Subject:

Florida Department of Environmental Protection grant of \$70,000 for the East Central Florida Regional Planning Council to assist Brevard County with addressing deficiencies in the County's 2017 Comprehensive Plan Evaluation and Appraisal Report, as identified by the Florida Department of Economic Opportunity.

Fiscal Impact:

Receipt of \$70,000 in FDEP grant funding to offset \$70,000 of Balance Forward (Resolution No. 2020-030) approved for the execution of a Memorandum of Understanding with the East Central Florida Regional Planning Council (Item F.1).

Dept/Office:

Natural Resources Management Department (NRM)/Planning & Development (P&D)

Requested Action:

Staff requests that the Board authorize the County Manager to execute a contract with the Florida Department of Environmental Protection (FDEP) to receive \$70,000 in grant funding for the East Central Florida Regional Planning Council (ECFRPC) to assist Brevard County with addressing deficiencies in the County's 2017 Comprehensive Plan Evaluation and Appraisal Report (EAR), as identified by the Florida Department of Economic Opportunity (DEO). No match is required for this grant.

Summary Explanation and Background:

Governor DeSantis' Executive Order 19-12 created the Office of Resilience and Coastal Protection (ORCP) to help prepare Florida's coastal communities and habitats for impacts from climate change and sea-level rise; and provide coordination among state, regional, and local entities. FDEP's Florida Resilient Coastlines Program helps prepare coastal communities and habitats for the effects of climate change and sea-level rise by offering technical assistance and funding to communities dealing with coastal flooding, erosion, and ecosystem changes. Since 2018, FDEP has provided assistance to coastal Florida communities, awarding funding for numerous projects. Priority areas include implementing statutory requirements and objectives, vulnerability assessments, adaptation plans, regional efforts, and environmental justice.

On August 1, 2019, FDEP announced a state-funded grant opportunity through the ORCP, aimed at preparing Florida coastal communities for current and future effects of rising sea levels - including coastal flooding - and addressing compliance with Section 163.3178(2)(f) F.S. (Peril of Flood). No match is required for this grant. Further, the grant does not carry any additional resource burden beyond that already required for Peril of Flood compliance.

As presented in Item F.1, Brevard County Transmitted Amendments 2017-2.2, its Comprehensive Plan Evaluation and Appraisal Report (EAR), in November 2017. In January 2018, DEO issued its Objection

Recommendation and Comments (ORC) Report, addressing deficiencies in the County's EAR. DEO stated that the proposed amendments do not provide a coastal redevelopment component in the Coastal Management Element that address sections 163.3178(2)(f)1-3 F.S. (commonly known as the "Peril of Flood" statute).

Recognizing this opportunity to receive funding to comply with the Peril of Flood statute, on October 7, 2019, the County submitted a Resiliency Planning Grant application prepared by the Planning and Development Department (P&D) in collaboration with Natural Resources Management Department (NRM) to request funding through FDEP's Florida Resilient Coastlines Program to prepare for resiliency and comply with Sections 163.3178(2)(f)(1-3), F.S.

On July 22, 2020, the FDEP Florida Resilient Coastlines Program announced that Brevard County was one of 32 coastal counties and municipalities selected to receive a grant award for FY 2020-2021 to prepare for resiliency and comply with Sections 163.3178(2)(f)(1-3), F.S. The awarded grant project represents a collaborative effort between P&D and NRM, and will be accomplished through the contracted services of the East Central Florida Regional Planning Council (ECFRPC). Specifically, the ECFRPC will conduct a vulnerability analysis, engage the public, and develop strategies and draft policies to enhance resilience in Brevard County, which can then be incorporated into the Comprehensive Plan.

The FDEP grant awards were significantly delayed by COVID-19, resulting in months of time lost. ECFRPC states that they will be able to complete the work described in the MOA (presented in Item F.1) if they can start by in the first week of October 2020. The timeframe of the grant will allow adequate time at the conclusion of the project for revising and submitting Comprehensive Plan Amendment No. 2017-2.2 for the expedited state review process for adoption (Sections 163.3184(3) and (5), F.S.). The grant requires no matching funds and requires no additional demands on county resources beyond what is mandated by the Peril of Flood statute.

Any and all Comprehensive Plan amendments developed under this MOA are subject to Brevard County Attorney's Office review and approval. The Board has final authority to approve or deny the submittal to DEO of any and all amendments for Adoption.

FDEP Grant Contract

The FDEP Standard Grant Agreement is attached. Staff sought three clarifications from FDEP, and requested one contract modification.

- Grant Attachment 1, Acceptance of Deliverables, No. 6:
 - a. *Acceptance Process. All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.*

Staff requested that FDEP modify the last sentence to read: "If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed ~~rejected~~ accepted." FDEP Attorneys responded that this is their standard contract language, and would not modify as requested.

The FDEP Office of Resilience and Coastal Protection, Contracts & Grants Manager, committed verbally to staff that there would be rapid attention to deliverables.

This language could result in a deliverable being rejected without cause. The County may then be responsible for the \$70,000 cost for ECFRPC's work. In the unlikely event that this should occur, NRM has \$70,000 in previously approved funds available from FY18-19 balance forward. Since the grant does not create any additional costs beyond analyses that are required by statute, accepting the grant does not increase County costs, even in the unlikely event that the deliverables are rejected by FDEP.

- Grant Attachment 2, Cost Eligible for Reimbursement or Matching Requirements, No. 4:

Reimbursement for costs or availability for costs to meet matching requirements shall be limited to the following budget categories, as defined in the Reference Guide for State Expenditures, as indicated...

FDEP confirmed that Agreement #R2112 is a fixed price agreement, as stated in Attachment 2, No. 3; and No. 4 is not applicable because it pertains to reimbursable, not fixed price agreements.

- Grant Attachment 5, Audits, Part I, Federally Funded:

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330...

FDEP confirmed that there is no federal funding tied to this grant agreement.

- Grant Attachment 5, Audits, Part II, State Funded:

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes...

This means that any State funding received through this agreement should be included in the total of state financial assistance in a recipient's fiscal year. It is mandated by statutory law that an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes is required if total state financial assistance is equal to or in excess of \$750,000. This requirement is not specific to this grant, but applies to all state financial assistance. Brevard County already receives well over \$750,000 in state funding. Therefore, the acceptance of this \$70,000 will not trigger any new auditing requirements for the County.

