Fiscal Impact:

Dept/Office:

Housing and Human Services

Requested Action:

It is requested that the Board of County Commissioners: (1) adopt the State Housing Initiatives Partnership (SHIP) Program Local Housing Assistance Plan (LHAP) for Fiscal Years 2021 through 2024 by Resolution; (2) approve the Incentive Strategy Evaluation and Recommendations Report; (3) authorize the Chair to sign the required State Certifications and any amendments that the Florida Housing Finance Corporation determines necessary to meet the requirements of State Statutes 420.907-9076; and, (4) authorize the County Manager to approve any related budget change requests.

Summary Explanation and Background:

Every three years, Florida Statute 420.9075 requires each county participating in the SHIP program to submit a three-year Local Housing Assistance Plan (LHAP) that describes the Strategies and criteria for expenditure of State Housing Initiatives Partnership (SHIP) funds. The SHIP program was created for the purpose of providing funds to counties and eligible municipalities as an incentive for the creation of local housing partnerships, to expand production and preservation of affordable housing and for furthering the housing element of the local Government's Comprehensive Plan. The SHIP program funding is dependent on revenue collected by the State through documentary stamp taxes and administered by the Florida Housing Finance Corporation (FHFC). For State Fiscal Year (SFY) 2021-22, Brevard County is estimated to receive \$2,218,929 in SHIP funds.

Changes to the LHAP include:

- Corrected Scribner's errors and adjusted formatting throughout the document,
- updated sections that have statutorily changed and to meet new formatting and language as suggested by the FHFC,
- new priority lists to meet set aside requirements before considering any other projects and language

as suggested by the FHFC,

- increases in the maximum award amounts to reflect increased purchase prices and construction costs and then corresponding changes to Terms, and
- removed redundant language that was also included in local Policy.

The LHAP is consistent with the Brevard County five-year Consolidated Plan, Brevard County's Comprehensive Plan Housing Element, and local housing policies.

Additionally, the Brevard County Affordable Housing Council (AHC), pursuant to Section 420.9076(4) of the Florida Statutes, reviewed local policies and procedures, ordinances, land development regulations, and the Brevard County Comprehensive Plan Housing Element to recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value. This review is summarized in the attached Incentive Strategies Evaluation and Recommendations Report

The AHC has reviewed, approved, and recommends the attached LHAP and Incentive Strategies Evaluation and Recommendations Report for final approval by the Board of County Commissioners and submittal to the State.

Clerk to the Board Instructions:

Please have the Chair sign the Resolution, Certification, and then return the documents to Housing and Human Services (HHS).

Affordable Housing Council
Incentive Strategies Evaluation and Recommendation Report

Background Information:

Annually the Brevard County Affordable Housing Council (AHC), pursuant to Section 420.9076(4) of the Florida Statutes, must review the established policies and procedures, ordinances, land development regulations, the housing element of the local government comprehensive plan and shall recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value.

The recommendations may include the modification or repeal of existing policies, procedures, ordinances, regulations, or plan provisions; the creation of exceptions applicable to affordable housing; or the adoption of new policies, procedures, regulations, ordinances, or plan provisions, including recommendations to amend the comprehensive plan and corresponding regulations, ordinances, and other policies.

At a minimum, each advisory committee shall submit a report, to the local governing body that includes recommendations on and annually thereafter evaluate the implementation of, affordable housing incentives as described in 420.9076(4) of the Florida Statutes.

On May 20, 2008, the Brevard County Board of County Commissioners (BOCC) adopted Ordinance 08-16 putting in place the requirements of Section 420.9076(4) of the Florida Statutes. On November 3, 2011, during a Public Hearing, the Affordable Housing Council approved, by a unanimous vote, the following Board of County Commissioner approved State Housing Initiative Partnership (SHIP) Affordable Housing Incentive Strategy recommendations:

- (a) **Expedited Permitting:** The processing of approvals of development orders or permits, as defined in s.163.3164 (7) and (8), for affordable housing projects to be expedited to a greater degree than other projects.
- (b) **Impact Fee Waivers or Modification:** The modifications of impact-fee requirements, including reduction or waiver of fees, and alternative methods of

of Ordinances (Article XVII).

Review Synopsis: Staff presented the AHC with information pertaining to current practices and overviewed the above Ordinances, Codes and Comprehensive Plan Policies which put in place:

- A process to facilitate the movement of projects through the permitting process, with priority given to developments with affordable housing units.
- Policies and Ordinances to continue and develop procedures to expedite review of affordable housing developments and housing for essential employees and special needs groups, and
- Fee waivers and refunds for workforce and affordable housing.

This process is still in place and available for use. Brevard County Planning and Development remains efficient and timely in processing all development review applications. Limited funds are available from Brevard County Housing and Human Services Department refunding permit fees as new affordable housing development projects arise.

Recommendation: Continue current process and monitor site development plans, land subdivision applications and building permits for affordable housing, to ensure they are being expedited to the greatest extent possible.

- b. **Impact Fee Waivers or Modifications:** The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

Information Reviewed: Ordinance No. 07-18, The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in December 2009, the Brevard County Codes of Ordinances (Article XVII).

Review Synopsis: Staff presented the AHC with information pertaining to current practices and overviewed the above Ordinances, Codes and Comprehensive Plan Policies which put in place:

- Fee waivers and refunds for workforce and affordable housing.

The process continues to be available for deferral of Transportation Impact Fees when needed.

Recommendation: Continue the processes established in Section 62-6303 of the Brevard County Code and Ordinance 07-18. Study and consider existing and additional fee deferrals, waivers and new fees permitted per changes and additions to Florida Statutes in HB 1399 (2020) and other established best practices by local governments statewide.

concurrency capacity and exemption areas for affordable housing. County continues to monitor and will act accordingly.

Recommendation: Continue established procedure. Monitor and promote new uses as local regulation allows. Study and consider concurrency exemptions for affordable housing units and those developed in mixed use centers and corridors along established transit routes and hubs.

- e. **Accessory Dwelling Units and Tiny Homes:** The allowance of affordable accessory residential units and Tiny Homes in residential zoning districts.

Information Reviewed: Brevard County Ordinance No. 07-18 and The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in December 2009.

Review Synopsis: Staff presented the AHC with information pertaining to current practices and overviewed the above Ordinance and Comprehensive Plan which calls for county staff to:

Study accessory units as a method for use by private families and individuals in the provision of affordable/workforce housing opportunities and solutions on their own properties, in areas with established infrastructure. The Comprehensive Plan also indicates that the County will consider land development regulations and other ordinances as needed that will regulate the use of accessory dwelling units as permitted by state statute.

