State Representative, District 53

October 27, 2017

Ms. Kimberly Prosser
Director of Brevard County Emergency Management
1746 Cedar St, Rockledge, FL 32955

Dear Ms. Prosser,

I am writing you today in support of the BRPH Team's candidacy for the design award competition for the new Brevard County Emergency Operations Center (EOC).

I am not qualified to opine on BRPH's qualifications for the job. I leave that to you, and have no wish to influence your decision as you make those determinations.

That said, if there are multiple equivalent options that you are considering, all other things being equal, I would ask that you give special consideration to the local option.

The BRPH Team has a unique impact economically on our County as the only prime candidate based in Brevard. BRPH directly employs nearly 200 people. In fact, according to the Economic Development Commission of Florida's Space Coast report dated October 20th, 2017, BRPH operations are estimated to have a total economic impact in Brevard County of more than \$49.3 M annually, supporting 564 jobs and generating over \$41.3M in local income.

The company has over 50 years of capabilities in Brevard, and has also shown a charitable spirit for civic project participation in the community.

I wish you the best of luck as you make your selection.

Regards,

Randy Fine
State Representative, District 53