Value of Proceeding with the Grant to Address the Peril of Flood Statutory Requirements

Per Section 163.3191 F.S., any local government that fails to submit proposed amendments necessary to reflect changes in state requirements within the established time frame may not amend its Comprehensive Plan until such time as it complies. While this would be an unfortunate situation, there are more compelling reasons to proceed. Planning for resilience to reduce flood risk in Brevard means our communities, infrastructure, and economy will be more able to recover from shocks and stressors, including storm events and rising surface waters.

Requested action

Staff requests that the Board authorize the County Manager to execute the attached contract with FDEP.

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
STANDARD TERMS AND CONDITIONS
APPLICABLE TO GRANT AGREEMENTS**

ATTACHMENT 1

1. Entire Agreement.

This Grant Agreement, including any Attachments and Exhibits referred to herein and/or attached hereto (Agreement), constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements, whether written or oral, with respect to such subject matter. Any terms and conditions included on Grantee's forms or invoices shall be null and void.

2. Grant Administration.

- a. Order of Precedence. If there are conflicting provisions among the documents that make up the Agreement, the order of precedence for interpretation of the Agreement is as follows:
 - i. Standard Grant Agreement
 - ii. Attachments other than Attachment 1, in numerical order as designated in the Standard Grant Agreement
 - iii. Attachment 1, Standard Terms and Conditions
 - iv. The Exhibits in the order designated in the Standard Grant Agreement
- b. All approvals, written or verbal, and other written communication among the parties, including all notices, shall be obtained by or sent to the parties' Grant Managers. All written communication shall be by electronic mail, U.S. Mail, a courier delivery service, or delivered in person. Notices shall be considered delivered when reflected by an electronic mail read receipt, a courier service delivery receipt, other mail service delivery receipt, or when receipt is acknowledged by recipient. If the notice is delivered in multiple ways, the notice will be considered delivered at the earliest delivery time.
- c. If a different Grant Manager is designated by either party after execution of this Agreement, notice of the name and contact information of the new Grant Manager will be submitted in writing to the other party and maintained in the respective parties' records. A change of Grant Manager does not require a formal amendment or change order to the Agreement.
- d. This Agreement may be amended, through a formal amendment or a change order, only by a written agreement between both parties. A formal amendment to this Agreement is required for changes which cause any of the following: (1) an increase or decrease in the Agreement funding amount; (2) a change in Grantee's match requirements; (3) a change in the expiration date of the Agreement; and/or (4) changes to the cumulative amount of funding transfers between approved budget categories, as defined in Attachment 3, Grant Work Plan, that exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by Department. A change order to this Agreement may be used when: (1) task timelines within the current authorized Agreement period change; (2) the cumulative transfer of funds between approved budget categories, as defined in Attachment 3, Grant Work Plan, are less than twenty percent (20%) of the total budget as last approved by Department; (3) changing initial funding source as stated in the Standard Grant Agreement; and/or (4) fund transfers between budget categories for the purposes of meeting match requirements. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.
- e. All days in this Agreement are calendar days unless otherwise specified.

3. Agreement Duration.

The term of the Agreement shall begin and end on the dates indicated in the Standard Grant Agreement, unless extended or terminated earlier in accordance with the applicable terms and conditions. The Grantee shall be eligible for reimbursement for work performed on or after the date of execution through the expiration date of this Agreement, unless otherwise specified in Attachment 2, Special Terms and Conditions. However, work performed prior to the execution of this Agreement may be reimbursable or used for match purposes if permitted by the Special Terms and Conditions.

4. Deliverables.

The Grantee agrees to render the services or other units of deliverables as set forth in Attachment 3, Grant Work Plan. The services or other units of deliverables shall be delivered in accordance with the schedule and at the pricing outlined in the Grant Work Plan. Deliverables may be comprised of activities that must be completed prior to Department making payment on that deliverable. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement and all attachments and exhibits incorporated by the Standard Grant Agreement.

5. Performance Measures.

The Grantee warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Grant Work Plan; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not knowingly infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees, subcontractors, and/or subgrantees shall comply with any security and safety requirements and processes, if provided by Department, for work done at the Project Location(s). The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by Grantee meet the Agreement requirements. Notwithstanding any provisions herein to the contrary, written acceptance of a particular deliverable does not foreclose Department's remedies in the event deficiencies in the deliverable cannot be readily measured at the time of delivery.

6. Acceptance of Deliverables.

- a. **Acceptance Process.** All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.
- b. **Rejection of Deliverables.** The Department reserves the right to reject deliverables, as outlined in the Grant Work Plan, as incomplete, inadequate, or unacceptable due, in whole or in part, to Grantee's lack of satisfactory performance under the terms of this Agreement. The Grantee's efforts to correct the rejected deliverables will be at Grantee's sole expense. Failure to fulfill the applicable technical requirements or complete all tasks or activities in accordance with the Grant Work Plan will result in rejection of the deliverable and the associated invoice. Payment for the rejected deliverable will not be issued unless the rejected deliverable is made acceptable to Department in accordance with the Agreement requirements. The Department, at its option, may allow additional time within which Grantee may remedy the objections noted by Department. The Grantee's failure to make adequate or acceptable deliverables after a reasonable opportunity to do so shall constitute an event of default.

7. Financial Consequences for Nonperformance.

- a. **Withholding Payment.** In addition to the specific consequences explained in the Grant Work Plan and/or Special Terms and Conditions, the State of Florida (State) reserves the right to withhold payment when the Grantee has failed to perform/comply with provisions of this Agreement. None of the financial consequences for nonperformance in this Agreement as more fully described in the Grant Work Plan shall be considered penalties.
- b. **Corrective Action Plan.** If Grantee fails to correct all the deficiencies in a rejected deliverable within the specified timeframe, Department may, in its sole discretion, request that a proposed Corrective Action Plan (CAP) be submitted by Grantee to Department. The Department requests that Grantee specify the outstanding deficiencies in the CAP. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.
 - i. The Grantee shall submit a CAP within ten (10) days of the date of the written request from Department. The CAP shall be sent to the Department's Grant Manager for review and approval. Within ten (10) days of receipt of a CAP, Department shall notify Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, Grantee shall have ten (10) days from receipt of Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain Department approval of a CAP as specified above may result in Department's termination of this Agreement for cause as authorized in this Agreement.
 - ii. Upon Department's notice of acceptance of a proposed CAP, Grantee shall have ten (10) days to commence implementation of the accepted plan. Acceptance of the proposed CAP by Department does not relieve Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by Department or steps taken by Grantee shall preclude Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to Department as requested by Department's Grant Manager.
 - iii. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by Department may result in termination of the Agreement.

