

AGENDA REPORT
July 23, 2019

Sykes Creek Bridge Repair, Dist. 2

SUBJECT:

Sykes Creek Bridge Repair, Dist. 2

DEPT/OFFICE:

District 2

REQUESTED ACTION:

It is requested that ACM John Denninghoff (or his designee) update the Commission with pertinent history, anticipated timeline and known options for expediting the project. It is additionally requested that the Commission authorize Commissioner Lober to draft and send one or more letters to the Brevard County Legislative delegation, FDOT, and/or FEMA in order to encourage that the reopening process be expedited for the benefit of constituents.

SUMMARY EXPLANATION and BACKGROUND:

The closure of the Sykes Creek Bridge and Sea Ray Drive in Merritt Island is negatively affecting local businesses. Under current plans, reopening would likely occur no sooner than the spring of 2021. While the County must follow the federal procurement process to be eligible for FEMA funds, a board discussion may lead to action that could conceivably expedite the process.

MEMORANDUM

TO: Commissioner Bryan Lober, District 2

RE: Item J.4., Sykes Creek Bridge Repair

The Board of County Commissioners, in regular session on July 23, 2019, authorized you to draft and send one or more letters to the Brevard County Legislative Delegation, Florida Department of Transportation (FDOT), and/or Federal Emergency Management Agency (FEMA) in order to encourage that the reopening process of the Sykes Creek Bridge be expedited, to whatever degree is possible, so that the constituents can get their businesses more accessible.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
SCOTT ELLIS, CLERK

Tammy Rowe

Tammy Rowe, Deputy Clerk

cc: Assistant County Manager Denninghoff

PETITION TO GET SYKES CREEK BRIDGE REPAIRED!

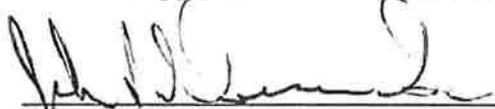

"Sykes Creek Bridge" located on Sea Ray Drive, has been out of commission since Hurricane Irma 2017. There is no date in sight as to when the bridge will be fixed. It is a deterrent to all customers of Island Dockside Restaurant, Harbortown Marina Canaveral, and other businesses on Sea Ray Drive. Every week, visitors are trapped on the wrong side of the bridge due to wrong GPS directions, which creates massive confusion, frustration, and lost business. This loss of business is detrimental to family-owned establishments like Harbortown Marina and Island Dockside Restaurant.

In addition to limited access to serve our customers, We believe Sea Ray Drive is a necessary evacuation route in the event of emergency. As the owners of Harbortown Marina, we know our vendors, boat owners and employees are all forced to only one exit. Traffic headed in a Northern direction is forced to enter/exit Highway 528, which does not have traffic lights and is crowded from the huge cruise boats in the Port Canaveral area.

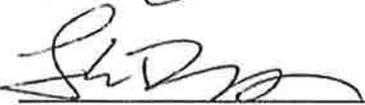

This area continues to rapidly grow and the bridge needs to be open to keep up with the traffic demands. There are cruise parking lots being prepped on N Courtney Parkway, Smith Rd. and adjacent to the Barge Canal totaling 15+ acres. This increase in traffic will overload 528 exits and entrance ramps with traffic. Sea Ray Drive would allow more relief if the Sykes Creek Bridge was open.

Please hear our plea and get this bridge fixed before something worse happens!

-Jan & Michael Chnupa (Owners of Harbortown Marina)
with support from Island Dockside at Harbortown, Boat Owners and our local vendors"
