Tow Rate Resolution and Memo

### **Fiscal Impact:**

### **Dept/Office:**

District 3 Commission Office

### **Requested Action:**

Board consideration and approval of Resolution amending 2008-150, and proposed memo to law enforcement

### **Summary Explanation and Background:**

At the last meeting on February 22, 2022, District 3 proposed a Resolution amending the rates in 2008-150 and deleting any "unique fees" to Brevard County. Commissioner Smith was not able to attend and appeared telephonically. Due to phone reception issues, and District 4's own desire to complete a revised resolution, the Board agreed to table the motion until the March 8<sup>th</sup> meeting.

A draft memo to law enforcement clarifying the Boards stance on violating 106-5 and predatory tow practices was also presented. For the same reasons, the motion on the memo was also tabled so that it could be addressed simultaneously. No substantive changes to either the Resolution or the memo have been made since the last meeting. Therefore, a motion and vote will be requested for both.

### **Memo Re: Brevard County Ordinance Section 106-5. Wrecker and Towing Services**

Before proceeding, the Board of County Commissioners (hereinafter "Board") would like to thank you, and your staff, for all of the essential service that you provide to our community. The County and its citizens are deeply grateful for the protection and continued dedication that your team affords us on a daily basis, especially while our society navigates back towards solid ground.

The purpose of this memo is simple. This Board is concerned that a few bad apples in the tow industry may be taking advantage of our citizens, and we want to make sure that we are unified in our stance against potential abuse. While the frequency of this occurrence is unknown, it has become apparent that the public has been subject to violations of this Ordinance on a noticeable scale. Regardless of frequency, the impact on an individual citizen who is unwillingly involved is no doubt substantial, and should not go unpunished. Brevard County has been, and continues to be, clear on its stance that Section 106-5 should be enforced when applicable, particularly if the tow company is found to be a repeat offender. The Board wants to make sure that any related misconduct is abated by means available to your agencies, including criminal prosecution if necessary.

Section 106-5(b) of Brevard County Ordinance, provides in pertinent part that "Any vehicle removed and stored as a result of a nonconsensual tow from private property where the owner or operator is incapacitated, unavailable or otherwise does not consent to the removal of the vehicle **shall be released within one (1) hour of a request to redeem the vehicle by the vehicle owner or authorized driver/agent per F.S. § 713.78**...this paragraph does not apply to removal and storage of wrecked or disabled vehicles from an accident scene." Section 106-5(c) sets forth that "It shall be unlawful for any person to charge more than the maximum rate established by the county. **Any person or tow company that charges more than the**