8. Payment.

- a. Payment Process. Subject to the terms and conditions established by the Agreement, the pricing per deliverable established by the Grant Work Plan, and the billing procedures established by Department, Department agrees to pay Grantee for services rendered in accordance with Section 215.422, Florida Statutes (F.S.).
- b. Taxes. The Department is exempted from payment of State sales, use taxes and Federal excise taxes. The Grantee, however, shall not be exempted from paying any taxes that it is subject to, including State sales and use taxes, or for payment by Grantee to suppliers for taxes on materials used to fulfill its contractual obligations with Department. The Grantee shall not use Department's exemption number in securing such materials. The Grantee shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Agreement.
- c. Maximum Amount of Agreement. The maximum amount of compensation under this Agreement, without an amendment, is described in the Standard Grant Agreement. Any additional funds necessary for the completion of this Project are the responsibility of Grantee.
- d. Reimbursement for Costs. The Grantee shall be paid on a cost reimbursement basis for all eligible Project costs upon the completion, submittal, and approval of each deliverable identified in the Grant Work Plan. Reimbursement shall be requested on Exhibit C, Payment Request Summary Form. To be eligible for reimbursement, costs must be in compliance with laws, rules, and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address:
<https://www.myfloridacfo.com/Division/AA/Manuals/documents/ReferenceGuideforStateExpenditures.pdf>.
- e. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by Department pursuant to the Grant Work Plan shall be submitted to Department in sufficient detail for a proper pre-audit and post-audit to be performed. The Grantee shall only invoice Department for deliverables that are completed in accordance with the Grant Work Plan.
- f. Interim Payments. Interim payments may be made by Department, at its discretion, if the completion of deliverables to date have first been accepted in writing by Department's Grant Manager.
- g. Final Payment Request. A final payment request should be submitted to Department no later than sixty (60) days following the expiration date of the Agreement to ensure the availability of funds for payment. However, all work performed pursuant to the Grant Work Plan must be performed on or before the expiration date of the Agreement.
- h. Annual Appropriation Contingency. The State's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. This Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of Department if the Legislature reduces or eliminates appropriations.
- i. Interest Rates. All interest rates charged under the Agreement shall be calculated on the prevailing rate used by the State Board of Administration. To obtain the applicable interest rate, please refer to:
www.myfloridacfo.com/Division/AA/Vendors/default.htm.
- j. Refund of Payments to the Department. Any balance of unobligated funds that have been advanced or paid must be refunded to Department. Any funds paid in excess of the amount to which Grantee or subgrantee is entitled under the terms of the Agreement must be refunded to Department. If this Agreement is funded with federal funds and the Department is required to refund the federal government, the Grantee shall refund the Department its share of those funds.

9. Documentation Required for Cost Reimbursement Grant Agreements and Match.

If Cost Reimbursement or Match is authorized in Attachment 2, Special Terms and Conditions, the following conditions apply. Supporting documentation must be provided to substantiate cost reimbursement or match requirements for the following budget categories:

- a. Salary/Wages. Grantee shall list personnel involved, position classification, direct salary rates, and hours spent on the Project in accordance with Attachment 3, Grant Work Plan in their documentation for reimbursement or match requirements.
- b. Overhead/Indirect/General and Administrative Costs. If Grantee is being reimbursed for or claiming match for multipliers, all multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by Grantee exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate.

- c. **Contractual Costs (Subcontractors).** Match or reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the Project. All eligible multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate. Nonconsumable and/or nonexpendable personal property or equipment costing \$1,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in Chapters 273 and/or 274, F.S., and Chapter 69I-72, Florida Administrative Code (F.A.C.) and/or Chapter 69I-73, F.A.C., as applicable. The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.
 - i. For fixed-price (vendor) subcontracts, the following provisions shall apply: The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment 3, Grant Work Plan. Invoices submitted to Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (e.g., Invitation to Bid, Request for Proposals, or other similar competitive procurement document) resulting in the fixed-price subcontract. The Grantee may request approval from Department to award a fixed-price subcontract resulting from procurement methods other than those identified above. In this instance, Grantee shall request the advance written approval from Department's Grant Manager of the fixed price negotiated by Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of Department Grant Manager's approval of the fixed-price amount, Grantee may proceed in finalizing the fixed-price subcontract.
 - ii. If the procurement is subject to the Consultant's Competitive Negotiation Act under section 287.055, F.S. or the Brooks Act, Grantee must provide documentation clearly evidencing it has complied with the statutory or federal requirements.
- d. **Travel.** All requests for match or reimbursement of travel expenses shall be in accordance with Section 112.061, F.S.
- e. **Direct Purchase Equipment.** For the purposes of this Agreement, Equipment is defined as capital outlay costing \$1,000 or more. Match or reimbursement for Grantee's direct purchase of equipment is subject to specific approval of Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed Exhibit B, Property Reporting Form.
- f. **Rental/Lease of Equipment.** Match or reimbursement requests for rental/lease of equipment must include copies of invoices or receipts to document charges.
- g. **Miscellaneous/Other Expenses.** If miscellaneous or other expenses, such as materials, supplies, non-excluded phone expenses, reproduction, or mailing, are reimbursable or available for match or reimbursement under the terms of this Agreement, the documentation supporting these expenses must be itemized and include copies of receipts or invoices. Additionally, independent of Grantee's contract obligations to its subcontractor, Department shall not reimburse any of the following types of charges: cell phone usage; attorney's fees or court costs; civil or administrative penalties; or handling fees, such as set percent overages associated with purchasing supplies or equipment.
- h. **Land Acquisition.** Reimbursement for the costs associated with acquiring interest and/or rights to real property (including access rights through ingress/egress easements, leases, license agreements, or other site access agreements; and/or obtaining record title ownership of real property through purchase) must be supported by the following, as applicable: Copies of Property Appraisals, Environmental Site Assessments, Surveys and Legal Descriptions, Boundary Maps, Acreage Certification, Title Search Reports, Title Insurance, Closing Statements/Documents, Deeds, Leases, Easements, License Agreements, or other legal instrument documenting acquired property interest and/or rights. If land acquisition costs are used to meet match requirements, Grantee agrees that those funds shall not be used as match for any other Agreement supported by State or Federal funds.

