Viera, FL 32940

Public Hearing

H.1.

8/27/2024

Subject:

Resolution Re: Adoption of a Schedule of Rates and Charges for Hazardous Materials Special Operations Team, Standby Response, Fire Prevention and Inspection Rates.

Fiscal Impact:

Proposed rate changes for Hazardous Material Response and Fire Prevention Fee Schedules include a three percent (3%) increase from the previous fiscal year, with adjustments rounded up to the nearest whole dollar. Additionally, Standby Response Fees will be updated in accordance with the most recent FEMA Schedule of Equipment and current labor rates, also rounded up to the nearest whole dollar.

Dept/Office:

Public Safety Group: Brevard County Fire Rescue

Requested Action:

It is requested that the Board of County Commissioners adopt the Annual Hazardous Materials Special Operation Team Schedule of Rates, Standby Response Rates, and the Fire Prevention and Inspection Special Rates for the Fiscal Year beginning October 1, 2024.

Summary Explanation and Background:

The proposed Schedule of Rates and Charges for the annual Hazardous Materials Response for FY 2024-2025 requests a three percent (3%) increase from the previous fiscal year, with adjustments rounded up to the nearest whole dollar. The Fire Prevention and Inspection rates for FY 2024-2025 reflect a three percent (3%) increase from the prior fiscal year, with adjustments rounded up to the nearest whole dollar. Additionally, the proposed adjustments to the Standby Response Rates are designed to align with the most current FEMA Schedule of Equipment and current labor rates, where applicable.

Clerk to the Board Instructions:

Please forward fully executed resolution to the Fire Rescue Department, Attn: Janine Ernst, with a copy to the County Attorney's Office.

Kimberly Powell, Clerk to the Board, 400 South Street • P.O. Box 999, Titusville, Florida 32781-0999

RE: Item H.1., Adoption of a Schedule of Rates and Charges for Hazardous Materials Special Operations Team, Standby Response, Fire Prevention and Inspection Rates

The Board of County Commissioners, in regular session on August 27, 2024, adopted Resolution No. 24-076, adopting the Annual Hazardous Materials (Haz-Mat) Special Operation Team Schedule of Rates, Standby Response Rates, and the Fire Prevention and Inspection Special Rates for the Fiscal Year beginning October 1, 2024. Enclosed is the fully-executed Resolution.

Your continued cooperation is always appreciated.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
RACHEL M. SADOFF, CLERK

Kimberly Powell, Clerk to the Board

RESOLUTION NO. 24 - 076

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS ADOPTING A SCHEDULE OF RATES, AND CHARGES FOR HAZ-MAT SPECIAL OPERATIONS TEAM, STANDBY RESPONSE, FIRE PREVENTION AND INSPECTION FEES, IMPOSED AGAINST ALL IMPROVED REAL PROPERTY WITHIN THE BENEFIT AREA OF BREVARD COUNTY FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2024.

WHEREAS, Brevard County Fire Rescue, through its Special Operations Team, is required to mitigate hazardous materials and/or technical rescues Countywide; and

WHEREAS, the Brevard County Board of County Commissioners desires to collect reasonable fees from those responsible for the incidents; and

WHEREAS, Brevard County Ordinance No. 87-32, as codified at Section 50 of the Brevard County Code, authorizes the Brevard County Board of County Commissioners to establish a schedule of fees and charges for Fire Prevention and Fire Inspection services, as it is in the best interests of the citizens of Brevard County that those who benefit from the services should bear some of the expense associated with the services; and

WHEREAS, Section 42 of the Brevard County Code authorizes the collection of fees and charges for Haz-Mat Special Operations and Stand-by response; and

WHEREAS, on September 5, 2023, the Brevard County Board of County Commissioners adopted Resolution 23-086 setting forth the current schedule of rates and charges for Haz-Mat Special Operations, Standby Response, Fire Prevention and Inspection Fees; and

WHEREAS, the Brevard County Board of County Commissioners determines that the schedule of rates, assessments and charges for Haz-Mat Special Operations, Standby Response, Fire Prevention and Inspection Fees adopted in Resolution 23-086, the adopted rate adjustments for Fiscal Year 2024-2025 shall include the most current published vehicle rates established by the Federal Emergency Management Agency and labor costs that reflect the most current collective bargaining agreement hourly pay including overtime and benefits (FEMA) as discussed below; and

NOW, THEREFORE, BE IT RESOLVED by the Brevard County Board of County Commissioners:

Section 1. FINDINGS. It is ascertained, determined and declared that:

- a) The cost of the Fire Services program is defined as the amount of revenues needed to fully fund the: 911 response of fire engines to emergencies, the Fire Prevention Bureau, and associated direct and indirect costs incurred for support of those programs.
- b) Rates for the Haz-Mat Response by the Special Operations Team increase by three percent (3%) rounded up to the nearest whole dollar for Fiscal Year 2024-2025.

