Item No.	II.C.2

**AGENDA REPORT**  
**BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS**

<b>SUBJECT:</b>	Permission to issue a Request for Qualification (RFQ) and negotiate a competitive agreement for architectural/engineering/design services for a replacement Emergency Operations Center.
<b>DEPT/OFFICE:</b>	Central Services/Purchasing & Emergency Management

**Requested Action:**

It is requested that the Board of County Commissioners grant Central Services/Purchasing and Emergency Management approval to:

1. Solicit competitive RFQ's for architectural/engineering/design services for a replacement Emergency Operations Center.
2. Establish a selection/negotiation committee of the Solid Waste director, Facilities Construction Manager, and Emergency Management director, or their designees, and award the contract to the best-ranked proposer.

It is also requested that the Board authorize the County Manager or designee to:

- a) Execute contracts, subject to approval by the County Attorney's Office & Risk Management.
- b) Execute necessary documents and all contract documents related to this project as needed, subject to approval by the County Attorney's Office, on behalf of the Board of County Commissioners.
- c) Authorize any associated budgetary changes.

**Summary Explanation & Background:**

**HISTORY & CURRENT SITUATION:** The Brevard County EOC is also the most frequently activated in the State of Florida, and one of the most frequently activated in the U.S., due to the number of space launches and launch attempts. While Brevard has the storm surge, flooding, and wildfire threats that most counties in Florida face, it is also home to the second-busiest cruise terminal in the world, multiple military facilities, and a robust defense-industrial base. Brevard is also susceptible to a nuclear power plant incident, as parts of the county are within the 50-mile ingestion pathway for the St Lucie Nuclear Power Plant. Brevard has had 27 federally declared disasters in the past 50 years, ranking it 78th in the nation, or in the top 3% of counties. At the same time, our emergency operations center is woefully inadequate. The EOC is over 50 years old, and undersized, with variety of facility issues - some caused by age, some by size, and some because today's technology was not contemplated in the 60s.

\$1.5 million in State funding for EOC architectural and engineering design has been appropriated by the State Legislature, with the Scope of Work for a reimbursement contract expected this month. As the funding is part of the State's annual budget, the expenditure(s) and subsequent reimbursement request(s) must take place within the State's 2017-18 fiscal year.

It is requested that the Central Services/Purchasing and Emergency Management departments be authorized to solicit competitive RFQ's for architectural/engineering/design services, and to establish a selection/negotiation committee to award this contract to the best-ranked proposer; and that the County Manager or designee be permitted to execute the contract and sign related documents as needed, in order to keep the project on track and on budget. Acquisition of professional services will be solicited in accordance with Policy BCC-27 and Florida Statutes 287.055, "Consultants' Competitive Negotiation Act".

**COST/BENEFIT ANALYSIS:** Funding for architectural/engineering/design services is being provided by the State of Florida.

**FISCAL IMPACT:** There will be no impact to the General Fund.

**RE:** Item II.C.2., Permission to Issue Request for Qualification (RFQ) and Negotiate a Competitive Agreement for Architectural/Engineering/Design Services for a Replacement Emergency Operations Center (EOC)

The Board of County Commissioners, in regular session on July 11, 2017, granted permission for Central Services, Purchasing, and Emergency Management to solicit for an RFQ and negotiate a competitive agreement for architectural, engineering, and design services for a replacement EOC; authorized establishing a selection committee consisting of Solid Waste Director, Facilities Construction Manager, and Emergency Management Director, or their designee, and to award the contract to the best ranked proposer; and authorized the County Manager or his designee to execute contracts, subject to approval by the County Attorney's Office and Risk Management, execute necessary documents and all contract documents related to the project as needed, subject to approval by the County Attorney's Office and Risk Management, and authorize any associated budgetary changes.

I am hoping you can help me to locate a "Tammy Gram" for a grant the EOC received for the architectural work on the new EOC building. Rita signed the Grant on 12/1/17, it was for \$1,500,000. The grant contract number is 18SR-A7-06-15-01-285. I am not sure what other information would help in locating it. If this would not be you, if you could direct me to who might be able to assist me, it would be appreciated.

(6) SCOPE OF WORK

The Recipient shall perform the work in accordance with the Budget and Scope of Work, Attachment A of this Agreement.

(7) PERIOD OF AGREEMENT

This Agreement shall begin upon execution by both parties and shall end on **June 30, 2018**, unless terminated earlier in accordance with the provisions of Paragraph (16) TERMINATION. In accordance with Section 215.971(1)(d), Florida Statutes, the Recipient may expend funds authorized by this Agreement "only for allowable costs resulting from obligations incurred during" the period of agreement.