10. Status Reports.

The Grantee shall submit status reports quarterly, unless otherwise specified in the Attachments, on Exhibit A, Progress Report Form, to Department's Grant Manager describing the work performed during the reporting period, problems encountered, problem resolutions, scheduled updates, and proposed work for the next reporting

period. Quarterly status reports are due no later than five (5) days following the completion of the quarterly reporting period. For the purposes of this reporting requirement, the quarterly reporting periods end on March 31, June 30, September 30 and December 31. The Department will review the required reports submitted by Grantee within thirty (30) days.

11. Retainage.

The following provisions apply if Department withholds retainage under this Agreement:

- a. The Department reserves the right to establish the amount and application of retainage on the work performed under this Agreement up to the maximum percentage described in Attachment 2, Special Terms and Conditions. Retainage may be withheld from each payment to Grantee pending satisfactory completion of work and approval of all deliverables.
- b. If Grantee fails to perform the requested work, or fails to perform the work in a satisfactory manner, Grantee shall forfeit its right to payment of the retainage associated with the work. Failure to perform includes, but is not limited to, failure to submit the required deliverables or failure to provide adequate documentation that the work was actually performed. The Department shall provide written notification to Grantee of the failure to perform that shall result in retainage forfeiture. If the Grantee does not correct the failure to perform within the timeframe stated in Department's notice, the retainage will be forfeited to Department.
- c. No retainage shall be released or paid for incomplete work while this Agreement is suspended.
- d. Except as otherwise provided above, Grantee shall be paid the retainage associated with the work, provided Grantee has completed the work and submits an invoice for retainage held in accordance with the invoicing procedures under this Agreement.

12. Insurance.

- a. Insurance Requirements for Sub-Grantees and/or Subcontractors. The Grantee shall require its sub-grantees and/or subcontractors, if any, to maintain insurance coverage of such types and with such terms and limits as described in this Agreement. The Grantee shall require all its sub-grantees and/or subcontractors, if any, to make compliance with the insurance requirements of this Agreement a condition of all contracts that are related to this Agreement. Sub-grantees and/or subcontractors must provide proof of insurance upon request.
- b. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Grantee providing such insurance.
- c. Proof of Insurance. Upon execution of this Agreement, Grantee shall provide Department documentation demonstrating the existence and amount for each type of applicable insurance coverage **prior to** performance of any work under this Agreement. Upon receipt of written request from Department, Grantee shall furnish Department with proof of applicable insurance coverage by standard form certificates of insurance, a self-insured authorization, or other certification of self-insurance.
- d. Duty to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, or if Grantee cannot get adequate coverage, Grantee shall immediately notify Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within ten (10) days after the cancellation of coverage.
- e. Insurance Trust. If the Grantee's insurance is provided through an insurance trust, the Grantee shall instead add the Department of Environmental Protection, its employees, and officers as an additional covered party everywhere the Agreement requires them to be added as an additional insured.

13. Termination.

- a. Termination for Convenience. When it is in the State's best interest, Department may, at its sole discretion, terminate the Agreement in whole or in part by giving 30 days' written notice to Grantee. The Department shall notify Grantee of the termination for convenience with instructions as to the effective date of termination or the specific stage of work at which the Agreement is to be terminated. The Grantee must submit all invoices for work to be paid under this Agreement within thirty (30) days of the effective date of termination. The Department shall not pay any invoices received after thirty (30) days of the effective date of termination.
- b. Termination for Cause. The Department may terminate this Agreement if any of the events of default described in the Events of Default provisions below occur or in the event that Grantee fails to fulfill any of its other obligations under this Agreement. If, after termination, it is determined that Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Department. The rights and remedies of Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.
- c. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination unless as otherwise directed by Department, Grantee shall not furnish any service or deliverable on the date, and

to the extent specified, in the notice. However, Grantee shall continue work on any portion of the Agreement not terminated. If the Agreement is terminated before performance is completed, Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated. The Grantee shall not be entitled to recover any cancellation charges or lost profits.

- d. Continuation of Prepaid Services. If Department has paid for any services prior to the expiration, cancellation, or termination of the Agreement, Grantee shall continue to provide Department with those services for which it has already been paid or, at Department's discretion, Grantee shall provide a refund for services that have been paid for but not rendered.
- e. Transition of Services Upon Termination, Expiration, or Cancellation of the Agreement. If services provided under the Agreement are being transitioned to another provider(s), Grantee shall assist in the smooth transition of Agreement services to the subsequent provider(s). This requirement is at a minimum an affirmative obligation to cooperate with the new provider(s), however additional requirements may be outlined in the Grant Work Plan. The Grantee shall not perform any services after Agreement expiration or termination, except as necessary to complete the transition or continued portion of the Agreement, if any.

14. Notice of Default.

If Grantee defaults in the performance of any covenant or obligation contained in the Agreement, including, any of the events of default, Department shall provide notice to Grantee and an opportunity to cure that is reasonable under the circumstances. This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Grantee fail to perform within the time provided, Grantee will be found in default, and Department may terminate the Agreement effective as of the date of receipt of the default notice.

15. Events of Default.

Provided such failure is not the fault of Department or outside the reasonable control of Grantee, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

- a. The commitment of any material breach of this Agreement by Grantee, including failure to timely deliver a material deliverable, failure to perform the minimal level of services required for a deliverable, discontinuance of the performance of the work, failure to resume work that has been discontinued within a reasonable time after notice to do so, or abandonment of the Agreement;
- b. The commitment of any material misrepresentation or omission in any materials, or discovery by the Department of such, made by the Grantee in this Agreement or in its application for funding;
- c. Failure to submit any of the reports required by this Agreement or having submitted any report with incorrect, incomplete, or insufficient information;
- d. Failure to honor any term of the Agreement;
- e. Failure to abide by any statutory, regulatory, or licensing requirement, including an entry of an order revoking the certificate of authority granted to the Grantee by a state or other licensing authority;
- f. Failure to pay any and all entities, individuals, and furnishing labor or materials, or failure to make payment to any other entities as required by this Agreement;
- g. Employment of an unauthorized alien in the performance of the work, in violation of Section 274 (A) of the Immigration and Nationality Act;
- h. Failure to maintain the insurance required by this Agreement;
- i. One or more of the following circumstances, uncorrected for more than thirty (30) days unless, within the specified 30-day period, Grantee (including its receiver or trustee in bankruptcy) provides to Department adequate assurances, reasonably acceptable to Department, of its continuing ability and willingness to fulfill its obligations under the Agreement:
 - i. Entry of an order for relief under Title 11 of the United States Code;
 - ii. The making by Grantee of a general assignment for the benefit of creditors;
 - iii. The appointment of a general receiver or trustee in bankruptcy of Grantee's business or property; and/or
 - iv. An action by Grantee under any state insolvency or similar law for the purpose of its bankruptcy, reorganization, or liquidation.