- c) Rates for Stand-by Response will be adjusted to reflect the most current published vehicles rates established by the Federal Emergency Management Agency (FEMA). Rates for personnel may be adjusted to reflect the maximum rate of each job classification that is routinely needed to staff the corresponding vehicle or as deemed necessary by the County Fire Chief. Personnel rates shall include the overtime rate and applicable benefits.
- d) Rates for Fire Inspection and Plan Review will increase by three percent (3%) rounded up to the nearest whole dollar for Fiscal Year 2024-2025.

Section 2. SPECIAL RATES. The Board of County Commissioners does adopt the schedule of rates for the Haz-Mat Response, Stand-by Response and Fire Prevention and Inspection rates, effective October 1, 2024, through September 30, 2025, set forth in Schedule "A".

Section 3. SPECIAL RATES DEFINITIONS. For the purpose of this schedule of rates for the Fire Services Special Rates, the following definitions shall apply:

- (a) Hazardous Material Response (Haz-Mat): Refers to any response of Brevard County Fire Rescue's Special Response Team in order to provide emergency mitigation to any spill, leak, and/or any other discharge of any product which may be dangerous to the safety and health of humans, animals, and or the environment. Additionally, any response by this Team in order to provide specialized technical rescue involving greater training and/or equipment then is otherwise provided by the usual and customary Brevard County Fire Rescue Engine and/or Truck response. Said fee will be charged to the responsible party for the cause of the emergency event.
- (b) Stand-by Response: Refers to any dedicated stand-by provided by any emergency vehicle. The purpose of this stand-by may be to provide emergency medical services, fire suppression services and/or ocean rescue services to a special event. The requirement(s) for a stand-by is solely reserved to the County Fire Chief and/or their designee. An event provider/promoter may also request a stand-by. Said stand-by fee will be charged to the party responsible for the special event. The County Fire Chief reserves the rights to impose a ten percent (10%) administrative fee for any event in which requires formal planning.
- (c) Fire Prevention and Inspection Rates: Refers to the charges applied to property owners for the provision of annual and new construction evaluation, review and inspections.

Section 4: SEVERABILITY: If any section, subsection, sentence, clause, phrase or portion of this Resolution is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portion of this Resolution. To the extent allowable by law or judicial decision, in the event any exemption, partial exemption, or credit provided for in this resolution is determined to be invalid for any reason, the Board directs the County Manager to transfer sufficient monies from a reserve or contingency fund, as a loan to be repaid from future assessments or other

revenue sources, to provide funding for the portion of the fire services budget represented by the revenues that would have been collected if the exemption had not been enacted.

Section 5: EFFECTIVE DATE: This Resolution shall take effect October 1, 2024.

Done and Adopted in regular session by the Brevard County Board of County Commissioners, this 27th day of August, 2024.

ATTEST:

By:

Rachel M. Sadoff, Clerk

BOARD OF COUNTY COMMISSIONERS OF
BREVARD COUNTY, FLORIDA

By:

Jason Steele, Chair

As approved by the Board on: 8-27-2024

Reviewed for legal form and content:

Assistant County Attorney

SCHEDULE "A"

ANNUAL FIRE SERVICES SPECIAL RATES AND CHARGES OCTOBER 1, 2024 THROUGH SEPTEMBER 30, 2025

SECTION 1: HAZ-MAT RESPONSE: (Charges will be levied against the responsible party requiring the Special Operations Team)

- (a) Level I – Routine Emergency Condition – \$258/hour per special operations unit
 - 1) Normally controlled by first responders, minimal degree of hazard
 - 2) No evacuation required, other than immediate incident area
 - 3) Full protective equipment (turnouts) is adequate for response
 - 4) Minor decontamination may be needed for responders requiring the response of the Special Operations Team
 - 5) Also included are standbys for hazardous material removals and tech rescue standbys (confined space operations)

- (b) Level II – Limited Emergency Condition - \$515/hour per special operations unit
 - 1) More serious situation; greater quantity or higher degree of hazardous substance involvement; situation poses a potential threat to life and the environment
 - 2) May involve a limited evacuation
 - 3) Level B protective equipment is adequate for response
 - 4) Decontamination may be needed for responders requiring the response of the Special Operations Team
 - 5) Possible involvement of Department of Natural Resources and Department of Environmental Protection

