

Agenda Report

2725 Judge Fran Jamieson
Way
Viera, FL 32940

Consent

F.1.

2/11/2025

Subject:

Approval to apply for the Waste Tire Amnesty Program and execute associated agreement, modifications and amendments upon funding approval from the Florida Department of Environmental Protection (FDEP)

Fiscal Impact:

FY 2024-2025 - Estimated \$25,000 in-kind match for labor from Mosquito Control District funds (1090-258000); \$25,000 funding from FDEP for waste tire transportation and processing

Dept/Office:

Mosquito Control

Requested Action:

It is requested that the Brevard Mosquito Control District Board:

- 1) approve for the Mosquito Control District to apply for FDEP Waste Tire Amnesty Funding
- 2) authorize the County Manager to execute the funding agreement, future amendments and modifications, if funding is awarded by FDEP, upon review and approval by the County Attorney's Office, Risk Management, and Purchasing Services
- 3) authorize the County Manager to approve all associated budget change requests

Summary Explanation and Background:

FDEP has funding available to help reduce waste tires through tire amnesty events. Rainwater can accumulate in tires, thus creating substantial habitat for mosquitoes to lay eggs, which develop into flying, biting adult mosquitoes. This, in turn, increases the risk of mosquito-borne illnesses such as dengue and Zika viruses, and dog heartworm. Therefore, Mosquito Control routinely collects and transports illegally dumped tires to County Disposal Facilities.

Through this funding program, the FDEP will assist by reimbursing the cost of tire transportation and processing during amnesty events, which allow the public to dispose of waste tires free of charge. The Mosquito Control Department, in partnership with the Solid Waste Department and the Florida Department of Health in Brevard County, will oversee tire collection and disposal during such events, including transport to the appropriate landfill. Outreach education will be conducted at all events to inform residents of the public health risk that waste tires and other uncovered containers pose when left to fill with rainwater in their neighborhoods. As an added incentive, residents will have the opportunity pick up native mosquitofish when they drop off tires to further assist in Brevard County's environmentally friendly mosquito and disease management efforts.

Clerk to the Board Instructions:

Please call the Mosquito Control Department at 321-264-5032 when the Board Action is ready for pick up.

TO: Joseph Faella, Mosquito Control Director

RE: Item F.1., Approval to Apply for the Waste Tire Amnesty Program and Execute Associated Agreement, Modifications and Amendments upon Funding Approval from the Florida Department of Environmental Protection (FDEP)

The Board of County Commissioners, in regular session on February 11, 2025, approved the Mosquito Control District to apply for FDEP Waste Tire Amnesty Funding; authorized the County Manager to execute the Funding Agreement, future amendments and modifications, if funding is awarded by FDEP, upon review and approval by the County Attorney's Office, Risk Management, and Purchasing Services; and authorized the County Manager to approve all associated Budget Change Request.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

Kimberly Powell, Clerk to the Board