The County code continues to allow units and tiny homes in multiple zoning classifications. Review and monitoring of the code will continue. A development order in the Viera Development of Regional Impact allows for the use of accessory dwelling units in some residential projects.

Recommendation: Continue established procedure. Monitor and promote new uses and local regulation changes consistent with changes and additions to the Florida Statutes and in HB 1339 (2020). Consolidate Accessory Units and similar units into one section of the County Code. Develop a User Guide for use and application. Study and consider density, intensity and impact fee waivers and concurrency exemptions for affordable accessory units and tiny homes. Consider incentivizing the development of accessory units and tiny homes in permissible areas with local housing program funds and lands.

- h. **Street Requirements:** The modification of street requirements for affordable housing.

Information Reviewed: Brevard County Ordinance No. 07-18 and The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in December 2009.

Review Synopsis: Staff presented the AHC with information pertaining to current practices and overviewed the above Ordinances and Codes which allows:

- Flexible design requirements relating to roads, driveways and parking lots for developments providing a minimum of 30 percent of affordable or workforce housing.

Flexibility remains available through the County Land Development Regulations and The County Comprehensive Plan in multiple Future Land Use Categories and Zoning Classifications County wide. It has been used in single family subdivisions.

Recommendation: *Continue established procedure. Monitor and promote new uses as local regulation allows. Study and consider additional public and private street width and street related infrastructure reductions and waivers consistent with project market feasibility and other established best practices by local governments statewide.*

Ongoing Process Review: The establishment of a process by which a local government considers, before adoption of policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.

Information Reviewed: Ordinance 08-16

Review Synopsis: *Review Synopsis:* Staff presented the AHC with information pertaining to current practices and overviewed the above Ordinance with puts in place

- An ongoing review process for review of county policies, ordinances, regulations and Comprehensive plan provisions that significantly impact the cost of housing.

The process remains in effect for Brevard County with no negative impacts to date that have impacted affordable housing costs or production. The County continues to coordinate and monitor and will act accordingly.

Recommendation: *Continue established procedure in accordance with Section 420.9076(4) of the Florida Statutes.*

favorable locations for affordable /work force housing and to determine eligibility for funding and incentives.

The process continues and remains available through the County Land Development Regulations and The County Comprehensive Plan, in multiple Future Land Use Categories and Zoning Classifications County wide. The Housing and Human Services Department uses an Affordable Housing Location Evaluation Matrix when evaluating; affordable housing projects requesting funding and use of incentives, and transfers of properties to the land bank inventory.

Recommendation: Continue established procedure, monitor and promote use. Study and consider increasing as of right density and intensity bonuses to levels that meet market development feasibility in the production of affordable residential units in these locations. Study and consider concurrency exemptions and impact fee waivers for affordable housing units developed in mixed use centers, corridors and along established transit routes and hubs. Include in a County User Guide on the use and application of density and intensity bonuses and other County Comprehensive Plan and Code based incentives.

On December 17, 2020 at a publicly noticed Public Hearing, an evaluation of the implementation of Brevard County's local housing incentive strategies was conducted by the Affordable Housing Council and the above recommendations were approved by an affirmative vote of the majority of the membership.

Cities and Counties must follow these applicable statutes, rules and any additional requirements as established through the Legislative process.

SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

- G. Public Input:** Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.
- H. Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
- I. Queue List/Priorities:** A queue list will be established when applicants apply to the county SHIP program. Those households on the queue list will be contacted by staff when their queue number is reached. The queue list will be maintained with applicants listed in an order that is consistent with the time that their preliminary intake forms were submitted. Queue numbers will be assigned based on that order. Adjustments to the queue order will be made to achieve any established funding priorities as described in this plan. Priorities for funding described herein apply to all strategies unless otherwise stated in the strategy. Once there is a list of eligible applicants, they will be ranked based on the priorities provided below.

Ranking Priority:

1. Emergency Loans for home repair related to a declared disaster that needs to be mitigated immediately to prevent damage or further damage to the home or to resolve an immediate health hazard to the occupants.
2. Special Needs Households (until the program's required percentage has been met)
3. Very low-income applicant referrals from local Non-profit Affordable Housing Organizations
4. Very low-income households (until the program's required percentage has been met)
5. Low- income (until the program's required percentage has been met)
6. Moderate income

All priorities being equal, the date and time that the application is received will determine the queue list number.

- J. Discrimination :** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as [Exhibit A](#). The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and

eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	SHIP program with the exception of the Purchase Assistance Program.	100%

T. Essential Service Personnel Definition (ESP): ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

III. DIRECTIVES

A. Program Administration

The Brevard County Housing and Human Services Department shall be responsible for the administration and monitoring of the Purchase Assistance Program. At the discretion of the Department, an eligible Sponsor may be selected based upon criteria outlined in Brevard County's Board of County Commissioner approved Local Housing Assistance Plans.

B. Eligibility

1. Must be a first time homebuyer as defined by Florida Statue 420.907
2. Applicants must submit a signed and dated application provided by the Housing and Human Services Department. Income eligibility must be verified based on the regulations of the applicable funding source (SHIP) and BOCC approved policies. As funds become available, applicants will be asked to confirm completion of the Purchase Assistance Program Workshop.
3. The applicant must meet income guidelines of no more than 120% of the Brevard County MSA median income as provided annually by U.S. Department of Housing & Urban Development or the Florida Housing Finance Corporation.
4. The applicant must occupy residence as a principal residence for the affordability period of 10 to 15 years.
5. The applicant must attend the Purchase Assistance Workshop and receive a Certification within one year prior to closing.
6. The applicant may not receive assistance from another down payment assistance program except the Florida Housing Finance Corporation or Brevard County Housing Finance Authority whereby the Department would take a junior mortgage position. However, in consideration of escalating housing costs very low and low income applicants may utilize the Florida Housing Finance Corporation's Assistance Program(s) in conjunction with the Department's Program. Other assistance programs authorized by an instrument of government may be considered by the

Department. In these situations, third position can be taken when funds are approved by the Brevard County Board of County Commissioners. The Purchase Assistance Program must only be used to subsidize the remainder of the assistance needed to qualify applicants at the established affordability ratios. At no time will an applicant exceed the maximum amount of assistance determined by the Income Certification and allowed by the applicable state or federal rule(s).