(8) FUNDING

- a. This is a cost-reimbursement Agreement, subject to the availability of funds.
- b. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature, and subject to any modification in accordance with either Chapter 216, Florida Statutes, or the Florida Constitution.
- c. The Division will reimburse the Recipient only for allowable costs incurred by the Recipient in the successful completion of each deliverable. The maximum reimbursement amount for each deliverable is outlined in Attachment A of this Agreement ("Budget and Scope of Work"). The maximum reimbursement amount for the entirety of this Agreement is **\$1,500,000.00**.
- d. The Division will review any request for reimbursement by comparing the documentation provided by the Recipient against a performance measure, outlined in Attachment A, which clearly delineates:
  - i. The required minimum acceptable level of service to be performed; and,
  - ii. The criteria for evaluating the successful completion of each deliverable.
- e. The Division's Grant Manager, as required by Section 215.971(2)(c), Florida Statutes, shall reconcile and verify all funds received against all funds expended during the period of agreement and produce a final reconciliation report. The final report must identify any funds paid in excess of the expenditures incurred by the Recipient.
- f. For the purposes of this Agreement, the term "improper payment" means or includes:
  - i. Any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and,
  - ii. Any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

g. As required by the Reference Guide for State Expenditures, reimbursement for travel must be in accordance with section 112.061, Florida Statutes, which includes submission of the claim on the approved state travel voucher.

(9) **RECORDS**

a. As a condition of receiving state financial assistance, and as required by sections 20.055(6)(c) and 215.97(5)(b), Florida Statutes, the Division, the Chief Inspector General of the State of Florida, the Florida Auditor General, or any of their authorized representatives, shall enjoy the right of access to any documents, financial statements, papers, or other records of the Recipient which are pertinent to this Agreement, in order to make audits, examinations, excerpts, and transcripts. The right of access also includes timely and reasonable access to the Recipient's personnel for the purpose of interview and discussion related to such documents. For the purposes of this section, the term "Recipient" includes employees or agents, including all subcontractors or consultants to be paid from funds provided under this Agreement.

b. The Recipient shall maintain all records related to this Agreement for the period of time specified in the appropriate retention schedule published by the Florida Department of State. Information regarding retention schedules can be obtained at: <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>.

c. Florida's Government in the Sunshine Law (Section 286.011, Florida Statutes) provides the citizens of Florida with a right of access to governmental proceedings and mandates three, basic requirements: (1) all meetings of public boards or commissions must be open to the public; (2) reasonable notice of such meetings must be given; and, (3) minutes of the meetings must be taken and promptly recorded. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the open government requirements. However, the Government in the Sunshine Law applies to private entities that provide services to governmental agencies and that act on behalf of those agencies in the agencies' performance of their public duties. If a public agency delegates the performance of its public purpose to a private entity, then, to the extent that private entity is performing that public purpose, the Government in the Sunshine Law applies. For example, if a volunteer fire department provides firefighting services to a governmental entity and uses facilities and equipment purchased with public funds, then the Government in the Sunshine Law applies to board of directors for that volunteer fire department. Thus, to the extent that the Government in the Sunshine Law applies to the Recipient based upon the funds provided under this Agreement, the meetings of the Recipient's governing board or the meetings of any subcommittee making recommendations to the governing board may be subject to open government requirements. These meetings shall be publicly noticed, open to the public, and the minutes of all the meetings shall be public records, available to the public in accordance with Chapter 119, Florida Statutes.

d. Florida's Public Records Law provides a right of access to the records of the state and local governments as well as to private entities acting on their behalf. Unless specifically exempted from disclosure by the Legislature, all materials made or received by a governmental agency (or a private entity acting on behalf of such an agency) in conjunction with official business which are used to perpetuate, communicate, or formalize knowledge qualify as public records subject to public inspection. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the public record requirements. However, when a public entity delegates a public function to a private entity, the records generated by the private entity's performance of that duty become public records. Thus, the nature and scope of the services provided by a private entity determine whether that entity is acting on behalf of a public agency and is therefore subject to the requirements of Florida's Public Records Law.

e. The Recipient shall maintain all records for the Recipient and for all subcontractors or consultants to be paid from funds provided under this Agreement, including documentation of all program costs, in a form sufficient to determine compliance with the requirements and objectives of the Budget and Scope of Work - Attachment A - and all other applicable laws and regulations.

