian River Lagoon Nitrogen Reduction Overlay

The parcel is mapped within the Indian River Lagoon Nitrogen Reduction Overlay per Chapter 46, Article II, Division IV - Nitrogen Reduction Overlay. If sewer is not available, then the use of an alternative septic system, designed to provide at least 65% total nitrogen reduction through multi-stage treatment processes, shall be required. NRM requires a Septic Maintenance Notice be filed with the Brevard Clerk of Courts.

Protected Species

Information available to NRM indicates that federally and/or state protected species may be present on the property. There is a large area of mapped Florida Scrub Jay occupancy on the project site, and there is potential for existence of Gopher Tortoises on site. Prior to any plan, permit submittal, or development activity, including land clearing, the applicant should obtain any necessary permits or clearance letters from the Florida Fish and Wildlife Conservation Commission (FWC), and/or U.S. Fish and Wildlife Service, as applicable. If applicable, the applicant is advised to call the FWC at 561-882-5714 (O) or 561-365-5696 (C) with to obtain any necessary permits or clearance letters for Gopher Tortoises.

**RE: Proposed Hamlin Ridge Development
School Impact Analysis – Capacity Determination CD-2022-25**

Dear Mr. Craven,

We received a completed *School Facility Planning & Concurrency Application* for the referenced development. The subject property is Tax Account number 2102919 (Parcel ID number: 21-35-08-00-266), Tax Account number 2102882 (Parcel ID number 21-35-08-0-17), Tax Account number 3018268 (Parcel ID number 21-35-08-00-270), Tax Account number 2102878 (Parcel ID number 21-35-08-00-12), and Tax Account number 2102918 (Parcel ID number 21-35-08-00-265) containing a total of approximately 76.51 acres in District 1, Brevard County, Florida. The proposed development includes 197 single-family homes. The School Impact Analysis of this proposed development has been undertaken and the following information is provided for your use.

The calculations used to analyze the prospective student impact are consistent with the methodology outlined in Section 13.2 and Amended Appendix "A"-School District Student Generation Multiplier (approved April 11, 2022) of the *Interlocal Agreement for Public School Facility Planning & School Concurrency (ILA-2014)*. The following capacity analysis is performed using capacities/projected students as shown in years 2022-23 to 2026-27 of the *Brevard County Public Schools Financially Feasible Plan for School Years 2021-22 to 2026-27* which is attached for reference.

Single-Family Homes		197

At this time, Pinewood Elementary School is not projected to have enough capacity for the total of projected and potential students from the Hamlin Ridge development. Because there is a shortfall of available capacity in the concurrency service area of the Hamlin Ridge development, the capacity of adjacent concurrency service areas must be considered.

The adjacent elementary school service area is Mims Elementary School. A table of capacities of the *Adjacent Schools Concurrency Service Area* that could accommodate the impacts of the Hamlin Ridge development is shown:

**FISH Capacity (including relocatable classrooms) from the
Financially Feasible Plan (FFP) Data and Analysis for School Years 2022-23 to

School	2022-23	2023-24	2024-25	2025-26	2026-27
Mims	283	292	268	242	232

Considering the adjacent elementary school service areas, there is sufficient capacity for the total projected student membership to accommodate the Hamlin Ridge development.

This is a non-binding review; a *Concurrency Determination* must be performed by the School District prior to a Final Development Order and the issuance of a Concurrency Evaluation Finding of Nondeficiency by the Local Government.

We appreciate the opportunity to review this proposed project. Please let us know if you require additional information.

Sincerely,

Notes

1. FISH Capacity is the sum of the factored permanent capacity and the factored relocatable capacity. Permanent and relocatable capacities for 2021-22 are reported from the FISH database as of October 12, 2021.
2. Student Membership is reported from the Fall Final Membership Count (10/15/2021).
3. Davis Demographics SchoolSite Enrollment Forecasting Extension for ArcGIS estimates future student populations by analyzing the following data:
 - Development Projections from Brevard County Local Government Jurisdictions
 - Brevard County School Concurrency Student Generation Multipliers (SGM)
 - Fall Membership student addresses and corresponding concurrency service areas
 - Student Mobility Rates / Cohort Survival Rates
 - Brevard County Birth rates by zip code
4. Davis Demographics estimates are then adjusted using the following factors:
 - PK (Pre-Kindergarten) and AH (daycare for students with infants) enrollment number are assumed to be constant
 - Current From/To attendance patterns are assumed to remain constant
 - Nongraded student addresses are assumed to continue in their attendance schools
 - Charter School Growth
5. In order to maintain utilization rates lower than the 100% Level of Service, Permanent Capacity and Relocatable Classrooms are assumed to add future student stations as necessary.
6. A total of 15 Relocatable Classrooms are assumed to add future student stations as listed below:
 - Primary Relocatable Classrooms (Grades K-3) = 18 student stations, Intermediate (Grades 4-5) Relocatable Classrooms = 22 student stations, and High School (Grades 9-12) Relocatable Classrooms = 25 student stations
7. Immediate relocatable classrooms are proposed to be added at Roy Allen Elementary, Jupiter Elementary, Sunrise Elementary, and Westside Elementary Schools (Total 12 Classrooms)
8. High school relocatable classrooms are proposed to be added at Seaside High and Viera High (Total of 3 Classrooms)
9. A classroom addition is planned for construction at Viera High School for 2023-24. The factored capacity is adjusted for the proposed 350 student stations.