7. Federal Housing Administration, Veterans Administration and Fannie Mae underwriting guidelines will be utilized when determining debt-to-income ratios. Brevard County will utilize the definition of "Affordable" provided in Chapter 420, Florida Statutes, State Housing Initiatives Partnership Program that states:

"...monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households... However, it is not the intent to limit an individual household's ability to devote more than 30 percent of its income for housing, and housing for which a household devotes more than 30 percent of its income shall be deemed affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30 percent benchmark."

8. If Household is disqualified due to being over-income, the disqualification period will be 6 months from day of notice. At that time, the applicant/household may re-apply when the Program is open to new applicants.
9. The Household's liquid assets may not exceed \$8,000. Liquid assets are defined as, but not limited to: savings accounts, checking accounts, certificates of deposit, treasury bonds, money market funds, savings bonds, etc.
10. Ineligible Applicants will be counseled on the Department approved Appeal Procedure.
11. Applicants determined to be ineligible due to falsification of application will be disqualified from the Program for two years.
12. Applicants may be assisted only one time for the Purchase Assistance Program.

C. ELIGIBLE PROPERTY

1. Property must be located within Brevard County.

2. Property must be owner occupied or vacant.
3. New or existing property (to include lot) not to exceed 90% of the Area Median Purchase Price, as provided by Florida Housing Finance Corporation.
4. Property can be a house, townhouse, condominium, modular home or other type of dwelling that can be conveyed by title to be separate from other attached units. Owner association fees must be added to the mortgage payment when determining the final monthly payment.
5. Property and dwelling must meet the Standard Housing Code, Housing Quality Standards and/or any Department approved standards that may exceed the above-listed standards.

D. INELIGIBLE PROPERTY

- a. Manufactured homes or mobile homes are ineligible for the program.
- b. Property with a resident renter will be deemed ineligible for assistance.

E. FUNDING ALLOCATION

The Purchase Assistance Program is designed to increase the level of affordable home ownership for very low (0-50% AMI), low (51-80% AMI), and moderate (81-120% AMI) income households. Funding for the program is allocated by the SHIP Program.

F. MARKETING

1. Brevard County will take affirmative marketing steps to provide information and attract eligible persons from all racial, ethnic, and gender groups. A wide range of marketing strategies will be implemented to ensure that eligible persons living County-wide have a reasonable opportunity to be informed about the Purchase Assistance program opportunities being carried out by Brevard County.
2. On an annual basis, the County will review its marketing efforts to assess strategy effectiveness.

G. AVAILABLE ASSISTANCE

1. At no time will an applicant exceed the maximum amount of assistance determined by the Income Certification and allowed by the applicable state or federal rule(s).

The loan must be repaid in full in accordance with the BOCC approved recapture guidelines if the unit is sold, transferred, or is no longer the principal residence of the applicant or spouse during the affordability period. The repayment funds will be utilized to assist other purchase assistance applicants. Future assistance from any of the Department's programs is prohibited until any outstanding debt is paid or the default is cured.
2. 0% to 80% Median Income Level - Assistance provided is in the form of a deferred loan at a zero percent interest rate. The loan must be repaid in full in accordance with the BOCC approved recapture guidelines when the unit is sold, transferred, or is no longer the principal residence of the applicant or spouse during the affordability period. I. APPLICANT'S CASH OBLIGATION

The assistance offered through the Purchase Assistance Program will help families who do not have enough money for down payment and closing cost expenses to purchase homes. Households who are 0% to 50% of median income must provide a minimum of \$500 of their own funds for down payment and closing costs. Households 51% to 120% of median income must provide a minimum of \$1,000 for down payment or closing costs.

K. HOUSING COUNSELING/HOME BUYER WORKSHOP

1. Attendance and completion of the designated Brevard County Purchase Assistance Workshop is mandatory. Applicants not fulfilling this requirement will not be eligible to receive funds under this Program. The course is designed to educate the applicant on the program's rules and regulations and all aspects of home ownership, fair housing, and post purchase counseling.
2. Applicants attending the Homebuyer Training Workshop who have special needs/requests must notify the Housing and Human Services Department office or designee 48 hours in advance.
3. The guidelines, procedures, and policies are available upon request from the Housing and Human Services Department to all interested eligible sponsor applicants, including the process for selection.

L. SELECTION OF HOUSE/INSPECTION

Once the applicant has completed the Purchase Assistance Workshop, all of the pending information is verified, and the applicant has been notified of funding availability, the applicant is ready to begin the search for a house. If the applicant decides to build or purchase an existing unit, he/she can do so as long as the property is in Brevard County. The total sales price may not exceed the amount determined by the counselor or Eligible Sponsor, and if necessary, the seller must execute a Brevard County provided addendum to the contract. The inspection must include a determination of what repairs or improvements are needed to be in compliance with applicable standards. Inspection of the property will only be performed if all utilities are turned on. The roof must have a

minimum five (5) year life expectancy determined by County approved Inspection and be in working order.

1. New Construction – If the house has been constructed within the last 12 months, a copy of the certificate of occupancy (CO) is required and must be received by the Housing and Human Services office before closing and prior to assistance being provided, a County approved inspection may still be required.
2. Existing Unit – If the house is an existing unit, the home is required to be inspected by the Department or designee to determine that the house meets the Standard Housing Code Standards.

3. The requirements within a commitment letter will be later bound by eligible a mortgage lien placed on the property. The mortgage shall not incur interest, if no default occurs.

5. Death of the Borrower - Housing Client as used herein shall mean the Borrower. Upon the death of the Borrower during the mortgage period, the mortgage balance shall become due in full, unless at the time of the borrower's death an eligible spouse or family member desires to reside in the home (family member includes domestic partner, provided that the individual can establish proof of residency in the home for a period of at least six (6) months prior to the death of the Borrower).
 - a. If an eligible family member wishes to assume the existing mortgage, the family member shall have 180 days to make a written request to the Director of the Housing and Human Services Department to assume all of the obligations specified in the Borrower's mortgage. If a written request to assume the mortgage is not made within 180 days, Brevard County shall declare the Borrower's estate to be in

default, and will require repayment of the mortgage balance. Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.

- b. However, if within 180 days an eligible family member submits a written request to the County to assume the mortgage, the family member must demonstrate proof of legal title to the property and meet the current income and assets qualifications of Brevard County.
 - i. If the property does not have to undergo Probate, the family member shall have ninety (90) days to assume the mortgage. If ninety (90) days pass and the family member has not assumed the mortgage and note, Brevard County shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - ii. If the property must undergo Probate, the family member shall have ninety (90) days from the date of acquiring clear title to the property, and have been determined income-eligible by the County, to assume the mortgage. If ninety (90) days pass and the family member has not assumed the mortgage and note, Brevard County shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
6. Default of the Borrower - In the event the County declares a default and ninety (90) days pass without repayment to the County, the following shall occur: (a) the mortgage balance shall be frozen at the balance in place on the date of the Borrower's death; (b) the mortgage balance will cease to depreciate at the annual rate; and, (c) interest shall accrue at 5% per annum. Provided, however, that accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Mortgage Note last executed by the Borrower. The lien will continue against the property until repayment plus interest is satisfied.
7. No mortgage is considered satisfied until a Satisfaction of Mortgage is recorded with the Clerk of Courts by the Housing and Human Services Department.