- (c) Level III – Large-Scale Emergency Condition - \$773/hour per special operations unit
 - 1) Incident involves a large quantity of an extremely hazardous substance, a high degree of toxicity, the potential for major fire and/or explosions, or potential for a large area to be affected; situation poses a major threat to life, property, and/or environment
 - 2) Evacuation of citizens may be required
 - 3) Level B or Level A encapsulated protective equipment is adequate for response
 - 4) Decontamination may be needed for responders requiring the response of the Special Operations Team
 - 5) Other Federal, State and local agencies may be notified and requested for assistance.

- (d) Level IV – Full Emergency Condition - \$1,030/hour per special operations unit
 - 1) Large quantity of extremely hazardous, toxic substance has been released with the potential for massive fire, explosions, and/or severe environmental and

property damage; situation poses a major, long-term threat to life, property, and/or the environment

- 2) Full evacuation of citizens may be required
- 3) Level A encapsulated protective equipment is adequate for response
- 4) Decontamination may be needed for responders requiring the response of the Special Operations Team
- 5) Other Federal, State and local agencies may be notified and requested for assistance.

- (e) Any company or agency both public and private wishing to or listing Brevard County Fire Rescue as their emergency respondent will have to pay a Fee of \$515.00 dollars per facility per year, to use the Brevard County Special Operations Team. If equipment or personnel are required for a stand by or emergency response to a facility, then the rates listed above will be used for the operation. An example of a requirement: Permit Required Confined Space Operations, 29 Code of Federal Regulations (CFR) 1910.146(f)(11), "The rescue and emergency services that can be summoned and the means (such as the equipment to use and the numbers to call) for summoning those services".

SECTION 2: EMS NON-EMERGENCY TRANSPORT PENALTY for Nursing Homes will be double the cost of ambulance bill for that patient, to be paid by Nursing Home.

SECTION 3: STANDBY RATES:

The rates below are examples based on FEMA rates for vehicles and BCFR projected personnel overtime costs for labor rates. Final fee assessed shall be determined by the level of service(s) provided.

- (a) Fire Engine with 3-person Advanced Life Support (LT, 1FM, 1FE):
- 1) Labor \$158.32
 - 2) Vehicle \$173.47
- Total per hour \$331.79
- (b) Ladder Truck with 4-person Advance Life Support (LT, FM, FE, FE)
- 1) Labor \$203.18
 - 2) Vehicle \$220.55
- Total per hour \$423.73
- (c) Ambulance with 2-person Advance Life Support (2 FM)
- 1) Labor \$107.40
 - 2) Vehicle \$48.32
- Total per hour \$155.72

- (d) Water Tender with 1-person (FM)
 - 1) Labor \$53.70
 - 2) Vehicle \$128.24
 - Total per hour \$181.94

- (e) Brush Truck with 2-person crew (LT, FM)
 - 1) Labor \$113.46
 - 2) Vehicle \$156.74
 - Total per hour \$270.20

- (f) All-Terrain Vehicle (ATV) or Jet Ski (Lifeguard Captain, Shift Supervisor)
 - 1) Labor \$100.75
 - 2) Jet Ski \$34.32
 - 3) ATV \$19.07
 - Total per hour \$154.14

SECTION 4: NEW CONSTRUCTION PLAN REVIEW (SITE DEVELOPMENT) AND INSPECTIONS:

Florida law requires the fire department to perform plan review and new construction inspections on multi-family residential structures with three or more dwelling units and all commercial property. Proposed site plans are reviews for access, firefighting water, wildland (urban/rural) interface, and certain property setbacks for fire safety. Subdivisions also require a similar review and site inspection to ensure water and access requirements are met. The rates for site development reviews are as follows.

(a) Pre-Application Review and Meeting	\$103.00
(b) Site Plan Initial Review (includes first revision)	\$103.00
(c) Each Subsequent Site Plan Revision	\$52.00
(d) Subdivision Initial Review (includes first Revision)	\$155.00+\$2/lot
(e) Each Subsequent Subdivision Revision	\$52.00
(f) Alternate Water Supply	\$103.00
(g) Re-Inspection Fee	\$42.00

SECTION 5: BUILDING PROJECT REVIEW AND INSPECTIONS:

Residential projects with three or more dwelling units and all commercial projects require building permits. Technical assistance may be necessary on certain projects and the fire prevention plan review may need to be performed by an independent third party with expertise in the matter to be reviewed at the submitter's expense. This provision is defined in the Florida Fire Prevention Code. The independent reviewer shall provide an evaluation and recommended necessary changes of the proposed design, operation, process, or new technology to the Fire Prevention Office. Should it be necessary to exercise this provision the permit and inspection fees still apply.