16. Suspension of Work.

The Department may, in its sole discretion, suspend any or all activities under the Agreement, at any time, when it is in the best interest of the State to do so. The Department shall provide Grantee written notice outlining the particulars of suspension. Examples of reasons for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, Grantee shall comply with the notice. Within 90 days, or any longer period agreed to by the parties, Department shall either: (1) issue a notice authorizing

resumption of work, at which time activity shall resume; or (2) terminate the Agreement. If the Agreement is terminated after 30 days of suspension, the notice of suspension shall be deemed to satisfy the thirty (30) days' notice required for a notice of termination for convenience. Suspension of work shall not entitle Grantee to any additional compensation.

17. Force Majeure.

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee. In case of any delay Grantee believes is excusable, Grantee shall notify Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first arose, if Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Grantee shall perform at no increased cost, unless Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to Department, in which case Department may: (1) accept allocated performance or deliveries from Grantee, provided that Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate Agreement in whole or in part.

18. Indemnification.

- a. The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description arising from or relating to:
 - i. personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Grantee, its agents, employees, partners, or subcontractors; provided, however, that Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of Department;
 - ii. the Grantee's breach of this Agreement or the negligent acts or omissions of Grantee.
- b. The Grantee's obligations under the preceding paragraph with respect to any legal action are contingent upon Department giving Grantee: (1) written notice of any action or threatened action; (2) the opportunity to take over and settle or defend any such action at Grantee's sole expense; and (3) assistance in defending the action at Grantee's sole expense. The Grantee shall not be liable for any cost, expense, or compromise incurred or made by Department in any legal action without Grantee's prior written consent, which shall not be unreasonably withheld.
- c. Notwithstanding sections a. and b. above, the following is the sole indemnification provision that applies to Grantees that are governmental entities: Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, F.S. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State to be sued by third parties in any matter arising out of any contract or this Agreement.
- d. No provision in this Agreement shall require Department to hold harmless or indemnify Grantee, insure or assume liability for Grantee's negligence, waive Department's sovereign immunity under the laws of Florida, or otherwise impose liability on Department for which it would not otherwise be responsible. Any provision, implication or suggestion to the contrary is null and void.

19. Limitation of Liability.

The Department's liability for any claim arising from this Agreement is limited to compensatory damages in an amount no greater than the sum of the unpaid balance of compensation due for goods or services rendered pursuant to and in compliance with the terms of the Agreement. Such liability is further limited to a cap of \$100,000.

Attachment 1

7 of 11

20. Remedies.

Nothing in this Agreement shall be construed to make Grantee liable for force majeure events. Nothing in this Agreement, including financial consequences for nonperformance, shall limit Department's right to pursue its remedies for other types of damages under the Agreement, at law or in equity. The Department may, in addition to other remedies available to it, at law or in equity and upon notice to Grantee, retain such monies from amounts due Grantee as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against it.

21. Waiver.

The delay or failure by Department to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of Department's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

22. Statutory Notices Relating to Unauthorized Employment and Subcontracts.

- a. The Department shall consider the employment by any Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If Grantee/subcontractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement. The Grantee shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Agreement.
- b. Pursuant to Sections 287.133 and 287.134, F.S., the following restrictions apply to persons placed on the convicted vendor list or the discriminatory vendor list:
 - i. **Public Entity Crime.** A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list.
 - ii. **Discriminatory Vendors.** An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.
 - iii. **Notification.** The Grantee shall notify Department if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list or the discriminatory vendor list during the life of the Agreement. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and posts the list on its website. Questions regarding the discriminatory vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

23. Compliance with Federal, State and Local Laws.

- a. The Grantee and all its agents shall comply with all federal, state and local regulations, including, but not limited to, nondiscrimination, wages, social security, workers' compensation, licenses, and registration requirements. The Grantee shall include this provision in all subcontracts issued as a result of this Agreement.
- b. No person, on the grounds of race, creed, color, religion, national origin, age, gender, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.
- c. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida.
- d. Any dispute concerning performance of the Agreement shall be processed as described herein. Jurisdiction for any damages arising under the terms of the Agreement will be in the courts of the State, and venue will be in the Second Judicial Circuit, in and for Leon County. Except as otherwise provided by law, the parties agree to be responsible for their own attorney fees incurred in connection with disputes arising under the terms of this Agreement.

24. Scrutinized Companies.

- a. Grantee certifies that it is not on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole

- option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.
- b. If this Agreement is for more than one million dollars, the Grantee certifies that it is also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.
 - c. As provided in Subsection 287.135(8), F.S., if federal law ceases to authorize these contracting prohibitions then they shall become inoperative.

25. Lobbying and Integrity.

The Grantee agrees that no funds received by it under this Agreement will be expended for the purpose of lobbying the Legislature or a State agency pursuant to Section 216.347, F.S., except that pursuant to the requirements of Section 287.058(6), F.S., during the term of any executed agreement between Grantee and the State, Grantee may lobby the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding that agreement. The Grantee shall comply with Sections 11.062 and 216.347, F.S.

26. Record Keeping.

The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with United States generally accepted accounting principles (US GAAP) consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following the completion date or termination of the Agreement. In the event that any work is subcontracted, Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes. Upon request of Department's Inspector General, or other authorized State official, Grantee shall provide any type of information the Inspector General deems relevant to Grantee's integrity or responsibility. Such information may include, but shall not be limited to, Grantee's business or financial records, documents, or files of any type or form that refer to or relate to Agreement. The Grantee shall retain such records for the longer of: (1) three years after the expiration of the Agreement; or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at:

<http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>).