N. TYPES OF MORTGAGES

1. FHA, VA, Conventional, Habitat for Humanity or other, fixed rate, 20, 25, or 30-year mortgages are eligible for assistance in the Purchase Assistance Program.
2. Lease-Purchase, Owner-Financed, or Adjustable Rate Mortgages are not allowed for use by a Purchase Assistance participating in this Program.
3. Mortgages will be evaluated by the Eligible Sponsor and/or Department staff for affordability. A maximum of two points in Origination Fees and Discount Fees are allowable. Case by case consideration will be given when assistance is leveraged with Florida Housing Finance Corporation, Brevard Housing Finance Authority programs or the client is extremely low/very low income. Interest rates in excess of one (1) percentage point above the average mortgage rate will be returned to the originating mortgage lender for re-negotiation of rate and may be subject to rejection of assistance to the applicant.
4. Total closing costs (excluding pre-paid charges) charged to the buyer may not exceed 5% of the loan amount.

O. SETTLEMENT OR CLOSING

1. Once the loan for the first mortgage is approved and all pre-closing repairs have been completed, the closing agent must provide a Settlement Statement (HUD-1) prior to the closing date (copy of the appraisal report and notification of Brevard County named as Loss Payee on hazard insurance and/or flood insurance must be received before check can be issued). The Eligible Sponsor or Department staff will prepare the second mortgage and provide it to the closing agent on the settlement date. The second mortgage will contain the total amount for down payment and closing costs.

If using a sponsor, files must be forwarded to the County within 90 days of closeout.

2. The documents are to be recorded and certified by the closing agent through the Clerk to the Circuit Court.

P. SUBORDINATION OF COUNTY LIENS

1. A borrower requesting a subordination of the County's lien must make this request in writing, indicating the reason for the request. The County Manager or Designee must authorize any subordination requested. Staff will identify for the County Manager or Designee, the current status of the

County's equity position, and the equity position if the subordination request is approved.

2. Requests, which include the receipt of cash from the refinancing transaction, will not be considered.
3. Requests that increase the affordability of the housing unit or assist a household with catastrophic medical expenses (for the lien holder or relative of the lien holder) not associated with consumer debt, shall be considered.
4. Applicants must not be in default of the County mortgage.
5. The Homeowner may be charged any recording fees necessary for the subordination.
6. Homeowners assisted under previous versions of this policy with amounts less than \$11,000 and lien terms exceeding 15 years may be satisfied upon request.

Q. SATISFACTION OF MORTGAGE

1. Upon satisfactory completion of the lien terms, a Satisfaction of Mortgage will be completed by the Department on behalf of the Board of County Commissioners and filed with the clerk of the court after review of the County Attorney and approval of the County Manager or Designee. The original Satisfaction of Mortgage will be mailed to the borrower.
2. A Homeowner seeking a satisfaction which includes a short payoff request (less than the total amount owed on the County's lien) must make this request in writing, indicating the reason for the request. Staff will identify for the County Manager or Designee, the current status of the County's equity position and any other applicable grant requirements. If all grant conditions are met and the reason for the request is acceptable, the County will accepted as its payoff, an equal percentage as that being accepted by the First Mortgage Holder (i.e., First Mortgage Holder has a Lien of \$100,000 and accepts 50% or \$50,000; Brevard County has a lien of \$40,000 and accepts 50% or \$20,000).
3. If the First Mortgage Holder is a Federal or State lending entity (i.e., Freddie Mac, Fannie Mae, Federal Housing Authority (FHA), VA Administration, Florida Housing Finance Corporation etc.) and its guidelines set a maximum allowable payoff, The County will accept the maximum allowable payoff for satisfactory completion of the County's lien. In cases where multiple Federal or State Lending entities have an interest in the property, the County will take an equal share of the maximum allowable payoff (i.e., FHA \$6,000; VA \$6,000 and Brevard County \$6,000).

R. FOLLOW-UP

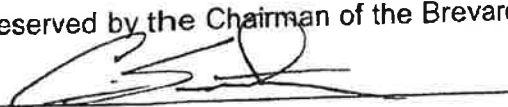

Annually a sampling of case files will be pulled for monitoring. Certified letters will be sent to the applicants pulled requesting proof of residency (i.e. utility bill in their name). Also the local property appraiser's site will be checked to ensure that the client is listed as owner. If the applicant fails to return the requested information or the property appraiser's site does not list the client as owner, the County Attorney's office will be contacted for legal direction.

S. REQUEST FOR DETERMINATION

When a request is received concerning the status of an existing mortgage lien, whether for purposes of subordination, satisfaction, bankruptcy, or other similar purpose, the Housing and Human Services Department will evaluate the mortgage lien and adopt the current, approved policy. This action may result in amortization of mortgage balance, reduction of lien term, or satisfaction of mortgage.

D. Waiting List, Applicant Intake and Ranking:

The intent of this Program is to provide assistance to low income households who are living in substandard and unsafe dwellings, with special preference given to the elderly, disabled, and households with children under the age of five (5). The process that clients are identified, certified and finally assisted in the Program is outlined in the following steps:

1. Waiting List: The Department establishes and maintains a Waiting List when funds are available. A preliminary eligibility screening is initiated when an applicant contacts the Department and requests housing rehab/repair assistance. If in this preliminary process the household appears to be eligible, the applicant is placed on the Waiting List in the order in which the request is made (i.e., by date of contact).

Applicants are removed from the list when:

- a. they are determined, by the housing counselor, to be eligible to participate in the Program and their file is assigned to a housing inspector; or,
- b. they are determined by Department staff to be ineligible to participate in the Program.

The Waiting List will be closed to new applicants when the estimated costs for repair; rehabilitation or reconstruction for approved applicants exceeds 140 percent of that year's funding allocation. In the event the Department closes the Waiting List, it will re-open when new funding is available, at the Department's discretion.

Note: The Department reserves the right to adjust the Waiting List to meet State required Set-Asides and expenditure requirements.