(10) AUDITS

a. In accounting for the receipt and expenditure of funds under this Agreement, the Recipient shall follow Generally Accepted Accounting Principles ("GAAP"). As defined by 2 C.F.R. §200.49, GAAP "has the meaning specified in accounting standards issued by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB)."

b. When conducting an audit of the Recipient's performance under this Agreement, the Division shall use Generally Accepted Government Auditing Standards ("GAGAS"). As defined by 2 C.F.R. §200.50, GAGAS, "also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits."

c. If an audit shows that all or any portion of the funds disbursed were not spent in accordance with the conditions of this Agreement, the Recipient shall be held liable for reimbursement to the Division of all funds not spent in accordance with these applicable regulations and Agreement provisions within thirty days after the Division has notified the Recipient of such non-compliance.

d. The Recipient shall have all audits completed by an independent auditor, which is defined in Section 215.97(2)(i), Florida Statutes, as "an independent certified public accountant licensed under chapter 473." The independent auditor shall state that the audit complied with the applicable provisions noted above. The audits must be received by the Division no later than nine months from the end of the Recipient's fiscal year.

e. The Recipient shall send copies of reporting packages required under this paragraph directly to each of the following:

i. The Division of Emergency Management  
DEMSingle\_Audit@em.myflorida.com  
DEMSingle\_Audit@em.myflorida.com  
OR  
Office of the Inspector General  
2555 Shumard Oak Boulevard  
Tallahassee, Florida 32399-2100

ii. The Auditor General  
Room 401, Claude Pepper Building  
111 West Madison Street  
Tallahassee, Florida 32399-1450

(11) REPORTS

a. The Recipient shall provide the Division with quarterly reports and a close-out report. These reports shall include the current status and progress by the Recipient and all Sub-Recipients and subcontractors in completing the work described in the Scope of Work and the expenditure of funds under this Agreement, in addition to any other information requested by the Division.

b. Quarterly reports are due to the Division no later than 30 days after the end of each quarter of the program year and shall be sent each quarter until submission of the administrative close-out report. The ending dates for each quarter of the program year are March 31, June 30, September 30, and December 31.

c. The close-out report is due 60 days after termination of this Agreement or 60 days after completion of the activities contained in this Agreement, whichever occurs first.

d. If all required reports and copies are not sent to the Division or are not completed in a manner acceptable to the Division, the Division may withhold further payments until they are completed or may take other action as stated in Paragraph (15) REMEDIES. "Acceptable to the Division" means that the work product was completed in accordance with the Budget and Scope of Work.

e. The Recipient shall provide additional program updates or information that may be required by the Division.

f. The Recipient shall provide additional reports and information identified in Attachment D.

(12) MONITORING

a. The Recipient shall monitor its performance under this Agreement, as well as that of its subcontractors and/or consultants who are paid from funds provided under this Agreement, to ensure that time schedules are being met, the Schedule of Deliverables and Scope of Work are being accomplished within the specified time periods, and other performance goals are being achieved. A review shall be done for each function or activity in Attachment A to this Agreement, and reported in the quarterly report.

b. In addition to reviews of audits conducted in accordance with paragraph (10) AUDITS above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the period of agreement to ensure timely completion of all tasks.

(13) LIABILITY

a. Unless Recipient is a state agency or subdivision, as defined in Section 768.28, Florida Statutes, the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performed under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

b. Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Florida Statutes, agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Florida Statutes. Nothing herein is intended to serve as a waiver of sovereign immunity by any party to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of this agreement.

(14) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (15) REMEDIES. However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

a. If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

b. If material adverse changes occur in the financial condition of the Recipient at any time during the period of agreement, and the Recipient fails to cure this adverse change within thirty (30) days from the date written notice is sent by the Division.

c. If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

d. If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(15) REMEDIES

If an Event of Default occurs, then the Division shall, after thirty (30) calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty (30) days, exercise any one or more of the following remedies, either concurrently or consecutively:

a. Terminate this Agreement, provided that the Recipient is given at least thirty (30) days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (2) CONTACT herein;

b. Begin an appropriate legal or equitable action to enforce performance of this Agreement;

c. Withhold or suspend payment of all or any part of a request for payment;

d. Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

e. Exercise any corrective or remedial actions, to include but not be limited to:

i. request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,

ii. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

iii. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or

iv. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

f. Exercise any other rights or remedies which may be available under law.

Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(16) TERMINATION

a. The Division may terminate this Agreement for cause after thirty (30) days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

b. The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty (30) calendar days prior written notice.

c. The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of this Agreement.

d. In the event this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of this Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of this Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

(17) SUBCONTRACTS

If the Recipient subcontracts any of the work required under this Agreement, a copy of the unsigned subcontract must be forwarded to the Division for review and approval before it is executed by the Recipient. B. The Recipient shall provide an initial timeline and estimated reimbursement allocation table. Table SW-1, "Initial Timeline and Estimated Reimbursement Allocation" or other similar instrument as approved by the Division may be used.

