Subject:

Legislative Intent and Permission to Advertise RE: Code Revisions to Pipe Materials (Polypropylene Pipe)

Fiscal Impact:

None

Dept/Office:

Public Works

Requested Action:

Staff requests that the Board Grant legislative intent and permission to advertise an amendment to Article X, Environmental Protection And Conservation, Division 6. - Stormwater Management Criteria, Sec. 62-3756, Exhibit A Subsection 4.6(d) relating to Pipe Materials.

Summary Explanation and Background:

In 2014, polypropylene pipe passed the needed testing to be accepted for 100-year side drain, cross drain and storm sewer applications for use by the Florida Department of Transportation. Staff at the request of Advanced Drainage Systems, Inc. have reviewed the current material requirements and observed how these pipes have performed since 2014. The current code restricts pipe materials within the County Right of Way to reinforced concrete pipe or PVC meeting DOT approval. The proposed code change would allow polypropylene pipe as an additional pipe material option within the County Right of Way.

Brevard County Environmental Protection and Conservation Code Section 62-3756 needs to be updated to reflect these changes to allow for FDOT polypropylene pipe to be used in the County Right of Way.

RE: Item F.8., Legislative Intent and Permission to Advertise Code Revisions to Pipe Materials (Polypropylene Pipe)

The Board of County Commissioners, in regular session on August 23, 2023, granted legislative intent and permission to advertise an amendment to Article X, Environmental Protection and Conservation, Division 6 – Stormwater Management Criteria, Section 62-3756, Exhibit A, Subsection 4.6(d) relating to Pipe Materials.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

Kimberly Powell
