Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

EXECUTIVE SUMMARY

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Annual Action Plan for Fiscal Year 2020-2021 provides a description of the activities Brevard County will undertake between October 1, 2020 and September 30, 2021 utilizing the County's Community Development Block Grant Program and Home Investment Partnerships Program funds awarded to the Brevard County Home Investment Partnerships Program Consortium.

These activities will address priority needs and objectives identified in the Fiscal Year 2016-2020 Consolidated Plan.

The Brevard County Home Investment Partnerships Program Consortium is a legal entity created through an intergovernmental agreement between Brevard County and the cities of Titusville, Cocoa, Melbourne and Palm Bay. Home Investment Partnerships Program funds are awarded through the HOME Consortia Participating Percentage Members Report. The Consortium's mission is to increase the supply of decent, safe and affordable housing for low to moderate income persons living in Brevard County. The Consortium provides leadership in preparing plans, reports, developing policies and procedures, and providing program solutions to address affordable housing challenges in Brevard County. As the lead entity, Brevard County receives Home Investment Partnerships Program funds on behalf of the Consortium and contracts with each city individually. Home Investment Partnerships Program funds can be used for activities that promote affordable rental housing and homeownership for lower income households, including acquisition, new construction and reconstruction, moderate and substantial rehabilitation, homebuyer assistance and tenant-based rental assistance. Each municipality within the Consortium is a Community Development Block Grant entitlement community and therefore develops individual plans and receives Community Development Block Grant funds separately from the United States Department of Housing and Urban Development. The United States Department of Housing and Urban Development requires that both the Home Investment Partnerships Program Consolidated Plan, Annual Action Plan, Consolidated Annual Performance and Evaluation Report, and Community Development Block Grant Plans be submitted together.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Community Development Block Grant program has a primary objective of developing viable communities by providing decent housing, a suitable living environment, and economic opportunities that principally benefit persons of low and moderate income. Funds can be used for a wide array of activities including capital improvements, lead-based paint detection and

DRAFT

removal, demolition and land clearing, economic development, construction or rehabilitation of public facilities, and public services. The Home Investment Partnerships Program has a primary objective of providing affordable housing to low and moderate income persons. Funds can be used for affordable housing activities such as down payment and closing cost assistance, rental assistance, new construction development, site acquisition and rehabilitation, and owner-occupied housing rehabilitation or reconstruction.

To the greatest extent feasible, the Annual Action Plan focuses on the goals of the Consortium as they pertain to the preservation and development of affordable housing in the Consortium service area, as well as community development projects and public service programs in the County's unincorporated Community Development Block Grant strategy areas. The objectives and outcomes are:

- Improve access to affordable housing through purchase assistance; work with non-profit, for profits and Community Housing Development Organizations to purchase and/or rehabilitate existing units for sale or rent.
- Improve access to affordable housing by promoting fair housing education.
- Improve access to affordable housing by offering rental assistance.
- Improve the quality of owner-occupied housing through rehabilitation programs, which will provide sustainability to the resident and neighborhood.
- Increase the availability of community development in neighborhood strategy areas through projects which improve the quality of life and provide safer living environments.
- Increase accessibility through neighborhood public service programs to improve health care, educational opportunities and promote self-sufficiency.
- Increase performance and accountability through evaluation.
- Improve quality of life through client education about lead based paint and asbestos hazards (testing and mitigation will be done when necessary).
- Promote and support facilities and services for the homeless and those that are threatened with homelessness.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In addition to receiving Home Investment Partnerships Program and Community Development Block Grant funds, the Consortium utilized additional resources to help address housing and community development needs. Last year, the Consortium focused on stabilizing neighborhoods and infrastructure, and promoting affordable housing in Brevard County's low-income communities. The accomplishments included 2 newly constructed rental units, 5 purchase assistance homes, 207 fair housing educational units, 5 rehabilitated owner-occupied homes, and Tenant Based Rental Assistance was provided to 8 families. Additionally, the County completed construction on the West Canaveral Grove waterline project using Section 108 Loan funds, 1 dilapidated unit was demolished and several public facility and infrastructure improvement

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The Consortium recognizes the benefit of citizen participation and consultation as an essential component in the implementation of the Annual Action Plan. The Consortium's participation process began with each member holding public meetings and/or hearings throughout their jurisdictions. This approach provides for a range of opportunities for citizens to participate in the process.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Brevard County Housing and Human Services Department serves as the Consortium's lead agency for planning and coordinating the implementation of the Annual Action Plan. The Consortium will continue its effort to consult with other public and private agencies that provide; housing assistance, health and social services, fair housing assistance (including those focusing on services to children, elderly persons, persons with disabilities, and persons who are homeless or threatened by homelessness).