27. Audits.

- a. Inspector General. The Grantee understands its duty, pursuant to Section 20.055(5), F.S., to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing. The Grantee will comply with this duty and ensure that its sub-grantees and/or subcontractors issued under this Agreement, if any, impose this requirement, in writing, on its sub-grantees and/or subcontractors, respectively.
- b. Physical Access and Inspection. Department personnel shall be given access to and may observe and inspect work being performed under this Agreement, with reasonable notice and during normal business hours, including by any of the following methods:
 - i. Grantee shall provide access to any location or facility on which Grantee is performing work, or storing or staging equipment, materials or documents;
 - ii. Grantee shall permit inspection of any facility, equipment, practices, or operations required in performance of any work pursuant to this Agreement; and,
 - iii. Grantee shall allow and facilitate sampling and monitoring of any substances, soils, materials or parameters at any location reasonable or necessary to assure compliance with any work or legal requirements pursuant to this Agreement.
- c. Special Audit Requirements. The Grantee shall comply with the applicable provisions contained in Attachment 5, Special Audit Requirements. Each amendment that authorizes a funding increase or decrease shall include an updated copy of Exhibit 1, to Attachment 5. If Department fails to provide an updated copy of Exhibit 1 to include in each amendment that authorizes a funding increase or decrease, Grantee shall request one from the Department's Grants Manager. The Grantee shall consider the type of financial assistance (federal and/or state) identified in Attachment 5, Exhibit 1 and determine whether the terms of Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. For federal financial assistance, Grantee shall utilize the guidance provided under 2 CFR §200.330 for determining whether the relationship represents that of a subrecipient or vendor. For State financial assistance, Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs Vendor Determination" (form

number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website: <https://apps.fldfs.com/fsaa>.

- d. **Proof of Transactions.** In addition to documentation provided to support cost reimbursement as described herein, Department may periodically request additional proof of a transaction to evaluate the appropriateness of costs to the Agreement pursuant to State guidelines (including cost allocation guidelines) and federal, if applicable. Allowable costs and uniform administrative requirements for federal programs can be found under 2 CFR 200. The Department may also request a cost allocation plan in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). The Grantee must provide the additional proof within thirty (30) days of such request.
- e. **No Commingling of Funds.** The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
 - i. If Department finds that these funds have been commingled, Department shall have the right to demand a refund, either in whole or in part, of the funds provided to Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from Department shall refund, and shall forthwith pay to Department, the amount of money demanded by Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from Department by Grantee to the date repayment is made by Grantee to Department.
 - ii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by Department, from another source(s), Grantee shall reimburse Department for all recovered funds originally provided under this Agreement and interest shall be charged for those recovered costs as calculated on from the date(s) the payment(s) are recovered by Grantee to the date repayment is made to Department.
 - iii. Notwithstanding the requirements of this section, the above restrictions on commingling funds do not apply to agreements where payments are made purely on a cost reimbursement basis.

28. Conflict of Interest.

The Grantee covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

29. Independent Contractor.

The Grantee is an independent contractor and is not an employee or agent of Department.

30. Subcontracting.

- a. Unless otherwise specified in the Special Terms and Conditions, all services contracted for are to be performed solely by Grantee.
- b. The Department may, for cause, require the replacement of any Grantee employee, subcontractor, or agent. For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.
- c. The Department may, for cause, deny access to Department's secure information or any facility by any Grantee employee, subcontractor, or agent.
- d. The Department's actions under paragraphs b. or c. shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Grantee shall be responsible for the payment of all monies due under any subcontract. The Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract and Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under any subcontract.
- e. The Department will not deny Grantee's employees, subcontractors, or agents access to meetings within the Department's facilities, unless the basis of Department's denial is safety or security considerations.
- f. The Department supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State. A list of minority-owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.
- g. The Grantee shall not be liable for any excess costs for a failure to perform, if the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both

Attachment 1

Grantee and the subcontractor(s), and without the fault or negligence of either, unless the subcontracted products or services were obtainable from other sources in sufficient time for Grantee to meet the required delivery schedule.

31. Guarantee of Parent Company.

If Grantee is a subsidiary of another corporation or other business entity, Grantee asserts that its parent company will guarantee all of the obligations of Grantee for purposes of fulfilling the obligations of Agreement. In the event Grantee is sold during the period the Agreement is in effect, Grantee agrees that it will be a requirement of sale that the new parent company guarantee all of the obligations of Grantee.

32. Survival.

The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of this Agreement, including without limitation, the obligations regarding confidentiality, proprietary interests, and public records, shall survive termination, cancellation, or expiration of this Agreement.

33. Third Parties.

The Department shall not be deemed to assume any liability for the acts, failures to act or negligence of Grantee, its agents, servants, and employees, nor shall Grantee disclaim its own negligence to Department or any third party. This Agreement does not and is not intended to confer any rights or remedies upon any person other than the parties. If Department consents to a subcontract, Grantee will specifically disclose that this Agreement does not create any third-party rights. Further, no third parties shall rely upon any of the rights and obligations created under this Agreement.

34. Severability.

If a court of competent jurisdiction deems any term or condition herein void or unenforceable, the other provisions are severable to that void provision, and shall remain in full force and effect.

35. Grantee's Employees, Subcontractors and Agents.

All Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under Agreement must comply with all security and administrative requirements of Department and shall comply with all controlling laws and regulations relevant to the services they are providing under the Agreement.

36. Assignment.

The Grantee shall not sell, assign, or transfer any of its rights, duties, or obligations under the Agreement, or under any purchase order issued pursuant to the Agreement, without the prior written consent of Department. In the event of any assignment, Grantee remains secondarily liable for performance of the Agreement, unless Department expressly waives such secondary liability. The Department may assign the Agreement with prior written notice to Grantee of its intent to do so.

37. Execution in Counterparts and Authority to Sign.

II. WORK PLAN

- 9. PROJECT SUMMARY:** This project is aimed at preparing Brevard County for resiliency through a robust process to include conducting a vulnerability analysis, engaging the public, and developing strategies and draft policies to enhance resilience which can then be implemented into the comprehensive plan. Project findings will aid in the preparation of comprehensive plan amendments as part of the County's current Evaluation and Appraisal Report update that will guide the decision-making process for future development, infrastructure projects and actions to support local economic growth and community resilience. Brevard County will partner with East Central Florida Regional Planning Council to achieve these goals.
- 10. PROJECT DESCRIPTION:** Climate change concerns have heightened the need to protect coastal communities against flooding and property loss resulting from increased severity of storm events and projected sea level rise. Coastal areas are especially vulnerable to the impacts of climate change as they are likely to experience increased flooding and storm surge due to extreme weather events, including tropical storms and rain-induced flooding. Additionally, projected sea level rise will subject beaches and coastal properties throughout the world to increased storm surge and erosion, while naturally protective coastal wetlands retreat landward. These issues, in combination with the continued rise in human population density in the coastal zone, highlight the necessity of significant planning and preparation to protect coastal communities from the effects of climate change, natural hazards and disasters.