C. The EOC design project may include allocation of floor space for other non-emergency management essential public safety functional and personnel workspace. The non-emergency management public safety functions and workspace use shall be compatible with and not impair the emergency management EOC functions of the facility. The floor space allocated to non-emergency management public safety functions and workspace, plus common essential shared use space, shall not exceed 39 percent of the total enclosed gross floor area. To be eligible for reimbursement, the non-emergency management public safety allocated floor space, and any associated ancillary structures, must meet the same design and construction criteria as set forth for the emergency management EOC allocation.

D. The EOC functional use spaces may be shared use with other building functions/occupants or dual use during non-emergency conditions. With the concurrence of the Division of Emergency Management (Division), the Recipient shall designate the EOC functional use spaces, which shall be identified on the construction documents. The designated EOC functional use spaces shall define that part of the building dedicated to emergency management.

E. The EOC shall be designed with sufficient space to house people and equipment for daily routine and sustained continuous emergency operations. At a minimum, the EOC shall be designed with 11,900 gross square feet of floor area.

F. The EOC and essential appurtenant structures and service equipment shall be designed to resist the effects of a major hurricane. At a minimum, EOC shall be designed to hurricane provisions of the International Code Council's *Standard for the Design and Construction of Storm Shelters* (ICC 500-2014) or the Florida Building Code, Risk Category IV (Essential Facility), whichever is greater. The minimum design wind speed shall be 180 miles per hour (3 second gust).

G. The EOC and essential appurtenant structures and service equipment shall resist penetration by windborne debris impact. At a minimum, all vertical exterior enclosure components, claddings and assemblies (i.e., walls, louvers, windows, doors, etc.) shall meet the hurricane provisions of ICC 500-2014. For vertical surfaces, the building's exterior enclosure must resist penetration by a nominal 2"x4" lumber plank weighing nine (9) pounds propelled at 90 miles per hour (132 feet per second) striking end-on and normal to the assembly surface, or equivalent performance as approved by the Division.

At a minimum, all exterior horizontal enclosure components, claddings and assemblies (i.e., roofs, skylights, hatches, etc.) shall meet the hurricane wind-borne debris (missile) impact standard ASTM E 1996, Missile Level D, or equivalent performance as approved by the Division.

H. The lowest finished floor or base elevation for the EOC and essential appurtenant structures and service equipment shall at a minimum be elevated to or above the highest elevation of: Category 5 storm surge plus 20 percent; the base flood elevation plus three (3) feet; the 500-year (0.2 percent annual chance) flood elevation (if determined) plus two (2) feet; the flood elevation corresponding to the highest recorded flood elevation plus two (2) feet if a flood hazard study has not been conducted for the area; or, the minimum elevation required by the authority having jurisdiction.

I. At a minimum the following information related to wind loads and flooding shall be shown on the construction drawings: 1. design wind loads determined per ICC 500; 2. design wind speed; 3. wind exposure category; 4. wind directionality factor  $K_d$ ; 5. design internal pressure coefficient; 6. design wind pressures in terms of pounds per square foot (psf) to be used for the design of exterior component and cladding materials and assemblies not specifically designed by the principal licensed design professional; 7. windborne debris impact performance criteria; and, 8. finish floor elevation NGVD with comparison reference to the base flood elevation and the 500-year flood elevation (if determined).

J. Where secondary (emergency) roof drains or scuppers are required by the Florida Building Code—Plumbing, the secondary system shall at a minimum be sized for a rainfall rate of 11.0 inches per hour. If applicable, the rainfall rate used to size the secondary roof drainage system shall be noted on the construction drawings. Essential appurtenant structures or enclosures with an open or air-permeable roof and subject to rainwater ponding shall be provided with drainage capacity sized for a rainfall rate of 11.0 inches per hour.

K. The EOC and essential appurtenant structures shall be designed for a minimum of 72 hours of independent continuous operation and shall **not** be solely reliant upon off-site utilities (e.g., water, natural gas fuel, electricity, etc.)

L. The EOC shall be designated as a threshold building and special inspections required. The design documents shall include a threshold inspection plan. Special inspections shall be performed in compliance with section 553.79, Florida Statutes and other applicable statutes, laws and rules.