2. Applicant Intake: When funds are available, households are contacted in order from the oldest date to determine whether they are still interested in participating in the Program. If they are, the Department will send an invitation letter and forms to the

applicant with a "reply by" date 21 business days from the date of the letter, to submit requested documentation. The application will be considered incomplete until all documentation necessary to determine a household's eligibility has been received. Among other criteria, Department staff will determine whether the household:

- a. lives in a municipality that is eligible to receive County funds;
 - b. has owned their home for at least two years;
 - c. does not have a reverse mortgage;
 - d. appears to meet income eligibility guidelines. Additional criteria are outlined in III. A and III. B of this Policy; and,
 - e. failure to return all requested documents and forms will result in a denial of applicant, unless an extension is requested and approved within the 21 business days from the date of the initial letter.
3. Wait List Ranking: Once the application is complete, it will be forwarded to the County's Housing Inspection team for a preliminary property inspection. The primary purpose of this inspection is to determine whether there are life threatening conditions at the property. This is also the first step in the ranking of applications. The ranking system is based on:
- a. the condition of the dwelling,
 - b. the composition of the household, and
 - c. the income level of the household.

The ranking score is the total of all points. The household with the highest score will be served first, followed by the next highest score, and so on. In the event that households have identical scores, homes with conditions that have been determined by the County Housing Inspection team to be life threatening will be served first. If scores remain tied, the household with the earliest application receipt date will be served first.

Ranking score potentials are shown below.

- a. Income:
 - i. household income 30% or less of area medium income: 30 points.
 - ii. household income 31% to 50% of area medium income: 20 points.
 - iii. household income 51% to 80% of area medium income: 10 points
(this group is not eligible for Restoration assistance).
- b. Household Composition:
 - i. 10 points for each member 62 years of age and older.

ii. 10 points for each household member who is defined as "special needs".

iii. 10 points for each person five (5) years of age or younger.

c. Dwelling: 50 points for dwellings with life threatening conditions.

i. Life Threatening conditions are those requiring immediate corrective action due to occurrences of hazardous conditions that threaten the health and safety of the occupants as determined by a Housing and Human Services Department Housing Inspection.

E. Waivers:

Contingent on the availability of funds, repairs, rehabilitation and reconstruction housing projects that require immediate corrective action due to occurrences of hazardous conditions that threatens the health and safety of the occupants as determined by a Housing and Human Services Department Housing Inspection can be approved for immediate assistance by the HHS Director.

F. Structure of Financial Assistance:

1. Property Owners who are determined to be eligible for assistance shall receive financial assistance for the repair, rehabilitation, or reconstruction of their home in accordance with the following schedule:

Property owners must agree to higher lien amounts when unavoidable construction costs result in change orders.
- c. Prior to receiving repair assistance, the property owner must provide documentation of ownership in accordance to the following table.

MINIMUM REQUIRED OWNERSHIPS	ASSISTANCE AMOUNT

A request for determination of eligibility may be made for similar heir and title issues.
4. Reconstruction eligible clients with existing mortgages, who do not require reconstruction value repairs will be eligible for up to \$70,000 in assistance.

2. Owner-Contractor Agreement: Upon receipt of an approved quote or bid, the property owner will sign an owner-contractor agreement with the awarded contractor which includes the scope of work to be performed.

3. Mortgage: Assistance will be provided in the form of a deferred payment loan. All deferred payment loans will be secured by a mortgage lien recorded against the property. The mortgage shall not incur interest, nor shall payment be required if the property continues to be used as the Principal Residence with no default. Homeowner will also agree to sign a mortgage modification for a higher lien amount should costs go above the originally executed mortgage amount.
4. Death of the Housing Client: Housing Client as used herein shall mean the Borrower. Upon the death of the Borrower during the mortgage period, the mortgage balance shall become due in full, unless at the time of the borrower's death an eligible spouse or family member desires to reside in the home (family member includes domestic partner, provided that the individual can establish proof of residency in the home for a period of at least six (6) months prior to the death of the Borrower).
 - a. If an eligible family member wishes to assume the existing mortgage, the family member shall have 180 days to make a written request to the Director of the Housing and Human Services Department to assume all of the obligations specified in the Borrower's mortgage. If a written request to assume the mortgage is not made within 180 days, Brevard County shall declare the Borrower's estate to be in default, and will require repayment of the mortgage balance. Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - b. However, if within 180 days an eligible family member submits a written request to the County to assume the mortgage, the family member must demonstrate proof of legal title to the property and meet the current income and assets qualifications of Brevard County.

Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - ii. If the property must undergo Probate, the family member shall have ninety (90) days from the date of acquiring clear title to the property, and have been determined income-eligible by the County, to assume the mortgage. If ninety (90) days pass and the family member has not assumed the mortgage and note, Brevard County shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety (90) days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - c. In the event the County declares a default and ninety (90) days pass without repayment to the County, the following shall occur: (a) the mortgage balance shall be frozen at the balance in place on the date of the Borrower's death; (b) the mortgage balance will cease to depreciate at the annual rate; and, (c) interest

shall accrue at 5% per annum. Provided, however, that accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Mortgage Note last executed by the Borrower. The lien will continue against the property until repayment plus interest is satisfied.

5. Upon completion of project and/or the issuance of a Certification of Occupancy, uninsurable homeowners must secure homeowners and flood (if applicable) insurance. Failure to secure homeowners and flood (if applicable) insurance within sixty (60) business days of completion will result in a default.
6. Default of the Housing Client: Upon default of the Housing Client, the County may, at its option, declare all sums secured by the Mortgage to be immediately due and payable. Otherwise Brevard County will require repayment of the mortgage balance at the time the property is refinanced, sold, or transferred. If no refinance, sale, or transfer of the property occurs at the time of default of the Owner, the mortgage balance shall cease to depreciate at the annual rate and will be frozen at the balance in place at the date of default. After 90 days, if the lien is not paid in full, interest shall accrue at 5% per annum. The lien will continue against the property until repayment plus interest is satisfied. All eligible funds repaid to the County shall be considered program income. All defaulted loans repaid to the County will be considered recaptured funds. Provided, however, that accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Mortgage Note last executed by the Borrower. The lien will continue against the property until repayment plus interest is satisfied.
7. The County reserves the right to foreclose if the default is not cured.
8. Brevard County's mortgage is not considered satisfied until a Satisfaction of Mortgage is recorded with the Clerk of Courts.
9. The length of the mortgage period is determined by the amount of funding used for repairs. The mortgage amount is depreciated on an annual basis if the Owner continues to reside in the unit in accordance with the terms of the Agreement. On each anniversary date of the execution of the mortgage, the value of one year's payment will be deducted from the balance owed in the following manner:

Lien Period	Assistance Amount	Annual Depreciation
5 years	\$0-\$15,000	1/5 of loan amount
10 years	\$15,001-\$40,000	1/10 of loan amount
15 years	\$40,001- The maximum amount allowable under the applicable funding source	1/15 of loan amount
20 years	New construction for rental units	1/20 of loan amount

10. The deferred mortgage lien is recorded prior to commencement of the construction project.
11. Any post-construction agreements or warranties are between the Homeowner and the Contractor.

