MEMORANDUM

TO:

Frank Abbate, County Manager

RE:

Item IV., Letter of Support to Patrick Air Force Base for STARBASE Program

The Board of County Commissioners, in special session on April 18, 2019, executed and approved sending a Letter of Support to the Patrick Air Force Base for the STARBASE Program, for the potential impact it will have on fifth grade students through STEM education and programs. Enclosed is copy of the original that was provided to you in special session.

Your continued cooperation is greatly appreciated.

Sincerely yours,

BOARD OF COUNTY COMMISSIONERS SCOTT ELLIS, CLERK

Tammy Rowe, Deputy Clerk

Brigadier General Schiess Commander, 45th Space Wing 1201 Edward H. White II Street Patrick AFB, FL 32925-3242

Dear Brigadier General Schiess:

On behalf of the residents of Brevard County Florida, the Board of County Commissioners are proud to endorse and lend our support for the Patrick AFB STARBASE program. We appreciate the potential impact it will have on our 5th grade students through STEM education and programs.

Brevard County seems to be a natural fit for this type of program. We have many leaders in the aerospace industry located here and their workforce is primarily comprised of engineers. Our community has keen interest in STEM education and our School Board members are always looking for opportunities to partner with other community resources to provide a quality educational experience for our youth.

We would be happy to welcome the STARBASE program to our county and look forward to our 5th graders taking advantage of this valuable opportunity.

Sincerely,

Kristine Isnardi, Chair

Patrick Air Force Base, FL 32925-3242

Dear General Schiess:

On behalf of the Economic Development Commission of Florida's Space Coast (EDC) I am pleased to offer full support of the Patrick AFB STARBASE program. The EDC realizes the critical need to raise the interest and improve the knowledge and skills of at-risk youth in science, technology, engineering and mathematics (STEM) which will provide for a highly educated and skilled American workforce that can meet the advanced technological requirements of the Department of Defense and Florida's Space Coast.

The EDC is a private, not-for-profit economic development organization that supports all of Brevard County in economic development efforts. The EDC has worked closely with our military installations to support programs that directly impact both military personnel and their families. This is yet another program in which our partnership can make a difference in developing future workforce and STEM talent. We have reviewed the STARBASE program and realize the positive impact it will have on 5th grade students.

We look forward to having the STARBASE program located at Patrick Air Force Base and continuing our long partnership with the 45th Space Wing.

Sincerely,

Lynda Weatherman President & CEO