The rates for Building Reviews and Inspection Fees are as follows:

- | | |
|--|--|
| (a) Building Projects
(Value equals the construction value or latest ICC Building Valuation Table construction value, whichever is greater) | \$52.00 + value X 0.034 |
| (b) Design Review | \$103.00 or 15% of permit fee whichever is greater |
| (c) Construction Without a Permit | Double all fees or \$258.00 whichever is greater |
| (d) Re-Inspection Fee | \$42.00 |
| (e) Standby Request or Fire Watch | \$52.00/hour with 3-hour minimum per inspector |
| (f) Inspections Outside of Normal Business Hours | \$52.00/hour with 3-hour minimum per inspector |
| (g) Post Temporary CO Inspections | \$52.00/hour per inspector |
| (h) Concurrent Building Plan Review | \$515.00 (permit does not have to be issued) |
| (i) Amendments/Revisions to Plans/Submittals | \$6.00 per page with \$26.00 minimum |
| (j) Building Projects Review includes new construction, remodeling, renovations, and repairs for all projects requiring a commercial building permit. This includes residential structures with three or more dwellings. | |

Design Review is applied to permits when the submitter has numerous (six or more) items that are not code compliant or significant issues that causes plan review to be unduly difficult. This fee is not applied to minor problems/errors but will be applied when the designer did not follow the provisions in the Code of normal design practices. The purpose of the Design Review fee is to help encourage design professionals to ensure they are submitting code compliant plans. Poorly Designed projects slow down the entire review process which has a negative impact on other people's projects.

The building and fire codes have language that allows additional charges when work is performed without a permit. To discourage this practice, all permit/inspection fees will be doubled, with a minimum fee of \$258.00 (e.g., Sprinkler system is nonfunctional) is out of service and the threat of fire poses a life safety concern. These fees will also be charged when a facility or entity is using their property for other than its usual purpose with the Fire Marshal's approval to ensure the public's/facilities' safety.

Post Temporary Certificate of Occupancy (TCO) Inspection fees will be charged when the Building Official issues a TCO before the project is complete and the conditions of the TCO requires additional inspections by Fire Prevention personnel. This creates additional inspection to ensure that all features of the fire protection and services are in working order, therefore, this service has not been calculated into the charges for inspecting a project.

Concurrent building plan review application fees will be applied to projects requesting building plans be reviewed prior to the site plan approval by the County. These plans require a full review; however, the submitter is under no obligation to build what has been reviewed.

SECTION 6: FIRE PROTECTION SYSTEMS PLAN & REVIEW INSPECTIONS:

Fire protection systems include automatic fire sprinkler systems, fire standpipe systems, fire alarm systems and automatic fire extinguishing systems. The below fees reflect the time commitment to perform these inspections.

- (a) Fire Sprinkler System Plan Review & Permit \$206.00
- (b) Fire Sprinkler System Inspection \$155.00 Per floor and/or riser
- (c) Underground Inspection \$155.00
- (d) Fire Pump Test \$103.00
- (e) Underground Permit (if separated from sprinkler head) \$103.00
- (f) Minor Sprinkler System (less than 25 heads, not underground) \$155.00
- (g) Sprinkler Work Without a Permit \$Double all fees or \$258.00 whichever is greater
- (h) Re-Inspection Fee \$103.00

Fire sprinkler system inspections include a two-hour hydrostatic test and final inspection upon project completion. Each floor of a building or each zone risers are tested separately. Underground piping requires a two-hour hydrostatic test, a witnessed system flush inspection and a final inspection. Fire pump inspections require a flow test.

