### Fiscal Impact:

The estimated expenditures to procure these commodities and services are based upon historical use by County Departments and Offices and are within the County's Adopted FY 2023-2024 Operating and Capital Budget.

### Dept/Office:

Central Services/Purchasing Services

### Requested Action:

It is requested that the Board of County Commissioners authorize Purchasing Services to coordinate the following procurement actions included in the County's Adopted FY 2023-2024 Operating and Capital Budget:

1. Solicit competitive bids, quotes, and negotiate competitive agreements, and award to the lowest, responsible, and most qualified vendor(s); and
2. Solicit competitive proposals and requests for qualifications, establish selection and negotiation committees approved by the County Manager, and award to the highest ranked proposer(s); and
3. Exercise renewal options upon evaluation of the supplier's performance and recommendation from the user Department or Office; and
4. Approval for the County Manager to award and execute contracts, contract renewals, contract amendments, contract extensions, and purchase orders subject to the review and approval of the County Attorney's Office, Risk Management, and Purchasing Services.

### Summary Explanation and Background:

The Board Policy BCC-25, "Procurement," requires the Board's approval of procurement of over \$200,000 or that has not been specifically identified in the County's Adopted FY 2023-2024 Annual Operating and Capital Budget. Prior to the beginning of each fiscal year, Purchasing Services and Departments and Offices work together to develop an Annual Bid/Quote/Proposal List (BQP) for the Board's approval. Departments and Offices estimated their annual procurement requirements for the items listed on the BQP and are grouped by category for these commodities to develop a procurement process that achieves savings using a formal competitive process. The annual competitive process establishes a source, an estimated annual expenditure, and a performance period on high-volume, repetitive materials, and continuing services.

Procurement of professional consultants will be solicited in accordance with Board Policy BCC-26, "Acquisition of Consultant Professional Services," and Section 287.055, Florida Statutes. The Board's Policy and Florida

Statutes allow the County to enter continuing contracts for professional services for projects in which the estimated construction costs do not exceed \$4 million per project or individual study under a contract doesn't exceed \$500,000.

Additionally, approval of the BQP by the Board will grant permission to purchase routinely used commodities and services, provide negotiation of competitive agreements and/or discounts establish a firm source period, and price on high-volume materials and services, significantly reducing the number of repetitive, expensive daily purchase transactions through the utilization of open purchase orders. The evaluation of renewal options will utilize factors such as market data, level of competition available, inflation, and vendor performance. Departments and Offices along with Purchasing Services will document recommendations for exercising renewal options in the official solicitation's files.

Approval of the BQP minimizes administrative costs by reducing and consolidating the Board's actions for competitive procurement of commodities and services that ensure efficient use of available funds and timely procurement of commodities and services. The estimated costs associated with the commodities and services in the BQP are allocated to individual Departments and Offices based on the Board's FY 2023-2024 Adopted Annual Operating and Capital Budget.