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Consortium will continue to work in collaboration with non-profit and for-profit partners to carry out the goals addressing the needs of homeless persons in this Annual Action Plan, as well as to strengthen partnerships and build capacity with programs and agencies. The Brevard Homeless Coalition is a good example of developing and strengthening the Consortium's institutional structure. Each year, the Brevard Homeless Coalition continues to expand their service area by including more agencies. There are now more than 50 non-profit and governmental agencies in Brevard County who belong to the Brevard Homeless Coalition, including members of the Consortium. The Brevard Housing Coalition membership includes housing providers, health services, social service providers, and private/public agencies that address low income needs, as well as systems of care and correction programs. The Brevard Housing Coalition meets monthly to discuss issues that pertain to housing and non-housing needs of low-income citizens and homeless individuals and families through networking and coordination of funding opportunities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by Emergency Solutions Grant funds, and develop funding, policies and procedures for the operation and administration of HMIS.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Consortium primarily utilizes State Housing Initiatives Partnership Program funds for the mandatory 25% local match requirement for Home Investment Partnerships Program funds. If necessary, other non-federal funding sources may be used.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Brevard County, City of Titusville and City of Cocoa have municipal-owned properties that are suitable for housing and set aside for future infill housing units. When possible, lands are donated to affordable housing developer(s) and may be used by Community Housing Development Organization(s) to construct short term and/or long-term affordable housing. The City of Cocoa is currently in the process of building six homes for female veterans in partnership with the Diamond Square Community Redevelopment Agency and Habitat for Humanity.

Assigning the priorities was based in large part on community input from the surveys and public meetings used to set priorities in developing the 2016-2020 Consolidated Plan and fifth year Annual Action Plan. When funding is available, the County has a Request for Proposal process wherein eligible applicants submit a proposal (or proposals) or needed activities identified and prioritized in their communities.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

Brevard County is served by three Public Housing Authorities: The Housing Authority of the City of Titusville, which serves the City of Titusville; City of Cocoa Housing Authority, which serves the City of Cocoa; and the Housing Authority of Brevard County (including the Melbourne Housing Authority), which serves the City of Melbourne and the unincorporated areas of Brevard County. All three Housing Authorities offer a variety of supportive activities. Residents are encouraged to participate in resident council meetings.

Actions planned during the next year to address the needs to public housing

The three Public Housing Authorities anticipate ongoing building maintenance, modernization and repair in order to improve living environments in all of the Public Housing Authority units throughout Brevard County. The Public Housing Authorities continue to aggressively pursue grant opportunities in order to meet the needs of these housing units and increase the availability and/or improve public housing units. Each of the Public Housing Authorities are invited to attend the County's Affordable Housing Council meetings. The three Public Housing Authorities are also notified of current Request for Proposal processes, including funding opportunities for hurricane mitigation or repair. The Public Housing Authorities have benefited from grants which were approved in previous fiscal years.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Consortium members will support the Housing Authorities Annual Plans and provide a variety of activities during the year to encourage public housing residents to become self-sufficient and participate in homeownership. These activities include: promoting purchase assistance, inviting housing authority staff to advisory council meetings, participating in consolidated and annual action planning activities, and notifying housing authority staff and residents of social service programs which would benefit residents.

If the Public Housing Authority is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

Brevard County is a member agency of the Brevard Homeless Coalition. Coalition members are working collectively to implement the changes identified in the HEARTH Act. The Brevard Homeless Coalition annually submits a response to the United States Department of Housing and Urban Development Notification of Funding Availability for Continuum of Care Homeless Housing Assistance Programs, part of the McKinney-Vento Homeless Assistance Act. The Brevard Homeless Coalition's strategic planning statement was modeled on the 2010 U.S. Interagency Council on Homelessness' adopted plan "Opening Doors." This federal plan established four national goals:

- Finish the job of ending chronic homelessness
- Prevent and end homelessness among veterans
- Prevent and end homelessness for families, youth and children, and
- Set a path to end all types of homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Goal 1: Lead, Collaborate, Engage

- Expand Effectiveness of Coordinated Assessment by encouraging and incentivizing participation and utilization of the CHAT Process
- Maintain and expand upon recent improvements in local/private funding for coalition efforts to maximize alternative funding that allows for innovation
- Increase BHC stakeholders to bring business leaders into the BHC

Goal 2: Build Capacity

- Support and grow the efforts of the Affordable Housing Committee to partner financial institutions and housing developers to increase the inventory of affordable housing in Brevard
- Coordinate efforts of the COC in development of relationships with private landlord and find ways to support private landlords to make it practical and in their interest to lease to low income families and individuals
- Work with local governments to implement new development practices that set aside more units for affordable housing.