Brevard County, a coastal community of nearly 600,000 people, is not unfamiliar to the tropical storm-related erosion and flooding challenges associated with coastal living. Bordered to the west by the Saint Johns River and to the east by the Atlantic Ocean, Brevard County extends 72 miles along Florida's eastern peninsula. Brevard County is also a majority stakeholder in the Indian River Lagoon (IRL), an estuary of national significance, containing over 70% of the IRL's area and nearly half its length. With hundreds of miles of beach, estuarine, and riverine shoreline, Brevard County faces increased risk to critical facilities, community assets, local/regional economics and the health/welfare of its residents as flooding and surge impacts become more common.

To prepare for the projected effects of climate change, it is imperative for local governments to take a comprehensive look at their vulnerabilities across multiple hazards, develop strategies to mitigate, adapt or retreat from impacts, and implement policies to guide decision-making process for future development, infrastructure projects and programs to assist economic growth and resilience. This project will prepare Brevard County for resilience by identifying the social, economic and functional vulnerabilities posed by natural hazards such as storm surge, flooding, projected sea level rise and shallow coastal flooding. The vulnerability assessment will provide a more comprehensive look than previously assessed through the Space Coast Transportation Organization's assessment of impacts on transportation infrastructure. This assessment will examine Brevard County's facilities, socio-demographics and land-uses that may be impacted by these hazards as well as new surge areas (using a tool developed by Tampa Bay Regional Planning Council for the ECFRPC and funded by FDEP) anticipated as a result from sea level rise. Community engagement during the project will help to identify additional concerns and facilitate discussion concerning future development and potential mitigation strategies. Policies drafted as a result of the outcomes of this project will aim to improve Brevard County's resilience to disasters consist with the intent of section 163.3178 of the Florida Statutes. The project will also work to align the Brevard County Comprehensive Plan with the recently completed Indian River Lagoon's Action Plan for Adaptation Planning and Risk-Based Vulnerability assessment to ensure allowance of implementation of identified strategies. Finally, the information derived from this process will be provided to the various municipalities and departments in the County including emergency preparedness, planning and development, utilities, natural resources, public works, solid waste, mosquito control and others to further incorporate strategies and principles into additional plans and processes.

11. PROJECT NEED AND BENEFIT:

- A. Explain the demonstrated need, which the project addresses.** Predicted increased occurrence, duration and intensity of storms and flooding associated with sea level rise threatens to impact vital infrastructure and resources in Brevard County. Frequent and prolonged flooding can result in malfunctioning drainage systems, insufficient stormwater storage, loss of access to facilities and economic losses to properties in the community and region (Council E. C., Space Coast Transportation Planning Organization Vulnerability Assessment, 2018).

To support collective efforts to make the region and state more resilient, Brevard County joined the East Central Florida Regional Resilience Collaborative in September 2019, as one of the counties in the East Central Florida region committed to implementing resilience measures as guiding principles for the future. As Brevard County is in the process of revising elements of its Comprehensive Plan, this proposed project provides a much-needed opportunity to broadly examine its vulnerabilities across hazards, develop strategies to reduce losses from flooding, and implement policies to guide decision-making processes for future development and redevelopment in Brevard County. This project will enable Brevard County to identify and incorporate sustainable solutions for the potential impacts from four natural hazards (i.e., storm surge, flooding, sea level rise and shallow coastal flooding) into guiding principles. By working with departments across the County to develop strategies and draft policies, outcomes of this project will increase resilience of the County's built and natural environment, economy, health and equity. A resilient Brevard County will not only benefit its current and future generations, but will also ultimately contribute to a stronger, more resilient region and state.

- B. Explain how the proposed project meets the purpose of one or more of the Goals and Priorities for FRCP.** This project meets the purpose of FRCP Priority 1: Coastal communities with a Coastal Management Element in their comprehensive plan can receive assistance in gaining compliance with the 2015 "Peril of Flood" requirements of Section 163.3178(2)(f) F.S.

Brevard County is currently in the process of revising its proposed Comprehensive Plan Amendment (DEO No. 17-3ER) to incorporate enhanced policies within the Coastal Management Element and Conservation Element to improve the County's resilience to flood hazards and disaster. The proposed project will enable Brevard County to formulate development and redevelopment principles, strategies and engineering solutions that address the "Peril of Flood" requirements in Section 163.3178(2)(f), Florida Statutes (implemented through the Brevard County Comprehensive Plan). Project goals will be accomplished through a robust process that includes a comprehensive vulnerability assessment, public engagement and draft policy development.

- C. Discuss how the project is feasible and can be completed by the grant period deadline.** Brevard County will contract with the East Central Florida Regional Planning Council (ECFRPC) who has expert staff familiar with the Peril of Flood requirements needed to address Section 163.3178 (2)(f) of the Florida Statutes. ECFRPC is experienced in resilience planning, having conducted vulnerability assessments for several municipalities in Brevard County since 2015 including the cities of Cape Canaveral, Cocoa, Melbourne Beach, Rockledge, Satellite Beach, and Titusville, as well as the Space Coast Transportation Planning Organization. ECFRPC staff possess the relevant knowledge and essential skills to complete the proposed project during the grant timeframe. The project team will also include Thomas Ruppert of Florida Sea Grant to provide technical legal expertise in the development of policies and strategies for the comprehensive plan. Finally, Randall Parkinson of RWParkinson, Inc. will assist in the development of strategies to ensure compatibility of the recently completed Indian River Lagoon's Action Plan for Adaptation Planning and Risk-Based Vulnerability assessment in which he was the primary contractor. Two main tasks will be completed by ECFRPC during this project: 1) Conduct a Vulnerability Assessment for Brevard County, and 2) Strategy and Policy

Development to satisfy the “Peril of Flood” requirements referenced above. Task 1 will begin upon project execution and finish on or prior to February 15, 2021. Task 2 will begin before completion of Task 1 and finish on or prior to April 30, 2021.

D. Explain how this project is addressing social vulnerability or vulnerability of historic resources or stormwater management systems. This project will identify the social, economic and functional vulnerabilities posed to the unincorporated areas of the County from hazards such as storm surge, flooding, projected sea level rise and shallow coastal flooding, as well as the combined impacts of projected sea level rise and storm surge. Historical resources and stormwater infrastructure, as available in GIS, will be assessed for vulnerabilities to these hazards. Using existing modeling such as Risk Finder and Mysidewalks, a socio-economic assessment will be conducted to determine demographics of highly vulnerable areas and populations. In addition, community engagement through an online community survey and public meetings will help to identify additional vulnerabilities and facilitate discussion concerning future development and potential strategies for mitigating vulnerabilities within the County. Draft policies developed as a result of the outcomes of this project will aim to improve Brevard County’s resilience to disasters and facilitate rapid post-disaster social and economic recovery actions.