12. In order to be approved for reconstruction the property must be free of mortgages or the existing mortgage holder(s) must agree to subordinate its interest to Brevard County Board of County Commissioners.
13. In the event the homeowner is eligible for the maximum amount of assistance and has no existing mortgage, but is determined by inspection to only require rehabilitation, the maximum amount available for rehabilitation shall be \$70,000.  - g.) Once work is determined, the inspector will consult and advise the Homeowner of the work to be done.

M. Work write-ups and cost estimate:

1. The work write-up and cost estimate is a statement based on the inspection and itemizes all the rehabilitation work to be done on the dwelling. The work write-up is done utilizing the Housing Inspection checklist and includes an estimate of the cost of each item. The cost estimate will be reasonable, reflect prevailing labor and material costs, and reflects a reasonable profit for the contractor and determined by current market standard and funding regulations. The work write-up will be detailed and specific in style. This same write-up without the cost estimate will serve as a part of the specifications for the construction bid documents.

Each item of work and its estimated cost will be identified in the work write-up by entering the cost estimates in a columnar arrangement. A work write-up need not contain details such as color, style, or pattern that have no significant effect on cost. The term "to be selected by owner" may be used appropriately.

2. The assigned inspector will consult with the homeowner on the work write-up and cost estimate. The final work write-up (without costs) will be used by contractors for determining their bids and will be incorporated into the rehabilitation bid documents.
3. The inspector will work with the homeowner to coordinate and schedule a mandatory walk-through for contractors selected by the homeowner to submit bids for work per scope determined under Section M, N.1 and N.2.

N. Construction Bid Document:

1. The Construction Bid Document will provide a clear, detailed understanding of the nature and scope of the work to be done in order to serve as a basis for bids from contractors. The homeowner should have a clear understanding of the nature and scope of the work to be done and any limitations that may exist.
2. Each Construction Bid Document will show the nature and location of the work and the quantity and types of material required.
3. The Construction Bid Document will refer to manufacturers' brand names or association standards to identify quality of material and equipment and may make provision for acceptable substitutes or quality. Brand name requirements may be included in the "General Conditions and Specifications" and indicated by reference in the work write-up.

O. Lead-Based Paint Provisions:

1. The Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X) requires housing rehabilitation programs which receive federal assistance to test for the presence of lead-based paint and take appropriate action to reduce the hazard.
2. The requirements in regards to lead-based paint are dependent on the cost of the rehabilitation. Costs of site preparation, occupant protection, relocation, interim controls, abatement, clearance, and waste handling attributed to lead-based paint hazard reduction are not to be included when determining cost of rehabilitation. However, these costs plus the cost of rehabilitation must not exceed the County's subsidy limit.
3. This program will adhere to state guidelines on lead-based paint where applicable.

P. Contractor Procurement:

1. Homeowner Education: The Owner and/or a family designee are instructed on Contractor solicitation, including: licensing requirements of contractors, checking references of Contractors, and Program requirements of Contractors.
2. Homeowner Involvement:
 - a. All known issues relating to the proposed work will be resolved before proceeding to Contractor procurement.
 - b. The Eligible Property Owner will be provided with a package, which includes a copy of the agreed upon Construction Bid Document, instructions on how to find a Contractor, required insurance, and other contractor requirements. The Eligible Property Owner must obtain a minimum of three sealed bids for the work to be done. The Eligible Property owner will be given a deadline of 30 days from receipt of the Contractor package to obtain the bids. The Program will supply the Eligible Property Owner with a list of Contractors that have required license and insurance. The Eligible Property owner is not required to select a contractor from this list. The list is provided for information purposes. However, all contractors participating in the program must be properly

licensed and insured and must not be on the States debarment and suspension list. Annually, the Department will advertise to allow new contractors the opportunity to be added to the list.

- c. The Eligible Property Owner and the assigned inspector will review all sealed bids together and will submit the lowest bid, along with all other returned bids, to the Program for review. The Program will review the lowest bid for the completeness of the bid, and the cost reasonableness of the proposal. Reasonable bids are expected to be within 10-15% of the in-house estimate. If the estimates are too high, the Program may work with the Eligible Property Owner and Contractor to scale down the scope of work, or the Program may ask the Eligible Property Owner to obtain a lower bid. Should all bids exceed the maximum allowable budget, to include construction costs, lodging, storage, labor distribution, and administrative costs, the Program shall deem the project as ineligible. d. For repairs, when only one trade is needed to do the repair (i.e. roof, HVAC or plumbing) the homeowner can obtain three (3) written quotes directly from licensed and insured trade contractors.
 - e. The awarded contractor's bid submittal will be incorporated into the Owner Contract Agreement documents. The Project Inspector will conduct an agreement signing with the Owner and awarded Contractor. The Project Inspector will read each page of the Owner Contractor Agreement document(s) and have the Owner and Contractor initial each page to indicate their acknowledgement of the contents.
 - f. Contractors consistently performing substandard work or receiving multiple homeowner complaints will be removed from the contractor list for a minimum period of one (1) year.
3. The County's role is that of a lender, authorizing the disbursement of funds after inspection and approval by the Eligible Property Owner and Program staff. The Disbursement Schedule will be included in the Agreement with the Eligible Property Owner.

Q. Suspension and Disqualifications of Contractors:

Contractors may be suspended or disqualified from participation in the programs for any of the following conditions; but not limited to:

1. Self imposed: A Contractor may disqualify them before contract signing for conflicting work contracts, personal hardship or any other reason.

9. Contractor Negligence: Contractors that do not adhere to building codes, construction industry standards, contract specifications, and/or material requirements will not be paid for applicable work unless approved in advance and in writing by the Owner and the Project Inspector. Continued non-adherence may result in suspension or debarment from the housing program.
10. Payment Delinquency: Failure to pay subcontractors or material suppliers that result in any lien being placed on the Homeowner's property shall be reviewed for the debarment of Contractor from the program.
11. Kickbacks/Price Fixing: Any evidence of kickbacks or price fixing by or between Contractors, its employees, officers, homeowners, agents, partners, representatives or any other affiliates will automatically disqualify the Contractor indefinitely.
12. Brokering of Work: No person or persons, shall broker any Brevard County Housing and Human Services Owner-Contractor Agreement to another licensed or unlicensed Contractor. Anyone caught brokering work, or receiving a brokered contract will be immediately suspended and possibly be disqualified indefinitely from participating in any work program through Brevard County Housing and Human Services Department.