Goal 3: Improve Performance Measures

- Partner with local university to research and provide metrics regarding the cost of homelessness on law enforcement, courts, jails, Medicaid, hospitals, schools, and child welfare

Annual Action Plan 2020

in Brevard

- Fortify the Point in Time Count, engaging the full community, including the school system and the faith community, in order to get accurate data on the extent of homelessness and its full impact in Brevard
- Build upon the success of the Performance Measures committee in collecting and analyzing agreed upon metrics by ensuring data is complete and consistently communicated to all stakeholders

Goal 4: Increase Access to Affordable Housing

- Expand Shelter Options utilizing local funds and private grants to divert people from homelessness, connect to housing and/or longer-term services to the elderly and transition-aged youth.
- Work with private landlords, offering damage mitigation fund, and other incentives to increase accessibility to individuals and families experiencing homelessness
- Increase commitments from local housing authorities, local philanthropic giving, and other stakeholders targeting access to affordable housing
- Integrate VA Homeless Outreach assistance with the BHC coordinated assessment process, improve efficiency and decrease the incidents, frequency and duration of homelessness among Veterans and other target populations

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Brevard County Home Investment Partnerships Program Consortium will continue to utilize the Community Development Block Grant program to fund public service activities that will address the needs of homeless persons. The Coordinated Assessment process for the Brevard Homeless Coalition includes a Front-Line/Diversion Specialist and specialized crisis response and diversion assistance to individuals and families at risk of or experiencing homelessness. The Front-Line/Diversion Specialist provides the manpower for tracking frontline interactions and follow-up; and will assess with the Vulnerability Index & Service Prioritization Decision Assistance Tool and make referrals to an emergency shelter. The Coordinated Assessment is responsible for coordinating frontline housing crisis response across Brevard County, including targeted street outreach, diversion, and discharge planning functions. The Coordinated Assessment process also has a Coordinated Housing Assessment Team Leader that works with the Housing Outreach Team Leader and together collaborate to house those with the highest priority housing need. Housing case managers meet weekly with the leaders for housing placement of those with the highest acuity on their assessment.

Addressing the emergency shelter and transitional housing needs of homeless persons

Short term emergency services such as food, shelter, utility assistance, and rental payments will be provided through various Consortium programs and partnerships with non-profit organizations.

DRAFT

Programs will be funded and collaborations formed to address childcare needs, homeless prevention, safe, decent and affordable rental and homeownership assistance. Educational programs, job training, job placement services, and various other self-help programs will be in place to assist with providing necessary tools to meet self-sufficiency goals. In addition to supporting community-wide efforts as described above, the County and the Consortium will use Community Development Block Grant and Home Investment Partnerships Program funds to support a variety of activities that are specifically designed to help low- and moderate-income persons and families break the cycle of poverty. These activities may include the following support programs such as: youth services, an emergency food program, subsidized child care, and housing stabilization. In addition, the Brevard Homeless Coalition engages the Outreach teams of National Homeless Veteran's Support, Volunteers of America, Crosswinds and the Veteran's Administration when they attend a weekly Coordinated Housing Assessment Team meeting to help engage and house those who are the highest acuity. Also, through United States Department of Housing and Urban Development funding, Crosswinds Youth Services Inc. maintains staff that provides outreach for those youth who are homeless in Brevard. National Homeless Veterans Support provides outreach for all homeless in the northern part of Brevard County, Central Brevard Sharing Center for the central part of Brevard County, and Daily Bread along with South Brevard Sharing Center provide outreach for the southern end of Brevard County.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In an effort to increase the number of permanent supportive housing beds, the Brevard Homeless Coalition will review and implement a "Housing First" methodology as an alternative to the current system of emergency/transitional housing, which tends to prolong the length of time that families remain homeless. This methodology is premised on the belief that vulnerable and at-risk families are more responsive to interventions and social services support after they are established in their own housing, rather than while living in temporary transitional or housing programs. This approach puts an emphasis on securing additional funding for permanent supportive housing.