12. DESCRIPTION OF PROJECT OUTCOMES: The over-arching goal of this project is to identify coastal vulnerabilities specific to the unincorporated areas of Brevard County, provide recommendations, and develop policies to minimize and mitigate the effects of flooding, sea level rise and storm surge. The outputs of Task 1 (including data, maps and report) that identify at-risk areas, facilities and resources will help Brevard County formulate strategies, best management practices, and engineering solutions aimed to increase resilience to flood hazard. Especially high-risk areas and areas with significant resources subject to flood hazard that may be identified during Task 1 will be further evaluated by Brevard County for consideration as Adaption Action Areas. Development and redevelopment principles produced through the completion of Task 2 will guide policy development to improve the County’s perseverance following disaster and will assist economic growth and business resilience. The ultimate outcome of the project will be enhanced community resilience through the integration of policies into the Coastal Management Element of Brevard County’s Comprehensive Plan that comply with “Peril of Flood” statute (Section 163.3178(2)(f) F.S.).

13. BUDGET SUMMARY: Allowable budget categories and form of payment with the costs for this project are listed in the table below.

III. TASKS & DELIVERABLES

Task #1

A. Title: Vulnerability Assessment

B. Goal: 1) identify the current and historic areas within Brevard County that are at-risk to flooding, storm surge and coastal inundation; 2) identify areas vulnerable to projected sea-level rise and anticipated new surge areas; and 3) identify assets of concern in the community. These goals will be achieved by conducting a vulnerability assessment and engaging the community through a public survey and public meetings to identify areas, facilities, and resources at risk to flood hazard within the County.

C. Description: Task 1 will analyze Brevard County's social, economic and functional vulnerability to current and future flooding resulting from high-tide events, storm surge, flash floods, stormwater runoff, and the related impacts of projected sea level rise. For this project, Task 1 will build on a previous vulnerability assessment completed for the Space Coast Transportation Planning Organization (TPO) in 2018 by the East Central Florida Regional Planning Council (ECFRPC) that focused specifically on assets that contribute to transportation functionality within Brevard County. Cross-departmental collaboration during this project will augment the TPO study, adding appropriate data (e.g., floodplain data, areas of known nuisance flooding, recent drainage studies) and additional analyses where gaps are identified to best evaluate all areas, facilities and resources within unincorporated Brevard County. To maintain regional consistency, this project will utilize the East Central Florida Regional Resilience Action Plan's recommended approach to planning for sea level rise. Future sea level rise inundation impacts will be assessed at baseline planning horizons (2040, 2070 and 2100) utilizing U.S. Army Corps of Engineers (USACE) and National Oceanographic Atmospheric administration (NOAA) projection rate curves.

Community engagement during Task 1 will include conducting an interactive online public survey and presentation of findings at public meetings. The goal of the public survey is to assess community values regarding assets of concern in Brevard County that may be affected by flooding or projected sea level rise and potential strategies to mitigate such hazards. ECFRPC will present the results of the public survey along with findings of the vulnerability assessment at a minimum of two public meetings in Brevard County to gather additional information and comments.

Deliverables will include two written reports - a Vulnerability Analysis Report and a Public Engagement Report. The Vulnerability Analysis Report will incorporate the data and analyses produced by the vulnerability assessment, provide narrative descriptions and include maps showing at least two sea level rise scenarios in conjunction with current flooding events during high tide, storm

surge, flash floods, and stormwater runoff, as appropriate. The Public Engagement Report will summarize results of the interactive online public survey and also include sign in sheets from at least two public meetings, summaries of public comments and copies of any materials presented.

D. Deliverable(s): The Grantee will submit all deliverables for each task via **one pdf document** to the Department's Grant Manager on or before the Task/Deliverable Due Date listed in the Project Timeline.

- 1) Vulnerability Analysis Report
- 2) Public Engagement Report including:
 - a. Copies of announcements/advertisements of public workshops/meetings
 - b. Agendas and sign-in sheets from each workshop/meeting, indicating location, date, and time of workshop/meeting
- 3) Presentation(s) from each workshop/meeting
- 4) Brief summary report from each workshop/meeting including attendee input and workshop/meeting outcomes
- 5) Any materials created at each workshop/meeting (as applicable)
 - a. Results from online survey

Task #2

A. Title: Strategy and Policy Development

B. Goal: Develop strategies, principles, and engineering solutions to minimize impacts to facilities and resources identified during Task 1 as at-risk to flood hazard. Outputs will be integrated into draft policies that enhance resilience in Brevard County and can be implemented through comprehensive plan amendments compliant with 163.3178(2)(f) F.S. (Peril of Flood).

C. Description: Task 2 will focus on developing strategies and engineering solutions to minimize impacts of flood hazard to facilities and resources and improve community's resilience to disasters. Based on community values and Brevard County's capacity to act, including available and projected fiscal resources, draft policies that guide the decision-making process for future development, infrastructure projects and programs to assist local economic growth and community resilience will be developed for implementation in the comprehensive plan.

Specifically, draft proposed comprehensive plan amendments in strike-through and underline format will be produced through cross-departmental collaboration based on the information and data obtained through the vulnerability assessment and public engagement. The development of the amendments will also be based on strategies and input from RW Parkinson, Inc. to ensure compatibility with the actions and recommendations in the Indian River Lagoon Action Plan. Legal expertise from Florida Sea Grant will also be utilized to provide input from other locales, legal interpretations, guidance and other relevant input. Proposed amendments will include a minimum of four (4) examples each of strategies, principles, and related engineering solutions that reduce flood risk in coastal areas of Brevard County, and a minimum of four (4) site development techniques that may reduce losses to the local government and property owners due to coastal flooding.

Additionally, Draft policies and proposed comprehensive plan amendments resulting from findings of this project will be developed in coordination with Community Planning and Growth staff at the Florida Department of Economic Opportunity (DEO) to ensure consistency with Peril of Flood requirements needed to address Section 163.3178 (2)(f) 1., 2., and 3. of the Florida Statutes.

D. Deliverable(s): The Grantee will submit all deliverables for each task via **one pdf document** to the Department's Grant Manager on or before the Task/Deliverable Due Date listed in the Project Timeline.

- 1) Draft proposed comprehensive plan amendments in strike-through and underline format in electronic (pdf) format including a minimum of four (4) examples each of strategies, principles, and related engineering solutions that reduce flood risk in coastal areas of Brevard County, and a minimum of four (4) site development techniques that may reduce losses to the local government and property owners due to coastal flooding.