R. Temporary Relocation/Storage:

1. Relocation assistance may be provided by the County to Owners, when determined to be necessary by Program staff, and shall include the cost of storage of personal and household property and shall not exceed actual and reasonable costs. However, packing and moving costs for household furnishings shall be the responsibility and at the expense of the property owner.
2. If the project is delayed due to the fault of the Contractor, the Contractor shall pay the excess relocation assistance cost as liquidated damages.

S. Construction Procedure:

1. Upon approval of the Contractor, the quote will be accepted in writing, a pre-construction meeting with the Owner will be scheduled, and the Contractor will be given notice to proceed with the agreed upon work.
2. Prior to proceeding, the Contractor must provide a complete list of all subcontractors that will be utilized (including all contact information) and a construction schedule.
3. The Contractor is responsible for obtaining all required permits before beginning work and in a timely manner.
4. Time is of the essence in completion of work, and a Contractor may be charged liquidated damages for non-compliance with the approved schedule.
5. Sweat Equity: In order to prevent costly delays and interruptions to the Contractor's schedule, an owner (including relatives and/or friends) may not perform work on the Eligible Property during the construction period. Should an Eligible Owner wish to perform some improvements to the Property that is outside the scope of the work write-up, those improvements must be performed prior to the Contractor solicitation, or after the job has been completed and final payment has been made.
6. Contractors shall not perform any work outside scope approved by project inspector and signed by both owner and contractor. Non-adherence may result in suspension or debarment from the housing program.

T. Inspections, Change Orders and Payments:

1. Inspections: Field Inspections will be made as often as necessary to assure that the work is being completed in accordance with applicable codes and standards and are in line with the terms of the construction contract.
2. Re-inspection Fees: The Department shall impose a fee for each subsequent (second) re-inspection after the first re-inspection for the same violation specifically and continuously noted in each rejection. The fee shall be \$30.00 for the second and each subsequent re-inspection. The fee shall be deducted from the next submitted draw request, documented by change order, with the funds being returned to the applicable grant.
3. Change Orders: All requests for change orders must be approved by the Owner prior to submission to the Program. Change orders must be reviewed for determination of need and must be issues outside of the contractor's control. The Construction Supervisor is authorized to approve change orders that in aggregate do not exceed 10% of the original contract. The Department Director or his/her Designee is authorized to approve change orders up to \$24,999.99.
 - a. The owner may, from time to time, without invalidating the Owner-Contractor Agreement, request changes, additions, alterations, or other modifications in the work to be performed. These change orders shall be limited to health, safety, and code violations that were unforeseen or unknown. Cosmetic items are not an allowable change order.

- b. The Contractor's proposal substantiating a Change Order shall be itemized and segregated by labor and materials for the various components of the change in work (no aggregate labor or material totals will be acceptable). Maximum markup percentage fee shall be a single markup percentage not-to-exceed ten percent (10%) of the net direct cost of labor, materials and installed equipment incorporated into the change or extra work.
 - c. For subcontractor work, the subcontractor's cost substantiating a Change Order shall be a written proposal, on the Subcontractor's letterhead, itemizing the work to be performed by a subcontractor. The maximum markup percentage fee allowable to the Contractor supervising the subcontractor's work shall not exceed five percent (5%) of the net of all approved change order work by all subcontractors combined for any particular change order proposal.
 - d. For deductive change orders, credit will be applied to the itemized cost included in the work write-up.
 - e. Upon request, Contractor shall, within two (2) business days, respond in writing to Owner and Project Inspector with any increase in cost or delay in completion of the work based upon the request.
 - f. Owner and Project Inspector shall have three (3) business days to decide whether to order the requested changes to be implemented or to withdraw the request. All approvals are contingent upon funding availability.
 - g. The Department Director may authorize work associated with change orders when an unsafe, hazardous condition exists and/or when failure to achieve prompt resolution of the change will result in demobilization of the Contractor, or a significant delay in completing the project, in any amount under \$25,000.00. The Contractor shall provide an estimated cost of the work with the change order. Final cost shall be determined by the actual costs incurred.
4. Progress Payments:
- a. Upon receipt of an invoice from the Contractor, both the owner and Program staff will inspect work for quality and completion. Contractor shall provide a release of lien for completed work by each sub-contractor invoiced in the previous payment request.
 - b. Payment will be issued to the Contractor, for such amount as the Department determines to be properly due, or the Department will state in writing, within 5 days, cause for withholding a payment. The Department reserves the right to withhold payment for defective work and/or pay subcontractors directly.

5. Contractors contracted for rehabilitation/reconstruction work in which the County's funding exceeds \$15,000 will have ten percent (10%) of their progress payment requests subject to retainage. The retainage will not be released until all punch list items (a written list of deficiencies that are identified near the end of construction) are completed satisfactorily and all close-out documents have been provided. If a dispute over quality or completion of work is not resolved within thirty (30) days after substantial completion of the project, the retainage will be held until resolution occurs.
 6. The Brevard County Housing and Human Services Department reserves the right to make payments to Contractor, without the Homeowner's signature/approval, or directly to a subcontractor should a situation be deemed necessary, on a case by case basis with the Director's approval.

U. Final Payments:

Final payment is not made until the Contractor provides Release(s) of Liens, copies of permits, an approved and completed Building permit, and completed copies of the Project Warranty and Close-out form. Any incidence of inadequate performance by a will be documented in accordance with Department and County policy and procedure. A list of incomplete work or work that is unsatisfactory will be provided to the contractor. When these items are completed to the satisfaction of the homeowner and inspector, the contract is complete.

V. Liquidated Damages:

Should the Contractor fail to substantially complete the Work on or before the date stipulated in the Construction Notice to Proceed (or such later date as may result from an extension of time granted by the Owner and the Department), Contractor shall pay, as liquidated damages, additional lodging and storage costs as invoiced, plus the sum of fifty dollars (\$50.00) for each consecutive calendar day the terms of the agreement remain unfulfilled beyond the date allowed by the agreement, which sum is agreed upon as reasonable and proper measure of damages which the Owner and the County will sustain per day by failure of the Contractor to complete within time as stipulated; it being recognized by the Owner, the County, and the Contractor that the injury to the Owner and the County which could result from a failure of the Contractor to complete on schedule is uncertain and cannot be computed exactly. In no way shall cost for liquidated damages be construed as a penalty on the Contractor.