The Brevard Homeless Coalition works in partnership with the Housing Authority to provide Permanent Supportive Housing for individuals and families with disabilities, and provides a landlord risk/mitigation fund to encourage private landlords to work with recipients of housing vouchers.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from

public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Brevard Homeless Coalition includes in its membership institutional agencies with discharge policies. Brevard Homeless Coalition leadership has contacted agencies such as the Brevard County jails and medical facilities who have discharge policies to initiate discussions on those policies. It has been determined that they all have discharge policies and have working relationships with various members of the Brevard Homeless Coalition. In addition, the Brevard Reentry Task Force, a subcommittee of the Brevard Homeless Coalition, has a mission to reduce crime and recidivism by educating the public, encouraging communication and engaging community resources for all persons whose lives have been affected by the criminal justice system.

Brevard Homeless Coalition members in receipt of McKinney-Vento Act funds do not accept clients who are discharged from institutions into their transitional housing programs.

Introduction

The Consortium members will continue to work with their respective Planning and Zoning Departments to review and improve policies which affect affordable housing in their respective Comprehensive Plans, as needed.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Actions to address barriers to affordable housing will include:

- Implementation of housing assistance programs more fully described in specific housing objectives in this Action Plan. These programs are designed to make housing more affordable, create new housing opportunities and improve access to housing for low-income persons.

Actions planned to address obstacles to meeting underserved needs

The County and the Consortium will continue to collaborate with human and social service agencies and the Brevard Homeless Coalition to identify potential resources for meeting the needs of residents. During fiscal year 2020, the County will take the following actions: continue to provide funds for purchase assistance, owner-occupied and rental housing; participate in planning and coordination of efforts to build better communication and understanding of agencies in the County; continue its support and cooperation with Brevard Housing Coalition; and provide assistance for residents who are at risk of becoming homeless.

Actions planned to foster and maintain affordable housing

The Consortium will allocate fiscal year 2020 Home Investment Partnerships Program funds to foster and maintain affordable housing through the creation and maintenance of 58 units of housing.

Actions planned to reduce lead-based paint hazards

The Consortium will continue to implement the Lead Safe Housing Rule and will ensure all homes built prior to 1978, are inspected by qualified hazard evaluation professionals and all mediation is performed by certified lead hazard contractors. The housing inspectors will take note of flaking or chipping paint. If lead-based paint is found, a certified professional will be consulted.

Actions planned to reduce the number of poverty-level families

The County and the Consortium will use Community Development Block Grant and Home Investment Partnerships Program funds to support a variety of activities that are specifically designed to help low- and moderate-income persons and families break the cycle of poverty. These activities include the following support programs: Youth services, senior nutrition, youth transportation, an emergency food program, subsidized child care, victims of domestic violence and aftercare housing stabilization. Additionally, Brevard County Housing and Human Services Department and the Consortium work in partnership with many for profit and non-profit developers utilizing State Housing Initiatives Partnership and federal Home Investment Partnerships Program funding to expand housing opportunities for residents living in poverty.

DRAFT

Brevard County's Housing and Human Services Department serves as the Consortium's lead agency for planning and coordinating the implementation of the Annual Action Plan. The Consortium will continue its effort to consult with the Brevard Homeless Coalition and other public, private, and non-profit agencies that provide assisted housing, health and social services, and fair housing services. The Consortium utilizes Home Investment Partnerships Program and Community Development Block Grant funds to promote fair housing throughout the county. The members of the Consortium partner with a local fair housing agency dedicated to the elimination of housing discrimination to ensure that Brevard County residents have equal access to housing opportunities. The Brevard County Space Coast Government Television runs two (2) ads entitled "Wanted Everywhere Else", a public service announcement and "7 Days in April", which chronicles the history of the Fair Housing Act. The public service announcement rotates multiple times over a monthly basis. Clear Channel Outdoor Radar ran a digital Fair Housing Campaign on seven digital billboards for twelve weeks throughout the County. They also placed Fair Housing Public Service Announcements on 3 public transportation buses that serviced the entire County.

Actions planned to enhance coordination between public and private housing and social service agencies

A public service agency priority needs survey was developed and mailed out to many social service, health, and housing organizations in the County to gather input as to the needs and gaps within existing services as part of the Consolidated Plan process. Those needs were summarized and used by the County to plan housing and social service programs. The County and the Consortium will continue efforts to enhance coordination and partnerships between public and private housing, health, and social services agencies throughout Brevard County. Through the regular meetings of the Affordable Housing Council and the Community Development Block Grant Advisory Boards, there is an opportunity for interested citizens and agencies to make presentations and discuss issues concerning coordination of housing, health, and social service needs.
