AGENDA REPORT
BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT:	Approval of a Resolution to Add/Modify Qualified Transportation Projects on the 2007 Series Local Option Gas Tax Bond Proceeds List and Other Transportation Revenue Proceeds List – All Districts
DEPT/OFFICE:	Public Works Department/Finance Section

Requested Action:

It is requested that the Board approve and authorize the Chair to execute the attached Resolution to add and/or modify qualified transportation projects to be funded with the 2007 Series Local Option Gas Tax (LOGT) Bond Proceeds and Other Transportation Revenue Proceeds. It is further requested that the Board authorize the County Manager to approve all necessary Budget Change Requests to initiate this action and expedite expenditures associated with transportation improvement projects.

Summary Explanation & Background:

Since the original Bond Resolution, 2007-144, was passed in 2007 authorizing the issuance of the 2007 LOGT Series Bonds and setting forth the Proceeds Lists, Resolutions have been brought to the Board at various times to revise and update the Project List to add and/or modify projects that are eligible to be funded with bond proceeds. Revisions to the Resolution(s) establishing the Proceeds List are needed when the County has realized cost savings, received grants, or experienced cost increases/decreases on projects. The last revision approved by the Board was Resolution 2016-149 authorizing reallocation of 2007 Series LOGT Bond proceeds on September 20, 2016.

Since September 20, 2016, Public Works has realized savings from the Proceeds List: Minton Road Reconstruction \$430,213; funds returned by the Florida Department of Transportation (FDOT) for the Washingtonia Extension PD&E Study \$1,559,244; reimbursement from the Viera Development Order of Regional Impact (Barnes Blvd Widening) and funds from Local Option Gas Tax, Constitutional Gas Tax, General Fund. It is requested that these savings be reallocated to the 2007 Series LOGT Proceeds List. Listed Projects on Exhibits "A" and "B" which are not fully funded by 2007 Series LOGT Bond Proceeds will then be funded utilizing other transportation revenues.

On May 23, 2017, the Board approved a resurfacing plan which would add to and/or modify the current transportation improvement projects. This plan includes resurfacing projects to be completed in the next five years in an effort to minimize the overall miles of deteriorating roadways. Bond proceeds may be used for new construction or capital maintenance (resurfacing). As such, modifying the 2007 Series LOGT Bond Proceeds to include resurfacing projects will allow bond funds to be expended expeditiously. It is further requested to modify the 2007 Series LOGT Bond Proceeds List to allow bonds to be utilized on all projects. Remaining projects will be funded by the remainder of the other transportation revenues.

The projects to be funded from this action have been listed in Resolution 2018 as Exhibit "A" and Exhibit "B". The Resolution includes: 1) Exhibit "A" - Transportation Bond Proceeds Projects LOGT 2007 2) Exhibit "B" – Other Transportation Revenue Proceeds (LOGT, CGT, Reimbursements)

Fiscal Impact: FY2017/2018: No Impact. Reallocation of funds for approved projects to expend 2007 Series LOGT