SECTION 7: FIRE PROTECTION SYSTEMS AUTOMATIC FIRE EXTINGUISHING SYSTEM AND FIRE PROTECTION SYSTEMS FIRE ALARM SYSTEMS:

The rates for review, permitting, inspections and testing of automatic fire extinguishing systems and fire alarm systems are as follows:

- (a) Automatic Extinguisher System Review & Permit \$78.00
- (b) Automatic Extinguisher System Inspection/Functional Test \$78.00 each
- (c) Automatic Extinguisher System Work Without a Permit Double all fees or \$258.00 whichever is greater
- (d) Automatic Extinguisher System Re-Inspection Fee \$42.00
- (e) Fire Alarm System Review, Permit, Inspections/Test \$155.00
(Item (e) only applies to single story structures with less than ten (10) devices and a value of less than \$5000.00)
- (f) Fire Alarm System Review & Permit \$103.00
(Item (f) applies to all systems with ten (10) or more devices or more than a single story or a value of \$5000.00 or more)
- (g) Fire Alarm System Inspections/Test \$155.00 per floor
(Item (g) applies to all systems with ten (10) or more devices or more than a single story or a value of \$5000.00 or more)
- (h) Fire Alarm Work Without a Permit Double all fees or \$258.00 whichever is greater
- (i) Fire Alarm System Re-Inspection Fee \$42.00

SECTION 8: BUSINESS TAX RECEIPT REVIEW:

The rates for business tax receipt review, special event review, and inspections are as follows.

SECTION 9: FIRE PREVENTION SAFETY INSPECTION RATES:

Fire Prevention and Life Safety inspections are based on the square footage of the building. Fees charged for Fire Prevention and Life Safety inspections will be in accordance with Table 9-1. If no code violations are found at the initial inspection, the fee charged will be in accordance with column A, if no code violation remain at the time of the first re-inspection, the fee charged will be in accordance with column A. If a second, third or fourth re-inspection is required to gain compliance with the Code the fee charged will be according to columns C, D, or E respectively.

If the owner and/or tenant is taken to the Code Enforcement Board, in addition to any fees, fines or penalties charged or imposed by Code Enforcement and/or the Special Magistrate, the Office of Fire Prevention will charge and administrative fee of \$258.00. Each additional inspection required will be charged at a rate equal to those in column A of Table 9-1.

All of the above fees are cumulative.

Fire and Life Safety inspections will be conducted in accordance with Florida Statutes, Florida Administrative Code, and National Fire Protection Association (NFPA) 1730, Standard on Organization and Deployment of Fire Prevention Inspection and Code Enforcement, Plan Review, Investigation, and Public Education Operations as adopted by the Florida State Fire Marshal. Inspection frequency is based on the occupancy risk classification.

NFPA 1730 Table 6.7 Minimum Inspection Frequency

Occupancy Risk Classification	Frequency
High	Annually
Moderate	Biennially
Low	Triennially
Critical Infrastructure	Per AHJ

Each occupancy will be evaluated to ensure the correct risk classification is applied. Generally, occupancies where people gather and/or where they sleep, storage over 10,000 square feet, mercantile over 3,00 square feet, business over 30,000 square feet, and industrial over 10,00 square feet are considered high risk because of the potential for loss of life, high fuel load, hazardous processes, hazardous materials, and/or high economic value. Certain operations and occupancies will be inspected as required by Florida Statute and/or the Florida Administrative Code.

Below is the Fire Prevention Safety Inspection Fee Matrix (Table 9-1)

Square feet from		Square feet	(A) Initial Inspection Fee +3%	(B) First Reinspection fee	(C) Second Reinspection fee	(D) Third Reinspection fee	(E) Fourth Reinspection fee
0	up to	999	\$26	<u>No Charge</u>	\$78	\$130	\$182
1,000	up to	1,999	\$31	<u>No Charge</u>	\$93	\$155	\$217

2,000	up to	3,499	\$37	<u>No Charge</u>	\$111	\$185	\$259
3,500	up to	4,999	\$42	<u>No Charge</u>	\$126	\$210	\$294
5,000	up to	9,999	\$47	<u>No Charge</u>	\$141	\$235	\$329
10,000	up to	14,999	\$52	<u>No Charge</u>	\$156	\$260	\$364
15,000	up to	19,999	\$57	<u>No Charge</u>	\$171	\$285	\$399
20,000	up to	24,999	\$62	<u>No Charge</u>	\$186	\$310	\$434
25,000	up to	29,999	\$67	<u>No Charge</u>	\$201	\$335	\$469
30,000	up to	34,999	\$73	<u>No Charge</u>	\$219	\$365	\$511

SECTION 10: FIRE PREVENTION PERSONNEL HOURLY RATES

The rate below is to be charged for fire prevention services where the fees in sections 4 through 9 do not apply. This rate is to be charged action or inaction of an owner/operator of a facility or process necessitates that Fire Prevention personnel act to enforce the provisions of the Florida Fire Prevention Code. E.g. illegal burning, complaint inspections where violations are confirmed to be present etc.

Fire Prevention Personnel Hourly Rate \$52.00 per hour