- (k) It will require every building or facility (other than a privately owned residential structure) designed, constructed, or altered with funds provided under this Agreement to comply with the "Uniform Federal Accessibility Standards," (AS) which is Appendix A to 41 CFR Section 101-19.6 for general type buildings and Appendix A to 24 CFR, Part 40 for residential structures. The Recipient will be responsible for conducting inspections to ensure compliance with these specifications by the contractor;
- (l) It will, in connection with its performance of environmental assessments under the National Environmental Policy Act of 1969, comply with Section 106 of the National Historic Preservation Act of 1966 (U.S.C. 470), Executive Order 11593, 24 CFR, Part 800, and the Preservation of Archaeological and Historical Data Act of 1966 (16 U.S.C. 469a-1, et seq.) by:

- (1) Consulting with the State Historic Preservation Office to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR, Section 800.8) by the proposed activity; and
- (2) Complying with all requirements established by the State to avoid or mitigate adverse effects upon such properties.
- (3) Abiding by the terms and conditions of the "**Programmatic Agreement Among the Federal Emergency Management Agency, the Florida State Historic Preservation Office, the Florida Division of Emergency Management and the Advisory Council on Historic Preservation, (PA)**" which addresses roles and responsibilities of Federal and State entities in implementing Section 106 of the National Historic Preservation Act (NHPA), 16 U.S.C. 470(f), and implementing regulations in 36 CFR, Part 800.
- (4) When any of the Recipient's projects funded under this Agreement may affect a historic property, as defined in 36 CFR, Part 800 (2)(e), the Federal Emergency Management Agency (FEMA) may require the Recipient to review the eligible scope of work in consultation with the State Historic Preservation Office (SHPO) and suggest methods of repair or construction that will conform with the recommended approaches set out in the **Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings 1992 (Standards)**, the **Secretary of the Interior's Guidelines for Archeological Documentation (Guidelines)** (48 Federal Register 44734-37), or any other applicable Secretary of Interior standards. If FEMA determines that the eligible scope of work will not conform with the **Standards**, the Recipient agrees to participate in consultations to develop, and after execution by all parties, to abide by, a written agreement that establishes mitigation and recondition measures, including but not limited to, impacts to archeological sites, and the salvage, storage, and reuse of any significant architectural features that may otherwise be demolished.
- (5) The Recipient agrees to notify FEMA and the Division if any project funded under this Agreement will involve ground disturbing activities, including, but not limited to: subsurface disturbance; removal of trees; excavation of footings and foundations, and installation of utilities (such as water, sewer, storm drains, electrical, gas, leach lines and septic tanks) except where these activities are restricted solely to areas previously disturbed by the installation, replacement or maintenance of such utilities. FEMA will request the SHPO's opinion on the potential that archeological properties may be present and be affected by such activities. The SHPO will advise the Recipient on any feasible steps to be accomplished to avoid any National Register eligible archeological property or will make recommendations for the development of a treatment plan for the recovery or archeological data from the property.  
  
If the Recipient is unable to avoid the archeological property, develop, in consultation with SHPO, a treatment plan consistent with the **Guidelines** and take into account the Advisory Council on Historic Preservation (Council) publication "Treatment of Archeological Properties". The Recipient shall forward information regarding the treatment plan to FEMA, the SHPO and the Council for review. If the SHPO and the Council do not object within 15 calendar days of receipt of the treatment plan, FEMA may direct the Recipient to implement the treatment plan. If either the Council or the SHPO object, Recipient shall not proceed with the project until the objection is resolved.
- (6) The Recipient shall notify the Division and FEMA as soon as practicable: (a) of any changes in the approved scope of work for a National Register eligible or listed property; (b) of all changes to a project that may result in a supplemental DSR or modify a HMGP project for a National Register eligible or listed property; (c) if it appears that a project funded under this Agreement will affect a previously unidentified property that may be eligible for inclusion in the National Register or affect a known historic property in an unanticipated manner. The Recipient acknowledges that FEMA may require the Recipient to stop construction in the vicinity of the discovery of a previously unidentified property that may

eligible for inclusion in the National Register or upon learning that construction may affect a known historic property in an unanticipated manner. The Recipient further acknowledges that FEMA may require the Recipient to take all reasonable measures to avoid or minimize harm to such property until FEMA concludes consultation with the SHPO. The Recipient also acknowledges that FEMA will require, and the Recipient shall comply with, modifications to the project scope of work necessary to implement recommendations to address the project and the property.

(7) The Recipient acknowledges that, unless FEMA specifically stipulates otherwise, it shall not receive funding for projects when, with intent to avoid the requirements of the PA or the NHPA, the Recipient intentionally and significantly adversely affects a historic property, or having the legal power to prevent it, allowed such significant adverse affect to occur.