For each consecutive calendar day the work remains incomplete after the date established for completion, the Owner and the County will retain from the compensation otherwise to be paid to the Contractor the sum of Fifty Dollars (\$50.00). This amount is the minimum measure of damages the Owner and the County will sustain as a failure of the Contractor to complete the remedial work, correct deficient work, clean up the project, and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages

prescribed above and represents compensation for additional costs the Owner and the County could incur or suffer caused by on-going construction while occupying the project. Such costs could include, but are not limited to, temporary facilities or structures, reduced employee efficiency, additional operating costs, employee overtime, insurance, etc.

The amount of liquidated damages set forth above shall be assessed cumulatively.

The amount of liquidated damages recovered shall be deducted from the Owner's mortgage assistance.

W. Close-Out:

The homeowner's signature on the Certificate of Completion and Final Inspection indicates acceptance of the rehabilitation work as meeting the terms and conditions of the contract. If the homeowner refuses to sign the final acceptance, the inspector may authorize full payment for those items which are determined to be completed in compliance with the contract and all applicable codes pending the approval of the Department Director or his/her designee. Assistance is completed upon final acceptance by the Owner of completed work and Program authorization for final payment.

X. Conflict of Interest of Public Officials:

No elected or appointed Federal, State, and local official or any other public official or employee who exercises any functions or responsibilities in conjunction with the administration of Brevard County Housing and Human Services Department's Housing and Rehabilitation Program shall have any interest, direct or indirect, in the proceeds or benefits of the rehabilitation program.

Y. Kickbacks and Discounts:

No elected or appointed Federal, State, local official, or any other public official or employee shall receive kickbacks or discounts from either contractors or property owners in return for special favors.

Z. Subordination of County Liens:

1. Only requests that increase the affordability of the housing unit or assist a household with catastrophic medical expenses (for the lien holder or relative of the lien holder) not associated with consumer debt shall be considered.
2. Requests, which include the receipt of cash from the refinancing transaction, will not be considered.
3. A Homeowner requesting a subordination of the County's lien must make this request in writing, indicating the reason for the request. The County Manager or Designee must authorize any subordination requested. Staff will identify for the County Manager or Designee, the current status of the County's equity position, and the equity position if the subordination request is approved.
4. Clients must not be in default of the County mortgage.

5. The Homeowner may be charged any recording fees necessary for the subordination or included as part of their closing costs.

AA. Follow-up:

Annually random checks of homeowner's insurance and flood insurance (if applicable), the Brevard County Property Appraiser's and Tax Collectors websites will be made to ensure that the property remains the primary residence the eligible homeowner.

BB. Request for Determination

When a request is received concerning the status of an existing mortgage lien, whether for purposes of subordination, satisfaction, bankruptcy, or other similar purpose, the Housing and Human Services Department will evaluate the mortgage lien and adopt the current, approved policy. This action may result in amortization of mortgage balance, reduction of lien term, or satisfaction of mortgage.

CC. Satisfaction of Mortgage:

Upon satisfactory completion of the lien terms, a satisfaction of mortgage will be completed and filed with the clerk of the court after review of the County Attorney and approval of the County Manager or Designee.

A Homeowner seeking a satisfaction which includes a short payoff request (less than the total amount owed on the County's lien) must make this request in writing, indicating the reason for the request. Staff will identify for the County Manager or Designee, the current status of the County's equity position and any other applicable grant requirements. If all grant conditions are met and the reason for the request is acceptable, the County will accepted as its payoff, an equal percentage as that being accepted by the First Mortgage Holder (i.e., First Mortgage Holder has a Lien of \$100,000 and accepts 50% or \$50,000; Brevard County has a lien of \$40,000 and accepts 50% or \$20,000).

If the First Mortgage Holder is a Federal or State lending entity (i.e., Freddie Mac, Fannie Mae, Federal Housing Authority (FHA), VA Administration, Florida Housing Finance Corporation etc.) and its guidelines set a maximum allowable payoff, The County will accept the maximum allowable payoff for satisfactory completion of the County's lien. In cases where multiple Federal or State Lending entities have an interest in the property, the County will take an equal share of the maximum allowable payoff (i.e., FHA \$6,000; VA \$6,000 and Brevard County \$6,000).

DD. Appeals:

Any Applicant or client wishing to make a complaint or appeal a decision made by the Program shall be given a copy of the Department Approved Appeal Procedure. Applicants denied assistance for reasons not specified in this policy will have the right to appeal to the Affordable Housing Council.

If yes, name of other local government(s)	

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2021-2022, 2022-2023, 2023-2024.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must

follow these applicable statutes, rules and any additional requirements as established through the Legislative process.

- E. **Local Housing Partnership:** The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.
- F. **Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.
- G. **Public Input:** Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability
- H. **Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
- I. **Queue List/Priorities:** A queue list will be established when applicants apply to the county SHIP program. Those households on the queue list will be contacted by staff when their queue number is reached. The queue list will be maintained with applicants listed in an order that is consistent with the time that their preliminary intake forms were submitted. Queue numbers will be assigned based on that order. Adjustments to the queue order will be made to achieve any established funding priorities as described in this plan. Priorities for funding described herein apply to all strategies unless otherwise stated in the strategy. Once there is a list of eligible applicants, they will be ranked based on the priorities provided below.

Ranking Priority:

1. Emergency Loans for home repair related to a declared disaster that needs to be mitigated immediately to prevent damage or further damage to the home or to resolve an immediate health hazard to the occupants.
2. Special Needs Households (until the program's required percentage has been met)
3. Very low-income applicant referrals from local Non-profit Affordable Housing Organizations
4. Very low-income households (until the program's required percentage has been met)
5. Low- income (until the program's required percentage has been met)
6. Moderate income

All priorities being equal, the date and time that the application is received will determine the queue list number.

Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, religion, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits:

The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower, but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, Brevard County has, in place, a qualification system and selection criteria for applications for awards to eligible sponsors, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements.

Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs."

The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	SHIP program with the exception of the Purchase Assistance Program.	100%
Third Party Entity/Sub-recipient	Purchase Assistance Program	0%

- R. First Time Homebuyer:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

- S. Project Delivery Costs:** The maximum amount for project delivery shall not exceed 3 % per project for Emergency Repair, Owner Occupied Rehabilitation, and Demolition/Reconstruction strategy.
- T. Essential Service Personnel Definition:** ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.