Good Day Ms. Jones,

I am writing to share my opposition with you to the subject referenced proposed zoning changes. As a Mims property owner, adding more high density properties would negatively affect the charm of the small city. People move to Mims to spread out and enjoy nature, not to be on top of each other and stuck in traffic. Brevard County has been expanding very rapidly, let's keep some spaces green and quaint.

Thank you,
Katelyn Walker

PLANNING AND ZONING BOARD/LOCAL PLANNING AGENCY MINUTES

The Brevard County Planning & Zoning Board met in regular session on **Monday, August 15, 2022**, at **3:00 p.m.**, in the Florida Room, Building C, Brevard County Government Center, 2725 Judge Fran Jamieson Way, Viera, Florida.

The meeting was called to order at 3:00 p.m.

Board members present were: Board members present were: Henry Minneboo (D1); Brian Rodgers (D2); Robert Sullivan (D2); Lorraine Koss (Alt. D2); Mark Wadsworth, Chair (D4); Liz Alward (D4); Logan Luse (Alt. D4); Bruce Moia (D5); Peter Filiberto (D5); and John Hopengarten (BPS).

Staff members present were: Jeffrey Ball, Planning and Zoning Manager; Melissa Wilbrandt, Associate Planner; Jane Hart, Planner III; Alex Esseeesse, Assistant County Attorney; and Jennifer Jones, Special Projects Coordinator.

Excerpt of Complete Agenda

Robert Clay and Ethyl May Kirk (Chad Genoni / Kim Rezanka)

A Small Scale Comprehensive Plan Amendment (22S.10), to change the Future Land Use designation from REC (Recreation) to RES 4 (Residential 4). The property is 2.12 acres, located approx. 0.18 mile west of U.S. Highway 1, and approx. 0.37 mile south of Brockett Rd. (No assigned address. In the Mims area.) (22SS00007) (Tax Account 3018268) (District 1)

Kim Rezanka, Lacey Lyons Rezanka, 1290 U.S. Highway 1, Rockledge - [Ms. Rezanka submitted a handout to the board. The handout can be found in file 22SS00007, located in the Planning and Development Department]. She stated she represents Chad Genoni who is the contract purchaser of the subject property. She said the handout she gave to the board shows that the small skinny piece from west to east is the small scale plan amendment, 22SS00007; the L-shape to the east is small scale plan amendment 22SS00008; and the entire orange area is the rezoning request, 22Z00029. She clarified that the zoning will be limited to 197 units for all 76.52 acres, and the BDP will be changed to reflect that. She stated it will not be 306 units, although that would be possible. She said the reason for the request is to be able to have some flexibility in the designing of the lots, because there is a wetland that goes through the middle of the property and there are Scrub Jays. She stated the subdivision will have access from the north and the west.

Public comment.

Maryann Dalrymple, 3410 Chelsey Lane, Mims, stated she owns property on Brockett Road, and she is not in favor or against the proposed development, but she would like to know what, if any, consideration has been given about the effect this will have on the properties on Brockett Road. She said her property is 7.92 acres zoned agricultural/residential, and it's not currently developed, but if there is a subdivision adjoining it, and she wants to have an agricultural use in the future, she would like to know if there will be a problem. She asked what she needs to do to find out if the development will adversely or positively affect property values.

Mr. Wadsworth stated she should follow the request to County Commission, or talk to the applicant after the meeting.

Motion by Liz Alward, seconded by Bruce Moia, to recommend approval of the Small Scale Comprehensive Plan Amendment (22S.10), to change the Future Land Use designation from REC to RES 4. The motion passed unanimously.
